Written materials relating to an item on this agenda that are distributed to the legislative bodies within 72 hours before the item is to be considered at its regularly scheduled meeting will be made available for public inspection at the City Clerk's Office, 300 West Third Street 4th Floor and at the Oxnard main library, 251 South A Street during customary business hours. Agenda reports are also on the City of Oxnard web site at www.oxnard.gov.

CITY OF OXNARD CALIFORNIA

AMENDED AGENDA

(Amended 6/10/26 - Revised Report Item No. N-6 to the Ordinance, correcting the sunset date to March 31, 2029)

OXNARD CITY COUNCIL
OXNARD COMMUNITY DEVELOPMENT COMMISSION SUCCESSOR AGENCY
OXNARD FINANCING AUTHORITY
OXNARD HOUSING AUTHORITY
Meeting Location: Council Chambers, 305 West Third Street
June 16, 2026

Closed Session - 5:00 PM
Appointment Items - 5:30 PM
Regular Meeting - 6:00 PM

Zoom details to call-in for public comment during a meeting:

1. Dial Phone Number: (888) 475-4499
2. Enter Meeting ID: 830 0655 5109
3. Passcode: 736018

If you wish to speak during public comments or a particular item on the agenda, please sign-on by following the zoom call-in steps listed above. Once the presiding officer calls for public speakers, press *9 to raise your hand to inform the City Clerk you would like to speak during the public speaking section for that particular item on the agenda, while in the zoom waiting room. Press *6 when asked to unmute. Listen to the instructions provided virtually on the phone while on hold in the zoom waiting room. Please note that there is a slight time delay when viewing the meeting via television.

IN ACCORDANCE WITH ASSEMBLY BILL 2449, MEMBERS OF THE LEGISLATIVE BODY MAY MEET IN-PERSON OR REMOTELY. TO PARTICIPATE REMOTELY VISIT WWW.OXNARD.GOV.

To find out how you may provide public comment, please refer to the instructions below or at **www.https://www.oxnard.org/city-meetings/**.

The public may view the meeting from home on Spectrum channel 10, Frontier channel 35, or YouTube at Youtube.com/oxnardnews. Video recordings of the meeting are typically available online following the meeting at the City's website at www.oxnard.org/city-meetings.

*Please see the link for the Measure M pre-recorded presentation video for each item listed on this agenda.

YOU MAY PARTICIPATE IN THE MEETING IN THE FOLLOWING WAYS:

1. ATTEND THE MEETING AT THE LOCATION LISTED ABOVE: Submit a speaker card to the City Clerk.

2. EMAIL COMMENTS OR SIGN UP TO SPEAK REMOTELY BEFORE THE MEETING

   a. Submit a request to speak remotely by 3:00 p.m. on the day of the meeting by using the form available at **www.oxnard.org/citymeetings**.
   b. Submit an email to **cityclerk@oxnard.org** by 3:00 p.m. on the day of the meeting (indicate the agenda item number in the subject line). All email correspondence will be forwarded to the legislative body prior to the start of the meeting and made part of the legislative record.

In compliance with the Americans with Disabilities Act, if you require special assistance to participate in a meeting, please contact the City Clerk's Office at 385-7803. Notice at least 72 hours prior to the meeting will enable the City to reasonably arrange for your accessibility to the meeting.

c. Contact the City Clerk's Office at (805) 385-7803 to submit your request.

3. PROVIDE PUBLIC COMMENT REMOTELY DURING THE MEETING

a. Follow Zoom details listed above.
b. Public comments on agenda items will be taken following the announcement of the item. After the item is announced, members of the public may register or otherwise be recognized for the purpose of providing public comment.

Please review the Zoom instructions on the registration page to help ensure there are no technical difficulties during your comments and help you understand public comment procedures using Zoom. Detailed participation instructions can be found at www.oxnard.org/city-meetings.

In the event of a disruption which prevents a legislative body of the City of Oxnard from broadcasting a meeting using a call-in option or internet-based service option, or in the event of a disruption within the City's control which prevents members of the public from offering public comment using the call-in option or internet-based service option, the legislative body shall take no further action on items appearing on a meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored. However, if any of the broadcast options are disrupted, but any of the other broadcast options is still available to the public, the legislative body may take further action on items appearing on a meeting agenda without waiting for the disrupted broadcast option(s) to be restored.

A. ROLL CALL, POSTING OF AGENDA

THE FOLLOWING LEGISLATIVE BODIES ARE MEETING: City Council and Housing Authority
CONSIDERATION OF TELECONFERENCE PARTICIPATION PURSUANT TO ASSEMBLY BILL 2449

B. PUBLIC COMMENTS ON CLOSED SESSION ITEMS

At this time, a person may address the legislative body only on matters appearing on the closed session agenda. The presiding officer shall limit public comments to three minutes.

C. CLOSED SESSION (5:00 PM)

1. CONFERENCE WITH LEGAL COUNSEL — EXISTING LITIGATION (Government Code Section 54956.9(d)(1))
Name of case: *Brodersen v. City of Oxnard*
Ventura County Superior Court, Case No. 2025CUPA049282
Legislative Body: City Council

D. APPOINTMENT ITEMS (5:30 PM)

1. Public Works Department
SUBJECT: Calleguas Municipal Water District Rates.
RECOMMENDATION: That the City Council receive and file an update regarding the Calleguas Municipal Water District rates.

(Live presentation by Calleguas Municipal Water District staff.)

Legislative Body: City Council
Contact: Michael Wolfe, (805) 385-8055

E. OPENING CEREMONIES (6:00 PM)

Pledge of allegiance to the flag of the United States.

F. CEREMONIAL ITEMS

1. SUBJECT: Presentation of a Proclamation Designating June 21, 2026 as "Oxnard Lowrider Appreciation Day."

G. PUBLIC COMMENTS ON ITEMS NOT ON THE AGENDA AND NON-ACTION ITEMS

A person may address the legislative body only on matters not appearing on the agenda and within the subject matter jurisdiction of the legislative body, and on non-action items such as ceremonial items, report of city manager / executive director / secretary, and city council/ housing authority / successor agency / financing authority business / committee reports. Speaker requests shall be submitted as set forth on the first page of this agenda. Speakers are limited to three minutes. After 30 minutes, if all speakers have not had the opportunity to speak, the remaining speakers will be given an opportunity to speak prior to adjournment of the meeting. The legislative body cannot enter into a detailed discussion or take action on any items presented during public comments at this time. Such items may only be referred to the City Manager / Executive Director / Secretary for administrative action or scheduled on a subsequent agenda for discussion. Persons wishing to speak on public hearing items should do so at the time of the hearing.

H. REPORT OF CITY MANAGER/EXECUTIVE DIRECTOR/SECRETARY

The City Manager/Executive Director/Secretary shall report on items of interest to the legislative body occurring since the last meeting. The legislative body cannot enter into detailed discussion or take action on any item presented during this report. Such items may only be referred to the City Manager/Executive Director/Secretary for administrative action or scheduled on a subsequent agenda for discussion.

1. SUBJECT: City Manager's Corner: updates, announcements, clarifications, and local government fun facts on occasional Tuesdays.

I. CITY COUNCIL/HOUSING AUTHORITY/SUCCESSOR AGENCY/FINANCING AUTHORITY BUSINESS/COMMITTEE REPORTS

At this time, a member of the legislative body may make a brief announcement, or make a brief report on his or her activities. Further, members of the legislative body may request to schedule consideration of whether to place an item on a future agenda. The legislative body cannot enter into detailed discussion or take action on any item presented during this report. The member's report shall not exceed three minutes, unless additional time is granted by the presiding officer.

J. REVIEW OF INFORMATION/CONSENT AGENDA

The members of the legislative body will consider whether to remove Information/Consent Agenda items for discussion later during the meeting.

K. PUBLIC COMMENTS ON INFORMATION/CONSENT AGENDA

At this time, a person may address the legislative body only on matters appearing on the information/consent agenda. The presiding officer shall limit public comments to three minutes.

L. INFORMATION/CONSENT AGENDA

1. City Clerk Department
SUBJECT: Adoption of Resolutions Calling 2026 General Municipal Election.
RECOMMENDATION: That the City Council:

1. Adopt a resolution calling and giving notice of a municipal general election to be held on November 3, 2026, for the election of certain officers; consenting to and requesting election

consolidation with the County of Ventura; requesting the County Clerk to render services and supplies; and authorizing the Board of Supervisors to canvass the returns; and

2. Adopt a resolution establishing rules governing the submission by candidates of Candidate Statements to be printed in the Voter Information Guide at an election to be held on November 3, 2026.

(The item did not originate in Committee.)

Legislative Body: City Council
Contact: Luly Lopez, (805) 385-7805

2. City Clerk Department
SUBJECT: Approval of Oxnard City Council Minutes.
RECOMMENDATION: That the City Council approve the regular meeting minutes for May 19 and June 1, 2026.

Legislative Body: City Council
Contact: Luly Lopez, (805) 385-7805

RECOMMENDATION: That the City Council:
1. Receive and file the report and accounting of all receipts, disbursements and fund balances for the month of April 2026; and
2. Receive and file the list of City Manager-approved contracts for the month of April 2026.

(This item did not originate in Committee.)

Legislative Body: City Council
Contact: Javier Chagoyen-Lazaro, (805) 200-5400

7. Housing Department
SUBJECT: Oxnard Housing Authority's Monthly Investment Report.
RECOMMENDATION: That the Oxnard Housing Authority Board of Commissioners receive and file the monthly investment report for the period ending April 2026.

(This item did not originate in Committee.)

Legislative Body: Housing Authority
Contact: Brenda Lopez, (805) 385-8092

8. Housing Department
SUBJECT: Policy, Portfolio Guidelines, and Investment Delegation for the Oxnard Housing Authority.
RECOMMENDATION: That the Oxnard Housing Authority Board of Commissioners adopt a resolution approving an investment policy and investment portfolio guidelines for the OHA, and delegating investment authority to the Housing Finance Officer for Fiscal Year 2026-27.

(This item did not originate in Committee.)

Legislative Body: Housing Authority
Contact: Brenda Lopez, (805) 385-8092

9. Human Resources Department
SUBJECT: First Amendment to Agreement A-8319 with George Hills Company, Inc for Liability Claims Administration and Adjustment Services.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute a First Amendment to Agreement A-8319 with George Hills Company, Inc. to increase the agreement

amount by $1,232,915, resulting in a total agreement not to exceed $2,317,097 for liability claims administration and adjustment services over a five-year term.

(Finance and Governance Committee approved 3-0 on May 26, 2026.)

Legislative Body: City Council
Contact: Steve Naveau, (805) 385-7947

10. Human Resources Department
SUBJECT: Agreement 32700002 with Occu-Med, Ltd. for Pre-Employment Medical Services for Public Safety Personnel.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute a professional services agreement with Occu-Med, Ltd. for an initial term of three (3) years from July 1, 2026, to June 30, 2029, with a not-to-exceed amount of $385,000, for pre-employment medical screenings for public safety personnel.

(Finance and Governance Committee approved 3-0 on May 26, 2026.)

Legislative Body: City Council
Contact: Steve Naveau, (805) 385-7947

11. Public Works Department
SUBJECT: Budget Appropriation for Final Closeout of Assessment District AD 2000-1.
RECOMMENDATION: That the City Council approve an additional budget appropriation of up to $5,000 to facilitate the final closeout of Assessment District 2000-1 Oxnard Blvd/Hwy 101 Interchange bonds (Fund 500, Subfund 5050).

(This item is a continuation of an item previously brought to the City Council on February 17, 2026.)

Legislative Body: City Council
Contact: Michael Wolfe, (805) 385-8055

12. Public Works Department
SUBJECT: Assignment of Easements to Calleguas Municipal Water District for the Calleguas – Ventura Interconnection (APN: 157-0-270-015).
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute the Easement Assignment Deed (A-8622) and Easement Transfer Agreement (A-8623) with Calleguas Municipal Water District for APN 157-0-270-015.

(Public Works and Transportation Committee approved 3-0 on May 26, 2026.)

Legislative Body: City Council
Contact: Michael Wolfe, (805) 385-8055

13. Public Works Department
SUBJECT: Purchase Order with Quinn Company for One Caterpillar 950 Wheel Loader for the Environmental Resources Division.

RECOMMENDATION: That the City Council approve and authorize the Mayor to execute a Purchase Order with Quinn Company in an amount not to exceed $573,818.15 for the purchase of one new Caterpillar Inc. Model 950 Wheel Loader, utilizing the Sourcewell cooperative purchasing agreement (#011723-CAT), for use by the Environmental Resources Division.

(Public Works and Transportation Committee approved 3-0 on May 26, 2026.)

Legislative Body: City Council
Contact: Michael Wolfe, (805) 385-8055

14. Public Works Department
SUBJECT: Multiple Agreements for On-Call Construction Management and Inspection Services.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute the following Agreements, each with an initial term of three years from July 1, 2026, to June 30, 2029, with an option for two consecutive one-year period extensions ending June 30, 2031, for on-call construction management and inspection services:

1. Agreement 32600484 with Filippin Engineering, Inc., for a total amount not to exceed $500,000.00;
2. Agreement 32600485 with Michael K. Nunley & Associates, LLP, for a total amount not to exceed $500,000.00;
3. Agreement 32600486 with MNS Engineers, Inc. for a total amount not to exceed $500,000.00; and
4. Agreement 32600488 with Turner & Townsend Heery, LLC, for a total amount not to exceed $500,000.00.

(Public Works and Transportation Committee approved 3-0 on May 26, 2026)

Legislative Body: City Council
Contact: Michael Wolfe, (805) 385-8055

15. Public Works Department
SUBJECT: Fourth Amendment to Agreement 32400156 Roesling Nakamura Terada Architects, Inc. for Architecture and Engineering Services for the Wastewater Division New Maintenance Building Project.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute a Fourth Amendment to an Agreement with Roesling Nakamura Terada Architects, Inc. in the amount of $200,000 for a new not to exceed value of $1,300,000, and to extend the term through December 5, 2029, for additional planning, design and architecture work required for the New Wastewater Maintenance Building Project Number C2236.

(This item did not originate in Committee as this is a capital improvement project specifically listed in the City's Capital Improvement Program budget, which was previously approved by the City Council.)

Legislative Body: City Council
Contact: Michael Wolfe, (805) 385-8055

M. PUBLIC HEARINGS

1. Public Works Department
SUBJECT: 2025 Urban Water Management Plan and Water Shortage Contingency Plan.
RECOMMENDATION: That the City Council:

    1. Receive a presentation and receive public comment regarding the City of Oxnard's 2025 Urban Water Management Plan and Water Shortage Contingency Plan;
    2. Hold a Public Hearing on the 2025 Urban Water Management Plan and Water Shortage Contingency Plan; and
    3. Adopt a resolution to approve the 2025 Urban Water Management Plan and Water Shortage Contingency Plan and authorize City staff to file the plans with the State of California.

    (Public Works and Transportation Committee approved 3-0 on May 26, 2026.)

    (Presentation will be live upon consultant's request.)

    Legislative Body: City Council
    Contact: Michael Wolfe, (805) 385-8055

2. Public Works Department
SUBJECT: Fiscal Year (FY) 2026-27 Resolution to Levy Assessments in the Waterways Maintenance District.
RECOMMENDATION: That the City Council, acting as the legislative body for the Waterways Maintenance District:

    1. Hold a public hearing regarding proposed assessments for the Waterways Maintenance District for Fiscal Year 2026-27;
    2. Adopt a resolution to levy the maintenance assessment on property within the Waterways Maintenance District for Fiscal Year 2026-27; and
    3. Authorize the Approval of Agreement A-8620, entered into by and between the City of Oxnard and the Harbour Island Homeowners Association, accepting the donation of $10,000 from the Harbour Island Homeowners Association (HOA) to support landscape maintenance and on-call services within the Waterways Maintenance District Zone 2.

    (Finance and Governance Committee approved 2-1 on May 26, 2026.)

O. ADJOURNMENT

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

APPOINTMENT ITEMS (5:30 PM)
AGENDA ITEM NO. D.1

DATE: June 16, 2026

TO: City Council

FROM: Michael Wolfe, Public Works Director, (805) 385-8055, michael.wolfe@oxnard.org

SUBJECT: Calleguas Municipal Water District Rates.

RECOMMENDATION

That the City Council receive and file an update regarding the Calleguas Municipal Water District rates.

(Live presentation by Calleguas Municipal Water District staff.)

BACKGROUND

Public Works staff requested that Calleguas Municipal Water District provide an overview of their current and future rates and fees for imported State Water Project water that the City Water Division uses as one of three sources of potable water to City water customers.

STRATEGIC PRIORITIES

This agenda item is a routine operational item or does not relate to the five strategic priorities adopted by City Council on March 16, 2021.

FINANCIAL IMPACT

There is no direct financial impact to receive and file this update.

COMMITTEE OUTCOME

The item did not originate in committee.

Prepared by: Michael Wolfe, Public Works Director

ATTACHMENTS

1. Presentation

CALLEGUAS
MUNICIPAL WATER DISTRICT

2027 WATER RATES

City of Oxnard

City Council Meeting

June 16, 2026

Path of Imported Water

to the Calleguas Service Area

State Water Project → Metropolitan Water District → Calleguas Municipal Water District → Retail Water Provider → Residents and Businesses

METROPOLITAN RATE DRIVERS

- Reliability
  - Investing in aging infrastructure
  - Challenges to Colorado River and State Water Project supplies
  - Pure Water Southern California
  - Investing in operational flexibility
- Financial Sustainability / Affordability
  - Flattening of future demands
  - Newly adopted reserve policies and sales assumptions
  - Balance of fixed costs and fixed revenues

CALLEGUAS MUNICIPAL WATER DISTRICT

METROPOLITAN RATE COMPONENTS

- Volumetric/Variable
  - Untreated Water Rate
  - Treated Water Surcharge
- Fixed
  - Readiness to Serve Charge: Recovers the capital cost of the portion of system capacity that is on standby to provide emergency service and operational flexibility. Based on a 10-year rolling average of demands.
  - Capacity Charge: Recovers the cost of the assets that are providing peak capacity within the distribution system. Based on peak day demands May 1 through September 30.

CALLEGUAS MUNICIPAL WATER DISTRICT

ADOPTED METROPOLITAN RATES

- 6.2% increase in both 2027 and 2028
- Treated water rate decreased by 7.1% due to shift of variable charge to fixed charge (more info on next slide)
- Readiness to Serve Charge increasing by 23.9% to $12.2M in 2027
- Capacity Charge increasing by 24.1% to $3.0M in 2027
- Overall increase to Calleguas is 4.6% in 2027 and 6.0% in 2028

CALLEGUAS
MUNICIPAL WATER DISTRICT

METROPOLITAN ADVOCACY SUCCESSES

- Started Metropolitan rate process with 9.5% increases in 2027 and 2028; final increases were 6.2%.
- New Treated Water Fixed Charge
  - Negotiated by Calleguas and other member agencies
  - Allocates more costs to agencies that peak off MWD treated water system
  - Resulted in a decrease in variable treatment cost (28.3%)

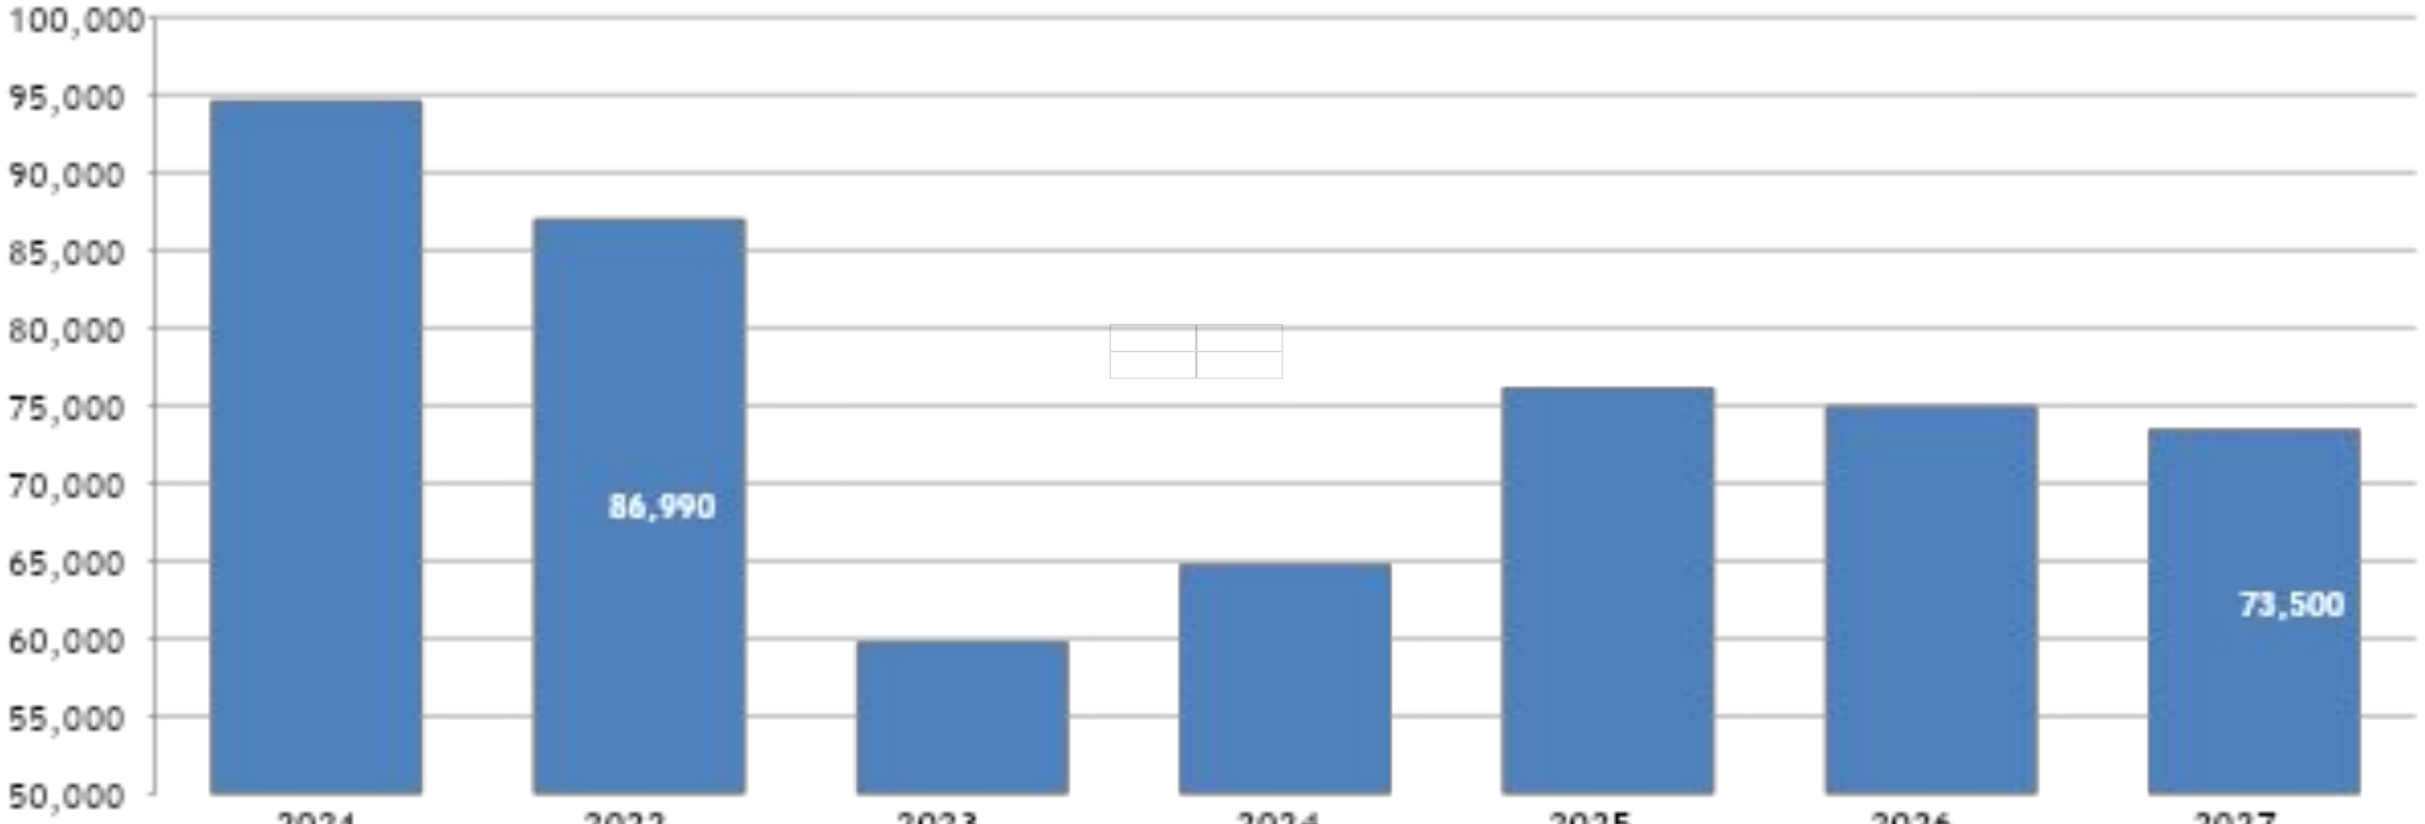
CALLEGUAS MUNICIPAL WATER DISTRICT

CALLEGUAS RATE DRIVERS

- Metropolitan Rates
- Reliability
  - Investing in aging infrastructure
  - “A New Model for Resilience”
- Financial Sustainability / Affordability
  - Flattening of future demands
  - Balance of fixed costs and fixed revenue
  - Increasing external cost pressures (fuel, construction costs)

CALLEGUAS MUNICIPAL WATER DISTRICT

CALLEGUAS RATE COMPONENTS



- Volumetric/Variable
- Fixed
  - Readiness to Serve Charge: Metropolitan pass-through.
  - Capacity Charge: Recovers the cost of infrastructure to meet demands during imported water outages, including Lake Bard Water Filtration Plant, Las Posas Aquifer Storage and Recovery Project, Diesel Back up Generators, and Interconnections. Based on peak week demands May 1 through September 30.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.1

DATE: June 16, 2026

TO: City Council

FROM: Luly Lopez, City Clerk, (805) 385-7805, luly.lopez@oxnard.org

SUBJECT: Adoption of Resolutions Calling 2026 General Municipal Election.

RECOMMENDATION

That the City Council:

1. Adopt a resolution calling and giving notice of a municipal general election to be held on November 3, 2026, for the election of certain officers; consenting to and requesting election consolidation with the County of Ventura; requesting the County Clerk to render services and supplies; and authorizing the Board of Supervisors to canvass the returns; and
2. Adopt a resolution establishing rules governing the submission by candidates of Candidate Statements to be printed in the Voter Information Guide at an election to be held on November 3, 2026.

(The item did not originate in Committee.)

BACKGROUND

Calling and Giving Notice of Election
The City Council is required by state law to adopt a resolution calling and giving notice of the City's municipal general election in November of even-numbered years. The November 3, 2026 election is being held for the purpose of electing three Councilmembers (representing City Council Districts 1, 2, and 5), for a four-year term.

Additionally, the resolution will request election consolidation with the County of Ventura. The County Clerk's Elections Division provides all election-related services and supplies for the General Election countywide, with each city reimbursing the county for its portion of those services and supplies.

Following the County Clerk's certification of the election, the County Board of Supervisors canvasses the election returns.

Candidate Statements
A second resolution establishes rules to govern the submission of candidate statements published in the Voter Information Guide. These rules are in the Elections Code, therefore adopting a resolution is standard for any election where there are candidates running for an elected position.

The California Elections Code allows candidate statements to include the name, age, and occupation of the candidate and a brief description of the candidate's education and qualifications. The statement may not include the candidate's party affiliation, the candidate's membership or activity in partisan political organizations, or reference to other candidates for the same office. All statements are printed in type of uniform size and darkness, with uniform spacing.

STRATEGIC PRIORITIES

This agenda item is a routine operational item or does not relate to the five strategic priorities adopted by City Council on March 16, 2021.

FINANCIAL IMPACT

According to the County Elections Office, the estimated cost of the election is $50,140. The FY2026-27 recommended budget includes funding for this cost from the General Fund City Clerk's operating budget.

For Finance Use Only: General Fund (Org. 1011302 Obj. 53300)

COMMITTEE OUTCOME

This item did not originate in Committee.

Prepared by: Luly Lopez, City Clerk

ATTACHMENTS

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF OXNARD CALLING AND GIVING NOTICE OF A MUNICIPAL GENERAL ELECTION TO BE HELD ON TUESDAY, NOVEMBER 3, 2026 FOR THE ELECTION OF CERTAIN OFFICERS; CONSENTING TO AND REQUESTING ELECTION CONSOLIDATION WITH THE COUNTY OF VENTURA, INCLUDING CONSOLIDATION WITH ANY OTHER ENTITIES THAT CONSOLIDATE WITH THE COUNTY; REQUESTING THE COUNTY CLERK TO RENDER SPECIFIED SERVICES AND SUPPLIES RELATING TO THE CONDUCT OF A MUNICIPAL GENERAL ELECTION; AND AUTHORIZING THE BOARD OF SUPERVISORS TO CANVASS THE RETURNS

WHEREAS, under the provisions of the Election Code relating to General Law cities in the State of California, the City of Oxnard (City) is required to call and give notice of a municipal general election to be held on November 3, 2026, for the election of certain municipal officers; and

WHEREAS, a statewide general election will be held within the County of Ventura (County) on the same date, and the City Council desires to consolidate the City's election with the County's election; and

WHEREAS, in the course of conduct of the election it is necessary for the City to request certain election-related services from the County; and

WHEREAS, Elections Code section 10403 requires jurisdictions to file a resolution requesting consolidation with a statewide election, with the County Board of Supervisors and a copy with the County Registrar of Voters.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF OXNARD hereby resolves as follows:

SECTION 1. A municipal general election is hereby called and ordered to be held in the City of Oxnard, California, on November 3, 2026, for the purpose of electing three members of the City Council (Districts 1, 2, and 5) to four-year terms. The exact form of the candidates to be voted upon at the election and to appear on the ballot are as follows:

ONE MEMBER OF THE CITY COUNCIL (DISTRICT 1) – Vote for one
ONE MEMBER OF THE CITY COUNCIL (DISTRICT 2) – Vote for one
ONE MEMBER OF THE CITY COUNCIL (DISTRICT 5) – Vote for one

SECTION 2. The City consents to consolidate its election with the County election on November 3, 2026, and therefore requests that the County Board of Supervisors order that this regular municipal election be consolidated with the statewide general election to be held on November 3, 2026.

SECTION 3. The City acknowledges that the consolidated election will be held and conducted in the manner prescribed by Elections Code section 10418.

SECTION 4. The ballots to be used at the election shall be in form and content as required by law.

SECTION 5. The County Board of Supervisors is authorized to canvass the returns of the municipal general election to be held in the City on November 3, 2026.

SECTION 6. Pursuant to Elections Code section 10002, the County Board of Supervisors is requested to permit the County Clerk to render the services and supplies as shown on Exhibit A, attached hereto and made a part hereof, and any and all other services and supplies necessary to complete the municipal general election on November 3, 2026.

SECTION 7. The City agrees to reimburse the County in full for the services performed and supplies provided by the County Clerk upon presentation to the City of a bill.

SECTION 8. Notice of the time and place of holding the election is given and the County Clerk is authorized, instructed, and directed to give further or additional notice of the election, in time, form and manner as required by law.

SECTION 9. The polls for the election shall be open at 7:00 a.m. of the day of the election and shall remain open continuously from that time until 8:00 p.m. of the same day when the polls shall be closed, except as provided in Section 14401 of the Elections Code of the State of California.

SECTION 10. In all particulars not recited in this resolution, the election shall be held and conducted as provided by law for holding municipal elections.

SECTION 11. The County Clerk is authorized, instructed and directed to procure and furnish any and all official ballots, notices, printed material and all supplies, equipment and paraphernalia that may be necessary in order to properly and lawfully conduct the election.

SECTION 12. The City Clerk is directed to forward without delay to the County Board of Supervisors and to the County Clerk each a certified copy of this resolution.

SECTION 13. The City of Oxnard authorizes the County election official, pursuant to Section 15651 of the Elections Code, in the event of a tie vote, to determine the tie by random drawing.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF OXNARD ADOPTING REGULATIONS PERTAINING TO CANDIDATE STATEMENTS SUBMITTED TO THE VOTERS FOR THE MUNICIPAL GENERAL ELECTION TO BE HELD ON TUESDAY, NOVEMBER 3, 2026

WHEREAS, Section 13307 of the Elections Code of the State of California provides that the governing body of any local agency shall adopt regulations pertaining to materials prepared by any candidate for a municipal election, including costs of the candidate statement.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF OXNARD does resolvehereby declare, determine, and order as follows:

SECTION 1. GENERAL PROVISIONS. Pursuant to Section 13307 of the Elections Code of the State of California, each candidate for elective office to be voted for at an Election to be held in the City of Oxnard on November 3, 2026 may prepare a candidate statement on the appropriate form provided by the City Clerk.

A. The statement may include the name, age, and occupation of the candidate and a brief description of no more than 200 words of the candidate's education and qualifications; written in the first person and conforming to the word count and formatting guidelines provided with the form. The statement must be typewritten in 12-point type of any standard font, using block paragraphs and single space format, and is limited to 30 lines.

B. The statement shall not include the party affiliation of the candidate, nor the candidate's membership or activity in partisan political organizations, nor comments nor reference to any opponent or their qualifications, character, or activities (Elections Code §13308). The Elections Official will remove improper language from any statement and not allow it to be printed. The candidate will be notified of the improper language and its removal from the Statement.

C. If text exceeds the word limit, the author will be asked to delete or change a sufficient number of words, or a sentence, to ensure compliance with the required word limit. If a timely response is not received from the candidate, the statement will be truncated to comply with the word limit. The candidate should check the statement for proper spelling and punctuation, as the elections official is not permitted to edit any material contained therein once the Candidate Statement has been filed.

D. The statement shall be filed in the office of the City Clerk at the time the candidate's nomination papers are filed. A signed hardcopy of the statement must be submitted in addition to an electronic version in the form of a Microsoft Word document, via email, CD, or USB drive. The signed hard copy of the statement is the official filed document. The statement may be withdrawn, but not changed, during the period for filing nomination papers and until 6:00 p.m. of the next working day after the close of the nomination period.

E. Per Elections Code Section 18351, any candidate who knowingly makes a false statement of material fact in a candidate statement, with the intent to mislead the voters, is subject to punishment by a fine not to exceed $1,000.

F. All candidate statements shall remain confidential until the nomination period closes.

G. Filing a candidate statement is optional. If a candidate statement is not filed, the candidate shall submit a signed blank candidate statement form with his/her completed nomination papers.

SECTION 2. FOREIGN LANGUAGE POLICY.

A. Pursuant to the Federal Voting Rights Act, candidate statements will be translated into all languages required by the County of Ventura. The County is required to translate candidate statements into the following languages: Spanish

B. The County will print and mail voter information guides and candidate statements to all voters in Spanish, or The County will mail separate voter information guides and candidate statements in Spanish to only those voters who are on the county voter file as having requested a voter information guide in a particular language. The County will make the voter information guides and candidate statements in the required languages available at all polling places/vote centers, on the County's website, and in the Elections Official's office.

SECTION 3. PAYMENT. The Elections Official shall estimate the total cost of printing, handling, translating, and mailing the candidate statement files pursuant to this section, including costs incurred as a result of complying with the Voting Rights Act of 1965 (as amended).

A. Each candidate filing a statement shall be required to pay a deposit in advance for the estimated pro rata share of printing costs per candidate. The deposit amount for each City Council candidate by District: District 1 is $2,000.00; District 2 is $1,700.00; and District 5 is $1,700.00. The candidate shall deposit this estimated cost, payable to the City of Oxnard, at the time of submission of the candidate statement.

B. The candidate authorizes printing of a candidate statement with the clear understanding that the final printing cost will depend on the actual number of candidates filing statements. Therefore the deposit paid may ultimately be significantly more or less than the actual final cost, and the candidates shall pay the balance of the cost incurred. In the case of overpayment, the clerk shall refund the excess amount to the candidate.

SECTION 4. MISCELLANEOUS.

A. All translation shall be provided by professionally-certified translators.

B. The City Clerk shall allow (bold type) (underlining) (capitalization) (indentations) (bullets) (leading hyphens) to the same extend and manner as allowed in previous City elections.

C. The City Clerk shall comply with all recommendations and standards set forth by the California Secretary of State regarding occupational designations and other matters relating to elections.

D. No candidate will be permitted to include additional materials or photographs in the Voter Information Guide.

SECTION 5. The City Clerk shall provide each candidate a copy of this resolution at the time nominating petitions are issued.

SECTION 6. The City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

Re: City of Oxnard – Election Cost Estimate

Dear Ms. Lopez:

The following is the estimated election cost for the City of Oxnard to consolidate with the November 3, 2026 General Election as requested per each district.

City Council District 1 – $18,700 plus legal publication costs
City Council District 2 – $14,300 plus legal publication costs
City Council District 5 – $12,900 plus legal publication costs

Citywide Ballot Measure – $134,000 plus legal publication costs

This estimate should be used for informational purposes only and not an actual cost. The total amount is subject to change and could increase or decrease the costs once the election has been completed.

Please call our office at 805-654-2664 if you have any questions.

Sincerely,

MAYRA ENRIQUEZ
Elections Operations Manager

CONSIDERATION OF TELECONFERENCE PARTICIPATION PURSUANT TO ASSEMBLY BILL 2449

B. PUBLIC COMMENTS ON CLOSED SESSION ITEMS

C. CLOSED SESSION

D. APPOINTMENT ITEMS

E. OPENING CEREMONIES (6:00 PM)

The meeting opened with the pledge of allegiance to the flag of the United States led by the Oxnard Veterans Committee.

F. CEREMONIAL ITEMS

1. SUBJECT: Presentation of a Proclamation Commemorating May 25, 2026 as "Memorial Day."

   Councilwoman Rodriguez presented the proclamation to Mike Vivenzio, Rick Gutierrez, Sal Gonzales and Manuel Gonzales who thanked the City Council and invited everyone to attend the Memorial Day event at Plaza Park.

2. Cultural & Community Services Department
SUBJECT: Presentation of a Resolution Commending Marisue Eastlake.
RECOMMENDATION: That the City Council adopt **Resolution No. 16,039** commending Marisue Eastlake for over twenty years of exemplary service to the City of Oxnard.
No public comments were received.

(This item did not originate in Committee.)

It was moved by Mayor Pro Tem Teran, seconded by Councilmember Perello, to approve the **Resolution No. 16,039** as presented. VOTE: Perello, Perez, Rodriguez, Starr, Teran, Basua and Mc Arthur voted in favor; the motion carried 7-0.

3. SUBJECT: Presentation of a Commendation to Casa De Vida on the Occasion of its 20th Anniversary.

Councilman Starr presented the Commendation to Julie Moreno who thanked the City Council for the recognition.

G. PUBLIC COMMENTS ON ITEMS NOT ON THE AGENDA AND NON-ACTION ITEMS

Public comments were received from Larry Stein; Greg Runyon; Eric Andrist; Sarah Wilczewski; and Manuel Herrera.

H. REPORT OF CITY MANAGER

The City Manager provided comments on several matters, including: 1.) Public Works Open House taking place on May 20th at Plaza Park; 2.) Memorial Day on May 26 at Plaza Park; 3.) Progress Pride Flag raising ceremony on June 1st.; and 4.) Insect Festival on June 6th at Plaza Park.

I. CITY COUNCIL BUSINESS/COMMITTEE REPORTS

The members of the Council provided brief announcements regarding various activities.

J. REVIEW OF INFORMATION/CONSENT AGENDA

Item Nos. L-3, L-5 and L-10 were reviewed and discussed among the Council and staff.

K. PUBLIC COMMENTS ON INFORMATION/CONSENT AGENDA

Public comments were received from Eric Andrist and Larry Stein.

L. INFORMATION/CONSENT AGENDA

1. City Clerk Department
SUBJECT: Approval of Oxnard City Council Minutes.
RECOMMENDATION: That the City Council approve the regular meeting minutes for April 30 and May 5, 2026.

3. Community Development Department
SUBJECT: Deferred Development Impact Fee Agreement for Aspire Apartments.
RECOMMENDATION: That the Oxnard City Council approve and authorize the Mayor to execute an agreement (A-8614) with Aspire Apartments, LP, a California limited partnership deferring development impact fees, until the time of final inspection or the date the certificate of occupancy is issued, whichever comes first, in the amount of $2,223,063.54 for the Aspire Apartments Project PZ 21-200-01 (Downtown Design Review Permit).

(This item did not originate in Committee. Aspire Apartments was approved at a public hearing by the Community Development Director on June 27, 2022. Also, pursuant to Government Code Section 66007, the City must allow for the deferral of these impact fees and charges upon request.)

4. Cultural & Community Services Department
SUBJECT: Amendment to Agreement for Library Software.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute a First Amendment to Agreement 32300321 with SirsiDynix in the amount of $113,703.83 for a total agreement value of $373,341.83 and extend the term of the Agreement to May 31, 2028, for the purpose of continuing use of SirsiDynix integrated library software in order to provide enough time to bid out new software and migrate systems as needed.

(This item did not originate in committee.)

5. Cultural & Community Services Department
SUBJECT: Request for appropriation of funds from the Public Art Fund for the installation of Public Art.
RECOMMENDATION: That the City Council:

1. Authorize the Cultural Arts Commission, with City staff support, to administer a public call for artists for the design of asphalt art to be installed by an experienced operator in the Central Business District in support of the Downtown Vision Plan and the 4th Street Mobility Project; and

2. Appropriate $150,000 from the Public Art Fund (PAF) available fund balance to the Downtown Arts Hub Murals Program (Project M1802) for the design and installation of asphalt art in the Central Business District.

(The Community Services, Public Safety, Housing & Development Committee approved 3-0 on April 28, 2026.)

6. Finance Department
SUBJECT: Monthly Report of Accounting of All Receipts, Disbursements and Fund Balances & List of City Manager-approved contracts.
RECOMMENDATION: That the City Council:

1. Receive and file the report and accounting of all receipts, disbursements and fund balances for the month of March 2026; and
2. Receive and file the list of City Manager-approved contracts for the month of March 2026.

(This item did not originate in Committee.)

7. Finance Department
SUBJECT: Quarterly Sale and Disposal of Surplus City Property.
RECOMMENDATION: That the City Council authorize the Purchasing Agent to dispose of 67 units of surplus property, including fleet vehicles and trailers, via public auction. In accordance
with City Code Section 4-54(B), City Council authorization is required for the disposal of surplus items with an individual value exceeding $500.

(The Finance & Governance Committee voted 3-0 on April 28, 2026.)

8. Finance Department
SUBJECT: Update on the Financial Corrective Action Plan (FCAP) for Closing Past Audit Findings.
RECOMMENDATION: That the City Council receive an update on the Financial Corrective Action Plan (FCAP) for closing past audit findings.

(As of the posting of this agenda, there was not yet an outcome from the Finance and Governance Committee.)

10. Police Department
SUBJECT: Resolution Commending Assistant Chief Denise Morehouse.
RECOMMENDATION: That the City Council adopt **Resolution No. 16,040** commending Assistant Chief Denise Morehouse for over thirty years of exemplary service to the City of Oxnard Police Department.

(This item did not originate in Committee.)

11. Police Department
SUBJECT: InTime Services Inc. - Services Agreement Amendment.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute a First Amendment to Agreement 32400506 with InTime Services Inc., to increase the not-to-exceed amount from $136,680 to $287,450, and extend the term date to June 30, 2029, for cloud-hosted scheduling management software.

(This item did not originate in Committee.)

12. Public Works Department
SUBJECT: Public Project Agreement 32600467 with Danny Letner, Inc. dba Letner Roofing Company for the Environmental Resources: MRF Roof Repair at Del Norte Facility Project (Rebid), Specification No. PW 26-33R.
RECOMMENDATION: That the City Council approve and authorize:

1. A total of $469,299.50 in Project funds for the Environmental Resources: MRF Roof Repair at Del Norte (Rebid), Specification No. PW 26-33R;
2. The Mayor to execute an Agreement with Danny Letner, Inc., dba Letner Roofing Company in the amount of $360,999.50 for the Project and approve a Project contingency amount of $72,200.00 (~20%) with Danny Letner, Inc., dba Letner Roofing Company for a total not to exceed value of $433,199.50 for the Project;
3. A Project allocation amount of $36,100.00 (~10%) for engineering, inspection, survey and project management for the Project; and
4. A project budget appropriation in the amount of $272,205 from the Solid Waste Operations Fund (631) available fund balance, as well as the corresponding transfers in the Solid Waste Capital Fund (632) for the Environmental Resources: MRF Roof Repair at Del Norte Facility Project (C2538).

(This item did not originate in Committee as this is a capital improvement project specifically listed in the City's Capital Improvement Program budget, which was previously approved by the City Council.)

Consent Item Nos. L-1, L-4, L-6, L-7, L-8, L-11 and L-12
It was moved by Councilman Starr, seconded by Councilmember Perello, to approve the Information/Consent Items as presented. VOTE: Perez, Rodriguez, Starr, Teran, Perello and Mc Arthur voted in favor; the motion carried 6-0. Councilwoman Basua was absent.

Consent Item No. L-2 and L-9*
*Consent Item L-2 and L-9 will be listed in the Oxnard Housing Authority minutes.

Consent Item No. L-3
The Community Development Director presented and were available to answer questions.

Councilman Starr requested that, in the future, a copy of this filing be provided to the City Council when it is submitted to the County Auditor.

It was moved by Councilmember Perello, seconded by Councilman Starr, to approve the Information/Consent Items as presented. VOTE: Rodriguez, Starr, Teran, Basua, Perello, Perez and Mc Arthur voted in favor; the motion carried 7-0.

Consent Item No. L-5
The Cultural Arts Manager, Public Works Director and Assistant City Attorney McCarron presented and were available to answer questions.

It was moved by Councilman Starr, seconded by Mayor Mc Arthur, to approve the Information/Consent Items as presented. VOTE: Starr, Teran, Basua, Perello, Perez, Rodriguez and Mc Arthur voted in favor; the motion carried 7-0.

Consent Item No. L-10
It was moved by Councilmember Perello, seconded by Mayor Pro Tem Mc Arthur, to approve the Information/Consent Items as presented. VOTE: Perez, Rodriguez, Starr, Teran, Basua, Perello and Mc Arthur voted in favor; the motion carried 7-0.

OXNARD HOUSING AUTHORITY

At 7:33 p.m., the joint meeting with the Oxnard Housing Authority concluded.

M. PUBLIC HEARINGS

1. Community Development Department
   SUBJECT: Avalon Homes, a 56 unit single-family condominium development, located at a property generally at the northeast side of the intersection at Beachcomber Street and Harbor Boulevard bound by West Fifth Street, Harbor Boulevard, Catamaran Street and the Edison Canal (APNs: 196-0-010-275, -225, and -235).
   RECOMMENDATION: That the City Council:

   1. Conduct a public hearing; and
   2. Adopt **Resolution No. 16,041** certifying the Final Environmental Impact Report EIR No. 2016-01 for the Avalon Homes Project (Governor's Office of Planning and Research State Clearinghouse No. 2016051075); and

3. Adopt **Resolution No. 16,042** approving Planning and Zoning Permit No. 16-300-03 for a Tentative Subdivision Map subject to certain findings and conditions of approval; and
4. Adopt **Resolution No. 16,043** upholding the Planning Commission's decision to approve Planning and Zoning Permit No. 16-400-02 for a Coastal Development Permit, subject to certain findings and modified conditions of approval.

(This item did not originate in Committee.)

Councilmembers reported on the ex parte communications received on this item.

The City Clerk announced the affidavit of publication published in Vida Newspaper on May 7, 2026 and stated there were four (4) written communications received on this item.

The Planning Supervisor, Planning Manager, Community Development Director and Housing Director, Chief Assistant City Attorney and City Manager presented and were available to answer questions. Discussion ensued among the Council and staff.

Tanner Shelton with Sanbell presented and discussed the proposed project.

CITY COUNCIL RECESS

At 8:22 p.m., the City Council recessed and at 8:31 p.m., the City Council reconvened.

Mayor Mc Arthur opened the public testimony portion of the public hearing.

Public comments were received from Manuel Herrera, Gabrielle Vignone, Frank Barajas, Barbara Macri-Ortiz, Felix Bobritsky, Larry Stein, Alexis Schmidt and Larry McGrath.

Without objection, the Council approved closing the public testimony portion of the public hearing.

Discussion followed among the Council and staff. Mr. Shelton stated that the parties agreed to reserve the six inclusionary units for a 90-days marketing period exclusively for City residents. The Applicant also agreed that the City would be responsible for certifying and verifying residency eligibility.

It was moved by Mayor Mc Arthur, seconded by Councilwoman Basua, to approve the recommended action with the addition of marketing for the first 90 days for the affordable units for Oxnard residents who have lived in the City for thirty-six months.

VOTE: Starr, Teran, Basua, Perello, Perez, Rodriguez and Mc Arthur voted in favor; motion carried 7-0.

At 9:40 p.m., Mayor Mc Arthur was absent and Mayor Pro Tem presided.

It was moved by Councilwoman Rodriguez, seconded by Councilmember Perello, to suspend the order of the agenda and moved to Report No. 2. VOTE: Teran, Basua, Perello, Perez, Rodriguez and Starr voted in favor; the motion carried 6-0. Mayor Mc Arthur was absent.

Mayor Pro Tem stated for the record that he will be recusing himself from Agenda Item N-2.

It was moved by Councilwoman Rodriguez, seconded by Councilmember Perello, to suspend the order of the agenda and moved to Report No. 3. VOTE: Starr, Teran, Basua, Perello, Perez and Rodriguez voted in favor; the motion carried 6-0. Mayor Mc Arthur was absent.

N. REPORTS

3. Public Works Department
SUBJECT: Second Amendment to Agreement A-8281 with Kennedy Jenks Inc. for Construction Management Services and Budget Appropriations for the Oxnard Wastewater Treatment Plant Reliability Improvement Project PW 20-102.
RECOMMENDATION: That the City Council approve and authorize the Mayor to:

1. Execute a Second Amendment to the Professional Services Agreement with Kennedy Jenks Inc. to increase the not-to-exceed amount from $4,514,536 to $5,703,885 and extend the term date to October 31, 2027, for additional construction management services for the Oxnard Wastewater Treatment Plant (OWTP) Reliability Improvement Project (C2201);
2. Authorize a project budget appropriation transfer in the amount of $1,500,000 from the Wastewater OWTP: Effluent Pump Station Improvements Project (C2235) within the Wastewater Operating Fund (611) to the Oxnard Wastewater Treatment Plant (OWTP) Reliability Improvement Project (C2201), for continued professional construction management services, as well as construction costs and engineering support services until the Project is completed; and
3. Authorize a project budget appropriation in the amount of $5,200,000 from the Wastewater Operating Fund (611), as well as the corresponding transfers in the Wastewater Capital Fund (612) to the Oxnard Wastewater Treatment Plant (OWTP) Reliability Improvement Project (C2201), for continued professional

construction management services, as well as construction costs and engineering support services until the Project is completed.

(This item did not originate in Committee, as this is a capital improvement project specifically listed in the City's Capital Improvement Program budget, which was previously approved by the City Council.)

No public comments were received.

The Public Works Director presented and was available to answer questions. Discussion ensued among the Council and staff.

It was moved by Councilman Starr, seconded by Councilmember Perello, to approve the recommended action as presented. VOTE: Rodriguez, Starr, Teran, Teran, Basua, Perello, Perez and Mc Arthur voted in favor; motion carried 7-0.

At 9:46 p.m., Mayor Mc Arthur presided.

2. Housing Department
SUBJECT: First Amendment to the Oxnard Navigation Center Operations Agreement with Mercy House for Fiscal Year 2025-26.
RECOMMENDATION: That the City Council:

1. Approve and authorize the Mayor to execute the First Amendment to Agreement 32600011 between the City and Mercy House Living Centers ("Mercy House") for the provision of shelter and navigation center operations;
2. Authorize the City Manager to appropriate the use of Permanent Local Housing Allocation (PLHA) funds and recognize revenue in the amount of $96,215 to increase the Agreement amount for Agreement 32600011 between the City and Mercy House from $3,355,407.75 to 3,451,622.75; and
3. Authorize the City Manager to appropriate and recognize revenue of $252,873.66 in PLHA funds and $12,838.64 in California State Grant funds to cover the City's increased cost share under Agreement A-8462 between the City and County of Ventura for navigation center operations.

(This item did not originate in Committee.)

Mayor Pro Tem stated that because this affects an existing cost agreement between the City and the County of Ventura. Out of abundance of caution, due to a potential remote interest, he recused himself from this item.

At 9:48 p.m., Mayor Pro Tem was not present.

The Housing Director presented and was available to answer questions. Discussion ensued among the Council and staff.

It was moved by Councilmember Perello, seconded by Councilwoman Basua, to approve the recommended action as presented. VOTE: Perez, Rodriguez, Teran, Basua, Perello and Mc Arthur voted in favor; motion carried 5-1-1. Councilman Starr voted no and Mayor Pro Tem recused himself.

M. PUBLIC HEARINGS

2. Public Works Department

SUBJECT: Five-Year Capital Improvement Program (CIP) for Fiscal Years 2027-2031.

RECOMMENDATION: That the City Council provide input on the draft CIP and recommend that the City Council:

1. Hold a public hearing to receive public testimony regarding the proposed 2027-2031 City of Oxnard Five-Year CIP;
2. Approve the existing carryover CIP projects and the proposed new funding as outlined in the staff report for Category 1 projects;
3. Reaffirm the carryover CIP projects in Category 2;
4. Approve the project prioritization lists in Categories 3 and 4 outlined in the staff report and adopt the 2027-2031 City of Oxnard Five Year CIP; and
5. Direct staff to finalize the 2027-2031 CIP and General Fund/Measure O amounts for Category 4 projects once the City's FY 2026-2027 operating budget has been completed as approved CIP funding allows.

(The Public Works and Transportation Committee on April 28, 2026, recommended the item to be forwarded to Council for discussion and review with changes made to the staff's recommended prioritization for 16 Category 4 and Category 5 projects.)

Councilmembers reported on the ex parte communications received on this item.

The City Clerk announced the affidavit of publication published in Vida Newspaper on May 7, 2026 and stated there were no written communications received on this item.

Mayor Mc Arthur opened the public testimony portion of the public hearing.

Public comments were received from Helen Matter, Olivia Benavidez, Deborah Arevalo, Larry Stein, Ellis Carter and Abel Ramirez Magana.

Without objection, the Council approved closing the public testimony portion of the public hearing.

It was moved by Councilmember Starr, seconded by Councilmember Perello, to adopt the staff's recommended priority listing over the Public Works and Transportation Committee's recommended priority listing.

It was moved by Mayor Pro Tem Teran, seconded by Councilmember Perez, to amend the original motion to add Johnson Creek Park and Colonia Park restrooms to move up in priority after the fire station overhead doors replacement project. The order of priority will be as follows:

1. Neighborhood Street Resurfacing
2. Citywide Alleyway Resurfacing
3. Arterial Street Resurfacing
4. Advanced Alley Maintenance Program
5. Oxnard Police Department Parking Lot
6. Fire Station Overhead Doors Replacement
7. Colonia Park Restroom Renovation
8. Johnson Creek Park Restroom Renovation

VOTE on Mayor Pro Tem amendment: Basua, Perello, Perez, Rodriguez, Starr, Teran, and McArthur voted in favor. The Mayor Pro Tem amendment carried 7-0; thus, it became the main motion.

VOTE on the main motion: Basua, Perello, Perez, Rodriguez, Starr, Teran, and McArthur voted in favor. The motion carried 7-0.

N. REPORTS

1. Finance Department

SUBJECT: 2025 Single Audit Report and FY 24-25 Annual Comprehensive Financial Report and Summary Presentation.

RECOMMENDATION: That City Council ratify and approve the 2025 Single Audit Report, the Fiscal Year 2025-25 Annual Comprehensive Financial Report (ACFR), and Fiscal Year 2024-25 Warrants Register in the Form of that ACFR.

(As of the posting of this agenda, there was not yet an outcome from the Finance and Governance Committee.)
(Presentation will be live upon consultant's request.)

The City Clerk announced that this item is removed from the agenda.

O. ADJOURNMENT

There being no further business on the agenda, and without objection, Mayor Mc Arthur adjourned the meeting at 11:06 p.m.

_____	_____
LOURDES A. LÓPEZ	LUIS A. MC ARTHUR
City Clerk	Mayor

MINUTES
OXNARD CITY COUNCIL
Regular Meeting
June 1, 2026

A. ROLL CALL, POSTING OF AGENDA

At 5:32 p.m., Mayor Luis A. Mc Arthur presided and called to order the regular meeting of the Oxnard City Council in the City Hall Council Chambers at 305 W. Third Street, Oxnard, California. Councilmembers Gabriela Basua*, Bert E. Perello, Michaela Perez, Gabriela Rodriguez, Aaron Starr, Gabriel Teran and Luis A. Mc Arthur were present. The City Clerk stated that the agenda was posted on Thursday, May 20, 2026 and the amended agenda on Tuesday, May 26, 2026, 2026 at the Library, City Hall kiosk, City Administrative Offices and on the website.

*Councilwoman Gabriela Basua participated remotely from Sheraton Dallas Hotel, 400 Olive Street Dallas, TX 75201.

Staff members present were Alexander Nguyen, City Manager; Ashley Golden, Assistant City Manager; Eric Sonstegard, Assistant City Manager; Stephen Fischer, City Attorney; Kenneth Rozell, Chief Assistant City Attorney; and Lourdes A. López, City Clerk.

CONSIDERATION OF TELECONFERENCE PARTICIPATION PURSUANT TO ASSEMBLY BILL 2449

B. PUBLIC COMMENTS ON CLOSED SESSION ITEMS

No public comments were received. At 5:35 p.m., the City Council recessed into a closed session.

C. CLOSED SESSION (5:30 PM)

1. CONFERENCE WITH LEGAL COUNSEL – ANTICIPATED LITIGATION (Government Code section 54956.9(d)(4)) Based on existing facts and circumstances, the City Council shall decide whether to initiate litigation in one potential case.
   Legislative Body: City Council

At 6:21 p.m., the City Council reconvened in open session in the Council Chambers. The City Attorney announced that the City Council by unanimous voted has directed the City Attorney to initiate an action. The action, the defendants and other particulars shall once unsealed be disclosed to any person upon inquiry unless to do so would jeopardize the City's ability to effectuate service of process on one or more unserved parties or that to do so would jeopardize its ability to conclude existing settlement negotiations to its advantage.

D. APPOINTMENT ITEMS

E. OPENING CEREMONIES

At 6:21 p.m., Mayor Luis A. Mc Arthur presided and called to order the regular meeting of the Oxnard City Council concurrently with the Oxnard Housing Authority in the City Hall Council Chambers at 305 W. Third Street, Oxnard, California. Councilmembers Gabriela Basua*, Bert E. Perello, Michaela Perez, Gabriela Rodriguez, Aaron Starr, Gabriel Teran and Mayor Luis A. Mc Arthur were present. The City Clerk stated that the agenda was posted on Thursday, May 20, 2026, and the amended agenda on Thursday, May 20, 2026 and the amended agenda on Tuesday, May 26, 2026 in the kiosk at City Hall, Oxnard Public Library, City Administrative Offices and on the City's website

*Councilwoman Gabriela Basua participated remotely from Sheraton Dallas Hotel, 400 Olive Street Dallas, TX 75201.

The meeting opened with the pledge of allegiance to the flag of the United States led by Cesar Tapia, a student at Channel Islands High School.

Staff members present were Alexander Nguyen, City Manager; Ashley Golden, Assistant City Manager; Eric Sonstegard, Assistant City Manager; Stephen Fischer, City Attorney; Kenneth Rozzel, Chief Assistant City Attorney; Elle McCarron, Assistant City Attorney; Michael Wolfe, Public Works Director; Brian Yanez, Assistant Public Works Director; Brenda Lopez, Housing Director; Alexander Hamilton, Fire Chief and Lourdes A. López, City Clerk.

