SUBJECT: City of Oxnard Soccer League Proposal

RECOMMENDATION

That the Commission receives an update on the proposal of a City-operated soccer league for youth (5-17) and adults (18 and over).

DISCUSSION

During the January 22, 2025, PRCSC Meeting, a public speaker commented on current soccer options in Oxnard. Comments included a lack of safe and organized Spring and Summer leagues within Oxnard, a lack of lighting at parks for Winter practice, and the possibility of the City running a soccer league. At the February 26, 2025, PRCSC Meeting, an item was placed on the agenda for the commission to discuss the possibility of forming a City-operated soccer league. Staff has provided a proposal (Attached) based on the information gathered from members of the public, and commissioners. The proposal also includes background information, program benefits, proposed ages of participants, guidelines, and possible schedule of seasons. With this information, the Commission can provide staff with suggestions on feedback on the proposal.

City of Oxnard Soccer League Proposal

SOCCKER LEAGUE PROPOSAL

PROPOSED BY:

***Recreation & Community Services Division
of Cultural & Community Services Department***

OXNARD RECREATION SOCCER LEAGUE

Cultural & Community Services

OVERVIEW

The City of Oxnard Recreation Soccer Leagues will serve as the formal recreational leagues for youth and adults. The Youth Soccer League will allow Oxnard clubs and schools to register their teams under the youth sports guidelines specified by the City of Oxnard. Additionally, the Adult Sports Programs will have the opportunity to expand their offerings by allowing adult residents to participate in Soccer, much like they do for Softball and Basketball. Currently the City of Oxnard does not operate traditional outdoor soccer leagues, therefore this would be a new endeavor for the division to the benefit of the residents.

The information included in this proposal is for the Oxnard Recreation Division to establish a city-wide youth soccer league with benefits and needs in order to operate the league. Additionally, this proposal includes operating adult soccer programs along with the benefits and challenges. As you will find in the following pages, the benefits, struggles, and program needs have been researched and outlined for review. It is the hope of the Recreation Division that this program be considered and fully funded to provide a safe athletic environment for Oxnard residents.

PROGRAM BENEFITS

- Volunteer coaches, who have "supervisory or disciplinary authority over minors" at any park, playground, or recreation center, are required to undergo background checks under Public Resource Code 5164.
- All youth organizations should be committed to providing their young athletes with the safest and healthiest environment. Every year more than 3 million reports of child abuse are made in the United States; more than 20-percent of these reports involve sexual abuse
- By the City of Oxnard establishing and operating a league for local soccer clubs and schools to participate in we can enforce the mandatory background check and monitoring that the City of Oxnard currently has in place for the volunteer coaches in the Basketball, Softball, Volleyball, and Flag Football leagues operated by Oxnard Recreation.
- By conducting soccer leagues the City of Oxnard will be able to better serve the soccer community by working directly with the teams and residents versus simply reserving play space to leagues. This procedure will further bring the sport of soccer fully into the City's Recreation programs much like the previously mentioned sports programs.
- Conducting sports leagues will allow the city to work towards the prevention of overuse of play areas in public parks.
- The City will be able to more fully manage maintenance schedules.
- The City will be able to maximize the use of play space.

PROGRAM STRUGGLES

- Staff Resources: To manage a league this size a Recreation Coordinator dedicated to soccer in addition to one of the current Recreation Leaders and additional Extra Help staff.
- Dissolution of current soccer leagues that do not currently conduct proper background checks and monitoring
- Equipment Resources: a large amount of new equipment will need to be purchased as well as storage solutions to secure the information