F. CEREMONIAL ITEMS

1. SUBJECT: Presentation of a Proclamation Designating June 12, 2026 as "Philippine Independence Day Flag Raising."

   Mayor Mc Arthur read the proclamation and presented to Charleen Morla and members of the Filipino American Council of Ventura County who thanked the City Council for the recognition and invited everyone to participate in the flag raising ceremony on June 12th.

2. SUBJECT: Presentation of a Proclamation Designating June 20, 2026 as the "35th Annual Juneteenth Celebration."

   Councilmember Perello read the proclamation and presented it to Angela Mitchell Landers, Bruce Stewart and Julia Dixon who thanked the City Council for the recognition and invited everyone to participate in the 35th annual Juneteenth celebration on June 20th at Plaza Park.

3. SUBJECT: Presentation of a Proclamation Designating June 2026 as "Pride Month in the City of Oxnard."

Councilwoman Perez read the proclamation and presented to Steve Somann with Diversity Collective of Ventura County; Tess Allen, Rainbow Café LGBTQ Resources Center at Oxnard College; V Amezcua with Obsidian and Rio Lorenzo with MICOP who thanked the City Council for this recognition and invited everyone to participate in the upcoming event on July 25 at Plaza Park in Ventura.

G. PUBLIC COMMENTS ON ITEMS NOT ON THE AGENDA AND NON-ACTION ITEMS

Public comments were received from Roxanne Trujillo, Rev. Roger Labonté, Eric Andrist, Sarah Wilczewski, Greg Runyon and Deirdre Frank.

H. REPORT OF CITY MANAGER/EXECUTIVE DIRECTOR/SECRETARY

The City Manager provided comments on several matters, including: 1.) Oxnard Insect Festival; and 2.) Assistant Police Chief Marquez commented on Elder & Disbility Abuse Awareness Month.

I. CITY COUNCILBUSINESS/COMMITTEE REPORTS

The members of the Council provided brief announcements regarding various activities.

Mayor Pro Tem requested that staff return with a report on: 1) a potential moratorium on office space for detainees; and 2) an electric bicycle ordinance.

Councilmember Perello requested the temporary installation of signs in areas known for frequent fireworks activity.

1. City Clerk Department
SUBJECT: Appointment of Member to Serve on the City's Library Board.
RECOMMENDATION: That the Mayor, with the approval of the City Council, appoint Sahara Pena to serve as an at-large member on the Library Board.

(This item did not originate in Committee.)

No public comments were received.

It was moved by Mayor Mc Arthur, seconded by Councilmember Perello, to approve the recommended action as presented. VOTE: Perello, Perez, Rodriguez, Starr, Teran and Mc Arthur voted in favor; the motion carried 6-0. Councilwoman Basua was absent.

J. REVIEW OF INFORMATION/CONSENT AGENDA

Item L-3 was removed from the agenda.

Mayor Pro Tem recused himself from Item No. L-3 due to a remote interest that he had performed consulting work for the University of California, Los Angeles (UCLA) within the past 12 months.

K. PUBLIC COMMENTS ON INFORMATION/CONSENT AGENDA

No public comments were received.

L. INFORMATION/CONSENT AGENDA

2. Finance Department
SUBJECT: Monthly Investment Report for the period ending April 30, 2026.
RECOMMENDATION: That the City Council receive and file the monthly investment report. This is an information item.

(This item did not originate in Committee.)

3. Fire Department
SUBJECT: Affiliation Agreement with The Regents of the University of California for a Prehospital Care Program - Affiliation Agreement First Amendment.
RECOMMENDATION: That the City Council approve a First Amendment to Paramedic Internship Agreement (A-8312), titled "Affiliation Between the Regents of the University of California and the City of Oxnard" for a period of five years.

(The Community Services, Public Safety, Housing & Development Committee approved 3-0 on May 12, 2026.)

4. Public Works Department
SUBJECT: Fiscal Year 2026-27 Utility Ratepayers Assistance Program (Project Assist) Update.
RECOMMENDATION: That the City Council:

1. Adopt **Resolution No. 16,044** for the Utility Ratepayers Assistance Program (Project Assist) for Fiscal Year 2026-27 to assist eligible Oxnard residents and authorize staff to grant financial relief equal to a monthly $25.00 maximum credit per utility bill charged to residential customers who meet the eligibility requirements discussed in this staff report up to the amount funded for Fiscal Year 2026-27; and

2. Authorize staff to fund Project Assist in Fiscal Year 2026-27 by utilizing $300,000 that has been paid to the City for current and prior year late penalties from City utility customers.

(This item did not originate in Committee per the City Council Committee Bylaws Resolution 15,851, Article II, Section D.3.a, as this is a routine item.)

5. Public Works Department
SUBJECT: Agreement 32600474 with CCS Facility Services - Los Angeles, Inc. for Custodial Services for the Public Works Utilities Divisions.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute an Agreement with CCS Facility Services - Los Angeles, Inc. in an amount not to exceed $738,000 for an initial term of one year from July 1, 2026, to June 30, 2027, with the option for four consecutive one-year period extensions ending June 30, 2031, for Custodial Services for the Public Works Utilities Divisions.

(Public Works and Transportation Committee approved 3-0 on May 12, 2026.)

6. Public Works Department
SUBJECT: Agreement 32600473 with Executive Facilities Services, Inc. for Custodial Services at the Oxnard Main Library.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute an Agreement with Executive Facilities Services, Inc. in an amount not to exceed $675,000 for an initial term of one year from July 1, 2026, to June 30, 2027, with the option for four consecutive one-year period extensions ending June 30, 2031, for Custodial Services at the Oxnard Main Library.

(Public Works and Transportation Committee approved 3-0 on May 12, 2026.)

7. Public Works Department
SUBJECT: Agreement 32600503 with Ojos Trucking dba AGT Trucking School for Commercial Driver's License Training.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute an Agreement with Ojos Trucking dba AGT Trucking School in an amount not to exceed of $385,000 for an initial term of three years from June 2, 2026, to June 1, 2029, with the option for two consecutive one-year period extensions ending June 1, 2031 for Commercial Driver's License Training.

(Public Works and Transportation Committee approved 3-0 on May 12, 2026.)

8. Public Works Department

SUBJECT: Added Facilities Agreement 32600436 with Southern California Edison for the Wastewater Headworks Facility.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute an Added Facilities Agreement with Southern California Edison to renew electrical maintenance service for the Wastewater Headworks Facility in perpetuity, with a one-time payment of $62,246, and a recurring monthly maintenance service charge of $747.41.

(Public Works and Transportation Committee approved 3-0 on May 12, 2026.)

Consent Item No. L-1*
*Consent Item L-1 will be listed in the Oxnard Housing Authority minutes.

Consent Item Nos. L-2, L-4, L-5, L-5, L-6, L-7 and L-8
It was moved by Councilman Perello, seconded by Councilwoman Rodriguez, to approve the Information/Consent Items as presented. VOTE: Perez, Rodriguez, Starr, Teran, Perello and Mc Arthur voted in favor; the motion carried 6-0. Councilwoman Basua was absent.

Consent Item No. L-3
The Fire Chief presented and was available to answer questions. Discussion ensued among Council and staff. No public comments were received.

It was moved by Councilman Perello, seconded by Councilwoman Perez, to approve the Information/Consent Item L-3 as presented. VOTE: Basua, Rodriguez, Starr, Perello, Perez and Mc Arthur voted in favor; the motion carried 6-0-1. Mayor Pro Tem recused himself.

M. PUBLIC HEARINGS

1. Public Works Department
SUBJECT: Fiscal Year (FY) 2026-27 Resolution to Levy Assessments in Mandalay Beach Maintenance District.
RECOMMENDATION: That the City Council, acting as the legislative body for the Mandalay Beach Maintenance District:

   1. Hold a Public Hearing on June 1, 2026, to receive public testimony regarding the proposed Fiscal Year 2026-27 assessments for the Mandalay Beach Maintenance District; and
   2. Adopt **Resolution No. 16,045** to levy the special tax assessment for Fiscal Year 2026-27 within the Mandalay Beach Maintenance District.

(Finance and Governance Committee approved 2-1 on May 12, 2026.)
Councilmembers reported on the ex parte communications received on this item.

The City Clerk announced the affidavit of publication published in Vida Newspaper on May 21, 2026 and stated there were no written communications received on this item.

The Public Works Director presented and was available to answer questions. Discussion ensued among the Council and staff.

Mayor Mc Arthur opened the public testimony portion of the public hearing.

No public comments were received.

It was moved by Councilmember Perello, *seconded by Councilwoman Rodriguez*, to approve the recommendation action as presented. VOTE: Teran, Basua, Perello, Perez, Rodriguez and Mc Arthur voted in favor; the motion carried 6-1. Councilwoman Starr voted no.

2. Finance Department
SUBJECT: FY2026-27 Proposed Budget Public Hearing.
RECOMMENDATION: That the City Council and Housing Authority Board conduct a public hearing on the Fiscal Year (FY) 2026-27 Proposed Budget for the City of Oxnard and Oxnard Housing Authority and provide staff direction regarding any adjustments to the Proposed Budget, in preparation for budget adoption on June 16, 2026.

Councilmembers reported on the ex parte communications received on this item.

The City Clerk announced the affidavit of publication published in Vida Newspaper on May 21, 2026 and stated there was one written communication received on this item.

The Chief Financial Officer presented and was available to answer questions. Discussion ensued among the Council and staff.

Mayor Mc Arthur opened the public testimony portion of the public hearing.

No public comments were received.

The City Council provided direction to staff to include in the budget adoption the following items:
Capital Improvement Projects, Electronic citation printers, Recreation (maintain temporary labor hours); Recreation (Youth Development Programs), Cultural Arts (Oxnard Arts Academy), Police Department (Psychologist Services).

OXNARD HOUSING AUTHORITY

At 9:53 p.m., the joint meeting with the Oxnard Housing Authority concluded.

N. REPORTS

1. Housing Department
SUBJECT: Oxnard Navigation Center Operating Agreement with Mercy House for Fiscal Year 2026-27.
RECOMMENDATION: That the City Council:

1. Approve and authorize the Mayor to execute a one-year Agreement (No. 32700007), with four one-year options to extend, with Mercy House Living Centers, for the provision of shelter and navigation center operations in fiscal year 2026-2027, in an amount not-to-exceed $3,235,242.56; and
2. Authorize the City Manager to execute any amendments to Agreement No. 32700007.

(The Community Services, Public Safety, and Housing & Development Committee approved 3-0 on May 12, 2026.)

The Housing Director, Larry Haynes and Timothy Huynh with Mercy House presented and were available to answer questions. Discussion ensued among Council and staff.

Public comments were received from Doug Partello.

It was moved by Mayor Pro Tem Teran, seconded by Councilmember Perello, to approve the recommended action. VOTE: Basua, Perello, Perez, Rodriguez, Teran and Mc Arthur voted in favor; the motion carried 6-1. Councilman Starr voted no.

2. Public Works Department
SUBJECT: Senate Bill 1 (SB1) Local Streets and Road Maintenance and Rehabilitation Account (RMRA) Project List for Fiscal Year 2026-27.
RECOMMENDATION: That the City Council adopt a resolution to:

1. Adopt the Fiscal Year 2026-27 project list of Senate Bill 1 (SB1) proposed projects that will be funded in part or solely with Road Maintenance and Rehabilitation Account revenues; and
2. Authorize the City Manager, or designee, to take whatever actions are necessary and appropriate to carry out the purpose and intent of the resolution.

(This item did not originate in Committee per the City Council Committee Bylaws Resolution 15,851, Article II, Section D.3.a, as this is a routine item.)

No public comments were received.

It was moved by Councilmember Perello, seconded by Mayor Pro Tem Teran, to approve the recommended action. VOTE: Perez, Rodriguez, Starr, Teran, Basua, Perello and Mc Arthur voted in favor; the motion carried 7-0.

3. Public Works Department
SUBJECT: Public Project Agreement 32600511 with Toro Enterprises, Inc. for the Citywide Alleyway Resurfacing - La Colonia Neighborhood Alley Reconstruction Project, Specification No. PW 25-121.
RECOMMENDATION: That the City Council approve and authorize:

1. A total of $7,078,428 in Project funds for the Citywide Alleyway Resurfacing - La Colonia Neighborhood Alley Reconstruction Project, Specification No. PW 25-121;
2. The Mayor to execute an Agreement with Toro Enterprises, Inc. in the amount of $5,898,690 for the Project and approve a Project contingency amount of $589,869 (10%) with Toro Enterprises, Inc. for a total not to exceed value of $6,488,559 for the Project; and
3. A Project allocation amount of $589,869 (10%) for engineering, inspection, survey and project management for the Project.

(This item did not originate in Committee as this is a capital improvement project specifically listed in the City's Capital Improvement Program budget, which was previously approved by the City Council.)

The Public Works Director presented and was available to answer questions. Discussion ensued among the Council and staff.

No public comments were received.

It was moved by Mayor Mc Arthur, seconded by Mayor Pro Tem Teran, to approve the recommended action. VOTE: Rodriguez, Starr, Teran, Basua, Perello, Perez and Mc Arthur voted in favor; the motion carried 7-0.

4. Public Works Department
SUBJECT: Fiscal Year (FY) 2026-27 Landscape Maintenance Districts Initiation of Proceedings to Levy Assessments, Approval of a Consolidated Engineers Report, and Declaration of Intention to Levy Assessments.

RECOMMENDATION: That the City Council, acting as the legislative body of the City of Oxnard Landscape Maintenance Districts (LMDs):

1. Adopt "**Resolution No. 16,046** of the City Council of the City of Oxnard, California, initiating proceedings to levy assessments against real property for Fiscal Year 2026-27 in connection with the City's Landscape Maintenance Districts";
2. Adopt "**Resolution No. 16,047** of the City Council of the City of Oxnard, California, approving a Consolidated Engineer's Report regarding assessments against real property for Fiscal Year 2026-27 in connection with the City's Landscape Maintenance Districts"; and
3. Adopt "**Resolution No. 16,048** of the City Council of the City of Oxnard, California, declaring its intention to levy assessments against real property for Fiscal Year 2026-27 in connection with the City's Landscape Maintenance Districts" setting the Public Hearing for June 16, 2026.

(Finance and Governance Committee approved 2-1 on May 12, 2026.)

No public comments were received.

It was moved by Mayor Pro Tem Teran, seconded by Councilmember Perello, to approve the recommended action. VOTE: Teran, Basua, Perello, Perez, Rodriguez and Mc Arthur voted in favor; the motion carried 6-1. Councilman Starr voted no.

5. Public Works Department

SUBJECT: Agreement 32600497 with Haaker Equipment Company for Short-Term Rental of Refuse Collection Vehicles for the Environmental Resources Division.
RECOMMENDATION: That the City Council approve and authorize the Mayor to execute a Rental Agreement with Haaker Equipment Company for an annual contract amount of $2,800,000, for an initial term of one year from July 1, 2026, to June 30, 2027, with the option for two consecutive one-year period extensions ending June 30, 2029, with a total contract amount not to exceed $8,400,000, for the rental of refuse collection vehicles.

(Public Works and Transportation Committee approved 3-0 on May 12, 2026.)

Assistant Public Works Director Yanez presented and was available to answer questions. Discussion ensued among Council and staff.

No public comments were received.

It was moved by Councilwoman Perez, seconded by Councilmember Perello, to approve the recommended action. VOTE: Teran, Basua, Perello, Perez, Rodriguez, Starr and Mc Arthur voted in favor; the motion carried 7-0.

O. ADJOURNMENT

There being no further business on the agenda, and without objection, Mayor Mc Arthur adjourned the meeting at 10:55 p.m.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.3

DATE: June 16, 2026

TO: City Council

FROM: Luly Lopez, City Clerk, (805) 385-7805, luly.lopez@oxnard.org

SUBJECT: Agreement for Publication of Legal Notices and Legal Advertisement.

RECOMMENDATION

That the City Council approve and authorize the Mayor to execute an agreement with Vida Newspaper (32700012) for the publication of legal notices and legal advertisement for Fiscal Year 2026-2027.

(This item did not originate in Committee.)

BACKGROUND

Each year, the City Council must select a newspaper of general circulation in which the public can find all legal advertisements per Public Contract Code Section 20169. A Request for Proposals (RFP) notice inviting bids was published on February 26, 2026 and closed on April 6, 2026. The RFP was also emailed to the Tri-County Sentry, Ventura County Reporter, Ventura County Star and Vida Newspaper, local newspapers of general circulation for the purpose of soliciting bids for the publication of legal notices and legal advertisements. Vida Newspaper was the only one who submitted a proposal.

Request for Proposal (RFP)

Vida Newspaper responded to the RFP in which it met or exceeded the minimum criteria set forth in the RFP, which are:

1. Compliance with State Requirements. State law requires publication of legal notices in a "newspaper of general circulation." Vida Newspaper met this requirement.
2. Circulation and Area Coverage. Vida Newspaper is a weekly newspaper with a large readership in the Oxnard area.
3. Frequency of Publication. Vida Newspaper is a weekly newspaper available on Thursdays.
4. Flexibility of Submittal and Publication Timelines. Vida Newspaper normally requires advertisement submission of one day prior to legal publication.
5. Cost. Vida Newspaper proposes a cost of $12.50 per inch for legal (classified) notices and $12.50 per inch for legal (display) advertisements.
6. Availability of Information. Vida Newspaper provides the newspaper to the public at "no" cost and the legal notices are also available on the website at "no" cost.

A selection committee consisting of representatives from the City Clerk's Office, City Attorney's Office, Housing Department and Public Works Department evaluated the proposal received in response to the Request for Proposals (RFP). Following its review, the committee recommends awarding the agreement for the publication of legal notices and legal advertisements to Vida Newspaper.

Finally, staff recommends continuing the practice of a department or division placing legal notices or legal advertisements in more than one newspaper if there is a legal requirement or great public interest regarding the item.

STRATEGIC PRIORITIES

This agenda item is a routine operational item or does not relate to the five strategic priorities adopted by City Council on March 16, 2021.

FINANCIAL IMPACT

Each department is responsible for its advertising costs, which are included in the Fiscal Year 2026-27 budget.

COMMITTEE OUTCOME

This item did not originate in Committee.

Prepared by: Luly Lopez, City Clerk

ATTACHMENTS

1. Agreement with Vida Newspaper for Publication of Legal Notices FY 26 27

Agreement No. 32700012

GENERAL SERVICE AGREEMENT
BETWEEN
THE CITY OF OXNARD AND VIDA NEWSPAPER

By This General Services Agreement ("Agreement"), the CITY of Oxnard ("City") agrees to engage the services of Vida Newspaper ("Service Provider"), and Service Provider agrees to perform the services for City as herein described, for the compensation, during the term, and otherwise subject to the covenants and conditions herein set forth. City and Service Provider may be individually referred to as "Party" or collectively as the "Parties."

RECITALS

WHEREAS, the City issued a Request for Proposals (RFP), for the publication of legal notices and legal advertisement for Fiscal Year 2026-2027.

NOW THEREFORE, IN CONSIDERATION OF THE COVENANTS, CONDITIONS, AND PROMISES CONTAINED HEREIN AND FOR SUCH OTHER GOOD AND VALUABLE CONSIDERATION, RECEIPT OF WHICH IS HEREBY ACKNOWLEDGED, THE PARTIES HERETO AGREE AS FOLLOWS:

1. The Recitals set forth above are true and correct and together with any definitions set forth therein are hereby incorporated into this Agreement by this reference, as though set forth fully herein .

2. **SUMMARY DESCRIPTION OF SERVICES.**

   The Services to be performed pursuant to this agreement are described in the Scope of Services, attached hereto as Exhibit A. Service Provider may not be the exclusive provider of services to the City. The City does not guarantee a specified amount of work under this agreement.

3. **PARTIES.**

   City of Oxnard, a general law and municipal corporation of the State of California, located at 300 West Third Street, Oxnard California 93030

   Vida Newspaper ("Consultant"), a sole proprietor of the State of California, located at 130 Palm Drive, Oxnard, CA 93030

4. **TERM OF AGREEMENT:** From (Date): 7/1/2026 To (Date): 6/30/2027

   A. Time is of the essence in this Agreement.
   B. This Agreement does not have any options to extend.
   C. This Agreement shall not exceed a total of five (5) years (including the initial term and any options to extend).
   D. All services required of Service Provider under this Agreement shall be completed on or before the end of the term of the Agreement.

5. **AGREEMENT AMOUNT NOT TO EXCEED:** $220,000.[1]

6. **AGREEMENT EXHIBITS:** The following documents memorialized below are the only exhibits to this agreement and are incorporated by reference as though fully set forth herein. In the event of a conflict between the Exhibits and this Agreement, the Agreement controls.

   Exhibit A: Scope of Services and Task Order Template
   Exhibit B: Schedule of Compensation
   Exhibit C: Insurance Requirements: City Insurance Exhibit INS-B
   Exhibit D: [RESERVED]
   Exhibit E: Living Wage Policy

7. **DESIGNATED REPRESENTATIVES.** The Designated Representatives listed below shall be authorized to act on behalf of the named Party, be responsible for negotiations and contractual matters, and coordinate with each other to perform the services under this Agreement. Additionally, Service Provider's services shall be performed or immediately supervised by the Service Provider's Representative:

City Designated Representative	Service Provider Designated Representative
Name: Lourdes A. López Title: City Clerk Phone: 805-385-7805 Email: luly.lopez@oxnard.org Address: 300 West Third Street, 4th Floor Oxnard, CA 93030	Name: Manuel Munoz Title: Director Phone: 805-483-1008 Email: manuelm@vidanewspaper.com Address: 130 Palm Drive Oxnard, CA 93030

[1] This is not a guaranteed dollar amount. No services or work performed pursuant to a Task Order shall exceed the "Not to Exceed" Amount of the Contract or the agreed upon amount stated in the Task Order.

8. **CONTRACTUAL PREREQUISITES.** This Agreement must first be executed by the Service Provider, after which the Agreement shall be approved as to form by the City Attorney, then executed by the Mayor, or an authorized person on behalf of the City, and if executed by the Mayor shall also be executed by the City Clerk.

    A. Service Provider is advised that any recommendation for Agreement award is not binding on the City until the Agreement is fully executed and approved by the City.
    B. All proof of business license, insurance, and W-9 forms is required prior to execution of this Agreement.
    C. Service Provider shall not perform any work under this Agreement until a proof of insurance has been provided to the City as required under Section 26 of this Agreement.

9. **SERVICE PROVIDER'S SERVICES.**

    A. Service Provider shall perform only the type or category of services as set forth in the "Scope of Services," attached to and incorporated into this Agreement as "Exhibit A." Once this Agreement is executed, the Scope of Services may only be modified by written Amendment pursuant to Section 13 of this Agreement.
    B. The Services shall be coordinated with the designated City Project Manager set forth in Exhibit A and are subject to the direction of the City Manager or Department Director. Service Provider hereby designates its Project Manager, as set forth in "Exhibit A" as the person responsible for the Services who shall coordinate with City's Project Manager in executing the scope of services under this Agreement.

10. **COMPENSATION.** City shall pay Service Provider for the services performed pursuant to the terms of this Agreement and based on the hourly rates and fees set forth in the "Schedule of Compensation," attached to and incorporated into this Agreement as "Exhibit B." Under no circumstances shall the Service Provider perform work in excess of the amount stated in the not to exceed amount listed in Section 5 of this Agreement. Once this Agreement is executed, the Schedule of Compensation may only be modified by written Amendment pursuant to Section 13 of this Agreement, and may be subject to approval by the City Council.

A. Annual Rate and Fees adjustments must be requested in writing and accompanied by information to substantiate the request for price adjustments. Adjustments are subject to approval by the City. Any allowable request for adjustment must be delivered to the City at least 30 days before the adjusted prices become effective. No price adjustment allowable under this Contract will be granted retroactively. The City must also be given the benefit of any decline in prices.

11. PAYMENT & INVOICES. City shall pay all undisputed portions of any applicable invoice within thirty (30) days after receipt of an invoice. In the event the City disputes one or more items in an invoice, the City shall, within thirty (30) days after receipt of such invoice, notify the Service Provider of the item(s) being disputed and the reason(s) therefore. The City may withhold payment for such disputed items until resolution of the dispute.

A. Payment Request. Service Provider shall submit a payment request to City by the end of each calendar month listing the Services provided, costs of those Services, and total amount due for the month. Invoices may be emailed to: **invoices@oxnard.org**.
B. Non-Appropriation of Funds. Payments to be made to Service Provider by City for the Services performed within the current fiscal year are within the current fiscal budget and within an available, unexhausted and unencumbered appropriation of City. In the event City does not appropriate sufficient funds for payment of the Services beyond the current fiscal year, this Agreement shall cover payment for the Services only up to the conclusion of the last fiscal year in which City appropriated sufficient funds and shall automatically terminate at that fiscal year's conclusion.
C. Service Provider's acceptance of final payment made pursuant to this Agreement shall constitute a release of City from all claims and liabilities for compensation to Service Provider for anything completed, finished or relating to the Services. City's payment shall not constitute nor be deemed a release of the responsibility and liability of Service Provider for the accuracy and competency of the information provided and/or the Services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Service Provider and its employees, agents and Subcontracted Service Providers.
D. Service Provider shall provide City with a completed Request for Taxpayer Identification Number and Certification, as issued by the Internal Revenue Service. If any sales tax is due for the Services performed by Service

Provider or materials or products provided to City by Service Provider, Service Provider shall pay the sales tax. City shall not reimburse Service Provider for sales taxes paid by Service Provider

12. OPTION TO EXTEND AGREEMENT. When in the City's best interest, this Agreement may only be extended, if the City, in its discretion, exercises an option term in accordance with Section 4 subparagraphs (B) and (C) of this Agreement. The initial term, plus any option to extend shall not exceed a total of five (5) years. **If no option to extend the Agreement appears in section 4(B), then this Agreement shall not be extended.**

13. MODIFICATION OF AGREEMENT. This Agreement may be amended, modified, or otherwise altered, or its provisions waived, only upon mutual consent of the Parties by written amendment. The City may request that the Service Provider perform Extra Services. As used herein, "Extra Services" means any services, which are determined by the City to be necessary for the proper completion of the project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement or any Task Order issued under this Agreement. A written amendment signed by both Parties shall be required to authorize performance of and payment for Extra Services under this Agreement or Task Order.

14. TERMINATION OF AGREEMENT. City may terminate this Agreement at any time, with or without cause and without penalty, upon fifteen (15) calendar days' prior written notice pursuant to Section 22 of this agreement. Such termination shall be effective on the date specified in the notice, or if no date is specified, then fifteen (15) calendar days from the date of the notice. City shall be liable to Service Provider only for work done by Service Provider up to and including the date of termination of this Agreement unless the termination is for cause, in which event Service Provider need be compensated only to the extent required by law. Service Provider may terminate this Agreement at any time during the term of the Agreement by giving the City sixty (60) calendar days' written notice.

15. [RESERVED]

16. INDEPENDENT CONTRACTOR. Service Provider is and shall at all times remain, as to City, a wholly independent contractor. Neither City nor any of its employees or agents shall have control over the conduct of Service Provider or any of its employees, except as stated in this Agreement. Service Provider has and shall retain the right to exercise full control over the employment, direction, means of

performance, location, compensation and discharge of all persons assisting Service Provider. This Agreement shall not be interpreted to prevent or preclude Service Provider from rendering any services for Service Provider's own account or to any other person or entity as Service Provider in its sole discretion shall determine; provided, however, that performing such services shall not materially interfere with the Services the Service Provider shall perform for the City. The City retains the right to provide general instructions to and observe the Service Provider in the performance of all services done on behalf of the City.

Service Provider and its employees, subcontractors, and agents have no authority, express or implied, to act on behalf of City in any capacity, to incur any debt, obligation or liability on behalf of City, bind City in any manner, or otherwise act on behalf of City as an agent. Service Provider and its employees are not employees of City. Service Provider and its employees are not entitled to receive from City any of the benefits or rights afforded employees of City, including but not limited to reserve leave, sick leave, vacation leave, holiday leave, compensatory leave, Public Employees Retirement System benefits, and health, life, dental, long-term disability and workers' compensation insurance benefits. Service Provider shall not, at any time or in any manner, represent that it or any of its agents, subcontractors, or employees are in any manner agents, subcontractors, or employees of City.

17. **LAWFUL PERFORMANCE.** Service Provider shall abide by all Federal, State, and Local Laws and Regulations as may be related to the performance of duties under this Agreement. Service Provider, at its sole expense, shall obtain and maintain during the term of this Agreement, all appropriate permits, licenses, and certificates that may be required in connection with the performance of services under this Agreement.

18. **SAFETY REQUIREMENTS.** Service Provider shall not perform any services for the City when the Service Provider is impaired by alcohol or a controlled substance. When there is reasonable cause to believe that any person has violated this provision, that person shall be immediately removed from the premises and be subject to any applicable civil and/or criminal penalties under the City's Code and/or under state law. All work performed under this Agreement shall be performed in such a manner as to provide safety to the public. The City reserves the right to issue restraining or cease and desist orders to Service Provider when unsafe or harmful acts are observed or reported relative to the performance of the work under this Agreement. The acceptance of Service Provider 's work by City shall not operate as a release of the Service Provider from such standard of care and workmanship.

19. OWNERSHIP OF SERVICE PROVIDER'S WORK PRODUCT, CONFIDENTIALITY & DISCLOSURE. City shall be the owner of any and all technical documents and records, including, computations, plans, correspondence, and/or other pertinent data and information, both hard copy and electronic, gathered or prepared by Service Provider in performance of this Agreement and shall be entitled to immediate possession of the same upon completion of the work under this Agreement, or at any earlier or later time when the same may be requested by City.

A. Ownership of Documents. Every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the Service Provider pursuant to or in connection with this Agreement shall be the exclusive property of the City.

B. Records and Inspections. The Service Provider shall maintain full and accurate records, with respect to all services and matters covered under this Agreement. The City shall have free access at all reasonable times to such records, both hard copy and electronic, and the right to examine and audit the same and to make transcripts therefrom, and to inspect all program data, documents, proceedings, and activities.

C. Deliverables. Service Provider shall deliver to the City the studies, plans, specifications, or other documents as are identified in the Scope of Services or Task Order; and Service Provider shall, upon completion of all work, submit to the City all information developed in the course of the Service Provider 's services. Service Provider shall, in such time and in such form as the City may require, furnish reports concerning the status of services required under this Agreement. Service Provider shall, upon request by City and upon completion or termination of this Agreement, deliver to the City all material furnished to Service Provider by the City.

D. Confidentiality. Information that is exempt from disclosure to the public is confidential. This includes information relating to the past, present, or future affairs of the City or information belonging to a third party whose information is in the City's possession or control under obligations of confidentiality. Service Provider may be granted access to information that is exempt from disclosure to the public (Government Code Section 7920.505) and may contain "trade secrets" (see Government Code Section 7924.510(f)) when it is necessary for Service Provider to perform its obligations pursuant to this Agreement. If Service Provider is granted such access to confidential information, Service Provider shall not be considered to be a member of the public as that term is used in Government Code Section 7920.515.

E. Disclosure of Information. Service Provider shall not disclose, publish, or authorize others to disclose or publish, design data, drawings, specifications, reports, or other information pertaining to the projects assigned to Service Provider by the City or other information to which the Service Provider has had access during the term of this Agreement without the prior written approval of the City's Designated Representative during the term of this Agreement and for a period of two (2) years after the termination of this Agreement.

F. No Warranty. Other than an obligation upon the City to deal in good faith, the City makes no warranties and shall bear no liability or responsibility for errors or omissions in any Confidential Information disclosed under this Agreement or for any business decisions made by Service Provider in reliance on any Confidential Information disclosed under this Agreement.

20. ASSIGNMENT. This Agreement is for the non-professional services of Service Provider. Any attempt by Service Provider to assign the benefits or burdens of this Agreement without the prior written approval of City shall be prohibited and shall be null and void. Service Provider 's services pursuant to this Agreement shall be provided by the Service Provider's Designated Representative or directly under his/her supervision, and Service Provider shall not assign another to supervise the Service Provider 's performance of this Agreement without the prior written approval of City, by and through the City's Designated Representative.

21. NOTICE OF BREACH AND OPPORTUNITY TO CURE. Neither Party will be in breach of this Agreement where the breach is capable of being cured, or until written notice of the breach is received from the non-breaching Party. The Party charged with breach will have fifteen (15) calendar days from the date of receiving such notice in which to cure the breach or otherwise respond. If the circumstances leading to the charge that the Agreement was breached have not been cured or explained to the satisfaction of the other Party within fifteen (15) days from the date on which the breaching Party received notice of breach, the non-breaching Party may terminate this Agreement. Notice shall be given in the manner set forth in section 22.

22. NOTICES. All notices given or required to be given pursuant to this Agreement shall be in writing and may be given by personal delivery or by first-class mail. Notice sent by mail shall be addressed to each Party's Designated Representative as set forth above in Section 7. When addressed in accordance with this Section, such notice shall be deemed given upon deposit in the United States mail, postage prepaid. In all other instances, notices shall be deemed given at the time of actual

delivery. Changes may be made in the names or addresses of persons to whom notices are to be given by giving notice in the manner prescribed in this Section.

23. COVENANTS AND CONDITIONS. Each term and each provision of this Agreement to be performed by Service Provider shall be construed to be both a covenant and a condition.

24. WAIVER. City's review or acceptance of, or payment for, work product prepared by Service Provider under this Agreement will not be construed to operate as a waiver of any rights City may have under this Agreement or of any cause of action arising from Service Provider's performance. A waiver by City of any breach of any term, covenant, or condition contained in this Agreement will not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant, or condition contained in this Agreement, whether of the same or different character.

25. INDEMNIFICATION, HOLD HARMLESS & DEFENSE.

A. As a separate and independent covenant from Service Provider's obligations under this section, Service Provider shall to the fullest extent permitted by law, immediately defend, indemnify, and hold harmless City, its legislative and advisory bodies, and the City's officials, directors, officers, employees, and agents (the "Indemnitees") from and against all liabilities regardless of nature, type, or cause, arising out of or resulting from Service Provider's negligence or willful misconduct in the performance of the services described in this Agreement or failure to comply with any of its obligations contained in this Agreement, Service Liabilities subject to the duties to defend and indemnify include, without limitation, all claims, losses, damages, penalties, fines, and judgments; associated investigation and administrative expenses; defense costs, including but not limited to reasonable attorneys' fees; court costs; and costs of alternative dispute resolution. Service Provider's obligation to indemnify and defend applies unless it is proven such liabilities covered by this Section are the result of negligence or willful misconduct of any of the Indemnitees.

B. The duty to defend is a separate and distinct obligation from Service Provider's duty to indemnify. Service Provider shall be obligated to defend in all legal, equitable, administrative, or special proceedings, with counsel approved by the City Attorney, immediately upon tender to Service Provider of the claim in any form or at any stage of an action or proceeding, whether or not liability is established. An allegation

negligence or willful misconduct by any of the Indemnitees shall not relieve Service Provider from its separate and distinct obligation to defend the Indemnitees. The obligation to defend extends through final judgment, including exhaustion of any appeals. The defense obligation includes the obligation to provide independent defense counsel if Service Provider asserts that liability is caused in whole or in part by the negligence or willful misconduct of the Indemnitees. If it is finally adjudicated that liability was caused by the negligence or willful misconduct of any of the Indemnitees, Service Provider may submit a claim to City for reimbursement of reasonable attorneys' fees and defense costs.

C. The review, acceptance or approval of Service Provider's work or work product by any of the Indemnitees shall not affect, relieve or reduce Service Provider's indemnification or defense obligations. Service Provider waives any right of contribution against City or any of City's officers, employees, agents, or volunteers arising out of such failure to inspect, review, monitor, or supervise the work performed by Service Provider pursuant to this Agreement. The provisions of this Section shall not be restricted by and do not affect the provisions of this Agreement relating to Section 26. The Service Provider's obligations under this Section of the Agreement shall survive the termination of the Agreement.

D. Service Provider agrees to pay all required taxes on amounts paid to Service Provider under this Agreement, and to indemnify and hold City harmless from any and all taxes, assessments, penalties, and interest asserted against City by reason of the independent contractor relationship created by this Agreement. Service Provider shall be solely responsible for, and shall save City harmless from, all matters relating to the payment of Service Provider's subcontractors, material suppliers, directors, officers, employees, agents and representatives, including compliance with social security requirements, federal and State income tax withholding, and all other regulations governing employer-employee relations, as applicable. City shall have the right to offset against the amount of any compensation due to Service Provider under this Agreement any amount due to City from Service Provider as a result of its failure to promptly pay to City any reimbursement or indemnification arising under this Section.

26. INSURANCE. Service Provider shall obtain and maintain during the performance of any services under this Agreement the insurance coverages listed within "Exhibit C", which is attached hereto and incorporated herein by this reference, unless the Risk Manager waives, in writing, the requirement that Service Provider obtain and maintain such insurance coverages. Such insurance must be issued by a company

satisfactory to the Risk Manager. Service Provider shall, before performance of any Services pursuant to this Agreement, file with the Risk Manager evidence of insurance coverage as specified in "Exhibit C". Maintenance of insurance coverages by Service Provider is a material element of this Agreement. Service Provider's failure to maintain or renew insurance coverages or to provide renewal evidence shall be considered a material breach of this Agreement.

27. **LIVING WAGE REQUIREMENTS.** During the term of this Agreement, Service Provider understands and agrees that if Living Wages are applicable subject to the 2002 Oxnard City Council Living Wage Policy, attached as "Exhibit E" to this Agreement. Service Provider will pay and/or provide the wages and/or benefits required therein to all of its employees engaged in whole or in part in performing the services provided for by this Agreement. The duty to pay the correct wage is the responsibility of the Service Provider.

28. **PREVAILING WAGE REQUIREMENTS.** The payment of State prevailing wages as designated for Ventura County shall apply to public works projects. However, this section shall not apply to work performed on a public works project of twenty-five thousand dollars ($25,000) or less when the project is for construction, alteration, demolition, installation, or repair work; or to work performed on a public works project of fifteen thousand dollars ($15,000) or less when the project is for maintenance work. Prevailing wages are required to be paid to all workers, including subcontracted employees. For further information regarding Prevailing Wage Requirements please refer to Exhibit "F" attached to this Agreement.

    A. To determine if this Agreement is subject to compliance monitoring and enforcement, go to: https://www.dir.ca.gov/Public-Works/PublicWorksSB854FAQ.html
    B. It is unlawful to split, or separate into small portions, work orders, projects, purchases, or public works projects for the purpose of evading these prevailing wage requirements.
    C. In the event that there is a difference between the amount of wages to be paid under the City of Oxnard's local Living Wage requirements and the requirements of this provision, the wage rate that is the higher of the two shall be applicable to this Agreement. The duty to pay the correct wage is the responsibility of the Service Provider.

29. **CONFLICT OF INTEREST.** Service Provider covenants that it does not have any interest, nor shall it acquire any interest, directly or indirectly, which would conflict in any manner with the performance of Service Provider's services under this

Agreement. Service Provider further covenants that in the performance of services under this Agreement, no officer, employee or agent of Service Provider having such interest shall be employed by it. In the event the City determines that Service Provider must disclose its financial interests by completing and filing a Fair Political Practices Commission Form 700, Statement of Economic Interests, Service Provider shall file such Form 700 with the City Clerk's Office pursuant to the written instructions provided by the City Clerk. Acquisition or maintenance of a conflicting interest by Service Provider may result in termination of this Agreement by the City.

30. [RESERVED]

31. SUBCONTRACTING. If Service Provider requires the assistance of a subcontractor to render any services under this agreement, Consultant shall obtain prior written consent from the City before a subcontractor performs any service pursuant to this Agreement. All subcontractors shall be identified in the Scope of Work or Task Order attached to this Agreement as Exhibit A. Service Provider is fully responsible for satisfactory completion of all its subcontractors' work. All subcontractors shall be properly licensed and insured; and bonded, if applicable. Service Provider shall be responsible for all liabilities regardless of nature, type, or cause, arising out of or resulting from or in connection with subcontractors performance pursuant to this Agreement or subcontractors failure to comply with any of its obligations in connection with this Agreement.

32. DISPUTES. Except as otherwise provided in these provisions, any dispute concerning a question of fact arising under this Agreement, shall be decided by the City's Designated Representative, who shall reduce this decision to writing and mail a copy to the Service Provider. The decision of the City's Designated Representative shall be final and conclusive unless Service Provider requests mediation within ten (10) calendar days. Pending final decision of a dispute, the Service Provider shall proceed diligently with the performance of the Agreement and in accordance with the decision of the City's Designated Representative.

33. DISPUTE RESOLUTION. Should an unresolved dispute arise out of this Agreement, any Party may request that it be submitted to mediation. The Parties shall meet in mediation within a reasonable time not to exceed forty-five (45) days of a request. The mediator shall be agreed to by the mediating Parties. In the absence of an agreement on a mediator, the Parties shall each submit one name from mediators listed by the American Arbitration Association, the California State Board of Mediation and Conciliation, or other agreed-upon service. The mediator shall be

selected by a "blindfold" process. The cost of mediation shall be borne equally by both Parties. Neither Party shall be deemed the prevailing Party. No Party shall be permitted to file a legal action without first meeting in mediation and making a good faith attempt to reach a mediated settlement. The mediation process, once commenced by a meeting with the mediator, shall last until agreement is reached by the Parties but not more than sixty (60) calendar days, unless the maximum time is extended in writing by both Parties.

34. AUDIT. City shall have the option of inspecting, auditing and/or reproducing all records and other written materials: used by Service Provider in preparing its billings to CITY as a condition precedent to any payment to Service Provider; or for other purposes relating to the Agreement. Service Provider will promptly furnish all documents requested by City. Additionally, if this Agreement is in excess of $10,000, the State Auditor may examine and audit Service Provider for a period of 3 years after final payment under the Agreement. Regardless of whether a State audit is permitted, Service Provider shall maintain and preserve all such records for a period of at least 3 years after final payment under the Agreement or until an audit has been completed and accepted by City, whichever occurs later. Service Provider shall maintain all such records in City or to promptly reimburse City for all reasonable costs incurred in conducting the audit at a location other than in City, including but not limited to expenses for personnel, salaries, private auditor, travel, lodging, meals and overhead. Service Provider shall include a copy of this Section in all contracts with its subcontractors, and Service Provider shall be responsible for immediately obtaining those records or other written material from its subcontractors upon a request by the State Auditor and/or City.

35. ADVERTISING AND PUBLICITY. Service Provider shall not use the name of or refer to City directly or indirectly in any advertisement, news release, or professional or trade publication without prior written approval from the City Manager. This Section shall survive the termination of this Agreement.

36. NONDISCRIMINATORY EMPLOYMENT. Service Provider shall not unlawfully discriminate against any individual based on race, color, religion or religious creed, national origin, ancestry, ethnic group identification, primary language, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, sex, sexual orientation, age, immigration status, citizenship or military and veteran status. Service Provider understands and agrees that it is bound by and will comply with all legal nondiscrimination mandates. For every subcontractor who will perform Services, Service Provider shall be responsible for such subcontractor's compliance with this Section.

37. **FORCE MAJEURE.** Neither the Service Provider nor the City shall be responsible for any delay caused by any contingency beyond their control, including, but not limited to, war or insurrection, walkouts by the Party's own employees, fires, natural calamities, riots, or demands or requirements of governmental agencies other than the City.

38. **GOVERNING LAW.** The terms of this Agreement shall be interpreted according to the laws of the State of California. Should litigation occur, venue shall be in the Superior Court of California, County of Ventura.

39. **SEVERABILITY.** If any portion of this Agreement is declared by a court of competent jurisdiction to be invalid or unenforceable, then such portion will be deemed modified to the extent necessary in the opinion of the court to render such portion enforceable and, as so modified, such portion and the balance of this Agreement will continue in full force and effect and be enforceable.

40. **INTEGRATED AGREEMENT.** This Agreement and the attached exhibits referenced herein to this Agreement represent the entire understanding between the Parties. No verbal agreement or implied covenant shall be held to vary the provisions of this Agreement. This Agreement shall bind and inure to the benefit of the Parties to this Agreement and any subsequent successors and assigns.

41. **NO THIRD-PARTY BENEFICIARY.** This Agreement shall not be construed to be an agreement for the benefit of any third-party or parties, and no third party or parties shall have any claim or right of action under this Agreement.

42. **AUTHORITY TO EXECUTE.** Each Party hereto expressly warrants and represents that through its Designated Representative it has the authority to execute this Agreement on behalf of its corporation, partnership, business entity, or governmental entity, and warrants and represents that the Designated Representative has the authority to bind each Party to the performance of its obligations hereunder.

43. **EXECUTION – COUNTERPARTS.** This Agreement may be executed in any number of counterparts and each such duplicate counterpart shall constitute an original, but they shall not be effective nor enforceable unless and until it is executed with the handwritten signature or electronic signature of an authorized representative of each of the relevant Parties. No counterpart shall be deemed to be an original or presumed delivered unless and until the counterpart executed by the other Party to

this Agreement is in the physical possession of the Party seeking enforcement thereof.

44. INCONSISTENT OR CONFLICTING TERMS. In the event of any contradictions or inconsistencies between any attached documents or exhibits incorporated by reference herein and the provisions of the Agreement itself, the terms of the Agreement shall control. Any exhibit that is attached and incorporated by reference shall be limited to the purposes for which it is attached, as specified in this Agreement. Any contractual terms or conditions contained in such exhibit imposing additional obligations on the City are not binding upon the City's Designated Representative unless specifically agreed to in writing, and initiated by City's Designated Representative, as to each additional contractual term or condition.

45. ACKNOWLEDGEMENT. By signing below, Service Provider acknowledges that it has reviewed the City's General Services Agreement terms and conditions and insurance requirements and that Service Provider hereby agrees to full compliance.

[Signatures on next page]

In witness whereof, the Parties have entered into this Agreement effective on the date as written in section 4 and upon signature of all Parties.

EXHIBIT A

GENERAL SERVICE AGREEMENT
(City of Oxnard and Vida Newspaper)

SCOPE OF SERVICES

Newspaper should use the least amount of space necessary to present a readable and pleasing advertisement. The City may require modification of the type size or style. The newspaper must seek approval to change the size and/or style from the City employee requesting the publication.

i. Newspaper shall publish all legal notices and legal advertisements for and on request of City and shall provide City with written proof of publication of each item within one week of the last publication of the item. Written proof of publication shall be in a form acceptable to the City Clerk ("Clerk"). Such services shall be referred to herein as "the services."

ii. The term "legal notices" refers to legal notices that the law requires to be published and that are identified as legal notices on the form sent by City to Newspaper, requesting publication. Legal notices will be published in the legal notice section of the newspaper. Newspaper shall publish legal notices using a standard 7-point type for the body and 8-point type for the heading in the Spartan Classified style.

iii. The term "legal advertisements" refers to legal notices that the law requires to be published and that are identified as legal advertisements on the form sent by City to Newspaper, requesting publication. Legal advertisements are legal notices published with a border and City logo in the legal notice section of the newspaper. Newspaper may print in other sections of the newspaper with the permission of the city employee requesting the publication. The size of the logo must be appropriate to the size of the advertisement and not overwhelm the reader. Newspaper shall publish legal advertisements using a standard 8-point type for the body and 10-point type for the heading in the Helvetica style. City may require modification of the type size or style. Newspaper may also change the type size and/or style with permission of the city employee requesting the publication. Newspaper shall use the least amount of space possible to present a readable advertisement.

EXHIBIT B

GENERAL SERVICE AGREEMENT
(City of Oxnard and Vida Newspaper)

SCHEDULE OF COMPENSATION

Description	Price
Cost for legal notice City-wide (without) contract	$37.50/inch
Cost for legal notice County-wide (without) contract	$37.50/inch
Cost for legal City-wide notice (with contract)	$12.50/inch
Cost for legal County-wide notice (with contract)	$12.50/inch
Cost, if any, to publish late items	$0.00
Any additional costs amounts for advertisement on a specific day of the week	$0.00
Costs to publish in various sections of Newspaper/Website (excluding legal advertising)	$0.00
Cost of posting ads on Newspaper's website (cost each per posting)	$0.00
Spanish translation services cost per word	$ .20/word
Cost to post content on the website	$0.00

Living Wage Policy

INSURANCE REQUIREMENTS FOR CONSULTANTS
(WITHOUT ERRORS AND OMISSIONS REQUIREMENT)

1. Consultant shall obtain and maintain during the performance of any services under this Agreement the following insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of services hereunder by Consultant, its agents, representatives, employees or subconsultants.

a. Commercial General Liability Insurance, including Contractual Liability, in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for general liability with coverage equivalent to Insurance Services Office Commercial General Liability Coverage (Occurrence Form CG 0001). If a general aggregate limit is used, that limit shall apply separately to the project or shall be twice the occurrence amount;

b. Business automobile liability insurance in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for automobile liability with coverage equivalent to Insurance Services Office Automobile Liability Coverage (Occurrence Form CA0001) covering Code No. 1, "any auto";

c. Workers' compensation insurance in compliance with the laws of the State of California, and employer's liability insurance in an amount not less than $1,000,000 per claimant. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City.

2. Consultant shall, prior to performance of any services, file with the Risk Manager certificates of insurance with original endorsements affecting coverage required by this Exhibit INS-B. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be on the attached forms or on other forms approved by the Risk Manager. All certificates and endorsements are to be received and approved by the Risk Manager before work commences. City reserves the right to require complete certified copies of all required insurance policies at any time. The certificates of insurance and endorsements shall be sent via email. If you have not received your request or are having difficulty with electronic upload, contact insurance@oxnard.org

3. Consultant agrees that all insurance coverages shall be provided by a California admitted insurance carrier with an A.M. Best rating of A:VII or better and shall be endorsed to state that coverage may not be suspended, voided, canceled by either party, or reduced in coverage or limits without 30 days' prior written notice to the Risk Manager. The Risk Manager shall not approve or accept any endorsement if the endorsement contains "best effort" modifiers or if the insurer is relieved from the responsibility to give such notice.

4. Consultant agrees that the commercial general liability and business automobile liability insurance policies shall be endorsed to name City, its City Council, officers, employees and volunteers as additional insureds as respects: liability arising out of activities performed by or on behalf of Consultant; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, its City Council, officers, employees and volunteers. **The General liability Special Endorsement Form and Automobile Liability Special Endorsement Form attached to this Exhibit INS-B or substitute forms containing the same information and acceptable to the Risk Manager shall be used to provide the endorsements (ISO form CG 2010 11/85 or if not available. CG 2010 with an edition date prior to 01/04 and CG 2037).**

5. The coverages provided to City shall be primary and not contributing to or in excess of any existing City insurance coverages **(this must be endorsed)**. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its City Council, officers, employees and volunteers. The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

6. Any deductibles or self-insured retentions must be declared to and approved by the Risk Manager. At the option of the Risk Manager, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City, its City Council, officers, employees and volunteers, or the contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

7. All insurance standards applicable to Consultant shall also be applicable to Consultant's subconsultants. Consultant agrees to maintain appropriate agreements with subconsultants and to provide proper evidence of coverage upon receipt of a written request from the Risk Manager.

INSTRUCTION FOR SUBMITTING INSURANCE CERTIFICATES AND ENDORSEMENT FORMS

Certificates of Insurance

The sample accord form on the following page is provided to facilitate your preparation and submission of certificates of insurance. You may use this or any industry form that shows coverage as broad as that shown on the attached sample. **Please note the certificate holder address must be as shown on the attached sample accord form with the contract number and insurance exhibit identification information completed.** Improperly addressed certificates may delay the contract start-up date because the City's practice is to return unidentifiable insurance certificates to the insured for clarification as to the contract number. **Cancellation provisions must be endorsed to the policy. Modifying the certificate does not change coverage or obligate the carrier to provide notes of cancellation.**

Endorsement Forms

Original endorsements are required for general liability and automobile liability insurance policies and must be attached to the applicable certificate of insurance. City preference is that you use the endorsement forms which are attached. Substitute forms will be accepted, however, as long as they include provisions comparable to the attached.

In consideration of the premium charged and notwithstanding any inconsistent statement in the policy to which this endorsement is attached or any endorsement now or hereafter attached thereto, insurance company agrees as follows:

1. **INSURED**. The City, its officers, agents, employees and volunteers are included as insureds with regard to liability and defense of suits arising from the operations, products and activities performed by or on behalf of the named insured.

2. **CONTRIBUTION NOT REQUIRED**. As respects: (a) work performed by the named insured for or on behalf of the City; or (b) products sold by the named insured to the City; or (c) premises leased by the named insured from the City, the insurance afforded by this policy shall be primary insurance as respects the City, its officers, agents, employees or volunteers; or stand in an unbroken chain of coverage excess of the named insured's scheduled underlying primary coverage. In either event, any other insurance maintained by the City, its officers, agents, employees or volunteers shall be in excess of this insurance and shall not contribute with it.

3. **SEVERABILITY OF INTEREST**. This insurance applies separately to each insured against whom claim is made or suit is brought except with respect to the company's limits of liability. The inclusion of any person or organization as an insured shall not affect any right which such person or organization would have as a claimant if not so included.

4. **CANCELLATION NOTICE**. With respect to the interests of the City, this insurance shall not be canceled, or materially reduced in coverage or limits except after thirty (30) days prior written notice by receipted delivery has been given to the City.

5. **PROVISIONS REGARDING THE INSURED'S DUTIES**. Any failure to comply with reporting provisions of the policy or breaches or violations of warranties shall not affect coverage provided to the City, its officers, agents, employees or volunteers.

6. **SCOPE OF COVERAGE**. This policy, if primary, affords coverage at least as broad as:
   a. Insurance Services Office Commercial General Liability Coverage, "occurrence" form CG0001; or
   b. If excess, affords coverage which is at least as broad as the primary insurance form CG0001,

Except as stated above nothing herein shall be held to waive, alter or extend any of the limits, conditions, agreements or exclusions of the policy to which this endorsement is attached.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.4

DATE: June 16, 2026

TO: City Council

FROM: Terrel Harrison, Cultural & Community Services Director, (805) 385-7994, terrel.harrison@oxnard.org

SUBJECT: Amendment to Lease Agreement with Catalyst Family, Incorporated.

RECOMMENDATION

That the City Council approve and authorize the Mayor to execute a First Amendment to Lease Agreement with Catalyst Family, Incorporated (A-8527) extending the lease term for an additional two (2) years (July 1, 2026 through June 30, 2028), for a portion of the South Oxnard Community Center at 200 East Bard Road, with a total lease amount of $225,417.48 over the two-year extension term (increasing the overall agreement value to $543,342.36)

(This item did not originate in Committee.)

BACKGROUND

Catalyst Family Incorporated (CFI), a California nonprofit corporation, has a 49-year history of providing high-quality childcare programs for infant, preschool and school-age children in Ventura County. CFI programs serve children and families who qualify for state subsidies through the California Department of Education, Early Education and Support Division, as well as private fee-paying families during the school year. Licensed by the California Department of Social Services, Community Care Licensing Division, CFI operates multiple centers throughout Oxnard while providing preschool services for ages 0-5 at the South Oxnard Center. In 1993, the City of Oxnard contracted partial use of the South Oxnard Center with CFI to provide childcare services and has continued the relationship for the past 33 years. On June 30, 2026, the most recent lease agreement between the City of Oxnard and CFI will expire. The proposed amendment to the agreement to lease the South Oxnard Center to CFI is for a two (2) year term. The term will commence on July 1, 2026, and terminate on June 30, 2028. The contract includes a 2.5% annual increase on the base rent of $9,050.19. The first-year rent is $9,276.44 per month, followed by a second-year increase of 2.5%, bringing the monthly rent to $9,508.35, for a total of $225,417.48 over the two-year lease term.

Agreement A-8527 is currently valued at $317,924.88; approval of this amendment will increase the value by $225,417.48 for a total agreement value of $543,342.36.

STRATEGIC PRIORITIES

This agenda item supports the Quality of Life strategy. The purpose of the Quality of Life strategy is to restore and increase quality services and programs that enrich Oxnard's diverse community, promotes safe neighborhoods, encourages community engagement, and supports our residents in their efforts to improve their quality of life.

FINANCIAL IMPACT

If approved, the lease agreement will generate $225,417.48 in lease revenue over two years. Fiscal Years 2026-27 and 2027-28 will include the total lease agreement amount in the General Fund revenue budget (Recreation Fees/Lease Revenue account - 101-5501-43310/Project T0078).

Time Frame	Monthly Rent	Total Yearly Amount
July 1, 2026 - June 30, 2027	$9,276.44	$111,317.28
July 1, 2026 - June 30, 2027	$9,508.35	$114,100.20
Total		**$225,417.48**

COMMITTEE OUTCOME

This item is a routine lease renewal and did not originate in Committee.

Prepared by: Pam Morrison, Cultural & Recreation Services Manager

ATTACHMENTS

1. 2023 Catalyst Agreement (A-8527)
2. Catalyst 2026 -2028 Amendment

Contract No. A-8527

LEASE

This Lease ("Lease") is made as of the 1st day of July 2023, by and between the CITY OF OXNARD, ("Landlord") and Catalyst Family, Incorporated (collectively "Tenant"). Each Landlord and Tenant are sometimes hereinafter referred to as a "Party" and collectively as the "Parties."

Article 1 Leased Premises

Landlord hereby leases to Tenant, and Tenant leases from Landlord for the term, at the rental, and pursuant to the covenants, provisions, and conditions set forth herein, that certain space (the "Leased Premises") situated at 200 East Bard Road in the South Oxnard Community Center ("Building"). The Leased Premises are outlined and defined in Exhibit "A" attached hereto and incorporated by this reference in full herein.

Article 2 Term

The term of this Lease ("Term") shall commence on July 1, 2023 (the "Commencement Date") and shall expire on June 30, 2026 (the "Termination Date"), subject to earlier termination as provided herein. Time is of the essence in this Lease.

Article 3 Rent

3.1 Base Rent. During the Term, the Tenant agrees to pay Landlord as "Base Rent" for the Leased Premises, detailed below:

Time Frame	Monthly Rent	Increase	Total Yearly Amount
July 1, 2023-June 30, 2024	$ 8,614.10	2.5%	$ 103,369.20
July 1, 2024-June 30, 2025	$ 8,829.45	2.5%	$ 105,953.40
July 1, 2025-June 30, 2026	$ 9,050.19	2.5%	$ 108,602.28
Total			$ 317,924.88

Base Rent shall be due and payable to the Landlord on the first day of each and every calendar month during the Term. Base Rent for the first month of the Term, or a portion thereof, shall be paid concurrently with the execution of this Lease. If the Commencement Date is not the first day of a calendar month, or if the Term ends on a day other than the last day of a calendar month, then the rental for a such partial month(s) shall be prorated based on a 30-day month.

3.2 Annual Adjustment of Base Rent. The Base Rent shall be increased every year after the Commencement Date ("1st of July") during the Term in an amount equal to two and a half percent (2.5%).

3.3 Additional Rent. All amounts due from Tenant to Landlord under this Lease other than Base Rent shall constitute "Additional Rent." The Base Rent and Additional Rent are

sometimes collectively referred to hereinafter as "Rent." Rent shall be paid to Landlord, without deduction or offset, in lawful money of the United States of America, which shall be legal tender at the time of payment, at the office of Landlord or to such other person or at such other place as Landlord may from time to time designate in writing.

3.4 Interest; Late Charges. All amounts due and unpaid under this Lease shall accrue interest from the date due until paid at the lesser of the prime or reference rate charged by the Bank of America, N.A. plus three percent (3%) or the highest rate permitted by law (the "Default Rate"). It is also agreed between the Parties that if any installment of Base Rent shall be due hereunder and unpaid as of the fifth (5th) day of any month, a five percent (5%) late/administrative charge shall be immediately added to the amount owing and shall also be due and payable, the Parties recognizing that they cannot establish with certainty the damage and additional administrative expense Landlord will suffer in the event Tenant fails to pay the such amount when due and the Parties agreeing that such late charge represents the reasonable estimate of the Parties as to the amount of such damage and additional administrative expense.

INITIAL Tenant: _____ **Landlord:** _____

3.5 Additional Expenses Payable by Tenant. Tenant shall pay a reasonable charge determined by Landlord for any use of utilities or services in excess of utilities or services customarily provided for Tenant or in addition to those set out in Section 10, which Section covers normal utility charges. Tenant shall pay for any additional or unusual janitorial or security guard services required by reason of Tenant's use of the Premise or by reason of improvements in the Premises other than improvements made by Landlord.

Article 4 Security Deposit

If Tenant is in default under this Lease, Landlord may use the security deposit, or any portion of it, to cure the default or to compensate Landlord for all damage sustained by Landlord resulting from such default. Tenant shall immediately on demand pay to Landlord a sum equal to the portion of the security deposit expended or applied by Landlord as provided in this Section so as to maintain the security deposit in the sum initially deposited with Landlord. If Tenant is not in default and has vacated the Leased Premises by the Termination Date, Landlord shall return the security deposit to the Tenant. Landlord's obligations with respect to the security deposit are those of a debtor and not a trustee. Landlord may maintain the security deposit separate and apart from Landlord's general funds or can commingle the security deposit with Landlord's general and other funds. Landlord shall not be required to pay the Tenant interest on the security deposit.

Article 5 Delivery and Condition of Leased Premises

5.1 Landlord shall deliver physical possession of the Leased Premises to Tenant upon the execution of this Lease by both Parties. Tenant hereby accepts the Leased Premises in its existing "AS IS" condition as of the date hereof subject to all applicable zoning, municipal, county, and state laws, ordinances, and regulations governing the use of the Leased

Premises, and any easements, licenses, covenants, conditions or restrictions of record, including without limitation any Declaration of Covenants, Conditions, and Restrictions, executed by Landlord, and accepts this Lease subject thereto and subject to all matters disclosed thereby.

5.2 Tenant acknowledges that Landlord has not made any representation or warranty whatsoever as to the condition of the Leased Premises including, but not limited to, the condition of the existing building or the electrical, plumbing, fire sprinkler pressure (if there are any fire sprinklers), lighting, air conditioning and heating therein, or the present or future suitability of the Leased Premises for the conduct of Tenant's business.

5.3 Landlord shall not be liable for any latent or patent defects in or about the Leased Premises. Tenant hereby waives all other express or implied warranties or representations regarding any latent or patent defects in the Leased Premises.

5.4 Tenant shall, upon taking possession of the Leased Premises, and with Landlord's prior written approval, prepare plans ("Plans") and obtain all necessary permits for, and commence construction upon the Leased Premises of, any and all improvements necessary to open and operate Tenant's business (the "Improvements").

Article 6 Use of Leased Premises

6.1 Limitation on Use. Tenant shall use the Leased Premises solely for six daycare classrooms of approximately 830 square feet each and the adjacent office corridor space, a fenced play yard location, a temporary play yard in the courtyard, and kitchen usage only for scheduled hours of operation, as described in Exhibit E, attached hereto and incorporated herein by this reference.

6.2 Tenant's Operation of Business. Tenant shall continuously and uninterruptedly during the entire Lease Term:

6.2.1 At a minimum, remain open for business during usual business hours Monday through Friday, except customary federal and state holidays;

6.2.2 Adequately staff its business with sufficient employees;

6.2.3 Conduct Tenant's business at all times in a first-class manner consistent with reputable business standards and practices, in good faith and in such a manner that the high reputation of the Landlord and the Premises is maintained; and

6.2.4 Warehouse, store or stock only such items as Tenant require to conduct its business.

6.3 Anti-discrimination and Equal Opportunity. Tenant shall, throughout the Term, comply with the provisions set forth in Exhibit "B" attached hereto and incorporated herein by this reference.

6.4 Prohibited Uses; Alterations. Tenant shall not do or permit anything to be done in or about the Leased Premises that in any way increase the existing rate of any fire or other insurance on the Building or any of its contents, or that causes a cancellation of any insurance policy covering the Building, the Leased Premises or any part of them or any of the contents thereof, or which constitutes an activity specifically excluded from the Landlord's insurance policy or any insurance Tenant is required by Landlord to obtain, which policies are described in Section 8 of this Lease. Tenant shall not commit or cause to be committed any nuisance or waste in or on the Leased Premises or permit anything to be done in or about the Leased Premises that will in any way conflict with the CC&Rs or any law, statute, ordinance, or governmental rule or regulation now in force or hereafter in force. Tenant shall not display, store, or sell merchandise or allow carts, portable signs, devices or any other objects to be stored or to remain outside the exterior walls and permanent doorways of the Leased Premises without Landlord's prior written consent. Tenant shall not, without the prior written consent of Landlord, sell merchandise from vending machines or allow any coin-operated vending or gaming machines on the Leased Premises. Except as otherwise provided herein, Tenant shall not make or cause to be made any alterations, repairs, additions, or improvements to any part of the Leased Premises, without the prior written consent of Landlord, which consent may be withheld in Landlord's sole and absolute discretion.

Article 7 Insurance

7.1 Tenant shall obtain and maintain during the performance of the Services the insurance coverages as specified in **Exhibit INS-K**, attached hereto and incorporated herein by this reference, issued by a company satisfactory to the Risk Manager, unless the Risk Manager waives, in writing, the requirement that Tenant obtain and maintain such insurance coverages.

7.2 Tenant shall, prior to the performance of the Services, file with the Risk Manager evidence of insurance coverage as specified in **Exhibit INS-K**. Evidence of insurance coverage shall be forwarded to the Risk Manager, addressed as specified in **Exhibit INS-K**.

7.3 Maintenance of proper insurance coverages by the Tenant is a material element of this Agreement. Tenant's failure to maintain or renew insurance coverages or to provide evidence of renewal may be considered as a material breach of this Agreement.

Article 8 Damage

8.1 Partial Damage-Insured. In the event the Leased Premises or the Building are damaged by any casualty which is covered under fire and extended coverage insurance carried by Landlord, then Landlord shall restore such damage provided sufficient insurance proceeds are available to pay for the cost of restoration and provided such restoration can be completed within one hundred and eighty (180) days after the commencement of the work in the opinion of a registered architect or engineer appointed by Landlord. In such event,

this Lease shall continue in full force and effect, and Tenant shall not be entitled to any abatement or reduction of Rent.

8.2 Partial Damage-Uninsured. In the event the Leased Premises or the Building are damaged by a risk not covered by Landlord's insurance or the proceeds of available insurance are less than the cost of restoration, or if the restoration cannot be completed within one hundred and eighty (180) days after the commencement of work in the opinion of the registered architect or engineer appointed by Landlord, then Landlord shall have the option either to (1) repair or restore such damage, this Lease continuing in full force and effect and Tenant shall not be entitled to any abatement or reduction of Rent, or (2) give notice to Tenant at any time within thirty (30) days after such damage terminating this Lease as of a date to be specified in such notice, which date shall be not less than thirty (30) nor more than sixty (60) days after giving such notice. In the event of the giving of such notice, this Lease shall expire and all interest of the Tenant in the Leased Premises shall terminate on the such date so specified in such notice and all Rent shall be paid to the date of such termination; provided, however, that Landlord agrees to refund to the Tenant any Base Rent theretofore paid in advance for any period of time subsequent to such date.

8.3 Total Destruction. In the event, the Leased Premises are totally destroyed or the Leased Premises cannot be restored as required herein under applicable laws and regulations, notwithstanding the availability of insurance proceeds, this Lease shall be terminated effective the date of the damage.

8.4 Landlord's Obligations. The Landlord shall not be required to repair any injury or damage by fire or other cause or to make any restoration or replacement of any decorations, partitions, floor covering or any other improvements or property installed in the Leased Premises by Tenant or at the direct or indirect expense of Tenant. Tenant shall be required to restore or replace same in the event of damage. Tenant shall have no claim against Landlord for any damage suffered by reason of any such damage, destruction, repair or restoration; nor shall Tenant have the right to terminate this Lease as the result of any statutory provision now or hereafter in effect pertaining to the damage and destruction of the Leased Premises or the Building including Sections 1932(2) and 1933(4) of the Civil Code of the State of California, except as expressly provided herein.

Article 9 Condemnation

If all or any part of the Leased Premises shall be taken or appropriated for public or quasi-public use by right of eminent domain with or without litigation or transferred by agreement in connection with such public or quasi-public use, either Party hereto shall have the right at is option exercisable within thirty (30) days of receipt of notice of such taking to terminate this Lease as of the date possession is taken by the condemning authority; provided, however, that before Tenant may terminate this Lease by reason of taking or appropriation as provided hereinabove, such taking or appropriation shall be of such an extent and nature as to substantially handicap, impede or impair Tenant's use of the Leased Premises. If any part of the Building other than the Leased Premises shall be so taken or appropriated, Landlord shall have the right at its option to terminate this Lease. No award for any partial or entire taking shall be apportioned,

and Tenant hereby assigns to Landlord any award which may be made in such taking or condemnation, together with any and all rights of Tenant now or hereafter arising in or to the same or any part thereof; provided, however, that nothing contained herein shall be deemed to give Landlord any interest in or to require Tenant to assign to Landlord any award made to Tenant for the taking of personal property and fixtures belonging to Tenant and/or for the interruption of or damage to Tenant's business.

Article 10 Utilities

Tenant shall pay for its pro rata share of all water, gas, heat, and electricity services supplied to the Leased Premises, based upon the ratio of the rentable floor area of the Lease Premises as compared to all space which is rented and occupied in the Building. For purposes of implementing the provisions of this Section 10, the Landlord and Tenant hereby agree that the Tenant shall pay for water, gas, wastewater, solid waste, electricity, heating, and air conditioning for the comfortable use and occupancy of the Premises. The utilities are billed by the utility co. & are paid separately from any lease. Tenant shall also pay for Tenant's own telephone service and alarm services charges including false alarms and all other services and/or utilities supplied to the Leased Premises. Tenant shall also pay for Tenant's own telephone service and alarm services charges including false alarms and all other services and/or utilities supplied to the Leased Premises. The City shall bill the Tenant for false alarm charges, and the Tenant shall pay City for such charges, within 30 days of receiving a such bill from the City. Notwithstanding the foregoing, Landlord shall not be liable in damages or otherwise for any failure, interruption, or unavailability of any utility service being furnished to the Leased Premises and no such failure or interruption shall entitle Tenant to terminate this Lease or receive any abatement of Rent hereunder.

Article 11 Taxes

Tenant shall pay at least ten (10) days before due, and before any fine, penalty, interest or cost shall be charged thereon, directly to the appropriate taxing or other governmental authority, all of the following:

11.1 Real estate and other ad valorem taxes and assessments of every kind and nature levied and assessed upon the Leased Premises and the underlying realty including, but not limited to, possessory interest taxes assessed against the leasehold interest created hereby and general and special assessments, whether foreseen or unforeseen.

11.2 Taxes, assessments, license fees, and public charges levied, assessed or imposed upon its business operation on the Leased Premises, (collectively, "Taxes"). Tenant shall deliver to Landlord copies of receipted bills for such Taxes within fifteen (15) days after receipt of such bills by Tenant. If any taxes on Tenant's personal property are levied against Landlord or Landlord's property, or if the assessed value of the Building is increased by the inclusion of a value placed on Tenant's personal property, and if Landlord pays the taxes on any of these items or the taxes based on the increased assessment caused by these items, Tenant, on demand, shall immediately reimburse Landlord for the sum of the taxes levied against Landlord, or the proportion of the taxes resulting from the increase in Landlord's

assessment. Landlord shall have the right to pay these taxes regardless of the validity of the levy.

Additionally, Landlord and Tenant agree that this Lease may create a possessory property interest which is subject to property taxation, in which event that party in whom such interest is vested may be subject to and shall pay such property taxes.

Article 12 Compliance with Laws

Tenant agrees to comply with all applicable zoning, municipal, county, and state laws, ordinances, and regulations governing the use of the Leased Premises, the CC&R, and any other covenants or restrictions of record. Tenant agrees to secure any federal, state, or local licenses or permits required in order to use the Leased Premises for the purposes specified hereinabove. The tenant shall secure such licenses and permits before the Commencement Date of this Lease.

Article 13 Indemnity and Exculpation

13.1 Indemnity. Tenant shall indemnify, defend and hold harmless Landlord, the City of Oxnard (the "City") and the Association (if there is one) and against any and all claims, liabilities, losses, costs, expenses, including without limitation attorneys' fees and costs ("Claims or Liabilities") including without limitation those resulting from theft, vandalism, personal injury, disability or death, and even if caused in whole or in part by the passive negligence of Landlord, its agents, staff or employees (e.g., failure to supervise or control, or warn of or remove a condition on or about the Leased Premises) arising from:

13.1.1 The condition of the Leased Premises and surrounding areas which are used by Tenant and Tenant's employees, staff, consultants, agents, contractors, suppliers, invitees, guests, patrons, licensees, successors and assigns (collectively, "Tenant's Representatives"),

13.1.2 Tenant's and Tenant's Representatives' use of the Leased Premises, Building and/or other areas of the Landlord's Premises including without limitation the construction of the Improvements and any other work performed therein,

13.1.3 Any breach or default in the performance of any obligation on Tenant's part to be performed under the terms of this Lease, and/or

13.1.4 The conduct of Tenant's business operated on or about the Leased Premises or any act or negligence of Tenant, or any of Tenant's Representatives, except that Tenant shall not indemnify, defend and hold harmless Landlord from and against any claims to the extent they result solely from the active negligence or willful misconduct of Landlord or Landlord's agents, staff, employees, consultants, officers, successors and assigns (collectively, "Landlord's Representatives").

In case any action or proceeding be brought against Landlord, the City, or the Landlord by reason of any such claim, the Tenant, upon notice from any such party, shall defend the same at Tenant's expense by counsel reasonably satisfactory to such party.

Tenant, as a material part of the consideration given to Landlord, hereby (i) assumes all risk of damage to property or injury to persons in, upon, or about the Leased Premises arising from any cause including, but not limited to, any theft, vandalism, damage, injury to person or death resulting from the condition of the Leased Premises during the Term hereof but excluding any claims (except for those claims arising from Landlord's alleged failure to supervise or control Tenant's actions or Tenant's use of the Leased Premises) arising from the active negligence or willful misconduct of Landlord, and (ii) waives all claims in respect thereof against Landlord and the City.

13.2 Exemption of Landlord From Liability. It is hereby agreed that Landlord shall not be liable for any injury or damage which may be sustained by the person, goods, wares, merchandise or property of the Tenant, its employees, invitees, or customers, or by any other person in or about the Leased Premises caused by or resulting from fire, steam, electricity, gas, water or rain which may leak or flow from or into any part of the Leased Premises, or from the breakage, leakage, obstruction or other defects of the pipes, sprinklers, wires, appliances, plumbing, air conditioning or lighting fixtures, whether said damage or injury results from conditions arising upon the Leased Premises or from other sources. It is hereby agreed that Landlord shall not be liable for any damages arising from any act or neglect of any other tenant of the Building.

Section 14 Default and Remedies

14.1 Default. The occurrence of any of the following shall constitute a material default and breach of this Lease by Tenant:

14.1.1 Any failure by Tenant to pay any Rent at the time said payment is due:

14.1.2 The abandonment or vacation (defined to be ten (10) or more days of continuous absence from the Leased Premises) of the Leased Premises by Tenant;

14.1.3 The failure by Tenant to observe and perform any other provision of this Lease to be observed or performed by Tenant, where such failure continues for fifteen (15) days after written notice thereof by Landlord to Tenant; provided, however, that if the nature of the default is such that the same cannot reasonably be cured within said fifteen (15) day period, Tenant shall not be deemed to be in default if Tenant shall within such period commence such cure and thereafter diligently prosecute the same to completion;

14.1.4 The making by Tenant of any general assignment or general arrangement for the benefit of creditors; the appointment of a trustee or receiver to take possession of substantially all of Tenant's assets located at the Leased Premises

or Tenant's interest in this Lease, where possession is not restored to Tenant within thirty (30) days; or the attachment, execution or other judicial seizure of substantially all of Tenant's assets located at the Leased Premises or of Tenant's interest in this Lease, where such seizure is not discharged within thirty (30) days.

14.2 Termination. In the event of any such default by Tenant, then in addition to any other remedies available to Landlord at law or in equity, Landlord shall have the immediate option to terminate this Lease and all rights of Tenant hereunder by giving written notice of such termination. In the event that Landlord shall elect to so terminate this Lease then Landlord may recover from Tenant:

14.2.1 The worth at the time of award of any unpaid Rent which had been earned at the time of such termination; plus

14.2.2 The worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus

14.2.3 The worth at the time of award of the amount by which the unpaid Rent for the balance of the term after the time of award exceeds the amount of such rental loss that Tenant proves could be reasonably avoided; plus

14.2.4 Any other amount necessary to compensate Landlord for all the detriment proximately caused by Tenant's failure to perform his obligations under this Lease or which in the ordinary course of events would be likely to result therefrom; plus

14.2.5 At Landlord's election, such other amounts in addition to or in lieu of the foregoing as may be permitted from time to time by applicable California law.

As used in subparagraphs 14.2.1 and 14.2.2 above, the "worth at the time of award" is computed by allowing interest at the Default Rate. As used in subparagraph 14.2.3 above, the "worth at the time of award" is computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus one percent (1%).

14.3 Additional Remedies

14.3.1 In the event of the vacation or abandonment of the Leased Premises by Tenant (as defined in Section 14.1.2 above), and if Landlord does not elect to terminate this Lease and Tenant's right to possession of the Leased Premises by electing the remedy provided in Section 14.2 above, then Landlord may, pursuant to Section 1951.4 of the Civil Code of the State of California, recover all Rent as it becomes due.

14.3.2 Landlord entry into the Leased Premises for maintenance purposes or in an attempt to relet the Leased Premises shall not be considered to terminate Tenant's right to possession of the Leased Premises and no entry of the Leased Premises by Landlord shall be construed as an election to terminate this Lease unless a written notice of such intention is given to Tenant or unless the termination thereof is decreed by a court of competent jurisdiction. Landlord may at any time after any default by Tenant elect to terminate this Lease pursuant to Section 14.2 above.

14.3.3 The rights of the Landlord under this Lease shall be cumulative to all other rights or remedies now or hereafter available to Landlord at law or in equity.

Article 15 Maintenance

15.1 Landlord's Obligation. Landlord shall maintain and make all necessary repairs to the Leased Premises including original fixtures and accessories, the heating, ventilation, and air conditioning system, and the common areas which include a parking lot, building signs, and landscaping, except landscaping in the area commonly referred to as the "play area" which shall be the responsibility of the Tenant.

15.2 Tenant's Obligations. Tenant shall be responsible for maintenance and repair of fixtures, appliances, and equipment provided by Tenant for its own use. Tenant shall be responsible for the costs of maintenance and repair of the Leased Premises that is required because of the neglect or misconduct of the Tenant, its officers, employees, agents, subcontractors, or users. Landlord may expend funds at the expense of the Tenant as are reasonably required to perform such work. Any amount so expended, together with interest thereon at the Default Rate from the date of payment by Landlord until the date of repayment by Tenant shall be paid by Tenant as Additional Rent hereunder. Landlord may, but shall not be required to, recover such expenditures from the security deposit established pursuant to Section 4 of this Lease. Landlord shall have no liability to the Tenant for any damage, inconvenience or interference with the use of the Leased Premises by the Tenant as a result of performing any such work. In the event of emergency repairs, Tenant hereby grants to Landlord the right to enter upon the Leased Premises at any time. Tenant has the responsibility to give notice of any attachments to fixtures or to the building that needs to be regulated and approved by the City of Oxnard Facilities.

Additionally, the Tenant shall be responsible for at least providing 2 (two) ServSafe Manager Certifications which verify that a manager or person-in-charge has sufficient food safety knowledge to protect the public from foodborne illness. Throughout hours of operation, the tenant will be required the upkeep equipment sanitation, all storage food and equipment needs to be placed 6 inches above the ground, maintain the facility clean, professionally steam clean the kitchen equipment including the stove, kitchen exhaust hood, all stainless steel including walls, and appliances twice a year. Any chemicals used in the kitchen or throughout the building by Catalyst Family, Incorporated needs to be disclosed to the City of Oxnard. All rules and regulations relating to the Fire Department and Ventura County Environmental Health Division need to be followed thoroughly as they pertain to the building.

15.3 Waiver by Tenant. Landlord shall have no obligation to repair or maintain the Leased Premises or improvements constructed therein except as provided in this Lease. Tenant hereby waives all right to make repairs at the expense of Landlord as provided for in any statute or law in effect at the time of execution of this Lease (including Section 1942 of the Civil Code of the State of California) or any amendment thereof or any other statute or law which may be hereafter enacted during the term of this Lease.

Article 16 Landlord's Right of Entry

Tenant shall permit Landlord or Landlord's Representatives to enter the Leased Premises at all reasonable times for the purpose of inspecting the Leased Premises to determine whether Tenant is complying with the terms of this Lease and for the purpose of doing other lawful acts that may be necessary to protect Landlord's interest in the Leased Premises under this Lease or to perform Landlord's duties under this Lease. Landlord also reserves and shall at any and all times have the right to enter the Leased Premises in connection with any utilities to be provided by Landlord to Tenant hereunder, to submit said Leased Premises to inspection by prospective purchasers or tenants or prospective or existing mortgagees, to post notices of non-responsibility and "for lease" signs, and to alter, improve or repair the Leased Premises and any portion of the Building without abatement of rent. Tenant hereby waives any claim for damages for any injury or inconvenience to or interference with Tenant's business, any loss of occupancy or quiet enjoyment of the Leased Premises, and any other loss occasioned thereby. For each of the aforesaid purposes, Landlord shall at all times have and retain a key with which to unlock all of the doors in, upon, and about the Leased Premises, excluding Tenant's vaults and safes, and Landlord shall have the right to use any and all means which Landlord may deem proper to open said doors in an emergency, the existence of which shall be determined by Landlord in its sole discretion, in order to obtain entry to the Leased Premises. Any entry to the Leased Premises obtained by Landlord by any of said means, or otherwise, shall not under any circumstances be construed or deemed to be a forcible or unlawful entry into, or detainer of, the Leased Premises, or eviction of Tenant from the Leased Premises or any portion thereof.

Article 17 Transfers

17.1 Assignment and Subletting. Tenant shall not voluntarily or by operation of law assign, license, franchise, transfer, mortgage, or otherwise encumber all or any part of Tenant's interest in this Lease or in the Leased Premises, and shall not sublet, franchise, or license all or any part of the Leased Premises, without the prior written consent of Landlord in each instance, which consent shall not be unreasonably withheld, and any attempted assignment, license, franchise, transfer, mortgage, encumbrance or subletting without such consent shall be wholly void. Without in any way limiting Landlord's right to refuse to give such consent for any other reason or reasons, Landlord reserves the right to refuse to give such consent if in the Landlord's discretion and opinion, the quality or character of the business operation conducted on the Leased Premises or throughout any other portion of the Building is or may be in any way adversely affected during the term of the Lease by such proposed assignment, license, franchise, transfer, mortgage, encumbrance or subletting, or if the financial worth, capability and/or liquidity of the proposed new tenant is less than that of Tenant at the time of the execution of this Lease or if the proposed

new tenant has less experience in operating a business of the specific type as Tenant's than does Tenant.

17.2 Bankruptcy. In the event that Tenant files any type of petition in bankruptcy or has same filed against it and Landlord does not elect to terminate this Lease or is deemed to have waived its right to terminate this Lease, and in the event that the trustee or receiver appointed by the bankruptcy court attempts to assume this Lease and thereupon or otherwise assign it to a third party, then:

17.2.1 Such assignee shall have a net worth at least equal to that of the Tenant at the time of execution of this Lease,

17.2.2 The business of the assuming third party shall be consistent with the character and concept of the Project, and

17.2.3 All other provisions of 11 U.S.C. 365, as well as other applicable Bankruptcy Law provisions for Landlord's protection, shall be satisfied before any assignment of Tenant's rights, or assumption of Tenant's obligations under this Lease. This subparagraph shall not be deemed to waive any of the Landlord's rights under Bankruptcy Law or otherwise.

17.3 Management. In the event Tenant fails to exercise such management and control of the business hereunder permitted to be conducted in the Leased Premises, as is ordinarily exercised by an owner of such a business, then Landlord shall have the right to approve the manager, franchisee, independent contractor, employee or other person or entity selected by Tenant to operate and conduct such business on the Leased Premises. The preceding sentence shall not be deemed to restrict Tenant from delegating day-to-day management of the Tenant's business, or taking vacations, but shall restrict Tenant from surrendering authority for setting general policy and business practices of the business. If Tenant makes such restricted selection or appointment without first securing Landlord's consent thereto, then Landlord, upon thirty (30) days' written notice to Tenant, shall have the right to terminate this Lease. Landlord shall not unreasonably withhold such consent.

17.4 Effect of Assignment. No approved subletting or assignment shall relieve Tenant of its obligation to pay all Rent and to perform all of the other obligations to be performed by Tenant hereunder. Tenant shall pay Landlord for Landlord's attorneys' fees for the review of any proposed assignment or sublease as provided herein. The acceptance of rent by the Landlord from any other person shall not be deemed to be a waiver by the Landlord of any provision of this Lease or to be a consent to any assignment, subletting or other transfer shall not be deemed to constitute consent to any subsequent assignment, subletting or other transfer.

Article 18 Rules and Regulations

Tenant and its employees, agents, and visitors shall observe faithfully the Rules and Regulations as set forth in Exhibit "C" attached hereto and incorporated by this reference in full herein, and

such other and further reasonable Rules and Regulations as Landlord may from time to time adopt. Landlord shall not be liable for the violation of any Rules and Regulations or the breach of any provision of any lease by any other tenant or another party in the Landlord's premises.

Article 19 Attorneys' Fees

In case of any action or proceeding brought by either Party against the other under this Lease, the prevailing Party shall be entitled to recover reasonable attorneys' fees and costs incurred.

Article 20 Notices

20.1 All communications, notices, and demands of any kind that either Party may be required or desires to give to or serve on the other Party shall be made in writing and delivered personally or sent by registered or certified mail or Federal Express (or other like overnight delivery service) to the following addresses:

To Landlord:	**City of Oxnard Recreation**
	305 West Third Street, West Wing, 1st Floor
	Oxnard, CA 93030
With a copy to:	Catalyst Family, Inc. 350 Woodview Ave., Ste.# 100 Morgan Hill, CA 95037 Attn: Contracts Dept.
Tenant:	Susan Dumars, President
	Catalyst Family, Inc. 350 Woodview Ave., Ste.# 100 Morgan Hill, CA 95037

20.2 Any such notice shall be presumed to have been received on the earlier of:

20.2.1 Personal delivery to the address(es) shown above,

20.2.2 One (1) day after delivery to Federal Express or other like overnight delivery service, or

20.2.3 Forty-eight (48) hours after posting in the United States mail. Either Party may change its address by giving the other Party written notice of its new address.

Article 21 Subordination; Attornment

21.1 Upon request of Landlord or any mortgagee or beneficiary of Landlord, Tenant shall, in a writing provided by Landlord or any mortgagee or beneficiary of Landlord, subordinate its rights hereunder to the lien of any mortgage or deed of trust or ground lease ("Mortgage"), now or hereafter in force against the land, Leased Premises, and Building, and to all advances made or hereafter to be made upon the security thereof, provided that such Mortgage shall not materially impair Tenant's rights under this Lease, or impose any additional obligations upon Tenant. Tenant further agrees, upon request of Landlord or any mortgagee or beneficiary of Landlord, to provide to Landlord and/or any such mortgagee or beneficiary, financial statements of Tenant and the principal owners of Tenant within ten (10) days after request therefor.

21.2 In the event any proceedings are brought for the foreclosure of any mortgage or deed of trust encumbering the Building, or any portion thereof, or in the event of the exercise of the power of sale under any mortgage or deed of trust made by the Landlord covering the Leased Premises, Tenant shall attorn to the purchaser upon any such foreclosure or sale and recognize such purchaser as the landlord under this Lease.

21.3 The provisions of this Section 21 to the contrary notwithstanding, and so long as Tenant is not in default hereunder, this Lease shall remain in full force and effect for the full term hereof.

Article 22 Surrender

By entry hereunder, Tenant accepts the premises as being in good and sanitary order, condition, and repair and agrees on the last day of the said Term, or sooner termination of this Lease, to surrender unto Landlord the Leased Premises with said appurtenances in the same condition as when received, reasonable use and wear excepted, and to remove all of the Tenant's personal property from the Leased Premises. Tenant shall, upon the request of Landlord, remove from the Leased Premises those trade fixtures and other improvements identified by Landlord and installed in the Leased Premises by or at the direction of Tenant, and Tenant shall repair any damage occasioned by such removal.

Article 23 Holding Over

If Tenant, with Landlord's express written consent, remains in possession of the Leased Premises after expiration of this Lease, such possession by Tenant shall be deemed to be a tenancy from month-to-month at a Base Rent determined in accordance with Sections 3.1 and 3.2 above (with the commencement date of such tenancy constituting an Adjustment Date) and upon all provisions of this Lease applicable to such a month-to-month tenancy. If Tenant remains in possession of the Leased Premises after expiration or earlier termination of this Lease without the express written consent of Landlord, such possession by Tenant shall be deemed a tenancy at sufferance at a rental rate of three hundred percent (300%) of the rental rate in effect as of such expiration or earlier termination.

Article 24 Estoppel Certificate

Within ten (10) days after request by Landlord (which request may be from time to time as often as reasonably required by Landlord), Tenant shall execute and deliver to Landlord a statement substantially in the form of Exhibit "D", attached hereto. Any such statement may be conclusively relied upon by any prospective purchaser or encumbrances, of the Leased Premises or of all or any portion of the Building of which the Leased Premises are a part. Tenant's failure to deliver such statement within ten (10) days of Landlord's written request therefor shall be a binding agreement of Tenant:

24.1 That this Lease is in full force and effect without modification except as may be represented by Landlord,

24.2 That there are no uncured defaults in Landlord's performance hereunder, and

24.3 That not more than one monthly installment of Base Rent has been paid in advance.

Further, such failure to deliver the such certificate (showing any exceptions to any of the statements of fact required thereby) shall be a material default under this Lease.

Article 25 Binding on Successors and Assigns

Each provision of this Lease performable by Tenant shall be deemed both a covenant and a condition. The terms, conditions, and covenants of this Lease shall be binding upon and shall inure to the benefit of each of the Parties, their heirs, personal representatives, and permitted successors and assigns.

Article 26 Waivers

No waiver by the Landlord of any provision hereof shall be deemed a waiver of any other provision hereof or of any subsequent breach by the Tenant of the same or any other provisions. The subsequent acceptance of Rent hereunder by Landlord shall not be deemed to be a waiver of any preceding breach by Tenant of any term, covenant, or condition of this Lease, other than the failure of Tenant to pay the particular Rent so accepted, regardless of Landlord's knowledge of the such preceding breach at the time of acceptance of such Rent. No term, covenant, or condition of this Lease shall be deemed to have been waived by Landlord unless such waiver is in writing and signed by Landlord.

Article 27 Entire Agreement; Amendments

There are no oral or written agreements or representations between the Parties affecting this Lease, and this Lease supersedes and cancels any and all previous negotiations, arrangements, representations, agreements, and understandings, if any, between the Parties with respect to the subject matter thereof, and none thereof shall be used to interpret or construe this Lease. All reliance by either Party with respect to representations and warranties shall be solely upon the representations and agreements contained in this Lease. No amendment or addition to this Lease

shall be binding upon the Parties unless in writing, signed, and delivered by the Party to be charged.

Article 28 No Broker

Tenant represents and warrants that it has dealt with no real estate brokers, leasing agents, or finders in connection with or arising out of any of the transactions contemplated by this Lease, and covenants and agrees to indemnify, defend and save Landlord harmless from any and all losses, liability, damages, and expenses (including reasonable attorneys' fees and costs), that may arise from a breach of this representation and warranty.

Article 29 Severability

If any provisions of this Lease shall be determined to be void by any court of competent jurisdiction, then such determination shall not affect any other provision of this Lease and all such other provisions shall remain in full force and effect. It is the intention of the Parties that if any provision of this Lease is capable of two constructions, one of which would render the provision void and the other of which would render the provision valid, then the provision shall have the meaning which renders it valid.

Article 30 Applicable Law

The laws of the State of California shall govern the validity, performance, and enforcement of this Lease. This Lease shall not be construed either for or against Landlord or Tenant, but this Lease shall be interpreted in accordance with the general tenor of the language in an effort to reach an equitable result.

Article 31 Corporate Tenant; Partnership

In the event Tenant (or a general partner of Tenant) shall be a corporation, the persons executing this Lease on behalf of the such corporation hereby covenant, represent, and warrant that such corporation is a duly constituted corporation in good standing and qualified to do business in the State of California; all franchise and corporate taxes have been paid to date; all future forms, reports, fees, and other documents necessary to comply with applicable laws will be filed when due; and such persons are duly authorized by the governing body of such corporation to execute and deliver this Lease on behalf of the corporation. In the event Tenant is a partnership, the persons executing this Lease on behalf of Tenant hereby represent and warrant that Tenant is duly organized and validly existing and is qualified to do business in the State of California; all future forms, reports, fees, and other documents necessary for Tenant to comply with applicable laws will be filed by Tenant when due; and such persons are authorized to execute and deliver this Lease on behalf of the partnership.

Article 32 Waiver of Redemption Rights

Tenant hereby expressly waives any and all rights of redemption granted by or under any present or future laws in the event of Tenant being evicted or dispossessed for any cause or in the event

of Landlord obtaining possession of the Leased Premises by reason of the violation by Tenant of any of the covenants and conditions of this Lease or otherwise. The rights given to Landlord herein are in addition to any rights that may be given to Landlord by any statute or otherwise.

Article 33 No Reservation or Option

The submission of this Lease for examination does not constitute a reservation of or option for the Leased Premises and this Lease shall become effective as a lease only upon execution thereof by Landlord and Tenant.

Article 34 Counterparts

This Lease may be executed in counterparts, each of which shall be deemed to be an original document.

ANTI-DISCRIMINATION AND EQUAL OPPORTUNITY

Tenant, for itself, its successors and assigns, and all persons claiming under or through it, covenants that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry, in the leasing, subleasing, transferring, use, occupancy, tenure or enjoyment of the Leased Premises, nor shall Tenant or any person claiming under or through it, establish or permit any practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy, of tenants, licensees, employees or vendees in the Leased Premises or the improvements thereon. The foregoing covenants shall run with the land.

Tenant, for itself, its successors and assigns, and all persons claiming under or through it, covenants that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the construction of any improvements on the Leased Premises.

The Tenant shall refrain from restricting the rental or lease of the Leased Premises on the basis of race, color, creed, religion, sex, marital status, ancestry, or national origin of any person. All leases, deeds or contracts which Tenant proposes to enter into with respect to the lease, sublease, transfer, use, occupancy, tenure or enjoyment of any land in the Leased Premises shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses which shall be binding on all contracting parties or transferees:

(a) In leases:

"The tenant herein covenants by and for himself or herself, his or her heirs, executors, administrators and assigns, and all persons claiming under or through him or her, and this lease is made and accepted upon and subject to the following conditions:

"That there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry, in the leasing, sub-leasing, transferring, use, occupancy, tenure or enjoyment of the premises herein leased, nor shall the tenant himself or herself, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the premises herein leased."

(b) In contracts:

"There shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the premises, nor shall any party to this contract, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the land."

Exhibit "C"

Rules and Regulations

RULES AND REGULATIONS

THESE RULES AND REGULATIONS are published by the CITY OF OXNARD ("Landlord") for the Catalyst Family, Inc. ("CFI") for the purpose of regulating the deportment of the occupants and the use of the CFI necessary or convenient for the property operation, maintenance, and care of the CFI. The term "CFI" shall include all present and future buildings or structures and the parking lots, ramps, platforms and docks, and other areas and improvements included within the CFI. The term "Premises" shall refer to that portion of the CFI rented to Tenants.

Landlord reserves the right at any time to rescind any one or more of these Rules and Regulations, or to make such other and further reasonable Rules and Regulations as in the Landlord's judgment may from time to time be necessary for the safety, care, and cleanliness of the CFI, and for the preservation or order therein. Landlord may waive any one or more of these Rules and Regulations for the benefit of any particular Tenant or Tenants, but no such waiver by Landlord shall be construed as a waiver of such Rules and Regulations in favor of any other Tenant or Tenants, nor prevent Landlord from thereafter enforcing any such Rules and Regulation against any or all of the Tenants. These Rules and Regulations are in addition to and shall not be construed to in any way modify, alter, or amend, in whole or in part, the covenants, agreements, terms, and conditions of any Lease affecting the CFI or any portion thereof.

1. All areas of the CFI other than those under lease to Tenants, including public halls, shall be under the sole and absolute control of the Landlord, its agents, or employees who shall have the exclusive right to regulate and control these areas. The sidewalks, halls, passages, exits, and entrances, of the CFI, shall not be obstructed by any of the Tenants, or used by them for any purpose other than for ingress to and egress from any Premises. Landlord and/or its agents or employees reserve the right to exclude or expel from the CFI any person who, in the judgment of the Landlord and/or its agents or employees is intoxicated or under the influence of liquor or drugs, or who shall in any manner act in violation of any of the Rules and Regulations of the CFI. Tenants and other persons may not go upon the roof of the structures of the CFI.

2. Landlord, its agents, or employees reserve the right to exclude from the main building of the CFI persons who do not present a pass or other identification acceptable to the Landlord and/or its agents or employees. If passes are required, Landlord will furnish passes to persons for whom any Tenant requests a pass. Each Tenant shall be responsible for all persons for whom it requests passes or requests admission to the main building of the CFI, and Tenant shall be liable to Landlord for all acts of such persons. Landlord shall not be liable for damages for any error with regard to the admission or exclusion from the

CFI of any person. In the case of invasion, mob, riot, public excitement, or other circumstances rendering such action advisable in the Landlord's (and/or its agents or employee) sole and absolute discretion, the Landlord and/or its agents or employees reserve the right to prevent access to the OTC during the continuance thereof of such actions as Landlord and/or its agents or employees may deem appropriate, including closing and locking doors.

3. Landlord retains absolute control over the exterior appearance of the CFI and the exterior appearance of any Premises as viewed from the exterior of the Premises or the CFI, public halls or passageways, and Tenants shall not, without Landlord's prior written consent, install or permit to be installed any lighting, paintings, drapes, blinds, shades, signs, lettering, placards, decorations or advertising media of any type which can be viewed from the exterior of the CFI, public halls or passageways. If any Tenant obtains permission and installs any of the above items, such Tenant shall not make any charges, alterations, or modifications to said installed items without the prior written consent of Landlord, and such Tenant shall maintain such items at its expense in a neat and orderly manner at all times.

4. The directory of the CFI will be provided for the display of the name and location of Tenant and its principal officers and the Landlord may exclude any other names from the directory.

5. In the event any Tenant fails to keep and perform any of the terms and conditions hereof, notwithstanding any provision to the contrary in the Lease, immediately upon written notice of default from Landlord, Landlord may restore any Premises or CFI to its original condition, and such Tenant shall reimburse Landlord upon demand for such cost of restoration. Landlord may demand that such Tenant immediately restore the Premises or CFI to its original condition. Such a default shall constitute a default under such Tenant's lease and Landlord may resort to any and all legal remedies which Landlord may desire to assert.

6. When any electric wiring is introduced into the structures of the CFI, it must be connected as directed by the Landlord and/or its agents and employees, and no boring or cutting of wires will be allowed without the consent of the Landlord. The location of telephones and/or telephone control stations, telegraph instruments, computer and/or word processing equipment, telegraph instruments, electric appliances, call boxes, and similar instruments shall be prescribed by the Landlord, its agents, or employees. No apparatus of any kind, other than normal small office machines and equipment, shall be connected to the electrical system of the CFI without the written consent of the Landlord.

7. Tenants shall not mark, paint, drill into any part of the Premises or the CDI without the prior written consent of Landlord. Tenants shall not string wires or use extension cords without the prior written consent of Landlord.

8. Tenants shall not do anything in the CFI, or bring or keep anything therein or thereon, which will in any way increase or tend to increase the risk of fire, or which shall conflict with the regulations of the Fire Department or the fire laws, or with any insurance policy on the CFI or any part thereof, or with any rules or ordinances established by any other governmental agency.

9. Tenant shall be responsible for protecting any property located on or about the Premises.

10. Landlord shall prescribe the weight, size and position of all safes, libraries, etc., used in the CFI. Any heavy load must be checked by Landlord's structural engineer at Tenant cost. Extreme conditions may require redistribution or added structural reinforcing. All damage done to the CFI by installing, removing or maintaining such heavy load shall be repaired at the expense of the Tenant in whose Premises such heavy load is located. Articles of unusual size or weight are not permitted in the CFI. Tenants shall not use any machinery which may cause any objectionable noise or tremor to the floors or walls or which by its weight might injure the floors of the CFI.

11. Tenants shall not conduct any auction in CFI, shall not store goods, wares or merchandise on their Premises except for Tenant's own personal use, and shall not manufacture any item on their Premises.

12. All freight, miscellaneous large deliveries, and furniture must be moved into, within, and out of the CFI under the supervision of the Landlord's agents and/or employees and according to such regulations as may be posted in the office of the CFI, but the Landlord will not be responsible for the loss or damage of such freight, etc., from any cause.

13. The requirements of any Tenants will be attended to only upon application to the Manager of the CFI, duly appointed to that position by Landlord. Employees and/or agents of Landlord shall not perform any work, nor do anything beyond their regular duties unless, under special instruction from the Manager of the CFI, and employees and/or agents of Landlord will not be obligated to admit any person (Tenants or otherwise) to any office/establishment, etc., without specific instructions from the Manager of the CFI.

14. All keys shall be obtained from the Manager of the CFI and all keys pertaining to any Premise shall be returned to the Manager of the CFI upon the termination of the lease affecting such Premises. The Tenants shall not duplicate any keys or permit any keys to be duplicated. The Tenants shall not change the locks, or install other locks on the doors without the prior written consent of the Manager of the CFI.

15. Before any Tenant and its employees leave its Premises, they shall see that the doors of the Premises to common hallways of the CFI are closed and securely locked and shall observe strict care and caution that all water faucets, water apparatus, typewriters,

copy machines, etc., and utilities are shut off so as to prevent waste or damage; and for any default or carelessness, such Tenant shall compensate the other Tenants and Landlords for all damage sustained by them.

16. Tenants shall give prompt notice to the Manager of the CFI of any accident to, or defects in, the CFI, including the plumbing, water pipes, electric wire or heating apparatus, burned-out light bulbs or tubes so that the same may be attended to promptly.

17. Tenants shall not use any method of heating or air conditioning other than that supplied by the Landlord unless approved by Landlord in writing.

18. Tenants shall not install any radio or television antenna, loudspeaker, air conditioner or other devices on the roof or exterior walls of the CFI.

19. No vending or coin-operated machines shall be placed or maintained by any Tenant within its Premises or the common areas of the CFI without the prior written consent of Landlord.

20. Tenants shall cooperate with Landlord in obtaining maximum effectiveness of the cooling system by closing drapes and other window coverings when the sun's rays fall on the windows of the Premises. Tenants shall not obstruct, alter or in any way impair the efficient operation of the Landlord's heating, ventilating, air conditioning, electrical, fire safety, or lighting system. Tenants shall not tamper with or change the setting of any thermostats or temperature control valves.

21. Canvassing, soliciting, and peddling in the CFI are prohibited without the written consent of the Landlord, and each Tenant shall cooperate to prevent such activity by informing such canvassers, solicitors, or peddlers that such activity is not permitted at the CFI.

22. Hand trucks not equipped with rubber tires and side guards shall not be used in any space, or in the public halls of the OTC, either by any Tenant or others. No bicycles, vehicles, or animals of any kind shall be brought into or kept in or about the Premises.

23. The toilets, wash basins and other plumbing fixtures shall not be used for any purpose other than those for which they were constructed, and no sweeping, rubbish, rags, or other substances shall be thrown therein. All damage resulting from any misuse of fixtures shall be borne by the Tenant who, or whose employees, agents, invitees or visitors, shall have caused the same.

24. Tenant shall not engage in or permit any advertising or public relations which, in Landlord's opinion, tends to impair the reputation or the desirability of the CFI or suggest that Tenant is anything other than a Tenant in the CFI.

25. Tenants shall not use or keep in or about the CFI any kerosene, gasoline or

inflammable or combustible fluid or material. Tenant shall not use, keep, or permit or suffer the CFI to be occupied or used in a manner offensive or objectionable to Landlord, its agents or employees by reason of noise, odors, and/or vibrations, or interfere in any way with other Tenants or those having business in the CFI. No portion of the CFI shall be used for lodging or sleeping or for any immoral or illegal purpose.

26. Tenant agrees, at Tenant's sole expense, to maintain the Leased Premises in neat and clean order and in condition free from debris and accumulation of waste and fire hazards. Tenant agrees, on the last day of the Lease term or on early termination of this Lease, to surrender to the Landlord the Leased Premises in the same condition as received, less reasonable use and wear.

27. Tenant conducts its business in such manner as to create any nuisance, or interfere with, annoy or disturb other tenants.

28. No showcases or other articles shall be put in front of or affixed to any part of the exterior of the Building, nor places in halls, corridors without the prior consent of the Landlord.

29. Tenant shall not permit the operation of any musical or sound producing instrument or device which may be heard outside Leased Premises.

30. Tenant shall not block or obstruct any of the entries, passages, doors, or hallways of building or parking facilities. Deliveries and shipping good and merchandise in or out of the property must be made only through the sidewalk.

*Revocation of Certificate --"A certificate of consent to self-insure may be revoked by the Director of Industrial Relations at any time for good cause after a hearing. Good cause includes, among other things, the impairment of solvency of such employer, the inability of the employer to fulfill his obligations, or the practice of such employer or his agent in charge of the administration of obligations, under the this division of any of the following: (a) Habitually and as a matter of practice and custom inducing claimants for compensation to accept less than the compensation due or making it necessary for them to resort to proceedings against the employer to secure the compensation due; (b) Discharging his compensation obligations in a dishonest manner; (c) Discharging his compensation obligations in such a manner as to cause injury to the public or those dealing with him "(Section 3702 of Labor Code.) The Certificate may be revoked for non compliance with Title 8, California Administrative Code, Group 2 -- Administration of Self Insurance

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
Any person or organization that you are required to add as an additional insured on this policy, under a written contract or agreement currently in effect, or becoming effective during the term of this policy. The additional insured status will not be afforded with respect to liability arising out of or related to your activities as a real estate manager for that person or organization.	All insured premises and operations.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. **Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

© Insurance Services Office, Inc., 2012

2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance**:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable Limits of Insurance shown in the Declarations; whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED PRIMARY AND NON-CONTRIBUTORY ENDORSEMENT FOR PUBLIC ENTITIES

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name of Person or Organization:

A. Section II – WHO IS AN INSURED is amended to include:

4. Any public entity as an additional insured, and the officers, officials, employees, agents and/or volunteers of that public entity, as applicable, who may be named in the Schedule above, when you have agreed in a written contract or written agreement presently in effect or becoming effective during the term of this policy, that such public entity and/or its officers, officials, employees, agents and/or volunteers be added as an additional insured(s) on your policy, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

a. Your negligent acts or omissions; or

b. The negligent acts or omissions of those acting on your behalf;

in the performance of your ongoing operations.

No such public entity or individual is an additional insured for liability arising out of the sole negligence by that public entity or its designated individuals. The additional insured status will not be afforded with respect to liability arising out of or related to your activities as a real estate manager for that person or organization.

B. Section III – LIMITS OF INSURANCE is amended to include:

8. The limits of insurance applicable to the public entity and applicable individuals identified as an additional insured(s) pursuant to Provision A.4. above, are those specified in the written contract between you and that public entity, or the limits available under this policy, whichever are less. These limits are part of and not in addition to the limits of insurance under this policy.

C. With respect to the insurance provided to the additional insured(s), **Condition 4. Other Insurance of SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** is replaced by the following:

4. Other Insurance

a. Primary Insurance

This insurance is primary if you have agreed in a written contract or written agreement:

(1) That this insurance be primary. If other insurance is also primary, we will share with all that other insurance as described in **c.** below; or

(2) The coverage afforded by this insurance is primary and non-contributory with the additional insured(s)' own insurance.

Paragraphs (1) and (2) do not apply to other insurance to which the additional insured(s) has been added as an additional insured or to other insurance described in paragraph **b.** below.

b. Excess Insurance

This insurance is excess over:

1. Any of the other insurance, whether primary, excess, contingent or on any other basis:
   (a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
   (b) That is fire, lightning, or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;
   (c) That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises temporarily occupied by you with permission of the owner; or
   (d) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion **g.** of **SECTION I – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE.**
   (e) Any other insurance available to an additional insured(s) under this Endorsement covering liability for damages which are subject to this endorsement and for which the additional insured(s) has been added as an additional insured by that other insurance.

(1) When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend the additional insured(s) against any "suit" if any other insurer has a duty to defend the additional insured(s) against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the additional insured(s)' rights against all those other insurers.

(2) When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:
   (a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
   (b) The total of all deductible and self-insured amounts under all that other insurance.

(3) We will share the remaining loss, if any, with any other insurance that is not described in this **Excess Insurance** provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Methods of Sharing

If all of the other insurance available to the additional insured(s) permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any other the other insurance available to the additional insured(s) does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

Agreement No. A-8527

FIRST AMENDMENT TO LEASE AGREEMENT

This First Amendment ("First Amendment") to the lease ("Agreement") is made and entered into in the County of Ventura, State of California, this 1st day of July, 2026, by and between the City of Oxnard, a municipal corporation ("City"), and Catalyst Family, Incorporated. This First Amendment amends the Agreement entered into on the 1st day of July, 2026, by the City and Catalyst Family, Incorporated.

RECITALS

WHEREAS, The City ("Landlord") and Catalyst Family Inc. ("Tenant") entered into a Lease Agreement dated July 1, 2023 (the "Lease") for the premises located at 200 East Bard Road in the South Oxnard Community Center ("Building"); and

WHEREAS, the Lease is scheduled to expire on June 30, 2026; and

WHEREAS, the parties desire to extend the term of the Lease for an additional period of two (2) years, commencing on July 1, 2026 and ending on June 30, 2028 (the "Extension Term"); and

WHEREAS, the parties acknowledge that the Extension Term is being executed to allow the Landlord to conduct a fee study to determine appropriate future rental rates; and

WHEREAS, the parties have agreed that, during the Extension Term, all terms and conditions of the Lease shall remain in full force and effect, including the Base Rent, which shall increase by two and a half percent (2.5%) each year;

WHEREAS, The following document memorialized below is the only exhibit to this agreement and is incorporated by reference as though fully set forth herein. In the event of a conflict between the Exhibits and this Agreement, the Agreement controls.

Exhibit A: Schedule of Compensation

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

City and Catalyst Family, Incorporated. agree as follows:

1. The date in Article 2 of the lease agreement is hereby amended to "June 30, 2028."

2. Section 3.1 of the Lease is hereby amended to include the Base Rent schedule for the following two (2) years.

3. The reference to the Article 3.1 Base Rent everywhere it is listed in the Agreement is hereby amended to the Exhibit A Schedule of Compensation. The Article 3.1 Exhibit is hereby disincorporated; instead, the Exhibit A Schedule of Compensation is attached hereto and incorporated herein by this reference.

4. As so amended, the Agreement remains in full force and effect.

[Signatures on next page]

IN WITNESS WHEREOF, the parties hereto have executed the Amendment on the date first written above.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.5

DATE: June 16, 2026

TO: City Council

FROM: Terrel Harrison, Cultural & Community Services Director, (805) 385-7994, terrel.harrison@oxnard.org

SUBJECT: Agreement with the Oxnard School District for the Operations of the After-School Education and Safety Grant.

RECOMMENDATION

That the City Council approve and authorize the Mayor to execute an agreement with the Oxnard School District (A-8624) for a one-year term, under which the City will receive funding in an amount not to exceed $2,500,000 to continue operating components of the After-School Education and Safety (ASES) Program with a City match of $130,000 of in-kind services.

(The Community Services, Public Safety, Housing & Development Committee approved 3-0 on May 26, 2026.)

BACKGROUND

In November 2002, California voters approved the After School Education and Safety (ASES) Initiative through Proposition 49, establishing a statewide commitment to high-quality after-school opportunities for students. In 2006, Senate Bill 638 operationalized ASES and set forth programmatic requirements for expanded learning. Research consistently shows that after-school programs support academic achievement, student engagement, social-emotional development, and positive youth outcomes, while also providing safe and structured environments for working families during non-school hours.

However, statewide and local budget constraints, including structural deficits, funding freezes, and proposed reductions to expanded learning allocations, have created a challenging fiscal environment for school districts throughout California. In response, the Oxnard School District (OSD) has reduced contract allocations for its after-school program partners.

For more than 20 years, OSD has partnered with the City of Oxnard's Recreation Division to operate the Oxnard Scholars ASES program across twenty school campuses, serving more than 2,200 students daily between 1:30 p.m. and 6:00 p.m. Under this agreement, City employees serve as site coordinators and recreation instructors. Through the proposed Fiscal Year 2026-27 agreement, the City will continue providing after-school supervision, recreation, enrichment, and youth engagement services through City recreation staff and site coordinators under a smaller budget.

As part of OSD's revised funding structure, the City's ASES operational budget was reduced from $4,470,000 to $2,500,000, a decrease of approximately $1,970,000. The reduced funding level has resulted in several operational changes, including:

- Elimination of the literacy component previously funded through the program
- Elimination of 11 full-time City positions previously dedicated to the Oxnard Scholars Program.
- Reduction in staffing levels from approximately 100 to 80 Extra Help City staff members, primarily young adults ages 18–25
- Transition from a sole lead agency structure to a co-lead operational model with OSD

Despite these reductions, the City and OSD will continue prioritizing safe after-school environments, recreation programming, enrichment activities, and positive youth development opportunities for participating students and families. Benefits to City ASES program staff include:

- More than 100 hours of ongoing professional development provided by OSD
- Over 1,000 hours of community service contributed through program activities

The staffing model used for the Oxnard Scholars ASES Program was jointly developed by OSD and the City to align with ASES requirements and to support high-quality program delivery. The Oxnard Scholars program has received local and statewide recognition for excellence in expanded learning, including the California Expanded Learning Emerging Leadership Award from the California Department of Education and the Leaders in Eating and Activity Practices (LEAP) Award from Ventura County Public Health. In addition to serving students and families, many former program employees have gone on to become teachers, school psychologists, and counselors, demonstrating the program's role as a workforce development pipeline for the education sector.

Despite current fiscal challenges and operational reductions, the partnership between OSD and the City continues to provide valuable after-school services that support student success, youth development, and safe learning environments for Oxnard families. Approval of the proposed agreement will allow the City and OSD to continue delivering various recreational and physical activities, along with some curriculum on health and nutrition related to physical fitness, while modifying program operations to align with available funding.

STRATEGIC PRIORITIES

This agenda item supports the Quality of Life strategy. The purpose of the Quality of Life strategy is to restore and increase quality services and programs that enrich Oxnard's diverse community, promote safe neighborhoods, encourage community engagement, and support our residents in their efforts to improve their quality of life.

FINANCIAL IMPACT

The OSD total grant award not to exceed $2,500,000 is included in the proposed FY 2026-27 budget in the State Grant Fund (210). Primary services, including reimbursement for actual expenses, shall not exceed two million five hundred dollars ($2,500,000);

The OSD requests matching funds by providing $130,000 of in-kind services per fiscal year. This match is met through the General Fund (101) by providing office space for the ASES program, copier, administrative and management staff time. Student participation in various established recreation programs, such as youth sports programs, educational field trips, and volunteer support, also contributes to the in-kind match.

For Finance Use Only: State & Local Grants Fund (Org. 2105502, Object 48000, Project G2422), General Fund-Match (Org. 1015501)

COMMITTEE OUTCOME

The Community Services, Public Safety, Housing & Development Committee approved 3-0 on May 26, 2026, to approve the staff recommendation.

OXNARD SCHOOL DISTRICT

AGREEMENT # 26-12

AGREEMENT FOR AFTER SCHOOL PROGRAMS SERVICES

THIS AGREEMENT FOR AFTER SCHOOL PROGRAMS SERVICES (this "Agreement") is entered into as of the below-referenced Effective Date by and between the Oxnard School District, a California public school district ("District") and the below-referenced service provider ("Service Provider"). In this Agreement, District and Service Provider are sometimes individually referred to as "Party" and collectively referred to as the "Parties."

Effective Date: July 1, 2026 - June 30, 2027
Service Provider: City of Oxnard (Rec Svcs.)
Address: 305 West Third St., 1st Floor West Wing, Oxnard, CA 93030
Authorized Representative: Terrel Harrison
Representative's Email: terrel.harrison@oxnard.org
Type of Service: X Lead Agency
_____ Enrichment Agency

RECITALS

A. District is a California public school district that serves preschool to eighth grade students in the City of Oxnard, County of Ventura, State of California at one preschool, ten TK-5 schools, four TK-8 schools, three K-8 schools, and three 6-8 schools. District offers after-school programs to its grade level students for the 180 school days and 30 non-school days within each fiscal year (July 1 to June 30).

B. For District's after-school program, the "Lead Agency" is responsible for providing daily after-school programming for the 180 school days and 30 non-school days within each fiscal year as required by funding; works with the program from school dismissal until closing time; and provides management, oversight, and coordination of all afterschool programs, including recruitment, enrollment, and programming provided by Enrichment Agencies.

C. For District's after school program, an "Enrichment Agency" is responsible for providing specific types of enrichment programs (*e.g.*, arts, robotics, or sports) in accordance with its area of expertise, and may provide such enrichment activities for a limited period of time (such as Tuesday and Thursday afternoons, or on non-school days during winter, spring, or summer breaks, during the full fiscal year). Further, each and every Enrichment Agency shall adhere to the management, oversight, and coordination rules and regulations of the Lead Agency.

D. District has sought the performance of the Services (defined below) for Lead Agency and Enrichment Agencies, as defined and described particularly on Exhibit A-0, Exhibit A-1, Exhibit A-2, and Exhibit A-3.

E. Following submission of a proposal for the performance of the Services, Service Provider was selected by District to perform the Services as a Lead Agency or Enrichment Agency, as indicated above.

F. The California Department of Education has awarded District a grant through the Expanded Learning Opportunities ("ELOP") Program, After School Education and Safety ("ASES") Program, and/or the 21st Century Community Learning Centers ("21st CCLC") Program for academic school year 2026-2027 commencing July 1, 2026 and ending June 30, 2027 (collectively, the "Grant"). The Grant may also apply to additional academic school years.

G. The purpose of the Grant is to fund local after school education and enrichment programs. The District intends to use the Grant, in part, to retain Service Provider to perform the Services.

H. The Parties desire to memorialize the selection of Service Provider for performance of the Services and desire that the terms of that performance be as particularly defined and described herein.

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

OPERATIVE PROVISIONS

1. **Incorporation of Recitals and Exhibits**. The Recitals set forth above and all Exhibits attached to this Agreement, as hereafter amended, are incorporated by this reference as if fully set forth herein. This Agreement, all exhibits, and the RFP, including all RFP forms and all contract forms, are collectively referred to as the "Contract."

2. **Term of Agreement**. Subject to earlier termination as provided below, this Agreement shall remain in effect from July 1, 2026 to and including June 30, 2027 (the "Term"). This Agreement may be extended for two additional one (1)-year terms only by a written amendment, signed by the Parties, prior to the expiration of the Term.

3. **Performance of the Services; Time for Performance**. Service Provider shall provide the services set forth in Service Provider's proposal (as accepted by District and attached to the Contract), Exhibit A-0 (as applicable to Service Provider as a Lead Agency or Enrichment Agency as indicated in the preamble above), Exhibit A-1, and Exhibit A-3 during the Term pursuant to the schedule specified Exhibit A-0 (the "Primary Services"). Service Provider may also agree to provide additional services, at District's request and only with District's prior written authorization (the "Additional Services"). Any such Additional Services shall be completed in accordance with Exhibit A-2 during the Term pursuant to the schedule specified in Exhibit A-0. For purposes of this Agreement, the Primary Services and Additional Services shall collectively be referred to as the "Services." If Service Provider fails to complete the Services pursuant to the schedule specified in Exhibit A-0 or such other schedule that the Parties memorialize in a writing signed by duly authorized representatives of each Party, then Service Provider shall be deemed to be in Default

as provided below. Notwithstanding anything to the contrary in this Agreement or the Contract, Service Provider expressly understands and agrees that this Agreement and the Contract are subject to the Grant and that if the Grant is reduced or revoked, then the District shall have the right to terminate this Agreement and the Contract with no further liability to Service Provider.

4. Compensation and Method of Payment.

a. Subject to any limitations set forth below or elsewhere in this Agreement, District agrees to pay Service Provider the amounts specified below for the Services.

i. The total compensation for the Primary Services, including reimbursement for actual expenses, through reimbursement for supplemental ELOP Program, ASES Program, and/or 21st CCLC Program funded grant activities and/or universal grant monies as outlined in Exhibit A-0 shall not exceed the following amount:

Not to Exceed: Dollars $2,500,000.00

ii. The total compensation for the Additional Services, including reimbursement for actual expenses, through reimbursement for supplemental ELOP Program, ASES Program, and/or 21st CCLC Program funded grant activities and/or universal grant monies as outlined in Exhibit A-0 shall not exceed the following amount:

Dollars $ N/A

Notwithstanding the generality of the foregoing, if Service Provider renders any Additional Services without District's prior written authorization, District shall not be obligated to pay for such services.

iii. Unless the District Superintendent or designee provides advance written authorization of a higher amount, the hourly rate for any subcontractor of Service Provider shall not exceed the following amount:

Dollars $ N/A per hour

iv. If the amount of the Grant is modified in a manner that will affect Service Provider's provision of the Services, in District's sole discretion, then the Parties agree to amend the costs accordingly through written amendment.

b. Each month by the 20th, Service Provider shall furnish to District an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontracts. Subcontractor charges, if any, shall be detailed by the following categories: labor, travel, materials, equipment, and supplies. All invoices must comply with the requirements set forth in Exhibit B. District shall independently review each invoice submitted by the Service Provider to determine whether the work performed and expenses incurred comply with the provisions of this Agreement, inclusive of Exhibit B. In the event that no charges

or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection c. In the event any charges or expenses are disputed by District, then District shall return the original invoice to Service Provider for correction and resubmission.

c. Except as to any charges for work performed or expenses incurred by Service Provider which are disputed by District, District will use its best efforts to cause Service Provider to be paid within forty-five (45) calendar days of receipt of Service Provider's correct and undisputed invoice.

d. Payment to Service Provider for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Service Provider.

5. Quarterly Review and Adjustment of Scope of Work. District may, in its sole and absolute discretion, (a) conduct a quarterly performance review of the Services, including, but not limited to, enrollment numbers, alignment with District goals and priorities, compliance with assurances, and other reasonable evaluation indicators, and (b) based on such assessment, require Service Provider to adjust and/or decrease the frequency of its services by a specified amount within thirty (30) calendar days or another timeframe established by District in its sole discretion, in which event District will simultaneously reduce Service Provider's compensation *pro rata* with no liability to Service Provider for such reduction.

6. Termination. This Agreement may be terminated as follows.

a. **Mutual Agreement**. The Parties may, at any time, mutually agree in writing to terminate this Agreement.

b. **Termination by Service Provider for Cause**. Service Provider may, upon thirty (30) calendar days written notice to District, (i) terminate this Agreement or suspend work under this Agreement for a reasonable period of time, and (ii) recover from District payment for all work executed if: (A) Service Provider's work under this Agreement is stopped for a period of six (6) months or more pursuant to an order of any court of competent jurisdiction or any public authority (but not for a school closure event as set forth in paragraph 7 of this Agreement), and through no act or fault of Service Provider or of anyone employed by Service Provider or acting on Service Provider's behalf, (B) District fails to pay Service Provider within sixty (60) calendar days after its maturity and presentation any sum awarded by final arbitration or a court of competent jurisdiction, or (C) Service Provider delivers District written notice of any alleged material breach of this Agreement by District and District fails to cure such alleged breach within sixty (60) calendar days, provided, however, that the timeline for cure shall be extended for an additional period if District is diligently pursuing such cure in good faith and an additional time period for the cure is reasonably warranted.

c. **Termination by District for Non-Appropriation of Funds**. District shall have the right to terminate this Agreement at any time due to non-appropriation of funds.

d. **Termination by District for Convenience**. District shall have the right to terminate this Agreement for convenience by giving Service Provider at least ninety (90) calendar days written notice.

e. **Termination by District for Cause**. District may terminate this Agreement for cause upon thirty (30) calendar days' written notice to Service Provider. For the purposes of this subparagraph, "cause" shall include, but not be limited to, (i) Service Provider filing for bankruptcy, being adjudged bankrupt, or being subject to involuntary bankruptcy proceedings; (ii) Service Provider making a general assignment for the benefit of Service Provider's creditors; (iii) the appointment of a receiver due to Service Provider's insolvency; (iv) the levy of an attachment of execution upon Service Provider's property; (v) the persistent or repeated failure or refusal of Service Provider to properly staff the after-school programs or otherwise violate any provisions of Exhibits A-0 to A-3; (vi) the material violation of any applicable law or District regulation or policy; (vii) any act or omission by any Service Provider or its subcontractor personnel that constitutes gross negligence or willful misconduct, endangers or is likely to endanger the safety, health, or wellbeing of any District student or staff, or represents a repeated default by Service Provider personnel (*e.g.*, repeated late arrivals to school sites or repeated violations of the Standards for Performance); and (viii) any other material breach of the Contract by Service Provider, Service Provider's employees, Service Provider's subcontractors or anyone acting on Service Provider's behalf, including, but not limited to, the breach of any covenant, representation or warranty in this Agreement, and the violation of any provision of the RFP (including continuing disclosure obligations). Any failure on the part of District to give notice of the Service Provider's default shall not be deemed to result in a waiver of District's legal rights or any rights arising out of any provision of this Agreement. District may, but is not obligated to, provide Service Provider an opportunity to cure any default. Notwithstanding the thirty (30) calendar days' advance written notice specified herein, District reserves the right to *immediately* suspend the Services of Service Provider if the circumstances reasonably warrant (*e.g.*, due to imminent safety and health issues). Moreover, Service Provider shall be liable to District for any excess cost occasioned to District by termination for cause. The foregoing provisions for termination of this Agreement are in addition to, and not in limitation of, the rights of District under any other provisions of the Contract. Service Provider shall not be deemed to be in default if its failure to perform any Services or comply with any provisions of this Agreement results solely from the gross negligence or willful misconduct of District.

f. **Effect of Termination or Expiration of Agreement**. Upon termination or expiration of the Term, this Agreement, and the entire Contract, shall terminate; Service Provider shall cease providing the Services; Service Provider shall vacate the District premises, leaving them in a neat and orderly condition; and Service Provider and District shall comply with any remaining obligations under the Contract, as applicable (*e.g.*, payment of any sums still due and owing,). Service Provider acknowledges and agrees that certain obligations shall survive the termination or expiration of the Contract, including, but not limited to, Service Provider's indemnity obligations, confidentiality obligations, and obligations regarding delivery and maintenance of reports and records.

7. School Closures. If District, or any one or more schools within District, are closed due to any lawful reason including in response to governmental orders or advisories, or to protect the

health, safety and welfare of students and employees, or by reason of any emergency (including, but not limited to, a wildfire, mudslide, or earthquake), and District notifies Service Provider that it does not need to provide the Services or any portion of the Services, then District shall not be charged or required to pay for the Services, staffing, overhead, or any other related costs for the closed school site(s) during the applicable closure period. Additionally, if any school site is required to rely on remote learning in lieu of or in addition to student attendance at the time of commencement of classes or any time during the school year, then District shall have the right to notify Service Provider of the revised service needs, and the Service Provider shall, to the maximum extent reasonably practicable, provide the Services via remote learning or via a hybrid of in-person and remote learning, in which event District shall not be charged or required to pay for any additional costs of the remote or hybrid learning and, if the Services are reduced, then District shall only be billed for the Services provided and adjusted actual costs for reduced services received. District shall also furnish Service Provider written notice of school reopening plans, including phases and any interruptions in reopening schedules, and Service Provider agrees to furnish the Services as needed by District with cost reductions as reasonably warranted. Service Provider agrees to cooperate with District in cost reduction and utilization changes, including, but not limited to, working with Service Provider on partial, phased, or full reopening plans to provide such services as District shall need under those plans. Notwithstanding the generality of the foregoing clauses within this section, District may, in its sole and absolute discretion, elect to continue to pay for the Services despite the closure of one or more school sites if, for example, District receives emergency funds from the State or other sources for such purposes.

8. Service Provider's Representations and Warranties. In addition to any other representations and warranties set forth elsewhere in the Contract, Service Provider hereby represents and warrants to District that:

a. Service Provider is currently authorized and qualified to conduct business in the State and the County, and Service Provider will remain in good standing in the State, the County and, as applicable, the Internal Revenue Service, Franchise Tax Board, and Attorney General, for the entire term of the Contract.

b. Service Provider has carefully examined the Contract; is familiar with the Services; and has the expertise, personnel, and resources to timely and properly conduct the Services.

c. Service Provider has the right, power, and authority to enter into the Contract, including this Agreement and all contract documents, and to perform its obligations hereunder and under the Contract.

d. This Agreement constitutes the legal, valid, and binding obligation of Service Provider enforceable against Service Provider in accordance with its terms, except to the extent that such enforcement may be limited by applicable bankruptcy, insolvency, moratorium, and other principles relating to or limiting the rights of contracting parties generally. This Agreement does not violate any provision of any material agreement or document to which Service Provider is a party or by which Service Provider is bound.

e. There are no lawsuits, claims, suits, proceedings, or investigations pending or, to Service Provider's knowledge, threatened against Service Provider arising out of or concerning Contractor's performance under this Agreement. There are no suits, actions, or proceedings pending, or to Service Provider's knowledge, threatened against Service Provider which question the legality or propriety of the transactions contemplated hereunder.

All representations and warranties of Service Provider are made as of the Effective Date and shall survive the term of the Contract for a period of three (3) years. Service Provider shall be in material default if Service Provider is unable to make the representations and warranties hereunder as of the Effective Date.

9. Ownership of Documents; Use of Documents by District. All curriculum, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files, fliers, and other documents prepared, developed or discovered by Service Provider in the course of providing any of the Services pursuant to this Agreement (collectively and individually, the "Documents") shall become the sole property of District and may be used, reused or otherwise disposed of by District without the permission of the Service Provider. Upon completion, expiration or termination of this Agreement, Service Provider shall turn over to District all such Documents. If and to the extent that District utilizes for any purpose not related to this Agreement any Documents, Service Provider's guarantees and warrants related to Standards of Performance as set forth in paragraph 13 of this Agreement shall not extend to such use of the Documents.

10. Service Provider's Books and Records.

a. For purposes of this Agreement, the term "Records" means any and all books and records relating to Service Provider's performance of Services at each and every school site within the District, including, but not limited to, all:

i. student outreach materials (such as flyers and other promotional materials); student enrollment records; daily student attendance records; daily sign in and sign out sheets; early release policy, early release requests, and other early release records; physician notes for student absences, activity restrictions, *etc.*;

ii. employee records for Service Provider personnel working in the Program, including proof of TB clearance, first aid and CPR certification, and satisfaction of all training requirements, evidence that the staff person meets the minimum qualification for providing services to District (*e.g.*, proof of meeting qualifications as a paraeducator as defined by District), hiring date and (if applicable) termination date, job description, school site assignment, dates of service at District school sites, payroll records, and employment files (including disciplinary records);

iii. food service reimbursable snack logs and Q meal summary electronic reports for nutrition provided to students attending the programs;

iv. ledgers, books of account, invoices, vouchers, canceled checks, and other records evidencing or relating to work, services, expenditures, and disbursements charged to District under this Agreement (which Service Provider shall maintain in accordance with generally accepted accounting principles and

with sufficient detail to permit an accurate evaluation of the Services provided by Service Provider pursuant to this Agreement); and

v. evidence of any grants, matching funds, in-kind donations, or other financial contributions to the Program that were provided through or on account of Service Provider.

b. District's fiscal year is July 1 to June 30. By July 15 of each year, Service Provider shall deliver to District true and correct copies of all Records for the prior fiscal year (e.g., by July 15, 2027 provide copies of all Records for 2026-2027). Service Provider shall upload true and correct electronic copies of the Records to a secure portal as directed by District.

c. Service Provider shall maintain any and all Records for a minimum of five (5) years after termination or expiration of this Agreement, or longer if required by law.

d. Any and all such Records shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by District or its designated representative. Copies of such Records shall be provided directly to District for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such Records shall be made available at Service Provider's address indicated for receipt of notices in this Agreement or via electronic delivery.

e. District has the right to acquire custody of such Records by written request if Service Provider decides to dissolve or terminate its business. Service Provider shall deliver or cause to be delivered all such Records to District within sixty (60) workdays of receipt of the request.

11. Independent Contractor. Service Provider is and shall at all times remain a wholly independent contractor and not an officer, employee, or agent of District.

a. The personnel performing the Services under this Agreement on behalf of Service Provider shall at all times be under Service Provider's exclusive direction and control. Service Provider, its agents or employees shall not at any time or in any manner represent that Service Provider or any of Service Provider's officers, employees, or agents are in any manner officials, officers, employees, or agents of District. Neither Service Provider, nor any of Service Provider's officers, employees, or agents, shall, by virtue of Services rendered under this Agreement, obtain any rights to retirement, health care or any other benefits which may otherwise accrue to District's employees. Service Provider will be responsible for payment of all Service Provider's employees' wages, payroll taxes, employee benefits, workers' compensation, and any amounts due for federal and state income taxes and social security taxes since these taxes will not be withheld from payment under this Agreement.

b. Service Provider shall have no authority to bind District in any manner, or to incur any obligation, debt, or liability of any kind on behalf of or against District, whether by contract or otherwise, unless such authority is expressly conferred in writing by District, or under this Agreement.

12. Penal Code sections 667.5 and 1192.7. If Service Provider becomes aware that any person employed by or volunteering with Service Provider in connection with the Services has been arrested or convicted of a violent or serious felony listed in Penal Code Section 667.5(c) or 1192.7(c), then Service Provider must immediately remove said employee or volunteer from the performance of the Services, prevent the employee or volunteer from interacting with District students, and notify District. District retains the right to prohibit any such employee from participating in the program or having access to students or the program site.

13. Standards of Performance. Service Provider represents and warrants that it has the qualifications, experience, resources, and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent, and professional manner. Service Provider shall at all times faithfully, competently and to the best of its ability, experience, and talent, perform all Services described herein. In meeting its obligations under this Agreement, Service Provider shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to those required of Service Provider under this Agreement.

14. Confidential Information, Generally. All information gained during performance of the Services and all Documents or other work product produced by Service Provider in performance of this Agreement shall be considered confidential, but only to the extent such information is not considered a public record for purposes of federal or state law. Service Provider shall not release or disclose any such information, Documents or work product to persons or entities other than District without prior written authorization from the Superintendent of District, except as may be required by law.

a. Service Provider shall promptly notify District if it is served with any summons, complaint, subpoena or other discovery request, court order or other request from any Party regarding this Agreement or the work performed hereunder.

b. District retains the right, but has no obligation, to represent Service Provider or be present at any deposition, hearing, or similar proceeding. Service Provider agrees to cooperate fully with District and to provide District with the opportunity to review any response to discovery requests provided by Service Provider; provided that this does not imply or mean the right by District to control, direct, or rewrite said response.

15. Student Privacy Laws.

a. In relation to the performance of the Services, Service Provider may receive or obtain access to confidential student data ("Confidential Student Data") that is governed by privacy laws under federal or state law, including, but not limited to, the Health Insurance Portability and Accountability Act of 1996 (Pub. L. 104-191) ("HIPAA"); the Family Educational Rights and Privacy Act of 1974 (20 USC § 1232g and 34 CFR Part 99) ("FERPA"); the Protection of Pupil Rights Amendment (20 USC § 1232h) ("PPRA"); the Children's Online Privacy Protection Act of 1998 (15 USC §§ 6501, *et seq.*) ("COPPA"); California Education Code Section 49073-49079.7; the Student Online Personal Information Privacy Act (Cal. Business and Prof. Code §§ 22584, *et seq.*) ("SOPIPA"); the Early Learning Personal Information Protection Act (Cal. Business and

Prof. Code §§ 22586, *et seq.*) ("ELPIPA") (collectively, the "Student Privacy Laws"). Service Provider agrees to abide by the Student Privacy Laws in connection with all Confidential Student Data.

b. Service Provider shall strictly comply with the Student Privacy Laws. Without limiting the generality of the foregoing, Service Provider shall perform the following duties in regards to any Confidential Student Data that Service Provider obtains in the performance of the Contract: (i) not disclose the information to any other party without the consent of the parent/guardian or an eligible student; (ii) use the data for no other purpose than the performance of the services contemplated under the Contract; (iii) permit District access to any relevant records for the purpose of completing authorized audits; (iv) require all of Service Provider's officers, directors, administrators, employees, subcontractors, and agents to comply with all provisions of the Student Privacy Laws; (v) designate in writing a single authorized representative who shall be responsible for requesting, receiving, transmitting and, as permitted under the Contract and applicable law, destroying Confidential Student Data; (vi) maintain all Confidential Student Data in a secure computer and not copying, reproducing or transmitting data except as necessary to perform under the Contract; and (vii) destroy or return all personally identifiable information obtained under the Contract when it is no longer needed for the purpose for which it was obtained no later than thirty (30) calendar days after it is no longer required. Failure to properly destroy or return Confidential Student Data shall preclude Service Provider from accessing personally identifiable student information for at least five (5) years as provided in 34 C.F.R. Section 99.31(a)(6)(iv), which shall be grounds for District to terminate this Agreement for cause and seek any and all remedies available to District at law or in equity.

c. In the event that Service Provider operates a website, online service, mobile application or similar medium, Service Provider shall comply with the requirements of SOPIPA (Cal. Business and Prof. Code §§ 22584, *et seq.*) by (a) not knowingly engaging in advertising targeted to District students or their parents or guardians, creating profiles of students or their parents or guardians, selling information about students or their parents or guardians, or disclosing any personally identifiable information without proper prior consent; (b) storing, processing and protecting District data pursuant to commercial best practices, including encrypting data; (c) promptly deleting District data, including, but not limited to, student, parent and guardian data, upon District's request; and (d) not storing District data outside of the United States.

16. Conflict of Interest; Disclosure of Interest. Service Provider covenants that neither it, nor any of its officers or employees, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of District or which would in any way hinder Service Provider's performance of Services under this Agreement. Service Provider further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent, or subcontractor without the express written consent of the District.

a. Service Provider agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of District in the performance of this Agreement.

b. Board Bylaws Sections 9270 and 9270-E, as hereinafter amended or renumbered, require that a Service Provider that qualifies as a "designated employee" must disclose certain financial interests by filing financial interest disclosures. By its initials below, Service Provider represents that it has received and reviewed a copy of the Board's Bylaws Sections 9270 and 9270-E (available on the District's website at https://www.oxnardsd.org/domain/12) and that it does not qualify as a "designated employee."

_____ (Initials)

c. Service Provider agrees to notify the Superintendent, in writing, if Service Provider believes that it is a "designated employee" and should be filing financial interest disclosures but has not been required to do so by the District.

_____ (Initials)

17. Compliance with Applicable Laws. Service Provider hereby agrees that Service Provider, and its officers, owners, agents, employees, and subcontractors, shall keep themselves informed of and comply with all applicable federal, state, and local laws, statutes, codes, ordinances, regulations, and rules in the performance of the Contract, including, but not limited to, minimum wage laws and laws prohibiting discrimination. Service Provider shall be responsible for the safety of its employees and shall comply with all applicable regulations of the California Division of Occupational Safety and Health (Cal OSHA), including, but not limited to, California Code of Regulations Title 8, section 3203, Injury and Illness Prevention Program, and section 3205, COVID-19 Prevention. Service Provider shall ensure that workers in school settings who are on-site supporting school functions are compliant with applicable Public Health Department Orders and Guidance, and other mandates related to COVID-19, so long as such orders and guidance remain in effect. Service Provider and its officers, owners, agents, employees, and subcontractors shall secure and maintain in force for the Term, at their sole cost and expense and at no cost to District, any and all licenses, permits and authorizations necessary to perform the Services. Neither District, nor any elected or appointed boards, officers, officials, employees, or agents of District, shall be liable, at law or in equity, as a result of any failure of Service Provider to comply with this section. Without limiting the generality of the foregoing, Service Provider shall comply with any applicable fingerprinting requirements as set forth in the Education Code of the State of California.

_____ (Initials)

18. Undocumented Workers. Service Provider hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. Sections 1101, et seq., as amended, and in connection therewith, shall not employ undocumented workers, defined herein the same as in 8 U.S.C.A. Section 1324a(h)(3). Should Service Provider so employ such individuals for the performance of work and/or Services covered by this Agreement, and should any liability or sanctions be imposed against District for such employment, Service Provider hereby agrees to and shall reimburse District for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by District.

19. Non-Discrimination. Service Provider shall abide by the applicable provisions of the United States Civil Rights Act of 1964 and other provisions of law prohibiting discrimination and

shall not discriminate, in any way, against any person on the basis of race, color, religious creed, national origin, ancestry, sex, age, physical handicap, medical condition or marital status in connection with or related to the performance of this Agreement.

20. Assignment. The expertise and experience of Service Provider are material considerations for this Agreement. District has an interest in the qualifications of and capability of the persons and entities that will fulfill the duties and obligations imposed upon Service Provider under this Agreement. In recognition of that interest, Service Provider shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Service Provider's duties or obligations under this Agreement without the prior written consent of the Board of Trustees of District. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling District to any and all remedies at law or in equity, including summary termination of this Agreement.

21. Subcontracting. Notwithstanding the above, Service Provider may utilize subcontractors in the performance of its duties pursuant to this Agreement, but only with the prior written consent of District. Service Provider shall be as fully responsible to District for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by Service Provider, as if Service Provider performed the acts and omissions directly.

22. Continuity of Personnel. Service Provider shall make every reasonable effort to maintain the stability and continuity of Service Provider's staff and subcontractors, if any, assigned to perform the Services required under this Agreement.

a. Service Provider shall ensure that District has a current list of all personnel and subcontractors providing Services under this Agreement.

b. Service Provider shall notify District of any changes in Service Provider's staff and subcontractors, if any, assigned to perform the Services required under this Agreement, prior to and during any such performance. The list notice shall include the following information: (i) all full or part-time staff positions by title, including volunteer positions whose direct services are required to provide the Services described herein; (ii) a brief description of the functions of each such position and the hours each position works each week or, for part-time positions, each day or month, as appropriate; (iii) the professional degree, if applicable, and experience required for each position; and (iv) the name of the person responsible for fulfilling the terms of this Agreement.

c. Service Provider shall maintain a database of prospective employees in order to avoid a gap in filling intended positions.

d. Notwithstanding the generality of the foregoing, all Service Provider personnel assigned to perform under the Contract shall be subject to the continuous approval of District. District may refuse to accept any Service Provider personnel assigned to the Contract in the event that such persons fail to meet the necessary performance standards or for any other reasonable basis. Upon the request of District, Service Provider shall immediately terminate the assignment of any Service Provider personnel to the District's after-school program.

23. Assumption of Responsibility. In accordance with Service Provider's obligations under paragraphs 11, 13, 21, and 22 herein, Service Provider assumes all responsibility for the care, custody, and control of students participating in any activity, whether on-site or off-site, offered in connection with the Services.

24. Service Provider's Indemnification of District.

a. To the fullest extent permitted by California law, Service Provider, on behalf of itself and its officers, agents, employees, board members, owners, shareholders, subcontractors, volunteers and agents (collectively, "Indemnifying Party"), shall at its sole expense indemnify, protect, defend and hold harmless District, its officers, agents, employees, elected board members, and volunteers (collectively, "Indemnified Party") from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) of any kind, nature, and description, including, but not limited to, which arise out of or relate to any one or more of the following (each a "Claim" and collectively the "Claims"): (i) Indemnifying Party's breach of any representation or warranty in the Contract; (ii) Indemnifying Party's breach of any material provision of the Contract; (iii) Indemnifying Party's violation of any applicable law; (iv) employment and labor claims concerning Indemnifying Party's employees, agents, and/or subcontractors; (v) intentional misrepresentation or fraud by Indemnifying Party; (vi) bodily injury, including, but not limited to, illness, communicable disease, virus, or pandemic in connection with Indemnifying Party's provision of the Services; (v) personal injury (including, but not limited to, injuries related to or derived from alleged sexual misconduct, sexual abuse, or molestation, and any claims or allegations of wrongful death) in connection with Indemnifying Party's provision of the Services, (vi) any damage to and destruction of real property in connection with Indemnifying Party's provision of the Services; (vii) any damage to and destruction of personal property in connection with Indemnifying Party's provision of the Services, (viii) Service Provider's furnishing to District of any copyrighted or patented material under the Contract and claims that such materials infringe upon a third party's intellectual property rights. For avoidance of doubt, Service Provider's liability under this paragraph includes any and all liability arising out of or in any way attributable to the performance of this Agreement by Service Provider or by any individual or entity for which Service Provider is legally liable, including, but not limited to, its officers, agents, employees, and subcontractors.

b. Indemnifying Party's indemnity, defense, protection and hold harmless obligations under this paragraph 24 shall apply whether or not the applicable Claim: (i) is a third party claim or a direct claim; (ii) has any merit; (iii) arises from an act or omission authorized under the Contract; or (iv) is caused or alleged to have been caused by the negligence of the Indemnified Party, provided, however, that Indemnifying Party shall not be liable for damages or losses caused by sole gross negligence or sole willful misconduct of the Indemnified Party.

c. Indemnifying Party's obligations under this paragraph 24 shall not be limited by Service Provider's insurance requirements under the Contract.

d. The Indemnified Party shall promptly notify the Indemnifying Party of any Claim for which indemnification is sought, following actual knowledge of such Claim. However, the failure to give such notice shall not relieve the Indemnifying Party of its obligations hereunder except to the extent that Indemnifying Party is materially and irrevocably prejudiced by such failure. In the event that any third party Claim is brought, the Indemnifying Party shall have the right and option to undertake and control the defense of such action with counsel of its choice, except that (i) the Indemnified Party at its own expense may participate and appear on an equal footing with the Indemnifying Party in the defense of any such Claim; (ii) the Indemnified Party, at Indemnifying Party's expense, may undertake and control of such defense in the event of the material failure of the Indemnifying Party to undertake and control the same; and (iii) the Indemnified Party may control with counsel of its choice the defense of any third party Claim when an adverse judgment would establish a precedent that would be materially damaging to the continuing business interests of Indemnified Party as a public agency (*e.*g., a Claim involving public contracting rules). A Party shall not consent to judgment or concede or settle or compromise any Claim without the prior written approval of the other Party (which approval shall not be unreasonably withheld, delayed, or conditioned).

e. No Party shall be entitled to any form of implied or equitable indemnification at any time, whether based upon a theory of contract, torts, strict liability or otherwise, and each Party expressly disclaims any right to implied or equitable indemnification.

f. Service Provider agrees to obtain executed indemnity Agreements with provisions identical to those set forth here in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Service Provider in the performance of this Agreement. In the event Service Provider fails to obtain such indemnity obligations from others as required here, Service Provider agrees to be fully responsible according to the terms of this section. Failure of District to monitor compliance with these requirements imposes no additional obligations on District and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend District as set forth here is binding on the successors, assigns or heirs of Service Provider and shall survive the termination of this Agreement.

g. The provisions of this paragraph 24 shall survive the termination or expiration of the Contract and remain in full force and effect.

On behalf of Service Provider, I certify that I have read and understood the foregoing indemnity, defense, and hold harmless obligations under this paragraph 24 and that Service Provider agrees to be bound by such obligations.

_____(Initials)

25. District's Indemnification of Lead Agency.

a. To the fullest extent permitted by California law, District shall indemnify, protect, defend and hold harmless Lead Agency and any and all of its officials, city council members, employees and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged, or threatened, including

attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) of any kind, nature, and description, including, but not limited to, personal injury (including but not limited to, injuries related to or derived from alleged sexual misconduct, sexual abuse, or molestation), death, damage to property (real or personal), to the extent the liability arises out of or is in any way attributed to the performance of this Agreement by District or District's officers, agents, employees or is in any way directly attributable to the alleged existence of dangerous conditions on District real property during the operation of the program contemplated hereunder. The provisions of this indemnification do not apply to any damages or losses caused by the sole negligence or willful misconduct of Lead Agency, its officials, elected council members, employees, agents, or program participants.

b. This obligation to indemnify and defend Lead Agency is binding on successors, assigns or heirs of District and shall survive termination of this Agreement.

c. Should the acts or omissions of both Lead Agency and District contribute to any injury or damage, then their responsibility for the injury or damage will be divided between them in proportion to their respective contributions to the injury or damage. ssss

26. Enrichment Agency's Indemnification of Lead Agency. To the fullest extent permitted by California law, Enrichment Agency shall indemnify, protect, defend and hold harmless Lead Agency and Lead Agency's officials, city council members, employees and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged, or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) of any kind, nature, and description, including, but not limited to, personal injury (including but not limited to, injuries related to or derived from alleged sexual misconduct, sexual abuse, or molestation), death, damage to property (real or personal), to the extent the liability arises out of or is in any way attributed to the performance of this Agreement by Enrichment Agency or by any individual or entity for which the Enrichment Agency is legally liable, including, but not limited to, any Enrichment Agency officers, agents, employees or subcontractors or that rises out of or is in any way directly attributed to officers, agents, employees or subcontractors of Enrichment Agency or that arises out of or is in any way directly attributable to the alleged existence of dangerous conditions on District property during the operation of the program contemplated hereunder (if such conditions are caused by the acts or omissions of Enrichment Agency or any individual or entity for which Enrichment Agency is legally liable). Except as specifically provided in this Agreement, in no event shall Enrichment Agency be liable for any special, consequential, indirect, or incidental damages, including but not limited to lost profits, arising out of or in connection with this Agreement. This obligation to indemnify and defend Lead Agency is binding on successors, assigns or heirs of Enrichment Agency and shall survive termination of this Agreement.

27. Limitation of Liability. District assumes no responsibility whatsoever for any of Service Provider's personal property placed on District premises. Except as specifically provided in the Contract, in no event shall District be liable in contract or tort for any special, consequential, indirect, or incidental damages arising out of or in connection with the Contract.

28. False Claims. Notwithstanding anything to the contrary in the Contract, Service Provider may be liable to District under the False Claims Act (California Government Code Sections 12650, *et seq.*) for any and all false claims that Service Provider presents or makes to District in connection with the Contract. Service Provider's liability under the False Claims Act, if any, shall include three times the amount of damages that District sustains because of the false claim and the costs of a civil action brought to recover any penalties and/or damages, and the then-current and applicable civil penalty for each violation.

29. Insurance. Service Provider shall provide insurance coverage for the Services as set forth on Exhibit C.

30. Notices. All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by telecopier or certified mail, postage prepaid and return receipt requested, addressed as follows:

To District:
Oxnard School District
1501 South A Street
Oxnard, CA 93030 Attention:
Dr. Ginger Shea Phone:
805-385-1501 ext. 2324 Email:
gshea@oxnardsd.org

To Service Provider:
[NAME] City of Oxnard (Rec. Svcs.)
[STREET ADDRESS] 305 West Third St., 1st Floor West
[CITY, STATE, ZIP] Oxnard, CA 93030
Attention: [NAME] Terrel Harrison
Phone: [PHONE] 805-385-7995
Email: [EMAIL] terrel.harrison@oxnard.org

Notice shall be deemed effective on the date personally delivered with a copy sent via email or, if mailed, three (3) business days after deposit of the same in the custody of the United States Postal Service.

31. Excusable Delays. Service Provider shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Service Provider. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state, or local governments, acts of District, court orders, fires, floods, strikes, embargoes, pandemics, epidemics, governmentally mandated quarantines, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

32. Authority to Execute. The person or persons executing this Agreement on behalf of Service Provider represents and warrants that he/she/they has/have the authority to so execute this Agreement and to bind Service Provider to the performance of its obligations hereunder.

33. Administration. The Assistant Superintendent of Educational Services, or such person's designee, shall be in charge of administering this Agreement on behalf of the District. The Administrator has completed Exhibit D.

34. Binding Effect. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

35. Entire Agreement. This Agreement and the exhibits and documents incorporated herein constitute the entire agreement and understanding between the Parties in connection with the matters covered herein. This Agreement supersedes any prior understanding or agreement, oral or written, of the Parties with respect to said matters.

36. Amendment. No amendment to or modification of this Agreement shall be valid or binding unless made in writing by Service Provider and by District. The Parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

37. Waiver. Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by District of any work or services by Service Provider shall not constitute a waiver of any of the provisions of this Agreement.

38. Governing Law; Jurisdiction. The Contract, including this Agreement, shall be construed in accordance with the laws of the State for all substantive and procedural matters, without regard to principles of conflicts of law. Venue for any legal action or proceeding relating to the Contract shall lie exclusively in the County. The venue for any arbitration, mediation or other action or proceeding related to enforcement or interpretation of the Contract shall be the County of Ventura. In the event of any litigation related to the Contract, the Parties irrevocably submit themselves to the jurisdiction of the Superior Court of Ventura County. Each Party hereby waives and expressly agrees not to assert, in any manner whatsoever, any claim or allegation that it is not personally subject to the jurisdiction of the aforementioned court. The Parties further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the venue is improper.

39. Dispute Resolution. It is the Parties' intention to avoid the cost of litigation and to attempt to resolve any problems arising out of or related to the Contract amicably. To that end, the Parties agree to attempt to settle any and all disputes arising out of or related to the Contract by neutral, non-binding mediation, as a condition precedent to the commencement of arbitration, litigation, or any other similar proceeding. Either Party may request mediation, provided that the request shall be in writing and delivered to the other Party in accordance with the notice provisions set forth in this Agreement. The Parties agree to act in good faith to attempt to resolve any dispute by mediation. A Party shall not be entitled to attorneys' fees in any lawsuit, arbitration, or other proceeding related to or arising under the Contract if that Party refused or failed to participate in mediation in good faith pursuant to this paragraph. The Parties further agree to act in good faith to identify a

mutually acceptable mediator. If a mediator cannot be agreed upon by the Parties, each Party shall designate a mediator and those mediators shall select a third mediator who shall act as the neutral mediator of the Parties' dispute. If the dispute or claim is resolved successfully through the mediation, the resolution shall be documented by a written agreement executed by the Parties. If the mediation does not successfully resolve the dispute or claim, the mediator shall provide written notice to the Parties reflecting the same, and the Parties may then proceed to seek an alternative form of resolution of the dispute or claim, in accordance with the remaining terms of the Contract and other rights and remedies afforded to them by law. Notwithstanding the foregoing, nothing set forth in this paragraph shall require mediation prior to commencing an action in equity seeking injunctive relief or prior to District taking action to protect the health or safety of its students or staff. All applicable statutes of limitation shall be tolled while the mediation procedures specified herein are pending, and the Parties agree to take all action, including the execution of stipulations or tolling agreements, necessary to effectuate the intent of this provision.

40. Severability. If any term, condition, or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this Agreement shall not be affected thereby, and the Agreement shall be read and construed without the invalid, void, or unenforceable provision(s).

IN WITNESS WHEREOF, District and Service Provider have executed and delivered this agreement for Service Provider services as of the date first written above.

EXHIBIT A-0
SCOPE OF SERVICES

PART I: LEAD AGENCY

A. Definition of Lead Agency. The "Lead Agency" is responsible for providing daily after-school programming for the 180 schools days and 30 non-school days within each academic school year of the Contract as required by funding. The Lead Agency works with the program from school dismissal until closing time. The Lead Agency provides management, oversight, and coordination of all after-school programs, including recruitment, enrollment, and programming provided by Enrichment Agencies.

B. Lead Agency Responsibilities. The Lead Agency will perform the Services in accordance with the Contract and specifically agrees to perform the Services in accordance with the following requirements.

1. Enrollment.

a. Provide staffing to support program enrollment activities, including, but not limited to, school-site coordination, classroom and school-wide presentations/recruitment activities, documentation of active participants and maintenance of wait lists, communication with school site administration and families on up-to-date acceptance and wait lists.

b. Provide ongoing enrollment support for enrichment bursts and special events, including, but not limited to, recruitment activities, open house, showcases, back to school nights, *etc.*

c. Prior to students participating in the Program, obtain signed copies of all enrollment forms required by the District and any additional forms required by the Lead Agency and provide copies of all such enrollment forms to the District. The District's current required enrollment forms are included as Attachment A.

2. Five-Day Week and Enrichment Burst Program Attendance.

a. For daily five-day week program, elementary students should participate every day the program operates.

b. For daily five-day week program, intermediate students should participate a minimum of nine hours and three days per week.

c. For enrichment bursts, students should participate according to the schedule for the activity.

d. The Lead Agency will make good faith efforts to maintain consistency of attendance with the intent to reduce the turnover in enrollment.

e. The Lead Agency will take daily attendance to ensure student safety and attendance.

f. Early release waivers will be used for all students recurring late start or early program release (*e.g.*, late start for tutoring and early release for catechism or sports).

g. Students who leave the program early with an excused reason (*e.g.*, sick, doctor's appointment) shall have it noted on the sign out sheet and have back up documentation filed with each month's attendance.

h. The Lead Agency shall agree to meet the minimum attendance required by the ELOP, ASES, and 21st CCLC Grants, as applicable.

i. The Lead Agency shall maintain enrollment documents for the daily five day a week program and enrichment bursts.

3. **Assurances.** The Lead Agency assures, warrants to the District, and agrees that in the performance of the Contract, the Lead Agency shall:

a. Provide an academic and enrichment after school program in each grant funded school and ensure there are comprehensive and holistic program offerings available for all program participants;

b. Plan the program through a collaborative process that includes parents, youth, representatives of participating school sites, governmental agencies, local law enforcement, community organizations and the private sector;

c. Staff all activities not to exceed a 10:1 ratio for all TK and K students and 20:1 ratio for Grades 1-8;

d. Provide payroll services for Lead Agency employees;

e. Operate each program from the end of the school day until 6:00 p.m. or a minimum of 3 hours, whichever is later, every regular school day;

f. When agreed upon and coordinated between Lead Agency and District, provide a program for non-school calendar days (*i.e.*, weekends, days, vacations);

g. Lead Agency will provide services for 30 non-school days for a minimum of 9 hours per day;

h. Provide program assessment results to District for the annual evaluation. Evaluation tools such as Quality Self-Assessment Tool (QSAT) or other measures of program evaluation as suggested by the California Department of Education – After School Division and/or California After-School Network. Documentation needs to happen quarterly for the Federal Program Monitoring Process (FPM);

i. Assist and maintain organized information for FPM at each site, and submit documentation to the District quarterly;

j. Ensure all food offered to students conforms to the nutrition standards as established by the U.S. Department of Agriculture (low fat content, calories, no candy or soda). Reimbursable Snack Logs will be submitted to District Food Services to ensure proper documentation for the State and Federal Food Program. Reporting also includes electronic input of total snacks served in Q – Food Services module.

4. Non-School-Day Activities.

a. 30 non-school days are required by the ELOP Program.
b. Program shall be open for a minimum of 9 hours.
c. Transportation shall be provided if program offered off site.
d. Field trips and/or any off-site activities shall follow all guidelines of a field trip as outlined in Exhibit A-1.
e. 2026-2027 Non-School-Day Schedules (subject to change)
    i. Summer: July 6 - 31, 2026 (pack out on August 2, 2026)
    ii. Spring Break: March 22 - April 2, 2027 (No Fridays)

5. Trainings.

a. Lead Agency shall ensure that each and every staff person of the Lead Agency (not including those of any Enrichment Agency), as a prerequisite to and precondition of such staff person providing services to the District, has been trained in the following topics:

    i. Mandated reporting
    ii. Anti-harassment
    iii. Sexual misconduct prevention
    iv. Bullying prevention
    v. Discrimination prevention
    vi. Suicide awareness and reporting
    vii. Classroom management
    viii. Social and emotional supports
    ix. Quality standards for expanded learning
    x. Emergency preparedness

    For avoidance of doubt, no Lead Agency staff person shall provide any services to the District unless and until such staff person has been trained in the foregoing topics.

b. Additionally, Lead Agency shall ensure that each and every staff person of the Lead Agency (not including those of any Enrichment Agency), as a prerequisite to and precondition of such staff person providing services to the District, has been certified in:

    i. First aid, automated external defibrillator [AED], and CPR, including epinephrine administration (American Red Cross equivalent)

For avoidance of doubt, no Lead Agency staff person shall provide any services to the District unless and until such staff person has been certified in first aid, AED, and CPR.

c. Lead Agency shall ensure that all staff attend:

i. Four (4) all staff trainings on the following dates (which are subject to change): August 6 & 7, 2026; October 12, 2026; and January 8, 2027.

ii. Quarterly professional development provided by District and Lead Agency on the topics such as team building, emergency procedures, positive behavior intervention support, English learner strategies, social and emotional awareness and learning, school safety, Common Core State Standards, grade level pedagogy, communication skills and other topics to align the after-school program with the regular day throughout the course of the academic school year.

iii. Site team meetings 1 hour every two weeks.

6. Professional Development.

a. Lead Agency – Management Only:

i. Attend Region 8 Program Directors and Network Meetings on a quarterly basis.

b. Lead Agency – All Staff (inclusive of owners, managers, and site-level staff):

i. Participate in quarterly professional development provided by District and Lead Agency on the topics of Positive Behavior Intervention Support, English Learner Strategies, technology, Depth of Knowledge and inquiry strategies, Common Core State Standards, Smarter Balanced Assessment Consortium, communication skills and other topics to align the after-school program with the regular day throughout the course of the academic school year.

7. Curriculum and Activity Design.

a. The Lead Agency is responsible for developing all activities, including curriculum, consumable and non-consumable materials, and timelines, all in alignment with District goals, priorities, and applicable grant requirements. The Lead Agency must send its syllabi to the District in advance on a monthly basis.

b. When agreed upon in writing in advance, the District may provide the Lead Agency with curriculum training that meets the needs of the District. If the District will provide the training, then it will be as follows.

Participate in monthly trainings to receive lessons and materials for the upcoming month. Meetings will be a minimum of two hours. Lead Agency and District will coordinate trainings.

i. Professional Development – Math staff, Literacy

Participate in two full day trainings before the start of school conducted by District-approved provider as per agreement with District.

Participate in monthly trainings to receive lessons and materials for the upcoming month. Training will be two hours.

ii. Professional Development – Literacy
Participate in two full day trainings before the start of school conducted by District-approved provider as per agreement with District.

Participate in monthly trainings to receive lessons and materials for the upcoming month. Training will be two hours.

iii. Professional Development – Arts/Special Enrichment staff

Participate in monthly trainings offered by District, District-approved provider, and/or Service Provider. Training will be between 2 and 4 hours a session.

Provide enrichment that meets the goals as stated in the District After School Education and Safety Program Plan.

iv. Professional Development – Physical Fitness/Recreation Staff

Participate in monthly trainings as offered by the Service Provider.

Training topics include, but are not limited to, physical fitness, self-esteem, and nutrition.

PART II: ENRICHMENT AGENCY

A. **Enrichment Agency.** Each "Enrichment Agency" will provide specific types of enrichment programs (e.g., arts, robotics, or sports) in accordance with its area of expertise. An Enrichment

Agency may provide such enrichment activities for a limited period of time (such as Tuesday and Thursday afternoons, or on non-school days during winter, spring, or summer breaks, during the full fiscal year).

B. Enrichment Agency Responsibilities. The Enrichment Agency will perform the Services in accordance with the Contract and specifically agrees to perform the Services in accordance with the following requirements.

1. Enrollment.

a. Provide ongoing enrollment support for enrichment bursts and special events, including, but not limited to, recruitment activities, open house, showcases, back to school nights, *etc.*

b. Prior to students participating in the Program, obtain signed copies of all enrollment forms required by the District and any additional forms required by the Lead Agency and provide copies of all such enrollment forms to the District. The District's current enrollment forms are included as Attachment A.

2. Five-Day Week and Enrichment Burst Program Attendance.

a. For daily five-day week program, elementary students should participate every day the program operates.

b. For daily five-day week program, intermediate students should participate a minimum of nine hours and three days per week.

c. For enrichment bursts, students should participate according to the schedule for the activity.

d. The Enrichment Agency will make good faith efforts to maintain consistency of attendance with the intent to reduce the turnover in enrollment.

e. The Enrichment Agency will take daily attendance to ensure student safety and attendance.

f. Early release waivers will be used for all students recurring late start or early program release (*e.g.*, late start for tutoring and early release for catechism or sports).

g. Students who leave the program early with an excused reason (*e.g.*, sick, doctor's appointment) shall have it noted on the sign out sheet and have back up documentation filed with each month's attendance.

h. The Enrichment Agency shall agree to meet the minimum attendance required by the ELOP, ASES, and 21st CCLC Grants, as applicable.

i. The Enrichment Agency shall maintain enrollment documents for the enrichment bursts.

3. Assurances. The Enrichment Agency assures, warrants to the District, and agrees that in the performance of the Contract, the Enrichment Agency shall:

a. Provide an academic and enrichment after school program in each grant funded school and ensure there are comprehensive and holistic program offerings available for all program participants;
b. Plan the program through a collaborative process that includes parents, youth, representatives of participating school sites, governmental agencies, local law enforcement, community organizations and the private sector;
c. Staff all activities not to exceed a 10:1 ratio for all T-K and K students and 20:1 ratio for Grades 1-8;
d. Provide payroll services for Enrichment Agency employees;
e. Operate each program from the end of the school day until 6:00 p.m. or a minimum of 3 hours, whichever is later, every regular school day;
f. When agreed upon and coordinated between Enrichment Agency and District, provide a program for non-school calendar days (*i.e.*, weekends, days, vacations);
g. Enrichment Agency may provide services for 30 non-school days for a minimum of 9 hours per day;
h. Provide program assessment results to District for the annual evaluation. Evaluation tools such as Quality Self-Assessment Tool (QSAT) or other measures of program evaluation as suggested by the California Department of Education – After School Division and/or California After-School Network. Documentation needs to happen quarterly for the Federal Program Monitoring Process (FPM);
i. Assist and maintain organized information for FPM at each site, and submit documentation to the District quarterly;
j. Ensure all food offered to students conforms to the nutrition standards as established by the U.S. Department of Agriculture (low fat content, calories, no candy or soda). Reimbursable Snack Logs will be submitted to District Food Services to ensure proper documentation for the State and Federal Food Program. Reporting also includes electronic input of total snacks served in Q – Food Services module.

4. Non-School-Day Activities.

a. 30 non-School Days are required by the ELOP Program.
b. Program shall be open for a minimum of 9 hours.
c. Transportation shall be provided if program offered off site.
d. Field trips and/or any off-site activities shall follow all guidelines of a field trip as outlined in Exhibit A-1.
e. 2026-2027 Non-School-Day Schedules (subject to change)
    i. Summer: July 6 - 31, 2026 (pack out on August 2, 2026)
    ii. Spring Break: March 22 - April 2, 2027 (No Fridays)

5. Trainings.

a. Enrichment Agency shall ensure each and every staff person, as a prerequisite to and precondition of such staff person providing services to the District, has been trained in the following topics:

i. Mandated reporting
ii. Anti-harassment
iii. Sexual misconduct prevention
iv. Bullying prevention
v. Discrimination prevention
vi. Suicide awareness and reporting
vii. Classroom management
viii. Social and emotional supports
ix. Quality standards for expanded earning
x. Emergency preparedness

All Enrichment Agency staff providing services to the District must take the District's training courses, which are available through an online training management system, for each of the above topics.

For avoidance of doubt, no Enrichment Agency staff person (including volunteers) shall provide any services to the District unless and until such staff person has been trained in the foregoing topics.

b. Additionally, Enrichment Agency shall ensure that each and every staff person, as a prerequisite to and precondition of such staff person providing services to the District, has been certified in:

i. First aid, AED and CPR, including epinephrine administration, equivalent to American Red Cross

For avoidance of doubt, no Enrichment Agency staff person shall provide any services to the District unless and until such staff person has been certified in first aid, AED and CPR.

c. Enrichment Agency shall ensure that all staff attend:

i. Four (4) all staff trainings on the following dates (which are subject to change): August 6 & 7, 2026; October 12, 2026; and January 8, 2027.
ii. Quarterly professional development provided by District, Lead Agency, and Enrichment Agency on the topics such as team building, emergency procedures, positive behavior intervention support, English learner strategies, social and emotional awareness and learning, school safety, Common Core State Standards, grade

level pedagogy, communication skills and other topics to align the after-school program with the regular day throughout the course of the academic school year.

iii. Site team meetings 1 hour every two weeks.

6. Curriculum and Activity Design.

a. The Enrichment Agency is responsible for developing all its enrichment activities, including curriculum, consumable and non-consumable material, and timelines, all in alignment with District goals, priorities, and applicable grant requirements. The Enrichment Agency must send its syllabi to the District in advance on a monthly basis.

b. When agreed upon in writing in advance, the District may provide the Enrichment Agency with curriculum training that meets the needs of the District.

PART III: HUMAN RESOURCES (HR)/RISK MANAGEMENT

The Lead Agency and each Enrichment Agency must comply with the following risk management requirements.

A. Provide background clearance through the police department and TB clearance pursuant to Education Code sections 8483.4, 8484.75 and 49406(a) and provide monthly reports of all employees who have received clearance for employment.
B. Provide a copy of insurance documents, which verify coverage for District.
C. Clear outside contractors and events through the District HR Department. This shall occur at least 30 days prior to service or event.
D. Clear all activities and enrichment courses, including flyers and advertisements, through District Risk Management Department and District Administration to ensure proper safety procedures are in place according to District timelines. This shall occur at least 30 days prior to service or event.
E. Clear all fundraisers through District Risk Management Department and District Administration to ensure compliance with Board Policies. This shall occur at least 30 days prior to service or event.
F. Participate in school-wide emergency drills and learn the protective procedures at each school site.

PART IV: MISCELLANEOUS SERVICE PROVIDER RESPONSIBILITIES

The Lead Agency and each Enrichment Agency must comply with the following responsibilities:

A. Report attendance and activities weekly by Wednesday of each week for the previous week.
B. Work with District to establish and maintain partnerships with community agencies.

C. Provide student learning and enrichment materials above and beyond materials already purchased by District.
D. Participate in collaboration activities with other participating organizations.
E. Vacate learning areas within each school in the same or better conditions as they were found.
F. Include the Common Core State Standards and strategies for English Learners and Special Education students in lessons.
G. Include feedback from the after-school administrator and site principal when evaluating employees.
H. Meet weekly with District administrator.
I. Provide documentation of matching funds.
J. Operate the Program in accordance with the conditions set forth in this Exhibit A-0, Exhibit A-1, and Exhibit A-3.
K. Operate the Program in accordance with the conditions set forth in Exhibit A-2, if applicable.
L. Report any unsafe physical conditions of the facilities or grounds in the after-school activity areas to the District program administration immediately.
M. Comply with all applicable District Board of Trustee policies, including, but not limited to, the District's policies regarding tobacco-free schools, firearms on school grounds, drug and alcohol-free workplace, and dress and grooming.

PART V: DISTRICT RESPONSIBILITIES

The District agrees to:

A. Provide consistent, adequate, and safe space for after school groups and activities after school each day in the schools with Core Grants (including classrooms, cafeteria, restrooms, and playground);
B. Provide a District administrator to coordinate and collaborate with the Lead Agency's and Enrichment Agency's program coordinator;
C. Provide a staff member to help create an academic link between the after-school program and the regular school day—reporting language arts and math assessment results to the after-school program and reporting the after-school results to the regular classroom teachers;
D. Provide professional development to aid in the aligning the after-school program with the regular school day (math, literacy, arts/special enrichment, and physical fitness and nutrition);
E. Provide consistent access to campus classrooms and necessary facilities;
F. Provide daily nutritional snack and/or meal through the federal free and reduced lunch program;
G. Provide daily custodial services;
H. Submit required attendance, fiscal and evaluation reports to the State of California;
I. Provide office space/station with access to phone, computer, printer, and internet access;
J. Provide Access to Q to mark attendance;

K. Notwithstanding Lead Agency's and Enrichment Agency's obligations contained in Exhibit A-3, administer medication to students participating in Program in compliance with federal and California law;
L. Perform those actions set forth in Exhibit A-3.

PART VI: TANGIBLE WORK PRODUCTS

As part of the Services, Lead Agency and Enrichment Agency will prepare and deliver the following tangible work products to District:

A. Certificates of insurance and additional insured endorsements for 2024-2025, as described in Exhibit C, or a letter evidencing participation in an alternative risk management program, including participation with other public agencies in mutual, cooperative, or risk management programs available through joint exercise of powers agencies, to the extent that such alternative risk management program affords reasonable coverage for the risks contemplated hereunder giving consideration to similar programs or plans adopted by public entities in the State of California;
B. Evidence that employees meet the qualifications of a paraeducator as defined by District;
C. Monthly employee list certifying all employees have cleared TB and fingerprint screenings and complied with all training requirements;
D. Weekly attendance and activity reports;
E. Food Service Reimbursable Snack Logs and Q Meal Summary electronic report which meet the requirements of the federal free and reduced lunch program;
F. Evidence that Lead Agency and Enrichment Agency employees and volunteers have complied with the professional development and training requirements required by this Agreement.
G. Copies of all enrollment forms for each student participating in the Program.

PART VIII: PERSONNEL

Lead Agency and Enrichment Agency shall provide a staff roster prior to the commencement of Services and anytime that there is an update in staff.

PART IX: SUBCONTRACTORS

Lead Agency and Enrichment Agency will utilize the following subcontractors to accomplish the Services (check one):

☐ None.

☐ See attached list.

PART X: AMENDMENTS

The Scope of Services, including services, work product, and personnel, are subject to change by mutual agreement. In the absence of mutual agreement regarding the need to change any aspects of performance, Lead Agency and Enrichment Agency shall comply with the Scope of Services as indicated above.

EXHIBIT A-1

For the purposes of this Exhibit A-1, Lead Agency and Enrichment Agency are referred to as "Service Provider," and the below obligations shall apply and pertain individually to each and every Lead Agency and to each and every Enrichment Agency providing services to the District under the Contract. Service Provider agrees to operate the after- school program (the "Program") in accordance with the following general provisions:

1. Field Trips. Service Provider may offer Program field trips, provided that Service Provider obtains advance authorization from District, obtains advance written parent/guardian authorization, and complies with transportation policies approved by District. Service Provider shall use the District's then-current permission, release, and waiver forms. The District's presently existing forms are included as Attachment A. All field trip transportation requires advance authorization by the District.

2. Parent/Guardian Visits: To the extent allowed by applicable law, Service Provider shall provide for reasonable parent/guardian access to District facilities being used by Service Provider during the Program. Service Provider shall ensure that parent/guardian visits are in accordance with any applicable court orders.

3. Late Pick Up Policy: Service Provider shall develop a reasonable late pick-up policy. The policy must be in writing and approved in advance by District. If Service Provider fails to provide a late pick-up policy, the following policy shall apply. If a student has not been picked up by an authorized adult within ten (10) minutes after the Program closing time, Service Provider's staff shall call the emergency contacts for that student. If Service Provider's staff person has not been able to reach the student's authorized adult within twenty (20) minutes past closing time, Service Provider shall contact the Program director, the police, and social services for assistance. Service Provider is fully responsible for properly implementing the policy. Irrespective of whether Service Provider develops and implements an approved late pick-up policy or adopts the policy set forth herein, Service Provider warrants that at least two (2) staff persons will remain present at closing time to supervise the students until the last child is in the custody of an authorized adult, or, if necessary, the police and social services. For avoidance of doubt, (a) the Lead Agency shall maintain primary responsibility for compliance with the late pick up policy, (b) a Lead Agency staff person shall remain on-site to comply with the late pick up policy, and (c) the Lead Agency may require an Enrichment Agency staff person to remain on site as the second staff person.

4. Reportable Incidents:

   a. Service Provider shall immediately notify the District by telephone of any heath- or safety-related issues, including, but not limited to, the death of a child from any cause; any injury to a child that requires medical treatment; any unusual

incident or child absence that threatens the physical or emotional health or safety of a child; any suspected child abuse or neglect; epidemic outbreaks, poisonings; fires or explosions that occur in or on the premises; exposure to toxic substances; an arrest of the Service Provider's employee; any issues involving criminal background clearances for employees; any building safety issues. The Service Provider shall provide a written report of the incident to the District within 24 hours of the event.

b. If Service Provider becomes aware of circumstances indicating the actuality or possibility of mandated reporting (including but not limited to, allegations of physical, emotional, or sexual abuse, or allegations of neglect), involving any student in the Program, then Service Provider shall comply with all mandated reporting requirements under California law. Service Provider shall inform District immediately by telephone and shall also provide a written report of the circumstances to District within twenty-four (24) hours of becoming aware of the circumstances. Service Provider assures District that all Service Provider staff members, including volunteers, are familiar with child and dependent adult abuse reporting obligations and procedures under California law.

5. Disasters/Emergencies:

a. Service Provider shall develop a reasonable disaster/emergency policy. The policy must be in writing and approved in advance by District. If Service Provider fails to provide a reasonable disaster/emergency policy, the District's emergency/disaster policy shall apply. Service Provider is fully responsible for properly implementing the policy, including but not limited to ensuring that all staff members at each site are appropriately trained in the policy, maintaining at least two (2) staff members at each site who are CPR trained, and confirming that staff members are properly instructed to access disaster preparedness kits.

b. Additionally, Service Provider acknowledges, understands, and agrees that in the event of any natural, manmade, or war-caused disaster or emergency, District's employees are declared "disaster service workers" tasked with performing such disaster service activities as may be assigned to them by their superiors or by law. Further, Service Provider acknowledges, understands, and agrees that any such disaster or emergency occurs during the Program, the Service Provider's on-site staff shall be required to remain on the premises to assist District employees and any other disaster service workers in the protection of lives and property until such time that the Service Provider's staff is relieved from duty by the District or replaced by another Service Provider staff person.

6. Unauthorized Persons: In the event that Service Provider's staff discovers that any unauthorized person (including but not limited to minors who are not enrolled in the Program and not otherwise entitled to be on District property; unauthorized adults, including parents who are forbidden by court order from accessing students;

and any other trespassers) is on District's property during the operation of the Program, Service Provider's staff shall take immediate action to ensure the safety of all Program students, including, as necessary, seeking assistance from local authorities. Service Provider's staff shall immediately notify program management at District of the incident and provide a written report of the incident to District within twenty-four (24) hours.

7. District Facilities and Equipment: Service Provider's use of District facilities and equipment shall be limited to those uses reasonably necessary for the operation of the Program. Service Provider shall use District's facilities and equipment with care, leaving each space clean and organized at the end of each Program day. Service Provider shall not permit any third parties not affiliated with the Program to use District's facilities and equipment. Service Provider shall, at its own cost and expense, replace or repair any District facilities or equipment damaged by Program staff or participants, or third parties that Service Provider permitted to use the facilities or equipment. Service Provider shall not make or allow any alterations, installations, additions, maintenance, or improvements in or to District facilities without District's prior written consent, which may be withheld in District's sole discretion. If District approves a request, Service Provider may perform the work at its sole cost and expense and the improvement, maintenance or other agreed-upon service on District property shall immediately become the property of District.

EXHIBIT A-2
SPORTS – HEALTH AND SAFETY

For the purposes of this Exhibit A-2, Lead Agency and Enrichment Agency are referred to as "Service Provider," and the below obligations shall apply and pertain individually to each and every Lead Agency and to each and every Enrichment Agency providing services to the District under the Contract. Service Provider agrees to operate any and all sports within the Program in accordance with the following provisions.

1. General Requirements for Service Provider's Program Coaches.

a. Satisfaction of Program staff requirements. Service Provider agrees that its coaches, paid and unpaid, shall satisfy the requirements for all Program staff, including, but not limited to, requirements pertaining to employee qualifications, experience, and background checks.

b. Additional requirements. Service Provider further agrees that, prior to coaching a Program sport, its coaches shall have training that includes development of coaching philosophies consistent with District goals; basic knowledge of sport psychology, pedagogy, physiology, and management; training in CPR, AED, and first aid; and general information about statewide rules and regulations regarding, at minimum, eligibility, equity, and discrimination. Moreover, as set forth in more detail below, Service Provider's coaches shall receive training in specific health and safety issues, including, but not limited to, concussion, sudden cardiac arrest, heat illness, methicillin-resistant staph aureus, performance enhancement drugs, and event emergencies. Service Provider shall have satisfied these requirements if Service Provider provides its coaches with the information provided in the exhibits to this Agreement and any additional information provided by District to Service Provider.

2. General Requirements for Student Eligibility in Program Sports.

a. Medical clearance. Service Provider shall ensure that, prior to trying out for, practicing for, and participating in a Program sport, every student obtains a medical clearance from a health care provider (i.e., a medical doctor [MD], doctor of osteopathy [DO], nurse practitioner [NP] or physician assistant [PA]) who is fully licensed in the State of California. The medical clearance shall be pursuant to a physical exam with medical history, which includes, but is not limited to, review of any previous heat illness, cardiac disease, sickle cell trait, medication and supplement use, and type of training activities. Service Provider may provide students with or otherwise require students to utilize the Preparticipation Physical Evaluation form and accompanying Clearance form, prepared by the California Interscholastic Federation ("CIF"), and attached hereto as Exhibit A-2(i) (or any updated forms). Within 48 hours of collecting any medical clearance, Service Provider shall provide such medical clearance form(s) to District. For avoidance of doubt, Service Provider shall not be responsible for the accuracy, sufficiency, or completeness of any medical clearance document(s) required by District pursuant to this section. However, Service Provider shall ensure that such medical clearance forms are completed by health care providers who designate themselves as an MD, DO, NP, or PA.

b. Adherence to recommendations. Service Provider agrees to require its coaches to review and abide by any and all medical restrictions and recommendations listed in each student's medical clearance form. Service Provider acknowledges that a student's medical clearance may be rescinded or altered by the health care provider due to changed conditions, in which event Service Provider agrees to be bound by the revised restrictions or recommendations.

c. Current illness or injury. For the health and safety of all Program participants, Service Provider shall permit any student who is reasonably known or observed to have an active febrile or gastrointestinal illness to participate in Program sports until such time the affected student has recovered from the illness and provided Service Provider with a written medical clearance. Service Provider shall not permit any student who is reasonably known or observed to have an injury (except minor injuries, such as minor cuts or abrasions) to participate in Program sports without written medical clearance.

d. Sign In and Sign Out Sheet. Service Provider must provide a sign-in and sign-out sheet for all Program sports activities, including tryouts, practices, and games, that includes, at minimum, the date, student's name, time of sign-in and time of sign-out, and name of authorized adult who signed out the student. All students and/or guardians must use the sheet to sign in and out of all Program sports.

e. Off-site Sports Activities. Service Provider may offer off-site sports activities, provided that Service Provider obtains advance authorization from District, obtains advance written parent/guardian authorization, and complies with transportation policies approved by District. Service Provider shall use its own permission, release, and waiver forms, provided that such forms shall provide for a release of claims against District by providing for a release of "any involved municipalities or public entities and their respective agents and employees."

3. Concussions.

Service Provider agrees to adhere to the following standards regarding concussions and serious head injuries.

a. Coaches – requirements prior to coaching

i. As a prerequisite to coaching any Program sport, Service Provider's coaches shall receive training on concussions and provide proof of such training to Service Provider. The training can be completed through the free, online course "Concussions in Sports" (or any updated course) which is available through the National Federation of State High School Associations website. As proof of training, Service Provider's coaches shall download and print their certificate at the completion of the course, and, provide a copy of the certification to Service Provider.

ii. Service Provider's coaches shall receive concussion training at least once a year.

iii. Service Provider shall retain a copy of all certifications for a period of at least three (3) years, and, upon District's request, provide a copy to District.

b. Students – requirements prior to participation.

i. As a prerequisite to a student beginning practice or competition in any Program sports activity, the student and the student's parent or guardian shall review and sign a concussion and head injury information sheet. Service Provider shall provide the concussion and head injury information sheet, the form and content of which shall be subject to District's prior approval. Service Provider may use the "Concussion Information Sheet" prepared by CIF, which is attached hereto in English and Spanish as Exhibits A-2(ii) and A-2(iii), respectively (or any updated forms).

ii. Students and student parents/guardians shall complete a new concussion and head injury information sheet each year.

iii. Service Provider shall make two (2) copies of each signed concussion information sheet. Service Provider shall return the first copy to the student's parent or guardian. Service Provider shall retain the second copy for a period of at least three (3) years, and, upon District's request, provide the copies to District.

c. Coaches – requirements if student may have sustained concussion.

i. Service Provider shall immediately remove from competition, whether in practice or a game, any student who is suspected of sustaining a concussion or head injury, and seek emergency medical attention for the student.

ii. Service Provider shall follow all other medical procedures in this Agreement, including, but not limited to, contacting the student's parent or guardian, and completing the requisite incident forms.

d. Students – requirements for participation after suspected concussion.

i. A student who has been removed from play due to a suspected concussion or head injury may not participate in any Program sports until the student has (A) been evaluated by a health care provider who is fully licensed in the State of California and trained in the evaluation and management of concussions, and (B) received written medical clearance to return to play from that health care provider. Service Provider may request that students use the Acute Concussion Evaluation form, attached hereto as Exhibit A-2(iv).

ii. In no event shall a student return to practice or competition in a Program sport on the same day that the student was suspected of sustaining or having a concussion or other head injury.

iii. Subsequent to the student's suspected head injury, Service Provider agrees to enforce the health care provider's recommendations and restrictions regarding the student's participation in Program activities, and to continue to monitor the student for any further signs or symptoms of a concussion or other head injury.

iv. Service Provider agrees to maintain copies of any written medical clearances pertaining to a suspected concussion or other head injury for a period of at least three (3) years, and, upon District's request, provide the copies to District.

4. Sudden Cardiac Arrest ("SCA").

Service Provider agrees to adhere to the following standards regarding SCA, which is the sudden and unexpected loss of heart function and among the leading causes of death for student athletes.

a. Coaches – requirements prior to coaching

i. As a prerequisite to coaching any Program sport, Service Provider's coaches shall receive training on SCA and provide proof of such training to Service Provider. The training can be completed through the free, online course "Cardiac Wise" (or any updated course), which is available through the CIF website. As proof of training, Service Provider's coaches shall download and print their certificate at the completion of the course, and, provide a copy of the certification to Service Provider.

ii. Service Provider's coaches shall receive SCA training at least once a year.

iii. Service Provider shall retain a copy of all certifications for a period of at least three (3) years, and, upon District's request, provide the copies to District.

b. Students – requirements prior to participation.

i. As a prerequisite to a student beginning practice or competition in any Program sport, the student and the student's parent or guardian shall review and sign an SCA information sheet. Service Provider shall provide the SCA information sheet, the form and content of which shall be subject to District's prior approval. Service Provider may use the SCA information sheet "Keep Their Heart in the Game – a sudden cardiac arrest information sheet for athletes and parents/guardians" prepared by CIF, a sample of which is attached as Exhibit A-2(v) (or any updated form).

ii. Students and student parents/guardians shall complete a new concussion and head injury information sheet each year.

iii. Service Provider shall make two (2) copies of each signed information sheet. Service Provider shall return the first copy to the student's parent or guardian. Service

Provider shall retain the second copy for a period of at least three (3) years, and, upon District's request, provide the copies to District.

c. Coaches – requirements if student faints.

i. Service Provider shall immediately remove from competition, whether in practice or a game, any student who exhibits fainting, which is the main warning sign of a potential heart condition. Service Provider shall then seek emergency medical attention for the student.

ii. Service Provider shall follow all other medical procedures in this Agreement, including, but not limited to, contacting the student's parent or guardian, and completing the requisite incident forms.

d. Students – requirements for participation after suspected SCA event.

i. A student who has been removed from play due to a suspected SCA event may not participate in any Program sports until the student has (A) been evaluated by a health care provider who is fully licensed in the State of California and trained in the evaluation and management of SCA, and (B) received written clearance to return to play from that health care provider.

ii. In no event shall a student return to practice or competition on the same day that the student was suspected of having an SCA event.

iii. Service Provider agrees to enforce the health care provider's recommendations and restrictions regarding the student's participation in Program activities, and to continue to monitor the student for any further signs or symptoms of SCA.

iv. Service Provider agrees to maintain copies of any written medical clearances, and, upon District's request, provide the copies to District.

5. Heat Illness.

Service Provider agrees to adhere to the following standards regarding heat illness.

a. Coaches – education about heat illness prevention. Service Provider agrees to require its coaches to obtain training about the prevention of heat illness in students participating in athletics at least once a year. The training may be completed through the free, online course "A Guide to Heat Acclimatization and Heat Illness Prevention" (or any updated course), which is available through the CIF website.

b. Preventative measures. Service Provider's coaches shall endeavor to decrease the likelihood of Program students suffering heat illness by taking preventative measures, including, but not limited to:

i. educating students participating in Program sports to arrive at practice or competition well-hydrated;

ii. instructing students to stay hydrated in between practices;

iii. educating students to avoid drinks which dehydrate the body (*e.g.*, drinks containing stimulants such as ephedrine or high amounts of caffeine);

iv. providing water or sports drinks to students during practice and competition, and providing students with water breaks at least every thirty (30) to forty-five (45) minutes;

v. allowing adequate rest breaks in the shade, and allowing students to remove unnecessary equipment during rest breaks;

vi. if applicable, gradually increasing the intensity and duration of exercise over a seven (7) to fourteen (14) day period in order to give students time to acclimate to practicing in the heat; and

vii. if applicable, introducing protective equipment in phases in order to give students time to acclimate (*e.g.*, start with helmet, progress to helmet and shoulder pads, and finally progress to full uniform).

6. Methicillin-Resistant Staph Aureus (MRSA).

Service Provider agrees to adhere to the following standards regarding MRSA (a type of staph infection that is resistant to many common antibiotics, and which, if left untreated, can be serious or deadly).

a. Coaches – education about MRSA. Service Provider shall take reasonable steps to ensure that its coaches are aware of the warning signs, risks, and treatment of MRSA. At minimum, Service Provider shall provide its coaches with a copy of the Sports Medicine Alert for Coaches about MRSA, prepared by CIF, and attached hereto as Exhibit A-2(vi), or any updated alert or information sheet.

b. Coaches – preventative measures. Service Provider shall require its coaches to adopt precautionary measures to decrease the risk of spreading MRSA, including, but not limited to, recommending that students shower with soap (at home or otherwise) as soon as possible after practices and competitions; instructing students not to share equipment, clothing, towels, or personal grooming items; recommending that students wash their uniforms or sportswear after each use; requiring students to cover all wounds, cuts, and abrasions, especially during practice and competition; and ensuring that all Program sports equipment surfaces (*e.g.*, benches, mats) are cleaned and disinfected on a daily basis, using supplies provided by District.

c. Coaches – duty to inform students and parents/guardians. Service Provider shall take reasonable steps to inform students participating in Program sports and their parents or guardians about the risks of MRSA, including, but not limited to, providing the students and their parents or guardians with the Sports Medicine Alert for Students, Parents and Guardians about MRSA, prepared by CIF, and attached hereto as Exhibit A-2(vii), or any updated alert or information sheet at least once a year.

7. Performance Enhancement Drugs.

Service Provider agrees to adhere to the following standards regarding performance enhancement drugs.

a. Service Provider development and implementation of policy. Service Provider shall adopt a policy prohibiting the use and abuse of steroids or other performance enhancement drugs, which policy is subject to District approval. Service Provider may adopt District's policy or use the Steroids Policy Form prepared by CIF and attached hereto as Exhibit A-2(viii) (or any updated form) as a reference in developing its own policy, the form and content of which shall be subject to District's prior approval.

b. Student and parent/guardian agreement about policy. The policy shall require that all students participating in Program sports and their parents or guardians to agree in writing that the student will not use performance enhancement drugs except with the written prescription of a licensed physician in order to treat a medical condition.

c. Annual update. Students and student parents/guardians shall complete a new performance enhancement drug agreement each year. Service Provider agrees to train its coaches on its District-approved performance enhancement drug policy at least once a year.

d. Copies of agreement. Service Provider shall make two (2) copies of each agreement about the drug enhancement policy. Service Provider shall return the first copy to the student's parent or guardian. Service Provider shall retain the second copy for a period of at least three (3) years, and, upon District's request, provide the copies to District.

e. Applicability. At District's discretion, the requirements of this section, or any portion thereof, may be made applicable only to District's intermediate students (and thereby exempt in whole or part District's elementary students).

8. Event Emergency Guidelines.

a. Adoption of policy. Service Provider shall adopt an event emergency guideline protocol for all sporting events. The protocol shall be subject to District approval, which shall not be unreasonably withheld. Service Provider may adopt District's event emergency protocol or use the Event Emergency Guidelines prepared by CIF and attached hereto as Exhibit A-2(ix) (or any updated guidelines) as a reference in developing its own guidelines for District approval. The event emergency guideline protocol shall address, at minimum, and include protocols regarding specific threats, including, but not limited to, injuries, medical emergencies, fire, earthquake, severe weather, active shooters, other weapons, suspicious behavior, personnel harassment, missing child, abduction, controlled substances, assaults, and bomb threats.

b. Training regarding policy. Prior to implementing any Program sports activities, Service Provider must take reasonable steps to ensure that its coaches are informed about and well-versed in the District-approved event emergency policy.

c. Biennial review. If the Program is a multi-year program, Service Provider and District shall review and update the policy at least every two (2) years.

EXHIBIT A-3
ADMINISTRATION OF EPINEPHRINE AUTO-INJECTORS AND PROVISION OF EMERGENCY ASSISTANCE

For the purposes of this Exhibit A-3, Lead Agency and Enrichment Agency are referred to as "Service Provider," and the below obligations shall apply and pertain individually to each and every Lead Agency and to each and every Enrichment Agency providing services to the District under the Contract. Service Provider and District agree to operate the Program in accordance with the following requirements. Service Provider shall not administer any medication not explicitly set forth herein.

1. Requirements for Administration of Epinephrine (Epi-pen).

a. Obligation to Administer Epinephrine; Authorized Individuals.

Pursuant to Education Code section 49414, District shall provide emergency epinephrine and auto-injectors to school nurses or trained personnel who have volunteered to provide emergency medical aid to persons suffering or reasonably believed to be suffering from an anaphylactic reaction (*i.e.*, potentially life-threatening hypersensitivity to a substance). Service Provider shall designate those employees and/or volunteers that have volunteered to provide emergency medical aid to persons suffering or reasonably believed to be suffering from an anaphylactic reaction and provide District with a list of those individuals prior to the provision of any Services under this Agreement. Service Provider shall at all times maintain a designated employee and/or volunteer at all Program sites. Service Provider shall only allow its employees and/or volunteers who have received proper training as set forth below to administer an epinephrine auto-injector to a person suffering, or reasonably believed to be suffering, from an anaphylactic reaction if a District nurse is not onsite and when a physician is not immediately available. Any employee and/or volunteer of Service Provider that administers an epinephrine auto-injector to a person suffering, or reasonably believed to be suffering, from an anaphylactic reaction shall initiate emergency medical services or other appropriate medical follow up in accordance with the training materials that District retains onsite.

b. Training of Voluntary Service Provider Employees and Volunteers.

District shall provide all designated Service Provider employees and/or volunteers epinephrine training. All epinephrine training must be provided by a licensed physician or nurse and in compliance with the CDE's *Training Standards for the Administration of Epinephrine Auto-Injectors*, available online at http://www.cde.ca.gov/ls/he/hn/epiadmin.asp. The training shall cover at a minimum the information listed in the CDE's *Training Standards for the Administration of Epinephrine Auto-Injectors*, which includes (a) techniques for recognizing symptoms of anaphylaxis, (b) standards and procedures for the storage and emergency use of epinephrine auto-injectors, (c) emergency follow-up procedures, including calling 911 phone number and contacting, if possible, the student's parent/guardian and physician, and (d) instruction and certification in cardiopulmonary resuscitation. District warrants that it will provide training that complies with CDE guidelines and requirements. In the event of a conflict between the training

requirements set forth herein and in the CDE training standards, the requirements in the CDE training standards shall control. District shall retain all training materials at Program sites.

2. Epinephrine Prescriptions.

For each school site, District shall obtain from an authorizing physician and surgeon an epinephrine auto-injectors prescription that, at a minimum, includes for elementary schools, one regular epinephrine auto-injector and one junior epinephrine auto-injector, and for junior high schools and middle schools, if there are no pupils who require a junior epinephrine auto-injector, one regular epinephrine auto-injector. District shall be responsible for stocking the epinephrine auto-injector, restocking it if it is used and providing access to those employees and/or volunteers of Service Provider that have volunteered to provide emergency medical aid to persons suffering or reasonably believed to be suffering from an anaphylactic reaction. Service Provider shall promptly notify District no more than forty-eight (48) hours after any administration of an epinephrine auto-injector.

3. Requirements for the Provision of Emergency Assistance.

Service Provider shall at all times maintain an employee and/or volunteer at all Program sites to provide emergency assistance to any Program participant who is injured or suddenly becomes ill. Service Provider shall provide the necessary training in cardiopulmonary resuscitation (CPR), automated external defibrillator (AED) and first aid to its employees and/or volunteers who have volunteered to provide emergency assistance. Service Provider shall designate those employees and/or volunteers that have volunteered to provide emergency assistance and provide District with a list of those individuals prior to the provision of any Services under this Agreement. Service Provider shall only allow its employees and/or volunteers who have received proper certification to provide emergency assistance. For purposes of this Agreement, "emergency assistance" shall include the provision of CPR in the event of cardiac arrest; use of an AED to analyze a person's heart rhythm and deliver an electrical shock to restore heartbeat; and the provision of other forms of first aid to respond to common first aid emergencies, including burns, cuts, and head, neck and back injuries. Any employee and/or volunteer of Service Provider that provides emergency assistance shall initiate emergency medical services or other appropriate medical follow up in accordance with their training.

4. Copies of Documents.

Service Provider shall maintain a copy of all health care documents and provide a copy of same to District.

EXHIBIT B
COMPENSATION

For purposes of this Exhibit B, Lead Agency and Enrichment Agency are referred to as "Service Provider," and the below obligations shall apply and pertain individually to each and every Lead Agency and to each and every Enrichment Agency providing services to the District under the Contract.

I. The total compensation for Primary Services, including reimbursement for actual expenses, shall not exceed the amount set forth in the Agreement.

II. The total compensation for Additional Services, including reimbursement for actual expenses, shall not exceed the amount set forth in the Agreement.

III. Service Provider may utilize subcontractors as indicated in this Agreement. The hourly rate for any subcontractor is not to exceed the amount set forth in the Agreement.

IV. Within the grant amount, District will compensate Service Provider for Services performed upon submission of a valid invoice. Each invoice is to include:

A. Cover sheet with amount of current invoice, and totals subtracted from overall contract;
B. Monthly expenditure reports, including salaries for employees, supplies, trainings, and administrative costs, itemized by school site;
C. Monthly activity reports for each school, including trainings, lesson plans and examples of student work (Digital Format);
D. Certification that all employees, agents and contractors that will have contact with students and for whom a certification has not been previously provided: (1) have been properly fingerprinted, (2) have satisfied TB clearance, (3) are certified in first aid, AED, and CPR (including epinephrine administration), and (4) have been trained in mandated reporting; anti-harassment; sexual misconduct prevention; bullying prevention; discrimination prevention; suicide awareness and reporting; classroom management; social and emotional supports; quality standards for expanded learning; and emergency preparedness.
E. Line items for:
    1. All personnel, describing: the name of each staff person and the site where the staff person worked, the work performed, the days in the program and number of hours worked, and the hourly rate;
    2. All supplies properly charged to the Services;
    3. All travel properly charged to the Services;
    4. All equipment properly charged to the Services;
    5. All materials properly charged to the Services;
    6. All subcontractor labor, supplies, equipment, materials, and travel properly charged to the Services.
F. Calculation of matching funds.

☐ Not Project Related

☐ Project #

V. Notwithstanding anything to the contrary in this Exhibit or the Contract, equipment, supplies or other materials whose current market value exceeds $500 per item must be purchased through the District and will remain an asset of the District in accordance with Education Code section 35168.

END OF EXHIBIT B

EXHIBIT C
INSURANCE

For purposes of this Exhibit C, Lead Agency and Enrichment Agency are referred to as "Service Provider," and the below obligations shall apply and pertain individually to each and every Lead Agency and to each and every Enrichment Agency providing services to the District under the Contract.

I. Insurance Requirements. Service Provider shall, at its sole cost and expense, provide and maintain insurance, acceptable to District, in full force and effect throughout the term of the Contract, against claims for injury to persons or damages to property which may arise from or in connection with the performance of work hereunder by Service Provider, its agents, representatives or employees. Service Provider and any and all subcontractors and vendors hired by Service Provider in connection with the Services described in the Contract shall provide the following scope and limits of insurance:

A. Scope and Limits of Insurance:

1. Commercial General Liability Insurance coverage in the amounts of Two Million Dollars ($2,000,000) per occurrence and Four Million Dollars ($4,000,000) in aggregate.

   Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

2. Automobile Liability Insurance, including owned, non-owned, and hired automobiles, as applicable, with coverage limits of One Million Dollars ($1,000,000) per accident for bodily injury and property damage.

   If Provider transports students or contracts to transport students, Automobile Liability Insurance shall be in the amount of Twenty Million Dollars ($20,000,000) per accident for bodily injury and property damage.

3. Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000 per accident or disease.

4. Professional Liability/Errors and Omissions Insurance in an amounts of One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) in aggregate.

5. Coverage for Abuse and Molestation or Child Sexual Assault in the amounts of Two Million Dollars ($2,000,000) per occurrence and Four Million Dollars ($4,000,000) in aggregate.

6. If the Contract is renewed beyond the initial term, then the District shall have the right to increase the foregoing minimum insurance amounts as set forth in the amendment to the Contract that extends the term; provided, however, that the Service Provider shall not be obligated to renew the term.

II. Other Provisions. Insurance policies required by the Contract shall contain the following provisions:

A. All Policies. Each insurance policy required by the Contract shall be endorsed and state the coverage shall not be suspended, voided, cancelled by the insurer or either party to the Contract, or reduced in coverage or in limits except after 30 days' prior written notice by certified mail, return receipt requested, has been given to the District.

B. Service Provider's and any and all subcontractors' insurance is primary and will not seek contribution from any other insurance available to the District. Service Provider further hereby waives any and all rights of subrogation that it may have against the District. Any insurance or self-insurance maintained by the District shall be excess of the Provider's insurance and shall not contribute with it. This requirement shall also apply to any excess or umbrella liability policies of the Service Provider. Required endorsements are listed below.

C. Service Provider's and any and all Service Provider subcontractor's Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, administrators, managers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds or other requirements for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District:

1. General Liability: CG 20 26 10 01
2. Primary, Non-Contributory: CG 20 01 04 13
3. Waiver of Subrogation: CG 24 04 05 09
4. Automobile Liability: CA 20 48 10 13

D. If any of the required policies provide coverage on a "claims made" basis:

1. The retroactive date must be shown on the certificate and must be before the date of the contract or the beginning of the Services.
2. Insurance must be maintained, and evidence of insurance must be provided for at least five (5) years after completion of the Services.
3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, the Provider must purchase "extended reporting" coverage for a minimum of five (5) years after completion of the Services.

E. Acceptability of Insurers. Insurance is to be placed with insurers authorized to conduct business in the State of California and with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

III. Other Requirements:

A. Service Provider and any and all subcontractors working for Service Provider shall provide certificates of insurance to the LEA as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under the Contract.

B. The Provider may use Umbrella or Excess Policies to provide the liability limits as required in the Contract. This form of insurance will be acceptable provided that all of the Primary and Umbrella or Excess Policies shall provide all of the insurance coverages herein required, including, but not limited to, additional insured endorsements, primary and non-contributory, additional insured, deductibles, indemnity, and defense requirements. The Umbrella or Excess policies shall be provided on a true "following form" or broader coverage basis, with coverage at least as broad as provided on the underlying Commercial General Liability insurance. No insurance policies maintained by the District, whether primary or excess, and which also apply to a loss covered hereunder, shall be called upon to contribute to a loss until the Service Provider's primary and excess liability policies are exhausted.

C. If the Service Provider or Service Provider's subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Service Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.

D. Any self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of the Contract must be declared to and approved by the District. Service Provider shall be responsible to pay that self-insured retention and the District shall not be responsible to pay these costs. In the event that Service Provider's self-insured retentions collectively total more than $50,000.00, the District reserves the right to request proof of Service Provider's financial solvency in relation to remittance thereof or require Service Provider to post a bond guaranteeing payment of the deductible, or both.

E. The procuring of any required policy or policies of insurance shall not be construed to limit Service Provider's or subcontractor's liability hereunder nor to fulfill the indemnification provisions and requirements of the Contract.

F. Failure on the part of the Service Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate the Contract.

EXHIBIT D
CONFLICT OF INTEREST CHECK

District Board Bylaw 9270 requires that the Superintendent or a designee make a determination, on a case-by-case basis, whether disclosure will be required from an independent contractor to comply with the District's Conflict of Interest Code.

Independent contractors are required to file disclosures when, pursuant to a contract with the District, the independent contractor will make certain specified government decisions or will perform the same or substantially the same duties for the District as a staff person would.

The services to be performed by Service Provider under the Agreement to which this Exhibit D is attached [] constitute **[X]** do not constitute governmental decisions or staff services within the meaning of the Conflict of Interest Code. Therefore, the Service Provider who will provide Services under the Agreement, [] is **[X]** is not subject to disclosure obligations.

I authorize my son/daughter, named above, to participate in the indicated voluntary extracurricular event or activity. I understand and acknowledge that voluntary extracurricular activities, by their very nature, pose the potential risk of serious injury and/or illness to the individuals who participate in such voluntary extracurricular events or activities.

This voluntary extracurricular event or activity, by its very nature, may pose some inherent risk of a participant being seriously injured, before, during, and/or after the activity or event, including transportation whether provided by the local educational agency (LEA) or not. These injuries may include, but are not limited to, the following:

1. Sprains and strains
2. Fractured bones
3. Lacerations, abrasions, and avulsions
4. Unconsciousness
5. Paralysis
6. Disfigurement
7. Loss of eyesight
8. Head injuries or concussion
9. Heat illness
10. Sudden cardiac arrest
11. Death
12. Exposure to infectious diseases

I understand and acknowledge that participation in voluntary extracurricular events or activities is completely elective and voluntary and is not required by the LEA/School for completion of promotion or graduation requirements. I also understand that, if I do not consent to my son's/daughter's participation in the voluntary extracurricular event or activity, he/she may be offered an alternative event or activity and possible credit for promotion or graduation may or may not be offered.

I understand that all participants are to abide by and accept all rules and requirements governing conduct and safety in the voluntary extracurricular event or activity. To the extent permitted by the Education Code or other applicable statutes, regulations, policies and procedures, any participant determined to be in violation of safety requirements, behavior standards or other prohibited conduct may be removed from this voluntary extracurricular event or activity.

I understand and acknowledge that in order to participate in these activities, I and my son/daughter agree to assume liability and responsibility for any and all potential risks that may be associated with participation in voluntary extracurricular events or activities.

I also understand that the LEA/School, due to the COVID-19 virus or other potential infectious diseases, has undertaken a plan to facilitate a safe environment for educational programs in addition to extracurricular, co-curricular and sport/athletic events or activities. In doing so, I further understand that the LEA/School has adopted plans designed to meet the requirements and recommendations of state agencies, health advisors and other responsible bodies. However, I also understand and acknowledge that despite the LEA's and School's efforts, the risk of infection from the COVID-19 virus, or others, cannot be eliminated at this time, and that my son/daughter may be exposed as a result. I also understand and acknowledge that in participating in this voluntary extracurricular event or activity, my son/daughter will increase his/her interaction with students and staff, and the corresponding risk of contact and infection, and that this may include functions involving other people and/or facilities other than the LEA's. These other students, instructors, assistants, and facilities are potentially operating under a different COVID-19 safety plan, further increasing the risk of exposure of my son/daughter. Finally, I understand, acknowledge, and agree that despite reasonable care and steps by the LEA/School, that the virus presents serious challenges to prevention and control, and reasonable efforts by the LEA/School does not assure that my son/daughter may not be infected, and that the infection may not be brought home. Despite all the above I am freely and voluntarily signing this "Extracurricular Event or Activity, Assumption of Risk Form" to enable and authorize my son/daughter to participate and releasing and discharging the LEA/School and its/their governing board, officers, agents, employees and/or volunteers from any liability for my son/daughter becoming infected in his/her participation in the event or activity.

I agree to, and do hereby release and hold the LEA/School and its governing board, officers, agents, employees and/or volunteers harmless for any and all claims; demands; causes of action; liability; damages; expenses; or loss of any sort, including bodily injury or death; because of or arising out of acts or omissions with respect to the voluntary extracurricular event or activity, including programs or procedures of the LEA/School for students and participation in such events or activities

I acknowledge that I have carefully read this "Extracurricular Event or Activity, Assumption of Risk Form" and that I understand and agree to its terms.

Escuela/Agencia Educativa Local _____ Asesor de eventos o actividades (personal) _____

Evento o actividad extracurricular voluntaria

- ❑ Atletismo relacionado con la escuela
- ❑ Actividades del club relacionadas con la escuela
- ❑ Actividades culturales relacionadas con la escuela
- ❑ Actividades de artes escénicas relacionadas con la escuela
- ❑ Actividades sociales relacionadas con la escuela
- ❑ Actividades comunitarias relacionadas con la escuela
- ❑ Otro: _____

Autorizo a mi hijo(a), nombrado anteriormente, a participar en el evento o actividad extracurricular. Entiendo y reconozco que las actividades, por su propia naturaleza, representan el riesgo potencial de lesiones y/o enfermedades graves para las personas que participan en dichos eventos o actividades.

Este evento o actividad, por su propia naturaleza, puede representar algún riesgo inherente de que un participante sufra lesiones graves, antes, durante y/o después de la actividad o evento, incluido el transporte, ya sea proporcionado por la agencia educativa local (LEA) o no. Estas lesiones pueden incluir, pero no se limitan a las siguientes:

1. Esguinces y distensiones
2. Quebraduras
3. Laceraciones, abrasiones y avulsiones
4. Inconsciencia
5. Parálisis
6. Desfiguración
7. Pérdida de la vista
8. Lesiones en la cabeza o conmoción cerebral
9. Enfermedades causadas por el calor
10. Paro cardíaco repentino
11. Muerte
12. Exposición a enfermedades infecciosas

Entiendo y reconozco que la participación en estos eventos o actividades es completamente electiva y voluntaria y no es requerida por la LEA o la escuela para completar los requisitos de promoción o graduación. También entiendo que, si no doy mi consentimiento para la participación de mi hijo(a) en el evento o actividad, se le puede ofrecer un evento o actividad alternativa y se le puede ofrecer o no un posible crédito para la graduación.

Entiendo que todos los participantes deben cumplir y aceptar todas las reglas y requisitos que rigen la conducta y la seguridad en el evento o actividad. En la medida permitida por el Código de Educación u otros estatutos, reglamentos, políticas y procedimientos aplicables, cualquier participante que se determine que viola los requisitos de seguridad, las normas de comportamiento u otra conducta prohibida puede ser eliminado de este evento o actividad.

Entiendo y reconozco que para participar en estas actividades, mi hijo(a) y yo aceptamos asumir la responsabilidad por todos y cada uno de los riesgos potenciales que puedan estar asociados con la participación en eventos o actividades.

También entiendo que la LEA/Escuela, debido al virus COVID-19 u otras enfermedades infecciosas potenciales, ha emprendido un plan para facilitar un entorno seguro para los programas educativos, además de eventos o actividades extracurriculares, cocurriculares y deportivos/atléticos. Al hacerlo, entiendo además que la LEA / Escuela ha adoptado planes diseñados para cumplir con los requisitos y recomendaciones de las agencias estatales, asesores de salud y otros organismos responsables. Sin embargo, también entiendo y reconozco que a pesar de los esfuerzos de la LEA y la escuela, el riesgo de infección por el virus COVID-19, u otras infecciones, no se puede eliminar en este momento, y que mi hijo(a) puede estar expuesto como resultado. También entiendo y reconozco que al participar en este evento o actividad extracurricular voluntaria, mi hijo(a) aumentará su interacción con los estudiantes y el personal, y el riesgo correspondiente de contacto e infección, y que esto puede incluir funciones que involucren a otras personas y/o instalaciones que no sean las LEA. Estos otros estudiantes, instructores, asistentes e instalaciones están operando probablemente bajo un plan de seguridad COVID-19 diferente, lo que aumenta aún más el riesgo de exposición de mi hijo(a). Finalmente, entiendo, reconozco y estoy de acuerdo en que, a pesar del cuidado razonable y los pasos de la LEA /Escuela, que el virus presenta serios desafíos para la prevención y el control, y los esfuerzos razonables de la LEA/Escuela no aseguran que mi hijo(a) no esté infectado y que la infección no se pueda llevar a casa. A pesar de todo lo anterior, estoy firmando libre y voluntariamente este formulario para permitir y autorizar a mi hijo(a) a participar y liberar y descargar a la LEA/Escuela y su junta directiva, funcionarios, agentes, empleados y/o voluntarios de cualquier responsabilidad si mi hijo(a) llegara a infectarse por su participación en el evento o actividad.

Acepto, y por la presente libero y eximo de responsabilidad a la LEA/Escuela y su junta directiva, funcionarios, agentes, empleados y/o voluntarios por cualquier reclamo; Demandas; causas de acción; responsabilidad; daños y perjuicios; expensas; o pérdida de cualquier tipo, incluidas lesiones corporales o muerte; debido a o que surjan de actos u omisiones con respecto al evento o actividad, incluidos los programas o procedimientos de la LEA/Escuela para estudiantes y la participación en dichos eventos o actividades

Reconozco que he leído cuidadosamente este formulario y que entiendo y acepto sus términos.

Concussion Information Sheet

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a "ding" or a bump on the head can be serious. You cannot see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:

- Headaches
- "Pressure in head"
- Nausea or vomiting
- Neck pain
- Balance problems or dizziness
- Blurred, double, or fuzzy vision
- Sensitivity to light or noise
- Feeling sluggish or slowed down
- Feeling foggy or groggy
- Drowsiness
- Change in sleep patterns
- Amnesia
- "Don't feel right"
- Fatigue or low energy
- Sadness
- Nervousness or anxiety
- Irritability
- More emotional
- Confusion
- Concentration or memory problems (forgetting game plays)
- Repeating the same question/comment

Signs observed by teammates, parents and coaches include:

- Appears dazed
- Vacant facial expression
- Confused about assignment
- Forgets plays
- Is unsure of game, score, or opponent
- Moves clumsily or displays incoordination
- Answers questions slowly
- Slurred speech
- Shows behavior or personality changes
- Can't recall events prior to hit
- Can't recall events after hit
- Seizures or convulsions
- Any change in typical behavior or personality
- Loses consciousness

What can happen if my child keeps on playing with a concussion or returns to soon?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete's safety.

If you think your child has suffered a concussion

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. California Education Code section 49475 and CIF Bylaw 313 now require implementation of long and well-established return to play concussion guidelines that have been recommended for several years.

You should also inform your child's coach if you think that your child may have a concussion. Remember it is better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

Return to Play (RTP)

Concussion symptoms should be completely gone before returning to full practice or competition. A RTP progression involves a gradual, step-wise increase in physical effort, sports-specific activities and the risk for contact. If symptoms occur with activity, the progression should be stopped. If there are no symptoms the next day, exercise can be restarted at the previous stage.

RTP after concussion should occur only with medical clearance from a medical doctor trained in the evaluation and management of concussions, and a step-wise progression program monitored by an athletic trainer, coach, or other identified school administrator. Please see cifstate.org for a graduated return to play plan. Return to play (i.e., full practice and competition) must be no sooner than 7 days after the concussion diagnosis has been made by a physician.

Información acerca de las concusiones cerebrales

Una concusión es una herida cerebral y todas las heridas cerebrales son graves. Dichas heridas son causadas por un golpe ligero, un golpe fuerte a la cabeza, un movimiento repentino de la cabeza o por un golpe fuerte a otra parte del cuerpo con fuerza que se trasmite a la cabeza. Las heridas varían entre ligeras o graves y pueden interrumpir la manera en la que el cerebro funciona. Aunque la mayoría de las concusiones cerebrales son ligeras, **todas las concusiones cerebrales tienen el potencial de ser graves y si no se reconocen y tratan correctamente podrían tener como resultado complicaciones incluyendo daño cerebral prolongado o la muerte.** Eso quiere decir que cualquier "golpecito" a la cabeza podría ser grave. Las concusiones cerebrales no son visibles y en su mayoría las concusiones cerebrales que ocurren durante los deportes no ocasionan la perdida de conciencia. Las señales y síntomas de una concusión cerebral podrían aparecer inmediatamente después de una herida o después de horas o días. Si su hijo(a) reporta cualquier síntoma de una concusión cerebral, o si se da cuenta de los síntomas de una concusión cerebral, por favor consiga atención médica sin demora.

Los siguientes son algunos de los síntomas de una concusión:	
• Dolor de cabeza • "Presión en la cabeza" • Nausea o vómito • Dolor de cuello • Problemas de equilibrio o mareos • Visión borrosa o visión doble • Sensibilidad a la luz o ruido • Decaído • Adormecido • Mareado • Cambios en los hábitos de dormir	• Amnesia • "No se siente bien" • Fatiga o energía baja • Tristeza • Nervios o ansiedad • Irritabilidad • Más sensible • Confundido • Problemas con concentración o memoria (por ejemplo: olvidar las jugadas) • Repetir la misma pregunta o comentario

Los siguientes síntomas son observados por compañeros, padres y entrenadores:
• Parece desorientado • Tiene una expresión facial vacía • Está confundido acerca de la tarea o actividad • Se olvida de las jugadas • Está confundido sobre el juego, los puntos o el oponente • Se mueve torpemente o muestra una falta de coordinación • Contesta las preguntas lentamente • Arrastra las palabras • Muestra cambios de comportamiento o personalidad • No puede recordar los eventos que sucedieron antes de la colisión • No puede recordar los eventos que sucedieron después de la colisión • Ataques o convulsiones • Cualquier cambio en el comportamiento típico o personalidad • Perdida de la conciencia

¿Qué puede pasar si mi hijo(a) sigue jugando con una concusión cerebral o regresa a jugar antes de que este recuperado?

Los deportistas con señales o síntomas de una concusión cerebral deben dejar de jugar inmediatamente. Continuar jugando con las señales o síntomas de una concusión pone al deportista en riesgo de sufrir una herida más grave. La probabilidad de que se sufra daño significativo de una concusión aumenta cuando ha pasado un periodo de tiempo largo después de que sucedió la concusión, sobre todo si el deportista sufre otra concusión antes de recuperarse completamente de la primera. Eso puede traer como consecuencia una recuperación más prolongada o incluso una hinchazón cerebral (síndrome de segundo impacto) con consecuencias devastadoras o fatales. Es bien conocido que los deportistas adolescentes no reportan mucho los síntomas de sus heridas. Eso es el caso también con las concusiones cerebrales. Por lo mismo es importante que los administradores, entrenadores, padres y estudiantes estén bien informados, el cual es clave para la seguridad de los estudiantes deportistas.

Si cree que su hijo(a) ha sufrido una concusión

En cualquier situación donde se sospecha que un deportista tiene una concusión, es importante sacar a este estudiante del juego o entrenamiento inmediatamente. Ningún deportista puede volver a participar en la actividad después de sufrir una herida de cabeza o concusión cerebral sin el permiso de un doctor, no importa si la herida parece ser ligera o los síntomas desaparecen rápidamente. Se debe de observar cuidadosamente el mejoramiento del deportista por varias horas. Código Educativo de California sección 49475 y estatuto 313 de la Federación Interescolar de California (CIF por sus siglas en inglés) requiere la implementación de las siguientes normas para regresar a jugar un deporte después de sufrir una concusión, las cuales se han recomendado por muchos años.

También debe informar al entrenador(a) de su hijo(a) si piensa que ha sufrido una concusión cerebral. Recuerde que es mejor faltar un partido que faltar toda la temporada. Si existe alguna duda de que el deportista sufrió una concusión cerebral o no, se tomará precauciones y no podrá jugar.

Volver a Jugar

Síntomas de concusión cerebral deben ser desaparecido por completo antes de volver a la práctica completa o la competencia. Un volver a jugar la progresión implica un aumento gradual, paso a paso en el esfuerzo físico, las actividades de los deportes específicos y el riesgo para el contacto. Si se presentan síntomas con la actividad, la progresión se debe parar. Si no hay síntomas al día siguiente, el ejercicio puede iniciarse de nuevo en la etapa anterior.

Volver a jugar después de la concusión cerebral debe ocurrir sólo con autorización médica de un médico entrenado en la evaluación y la gestión de las concusiones cerebrales. Volver a jugar debe ser supervisado por un entrenador, entrenador atlético o administrador identificado por la escuela. Por favor, consulte cifstate.org para un retorno gradual a jugar el plan. Retorno a la práctica completa y la competencia debe ser no antes de 7 días después del diagnóstico concusión ha sido hecha por un médico.

FIELD TRIP OR EXCURSION AUTHORIZATION AND MEDICAL TREATMENT AUTHORIZATION

❑ In-state **(Minor)** ❑ Out-of-state

Completion of this form is required for all field trips / excursions.

Name of Student _____ Date of Birth (for emergency purposes) _____

Student Address _____ Name of School _____

Class/ Program _____ Teacher _____

Date(s) of Field Trip/Excursion _____ Location of Field Trip/Excursion _____

Transportation Provider _____

1. **I hereby give permission** for my child or ward (named above) to participate in this Field Trip or Excursion.
2. **Regarding special assistance/accommodations:** Is special assistance/accommodation necessary for your child or ward to participate in this Field Trip or Excursion?
   ❑ No ❑ Yes. Please explain _____
3. **Regarding administration of medication:** All medications must be prescribed, **including** over-the-counter medications. Is your child or ward required to take medication during the course of this Field Trip or Excursion?
   ❑ No ❑Yes **Parent/Guardian must contact the school office** to obtain form SFA-5010, "Authorization for Any Medication Taken during School Hours," form SFA-5030, "Authorization For Medications Taken During School Hours, School Activities and Field Trips" or form SFA-5040, "Extended Field Trip or Excursion Medication Authorization" (which must be signed by parent/guardian and child or ward's physician).
4. **If you have health insurance, please list:**

   Health Insurance Company _____ Policy Number _____ Group Number _____
5. **Please list additional emergency contacts, should the parent/guardian be unavailable:**

   Emergency Contact _____ Telephone _____

   Emergency Contact _____ Telephone _____
6. **Conduct**: I fully understand that all participants are to abide by and accept all rules and requirements governing conduct during the Field Trip or Excursion. To the extent permitted by the Education Code, any participant determined to be in violation of behavior standards will be sent home at their own or their parent/guardian's expense.
7. **Waiver of Claims for Liability:** I understand that California Education Code, Section 35330 provides:

   "All persons making the field trip or excursion shall be deemed to have waived all claims against the district, a charter school, or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents or guardians of pupils taking out-of-state field trips or excursions shall sign a statement waiving all claims."

   In providing consent for my child or ward to attend and participate in this Field Trip or Excursion, I waive all claims against the district for injury, accident, illness, or death occurring during or by reason of this Field Trip or Excursion.

   I understand that the District does not require my child or ward to participate in the Field Trip or Excursion and I make this request voluntarily because I desire my child or ward to participate in the Field Trip or Excursion. I also understand that, if I do not consent to my child or ward's participation, my child or ward will be involved in alternative supervised activities, for which my child or ward will receive full credit.
8. **In the event of illness or injury**, I hereby consent to whatever transportation, x-ray, examination, anesthetic, medical, dental, or surgical diagnosis or treatment and hospital care from a licensed physician as deemed necessary for the safety and welfare of my child or ward. It is understood that the resulting expenses will be the responsibility of the child or ward's parent(s)/guardian(s).
9. **I have carefully read this authorization and fully understand its contents and voluntarily consent to its terms and conditions.**

Signature of Parent/Guardian _____ Date _____

1. **Por medio de la presente autorizó que mi hijo(a) o menor de edad (nombre escrito anteriormente) para participar en este paseo educativo o excursión.**
2. **Con respecto a la asistencia especial o modificaciones**: ¿Es necesario que se le facilite asistencia especial o modificaciones a su hijo(a) o menor de edad para que participe en este paseo educativo o excursión?

   ❑ No ❑ Si Explique por favor. _____
3. **Con respecto a la administración de medicamento**: Todos los medicamentos deben ser recetados, **incluyendo** los medicamentos sin receta. ¿Es requisito que su hijo(a) o menor de edad tome medicamento durante el curso de este paseo educativo o excursión?

   ❑ No ❑ Si **El padre o tutor legal debe comunicarse con su escuela** para obtener la solicitud SFA-5010S, "Autorización para tomar cualquier medicamento durante el horario escolar," forma SFA-5030S, "Autorización Para Cualquier Medicamento Tomado Durante Horas Escolares, Actividades Escolares, Y Paseo," o la forma SFA-5040S, "Extensión de la solicitud de autorización para tomar medicamento durante el paseo educativo y la excursión" (el cual debe ser firmado por el padre o tutor legal o el médico del niño(a) o menor de edad).
4. **Si usted tiene seguro médico, por favor regístrelo:**

   Compañía de Seguro Médico | Número de Póliza | Número de Grupo
5. **Por favor enumere los nombres de contacto de emergencia adicional, si el padre/tutor no están disponible:**

   Contacto de emergencia | Teléfono

   Contacto de emergencia | Teléfono
6. **Conducta:** Yo comprendo cabalmente que todos los participantes deben de acatar y aceptar todas las reglas y los requisitos que rigen la conducta durante el Paseo Educativo o la Excursión. Hasta cierto punto permitido por el Código de Educación, cualquier participante que se determine estar en violación de las normas de conducta será enviado a casa a gasto propio del participante o gasto de sus padres o tutores legales.
7. **Renuncia de reclamaciones:** Comprendo que el artículo 35330 del Código Educativo de California establece la siguiente información:

   "Todas las personas participantes en los paseos educativos o las excursiones considerarán renunciar a todos los derechos (reclamaciones) en contra del distrito, una escuela autónoma, o el Estado de California por motivo de una lesión, un accidente, una enfermedad o fallecimiento ocurrido durante ó a causa del paseo educativo o la excursión. Todos los adultos que realicen paseos educativos o excursiones fuera del estado y todos los padres de familia o tutores legales de los alumnos que participen en paseos educativos o excursiones fuera del estado firmarán una declaración renunciando a todos los derechos."

   Al proveerle consentimiento a mi hijo(a) o al menor de edad para asistir y participar en este paseo educativo o excursión, yo renuncio a todas las reclamaciones en contra del distrito por motivo de una lesión, un accidente, una enfermedad, o fallecimiento ocurrido durante o por consecuencia de este paseo educativo o excursión.

   Yo comprendo que el distrito no requiere la participación de mi hijo(a) o del menor de edad en este paseo educativo o excursión y yo presento esta petición voluntariamente, debido a que deseo que mi hijo(a) o el menor de edad participe en el paseo educativo o excursión. Igualmente, comprendo que, si no autorizo la participación de mi hijo(a) o del menor de edad, éste participará en actividades alternativas, por las cuales mi hijo(a) o el menor de edad recibirá créditos completos.
8. **En caso de una enfermedad o una lesión**, por la presente doy consentimiento de cualquier transporte, radiografías, examen, anestesia, diagnostico quirúrgico médico, dental o tratamiento y cuidado de hospital por parte de un médico acreditado considerado necesario para la seguridad y el bienestar de mi hijo o del menor de edad. Queda entendido que los gastos generados serán la responsabilidad del (de los) padre(s) / del (de los) tutor(es) del menor de edad.
9. **He leído cuidadosamente esta solicitud, comprendo cabalmente su contexto y voluntariamente acepto los términos y su proceso.**

OXNARD SCHOOL DISTRICT

Parent/Student CIF Heat Illness Information Sheet

Why am I getting this information sheet?

You are receiving this information sheet about Heat Illness because of California state law AB 2800 (effective January 1, 2019), now Education Code § 35179 and CIF Bylaws 22.B.(9) and 503.K (Approved Federated Council January 31, 2019):

1. The law requires a student athlete who has been removed from practice or play after displaying signs and symptoms associated with heat illness must receive a written note from a licensed health care provider before returning to practice.
2. Before an athlete can start the season and begin practice in a sport, a Heat Illness information sheet must be signed and returned to the school by the athlete and the parent or guardian.

Every 2 years all coaches are required to receive training about concussions (AB 1451), heat illness (AB 2800) as well as certification in First Aid training, CPR, and AEDs (life-saving electrical devices that can be used during CPR).

What is Heat Illness and how would I recognize it?

Exercise produces heat within the body and can increase the player's body temperature. Add to this a hot or humid day and any barriers to heat loss such as padding and equipment, and the temperature of the individual can become dangerously high.

Heat Illness occurs when metabolically produced heat combines with that gained from the environment to exceed the heat and large sweat losses. Young athletes should be pre-screened at their pre-participation physical exam form education/supplement use, cardiac disease, history of sickle cell trait, and previous heat injury. Athletes with any of these factors should be supervised closely during strenuous activities in a hot climate. Fatal heat stroke occurs most frequently among obese high school middle lineman.

Much of one's body heat is eliminated by sweat. Once this water leaves the body, it must be replaced. Along with water loss, many other minerals are lost in the sweat. Most of the commercial drinks now available contain these minerals, such as Gatorade, etc., but just plain water is all that is really required because the athlete will replace the lost minerals with his/her normal diet.

PREVENTION: There are several steps which can be taken to prevent heat illness from occurring:

ADEQUATE HYDRATION: The athlete should arrive at practice well-hydrated to reduce the risk of dehydration. The color of the urine can provide a quick guess at how hydrated the athlete. If the urine is dark like apple juice means the athlete is dehydrated. If the urine is light like lemonade in color means the athlete seems adequately hydrated.

Water or sports drinks should be readily available to athletes during practice and should be served ideally chilled in containers that allow adequate volumes of fluid to be ingested.

Water breaks should be given at least every 30-45 minutes and should be long enough to allow athletes to ingest adequate volumes of fluid.

Athletes should be instructed to continue fluid replacement in between practice sessions.

GRADUAL ACCLIMATIZATION: Intensity and duration of exercise should be gradually increased over a period of 7-14 days to give athletes' time to build fitness levels and become accustomed to practicing in the heat. Protective equipment should be introduced in phases (start with helmet, progress to helmet and shoulder pads, and finally fully uniform).

HEAT EXHAUSTION: Inability to continue exercise due to heat-induced symptoms. Occurs with an elevated body-core temperature between 97- and 104-degrees Fahrenheit.

• Dizziness, lightheadedness, weakness	• Profuse sweating
• Headache	• Cool, clammy skin
• Nausea	• Hyperventilation
• Diarrhea, urge to defecate	• Decreased urine output
• Pallor, chills	

TREATMENT: Stop exercise, move player to a cool place, remove excess clothing, give fluids if conscious, COOL BODY: fans, cold water, ice towels, or ice packs. Fluid replacement should occur as soon as possible. The athlete should be referred to a hospital emergency if recovery is not rapid. When in doubt, CALL 911. Athletes with heat exhaustion should be assessed by a physician as soon as possible in all cases.

HEAT STROKE: Dysfunction or shutdown of body systems due to elevated body temperature which cannot be controlled. This occurs with a body-core temperature greater than 107 degrees Fahrenheit.

WARNING SYMPTOMS:

This is a MEDICAL EMERGENCY. Death may result if not treated properly and rapidly.

Treatment: Stop exercise, Call 911, remove from heat, remove clothing, immerse athlete in cold water for aggressive, rapid cooling (if immersion is not possible, cool the athlete as described for heat exhaustion), monitor vital signs until paramedics arrive.

Signs observed by teammates, parents and coaches include:	
• Dizziness	• Weakness
• Drowsiness, loss of consciousness	• Hot and wet or dry skin
• Seizures	• Rapid heartbeat, low blood pressure
• Staggering, disorientation	• Hyperventilation
• Behavioral/cognitive changes (confusion, irritability, aggressiveness, hysteria, emotional instability)	• Vomiting, diarrhea

Final Thoughts for Parents and Guardians:

Heat stress should be considered when planning and preparing for any sports activity. Summer and fall sports are conducted in very hot and humid weather in many parts of the California. Many of the heat problems have been associated with football, due to added equipment which acts as a barrier to heat dissipation. Several heatstroke deaths continue to occur each season in the United States. There is no excuse for heatstroke deaths if the proper precautions are taken.

You should also feel comfortable talking to the coaches or athletic trainer about possible heat illness signs and symptoms that you may be seeing in your child.

I acknowledge that I have received and read the CIF Heat Illness Information Sheet.

Hoja de información CIF para padres/estudiantes referente a la insolación

¿Por qué me han enviado esta información?

Usted ha recibido esta hoja informativa referente a la insolación debido a lo indicado por la Ley AB 2800 de California (efectiva el 1° de enero del 2019), el cual ahora es parte del Código de Educación § 35179 y de los reglamentos CIF 22.B.(9) y 503.K (aprobados por el Concilio Federal el 31 de enero del 2019):

1. La ley requiere que cualquier atleta estudiante que haya sido excluido de las prácticas o de algún partido debido a que ha mostrado señales y síntomas relacionados con la insolación (infarto de calor), debe recibir una nota escrita de un proveedor acreditado de cuidados médicos antes de regresar a las prácticas de atletismo.
2. Antes que un atleta pueda comenzar la temporada y comience las prácticas deportivas, los padres o tutores legales deben firmar y entregar a la escuela una Hoja de información sobre la insolación.

Cada dos años todos los entrenadores tienen el requisito de recibir entrenamiento sobre sobre las contusiones cerebrales (AB 1451), la insolación (AB 2800) al igual que una certificación de entrenamiento sobre primeros auxilios, resucitación cardiopulmonar (CPR, en inglés) y los instrumentos eléctricos (AEDs, en inglés) que se pueden utilizar para salvar la vida durante una resucitación cardiopulmonar (CPR).

¿Qué es la insolación y como puedo identificar los síntomas?

El ejercicio produce calor dentro del cuerpo y puede incrementar la temperatura del cuerpo del atleta. Si a esto se agregan un día caluroso o húmedo, más las barreras que impiden la disipación del calor como el equipo de amortiguación en el uniforme deportivo, la temperatura corporal del individuo puede aumentar peligrosamente.

La insolación ocurre cuando el calor producido por el metabolismo corporal se combina con el calor que proviene del medioambiente, lo que ocasiona calor excesivo y grandes pérdidas de sudor. Previo a su participación, los atletas jóvenes deben ser evaluados durante su examen médico para diagnosticar enfermedades cardiacas, historial de células falciformes (sickle cell trait, en inglés) y traumas previos debido al calor. Los atletas que presenten cualquiera de estos casos deben ser supervisados cuidadosamente durante las actividades estrenuas realizadas en climas calientes. El infarto fatal debido al calor ocurre más frecuentemente entre los atletas obesos de preparatoria que juegan la posición de defensas medios.

La mayoría del calor corporal es eliminado por medio del sudor. El líquido debe ser reemplazado después que ha salido del cuerpo. Junto con la perdida de agua, el cuerpo pierde muchos otros minerales por medio del sudor. La mayoría de las bebidas comerciales disponibles, tales como Gatorade, etc., contienen estos minerales; sin embargo, lo que realmente se necesita es solamente agua debido a que el atleta recuperará los minerales perdidos por medio de su dieta regular.

PREVENCIÓN: Existen varios pasos que deben seguirse para prevenir un infarto debido al calor:

LA HIDRATACIÓN APROPIADA: El atleta debe llegar a sus prácticas deportivas bien hidratado para reducir el riesgo de deshidratación. El color de la orina puede mostrar fácilmente el nivel de hidratación del atleta. Si la orina es obscura parecido al jugo de manzana, eso significa el atleta está deshidratado. Si la orina es clara como el color de la limonada, eso significa que el atleta está propiamente hidratado.

En las prácticas debe haber agua y bebidas deportivas fácilmente disponibles para los atletas y de preferencia deben servirse frías y en envases que permitan la ingestión de líquidos en volúmenes apropiados.

También debe haber recesos para beber agua por lo menos cada 30 o 45 minutos y los recesos deben ser suficientemente largos para ingerir volúmenes apropiados de líquidos.

A los atletas se les debe instruir que deben continuar remplazando los líquidos antes y después de las sesiones de práctica.

LA ACLIMATACIÓN GRADUAL: La intensidad y la duración del ejercicio debe incrementarse gradualmente durante un periodo de 7 a 14 días para que el atleta pueda alcanzar niveles apropiados de aptitud física y su cuerpo se acostumbre a practicar en el calor. El equipo protector debe introducirse de manera gradual (comenzando con el casco, después el casco y las hombreras, y finalmente el uniforme completo).

EL AGOTAMIENTO DEBIDO AL CALOR: Es la inhabilidad de continuar ejercitando debido a los síntomas producidos por el calor. Esto ocurre cuando la temperatura básica del cuerpo se encuentra entre los 97 y los 104 grados Fahrenheit.

• Vértigo, mareo, debilidad	• Sudor abundante
• Dolor de cabeza	• Piel viscosa y fría
• Náusea	• Hiperventilación
• Diarrea, urgencia para defecar	• Reducción en la producción de orina
• Palidez, escalofríos	

TRATAMIENTO: Dejar de ejercitar, acudir a un lugar frío, quitar la ropa excesiva, beber líquidos si la persona está consiente, ENFRIAR EL CUERPO: con ventiladores, agua fría, toallas heladas, o esponjas húmedas congeladas (ice packs). Debe comenzar la recuperación de líquidos tan pronto como sea posible. Si su recuperación no ese rápida, el atleta debe ser llevado a la sala de emergencias del hospital. Si existen dudas, LLAME AL 911. En todos los casos, los atletas que sufren agotamiento debido al calor deben ser evaluados por un médico tan pronto como sea posible.

INFARTO DEBIDO AL CALOR: Es el mal funcionamiento o paralización de los sistemas corporales debido a la alta temperatura del cuerpo la cual está fuera de control. Esto ocurre cuando la temperatura básica del cuerpo es mayor a los 107 grados Fahrenheit.

SÍNTOMAS DE ALARMA:

Los siguientes síntomas representan una EMERGENCIA MÉDICA. Podría ocasionar la muerte si no se ofrece tratamiento médico inmediato y apropiado.

Tratamiento: dejar de ejercitar, llamar al 911, alejar del calor, desvestirse, sumergir al atleta en agua fría para un enfriamiento rápido y eficaz (si no es posible sumergir al atleta, enfriar al atleta siguiendo el tratamiento para el agotamiento debido al calor), vigilando los signos vitales hasta que lleguen los paramédicos.

Los síntomas que han sido observados por los jugadores, padres y entrenadores incluyen:	
• Mareos (vértigo)	• Debilidad
• Letargo (adormecimiento), quedar inconsciente	• Piel caliente, húmeda o seca
• Convulsiones (ataques epilépticos)	• Pulso rápido, baja presión sanguínea
• Tambaleo, tropiezos, desorientación	• Hiperventilación
• Cambios cognitivos y de comportamiento (confusión, irritabilidad, agresividad, histeria, inestabilidad emocional)	• Vómito, diarrea

Consejos finales para los padres y tutores legales:

Cada vez que planee y prepare cualquier actividad deportiva usted debe tomar en cuenta el estrés que será producido por el calor. En varias regiones de California, los deportes de verano y otoño a menudo se realizan en climas muy calientes y húmedos. Muchos de los problemas ocasionados por el calor se relacionan con el futbol Americano, debido al equipo adicional que los atletas deben vestir y el cual actúa como una barrera que impide la disipación del calor. Durante cada temporada deportiva en los Estados Unidos continúan sucediendo varias muertes debido a los infartos por el calor. Si se toman las precauciones apropiadas, no existe ninguna excusa para permitir que suceda una muerte debido a infarto por el calor.

Usted debe tener la confianza de hablar con los entrenadores o manejadores de atletismo referente a los posibles síntomas de insolación y sobre los síntomas que tal vez usted observa en su hijo.

Yo confirmo que he recibido y leído La Hoja de información CIF referente a la insolación.

OXNARD SCHOOL DISTRICT

Prescription Opioids: What You Need to Know

Prescription opioids can be used to help relieve moderate-to-severe pain and are often prescribed following a surgery or injury, or for certain health conditions. These medications can be an important part of treatment but also come with serious risks. It is important to work with your health care provider to make sure you are getting the safest, most effective care.

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death. The use of prescription opioids can have a number of side effects as well, even when taken as directed.

Side effects may include one or more of the following:

- Tolerance - meaning you might need to take more of a medication for the same pain relief
- Physical dependence—meaning you have symptoms of withdrawal when a medication is stopped
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Confusion
- Depression
- Low levels of testosterone that can result in lower sex drive, energy, and strength
- Itching and sweating

Risks are greater with the following:

- History of drug misuse, substance use disorder, or overdose
- Mental health conditions (such as depression or anxiety)
- Sleep apnea
- Older age (65 years or older)
- Pregnancy

Unless specifically advised by your health care provider, medications to avoid include:

- Benzodiazepines (such as Xanax or Valium)
- Muscle relaxants (such as Soma or Flexeril)
- Hypnotics (such as Ambien or Lunesta)
- Other prescription opioids
- In addition, avoid alcohol while taking prescription opioids.

SFA 5410, Approved 3/19/2019

KNOW YOUR OPTIONS

Talk to your health care provider about ways to manage your pain that do not involve prescription opioids. Some of these options may actually work better and have fewer risks and side effects. Options may include:

- Pain relievers such as acetaminophen, ibuprofen, and naproxen
- Some medications that are also used for depression or seizures
- Physical therapy and exercise
- Cognitive behavioral therapy, a psychological, goal-directed approach, in which patients learn how to modify physical, behavioral, and emotional triggers of pain and stress.

IF YOU ARE PRESCRIBED OPIOIDS FOR PAIN:

- Never take opioids in greater amounts or more often than prescribed.
- Follow up with your primary health care provider within.
  - Work together to create a plan on how to manage your pain.
  - Talk about ways to help manage your pain that don't involve prescription opioids.
  - Talk about any and all concerns and side effects.
- Help prevent misuse and abuse.
  - Never sell or share prescription opioids.
  - Never use another person's prescription opioids.
- Store prescription opioids in a secure place and out of reach of others (this may include visitors, children, friends, and family).
- Safely dispose of unused prescription opioids: Find your community drug take-back program or your pharmacy mail-back program, or lush them down the toilet, following guidance from the Food and Drug Administration:
  www.fda.gov/Drugs/ResourcesForYou
- Visit www.cdc.gov/drugoverdose to learn about the risks of opioid abuse and overdose.
- If you believe you may be struggling with addiction, tell your health care provider and ask for guidance or call SAMHSA's National Helpline at 1-800-662-HELP.

Opioides recetados: lo que necesita saber

Los opioides recetados son medicamentos que sirven para aliviar el dolor moderado a intenso y suelen ser recetados luego de una cirugía o de sufrir una lesión, o ante ciertos problemas de salud. Estos medicamentos pueden ser una parte importante del tratamiento, aunque también implican riesgos graves. Es importante comunicarse con su proveedor de atención médica para asegurarse que está obteniendo la atención más segura y eficaz.

Los riesgos más graves de los opioides recetados son la adicción y la sobredosis, especialmente con el uso prolongado. Una sobredosis con opioides puede reducir la frecuencia respiratoria y provocar la muerte repentina. Los opioides recetados pueden tener efectos secundarios, incluso si se toman según las indicaciones.

Los efectos secundarios pueden incluir uno o más de los siguientes:

- Tolerancia: la necesidad de tomar más medicamentos para lograr la misma reducción del dolor
- Dependencia física: aparición de síntomas de abstinencia al interrumpir el consumo
- Mayor sensibilidad al dolor
- Estreñimiento: es el efecto secundario más común
- Náuseas, vómitos y sequedad de boca
- Somnolencia y mareo
- Confusión
- Depresión
- Bajos niveles de testosterona, que pueden resultar en un menor impulso sexual, energía y fuerza
- Comezón y sudor

Los riesgos son mayores con lo siguiente:

- Tiene antecedentes de abuso de drogas, trastorno de consumo de sustancias o sobredosis
- Tiene una condición de salud mental, (como depresión o ansiedad)
- Tiene apnea del sueño
- Tiene 65 años o más
- Está embarazada

A menos que su proveedor de atención médica lo indique específicamente, los medicamentos que debe evitar incluyen:

- Benzodiacepinas (como Xanax o Valium)
- Relajantes musculares (como Soma o Flexeril)
- Pastillas para dormir (como Ambien o Lunesta)
- Otros opioides recetados
- Adicionalmente, evite el consumo de alcohol mientras esté tomando opioides recetados.

SFA 5410S, Approved 3/19/2019

SEPA CUÁLES SON SUS OPCIONES

Hable con su proveedor de atención médica acerca de las maneras de controlar el dolor sin tener que usar opioides. Algunas de esas opciones podrían dar mejores resultados y presentar menores riegos y efectos secundarios. Las opciones podrían ser las siguientes:

- Otros analgésicos, como acetaminofeno (Tylenol), ibuprofeno (Advil, Motrin) o naproxeno
- Algunos medicamentos que también se emplean contra la depresión y las convulsiones.
- Fisioterapia y ejercicios
- Terapia cognitiva conductual, un enfoque psicológico dirigido por objetivos donde los pacientes aprenden a modificar las causas físicas, conductuales y emocionales del dolor y el estrés.

SI LE RECETAN OPIOIDES PARA EL DOLOR:

- Nunca tome opioides en más cantidades o más seguido que lo indicado.
- Haga un seguimiento con su proveedor de atención médica.
    - Establezcan juntos un plan para tratar el dolor.
    - Analicen posibilidades para tratar el dolor, las cuales no incluyan opioides recetados.
    - Hable de sus inquietudes y de los efectos secundarios.
- Ayude a evitar el mal uso y el abuso.
    - Nunca venda ni comparta opioides recetados.
    - Nunca use los opioides recetados de otra persona.
- Guarde los opioides recetados en un lugar seguro y lejos del alcance de otras personas. (Esto puede incluir visitas, niños, amigos y familiares).
- Deshágase de manera segura de los opioides recetados que le sobren. Encuentre el programa de devolución de medicamentos de su comunidad o el programa de devolución de medicamentos de su farmacia o tírelos en el inodoro, siguiendo las instrucciones de la Administración de Alimentos y Medicamentos: www.fda.gov/Drugs/ResourcesForYou.
- Visite www.cdc.gov/drugoverdose para conocer los riesgos del abuso y la sobredosis de opioides
- Si cree que puede estar luchando contra la adicción, infórmeselo a su proveedor de atención médica y solicite orientación o llame a la línea de ayuda nacional de SAMHSA al 1-800-662-HELP.

Parent/Student CIF Steroid Information Sheet and Acknowledgement

"As a condition of membership in the CIF, all member school shall adopt policies prohibiting the use and abuse of androgenic/anabolic steroids. All member school shall have participating student athletes and their parents, legal guardian/caregiver agree that the athlete will not use steroids without the written prescription of a fully-licensed physical (as recognized by the AMA) to treat a medical condition." (CIF Bylaw 503.I)

Our School District Policy (BP 5131.63):

The Governing Board recognizes that the use of steroids and other performance-enhancing supplements presents a serious health and safety hazard. As part of the district's drug prevention and intervention efforts, the Superintendent or designee and staff shall make every reasonable effort to prevent students from using steroids or other performance-enhancing supplements.

Students in grades 7-12 shall receive a lesson on the effects of steroids as part of their health, physical education, or drug education program.

Students participating in interscholastic athletics are prohibited from using steroids and dietary supplements banned by the U.S. Anti-Doping Agency as well as the substance synephrine. (Education Code 49030)

Before participating in interscholastic athletics, a student athlete and his/her parent/guardian shall sign a statement that the student athlete pledges not to use androgenic/anabolic steroids and dietary supplements banned by the U.S. Anti-Doping Agency and the substance synephrine, unless the student has a written prescription from a licensed health care practitioner to treat a medical condition.

A student who is found to have violated the agreement or this policy shall be restricted from participating in athletics and shall be subject to disciplinary procedures including, but not limited to, suspension or expulsion in accordance with law, Board policy, and administrative regulation.

Coaches shall educate students about the district's prohibition and the dangers of using steroids and other performance-enhancing supplements.

The Superintendent or designee shall ensure that district schools do not accept sponsorships or donations from supplement manufacturers that offer muscle-building supplements to students.

Acknowledgement

By signing below, both the participating student-athlete and the parents, legal guardians/caregiver hereby agree that the student-athlete named herein, shall not use androgenic/anabolic steroids without the written prescription of a fully-licensed physician (as recognized by the AMA) to treat a medical condition. We also recognize that under CIF bylaw 202, there could be penalties for false or fraudulent information. We also understand that the [insert name of school] policy regarding the use of illegal drugs will be enforced for any violations of these rules.

I acknowledge that I have received and read the CIF Steroid Information Sheet.

DISTRITO ESCOLAR DE OXNARD

Hoja CIF de información y compromiso de los padres y estudiantes sobre los esteroides

"Como condición de membresía en el CIF, todas las escuelas que son miembros deberán adoptar normas que prohíban el uso y abuso de los esteroides androgénicos/anabólicos. Todas estas escuelas deberán confirmar que los estudiantes atletas participantes y sus padres, el tutor legal/cuidador están de acuerdo que el atleta no usará esteroides anabólicos sin la receta prescrita por medio de un examen físico con licencia plena (como lo reconoce la Asociación Médica Americana, AMA) para tratar una condición médica". (Estatuto CIF 503.I)

Nuestra norma del distrito escolar (BP 5131.63):

La Mesa Directiva Gobernante reconoce que el uso de esteroides y otros suplementos para mejorar el rendimiento físico representa un grave peligro para la salud y la seguridad. Como parte de los esfuerzos distritales de prevención e intervención del uso de drogas, el superintendente o la persona designada y el personal deberán hacer todos los esfuerzos razonables para evitar que los estudiantes usen esteroides u otros suplementos para mejorar el rendimiento físico.

Como parte de sus programas de salud, educación física o educación sobre las drogas, los estudiantes en los grados 7 al 12 recibirán una lección sobre los efectos de los esteroides.

Los estudiantes que participan en el atletismo escolar tienen prohibido el uso de esteroides y suplementos dietéticos prohibidos por la Agencia Antidopaje de los Estados Unidos, incluyendo la sustancia sinefrina (synephrine, en inglés). (Código de Educación 49030).

Antes de participar en el atletismo escolar, un estudiante atleta y su padre/madre/tutor legal deberán firmar una declaración donde el estudiante atleta se compromete a no usar esteroides androgénicos/anabólicos y/o suplementos dietéticos prohibidos por la Agencia Antidopaje de los Estados Unidos, incluyendo la sustancia Sinefrina (Synephrine, en inglés), a menos que el estudiante haya recibido una receta médica escrita por un profesional de la salud que posea autorización para tratar condiciones médicas.

Cualquier estudiante que haya violado el acuerdo o esta norma no podrá participar en el atletismo escolar y estará sujeto a los procedimientos disciplinarios los cuales incluyen, entre otros, la suspensión o expulsión de acuerdo con la ley, las normas de la Mesa Directiva y los reglamentos administrativos.

Los entrenadores deben educar a los estudiantes sobre las prohibiciones del distrito y los peligros del uso de esteroides y otros suplementos para mejorar el rendimiento físico.

El Superintendente o la persona designada se asegurarán que las escuelas del distrito no acepten patrocinios o donaciones de fabricantes de suplementos que ofrezcan suplementos de desarrollo muscular a los estudiantes.

Compromiso

Al firmar este documento, el estudiante atleta participante junto con sus padres, tutores legales/cuidadores están de acuerdo que el estudiante atleta mencionado en este documento no utilizará esteroides androgénicos/anabólicos sin una prescripción escrita por un médico que posea autorización plena para tratar condiciones médicas (tal como lo reconoce la Asociación Médica Americana, AMA). También reconocemos que según el reglamento CIF 202, podrían existir penalidades por el uso de información falsa o fraudulenta. Además comprendemos que la escuela [insert name of school] seguirá las normas referentes al uso ilegal de drogas en caso de que ocurran violaciones a estos reglamentos.

Yo confirmo que he recibido y leído la Hoja de información CIF referente a los esteroides.

Oxnard School District

Sudden Cardiac Arrest Information Sheet

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure.

Recognize the Warning Signs and Risk Factors of Sudden Cardiac Arrest.

Tell your coach and consult your health care provider if these conditions are present in your student athlete:

Potential indicators that SCA may occur:

- ❑ Fainting or seizure, especially during or right after exercise;
- ❑ Fainting repeatedly or with excitement or startle;
- ❑ Excessive shortness of breath during exercise;
- ❑ Racing or fluttering heart palpitations or irregular heartbeat;
- ❑ Repeated dizziness or lightheadedness;
- ❑ Chest pain or discomfort with exercise;
- ❑ Excessive, unexpected fatigue during or after exercise.

Factors that increase the Risk of SCA:

- ❑ Known structural heart abnormality, repaired or unrepaired;
- ❑ Family members with unexplained fainting, seizures, drowning or near drowning, or car accidents;
- ❑ Family history of known heart abnormalities or sudden death before age 50;
- ❑ Specific family history of Long QT Syndrome, Brugada Syndrome, Hypertrophic Cardiomyopathy, or Arrhythmogenic Right Ventricular Dysplasia (ARVD);
- ❑ Use of drugs, such as cocaine, inhalants, "recreactional" drugs, excessive energy drinks or performance-enhancing supplements.

How Common is Sudden Cardiac Arrest in the United States?

As the leading cause of death in the U.S., there are more than 300,000 cardiac arrests outside hospitals each year, with nine out of 10 resulting in death. Thousands of sudden cardiac arrests occur among youth, as it is the #2 cause of death under 25 and the #1 killer of student athletes during exercise.

Who is at Risk for Sudden Cardiac Arrest?

SCA is more likely to occur during exercise or physical activity, so student athletes are at greater risk. While a heart condition may have no warning signs, studies show that many young people do have symptoms but neglect to tell an adult. This may be because they are embarrassed, they do not want to jeopardize their playing time, they mistakenly think they are out of shape and need to train harder, or they simply ignore the symptoms, assuming they will "just go away." Additionally, some health history factors increase the risk of SCA.

What Should You do if your Student Athlete is Experiencing any of these Symptoms?

We need to let student-athletes know that if they experience any SCA-related symptoms it is crucial to alert an adult and get follow-up care as soon as possible with a primary care physician. If the athlete has any of the SCA risk factors, these should also be discussed with a doctor to determine if further testing is needed. Wait for your doctor's feedback before returning to play, and alert your coach, trainer and school nurse about any diagnosed conditions.

Return to Play (RTP)

The California Interscholastic Federation (CIF) amended its bylaws to include language that adds SCA training to coach certification and practice and game protocol that empowers coaches to remove from play a student-athlete who exhibits fainting. A student athlete who has been removed from play after displaying signs or symptoms associated with SCA may not return to play until he or she is evaluated and cleared by a licensed health care provider (medical doctor or doctor of osteopathy). Parents, guardians and caregivers are urged to dialogue with student athletes about their heart health.

Acknowledgment

I have reviewed and understand the symptoms and warning signs of SCA and the new CIF protocol to incorporate SCA prevention strategies into my student's sports program

Una ficha informativa acerca del Paro Cardíaco Repentino

El Paro Cardíaco Repentino (PCR) sucede cuando el corazón súbita e inesperadamente deja de latir. Cuando esto sucede, se detiene el flujo sanguíneo hacia el cerebro y otros órganos vitales. El PCR no es un paro cardíaco. Un paro cardíaco es causado por una obstrucción que detiene el flujo sanguíneo hacia el corazón. El PCR es una falla en el sistema eléctrico del corazón que hace que la víctima se colapse. Un defecto genético o congénito en la estructura del corazón es la causa de la falla.

Reconozca los factores de riesgo y los signos de advertencia delParo CardíacoRepentino.

Dígale al entrenador y consulte a su médico si su atleta adolescente padece estos síntomas:

Posibles indicadores de que podría suceder un PCR:

- ❑ Colapso o convulsiones, especialmente justo después de ejercitarse;
- ❑ Colapso frecuente, o por emoción o susto;
- ❑ Falta excesiva de aliento durante el ejercicio;
- ❑ Taquicardia o palpitaciones, o ritmo cardíaco irregular;
- ❑ Mareo o aturdimiento frecuente;
- ❑ Dolor o malestar en el pecho al ejercitarse;
- ❑ Fatiga excesiva e inesperada durante o después del ejercicio.

Factores que incrementan el riesgo de que suceda un PCR:

- ❑ La presencia de una anormalidad estructural del corazón, reparada o no reparada;
- ❑ Familiares que han sufrido sin explicación, colapsos, convulsiones, un accidente automovilístico, que se han ahogado o han estado a punto de ahogarse;
- ❑ Un historial clínico familiar de anormalidades cardíacas conocidas o muerte repentina antes de los 50 años;
- ❑ Un historial clínico familiar específico con casos del síndrome del QT largo, síndrome Brugada, miocardiopatía hipertrófica o displasia arritmogénica del ventrículo derecho (DAVD);
- ❑ El consumo de enervantes tales como cocaína, inhalantes, drogas "recreativas," bebidas de energía en exceso, y sustancias o suplementos para mejorar el rendimiento.

¿Qué tan común es el PCR en los Estados Unido?

Porser la principalcausa de muerte en los EE. UU.cada año suceden más de 300,000 paroscardíacoslejos de los hospitales, de los que nueve de cada diezson mortales. Miles de jóvenesson víctimas de los paroscardíacosrepentinos porser la segunda causa de muerte en menores de 25 añosyla principal razón por la que mueren los atletas adolescentes durante el ejercicio.

¿Quién corre el riesgo de sufrir un paro cardíaco repentino?

Los atletas adolescentes corren más riesgo de sufrir un paro cardíaco repentino debido a que tiende a suceder durante el ejercicio o la actividad física. Aunque una enfermedad cardíaca no siempre demuestra signos de advertencia, los estudios demuestran que muchos jóvenes sí tienen síntomas pero no se lo dicen a un adulto. Esto puede ser porque les da pena, no quieren que los saquen de un partido, creen erróneamente que les falta condición física y solamente necesitan entrenar más, o simplemente ignoran los síntomas y suponen que "desaparecerán." Algunos factores de antecedentes clínicos también aumentan el riesgo de que suceda un PCR.

¿Qué debe hacer si su atleta adolescente padece alguno de estos síntomas?

Debemos informarles a los atletas adolescentes que si padecen cualquier síntoma del PCR, es de suma importancia avisarle a un adulto y consultar con un médico de cabecera lo antes posible. Si el atleta presenta cualquiera de los factores que incrementan el riesgo de que suceda un PCR, deberá consultar a un médico para ver la posibilidad de que se le hagan más pruebas. Espere la respuesta del médico antes de que su adolescente vuelva a jugar y además, avise a su entrenador y a la enfermera escolar de cualquier afección diagnosticada.

Volver a Jugar

Federación Interescolar de California (CIF) enmendó sus estatutos para poder incluir lenguaje que incluye capacitación acerca del PCR como requisito en la certificación de entrenadores deportivos. Además, esto ayuda a incluirla en el protocolo de entrenamiento y juego para que los entrenadores tengan la autoridad de sacar del juego a un atleta adolescente que se colapse. El atleta adolescente que haya sido suspendido de un juego después de mostrar signos o síntomas asociados con un PCR, no puede volver a jugar hasta que un médico certificado le haya evaluado y aprobado (medical doctor or doctor of osteopathy). Se les insta a los padres, tutores y cuidadores a que hablen con sus atletas adolescentes acerca de la salud del corazón. Igualmente.

He leído y entendido los síntomas y los signos de advertencia del PCR y el nuevo protocolo de la CIF para incluir medidas para prevenir que suceda un PCR dentro del programa deportivo de mi estudiante

PREPARTICIPATION PHYSICAL EVALUATION
HISTORY FORM

(Note: This form is to be filled out by the patient and parent prior to seeing the physician. The physician should keep this form in the chart.)

Date of Exam _____

Name _____ Date of birth _____

Sex _____ Age _____ Grade _____ School _____ Sport(s) _____

Medicines and Allergies: Please list all of the prescription and over-the-counter medicines and supplements (herbal and nutritional) that you are currently taking

_____

_____

_____

Do you have any allergies? ☐ Yes ☐ No If yes, please identify specific allergy below.

☐ Medicines ☐ Pollens ☐ Food ☐ Stinging Insects

Explain "Yes" answers below. Circle questions you don't know the answers to.

GENERAL QUESTIONS	Yes	No
1. Has a doctor ever denied or restricted your participation in sports for any reason?		
2. Do you have any ongoing medical conditions? If so, please identify below: ☐ Asthma ☐ Anemia ☐ Diabetes ☐ Infections Other: _____		
3. Have you ever spent the night in the hospital?		
4. Have you ever had surgery?		
HEART HEALTH QUESTIONS ABOUT YOU	**Yes**	**No**
5. Have you ever passed out or nearly passed out DURING or AFTER exercise?		
6. Have you ever had discomfort, pain, tightness, or pressure in your chest during exercise?		
7. Does your heart ever race or skip beats (irregular beats) during exercise?		
8. Has a doctor ever told you that you have any heart problems? If so, check all that apply: ☐ High blood pressure ☐ A heart murmur ☐ High cholesterol ☐ A heart infection ☐ Kawasaki disease Other: _____		
9. Has a doctor ever ordered a test for your heart? (For example, ECG/EKG, echocardiogram)		
10. Do you get lightheaded or feel more short of breath than expected during exercise?		
11. Have you ever had an unexplained seizure?		
12. Do you get more tired or short of breath more quickly than your friends during exercise?		
HEART HEALTH QUESTIONS ABOUT YOUR FAMILY	**Yes**	**No**
13. Has any family member or relative died of heart problems or had an unexpected or unexplained sudden death before age 50 (including drowning, unexplained car accident, or sudden infant death syndrome)?		
14. Does anyone in your family have hypertrophic cardiomyopathy, Marfan syndrome, arrhythmogenic right ventricular cardiomyopathy, long QT syndrome, short QT syndrome, Brugada syndrome, or catecholaminergic polymorphic ventricular tachycardia?		
15. Does anyone in your family have a heart problem, pacemaker, or implanted defibrillator?		
16. Has anyone in your family had unexplained fainting, unexplained seizures, or near drowning?		
BONE AND JOINT QUESTIONS	**Yes**	**No**
17. Have you ever had an injury to a bone, muscle, ligament, or tendon that caused you to miss a practice or a game?		
18. Have you ever had any broken or fractured bones or dislocated joints?		
19. Have you ever had an injury that required x-rays, MRI, CT scan, injections, therapy, a brace, a cast, or crutches?		
20. Have you ever had a stress fracture?		
21. Have you ever been told that you have or have you had an x-ray for neck instability or atlantoaxial instability? (Down syndrome or dwarfism)		
22. Do you regularly use a brace, orthotics, or other assistive device?		
23. Do you have a bone, muscle, or joint injury that bothers you?		
24. Do any of your joints become painful, swollen, feel warm, or look red?		
25. Do you have any history of juvenile arthritis or connective tissue disease?		

MEDICAL QUESTIONS	Yes	No
26. Do you cough, wheeze, or have difficulty breathing during or after exercise?		
27. Have you ever used an inhaler or taken asthma medicine?		
28. Is there anyone in your family who has asthma?		
29. Were you born without or are you missing a kidney, an eye, a testicle (males), your spleen, or any other organ?		
30. Do you have groin pain or a painful bulge or hernia in the groin area?		
31. Have you had infectious mononucleosis (mono) within the last month?		
32. Do you have any rashes, pressure sores, or other skin problems?		
33. Have you had a herpes or MRSA skin infection?		
34. Have you ever had a head injury or concussion?		
35. Have you ever had a hit or blow to the head that caused confusion, prolonged headache, or memory problems?		
36. Do you have a history of seizure disorder?		
37. Do you have headaches with exercise?		
38. Have you ever had numbness, tingling, or weakness in your arms or legs after being hit or falling?		
39. Have you ever been unable to move your arms or legs after being hit or falling?		
40. Have you ever become ill while exercising in the heat?		
41. Do you get frequent muscle cramps when exercising?		
42. Do you or someone in your family have sickle cell trait or disease?		
43. Have you had any problems with your eyes or vision?		
44. Have you had any eye injuries?		
45. Do you wear glasses or contact lenses?		
46. Do you wear protective eyewear, such as goggles or a face shield?		
47. Do you worry about your weight?		
48. Are you trying to or has anyone recommended that you gain or lose weight?		
49. Are you on a special diet or do you avoid certain types of foods?		
50. Have you ever had an eating disorder?		
51. Do you have any concerns that you would like to discuss with a doctor?		
FEMALES ONLY		
52. Have you ever had a menstrual period?		
53. How old were you when you had your first menstrual period?		
54. How many periods have you had in the last 12 months?

FORMA DE HISTORIA MÉDICA

(Nota: Este formulario debe ser llenado por el paciente y los padres antes de ver al médico. El médico debe mantener esta forma en el gráfico.)

Fecha de Examen Médico _____

Nombre _____ Fecha de Nacimiento _____

Sexo _____ Edad _____ Grado _____ Escuela _____ Deporte(s) _____

Medicinas y Alergias: Escribe una lista de todas las medicinas de receta y suplementos (herbales y nutricionales) que estás tomando

¿Tienes alergias? ☐ Sí ☐ No Si tienes alergias, indica la alergia
☐ Medicinas ☐ Pólen ☐ Comidas ☐ Insectos especifica

Explica las respuestas de "Sí" abajo.

Preguntas Generales	Sí	No
1. ¿Ha sido restringido por un médico para participar en deportes por algúna razón?		
2. ¿Tienes problemas médicos continuamente? Si sí, indica abajo: ☐ Asma ☐ Anemia ☐ Diabetes ☐ Infecciones ☐ Otro: _____		
3. ¿Has pasado la noche en un hospital?		
4. ¿ Has tenido alguna cirugía?		
Preguntas de la salud de tu corazón	**Sí**	**No**
5. ¿Alguna vez has desmayado o casi desmayado durante o después del ejercicio?		
6. ¿Has sentido dolores, o presión en tu pecho mientras haces ejercicios?		
7. ¿Su corazón siempre corre o salta latidos (latidos irregulares) durante el ejercicio?		
8. ¿Ha dicho tu médico que tienes problemas médicos con tu corazón? Si Sí, chequea todo que aplica: ☐ Alta presión sanguínea ☐ soplo cardíaco ☐ Colesterol alto ☐ Infección del corazón ☐ Enfermedad de Kawasaki Otro: _____		
9. ¿Ha pedido un médico un examen médico de tu corazón?		
10. ¿Te sientes mareado o tienes dificultad respirando durante el ejercicio?		
11. ¿Has tenido un incautación inexplicable?		
12. ¿Te sientes más cansado o tienes más dificultad de respirar que tus amigos cuando haces ejercicios?		
Preguntas de la salud de los corazones du tu familia	**Sí**	**No**
13. ¿Ha fallecido un miembro de la familia de problemas del corazón o de una muerte inexplicable antes de la edad de 50 años? (incluyendo ahogo, un accidente de coche inexplicable, o síndrome de muerte súbita infantil)		
14. ¿Hay alguien en su familia que tiene miocardiopatía hipertrófica, síndrome de Marfan, la miocardiopatía arritmogénica del ventrículo derecho, síndrome de QT largo, síndrome de QT corto, síndrome de Brugada o taquicardia ventricular polimórfica catecolaminérgica?		
15. ¿Tiene alguién en tu familia un problema del corazón, usa un marca pasos o un desfibrilador implantado?		
16. ?Tiene algulen en tu familia desmayos inexplicables, incautaciones inexplicables o casi ahogo?		
Preguntas de huesos y articulaciones	**Sí**	**No**
17. ¿Ha tenido una lesión en un hueso, músculo, ligamento o tendón que le hizo perder un entrenamiento o un partido?		
18. ¿Alguna vez te has quebrado o fracturado un hueso o dislocado una articulación o coyuntura?		
19. ¿Ha tenido una lesión que requiera radiografías, resonancia magnética, CT, inyecciones, terapia, un aparato ortopédico, un yeso o muletas?		
20. ¿Alguna vez has tenido una fractura de estrés?		
21. ¿Te han dicho alguna vez que tiene o ha tenido una radiografía para la inestabilidad del cuello o la inestabilidad atlantoaxial? (Síndrome de Down o enanismo)		
22. ¿Utiliza regularmente un aparato ortopédico, ortopédicos, u otro dispositivo de ayuda?		
23. ¿Tiene un hueso, músculo o lesión de la articulación que le molesta?		
24. ¿Alguna de sus articulaciones se vuelven dolorosas, hinchadas, se sienten calientes, o se ven de color rojo?		
25. ¿Tiene antecedentes de artritis juvenil o enfermedad del tejido conectivo?		

Preguntas Médicas	Sí	No
26. ¿Tose, sibilancias o tiene dificultad para respirar durante o después del ejercicio?		
27. ¿Alguna vez has utilizado un inhalador o tomado medicamentos para el asma?		
28. ¿Hay alguien en su familia que tiene asma?		
29. ¿Nació sin o le falta un riñón, un ojo, un testículo (varones), el bazo, o cualquier otro órgano?		
30. ¿Tiene dolor en la ingle o un bulto doloroso o hernia en la ingle?		
31. ¿Ha tenido mononucleosis infecciosa (mono) en el último mes?		
32. ¿Tienes algunas erupciones, úlceras por presión, u otros problemas de la piel?		
33. ¿Ha tenido un herpes o infección de la piel MRSA?		
34. ¿Ha tenido una lesión en la cabeza o una conmoción cerebral?		
35. ¿Alguna vez has tenido un golpe en la cabeza que causó confusión, dolor de cabeza prolongado o problemas de memoria?		
36. ¿Tiene antecedentes de trastornos convulsivos?		
37. ¿Tiene dolores de cabeza con el ejercicio?		
38. ¿Alguna vez ha tenido entumecimiento, hormigueo o debilidad en los brazos o piernas después de golpearse o caerse?		
39. ¿Alguna vez has sido incapaz de mover sus brazos o piernas después de golpearse o caer?		
40. ¿Alguna vez se enferma durante el ejercicio en el calor?		
41. ¿Usted tiene calambres musculares frecuentes al hacer ejercicio?		
42. ¿Usted o alguien en su familia tiene el rasgo de células falciformes o la enfermedad?		
43. ¿Ha tenido problemas con sus ojos o visión?		
44. ¿Ha tenido lesiones en los ojos?		
45. ¿Usted usa anteojos o lentes de contacto?		
46. ¿Usa gafas de protección, o anteojos de seguridad?		
47. ¿Le preocupa su peso?		
48. ¿Estás tratando de o ha recomendado alguien que usted gana o pierde peso?		
49. ¿Está usted en una dieta especial o usted evita ciertos tipos de alimentos?		
50. ¿Alguna vez ha tenido un trastorno alimentario?		
51. ¿Tiene usted alguna preocupación que le gustaría discutir con un médico?		
Sólo mujeres	**Sí**	**No**
52. ¿Alguna vez ha tenido un período menstrual?		
53. ¿Qué edad tenía cuando tuvo su primer período menstrual?		
54. ¿Cuántos periodos ha tenido en los últimos 12 meses?

School Athletics
Physical Contact Acknowledgement

Student name _____ Birth date _____

Parent or legal guardian (Please print) _____ Student address _____

School _____ Sport/Activity _____ Coach/Instructor _____

Athletics and sports often require highly technical physical movements. In order to prepare student athletes to compete to the best of their ability, Coaches may come into physical contact with student athletes. This physical contact is for instructional purposes to guide student athletes in proper positioning and movements.

Examples of situations of instructional potential physical contact include, but are not limited to:

- Batting stances in baseball and softball,
- Competitive Cheer stunts,
- Diving practices,
- Football tackling techniques,
- Golf and tennis swings,
- Starting block positions in track,
- Water polo practices,
- Wrestling positions and moves.

By signing this Physical Contact Acknowledgement, you are recognizing you understand there is potential instructional physical contact between the coach and student athlete, and it is acceptable to you.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.6

DATE: June 16, 2026

TO: City Council

FROM: Javier Chagoyen-Lazaro, Chief Financial Officer, (805) 200-5400, javier.chagoyenlazaro@oxnard.org

SUBJECT: Monthly Report of Accounting of All Receipts, Disbursements and Fund Balances and List of City Manager-approved contracts.

RECOMMENDATION

That the City Council:
1. Receive and file the report and accounting of all receipts, disbursements and fund balances for the month of April 2026; and
2. Receive and file the list of City Manager-approved contracts for the month of April 2026.

(This item did not originate in Committee.)

BACKGROUND

California Government Code Section 41004 requires that a written report and accounting of all receipts, disbursements and fund balances be submitted to the City Clerk and filed with the City's legislative body on a monthly basis. City Finance staff have developed these reports and staff is presenting it to comply with the requirements of California Government Code Section 41004.

Oxnard City Code Section 4-3 allows the City Manager or their designee to award any contract or purchase order up to an aggregate value of $220,000. This authority includes contracts involving real property, lease and license agreements that do not exceed three years in term. Additionally, the City Manager or their designee may approve any amendment that, collectively with the original purchase order or contract and all amendments thereto, does not exceed $220,000. Pursuant to the City's Purchasing Manual, approval authority for contracts up to $100,000 have been delegated to Department Directors.

The attached list of contracts, purchase orders, and amendments meets the criteria of amounts being between $101,000 and $220,000 annually (including all prior amendments) for the month of April 2026 that have been approved by the City Manager.

DISCUSSION

The Chief Financial Officer and Finance Department currently post reports to the City's public website showing a detailed accounting of all receipts (revenues), disbursements (expenses) and fund balances on a monthly basis. In addition, the Chief Financial Officer and Finance Staff maintain on the City's public website a link to an interactive financial reporting tool containing a variety of detailed reports as well as a customizable, searchable and downloadable database containing current and historical records of all revenue, expenditures, cash balances and accounts payable transactions. These reports and tools will continue to be made available to the City Council and members of the public; however, this report and accounting is also being submitted to comply with California Government Code section 41004.

The percentage of the current fiscal year elapsed is 83.3% for April of 2026. Please note that due to seasonal factors and

fluctuations in the timing of inflows and outflows, cash and fund balances can change significantly from month to month. Expenditures related to uncontrollable events, such as damage to City property from a traffic collision, do not follow a traditional percentage by months elapsed. Specifically, revenues are not received and expenditures are not paid uniformly throughout the fiscal year. The data provided in these reports and in the online financial reporting tool are unaudited as of the time the reports were created. For audited financial reports, Council and the public should refer to the City's audited Annual Comprehensive Financial Report (ACFR).

The attached Revenue Report lists by fund, and by account within each fund, the fiscal year to date and monthly revenues for April of 2026. The report includes the original fiscal year budget appropriation and the current revised budget as well as the amount of budget remaining and the percent of budget recognized to date. The "Encumbrances" column does not apply to revenues. This report is generated by the City's ERP financial system which recognizes revenue entries as a credit per accounting standards, which is why they appear on the report preceded by a "minus" symbol.

The attached Expense Report lists by fund, and by object code (i.e., expense category) within each fund, the monthly and fiscal year to date expenditures for April of 2026. A list of the City's object codes can be found in the Online Financial Reporting Tool on the City's website at the following link: Chart of Accounts. As with the Revenue Report, this report also includes the current year's adopted budget and current revised budget as well as amounts that have been encumbered (committed) against a particular expense object, the amount of budget remaining for the year, and the percent of budget used to date.

The attached Balance Sheet Report lists by fund, and where applicable, by sub-fund, the total assets, liabilities (if any) and fund balance as of the end of each month once all accounting entries for that month have been posted. This report includes the current balance for each account type (asset, liability, fund balance) as well as the change from the prior month. Following the accounting standard of assets = liabilities + equity (equity = fund balance for a city), the normal account balance dictates the sign of the entry: assets are debits (+), liabilities are credits (-), and fund balance either debit or credit with (-) indicating a positive fund balance and (+) indicating a negative fund balance.

The monthly unaudited financial reports can be found in the City's website scrolling down to the Monthly Financial Report section after opening the following link: Financial Data. Finance Department staff has also prepared the attached summary of the year to date data as of April , 2026 for the All Funds, General Fund, and Enterprise Funds.

Notable areas of interest include:

- Revised Budget
    - The Revised Budget for FY 2025-26 includes the adopted budget, adjusted by changes in appropriation approved by City Council, and the carryover of prior fiscal year unspent project budget. The estimated revenues from approved grants and debt proceeds are also carried over to the current fiscal year.

- Property Taxes & Sales Tax
    - The City received the first property tax installment for the current fiscal year in December of 2025, and the second installment in April 2026. The City historically receives additional installments in the last quarter of the fiscal year which contributes to the listed actual % of 84.3%. Sales tax proceeds reflect the amount received up to the month of February 2026 (66.7% of the fiscal year).

- Investment Income
    - Interest income of pooled investments is recorded initially in the General Fund and allocated quarterly to all the other funds based on the daily average cash balance for each fund as recorded in the City's accounting system. Actual figures displayed in the individual reports reflect the timing related to when interest reporting information becomes available and are not indicative of a considerable downturn in interest income derived from investments.

- Capital Expenditures
    - While Capital Improvement Program (CIP) projects are reported on by fiscal year, they are not confined nor defined by one single fiscal year. A CIP project is a multi-year expenditure process; some less complex projects may start and finish in about 12 months, but more complex projects can take several fiscal years to complete. A project builds up with low expenditures in the beginning for such activities as planning, environmental, design, and bidding, then culminates with the bulk of the expenditures during the last phase, construction. Also, the pre-construction work on a CIP project is time intensive.
    - Furthermore, appropriations for CIP projects include the full estimated project amount to ensure funding is defined and available when an award of construction contract is presented to the City Council. Accounting for CIP expenditures this way also provides a means to avoid "double booking" funds. Because of these factors, it is not unusual to see low expenditures in any one fiscal year compared to a percentage of elapsed time.

- Services/Supplies/Maintenance
    - Similar to Capital Expenditures, these three (3) categories span multiple reports and represent multiple projects in various funds. Many of these line items reflect an "actual %" that is lower than the straight-line extrapolation of the revised budget due to delayed project timelines.

All Funds-By Nature

- Revenues-License and Permits/Fees and Charges
    - As previously mentioned, due to seasonal factors and fluctuations in the timing of inflows and outflows, there are significant changes on a month-to-month basis and with the same month of prior fiscal year. For example, licensing and permits include traffic impact fees received in the current fiscal year in the amount of $3.9 million and fees & charges include asset seizure funds received in the amount of $1.7 million.

- Revenues-Grant Revenue
    - The grant revenue amount is mainly driven by the Rice and 5th Avenue overpass project (C1301). This multiyear project is 100% funded from reimbursable grants from the State of California.

- Revenues-Debt Proceeds
    - The figure displayed representing 19.4% of the budgeted amount is related to the timing of posting and not a change in forecast from what was originally budgeted. Debt proceeds are related to a Wastewater State Revolving Fund ("SRF") loan. SRF loans are reimbursable, and the City has to request the loan disbursement based on project execution. The process requires the detailed review of expenses to ensure that the submission only includes eligible expenses to be funded by the SRF loan agreement.

- Expenditures-Financing
    - The figure displayed representing 30.9% of the budgeted amount is related to the timing of posting and not a change in forecast from what was originally budgeted. A majority of financing includes two payments of interest and one payment of principal each fiscal year. The principal payment takes place in the last quarter of the fiscal year.

General Fund-By Nature

- Revenues-Miscellaneous

- The figure displayed representing 203.5% of the budgeted amount includes GenOn contributions for Ormond Beach. Those revenues are not budgeted because they are restricted General Fund revenues for future beach access improvements. The April 30, 2025 figure included over $2 million in mutual aid reimbursements. Mutual aid reimbursement is down considerably in FY 2025-2026.

- Expenditures-Financing
  - The figure displayed representing 31.6% of the budgeted amount is related to the timing of posting and not a change in forecast from what was originally budgeted. This line item includes vehicle and equipment leasing.

Wastewater Funds-By Nature

- Revenues-Debt Proceeds
  - The figure displayed representing 19.4% of the budgeted amount is related to the timing of posting and not a change in forecast from what was originally budgeted. Debt proceeds are related to a Wastewater State Revolving Fund ("SRF") loan. SRF loans are reimbursable, and the City has to request the loan disbursement based on project execution. The process requires the detailed review of expenses to ensure that the submission only includes eligible expenses to be funded by the SRF loan agreement.

- Expenditures-Financing
  - The figure displayed representing 10.4% of the budgeted amount is related to the timing of posting and not a change in forecast from what was originally budgeted. A majority of financing includes two payments of interest and one payment of principal each fiscal year. The principal payment takes place in the last quarter of the fiscal year.

Golf Course Funds-By Nature

- Expenditures
  - Golf Course Fund expenditures are projected to align with FY 2024–25 actual figures. Currently, posted data reflects four months of operations; however, final figures will be updated in a subsequent accounting period upon completion of the expense reconciliation between City staff and American Golf Corporation. Capital expenditures comprise $1.7M for CIP and $1.1M for capital equipment. Both items represent one-time, non-recurring expenses.

STRATEGIC PRIORITIES

This agenda item supports the Organizational Effectiveness strategy. The purpose of the Organizational Effectiveness strategy is to reinforce, stabilize, improve, and strengthen the organizational foundation of the City in order to build a modern, high-functioning City government that effectively and efficiently supports the operating departments in providing high-quality services and programs for our residents and businesses.

FINANCIAL IMPACT

There is no financial impact.

COMMITTEE OUTCOME

This item did not originate in Committee.

Prepared by: Javier Chagoyen-Lazaro, Chief Financial Officer

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.7

DATE: June 16, 2026

TO: Housing Authority

FROM: Brenda Lopez, Housing Director, (805) 385-8092, brenda.lopez@oxnard.org

SUBJECT: Oxnard Housing Authority's Monthly Investment Report.

RECOMMENDATION

That the Oxnard Housing Authority Board of Commissioners receive and file the monthly investment report for the period ending April 2026.

(This item did not originate in Committee.)

BACKGROUND

The Oxnard Housing Authority's (OHA) invests funds in compliance with California Government Code Section 53600 et seq., and the OHA's Investment Policy. This report follows the guidelines established in the California Government Code section 53646 and the OHA's adopted Investment Policy, which was most recently adopted by the Oxnard Housing Authority Board of Commissioners (Board) on July 15, 2025. The Investment Policy requires the OHA to submit a monthly transaction report to the Board.

DISCUSSION

In recent history, the OHA has invested excess cash utilizing a combination of in-house efforts and an outside agent Local Agency Investment Fund (LAIF), which is permitted by the United States Department of Housing and Urban Development (HUD) and State law. This practice minimizes risk (safety), ensures easy access to funds (liquidity), and generates reasonable returns (yield), in that order. LAIF is very flexible. Funds can be deposited and/or withdrawn daily. This has made the OHA's cash management much more effective and has proven to be a valuable investment and cash management tool for the OHA.

All of the OHA's investments are managed in compliance with California Government Code 53600 et seq. and the OHA's investment policies and guidelines.

LAIF

LAIF is a voluntary investment program created by statute, as an investment alternative for California's local governments and special districts. This program offers local agencies the opportunity to participate in a major portfolio which invests hundreds of millions of dollars, using the investment expertise of the State Treasurer's Office professional investment staff at no additional cost to the taxpayer. LAIF is part of the Pooled Money Investment Account (PMIA).

As of the period ending April 30, 2026, the fund balance held in LAIF was $22,634,863.33 compared to $22,415,200.60 for the period ending March 31, 2026. The funds in LAIF are allocated over 10 accounts. The various accounts represent each of the OHA's major funds (i.e. Public Housing (PH), Housing Choice Voucher (HCV), Central Fund Reserve). During the month of April, the only transaction posted was in the amount of $219,662.73, which was for interest earned for the previous quarter ending March 31, 2026, and allocated based on balances per fund. There were no deposits or

withdrawal transactions from LAIF in April 2026. The investment position for each fund is summarized in the table below.

On April 30, 2026, the LAIF quarterly apportionment rate was 3.811%, compared to 3.826% for the period ending March 31, 2026.

Account Description (Program)	Beginning Balance	Current Period Adjustments	Interest Earned/Applied	Ending Balance (04/30/2026)
Public Housing Reserve	$13,729,358.40	$0	$134,543.92	$13,863,902.32
PH Investments-Restricted FSS	$165,315.97	$0	$1,620.00	$166,935.97
HCV AF Reserve	$3,188,152.77	$0	$31,243.02	$3,219,395.79
HCV Investments-Restricted FSS	$574,948.94	$0	$5,634.34	$580,583.28
FSS EFA (forfeitures)	$65,654.46	$0	$643.40	$66,297.86
PH Restricted for current liability	$1,671,741.39	$0	$16,382.60	$1,688,123.99
Central Fund	$1,991,649.92	$0	$19,517.62	$2,011,167.54
Capfund	$556,952.42	$0	$5,457.98	$562,410.40
NSP	$334,114.35	$0	$3,274.23	$337,388.58
201sd	$137,311.98	$0	$1,345.62	$138,657.60
TOTAL	$22,415,200.60	$0	$219,662.73	$22,634,863.33

The OHA's LAIF monthly statement for the period ending April 30, 2026, is attached to this report. (Attachment 1)

STRATEGIC PRIORITIES

This agenda item supports the Organizational Effectiveness strategy. The purpose of the Organizational Effectiveness strategy is to reinforce, stabilize, improve, and strengthen the organizational foundation of the City in order to build a modern, high-functioning City government that effectively and efficiently supports the operating departments in providing high-quality services and programs for our residents and businesses.

FINANCIAL IMPACT

There is no financial impact.

COMMITTEE OUTCOME

ATTACHMENTS

1. Attachment 1 - LAIF Monthly Statement for Period Ending April 30, 2026

Investment Report
for the month Ended in April 30, 2026

Oxnard Housing Authority

All investment transactions have been executed in accordance with the criteria stated in the Oxnard Housing Authority's Investment Policy Resolution No. 1353 adopted by the Board on July 15, 2025.

Investments have been made in compliance with the California Government Code, the United States Department of Housing and Urban Development Regulations, the Housing Authorities Law (California Health and Safety Code) and in accordance with the Oxnard Housing Authority's Investment Policy. The Local Agency Investment Fund (LAIF) provides the market value and individual monthly statement reports for negotiable instruments held in safekeeping included in this report. Based on analysis of cash receipts, expenditures, and daily cash flows, it is projected that revenues and investment liquidity are sufficient to meet expenditure requirements for the next six months.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.8

DATE: June 16, 2026

TO: Housing Authority

FROM: Brenda Lopez, Housing Director, (805) 385-8092, brenda.lopez@oxnard.org

SUBJECT: Policy, Portfolio Guidelines, and Investment Delegation for the Oxnard Housing Authority.

RECOMMENDATION

That the Oxnard Housing Authority Board of Commissioners adopt a resolution approving an investment policy and investment portfolio guidelines for the OHA, and delegating investment authority to the Housing Finance Officer for Fiscal Year 2026-27.

(This item did not originate in Committee.)

BACKGROUND

The United States Department of Housing and Urban Development (HUD) has established requirements governing cash management and approved investment instruments for certain funds under the control of public housing agencies (PHAs). Furthermore, the legislative body of the Housing Authority may invest surplus monies not required for the immediate necessities of the local agency in accordance with the provisions of HUD Notice PIH 2002-13 and California Government Code (CGC) sections 5922 and 53600 et seq.. Agencies may only invest in instruments specified by HUD and State law.

HUD's Annual Contributions Contract with PHAs and CGC Section 53607, establish that the Board of Commissioners (Board) of the Oxnard Housing Authority (OHA) may delegate its authority to invest or to reinvest surplus monies not required for immediate necessities of the PHA, for a one-year period.

The Fiscal Year (FY) 2025-26 OHA Investment Policy, including delegating the investment authority to the Housing Finance Officer, and Portfolio Guidelines was approved by the Board on July 15, 2025. Per the Investment Policy, the policy is to be reviewed and adopted annually by the Board. The requirement to review and adopt an investment policy annually is in alignment with CGC Section 53646, which was amended in 2004 to eliminate this as a requirement; however, as amended, CGC Section 53646 encourages local agencies to continue taking the formerly mandated actions. The Board approved a comprehensive update to the FY25-26 Investment Policy and Portfolio Guidelines.

The Investment Policy governs investment of funds, including funds on deposit. HUD defines "funds on deposit" as:

1. Funds for current transactions
2. Capital or development funds
3. Funds exceeding daily requirements
4. Operation reserve funds

In addition, and consistent with the HUD regulations, CGC, the Housing Authorities Law (California Health and Safety Code Sections 34200 et seq.), and OHA Resolution 1308, the OHA investment policy includes a "delegation of authority" to the Housing Finance Officer (HFO). With this delegation, the HFO is authorized to invest surplus monies within the parameters of the OHA's Investment Policy and consistent with the OHA Investment Guidelines.

Per the City of Oxnard job requirements, the HFO provides management and fiscal analysis and oversight to support programs, projects, executive staff, and elected officials. The HFO is responsible for managing the City's housing authority programs. Work involves making interpretive decisions on behalf of the organization regarding the means for executing organizational goals. Reviews, prepares, and submits a variety of reports, statements, regulatory documents, policies, procedures, analyzes information and recommends and implements decisions and processes. Represents the City on matters of policy and regulation; develops, implements and monitors policies and procedures; manages budgets.

DISCUSSION:

In recent history, the OHA has invested excess cash utilizing a combination of in-house efforts and an outside agent (LAIF), which is permitted by the HUD and State law. The market value of the OHA's pooled investment fund as of April 30, 2026, is $22,634,863.33. The quarterly interest earned will be applied to the LAIF account mid-July 2026. On average, the HFO transacts three times a year.

The Board has long supported this approach by approving an annual investment policy that includes delegating authority to the HFO along with established investment guidelines. The only change to the FY 25–26 Investment Policy and Procedures is the update to the effective date (July 1, 2026). The FY 26-27 Investment Policy and Procedures does not contain any material changes.

STRATEGIC PRIORITIES

This agenda item supports the Organizational Effectiveness strategy. The purpose of the Organizational Effectiveness strategy is to reinforce, stabilize, improve, and strengthen the organizational foundation of the City in order to build a modern, high-functioning City government that effectively and efficiently supports the operating departments in providing high-quality services and programs for our residents and businesses.

FINANCIAL IMPACT

There is no financial impact.

HOUSING AUTHORITY OF THE CITY OF OXNARD

INVESTMENT POLICY

1.0 INTRODUCTION

This policy is intended to provide guidance for the investing of surplus cash of the Housing Authority of the City of Oxnard (Authority). The U.S. Department of Housing and Urban Development (HUD) has established requirements governing cash management and approved investment instruments for certain funds under the control of Public Housing Authorities.

The Legislature of the State of California (CGC 53600.6 and CGC 53630.1) has declared that the deposit and investment of funds by officials and local agencies is an issue of statewide concern. The Board of Commissioners of the Authority (Board) may invest surplus monies not required for the immediate necessities of the Authority in accordance with the provisions of HUD Notice PIH 2002-13 and California Government Code Sections 5922 and 53600 et seq.

This policy is intended to provide guidelines for the prudent investment of the Authority funds and to enhance the economic status of the Authority while protecting its pooled cash. Funds will be invested in accordance with this policy and with applicable sections of the California Government Code.

The policy is to invest funds in a manner which will provide: (i) the maximum security; (ii) the funds necessary to meet the daily cash flow demands of the Authority; and (iii) the highest investment return while conforming to all statutes governing the investment of the Authority funds within the constraints of this Investment Policy.

Pursuant to California Health and Safety Code section 34278(a), the Board has designated the City Manager to serve as Secretary of the Authority, and assigned various duties to the Secretary, including serving as the Treasurer of the Authority. Pursuant to California Health and Safety Code Section 34280, the Secretary may delegate investment duties to the Housing Finance Officer, and the Board has authorized the Secretary to delegate any of the Secretary's duties to any person at the Secretary's discretion. The Secretary has delegated the duty to invest Authority funds to the Housing Finance Officer.

2.0 SCOPE

This investment policy applies to the Authority's pooled investment fund, which encompasses all money under the direct oversight of the Housing Finance Officer. These include the Public Housing Funds, Section 8 Voucher Funds, Grant Funds and the Central Fund.

This policy does not include employee's retirement, deferred compensation funds, nor proceeds of bonds.

3.0 PRUDENCE

Investments shall be made with foresight and care -- under circumstances then prevailing -- which persons of prudence, discretion and intelligence exercise in the management of their own affairs,

not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

3.1 The standard of prudence to be used by investment officials shall be the 'prudent investor' standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and the investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

4.0 OBJECTIVES

The Authority's cash management system is designed to accurately monitor and forecast revenues and expenditures thus enabling the Housing Finance Officer to invest funds to the fullest extent possible. As specified in CGC §53600.5, the Housing Finance Officer shall maintain a portfolio, which accomplishes the primary objectives of safety, liquidity, and yield (in that order of priority).

4.1 Safety: According to HUD Notice PIH 2002-13, safety is achieved through adherence to the list of permitted investments which are backed by the full faith and credit of, or a guarantee of principal and interest by, the U. S. Government, a Government agency or issued by a Government sponsored agency, coupled with an appropriate maturity date.

4.2 Liquidity: All investments must be capable of being liquidated on one day’s notice.

4.3 Yield: The Authority should strive to achieve the highest yield consistent with the objectives of the Investment Policy.

5.0 DELEGATION OF AUTHORITY

Authority to manage the investment program is derived from the HUD/PHA Annual Contributions Contract, the Housing Authorities Law (California Health and Safety Code Sections 34200 et seq., and California Government Code Sections 53600 et seq.. Management responsibility for the investment program is hereby delegated for a one-year period by the Board via resolution, to the Housing Finance Officer, who shall ensure that the program operates in accordance with the guidelines and internal controls established in the Investment Guidelines (Attachment B).

No person may engage in an investment transaction except as provided under the terms of this Investment Policy and the Investment Guidelines. The Housing Finance Officer shall be responsible for all transactions undertaken. The Housing Finance Officer is a trustee and a fiduciary subject to the prudent investor standard. The other housing staff with signatory authority on Authority checking and other accounts is the Housing Director.

6.0 ETHICS AND CONFLICTS OF INTEREST

The Housing Finance Officer and Housing Director shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair the ability to make impartial investment decisions. The Housing Finance Officer is governed by the Political Reform Act of 1974 regarding disclosure of material financial interests.

7.0 AUTHORIZED FINANCIAL DEALERS AND INSTITUTIONS

The Housing Finance Officer shall transact business only with banks, savings and loans, securities dealers and approved State and county investment pools.

7.1 Authorization: The Authority may conduct business with major registered brokers/dealers and with dealers designated Primary by the Federal Reserve provided all the following criteria are met. Broker/Dealers must: 1) have offices located in the State of California, 2) be adequately capitalized, 3) locate markets for securities appropriate to the Authority needs, and 4) agree to abide by the conditions set forth in the Authority's Investment Policy, and be among the authorized institutions approved by the City.

7.2 Certification: Before engaging in investment transactions with a broker/dealer, the Housing Finance Officer shall have received from said firm a signed certification that the responsible party from that firm has reviewed the Authority's Investment Policy. The Certification shall also state that the firm understands the policy and intends to present investment recommendations and transactions to the Authority that are appropriate under the terms and conditions of the Investment Policy.

8.0 AUTHORIZED AND SUITABLE INVESTMENTS

HUD Notice PIH 2002-13 states an Authority should compare the return of an ‘in house’ cash management program with a program managed by an agent. It also states the Authority may contract with an approved governmental unit such as a State agency established for this purpose, such as a Local Agency Investment Fund (LAIF). The Notice also sets forth the following HUD-approved investments. The types of HUD-approved investments may change from time to time. It is the responsibility of the Housing Finance Officer to stay informed of the latest California Government Code and HUD-approved investments. HUD approved investments may be further limited by California Government Code Section 53600 et seq.

8.1 U.S. Treasury Bills, Notes and Bonds

8.2 Obligations issued by Agency or Instrumentality of the U.S. Government.

8.3 State or Municipal Depository Funds, such as LAIF, or pooled cash investment funds managed by County Treasurers.

8.4 Insured Demand and Savings Deposits, provided that deposits in excess of the insured amounts must be 100% collateralized by securities listed in 8.1 or 8.2 above.

8.5 Insured Money Market Deposit Accounts, provided that deposits in excess of the insured amount must be 100% collateralized by securities listed in 8.1 or 8.2 above.

8.6 Insured Super NOW Accounts, provided that deposits in excess of the insured amount must be 100% collateralized by Securities listed in 8.1 or 8.2 above.

8.7 Negotiable Certificates of Deposit issued by Federally or state-chartered banks or associations. Not more than 30% of surplus funds can be invested in certificates of deposit.

8.8 Repurchase/Reverse Repurchase Agreements of any securities authorized by this section (See special limits and qualifications in HUD Notice PIH 2002-13, and California Government Code Section 53601).

8.9 Sweep Accounts that are 100% collateralized by securities listed in 8.1 or 8.2 above.

8.10 Shares of beneficial interest issued by diversified management companies (money market mutual funds) investing in the securities and obligations authorized by this section. Such Funds must carry the highest rating of at least two national rating agencies. Not more than 20% of surplus funds can be invested in money market mutual funds.

8.11 Funds held under the terms of a Trust Indenture or other contract or agreement, including the HUD/PHA Annual Contributions Contract, may be invested according to the provisions of those indentures or contracts.

8.12 Principal only STRIPS (Separate Trading of Registered Interest and Principal of Securities).

8.13 Any other investment security authorized under the provisions of HUD Notice PIH 2002-13.

8.14 Prohibit securities that take the form of inverse floaters, range notes, mortgage-backed interest-only strips and floating-rate investments without a floor.

9.0 COLLATERAL

Collateral requirements are addressed in HUD Notice PIH 2002-13 as well as California Government Code Section 53652. All Certificates of Deposits must be collateralized by US Treasury Obligations. Collateral must be held by a third party, and valued on a monthly basis.

10.0 SAFEKEEPING AND CUSTODY

Security transactions entered into by the Authority shall be conducted on a delivery-versus-payment (DVP) basis. Securities of duration exceeding 30 days to maturity shall be held by a third-party custodian designated by the Housing Finance Officer (California Government Code Section 53601). Evidence of account for each time deposit will be held in the Housing Authority safe.

11.0 DIVERSIFICATION

Portfolio diversification is employed to minimize the risks present in the investment portfolio. No individual investment transaction shall be undertaken which jeopardizes the total capital position of the overall portfolio. To promote diversification, no more than 5 percent of the portfolio may be invested in the securities of any one issuer, regardless of security type; except for U.S. Treasuries, federal agencies, supranational, and pooled investments such as LAIF, money market funds, and local government investment pools.

11.1 Investments are further limited by specific language relating to each investment type as stated in Section 8 of this Policy.

11.2 To the extent possible, the Housing Finance Officer will attempt to match investments with anticipated cash flow requirements. Operating reserve funds may not be invested in securities exceeding five years (maturity of such investments should coincide as nearly as practicable with expected use of funds).

12.0 INTERNAL CONTROLS

The Housing Finance Officer will maintain a control structure to assure compliance with Federal and State regulations, Board direction, and prudent cash management procedures.

12.1 Investment Portfolio Guidelines have been established for procedures within the Housing Finance Officer's office to assure internal investment controls and a segregation of responsibilities of investment functions. (Attachment B).

12.2 The Investment portfolio is included in the Independent Auditors' scope of examination for the Authority's annual financial audit.

13.0 REPORTING

Per Government Code Section 53607 the Housing Finance Officer (treasurer of the local agency) shall make a monthly report of transactions to the Board of Commissioners.

14.0 INVESTMENT POLICY ADOPTION

This Investment Policy may be presented annually, or when changes to the policy are proposed, to the Board for approval.

Attachment B

HOUSING AUTHORITY OF THE CITY OF OXNARD

INVESTMENT PORTFOLIO GUIDELINES

July 1, 2026

1.0 INTRODUCTION

These guidelines are established to direct and control investment activities in such a manner to assure that the goals established in the Investment Policy are attained.

2.0 GENERAL FACTORS

Several factors must be considered in preparation for effective portfolio management.

2.1 Cash Forecast. The projected cash flow of the Authority shall be prepared annually,

and updated as required throughout the year. A close working relationship with Authority Divisions having a significant impact on cash flow is maintained to maximize the efficiency of the Investment Program.

2.2 Pooled Cash. Whenever practical, the Authority cash will be consolidated into one

bank account and invested on a pooled concept basis. Interest earnings are allocated according to the average daily balances specific to fund ledger balances. No Authority bank account may be opened without the knowledge and consent of the Housing Finance Officer.

2.3 Authorized Institution. A list of institutions that meet the criteria of the Investment Policy and have been authorized by the Housing Finance Officer to do business with the Authority will be established, maintained and regularly updated. Investment transactions will be executed only with approved brokers/dealers, banks, and savings and loans.

3.0 INVESTMENT PROCEDURES

The Board has approved the Investment Policy and the Housing Finance Officer has developed the subject Investment Guidelines to provide for effective cash management. Segregation of responsibilities is maintained to assure an adequate system of internal control over the investment function.

3.1 Investment Transactions. The Housing Finance Officer will authorize investment transactions. In his/her absence, the Housing Director will execute transactions as prescribed by the Housing Finance Officer prior to the absence.

3.2 Wire Transfers. All wire transfers require an initiator plus an approval by an authorized employee.

3.3 Safekeeping. Securities purchased from broker/dealers (on which maturity is greater than 30 days) shall be held in third party safekeeping. All purchases will be on a delivery versus-payment basis. Evidence of accounts for certificates of deposit will be issued in the Authority name and held in the Housing Finance Officer’s safe.

4.0 INVESTMENT CRITERIA

All investments will be made in compliance with Federal, State, and Local laws governing the investment of Authority funds, and in accordance with the Authority's Investment Policy.

4.1 Maturity of Investment. To the extent possible, the Authority will attempt to match its investments with anticipated cash flow requirements. A five-year maximum maturity applies to all permissible securities unless otherwise stated in the California Government Code. A permissible security may exceed this limitation only if the Board has approved the investment.

4.2 Certificate of Deposit Evaluation. Time Certificates of Deposit shall be evaluated in terms of FDIC coverage. For deposits in excess of the insured maximum of $250,000, 100 percent collateral by clearly identified (not pooled) U. S. government securities shall be required for the excess as specified by HUD Notice PIH 2002-13.

5.0 INTERNAL CONTROL OF INVESTMENTS

Investment transactions are controlled through distribution of responsibilities within the Housing Finance Officer's office by the following procedures:

5.1 The Housing Finance Officer initiates each investment transaction.

5.2 A journal entry detailing the investment is prepared by the Housing Accountant and approved by the Housing Finance Officer.

5.3 The journal entry is entered on a cash balance spread sheet by the Housing Accountant.

5.4 At month end the book balances, maintained by the Housing Accountant, must balance with the portfolio balance. The portfolio balance is maintained independently by a different Housing Accountant in the department.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.9

DATE: June 16, 2026

TO: City Council

FROM: Steve Naveau, Human Resources Director, (805) 385-7947, steve.naveau@oxnard.org

SUBJECT: First Amendment to Agreement A-8319 with George Hills Company, Inc for Liability Claims Administration and Adjustment Services.

RECOMMENDATION

That the City Council approve and authorize the Mayor to execute a First Amendment to Agreement A-8319 with George Hills Company, Inc. to increase the agreement amount by $1,232,915, resulting in a total agreement not to exceed $2,317,097 for liability claims administration and adjustment services over a five-year term.

(Finance and Governance Committee approved 3-0 on May 26, 2026.)

BACKGROUND

Liability claims management is the process of tracking, controlling and resolving claims for damages brought against the City by third parties. Some examples of damages include slip and fall claims, property damage or vehicle damage claims, pothole claims, police liability, and dangerous conditions of public property. Liability claims management includes investigative, adjustment, administrative, subrogation, and legal support services. The City's current agreement with its third party administrator (TPA) for liability claims, George Hills Company, Inc, expires on June 30, 2026, after a five-year term.

DISCUSSION

In January 2021, a request for proposal (RFP) was issued and advertised on the City's website, posted on PublicPurchase.com, and distributed directly to ten firms known to perform this work in the State of California. The City received a total of five proposals. Based upon the criteria identified in the RFP, an interdepartmental panel of employees from the City Attorney's Office and Human Resources Department performed a thorough review of the written proposals and conducted oral interviews of the top three candidates. George Hills Company, Inc. was ultimately selected as the most qualified to perform the work due to its overall responsiveness to the RFP, the demonstrated experience and ability of its staff, the firm's operating philosophy, and its value-added services. George Hills Company, Inc. also provided a competitive cost proposal, with four of the five top-ranked firms providing very similar pricing.

General liability losses commonly arise from personal injury and property damage claims. The TPA’s services include reviewing claims for completeness, claims investigation services, claims adjusting and documentation, cost and reserve tracking, and auxiliary administrative tasks to support claims received by the city. The TPA coordinates with City staff and outside counsel as necessary for claims.

The city has been satisfied with the services that have been provided. The amendment would continue the contractual relationship with George Hills Company and ensure a continuity of services for current open claims.

George Hills Company requested an annual increase of 3% per year of the agreement. This annual rate of increase is in alignment with increases that are being assessed to other public agencies.

This amendment would be for a five-year term at the following amounts per year:

FY 26-27	$ 232,225
FY 27-28:	$ 239,192
FY 28-29:	$ 246,368
FY 29-30:	$ 253,759
FY 30-31:	$ 261,371
Total	**$1,232,915**

STRATEGIC PRIORITIES

This agenda item is a routine operational item or does not relate to the five strategic priorities adopted by City Council on March 16, 2021.

FINANCIAL IMPACT

This amendment will begin July 1, 2026 and is included as part of the FY 2026-27 Recommended Budget of the Public Liability Fund-701. Funding for subsequent fiscal years will be included in the annual budget process. The recommended amount for FY 2026-2027 thru FY 2030-2031 is $1,232,915.

(For Finance Use Only: Org. 7011704, object 53200)

COMMITTEE OUTCOME

The Finance and Governance Committee approved 3-0 on May 26, 2026 to approve the staff recommendation and to forward the item for Council approval.

ATTACHMENTS

1. A-8319 First Amendment
2. A-8319 George Hills Company, Inc.

FIRST AMENDMENT TO PROFESSIONAL SERVICES AGREEMENT

This First Amendment to the Professional Services Agreement ("Agreement") is made and entered into in the County of Ventura, State of California, this 12th day of May 2026 between the CITY OF OXNARD, a municipal Corporation ("City) and GEORGE HILLS COMPANY, INC. (Consultant).This First Amendment amends the Agreement entered into on July 1, 2021 by City and George Hills Company, Inc.

City and Consultant agree as follows:

RECITALS

I. Pursuant to a Request for Proposal for third party administrator services of general liability claims, the City selected Consultant as the successful proposer and entered into the Agreement referenced above;.

II. The original Agreement is set to expire on June 30, 2026;

III. The City requires continued third party administrator services in order to maintain claims coverage and continuity for current, pending and future general liability claims;

IV. The type of service provided by Consultant to the City requires multiple year agreement or multiple term agreement to provide responsive, accurate and up to date claims servicing, which cannot be accomplished through multiple short term agreements and solicitations, provided current Consultant is meeting the requirements and expectations of the scope of service as stated in the original Agreement;

V. Therefore, the City and Consultant desire to extend this Agreement for an additional five year term; and

VI. The City must increase the not to exceed amount of the original Agreement in order to have adequate funding for services provided by the Consultant to the City, during the additional five year term.

NOW, THEREFORE, in consideration of the recitals and mutual promises of the parties contained herein, as well as contained in the Agreement, City and Consultant agree to amend the Agreement as follows:

1. This amendment shall take effect on July 1, 2026.

1. Paragraph (5) on the Cover Page shall be amended as follows:

Agreement Ending Date: June 30, 2031

2. Paragraph (6) on the Cover Page shall be amended as follows:

   Total Agreement Amount: $2,317,097

3. The address listed for the Consultant on the Cover Page shall be amended as follows:

   George Hills Company, Inc.
   Chris Shaffer, Executive Vice President
   P.O. Box 120
   Rocklin, CA 95677

4. The City's Project Manager listed on the Cover Page shall be amended as follows:

   Lauren.Bueling@oxnard.org

5. The reference to "Exhibit B Rates and Costs," everywhere it is listed in the Agreement is hereby amended to the "Exhibit B-1 Rates and Costs" The "Exhibit B Rates and Costs" Exhibit is hereby disincorporated; instead, the "Exhibit B-1 Rates and Costs" Exhibit is attached hereto and incorporated herein by this reference. The effective date of the Schedule of Compensation Exhibit B-1, is July 1, 2026.

6. As so amended, the Agreement remains in full force and effect.

[SIGNATURES ON NEXT PAGE]

IN WITNESS WHEREOF, each of the Parties has caused this Agreement to be executed on the day and year first above written.

CITY OF OXNARD

Luis A. Mc Arthur, Mayor[1] Date
Libertad Macias, Purchasing Manager[2]

Attested By:

Lourdes A. López Date
City Clerk

Stephen M. Fischer Date
City Attorney

GEORGE HILLS COMPANY, INC.

Lowell Hays, President Date

Chris Shaffer, Executive Vice President Date

[1] The City Council must authorize and the Mayor must execute any agreement over $220,000.

[2] The Purchasing Agent may execute any authorized agreement up to $220,000.

The City requires the following for any contract:

- For a corporation, the signatures of the Board President, CEO or Vice President and of the Board Secretary, Assistant Secretary, CFO or Assistant Treasurer;
- For an LLC, the signatures of at least two managers of the LLC (company directors, not lower-level managers); or
- For a partnership, the signature of a partner. If the partnership is a limited partnership, the signer must be a general partner.

If the company has a different structure, or if the above-listed persons are not the appropriate signers, please submit to the City Attorney legally-binding documentation stating who can sign and bind your company.

EXHIBIT B-1
RATES AND COSTS

I. RATES and COSTS

The following compensation rate, shall be paid in consideration for the services provided by Consultant as described in Exhibit A – Scope of Services And City Expressed Authority And Limitations Under The Agreement, which has been agreed to, including claims activity. This section shall remain enforced and services provided during the term of this Agreement, unless otherwise amended pursuant to Paragraph 31 of this Agreement.

The amounts to be paid pursuant to this Agreement are detailed in two distinct areas of services: first, under subsection 1 below, "General and Administrative Services," which is outlined in Exhibit A, section I, Services Included in the Agreement, and stated in greater detail in subsections A, E, F and H; and second, services specifically related to claims handling and administration, which is detailed in Attachment A, section I, subsections B, C, D, G and I, for which an annual fixed fee is charged pursuant to section II, "Claim Administration Services," as stated below.

1) General and Administrative Services

a. Annual Administration Fee: $7,725

b. Mileage – Adjuster: Mileage is paid at the IRS rate.

c. MMSEA: $500 annual reporting fee which are paid directly to ExamWorks, for the performance of CMS reporting.

d. Adjuster Travel Expenses: Consultant will separately charge the actual cost for any travel expenses in connection with attendance at mediations, settlement conferences, trials, etc. This will be subject to prior approval and that actual expenses will be submitted with receipts on a monthly basis.

e. CXP Access Fee: Access to the CMIS is Included in the annual administration fee, it includes the setup and management of up to five (5) user accounts through CXP.

f. iMetrics Report Fee: There will be no charge for our iMetrics business intelligence reports with executive in-person debriefs.

g. Custom Reports: Additional charges for custom reporting shall be defined as, requiring a third-party programmer for three hours or more and is client specific. Charges for custom reports shall be billed at the rate of $185 per hour.

h. Catastrophic Fees: Consultant recognizes that there are events that are unanticipated and catastrophic. When such events occur, it requires

additional hours for the handling of such claims. As such, to preserve the quality and efficiency of service for which we have been known, Consultant proposes that should any one catastrophic event occur resulting in five or more claimants, or two or more claimants with their own defense counsel, City shall be billed at the current hourly rate for all services.

i. **3% Escalator**: Consultant pricing option for the Agreement is a 3% annual increase.

In the event of Agreement termination, Consultant procedures and cost for run-off claims will be billed at the current hourly rate; no charge for historical loss summaries. Consultant believes that the successful transition of claims requires preparation, so we ask for 90 days' notice if the Agreement is terminated without cause, to properly and efficiently facilitate the transition of claims management.

j. **General File**: A general administrative file shall be established and maintained to track effort related to services necessary to fulfill our contractual obligations and not otherwise associated with a claim.

k. **Storage**: Consultant will charge for any services related to storage, retrieval, copying, scanning, shipping, and disposal of paper files.

2) Claims Administration Services

Fixed Annual Fee For Agreement Extended Period*	
Year One – 2026-2027	$224,000
Year Two – 2027-2028	$230,720
Year Three – 2028-2029	$237,642
Year Four – 2029-2030	$244,771
Year Five – 2030-2031	$252,114

**Fixed annual fee is increased 3% annually during Agreement term.*

II. ALLOCATED EXPENSES

A. Typically, allocated expenses are those expenses that are generated by a claim (by outside vendors other than Consultant) that cannot be foreseen nor included in an agreement. These are generally allocated back to the specific claim file for which the cost was incurred and then charged back to the entity whose claim incurred that cost. In most situations are pass-through costs (with processing fees) for services and/or fees not directly generated by the Consultant, but rather by a third-party consultant where the Consultant has acted as an agent on behalf of the entity to necessarily outscore services

to a third-party consultant and/or miscellaneous fees applicable to the specific claim applied by an outside entity, such as a court or copy service. Below, Consultant has provided a list, by no means an exhaustive list, of typical allocated expenses.

1. Fees of outside counsel for claims in suit, coverage opinions, and litigation, and for representation and hearings or pretrial conferences;
2. Fees of court reporters;
3. All court costs, court fees, and court expenses;
4. Fees for service of process;
5. CMS reporting costs and fees (ExamWorks);
6. Costs of undercover operatives and detectives;
7. Costs for employing experts for the preparation of maps, professional photographs, accounting, chemical or physical analysis, or diagrams;
8. Costs for employing experts for the advice, opinions, or testimony concerning claims under investigation or in litigation for which a declaratory judgment is sought;
9. Costs for independent medical examination or evaluation for rehabilitation;
10. Costs of legal transcripts of testimony taken at coroner's inquests, or criminal or civil proceeding;
11. Costs for copies of any public records or medical records;
12. Costs of depositions and court reporting;
13. Costs and expenses of subrogation, (if not Consultant);
14. Costs of engineers, handwriting experts, or any other type of expert used in the preparation of litigation or used in a one-time basis to resolve disputes;
15. Witness fees and travel expenses;
16. Costs of photographers and photocopy services (if not Consultant—our costs for this is included in our rate);
17. Costs of appraisal fees and expenses not included in flat fee or performed by others;
18. Costs of indexing claimants;
19. Services performed outside the Consultant's normal geographical regions;
20. Costs associated with Medicare Set-Aside analysis and submission or Medicare Conditional Lien negotiation;
21. Investigation of possible fraud including SIU services and related expenses; and/or
22. Any other similar cost, fee, or expense that is not otherwise included in the Consultant's service fees that is reasonably chargeable to the investigation, negotiation, settlement, or defense of a claim or loss or to the protection or perfection of the subrogation rights of the entity.

DATE

AGREEMENT FOR PROFESSIONAL SERVICES

THIS AGREEMENT FOR PROFESSIONAL SERVICES ("Agreement") is entered into in Ventura County, California, on the date that is written as "(1) Agreement Start Date" on the Cover Page, which is attached hereto and incorporated herein by this reference. This Agreement is entered by and between the City of Oxnard ("City") and the person or entity listed as "(2) Consultant" on the Cover Page, subject to the following terms and conditions:

1. Scope of Services. Consultant shall provide to City the services listed as "(3) Services" on the Cover Page (the "Services"). Consultant shall provide the Services during the term of this Agreement, as set forth below, according to the schedule written as "(4) Schedule of Services" on the Cover Page, and as further explained in the Scope of Services Exhibit, which is attached hereto and incorporated herein by this reference. In the event of any conflict between the terms of this Agreement and any incorporated document(s), the terms of this Agreement shall control.

2. Standard of Performance. Consultant shall undertake and complete the Services to conclusion using the standard of care, skill and diligence normally provided by a professional person in the performance of similar consulting services.

3. Correction of Errors. Consultant shall correct, at its expense, all errors which may be disclosed during review of the Services. Should Consultant fail to make such correction in a reasonably timely manner, such correction shall be made by City, and the cost thereof shall be paid by Consultant.

4. Term. This Agreement shall begin on the date that is written as "(1) Agreement Start Date" on the Cover Page and shall end on the date that is written as "(5) Agreement Ending Date" on the Cover Page. Time is of the essence in this Agreement.

5. Compensation. For the Services performed during the term of this Agreement, City shall pay Consultant an amount not to exceed the amount that is listed as "(6) Total Agreement Amount" on the Cover Page, at the rates listed in Rates and Costs Exhibit, attached hereto and incorporated herein by this reference. The rates in Rates and Costs Exhibit shall be in effect through the end of this Agreement. Except as otherwise expressly provided in this Agreement, City shall not be responsible for expenses incurred by Consultant in performing the Services.

6. Invoices. Consultant shall submit a payment request to City by the end of each calendar month listing the Services provided, costs of those Services, and total amount due for the month. Each invoice must also list the current balance on the Agreement, including that invoice, as well as the months remaining on the term of the Agreement. Invoices may be emailed to: invoices@oxnard.org.

7. Acceptance of Payment. Consultant's acceptance of final payment made pursuant to this Agreement shall constitute a release of City from all claims and liabilities for compensation to Consultant for anything completed, finished or relating to the Services which are the subject of this Agreement. City's payment shall not constitute nor be deemed a release of the responsibility and liability of Consultant for the accuracy and competency of the information provided and/or the Services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Consultant and its employees, agents and subcontractors. Consultant shall provide City with a completed Request for Taxpayer Identification Number and Certification, as issued by the Internal Revenue Service. If any sales tax is due for the Services performed by Consultant or materials or products provided to City by Consultant, Consultant shall pay the sales tax. City shall not reimburse Consultant for sales taxes paid by Consultant.

8. Non-Appropriation of Funds. Payments to be made to Consultant by City for the Services performed within the current fiscal year are within the current fiscal budget and within an available, unexhausted and unencumbered appropriation of City. In the event City does not appropriate sufficient funds for payment of the Services beyond the current fiscal year, this Agreement shall cover payment for the Services only up to the conclusion of the last fiscal year in which City appropriated sufficient funds and shall automatically terminate at that

fiscal year's conclusion. In the event that the City does not appropriate sufficient funds for payment beyond the current fiscal year, City shall provide notice to Consultant as soon as reasonably possible but in no event less than ninety (90) days before the end of the then current fiscal year.

9. Coordination of Services. The Services shall be coordinated with the person in the position listed in "(7) City's Project Manager" on the Cover Page, subject to the direction of the City Manager and Department Director. Consultant hereby designates the person in the position listed in "(8) Consultant's Project Manager" on the Cover Page as the person responsible for the Services who shall coordinate with City's Project Manager in making binding decisions in line with this Agreement on behalf of Consultant.

10. Personnel. Consultant represents that it has, or shall secure at its own expense, all personnel required to perform the Services. Any person who performs engineering services pursuant to this Agreement shall be licensed as a Civil Engineer by the State of California and in good standing. Consultant shall make reasonable efforts to maintain the continuity of Consultant's staff who are assigned to perform the Services. Consultant may associate with or employ associates or subcontractors in the performance of the Services, but at all times shall Vendor be responsible for its associates and subcontractors' labor, advice or materials provided in furtherance of providing the Services. Should any of Consultant's employees, assigns or subcontractors not conduct him- or herself appropriately, as determined by the City's Project Manager, in the process of providing the Services or any portion thereof, the City's Project Manager may notify the Consultant's Project Manager, who shall immediately handle the problem, as determined appropriate by him or her, such that the problem does not persist.

11. Additional Work. City may request additional specified work under this Agreement. The City's Project Manager must authorize all such work in writing before commencement. Consultant shall perform such work, and City shall pay for such additional work, in accordance with Rates and Costs Exhibit. Should the work not fall under any such listed rate or cost, Consultant shall submit a quote for all additional work, which the City's Project Manager must approve in writing before any such work may commence. The City shall compensate Consultant for any work that does not fall under a rate or cost listed in the Rates and Costs Exhibit, and for which Consultant did not obtain the City's Project Manager's written approval before work commenced, as determined by the City's Project Manager in his or her sole discretion.

12. Audit. City shall have the option of inspecting, auditing and/or reproducing all records and other written materials used by Consultant in preparing its billings to City as a condition precedent to any payment to Consultant. Consultant will promptly furnish all documents requested by City. Additionally, if this Agreement is in excess of $10,000, the State Auditor may examine and audit Consultant for a period of 3 years after final payment under the Agreement. Regardless of whether a State audit is permitted, Consultant shall maintain and preserve all such records for a period of at least 3 years after final payment under the Agreement. Consultant shall include a copy of this Section 12 in all contracts with its subcontractors, and Consultant shall be responsible for immediately obtaining those records or other written material from its subcontractors upon a request by the State Auditor and/or City. Preservation by electronic means of all such records is sufficient to meet the requirements of this Agreement.

13. Termination. City may terminate this Agreement at any time, with or without cause and without penalty, upon ninety (90) days prior written notice. Such termination shall be effective on the date specified in the notice, or if no date is specified, then ninety (90) calendar days from the date of delivery or mailing of such notice. Consultant may terminate this Agreement at any time, with or without cause and without penalty, upon ninety (90) days prior written notice. Such termination shall be effective on the date specified in the notice, or if no date is specified, then ninety (90) calendar days from the date of delivery or mailing of such notice and only if all assignments accepted by Consultant have been completed, to the best of Consultant's ability, before the date of termination. In the event of termination of this Agreement by either party due to no fault or failure of performance by Consultant, City shall pay Consultant compensation for all Services satisfactorily completed in accordance with all of the terms and provisions of this Agreement, as determined by the City, before the effective date of termination; provided, in no event shall the Consultant receive an amount exceeding that which would have been paid to Consultant for the full performance of the Services.

14. Hold Harmless, Defense and Indemnity.

a. If Consultant provides any architectural, landscape architectural, engineering or land surveying ("design professional") services, to the maximum extent permitted by law, Consultant shall hold harmless, defend, and indemnify City, its legislative and advisory bodies, and the City's officials, directors, officers, employees, and agents (collectively, "Indemnitees") from and against any and all claims, demands, causes of action, damages, injuries, liabilities, losses, penalties, fines, judgments, costs or expenses, including reimbursement of attorneys' fees, court costs and costs of alternative dispute resolution, including but not limited to those relating to death or injury to any person and injury to any property (collectively, "Claims"), to the extent that the Claims arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant or of any of its officers, employees, subcontractors or agents in the performance of the Agreement or in the failure to comply with any of the obligations contained in this Agreement. Consultant's obligation to defend is a separate and distinct obligation from Consultant's duty to indemnify and applies through final judgment, including exhaustion of any appeals. Consultant shall be obligated to defend Indemnitees in all legal, equitable, administrative, or special proceedings, with counsel approved by the City Attorney, to the extent required herein immediately upon tender to Consultant of the Claim in any form or at any stage of an action or proceeding. The defense obligation includes the obligation to provide independent defense counsel if Consultant asserts that the liability is caused in whole or in part by the negligence or willful misconduct of any of the Indemnitees.

If Consultant provides no "design professional" services, to the maximum extent permitted by law, Consultant shall hold harmless, defend and indemnify the Indemnitees from and against any and all Claims, which arise out of, pertain to, or relate to any negligent, reckless or willful act or omission of Consultant in the performance of this Agreement, or the failure to comply with any of the obligations contained in this Agreement, by Consultant or of any of its officials, directors, officers, employees, subcontractors, or agents. Consultant's obligation to defend is a separate and distinct obligation from Consultant's duty to indemnify and applies through final judgment, including exhaustion of any appeals. Consultant shall be obligated to defend Indemnitees in all legal, equitable, administrative, or special proceedings, with counsel approved by the City Attorney, immediately upon tender to Consultant of the Claim in any form or at any stage of an action or proceeding. The defense obligation includes the obligation to provide independent defense counsel if Consultant asserts that the liability is caused in whole or in part by the negligence or willful misconduct of any of the Indemnitees.

In any case or claim wherein Consultant is named in a filed or verified complaint solely because Consultant is the claims administration firm on a given claim and there are no allegations of misconduct on the part of Consultant, the City will defend Consultant, at no cost to Consultant. City will defend, indemnify, and hold harmless Consultant, to the same extent as described in the immediately preceding paragraph of this Agreement, from and against all claims, demands, actions, or causes of action, which may arise, from the actions or omissions of the City.

b. The review, acceptance or approval of Consultant's work or work product by any of the Indemnitees shall not affect, relieve or reduce Consultant's indemnification or defense obligations. This Section 14 shall survive completion of the Services or termination of this Agreement. The provisions of this Section 14 shall not be restricted by and does not affect the provisions of this Agreement relating to insurance.

15. Insurance. Consultant shall obtain and maintain during the performance of any services under this Agreement the insurance coverages listed within the insurance document stated in "(9) Insurance Coverage" on the Cover Page and in the Insurance Exhibit, which is attached hereto and incorporated herein by this reference, unless the City's Risk Manager waives, in writing, the requirement that Consultant obtain and maintain such insurance coverages. Consultant shall, before performance of any Services, file with the City's Risk Manager evidence of insurance coverage as specified in "(9) Insurance Coverage" on the Cover Page and in the Insurance Exhibit. Maintenance of insurance coverages by Consultant is a material element of this Agreement. Consultant's failure to maintain or renew insurance coverages or to provide renewal evidence, and any lapse in insurance coverage, may be considered a material breach of this Agreement. In the event Consultant receives notice of cancellation from an insurer of any of the insurance required under this agreement, Consultant will provide City written notice of such pending cancellation within five (5) business days of receipt of such notice from the insurer. Consultant shall use all reasonable efforts to remedy the cause of such cancellation notice, or will find replacement insurance meeting the requirements of this Agreement, and shall provide City with written notice that such cancellation has been rescinded, or shall provide a new Certificate of Insurance evidencing the replacement insurance, prior to the date the pending cancellation was to become effective, such that no lapse in the required insurance shall occur.

16. Documents and Materials.

a. All final computations, exhibits, files, plans, correspondence, reports, drawings, designs, data, photographs, specifications, information, images, video files, media, or other deliverables prepared, created, drawn, calculated, photographed or developed by Consultant pursuant to this Agreement ("Documents and Materials") shall be the City's property without restriction or limitation upon its use, duplication or dissemination. All Documents and Materials shall be considered "works made for hire," and all Documents and Materials and any and all intellectual property rights arising from their creation, including, but not limited to, all copyrights and other proprietary rights, shall be and remain the property of the City without restriction or limitation upon their use, duplication or dissemination by the City. Consultant shall not obtain or attempt to obtain copyright protection as to any Documents and Materials. Consultant hereby assigns to the City all ownership and any and all intellectual property rights to the Documents and Materials that are not otherwise vested in the City pursuant to this Section 16.

b. Consultant shall deliver all Documents and Materials to City's Project Manager upon completion of the Services or termination of this Agreement without additional cost or expense to the City. Additionally, anytime at City's request, City shall be entitled to possession of, and Consultant shall furnish to City's Project Manager within 10 calendar days, any or all of the Documents and Materials without additional cost or expense to the City. In both situations, if Consultant prepares Documents and Materials on a computer, Consultant shall provide City with said Documents and Materials both in a printed format and in an electronic format that is acceptable to the City. Consultant may retain copies of these Documents and Materials but must request permission from the City before use, duplication or dissemination of these Documents and Materials for any purpose other than for the Services provided to the City pursuant to this Agreement.

c. Any substantive modification of the Documents and Materials by City staff or any use of the completed Documents and Materials for other City projects, or any use of incomplete Documents and Materials, without the written consent of Consultant, shall be at City's sole risk and without liability or legal exposure to Consultant.

d. Consultant warrants and represents that it has secured all necessary licenses, consents or approvals to use any instrumentality, thing or component as to which any intellectual property right exists, including computer software, used in the rendering of the Services and the production of all Documents and Materials, and that the City has full legal title to and the right to use, duplicate or disseminate the Documents and Materials. Consultant shall defend, indemnify and hold Indemnitees harmless from any loss, claim or liability in any way related to a claim arising out of acts or omissions of Consultant in the creation, storage, or maintenance of said Documents and Materials, that City's use of any of the Documents and Materials is violating federal, state or local laws, any contractual provisions, or any laws relating to trade names, licenses, franchises, copyrights, patents or other means of protecting intellectual property rights and/or interests in products or inventions. Consultant shall bear all costs arising from the use of patented, copyrighted, trade secret or trademarked documents, materials, equipment, devices or processes in connection with its provision of the Services and Documents and Materials. In the event the use of any of the Documents and Materials by the City is held to constitute an infringement, as a result of any acts or omissions by Consultant, and the use of any of the same is enjoined, Consultant, at its own expense, shall: secure for City the right to continue using the Documents and Materials by suspension of any injunction, or by procuring a license or licenses for City; or modify the Documents and Materials so that they become non-infringing while remaining in compliance with the requirements of this Agreement.

e. This Section 16 shall survive the termination of this Agreement.

17. Confidentiality of Information.

a. For the purposes of this Agreement, "Confidential Information" means all information, in whatever form transmitted, relating to the past, present or future business affairs of the City, including without limitation, (i) technical information, including patent, copyright, trade secret, and other proprietary information, techniques, sketches, drawings, models, inventions, processes, apparatus, equipment, algorithms, software programs, software source documents, and formulas; or (ii) non-technical information, including without limitation finances, financial

and accounting data and information, suppliers, customers, customer lists, purchasing data and any other information belonging to the City or to a third party whose information is in the City's possession or control under obligations of confidentiality, and which is disclosed to Consultant or is developed by Consultant in whole or in part at the City's expense.

b. All Documents and Materials shall be considered Confidential Information and shall not be reproduced, transmitted, disclosed or used by the Consultant without the written consent of the City, except as may be necessary for Consultant to fulfill its obligations to the City.

c. Notwithstanding the above, these limitations shall not apply to information that (i) is already known to Consultant at the time of that information's disclosure or becomes publicly known through no wrongful act or omission of Consultant, (ii) is communicated to a third party with the express written consent of City and is not subject to restrictions on further use or disclosure, (iii) is independently developed by Consultant and has no relation to this Agreement, or (iv) is required by law, court order, court-issued subpoena or other legal process to be disclosed; provided, however, that before making such disclosure, Consultant shall immediately provide City with written notice and a reasonable opportunity for City to object to the disclosure or to take action to maintain the confidentiality of the information, unless such prior disclosure is legally impermissible.

d. Consultant shall use reasonable care to protect the Confidential Information. In the event of a breach or threatened breach of this Agreement by Consultant, City shall be entitled to obtain an injunction prohibiting any such breach. Any relief granted by a court shall be in addition to and not in lieu of any other legal or equitable relief, including money damages. The parties acknowledge that Confidential Information is valuable and unique and that disclosure of the Confidential Information in breach of this Agreement may result in irreparable injury to the City.

e. Other than an obligation upon the City to deal in good faith, the City makes no warranties and shall bear no liability or responsibility for errors or omissions in any Confidential Information disclosed under this Agreement or for any business decisions made by Consultant in reliance on any Confidential Information disclosed under this Agreement.

f. This Section 17 shall survive the termination of this Agreement.

18. Independent Contractor. Consultant is and shall at all times remain, as to City, a wholly independent contractor. Neither City nor any of its employees or agents shall have control over the conduct of Consultant or any of its employees, except as stated in this Agreement. Consultant has and shall retain the right to exercise full control over the employment, direction, means of performance, location, compensation and discharge of all persons assisting Consultant, and it is free to dispose of all portions of its time which it is not obligated to devote to City in such a manner and to such persons, firms, or corporations as Consultant wishes except as expressly provided in this Agreement. This Agreement shall not be interpreted to prevent or preclude Consultant from rendering any services for Consultant's own account or to any other person or entity as Consultant in its sole discretion shall determine; provided, however, that performing such services shall not materially interfere with the Services Consultant shall perform for the City. Except as City's Project Manager specifies in writing, Consultant and its employees and agents have no authority, express or implied, to act on behalf of City in any capacity, to incur any debt, obligation or liability on behalf of City, bind City in any manner, or otherwise act on behalf of City as an agent. Consultant and its employees are not employees of City. Consultant and its employees are not entitled to receive from City any of the benefits or rights afforded employees of City, including but not limited to reserve leave, sick leave, vacation leave, holiday leave, compensatory leave, Public Employees Retirement System benefits, and health, life, dental, long-term disability and workers' compensation insurance benefits. Consultant shall not, at any time or in any manner, represent that it or any of its agents or employees are in any manner agents or employees of City. Consultant agrees to pay all required taxes on amounts paid to Consultant under this Agreement, and to indemnify and hold City harmless from any and all legally required taxes, assessments, penalties, and interest asserted against City by reason of the independent contractor relationship created by this Agreement to the extent required by law. Consultant shall be solely responsible for, and shall save City harmless from, all matters relating to the payment of Consultant's subcontractors, material suppliers, directors, officers, employees, agents and representatives, including compliance with social security requirements, federal and State income tax withholding, and all other regulations governing employer-employee relations, as applicable. City shall have the right to offset against the amount of any

compensation due to Consultant under this Agreement any amount due to City from Consultant as a result of its failure to promptly pay to City any reimbursement or indemnification arising under this Section 18.

19. Nondiscriminatory Employment. Consultant shall not unlawfully discriminate against any individual based on race, color, religion or religious creed, national origin, ancestry, ethnic group identification, primary language, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, sex, sexual orientation, age, immigration status, citizenship or military and veteran status. Consultant understands and agrees that it is bound by and will comply with all legal nondiscrimination mandates. For every subcontractor who will perform Services, Consultant shall be responsible for such subcontractor's compliance with this Section 19.

20. Consultant's Representations. Consultant represents, covenants and guarantees that: a) Consultant is licensed, qualified, and capable of furnishing the labor, materials, and expertise necessary to perform the Services in accordance with the terms and conditions set forth in this Agreement; b) there are no obligations, commitments, or impediments of any kind that will limit or prevent Consultant's full performance under this Agreement; c) to the extent required by the standard of practice, Consultant has investigated and considered the scope of Services performed, has carefully considered how the Services should be performed, and understands the facilities, difficulties and restrictions attending performance of the Services under this Agreement.

21. Compliance with Laws. In performing the Services under this Agreement, Consultant shall comply with all applicable laws, ordinances and regulations. Before providing any Services under this Agreement, Consultant shall, at its own expense, obtain and maintain all required certificates, licenses and permits, including a City business tax certificate.

22. Conflict of Interest. If, in performing the Services set forth in this Agreement, Consultant makes, or participates in, a "governmental decision" as described in Title 2, Section 18701(a)(2) of the California Code of Regulations, or performs the same or substantially all the same duties for City that would otherwise be performed by a City employee holding a position specified in City's conflict of interest code, Consultant shall be subject to City's conflict of interest code, the requirements of which include the filing of one or more statements of economic interests disclosing the relevant financial interests of Consultant's personnel providing the Services set forth in this Agreement. Furthermore, Consultant shall not accept any employment or representation during the term of this Agreement or within 12 months after completion of the Services which is or may likely make Consultant "financially interested," as provided in California Government Code Sections 1090 and 87100, in any decisions made by City on any matter in connection with which Consultant has been retained pursuant to this Agreement.

23. Fictitious Name. If Consultant has a fictitious name, Consultant shall submit to City a new Fictitious Business Name Statement approved by any California county before Consultant's prior Fictitious Business Name Statement expires if such expiration may occur during the term of this Agreement, including any term amendment.

24. Non-Assignability. This Agreement contemplates personal performance by Consultant and is based upon a determination of Consultant's personnel's unique competence, experience and specialized personal knowledge. Consultant shall not assign or transfer any interest in this Agreement or any part thereof, whether by assignment or novation, without City's prior written consent, which may be withheld for any reason or for no reason at all. Any purported assignment without written consent shall be null, void, and of no effect, and Consultant shall hold harmless, defend and indemnify Indemnitees from and against all Claims arising from or relating to any unauthorized assignment.

25. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the heirs, executors, administrators, successors and assigns of Consultant.

26. Applicable Law; Venue. The validity, interpretation, and performance of this Agreement shall be controlled by and construed under the laws of the State of California, excluding California's choice of law rules. Venue for any such action relating to the Agreement shall be in the Ventura County Superior Court.

27. Titles. The titles used in this Agreement are for convenience only and shall in no way define, limit or describe the scope or intent of this Agreement or any part of it.

28. Force Majeure. Neither City nor Consultant shall be responsible for delays or failures in performance resulting from acts beyond the control of either party. Such acts shall include but are not be limited to acts of God, riots, acts of war, epidemics, fire, earthquakes, or other disasters.

29. Authority. Any person executing this Agreement on behalf of Consultant warrants and represents that s/he has the authority to execute this Agreement on behalf of Consultant and to bind it to the performance of these obligations.

30. Binding Agreement. The parties do not intend this Agreement to be binding upon them and shall not be held liable to its terms until it is fully executed by all required signers.

31. Integration; Amendment. This Agreement, including any other documents incorporated herein by specific reference, constitutes the entire and integrated agreement of City and Consultant regarding the subject matter described herein. This Agreement supersedes all prior oral or written communications, negotiations, representations, agreements and promises. This Agreement may not be modified or amended, nor any provision or breach waived, except in a writing, signed by both parties, that expressly refers to this Agreement.

32. Construction. In the event of any asserted ambiguity in or dispute regarding the interpretation of any matter herein, the interpretation of this Agreement shall not be resolved by any rules of construction providing for interpretation against the party who causes the uncertainty to exist or who drafted the Agreement in whole or in part.

33. No Waiver. Waiver by either party of any one or more of the conditions of performance under this Agreement shall not be a waiver of any other condition of performance under this Agreement. In no event shall the making by City of any payment to Consultant constitute or be construed as a waiver by City of any breach of covenant, or any default that may then exist on the part of Consultant, and the making of any such payment by City shall in no way impair or prejudice any right or remedy available to City with regard to such breach or default.

34. Attorneys' Fees. The prevailing party shall be entitled to recover reasonable costs, attorneys' fees (including the reasonable value of the services rendered by the City Attorney's Office) and expenses, including investigation fees and expert witness fees, in addition to any other relief to which that party may be entitled, in any legal action or other proceeding, including an action for declaratory relief, for the enforcement of this Agreement or because of an alleged dispute, breach, default or misrepresentation in connection with this Agreement.

35. Notice. Except as otherwise required by law, a notice or communication authorized or required by this Agreement shall be in writing and shall be deemed received—on (a) the day of delivery if delivered by hand or overnight courier service during City's regular business hours or (b) the third business day following deposit in the United States mail, postage prepaid—to the addresses listed as "(10) Addresses for Notice" on the Cover Page or at such other address as one party may notify the other in writing.

36. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original and all of which, when taken together, shall be deemed to be one and the same agreement. A signed copy of this Agreement transmitted by email to Project Managers' emails listed in "(11) Contact Emails" on the Cover Page or by other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original executed copy of this Agreement for all purposes.

37. Severability. If any term or portion of this Agreement is held to be invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions of this Agreement shall continue in full force and effect.

[Signatures on next page]

IN WITNESS WHEREOF, the parties hereto have executed the Agreement on the date that is written as "(1) Agreement Start Date" on the Cover Page.

EXHIBIT A
SCOPE OF SERVICES

This Exhibit A is intended to provide the scope of services and specific service expectations in the Agreement for Professional Services, that would not otherwise require revision during the contract period, and which may differ from or elaborate upon our City Service Profile. Services to be provided by Consultant on behalf of City's includes the following:

I. SERVICES INCLUDED IN THE CONTRACT

A. General Administrative Services

Throughout each year Consultant performs numerous functions which support claims administration on behalf of the City, but do not include any claims handling, and are performed by non-claims personnel. Additionally, in the first year of a new City there are several "on-boarding" services that are general and administrative in nature. Below is a list of such services which are included within the terms of this Agreement:

1) Access to Content Management Interoperability Services ("CMIS") and training.
2) A monthly listing of open claims, showing expense categories, reserves, and total incurred.
3) Monthly claim summary reports.
4) Providing loss run data and required reports.
5) Providing annual reports to outside agencies.
6) Filing of all regulatory reports and documents (such as 1099, W-9, etc.).
7) Establish and maintain a trust fund to pay indemnity and expenses that may be due on claims. The amount to be maintained in the trust fund shall be determined by City.
8) If the trust fund is not set-up with the Consultant preferred bank—California Bank & Trust, there may be an additional set-up fee (other banks processes can be extraordinarily time consuming).
9) New bank account set up (signature cards, test checks, online access, set up bank in CXP).
10) Discussion and agreement on the approval process.
11) Process checks weekly.
12) Submit positive pay if applicable/monitor positive pay (review daily emails from bank for exceptions).
13) Maintain a copy of all checks drawn by Consultant to pay claims and claims related expenses.
14) Submit monthly check registers of all transactions made for the period.
15) Monitor account balance, prepare replenishment requests as needed (customize request for each City's need).
16) Monthly bank reconciliation (prepared and sent to City).
17) Special reports that requested to go with billing invoices (by member, claim type, etc.).
18) Payment of invoices that are pass-throughs (i.e., invoices for medical record copies, ExamWorks, etc.).
19) Certificates of insurance as required by the Agreement.

B. Investigative Services

1) Receipt and examination of all reports of accidents or incidents that are or may be the subject of claims.
2) Investigate accidents or incidents as warranted, to include on-site investigation, photographs, witness interviews, determination of losses and other such investigative services necessary to determine all City losses but not to include extraordinary investigative services outside the expertise of Consultant.
3) In the event City or other agency conducts any investigation, and upon City's request, Consultant shall review and analyze for liability and/or damage issues and for possible additional follow-up investigation.
4) Maintain service on a 24-hour, 7 days per week basis, to receive reports of any incident or accident which may be the subject of a liability claim and provide immediate investigative services to the extent necessary to provide a complete investigation.
5) Undertake items of investigation requiring special handling for City at the direction of the City's Attorney or authorized representative.

C. Liability and Claim Handling Services

1) Promptly set up a claim file upon receipt of the claim and maintain a claim file on each potential or actual claim reported.
2) Assess and evaluate the nature and extent of each claim and establish claims reserves for indemnity and legal expense.
3) Consultant will follow any City policy regarding tort claim rejection instructions, including rejection and return of an untimely or insufficient claim.
4) Ensure timely tort claim handling, including contact and follow-up with claimants regarding claim issues and processing.
5) Any bodily injury claim that is being pursued shall be indexed. Notice only matters or precautionary bodily injury claims that are not pursued do not need to be indexed.
6) Determine the need for defense representation, recommend legal counsel, and support litigation activity.
7) Report claims to the excess insurer in compliance with excess carrier's reporting requirements and coordinate with the excess insurer on a claim's progress in accordance with the excess insurer's reporting requirements.
8) Maintain records on any such claim and notify City and City's excess insurance carrier when City is about to exhaust its self-insured retention.
9) Obtain settlement contracts and releases upon settlement of claims or potential claims not in litigation.
10) Perform periodic reviews, as needed, of City files and claims as well as statutory requirements to ensure compliance including excess insurance-related requirements.
11) Perform the necessary data gathering for the Medicare, Medicaid, and SCHIP Extension Act of 2007 (MMSEA) and the Set Aside Contracts in compliance with Section 111 of the MMSEA including the required reporting. *(See Attachment B)*
12) To the extent there is privileged information or PHI shared between agencies, which is subject to protection under HIPAA, Consultant shall implement all necessary measures in compliance with the Act and will execute a Business Associates Agreement (BAA).

D. Litigation Support Services

1) Upon notification by the City that litigation has been filed on an open claim, Consultant shall follow the litigation referral process as outlined in the City Expressed Scope of Work Instructions form.

2) Work cooperatively with City in choosing outside counsel from approved panel, and assist defense counsel in on-going litigation defense efforts.
3) Obtain and maintain a Litigation Plan and Budget.
4) Review legal bills for compliance with Litigation Plan and Budget; Review, evaluate and adjust defense counsel invoices for legal services.
5) Cooperate with and assist defense counsel assigned to litigation of open claims and provide such investigative services as directed during pre-trial and trial stages.
6) Assist in responding to discovery or preparing discovery.
7) At the request of the City, attend mandatory settlement conferences on behalf of City.
8) Appear on behalf of City in small claims actions filed against City on open claims handled by Consultant.
9) Review and evaluate case evaluations, correspondence and status reports forwarded to Consultant by counsel. Regularly discuss, review, and direct investigation, discovery, and case strategy with counsel.
10) Cooperate with counsel as a team with an open communication approach on each case to obtain the most economical and best result for the City.

E. Reports and Procedures

1) Within thirty (30) days of assignment, or sooner if practicable, required, or requested, Consultant will provide City with a report pursuant to specified claims handling instructions, showing name(s) of claimant(s), type of claim, date of loss, comments on liability, reserve recommendations, settlement recommendations, and other pertinent information. Subsequent to the initial thirty (30) day report, Consultant will report as often as warranted by any important change in status but no longer than every ninety (90) days until the claim closes unless extended diary is appropriate.
2) All original reports, documents, and claim data of every kind or description, that are prepared in whole or in part by or for the Consultant in connection with this contract shall be City's property and constitute the Consultant's work product for which compensation is paid. A copy of all reports, documents, and claim data of every kind or description that is in whole or in part by or for the City is the property of Consultant. Additional copies of original reports, documents, and data requested by City will be at City's expense in accordance with this contract.
3) Consultant agrees that City have access and the right to audit and reproduce any of the Consultant's relevant records to ensure that the City is receiving all services to which the City is entitled under this Agreement or for any purpose relating to the Agreement.

F. Data

1) Utilize Consultant's claims management system—CXP (ClaimsXpress).
2) Record all claim information including all financial data.
3) Provide City and broker Read only on-line access to the claims data system (up to five users), if desired by City.
4) Provide monthly standard loss run and check register.
5) Provide annual claims data report upon request. Written authorization and/or a Business Associate Agreement may be required for confidential information protected by HIPAA.
6) Provide assistance to City in developing customized reports when requested (may require additional charge).
7) Arrange for electronic file conversion for any open and closed claims at the direction of City.

G. Claim Review Meetings

Consultant shall, on a mutually agreed periodic basis (but no less than quarterly), meet with City to review and discuss the City's claims inventory and claims results of specified periods and delivery of services by CLAIM ADMINISTRATOR.

H. Financial Accounting

1) Establish and maintain a trust fund for the purpose of paying indemnity and expenses that may be due on the claims. The amount to be maintained in the trust fund shall be determined by the City.
2) Maintain a copy of all checks drawn by the Consultant to pay claims and claims related expenses.
3) Submit monthly check registers of all transactions made for the period.
4) Complete or update Attachment B "Preferred Method of Check Processing" for check processing options.
5) Approval process shall be documented in Consultant's and City's Expressed Scope of Work Standards and Instruction Form.
6) Consultant will provide monthly bank reconciliation reports to City for audit purposes.

I. Third Party Subrogation Services

A. Consultant personnel are well versed in the identification, handling, and pursuit of subrogation claims arising out of CLAIMS which are the subject of this Agreement. Included within this contract, Consultant will perform the following functions:
B. Identify potential opportunities to recover from persons, businesses, and entities other than the City.
C. Prepare and file a claim with each identified entity.
D. As applicable, tender defense to or seek recovery from any identified entity.
E. With the assistance of counsel, prepare and file any necessary litigation required to effect the claim of recovery on behalf of the City
F. Manage litigation related to such claims made to other person, businesses or entities

II. City EXPRESSED AUTHORITY AND LIMITATIONS

The list immediately below contains numerous services provided in this Agreement for which Consultant requests the City expressly establish authority and/or limitations, on the ability of Consultant to act on behalf of the City. The City will check the appropriate box establishing the authority of Consultant to act or the limitation as to that authority.

INVESTIGATION:

☑ George Hills will conduct all investigations

☐ City will conduct all investigations

☐ City will direct Consultant on each claim as to who performs investigations

In the event the City or other agency conducts any investigation, Consultant shall review for completeness.

Retention of Vendors (appraisers, translators, copy services, Independent Adjuster, IME's, Surveillance, etc.):

☑ Must be preauthorized by City

☐ Does not need preauthorization

REJECTION OF CLAIMS:

City's position regarding rejections (*e.g., if entity so dictates, a claim will be rejected for*

insufficiency). Check all that apply.

Protocols for Rejections

☑ Consultant needs authorization
☐ Consultant does not need authorization
☐ Consultant sends the Rejection
☑ City sends the Rejection
☐ Consultant sends out Denial Letter simultaneously with Rejection outlining the reason

LITIGATION:

Check all that apply.

☐ Consultant will handle litigated claims
- ☑ Full
- ☐ As assigned
- ☐ Check Issuance and Data Input
- ☐ Data Input only

☐ City will handle litigated claims inhouse, with Consultant to capture data into SIMS
- ☐ City will send data to Consultant weekly
- ☐ City will send data to Consultant monthly

Mandatory Settlement Conferences
☑ Consultant always attends
☐ At City request only

Small Claims Actions filed against City
☑ Consultant always appears
☐ At City request only

Legal Counsel
☑ Consultant must have City authorization to refer to outside Legal Counsel
☐ Consultant does not need City authorization to refer to outside Legal Counsel
☑ Consultant must use City approved Legal Panel for Attorney selection
☐ City does not have an approved Legal Panel for Attorney selection
☐ All Litigation to be handled by City in-house Legal
☑ Consultant always sends Litigation Assignment packets to Legal Counsel

City specific Litigation Guidelines: ☑ Yes ☐ No
City specific Litigation Referral Form/Letter: ☑ Yes ☐ No
City specific Litigation Budget Form: ☑ Yes ☐ No

Pay fees for Experts, photocopies, medical records as: ☑ Expense ☐ Legal

EXCESS REPORTING:

☑ Consultant will report claims to the excess insurer in compliance with excess carrier's reporting requirements and coordinate with the excess insurer on a claim's progress in accordance with the excess insurer's reporting requirements.

☐ City will report claims to the excess insurer in compliance with excess carrier's reporting

requirements and coordinate with the excess insurer on a claim's progress in accordance with the excess insurer's reporting requirements.

AUTHORITY LEVELS:

Reserve within SIR:

☑ $0.00 Other: $ (specify amount)

Adjuster must seek approval from (City contact) to post indemnity reserves above authority level.

Medical Treatment:

☑ Medical Authorizations should only be sent to the claimant once liability is determined to be adverse to the City.

☐ Medical Authorizations should go out as soon as it is determined that a BI claim is being pursued.

CLAIMS EXCEEDING SIR:

☐ Consultant stops tracking activity once the SIR has been reached.

☑ Consultant will continue to track all activity at and/or above the SIR. The Excess JPA/Carrier will provide Consultant with activity documentation above the SIR.

☐ Consultant will reserve to Full Value and track recoveries.

THIRD PARTY SUBROGATION SERVICES:

☑ Consultant is authorized to initiate third party subrogation claims on behalf of City.

☐ Consultant must obtain authorization to initiate third party subrogation claims on behalf of City.

EXHIBIT B
RATES AND COSTS

I. RATES and COSTS

The following compensation rate, shall be paid in consideration for the services provided by Consultant as described in Exhibit A – Scope of Services And City Expressed Authority And Limitations Under The Agreement, which has been agreed to, including claims activity. This section shall remain enforced and services provided during the term of this Agreement, unless otherwise amended pursuant to Paragraph 31 of this Agreement.

The amounts to be paid pursuant to this Agreement are detailed in two distinct areas of services: first, under subsection 1 below, "General and Administrative Services," which is outlined in Exhibit A, section I, Services Included in the Agreement, and stated in greater detail in subsections A, E, F and H; and second, services specifically related to claims handling and administration, which is detailed in Attachment A, section I, subsections B, C, D, G and I, for which an annual fixed fee is charged pursuant to section II, "Claim Administration Services," as stated below.

1) General and Administrative Services

a. **OneTime On-Boarding/Start-Up Fee:** $10,000

This represents a one-time startup fee to include, but not limited to, the planning and coordination of the onboarding process and documentation, detailing specific claims handling instructions, communication protocols, personalize design of CMIS structure, new client setup – bank account, vendors, W-9, etc., and claims triage/assignment.

b. **Annual Administration Fee:** $7,500

c. **Mileage – Adjuster**: Mileage is paid at the IRS rate.

d. **MMSEA**: There is a one-time setup fee of $150 and a $250 annual reporting fee. which are paid directly to ExamWorks, for the performance of CMS reporting.

e. **Adjuster Travel Expenses:** Consultant will separately charge the actual cost for any travel expenses in connection with attendance at mediations, settlement conferences, trials, etc. This will be subject to prior approval and that actual expenses will be submitted with receipts on a monthly basis.

f. **CXP Access Fee:** Access to the CMIS is Included in the annual administration fee, it includes the setup and management of up to five (5) user accounts through CXP.

g. **iMetrics Report Fee**: There will be no charge for our iMetrics business intelligence reports with executive in-person debriefs.

h. **Custom Reports**: Additional charges for custom reporting shall be defined as, requiring a third-party programmer for three hours or more and is client specific.Charges for custom reports shall be billed at the rate of $185 per hour.

i. **Conversion Fee**: Consultant will pay the Conversion Fee subject to the terms stated below.The Conversion Fee covers costs associated with electronic data conversion, transition, reconciliation of financials, all reports created and vetted, and City sign-off on CMIS set up.

Consultant extends to new clients the following: Consultant believes in the establishment of a long-term partnership, and as such shall pay 100% of all costs relating to the data conversion, which is estimated at $20,000-40,000. This is based solely on Consultant being retained under this Agreement for five years (whether it is this Agreement or an extension of/amendment to this Agreement). If, for any reason the Consultant is not retained for five years, the City will be subject to a fee of 20 percent of the full Conversion Fee for each year not retained.

The Conversion Fee does not include, the shipping, storing, scanning, copying, or otherwise handling open or closed paper claims files. Please see subsection M, "Paper Files" below.

Upon early termination of this Agreement, any remaining fee will be added to the penultimate invoice and if not paid, will result

j. **Catastrophic Fees**: Consultant recognizes that there are events that are unanticipated and catastrophic. When such events occur, it requires additional hours for the handling of such claims. As such, to preserve the quality and efficiency of service for which we have been known, Consultant proposes that should any one catastrophic event occur resulting in five or more claimants, or two or more claimants with their own defense counsel, City shall be billed at the current hourly rate for all services.

k. **3% Escalator**: Consultant pricing option for the Agreement is a 3% annual increase.

In the event of Agreement termination, Consultant procedures and cost for run-off claims will be billed at the current hourly rate; no charge for historical loss summaries. Consultant believes that the successful transition of claims requires preparation, so we ask for 90 days' notice if the Agreement is terminated without cause, to properly and efficiently facilitate the transition of claims management.

l. **General File**: A general administrative file shall be established and maintained to track effort related to services necessary to fulfill our contractual obligations and not otherwise associated with a claim.

m. **Storage**: Consultant will charge for any services related to storage, retrieval, copying, scanning, shipping, and disposal of paper files.

2) Claims Administration Services

Fixed Annual Fee For Agreement Period*	
Year One – 2021-2022	$195,000

Year Two – 2022-2023	$200,850
Year Three – 2023-2024	$206,876
Year Four – 2024-2025	$213,082
Year Five – 2025-2026	$219,474

**Fixed annual fee is increased 3% annually during Agreement term.*

II. ALLOCATED EXPENSES

A. Typically, allocated expenses are those expenses that are generated by a claim (by outside vendors other than Consultant) that cannot be foreseen nor included in an agreement. These are generally allocated back to the specific claim file for which the cost was incurred and then charged back to the entity whose claim incurred that cost. In most situations are pass-through costs (with processing fees) for services and/or fees not directly generated by the TPA, but rather by a third-party consultant where the TPA has acted as an agent on behalf of the entity to necessarily outscore services to a third-party consultant and/or miscellaneous fees applicable to the specific claim applied by an outside entity, such as a court or copy service. Below, Consultant has provided a list, by no means an exhaustive list, of typical allocated expenses.

1. Fees of outside counsel for claims in suit, coverage opinions, and litigation, and for representation and hearings or pretrial conferences;
2. Fees of court reporters;
3. All court costs, court fees, and court expenses;
4. Fees for service of process;
5. CMS reporting costs and fees (ExamWorks);
6. Costs of undercover operatives and detectives;
7. Costs for employing experts for the preparation of maps, professional photographs, accounting, chemical or physical analysis, or diagrams;
8. Costs for employing experts for the advice, opinions, or testimony concerning claims under investigation or in litigation for which a declaratory judgment is sought;
9. Costs for independent medical examination or evaluation for rehabilitation;
10. Costs of legal transcripts of testimony taken at coroner's inquests, or criminal or civil proceeding;
11. Costs for copies of any public records or medical records;
12. Costs of depositions and court reporting;
13. Costs and expenses of subrogation, (if not Consultant);
14. Costs of engineers, handwriting experts, or any other type of expert used in the preparation of litigation or used in a one-time basis to resolve disputes;
15. Witness fees and travel expenses;
16. Costs of photographers and photocopy services (if not Consultant—our costs for this is included in our rate);

17. Costs of appraisal fees and expenses not included in flat fee or performed by others;
18. Costs of indexing claimants;
19. Services performed outside the TPA's normal geographical regions;
20. Costs associated with Medicare Set-Aside analysis and submission or Medicare Conditional Lien negotiation;
21. Investigation of possible fraud including SIU services and related expenses; and/or
22. Any other similar cost, fee, or expense that is not otherwise included in the TPA's service fees that is reasonably chargeable to the investigation, negotiation, settlement, or defense of a claim or loss or to the protection or perfection of the subrogation rights of the entity.

INSURANCE EXHIBIT
INS-A

INSURANCE REQUIREMENTS FOR CONSULTANTS
(WITH ERRORS AND OMISSIONS REQUIREMENT)

1. Consultant shall obtain and maintain during the performance of any services under this Agreement the following insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of services hereunder by Consultant, its agents, representatives, employees or subconsultants.

a. Commercial General Liability Insurance, including Contractual Liability, in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for general liability with coverage equivalent to Insurance Services Office Commercial General Liability Coverage (Occurrence Form CG 0001). If a general aggregate limit is used, that limit shall apply separately to the project or shall be twice the occurrence amount;

b. Business automobile liability insurance in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for automobile liability with coverage equivalent to Insurance Services Office automobile liability coverage (Occurrence Form CA0001) covering Code No. 1, "any auto;"

c. Professional liability/errors and omissions insurance appropriate to Consultant's profession to a minimum coverage of $1,000,000, with neither Consultant nor listed subconsultants having less than $500,000 individually. The professional liability/errors and omissions insurance must be project specific with at least a one year extended reporting period, or longer upon request.

d. Workers' compensation insurance in compliance with the laws of the State of California, and employer's liability insurance in an amount not less than $1,000,000 per claimant. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City.

2. Consultant shall, prior to performance of any services, file with the Risk Manager certificates of insurance with original endorsements effecting coverage required by this Exhibit INS-A. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be on the attached forms or on other forms approved by the Risk Manager. All certificates and endorsements are to be received and approved by the Risk Manager before commencement of services. City reserves the right to require complete certified copies of all required insurance policies at any time. The certificates of insurance and endorsements shall be sent via email (or fax if necessary) to the Risk Manager, addressed as follows (do not send hard copies):

City of Oxnard
Insurance Compliance
Reference No. _____
P.O. Box 100085 – OX
Duluth, GA 30096
Via Email: cityofoxnard@ebix.com
Via Fax: 678-259-1007

3. Consultant agrees that all insurance coverages shall be provided by a California admitted insurance carrier with an A.M. Best rating of A:VII or better and shall be endorsed to state that coverage may not be suspended, voided, canceled, or reduced in coverage or limits without 30 days' prior written notice to the Risk Manager. The Risk Manager shall not approve or accept any endorsement if the endorsement contains "best effort" modifiers or if the insurer is relieved from the responsibility to give such notice.

4. Consultant agrees that the commercial general liability and business automobile liability insurance policies shall be endorsed to name City, its City Council, officers, employees, agents and volunteers as additional insureds as respects: liability arising out of activities performed by or on behalf of Consultant; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, its City Council, officers, employees, agents and volunteers. **The General Liability Special Endorsement Form and Automobile Liability Special Endorsement Form attached to this Exhibit INS-A or substitute forms containing the same information and acceptable to the Risk Manager shall be used to provide the endorsements (ISO form CG 2010 11/85 or if not available, CG 2010 with an edition date prior to 01/04 and CG 2037).**

5. The coverages provided to City shall be primary and not contributing to or in excess of any existing City insurance or self-insurance coverages (**this must be endorsed**). Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its City Council, officers, employees and volunteers. The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

6. The insurer shall declare any deductibles or self-insured retentions to and be approved by the Risk Manager. At the option of the Risk Manager, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City, its City Council, officers, employees and volunteers, or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

7. All insurance standards applicable to Consultant shall also be applicable to Consultant's subconsultants. Consultant agrees to maintain appropriate agreements with subconsultants and to provide proper evidence of coverage upon receipt of a written request from the Risk Manager.

4/21

INSTRUCTION FOR SUBMITTING INSURANCE CERTIFICATES AND ENDORSEMENT FORMS

Certificates of Insurance

The sample accord form on the following page is provided to facilitate your preparation and submission of certificates of insurance. You may use this or any industry form that shows coverage as broad as that shown on the attached sample. **Please note the certificate holder address must be as shown on the attached sample accord form with the contract number and insurance exhibit identification information completed.** Improperly addressed certificates may delay the contract start-up date because the City's practice is to return unidentifiable insurance certificates to the insured for clarification as to the contract number. **Cancellation provisions must be endorsed to the policy. Modifying the certificate does not change coverage or obligate the carrier to provide notice of cancellation.**

Endorsement Forms

Original endorsements are required for commercial general liability and business automobile liability insurance policies and must be attached to the applicable certificate of insurance. City preference is that the Consultant/insurer use the endorsement forms which are attached. Substitute forms will be accepted, however, as long as they include provisions comparable to the sample accord form.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.10

DATE: June 16, 2026

TO: City Council

FROM: Steve Naveau, Human Resources Director, (805) 385-7947, steve.naveau@oxnard.org

SUBJECT: Agreement 32700002 with Occu-Med, Ltd. for Pre-Employment Medical Services for Public Safety Personnel.

RECOMMENDATION

That the City Council approve and authorize the Mayor to execute a professional services agreement with Occu-Med, Ltd. for an initial term of three (3) years from July 1, 2026, to June 30, 2029, with a not-to-exceed amount of $385,000, for pre-employment medical screenings for public safety personnel.

(Finance and Governance Committee approved 3-0 on May 26, 2026.)

BACKGROUND

These services are necessary to evaluate the pre-employment medical condition of police and fire public safety candidates. Under state and federal law, the City is required to conduct medical evaluations of public safety candidates prior to appointment.

The City's current contract with Occu-Med, Ltd. will expire on June 30, 2026, and has reached the maximum number of allowable amendments. On December 18, 2025, the Purchasing Division released a Request for Proposal (RFP) No. 26-56 for Pre-Employment Medical Exams for Public Safety Personnel. The RFP was distributed directly to three (3) medical evaluation firms and publicly advertised on www.publicpurchase.com as well as the City's Purchasing website. The solicitation closed on January 26, 2026, with two (2) proposals received.

An evaluation panel consisting of a Human Resources Analyst, Police Commander, and EMS Chief, reviewed and scored the proposals based on established criteria. Occu-Med was determined to be the most qualified proposer due to its ability to provide medical evaluations for out-of-state candidates, a capability not offered by the other proposer. Additionally, Occu-Med is the City's current provider, and staff have been satisfied with the quality and reliability of services provided. Based on this evaluation and past performance, staff recommends award of the contract to Occu-Med, Ltd.

Under the proposed agreement, Occu-Med will provide comprehensive pre-employment medical evaluation services for public safety candidates, including police, fire, and related classifications. Services include scheduling and conducting medical examinations, reviewing medical histories, and determining candidates' fitness for duty in accordance with applicable standards, including POST, Cal/OSHA, and NFPA guidelines. The scope of work also includes diagnostic testing such as physical examinations, laboratory testing, drug screening, and cardiac and pulmonary assessments, as well as coordination of evaluations for out-of-state candidates.

The vendor will provide timely written medical clearance reports and recommendations to the City, maintain confidential medical records, and ensure compliance with all applicable legal and regulatory requirements. The contract includes both the cost of the medical examinations and the associated professional evaluation services.

STRATEGIC PRIORITIES

This agenda item is a routine operational item or does not relate to the five strategic priorities adopted by City Council on March 16, 2021.

FINANCIAL IMPACT

There is no additional financial impact related to the approval of this agreement. Pre-employment medical evaluation services are paid out of existing Police and Fire Department Operating budgets. The total for this agreement is not to exceed $385,000 over a three (3) year term.

COMMITTEE OUTCOME

The Finance and Governance Committee approved 3-0 on May 26, 2026 to approve the staff recommendation and to forward the item for Council approval.

Prepared by: Megan Ferguson, Administrative Services Manager

ATTACHMENTS

1. Professional Services Agreement

PROFESSIONAL SERVICES AGREEMENT
BETWEEN
THE CITY OF OXNARD AND OCCU-MED LTD.

By This Professional Services Agreement ("Agreement"), the City of Oxnard ("City") agrees to engage the Services of Occu-Med ("Consultant"), and Consultant agrees to perform the Services for City as herein described, for the compensation, during the term, and otherwise subject to the covenants and conditions herein set forth. City and Consultant may be individually referred to as "Party" or collectively as the "Parties."

1. [intentionally omitted]

2. **SUMMARY DESCRIPTION OF SERVICES.**
   Medical services provider for pre-employment medicals for Public Safety personnel.

3. **PARTIES.**

   City of Oxnard, a general law and municipal corporation of the State of California, located at 300 West Third Street, Oxnard California 93030.

   Occu-Med Ltd., a corporation of the State of California, located at 2121 West Bullard Avenue, Fresno California 93711.

4. **TERM OF AGREEMENT:** From (Date): July 1, 2026 To (Date): June 30, 2029

   A. Time is of the essence in this Agreement
   B. The City shall have the option to exercise one extension for a two-year term, in accordance with the scope of work and terms and conditions of this Agreement. Any price negotiations, if allowed, shall be negotiated at the time of contract extension.
   C. This Agreement shall not exceed a total of five (5) years (including the initial term and any options to extend). The City in its sole discretion may exercise the option terms upon sixty (60) days written notice to the Consultant (or any other time if the parties so agree) in accordance with Section 12 of this Agreement. The option term shall be commenced by an amendment to this agreement.
   D. All Services required of Consultant under this Agreement shall be completed on or before the end of the term of the Agreement.

5. **AGREEMENT AMOUNT NOT TO EXCEED:** $385,000.

6. **AGREEMENT EXHIBITS.** The following documents memorialized below are the only exhibits to this Agreement and are incorporated by reference as though fully set forth herein. In the event of a conflict between the Exhibits and this Agreement, the Agreement controls.

Exhibit A:	Scope of Services
Exhibit B:	Schedule of Compensation
Exhibit C:	Insurance Requirements: City Insurance Exhibit INS-A
Exhibit D:	Living Wage Policy

7. **DESIGNATED REPRESENTATIVES.** The Designated Representatives listed below shall be authorized to act on behalf of the named Party, be responsible for negotiations and contractual matters, and coordinate with each other to perform the Services under this Agreement. Additionally, Consultant's Services shall be performed or immediately supervised by the Consultant's Representative:

8. **CONTRACTUAL PREREQUISITES.** This Agreement must first be executed by the Consultant, after which the Agreement shall be approved as to form by the City Attorney, then executed by the Mayor, or an authorized person on behalf of the City, and if executed by the Mayor shall also be executed by the City Clerk.

   A. Consultant is advised that any recommendation for Agreement award is not binding on City until the Agreement is fully executed and approved by City.
   B. A request for modification of the terms, prior to execution of the Agreement, must be made in writing and presented to the Designated Representative of the City prior to the time this Agreement is executed.
   C. All proof of a City tax certificate, insurance, and W-9 forms is required prior to execution of this Agreement.

D. Consultant shall not perform any work under this Agreement until a proof of insurance has been provided to the City as required under Section 24 of this Agreement.

9. CONSULTANT'S SERVICES.

A. Consultant shall perform the tasks, obligations, and Services set forth in the "Scope of Services," attached to and incorporated into this Agreement as "Exhibit A." Once this Agreement is executed, the Scope of Services may only be modified by written Amendment pursuant to Section 13 of this Agreement.

B. The Services shall be coordinated with the designated City Project Manager set forth in Exhibit A subject to the direction of the City Manager or Department Director. Consultant hereby designates its Project Manager as set forth in "Exhibit A" as the person responsible for the Services who shall coordinate with City's Project Manager in executing the Scope of Services under this Agreement.

10. COMPENSATION. City shall pay Consultant for the Services performed pursuant to the terms of this Agreement and the "Schedule of Compensation," attached to and incorporated into this Agreement as "Exhibit B." City shall pay Consultant an amount not to exceed the amount is listed in Section 5 of this Agreement. Once this Agreement is executed, the Schedule of Compensation may only be modified by written Amendment pursuant to Section 13 of this Agreement, and may be subject to approval by the City Council.

A. Rates and Fees may be adjusted on an annual basis, notice of any increase shall be provided in writing 30 days prior and shall go into effect on July 1 of each contract year or option year. Annual Rate and Fee adjustments may be increased in accordance with the Consumer Price Index for Los Angeles-Long Beach-Riverside in place prior to June 1, but under no circumstances shall an annual increase to a rate or fee exceed 3%.

11. PAYMENT and INVOICES. The City shall pay all undisputed portions of any applicable invoice within thirty (30) days after receipt of an invoice. In the event the City disputes one or more items in an invoice, the City shall, within thirty (30) days after receipt of such invoice, notify the Consultant of the item(s) being disputed and the reason(s) therefore. The City may withhold payment for such disputed items until resolution of the dispute.

A. Payment Request. Consultant shall submit a payment request to CITY by the end of each calendar month listing the Services provided, costs of those Services, and total amount due for the month. Invoices may be emailed to: **hrap@oxnard.org**.

B. Consultant's acceptance of final payment made pursuant to this Agreement shall constitute a release of City from all claims and liabilities for compensation to Consultant for anything completed, finished or relating to the Services. City's payment shall not constitute nor be deemed a release of the responsibility and liability of Consultant for the accuracy and competency of the information provided and/or the Services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Consultant and its employees, agents and subcontracted Consultants.

C. Consultant shall provide City with a completed Request for Taxpayer Identification Number and Certification, as issued by the Internal Revenue Service. If any sales tax is due for the Services performed by Consultant or materials or products provided to City by Consultant, Consultant shall pay the sales tax. City shall not reimburse Consultant for sales taxes paid by Consultant.

D. **Non-Appropriation of Funds.** Payments to be made to Consultant by City for the Services performed within the current fiscal year are within the current fiscal budget and within an available, unexhausted and unencumbered appropriation of City. In the event City does not appropriate sufficient funds for payment of the Services beyond the current fiscal year, this Agreement shall cover payment for the Services only up to the conclusion of the last fiscal year in which City appropriated sufficient funds and shall automatically terminate at that fiscal year's conclusion.

12. **OPTION TO EXTEND AGREEMENT.** When in the City's best interest, this Agreement may only be extended, if the City, in its discretion, exercises an option term in accordance with Section 4 subparagraphs (B) and (C) of this Agreement. The initial term, plus any option to extend shall not exceed a total of five (5) years. **If no option to extend the Agreement appears in section 4(B), then this Agreement shall not be extended.**

13. **MODIFICATION OF AGREEMENT.** This Agreement may be amended, modified, or otherwise altered, or its provisions waived, only upon mutual consent of the Parties by written amendment. The City may request that the Consultant perform Extra

Services. As used herein, "Extra Services" means any services, which are determined by the City to be necessary for the proper completion of the project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. A written amendment signed by both Parties shall be required to authorize performance of and payment for Extra Services.

14. **TERMINATION OF AGREEMENT.** City may terminate this Agreement at any time, with or without cause and without penalty, upon fifteen (15) calendar days' prior written notice pursuant to Section 22 of this Agreement. Such termination shall be effective on the date specified in the notice, or if no date is specified, then fifteen (15) calendar days from the date of the notice. City shall be liable to Consultant only for work done by Consultant up to and including the date of termination of this Agreement unless the termination is for cause, in which event Consultant need be compensated only to the extent required by law. Consultant may terminate this Agreement at any time during the term of the Agreement by giving the City sixty (60) calendar days' prior written notice.

15. **[RESERVED]**

16. **INDEPENDENT CONTRACTOR.** Consultant is and shall at all times remain, as to City, a wholly independent contractor. Neither City nor any of its employees or agents shall have control over the conduct of Consultant or any of its employees, except as stated in this Agreement. Consultant has and shall retain the right to exercise full control over the employment, direction, means of performance, location, compensation and discharge of all persons assisting Consultant. This Agreement shall not be interpreted to prevent or preclude Consultant from rendering any Services for Consultant's own account or to any other person or entity as Consultant in its sole discretion shall determine; provided, however, that performing such Services shall not materially interfere with the Services the Consultant shall perform for the City. The City retains the right to provide general instructions to and observe the Consultant in the performance of all Services done on behalf of the City.

Consultant and its employees, subconsultants, and agents have no authority, express or implied, to act on behalf of City in any capacity, to incur any debt, obligation or liability on behalf of City, bind City in any manner, or otherwise act on behalf of City as an agent. Consultant and its employees are not employees of City. Consultant and its employees are not entitled to receive from City any of the benefits or rights afforded employees of City, including but not limited to reserve leave, sick leave, vacation leave, holiday leave, compensatory leave, Public Employees Retirement System benefits, and health, life, dental, long-term disability and workers'

compensation insurance benefits. Consultant shall not, at any time or in any manner, represent that it or any of its agents, subconsultants, or employees are in any manner agents, subconsultants, or employees of City.

17. **LAWFUL PERFORMANCE.** Consultant shall abide by all federal, state, and local laws and regulations as may be related to the performance of duties under this Agreement. Consultant, at its sole expense, shall obtain and maintain during the term of this Agreement, all appropriate permits, licenses, and certificates that may be required in connection with the performance of Services under this Agreement.

18. **SAFETY REQUIREMENTS.** Consultant shall not perform any Services for the City when the Consultant is impaired by alcohol or a controlled substance. When there is reasonable cause to believe that any person has violated this provision, that person shall be immediately removed from the premises and be subject to any applicable civil and/or criminal penalties under the City's Code and/or under state law. All work performed under this Agreement shall be performed in such a manner as to provide safety to the public. The City reserves the right to issue restraining or cease and desist orders to Consultant when unsafe or harmful acts are observed or reported relative to the performance of the work under this Agreement. The acceptance of Consultant 's work by City shall not operate as a release of the Consultant from such standard of care and workmanship.

19. **STANDARD OF PERFORMANCE; WARRANTY.** Consultant agrees to perform all Services required by this Agreement in a professional and competent manner, in accordance with the degree of skill and diligence which is normally employed by reputable professionals performing similar Services under similar conditions in the same or similar locality. Such Services shall also be performed in a manner which is reasonably satisfactory to City Project Manager, or designee (hereinafter the "Project Manager"), provided that discretion in determining what is satisfactory shall not alter the foregoing standard of care.

    A. In accordance with the standard of care set forth in the first sentence of Section 19, the Consultant agrees that it:
    (1) Has thoroughly reviewed and considered the services and work to be performed; and
    (2) Has reviewed the issues regarding the Scope of Services to be provided; and
    (3) Has carefully considered how the services and related work should be performed; and

(4) Fully understands the facilities, difficulties and restrictions associated with performance of the services required by this Agreement.

20. OWNERSHIP OF CONSULTANT'S WORK PRODUCT, CONFIDENTIALITY & DISCLOSURE, RECORDS & WARRANTY. City shall be the owner of any and all technical documents and records, including, computations, plans, correspondence, and/or other pertinent data and information, both hard copy and electronic, gathered or prepared by Consultant in performance of this Agreement and shall be entitled to immediate possession of the same upon completion of the work under this Agreement, or at any earlier or later time when the same may be requested by City.

A. Ownership of Documents. Every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the Consultant pursuant to or in connection with this Agreement shall be the exclusive property of the City.

B. Deliverables. Consultant shall deliver to the City the studies, plans, specifications, or other documents as are identified in the Scope of Services; and Consultant shall, upon completion of all work or termination of this Agreement, submit to the City all information developed in the course of the Consultant 's services. Consultant shall, in such time and in such form as the City may require, furnish reports concerning the status of Services required under this Agreement. Consultant shall, upon request by City and upon completion or termination of this Agreement, deliver to the City all material furnished to Consultant by the City.

C. Records and Inspections. The Consultant shall maintain full and accurate records, with respect to all Services and matters covered under this Agreement. Books and records pertaining to costs shall be kept and prepared in accordance with generally accepted accounting principles. The City shall have free access at all reasonable times to such records, both hard copy and electronic, and the right to examine and audit the same and to make transcripts therefrom, and to inspect all program data, documents, proceedings, and activities.

D. Confidentiality. Information that is exempt from disclosure to the public is confidential. This includes information relating to the past, present, or future affairs of the City or information belonging to a third party whose information is in the City's possession or control under obligations of confidentiality. Consultant may be granted access to information that is exempt from disclosure to the public (Government Code Section 7920.505) and may contain "trade secrets" (see Government Code Section 7924.510(f)) when it is necessary for Consultant to perform its

obligations pursuant to this Agreement. If Consultant is granted such access to confidential information, Consultant shall not be considered to be a member of the public as that term is used in Government Code Section 7920.515.

E. Disclosure of Information. Consultant shall not disclose, publish, or authorize others to disclose or publish, design data, drawings, specifications, reports, or other information pertaining to the projects assigned to Consultant by the City or other information to which the Consultant has had access during the term of this Agreement without the prior written approval of the City's Designated Representative during the term of this Agreement and for a period of two (2) years after the termination of this Agreement.

F. No Warranty. Other than an obligation upon the City to deal in good faith, the City makes no warranties and shall bear no liability or responsibility for errors or omissions in any Confidential Information disclosed under this Agreement or for any business decisions made by Consultant in reliance on any Confidential Information disclosed under this Agreement.

21. **NOTICE OF BREACH AND OPPORTUNITY TO CURE.** Neither Party will be in breach of this Agreement where the breach is capable of being cured, or until written notice of the breach is received from the non-breaching Party. The Party charged with breach will have fifteen (15) calendar days from the date of receiving such notice in which to cure the breach or otherwise respond. If the circumstances leading to the charge that the Agreement was breached have not been cured or explained to the satisfaction of the other Party within fifteen (15) days from the date on which the breaching Party received notice of breach, the non-breaching Party may terminate this Agreement. Notice shall be given in the manner set forth in section 22.

22. **NOTICE.** All notices given or required to be given pursuant to this Agreement shall be in writing and may be given by personal delivery or by first-class mail. Notice sent by mail shall be addressed to each Party's Designated Representative as set forth above in Section 8. When addressed in accordance with this Section, such notice shall be deemed given upon deposit in the United States mail, postage prepaid. In all other instances, notices shall be deemed given at the time of actual delivery. Changes may be made in the names or addresses of persons to whom notices are to be given by giving notice in the manner prescribed in this Section.

23. INDEMNIFICATION, HOLD HARMLESS & DEFENSE. Except as set forth in Subsection A of this Section 24, and to the fullest extent permitted by law, Consultant shall immediately defend, indemnify, and hold harmless the City, its officers, employees, representatives, and agents (the "City Indemnitees"), from and against those actions, suits, proceedings, claims, demands, losses, costs, and expenses, including legal costs and reasonable attorneys' fees, for any personal injuries, deaths, or property damage, including property owned by the City (collectively "Claims") which may arise out of Consultant's negligence or willful misconduct in the performance of the services described in this Agreement, unless such Claims are proven to be caused by the negligence or willful misconduct of the City Indemnitees.

A. The provisions of this Subsection apply only in the event that Consultant is a design professional within the meaning of California Civil Code section 2782.8 ("Design Professional"). The term Design Professional, as defined in said section, is limited to licensed architects, licensed landscape architects, registered professional engineers, professional land surveyors, and the business entities that offer such services in accordance with the applicable provisions of the California Business and Professions Code.

   (1) Notwithstanding the provisions of Section 23 above, to the extent that the services to be provided under this Agreement are those of a Design Professional, Consultant's duty to indemnify, hold harmless, and defend the City Indemnitees shall be limited to the extent that any Claims arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, its officers, agents, employees or subconsultants in the performance of the services described in this Agreement.

   (2) In no event shall the costs of defense charged to Consultant exceed the Consultant's proportionate percentage of fault, except as otherwise set forth in said Civil Code section 2782.8, the provisions of which are incorporated into this Agreement by this reference. Nothing in this Subsection b shall be construed to require Consultant to provide indemnification for Claims caused by the active negligence or willful misconduct of the City Indemnitees

B. The City does not and shall not waive any rights that it may have against Consultant under this Section, because of the acceptance by the City, or the deposit with the City, of any insurance policy or certificate required pursuant to this Agreement. The hold harmless and indemnification provisions of this Section 23 shall apply regardless of whether said

insurance policies are determined to be applicable to the claim, demand, damage, liability, loss, cost, or expense described herein.

C. The obligation to indemnify and defend, as set forth in this Section 23, is binding on the successors, assigns, or heirs of Consultant and shall survive the expiration or any early termination of this Agreement.

24. INSURANCE. Consultant shall obtain and maintain during the performance of any Services under this Agreement the insurance coverages listed within "Exhibit C", which is attached hereto and incorporated herein by this reference, unless the Risk Manager waives, in writing, the requirement that Consultant obtain and maintain such insurance coverages. Such insurance must be issued by a company satisfactory to the Risk Manager. Consultant shall, before performance of any Services pursuant to this Agreement, file with the Risk Manager evidence of insurance coverage as specified in "Exhibit C". Maintenance of insurance coverages by Consultant is a material element of this Agreement. Consultant's failure to maintain or renew insurance coverages or to provide renewal evidence shall be considered a material breach of this Agreement.

25. LIVING WAGE REQUIREMENTS. During the term of this Agreement, Consultant understands and agrees that if Living Wages are applicable, subject to the 2002 Oxnard City Council Living Wage Policy, attached as "Exhibit D" to this Agreement, Consultant will pay and/or provide the wages and/or benefits required therein to all of its employees engaged in whole or in part in performing the Services provided for by this Agreement. The Living Wage is updated on July 1 of each year, and the duty to pay the correct wage is the responsibility of the Consultant.

26. [INTENTIONALLY OMITTED]

27. [RESERVED]

28. SUBCONTRACTING. If Consultant requires the assistance of a subcontractor to render any Services under this Agreement, Consultant shall obtain prior written consent from the City before a subcontractor performs any service pursuant to this Agreement. All subcontractors shall be identified in the Scope of Work attached to this Agreement as "Exhibit A". Consultant is fully responsible for satisfactory completion of all its subcontractors' work. All subcontractors shall be properly licensed and insured; and bonded, if applicable. Consultant shall be responsible for all liabilities regardless of nature, type, or cause, arising out of or resulting from or in connection with subcontractors performance pursuant to this Agreement or

subcontractors failure to comply with any of its obligations in connection with this Agreement.

29. **CONFLICT OF INTEREST.** Consultant covenants that it does not have any interest, nor shall it acquire any interest, directly or indirectly, which would conflict in any manner with the performance of Consultant's Services under this Agreement. Consultant further covenants that in the performance of Services under this Agreement, no officer, employee or agent of Consultant having such interest shall be employed by it. In the event the City determines that Consultant must disclose its financial interests by completing and filing a Fair Political Practices Commission Form 700, Statement of Economic Interests, Consultant shall file such Form 700 with the City Clerk's Office pursuant to the written instructions provided by the City Clerk. Acquisition or maintenance of a conflicting interest by Consultant may result in termination of this Agreement by the City.

30. **DISPUTES.** Except as otherwise provided in these provisions, any dispute concerning a question of fact arising under this Agreement, shall be decided by the City's Designated Representative, who shall reduce this decision to writing and mail a copy to the Consultant. The decision of the City's Designated Representative shall be final and conclusive unless Consultant requests mediation within ten (10) calendar days. Pending final decision of a dispute, the Consultant shall proceed diligently with the performance of the Agreement and in accordance with the decision of the City's Designated Representative.

31. **DISPUTE RESOLUTION.** Should an unresolved dispute arise out of this Agreement, any Party may request that it be submitted to mediation. The Parties shall meet in mediation within a reasonable time not to exceed forty five (45) days of a request. The mediator shall be agreed to by the mediating Parties. In the absence of an Agreement on a mediator, the Parties shall each submit one name from mediators listed by the American Arbitration Association, the California State Board of Mediation and Conciliation, or other agreed-upon service. The mediator shall be selected by a "blindfold" process. The cost of mediation shall be borne equally by both Parties. Neither Party shall be deemed the prevailing Party. No Party shall be permitted to file a legal action without first meeting in mediation and making a good faith attempt to reach a mediated settlement. The mediation process, once commenced by a meeting with the mediator, shall last until Agreement is reached by the Parties but not more than sixty (60) calendar days, unless the maximum time is extended in writing by both Parties.

32. **ASSIGNMENT.** This Agreement is for the professional Services of Consultant. Any attempt by Consultant to assign the benefits or burdens of this Agreement without the prior written approval of City shall be prohibited and shall be null and void. Consultant 's Services pursuant to this Agreement shall be provided by the Consultant's Designated Representative or directly under his/her supervision, and Consultant shall not assign another to supervise the Consultant 's performance of this Agreement without the prior written approval of City, by and through the City's Designated Representative.

33. **CARE OF WORK.** Should Consultant discover any latent or unknown conditions materially differing from those inherent in the Services or as represented by the City, Consultant shall immediately inform the City of such fact and shall not provide any Services, except at Consultant's risk, until written instructions are received from the Project Manager.

34. **REPORTS.** Upon request by the Project Manager or as otherwise required by this Agreement, including but not limited to, the Scope of Services set forth in Exhibit "A", Consultant shall prepare and submit reports to the City concerning Consultant's performance of the Services required by this Agreement.

35. **AUDIT.** City shall have the option of inspecting, auditing and/or reproducing all records and other written materials used by Consultant in preparing its billings to City as a condition precedent to any payment to Consultant, or for other purposes relating to the Agreement. Consultant will promptly furnish all documents requested by City. Additionally, if this Agreement is in excess of $10,000, the State Auditor may examine and audit Consultant for a period of 3 years after final payment under the Agreement. Regardless of whether a State audit is permitted, Consultant shall maintain and preserve all such records for a period of at least 3 years after final payment under the Agreement or until an audit has been completed and accepted by City, whichever occurs later. Consultant shall maintain all such records in City or to promptly reimburse City for all reasonable costs incurred in conducting the audit at a location other than in City, including but not limited to expenses for personnel, salaries, private auditor, travel, lodging, meals and overhead. Consultant shall include a copy of this Section in all contracts with its subcontractors, and Consultant shall be responsible for immediately obtaining those records or other written material from its subcontractors upon a request by the State Auditor and/or City.

36. **ADVERTISING AND PUBLICITY.** Consultant shall not use the name of or refer to City directly or indirectly in any advertisement, news release, or professional or trade

publication without prior written approval from the City Manager. This Section shall survive the termination of this Agreement.

37. **NONDISCRIMINATORY EMPLOYMENT.** Consultant shall not unlawfully discriminate against any individual based on race, color, religion or religious creed, national origin, ancestry, ethnic group identification, primary language, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, sex, sexual orientation, age, immigration status, citizenship or military and veteran status. Consultant understands and agrees that it is bound by and will comply with all legal nondiscrimination mandates. For every subcontractor who will perform Services, Consultant shall be responsible for such subcontractor's compliance with this Section.

38. **COVENANTS AND CONDITIONS.** Each term and each provision of this Agreement to be performed by Consultant shall be construed to be both a covenant and a condition.

39. **WAIVER.** City's review or acceptance of, or payment for, work product prepared by Consultant under this Agreement will not be construed to operate as a waiver of any rights City may have under this Agreement or of any cause of action arising from Consultant's performance. A waiver by City of any breach of any term, covenant, or condition contained in this Agreement will not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant, or condition contained in this Agreement, whether of the same or different character.

40. **FORCE MAJEURE.** Neither the Consultant nor the City shall be responsible for any delay caused by any contingency beyond their control, including, but not limited to, war or insurrection, walkouts by the Party's own employees, fires, natural calamities, riots, or demands or requirements of governmental agencies other than the City.

41. **GOVERNING LAW.** The terms of this Agreement shall be interpreted according to the laws of the State of California. Should litigation occur, venue shall be in the Superior Court of California, County of Ventura.

42. **SEVERABILITY.** If any portion of this Agreement is declared by a court of competent jurisdiction to be invalid or unenforceable, then such portion will be deemed modified to the extent necessary in the opinion of the court to render such portion enforceable and, as so modified, such portion and the balance of this Agreement will continue in full force and effect and be enforceable.

43. **INTEGRATED AGREEMENT.** This Agreement and the attached exhibits referenced herein to this Agreement represent the entire understanding between the Parties. No verbal Agreement or implied covenant shall be held to vary the provisions of this Agreement. This Agreement shall bind and inure to the benefit of the Parties to this Agreement and any subsequent successors and assigns.

44. **NO THIRD-PARTY BENEFICIARY.** This Agreement shall not be construed to be an Agreement for the benefit of any third-party or parties, and no third party or parties shall have any claim or right of action under this Agreement.

45. **AUTHORITY TO EXECUTE.** Each Party hereto expressly warrants and represents that the signatories to this Agreement have the authority to execute this Agreement on behalf of its corporation, partnership, business entity, or governmental entity, and warrants and represents that the signatories have the authority to bind each Party to the performance of its obligations hereunder.

46. **EXECUTION – COUNTERPARTS.** This Agreement may be executed in any number of counterparts and each such duplicate counterpart shall constitute an original, but they shall not be effective nor enforceable unless and until it is executed with the handwritten signature or electronic signature of an authorized representative of each of the relevant Parties. No counterpart shall be deemed to be an original or presumed delivered unless and until the counterpart executed by the other Party to this Agreement is in the physical possession of the Party seeking enforcement thereof.

47. **INCONSISTENT OR CONFLICTING TERMS.** In the event of any contradictions or inconsistencies between any attached documents or exhibits incorporated by reference herein and the provisions of the Agreement itself, the terms of the Agreement shall control. Any exhibit that is attached and incorporated by reference shall be limited to the purposes for which it is attached, as specified in this Agreement. Any contractual terms or conditions contained in such exhibit imposing additional obligations on the City are not binding upon the City and City's Designated Representative unless specifically agreed to in writing, and initiated by City's Designated Representative, as to each additional contractual term or condition.

48. **CAPTIONS AND HEADINGS.** The captions and headings contained in this Agreement are provided for identification purposes only and shall not be interpreted to limit or define the content, scope, or intent of the provisions described under the respective caption or heading.

49. ACKNOWLEDGEMENT. By signing below, Consultant acknowledges that it has reviewed the City's Professional Services Agreement terms and conditions and insurance requirements and that Consultant hereby agrees to full compliance.

[Signatures on next page]

IN WITNESS WHEREOF, the Parties have entered into this Agreement effective on the date as written in Section 4 and upon signature of all Parties.

CITY OF OXNARD

If the company has a different structure, or if the above-listed persons are not the appropriate signers, please submit to the City Attorney legally-binding documentation stating who can sign and bind your company.

EXHIBIT A

PROFESSIONAL SERVICE AGREEMENT
(CITY of Oxnard and OCCU-MED LTD.)

SCOPE OF SERVICES

General Specifications

This agreement is for a Medical Services Consultant for Pre-Employment Medicals for Public Safety personnel. Medical Provider shall facilitate medical screenings for out of state candidates requiring medical screening and clearance.

The following are the types of pre-employment medicals that the City requires. Detailed descriptions of each examination/service are included as part of this scope of work.

Pre-Employment Medical Examination Types:
Examination Type 1: Medical Class Public Safety (PD) – Police Officer/Public Safety Trainee
Examination Type 2: Medical Class Public Safety (PD) – Public Safety Dispatcher
Examination Type 3: Medical Class Public Safety (FD) – Firefighter
Examination Type 4: Medical Class Public Safety (FD) – Fire Environmental Specialist
Examination Type 5: Medical Class Public Safety (FD) – Fire Inspector- (Civilian)
Examination Type 6: Medical Class Public Safety (FD) – CUPA Manager

Qualifications
All medical services must be performed by a state-licensed physician(s) with experience in occupational medicine or qualified medical personnel under the supervision of a licensed physician with experience in occupational medicine.

Appointments

A. Appointments for all types of examinations shall be coordinated between the Medical provider and the City's Human Resources Department staff. Human Resources staff will request appointments by email.

B. The medical provider shall contact the candidate or employee to arrange an appointment within 24 hours of being notified and schedule the appointment at the soonest available date. The medical provider will notify Human Resources staff of the date and time of the scheduled appointment and any scheduling issues that may have occurred. It will be the responsibility of Human Resources to notify the department of each scheduled

appointment. Human Resources must be notified in advance of any rescheduling of appointments by the candidate or employee.

C. Medical provider must have available office hours Monday through Friday between 8:00 a.m. and 5:00 p.m and some Saturdays. Expanded hours are preferable. The medical provider must guarantee coverage for vacations or other absences so as not to impact timeframes required in section D below.

D. Following the request, medical provider shall guarantee available appointment times within the following time frames:
    1. Post-Offer Medical Examination Three (3) Days
    2. DMV Physical Examination Three (3) Days
    3. OSHA Respirator Medical Clearance Examination Three (3) Days
    4. Fitness for Duty Examination Immediately
    5. Tuberculosis Testing Three (3) Days
    6. Vaccinations Three (3) Days

Medical History Statements

As part of the examination process, each applicant will be required to complete medical history statements as related to specific examination(s) being given. Medical provider shall review the medical history statement in assessing the applicant's medical condition. The following statements are required:

A. Post-Offer Medical Examination: Medical History Statement
B. DMV Physical Examination: DMV Medical Examination Report
C. OSHA Respirator Medical Clearance Examination: OSHA Respirator Medical Evaluation Questionnaire
D. Fitness for Duty Examination: Medical History Statement
E. Tuberculosis Testing: none
F. Vaccinations: none

Medical Results

The medical provider or his/her designee shall provide the City with written results indicating his/her findings. The medical provider or his/her designee shall provide the City with results in the following ways:

A. Post-Offer Medical Examination: The completed "Report of Medical Evaluation" form and recommendations regarding the applicant's ability to perform the essential functions/duties and responsibilities of the job are to be forwarded to Human Resources once the examination is complete within five (5) business days.

B. Fitness for Duty Examination: Completed Physician's Notice of Return to Work or Temporary Medical Restrictions report to be forwarded to Human Resources once the exam is complete.

C. Tuberculosis Testing: Written results are to be given to the employee by the provider.

Recordkeeping

All records of examinations performed by the medical provider will be maintained at its premises. The medical provider will maintain reasonable security of all medical data and medical records to ensure that unauthorized individuals do not have access to such medical records. The medical provider will have a written procedure that addresses the security and confidentiality of records and will abide by all relevant laws pertaining to medical confidentiality. This City will review and approve this procedure at its discretion.

Billing

A. On the first day of each month, the medical provider shall bill the City of Oxnard Human Resources Department for the prior month's medical services and examinations. Billings shall be clearly organized and itemized by the date of service, name of person examined, type of physical performed, itemized charges for each individual component of the physical, a subtotal for each person examined, and a total of charges for the month being billed.

Examination Type 1: Medical Class Public Safety (PD) – Police Officer/Public Safety Trainee

Purpose:

To determine work-related physical fitness and medical clearance to perform the essential functions of the job, along with establishing a record of the physical condition of new employees at the time of their entry/hire into City employment.

Required Frequency of Exam:

All applicants being offered employment as a Police Officer/Public Safety Trainee are required to undergo this examination.

Medical Provider:

The City will select a physician or licensed health care professional (PLHCP) to conduct the examination.

Examination Specifications:

BASIC EXAM

Full medical and occupational history review and complete medical examination to include the following:

1. Job Analysis: Review the job description, including physical demands and environmental conditions, to determine the designated work location and identify key areas of job specialization
2. Authorization for the release of the medical record from the candidate

3. POST Medical History Statement 2-252 or Health History Questionnaire equivalent to POST requirements
4. Pulmonary Function Testing baseline based on medical history to include forced vital capacity testing/evaluation with interpretation
5. Comprehensive Physical Examination (may include, but not limited to):
   a. Vital Signs
   b. Physician's Examination
   c. Range of Motion
   d. Physician's summary, including comments related to job requirements.
6. Visual acuity per DMV requirements and California POST Medical Screening Manual
7. Audiometric baseline assessment per CCR Title 8 § 5097
8. Cardiac exercise stress test (Treadmill) with interpretation
9. Electrocardiogram (12 lead)
10. Urinalysis
    a. Urine drug screen handling and collection
    b. 5-Panel Non-DOT Urine Drug Screening
    c. Urinalysis complete
11. Chemistry panel and complete blood count
12. Baseline chest x-ray with interpretation
13. Tuberculosis screening PPD baseline
14. Jamar Grip Strength
15. Venipuncture
    a. Chemistry 23/CBC
    b. Hepatitis B Surface Antibody, Qualitative
16. HRR (Hardy, Rand, Rittler) Standard Pseudoisochromatic Test

****Medical provider shall follow California POST standards and protocols for the above evaluative procedures or tests.**

Follow-up Medical Testing and Treatment Procedures:
Follow-up tests will only be provided as medically indicated by an examination report and pre-approved by the City, whose purpose is to determine the applicant's suitability for employment. Any treatment of a medical condition revealed during the physical examination will be the financial responsibility of the applicant.

Medical Results:
A written POST Medical Evaluation Report Form #2-363 (Medical Suitability Declaration) shall be faxed or emailed to the City's Human Resources Department within five (5) days of the medical appointment. Human Resources will notify the Police Department of the results and forward a copy of the medical suitability declaration to the Police Department for their records.

Examination Type 2: Medical Class Public Safety (PD) – Public Safety Dispatcher

Purpose:
To determine work-related physical fitness and medical clearance to perform the essential functions of the job, along with establishing a record of the physical condition of new employees at the time of their entry/hire into City employment.

Required Frequency of Exam:
All applicants being offered employment as a Public Safety Dispatcher are required to undergo this examination.

Medical Provider:
The City will select a physician or licensed health care professional (PLHCP) to conduct the examination.

Examination Specifications:

BASIC EXAM

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and OCCU-MED

INSURANCE REQUIREMENTS

Prior to contract approval and beginning of services under this agreement, Consultant must procure, agree to maintain and supply evidence of insurance at the levels listed and in accordance with the other provisions listed in this document.

ATTACHED CITY'S INSURANCE FORM HERE:
INS-A

INSURANCE REQUIREMENTS FOR CONSULTANTS
(WITH ERRORS AND OMISSIONS REQUIREMENT)

1. Consultant shall obtain and maintain during the performance of any services under this Agreement the following insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of services hereunder by Consultant, its agents, representatives, employees or subconsultants.

a. Commercial General Liability Insurance, including Contractual Liability, in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for general liability with coverage equivalent to Insurance Services Office Commercial General Liability Coverage (Occurrence Form CG 0001). If a general aggregate limit is used, that limit shall apply separately to the project or shall be twice the occurrence amount;

b. Business automobile liability insurance in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for automobile liability with coverage equivalent to Insurance Services Office automobile liability coverage (Occurrence Form CA0001) covering Code No. 1, "any auto;"

c. Professional liability/errors and omissions insurance appropriate to Consultant's profession to a minimum coverage of $1,000,000, with neither Consultant nor listed subconsultants having less than $500,000 individually. The professional liability/errors and omissions insurance must be project specific with at least a one year extended reporting period, or longer upon request.

d. Workers' compensation insurance in compliance with the laws of the State of California, and employer's liability insurance in an amount not less than $1,000,000 per claimant. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City.

2. Consultant shall, prior to performance of any services, file with the Risk Manager certificates of insurance with original endorsements effecting coverage required by this Exhibit INS-A. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be on the attached forms or on other forms approved by the Risk Manager. All certificates and endorsements are to be received and approved by the Risk Manager before commencement of services. City reserves the right to require complete certified copies of all required insurance policies at any time. The certificates of insurance and endorsements shall be sent via email. If you have not received your request or are having difficulty with electronic upload, contact insurance@oxnard.org

3. Consultant agrees that all insurance coverages shall be provided by a California admitted insurance carrier with an A.M. Best rating of A:VII or better and shall be endorsed to state that coverage may not be suspended, voided, canceled, or reduced in coverage or limits without 30 days' prior written notice to the Risk Manager. The Risk Manager shall not approve or accept any endorsement if the endorsement contains "best effort" modifiers or if the insurer is relieved from the responsibility to give such notice.

4. Consultant agrees that the commercial general liability and business automobile liability insurance policies shall be endorsed to name City, its City Council, officers, employees, agents and volunteers as additional insureds as respects: liability arising out of activities performed by or on behalf of Consultant; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, its City Council, officers, employees, agents and volunteers. **The General Liability Special Endorsement Form and Automobile Liability Special Endorsement Form attached to this Exhibit INS-A or substitute forms containing the same information and acceptable to the Risk Manager shall be used to provide the endorsements (ISO form CG 2010 11/85 or if not available, CG 2010 with an edition date prior to 01/04 and CG 2037).**

5. The coverages provided to City shall be primary and not contributing to or in excess of any existing City insurance or self-insurance coverages **(this must be endorsed)**. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its City Council, officers, employees and volunteers. The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

6. The insurer shall declare any deductibles or self-insured retentions to and be approved by the Risk Manager. At the option of the Risk Manager, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City, its City Council, officers, employees and volunteers, or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

7. All insurance standards applicable to Consultant shall also be applicable to Consultant's subconsultants. Consultant agrees to maintain appropriate agreements with subconsultants and to provide proper evidence of coverage upon receipt of a written request from the Risk Manager.

1/23

INSTRUCTION FOR SUBMITTING INSURANCE CERTIFICATES AND ENDORSEMENT FORMS

Certificates of Insurance

The sample accord form on the following page is provided to facilitate your preparation and submission of certificates of insurance. You may use this or any industry form that shows coverage as broad as that shown on the attached sample. **Please note the certificate holder address must be as shown on the attached sample accord form with the contract number and insurance exhibit identification information completed.** Improperly addressed certificates may delay the contract start-up date because the City's practice is to return unidentifiable insurance certificates to the insured for clarification as to the contract number. **Cancellation provisions must be endorsed to the policy. Modifying the certificate does not change coverage or obligate the carrier to provide notice of cancellation.**

Endorsement Forms

Original endorsements are required for commercial general liability and business automobile liability insurance policies and must be attached to the applicable certificate of insurance. City preference is that the Consultant/insurer use the endorsement forms which are attached. Substitute forms will be accepted, however, as long as they include provisions comparable to the sample accord form.

In consideration of the premium charged and notwithstanding any inconsistent statement in the policy to which this endorsement is attached or any endorsement now or hereafter attached thereto, insurance company agrees as follows:

1. **INSURED.** The City, its officers, agents, employees and volunteers are included as insureds with regard to liability and defense of suits arising from the operations, products and activities performed by or on behalf of the named insured.
2. **CONTRIBUTION NOT REQUIRED.** As respects: (a) work performed by the named insured for or on behalf of the City; or (b) products sold by the named insured to the City; or (c) premises leased by the named insured from the City, the insurance afforded by this policy shall be primary insurance as respects the City, its officers, agents, employees or volunteers; or stand in an unbroken chain of coverage excess of the named insured's scheduled underlying primary coverage. In either event, any other insurance maintained by the City, its officers, agents, employees or volunteers shall be in excess of this insurance and shall not contribute with it.
3. **SEVERABILITY OF INTEREST.** This insurance applies separately to each insured against whom claim is made or suit is brought except with respect to the company's limits of liability. The inclusion of any person or organization as an insured shall not affect any right which such person or organization would have as a claimant if not so included.
4. **CANCELLATION NOTICE.** With respect to the interests of the City, this insurance shall not be canceled, or materially reduced in coverage or limits except after thirty (30) days prior written notice by receipted delivery has been given to the City.
5. **PROVISIONS REGARDING THE INSURED'S DUTIES.** Any failure to comply with reporting provisions of the policy or breaches or violations of warranties shall not affect coverage provided to the City, its officers, agents, employees or volunteers.
6. **SCOPE OF COVERAGE.** This policy, if primary, affords coverage at least as broad as:
   a. Insurance Services Office Commercial General Liability Coverage, "occurrence" form CG0001; or
   b. If excess, affords coverage which is at least as broad as the primary insurance form CG0001.

Except as stated above nothing herein shall be held to waive, alter or extend any of the limits, conditions, agreements or exclusions of the policy to which this endorsement is attached.

EXHIBIT D

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and OCCU-MED)

LIVING WAGE POLICY

Pursuant to the Living Wage Policy adopted July 9, 2002 by the City Council and effective October 1, 2002, the City Manager and City Attorney are directed to include the following language in all standard Consultant/Professional Services contracts that may be governed by the Living Wage Policy.

A. Consultant shall compensate any employee of Consultant who provides Services under this Agreement in accordance with the Living Wage Policy, attached hereto and incorporated herein by reference as the Living Wage Policy Exhibit. While this Agreement is in effect, Consultant shall pay such employee no less than $20.06 per hour for each hour that such employee provides Services under this Agreement. In addition, while this Agreement is in effect, Consultant shall provide to such employee no less than 96 hours of paid leave per calendar year.

B. Consultant agrees to post, at a location readily accessible to those employees providing Services to the City, a copy of the Living Wage Policy adopted by City Council on July 9, 2002 and effective October 1, 2002.

C. If Consultant fails to compensate such employee pursuant to the Living Wage Policy, the City Manager or designee shall terminate this Agreement on written notice to Consultant, effective immediately.

D. In addition, if Consultant fails to comply with the Living Wage Policy in any manner, Consultant shall pay to City a fine of $500 and shall pay to any employee providing Services under this Agreement a penalty of three times the amount or value of the compensation owed to such employee under the Living Wage Policy. Consultant shall pay such fine and penalty within fifteen (15) calendar days after the City Manager or designee provides written notice to Consultant of the amount owed.

CITY OF OXNARD LIVING WAGE REQUIREMENTS
EFFECTIVE JULY 1, 2025

Consultant shall compensate any employee of Consultant who provides Services under this Agreement in accordance with the Living Wage Policy, attached hereto and incorporated herein by reference as Exhibit E. While this Agreement is in effect, Consultant shall pay such employee no less than $20.06 per hour for each hour that such employee provides Services under this Agreement. This hourly rate shall be adjusted on July 1, 2025, and each July 1 thereafter, according to the percentage change in the Consumer Price Index, all items, prepared by the Bureau of Labor Statistics for the Los Angeles area relating to all urban consumers (CPI-U), index base 1982-84=100, comparing May of the previous year to May of the current year. In addition, while this Agreement is in effect, Consultant shall provide to such employee no less than 96 hours of paid leave per calendar year.

a. Consultant agrees to post, at a location readily accessible to those employees providing Services to the City, a copy of the Living Wage Policy adopted by the Oxnard City Council on July 9, 2002 and effective October 1, 2002.

b. If Consultant fails to compensate such employee pursuant to the Living Wage Policy, the City Manager or designee shall terminate this Agreement on written notice to Consultant, effective immediately.

c. In addition, if Consultant fails to comply with the Living Wage Policy in any manner, Consultant shall pay to City a fine of $500 and shall pay to any employee providing Services under this Agreement a penalty of three times the amount or value of the compensation owed to such employee under the Living Wage Policy. Consultant shall pay such fine and penalty within fifteen (15) calendar days after the City Manager or designee provides written notice to Consultant of the amount owed.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.11

DATE: June 16, 2026

TO: City Council

FROM: Michael Wolfe, Public Works Director, (805) 385-8055, michael.wolfe@oxnard.org

SUBJECT: Budget Appropriation for Final Closeout of Assessment District AD 2000-1.

RECOMMENDATION

That the City Council approve an additional budget appropriation of up to $5,000 to facilitate the final closeout of Assessment District 2000-1 Oxnard Blvd/Hwy 101 Interchange bonds (Fund 500, Subfund 5050).

(This item is a continuation of an item previously brought to the City Council on February 17, 2026.)

BACKGROUND

Assessment District No. 2000-1 (Oxnard Boulevard/Highway 101 Interchange) was established in 2000 and bonds were issued in 2003 to finance freeway interchange improvements at Oxnard Boulevard. The District is part of a coordinated financing solution to provide approximately $113.5 million of infrastructure improvements known as the Vineyard Avenue-Johnson Drive Freeway Improvement Project. The improvements consist of the following four major components: (a) a new 12-lane bridge on Highway 101 over the Santa Clara River; (b) extra lanes to Highway 101 between Vineyard Avenue and Montalvo railroad spur crossing; (c) an elevated rail grade crossing at Johnson Drive; and (d) a freeway interchange at Oxnard Boulevard.

On February 17, 2026, the City Council approved a midyear expenditure appropriation increase within the Bond Assessment Districts Fund (Fund 500, subfund 5050) to cover costs for closing Assessment District 2000-1 Oxnard Blvd/Hwy 101 Interchange and discharging the bond. Any remaining balance will be returned to the current property owners. This action would fully exhaust the fund balance, reducing it to zero.

DISCUSSION

Subsequent to the February 17, 2026 Council action, the City received an additional $1,526 (as of May 15, 2026) in property tax revenue driven by delinquent assessment payments. Staff recommends that the City Council approve an additional appropriation of up to $5,000 to facilitate the final closeout and property owner refund process for Assessment District 2000-1 (Oxnard Blvd/Hwy 101 Interchange bonds). This additional appropriation will encompass all available cash balances to fully exhaust the subfund balance and reduce it to zero upon final closeout. After all expenses related to the closeout of the district an estimated total of $62,991 will be returned to district property owners.

STRATEGIC PRIORITIES

This agenda item is a routine operational item or does not relate to the five strategic priorities adopted by City Council on March 16, 2021.

FINANCIAL IMPACT

This staff report requests an additional appropriation of up to $5,000 in Bond Assessment District AD 2000-1 (Fund 500, Subfund 5050) to authorize sufficient budget for final closeout costs, property owner refunds, and to successfully net the fund balance to zero.

COMMITTEE OUTCOME

This item is a continuation of an item previously brought to the City Council on February 17, 2026.

Prepared by: Steve Howlett, Assistant Public Works Director, Anthony Miller, Special Districts Manager

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

REPORTS
AGENDA ITEM NO. N.2

DATE: February 17, 2026

TO: City Council

FROM: Javier Chagoyen-Lazaro, Chief Financial Officer, (805) 200-5400, javier.chagoyenlazaro@oxnard.org

SUBJECT: FY 2025-2026 Mid-Year Budget.

RECOMMENDATION

That the City Council:

1. Receive an update on the FY 2025-26 revenue and expenditure projections for major funds;
2. Approve budget amendments to the General Fund (101), Street Maintenance Infrastructure Use Fee Fund (105), Transportation Development Act Fund (212), Capital Outlay Fund (301), Special Districts Fund (120/Subfund(2540), Development Impact Fees Fund - Circulation System Improvement Fees Subfund (350/Subfund 8040), Bond Assessment Districts Fund (500/Subfund 5050), Water Operating Fund (601), Environmental Resources Operating Fund (631), Golf Course Operating Fund (651), and the Public Liability and Property Insurance Fund (701), as explained in this report; and
3. Approve adding and adopting the Environmental Resources Rollup Door Replacement Project to the Fiscal Year 2025-26 Capital Improvement Program (CIP).

(This item did not originate in Committee)
Please click the following link to view the required Measure M pre-recorded presentation video:
https://youtu.be/t7NK6o8YdKk

BACKGROUND

The purpose of this report is to provide a financial update for FY 2025-26. All references to fund balances are based on FY 2024-25 unaudited financial statements. FY 2025-26 projections for revenue and expenditures for major funds are based on five months of actuals and seven months of estimates. Capital Improvement Projects (CIP) projections assume that projects will be executed in FY 2025-26 as budgeted. At the end of the fiscal year, those projects that were not completed will be evaluated to determine if the unspent appropriation is carried over to FY 2026-27.

The City has been on a path to restoring services by maintaining adequate public safety, restoring proper street paving cycles, improving cybersecurity, and made significant progress towards fiscal sustainability since facing a structural budget deficit of $9.2 million in 2019. In FY 2024-25, the City Council prudently voted to invest $20 million towards paying down long-term pension debt. They also invested $9.5 million into the City's Rainy Day Fund (our reserve) thus accelerating the reserve target from 14% to the full 16.6% Council policy goal. Finally, they chose to set the remaining $5.5 million aside rather than spending it all. Following the adoption of the FY 2024-25 budget, in December of 2024, Standard & Poor's upgraded the overall Issuer Credit Rating (IRC) of the City to AA-, the underlying credit rating for General Fund Leases to A+, and the Gas Tax fund credit rating to AA, all with stable outlook. This credit rating upgrade allows us to close the gap with neighboring cities, and puts the City in a better position when it is time to re-access to bond markets.

MID YEAR PROJECTION

The City continues to deliver key services, with some annual figures highlighted below:

- Emergency Response: The City maintains emergency response times with 300+ calls for service daily; Class 2/2X ISO rating (top 3-5% nationally)
- Development Processing: The City annually serves 10,000+ customers in person and completes 25,000+ building inspections
- Business Licensing: The City annually processes 11,000+ new business applications and renewals
- Water: The City delivers 20+ million gallons of drinking water daily to residents and businesses
- Environmental Services: The City processes 24,000+ tons of recyclables and treats 6+ billion gallons of wastewater annually
- Infrastructure Maintenance: The City repairs 1,000+ potholes annually and maintains city parks and golf course operations
- Housing Assistance: The City provides housing assistance to 1,500+ households through Housing Choice Vouchers and maintains 523 public housing units serving 1,400+ residents
- Community Resilience: The City supports 126 families in self-sufficiency programs and operates emergency shelter and conducts street outreach for homeless services
- Community Engagement & Services: The City annually circulates 200,000+ library items, services 45,000+ senior meals and delivers 60,000+ senior center program participants; also hosts community events including Tamale and Insect Festivals and holiday celebrations
- Financial Stewardship: The City has received 9 S&P upgrades in the past four years and all funds maintain an A or better rating

Fund Balance

Fund balance is a measure of the resources available in a governmental fund, accumulated from prior years. Generally Accepted Accounting Principles (GAAP) establishes categories of fund balance for financial reporting based on the type and source of constraints placed on how the resources can be spent. Unassigned funds are funds that can be used for any purpose. For budgetary purposes, unassigned funds are also referred to as one-time available fund balance. This report makes reference to the estimated total fund balance, and describes the one-time available fund balance for the General Fund only.

Available fund balance usually increases in fiscal years when revenues exceed expenditures. Revenues are generally recognized within the fiscal year, while expenditures for large projects typically occur over multiple years. As a result, expenditures may exceed current-year revenues when prior-year appropriations and available fund balances are used to support multi-year projects. This pattern is expected and reflects project execution and timing rather than imbalances.

Note: Amounts shown throughout this report may not sum up to the exact totals shown in the PowerPoint presentation due to rounding differences.

General Fund (101)

Revenues: FY 2025-26 General Fund revenues are projected at $243.9 million, in line with the revised budget. While there is no overall anticipated change, there are decreases primarily resulting from the following main factors: a $1.1 million decrease in Franchise Fees, a $0.4 million decrease in Transient Occupancy Tax (TOT) and a total net decrease of $0.3 million in Other Non-Tax revenues. These decreases are offset by a $1.7 million increase in the 1% Bradley Burns sales tax, and a $0.1 million increase in Cannabis Tax. The City continues to benefit from increases in a number of general tax categories, most notably sales tax, as a result of the Amazon Fulfillment Center operating within the City limits over the last few years.

Expenditures: FY 2025-26 General Fund expenditures are projected at $287.3 million, $8.1 million dollars above the revised budget of $279.2 million. The increase in estimated expenditures primarily results from a not to exceed $4 million transfer amount to fund an increase in expenditures in the Public Liability Fund (701), a $1.2 million anticipated increase in Police department overtime due to backfilling of vacant positions, a Fire department net increase of $1.1 million resulting from increases of $0.6 million in unbudgeted expenditures related to mutual aid response and $0.5 million in increased overtime due to backfilling of vacant positions, a $0.5 million combined increase in other departments, and consistent with staff's recommendation to City Council on September 3, 2024, a $1.1 million and $0.25 million increase

for funding of contributions to the CalPERS pension trust, and the OPEB trust, respectively.

Fund Balance: The General Fund audited available fund balance as of June 30, 2024 was $72.8 million. This amount included $37.3 million of operating reserves, representing 16.6% of budgeted operating costs as per reserve policy, $20.0 million committed to pay long term pension debt, and $15.5 million one-time available fund balance.

In the June 17, 2025 staff report for FY 2025-26 budget adoption, the June 30, 2025 projected General Fund available fund balance was $54.9 million, with $38.8 million as operating reserves, representing 16.6% of budgeted operating costs as per reserve policy, and $16.1 million as one-time available fund balance.

The General Fund unaudited fund balance as of June 30, 2025 was $111.7 million of which $66.4 million is available. This amount included $38.8 million for operating reserves, representing 16.6% of budgeted operating costs as per reserve policy, $14.9 million committed recession proof reserve, and $12.8 million as one-time available fund balance.

The City's mid-year projections for General Fund revenues ($243.9 million) and expenditures ($287.3 million) would result in a projected ending fund balance on June 30, 2026 of $68.3 million, with $39.9 million in operating reserves, to meet the 16.6% reserve policy, $14.9 million in recession proof reserve and $10.5 million as estimated one-time available fund balance. The projected one-time available fund balance assumes the full execution in FY 2025-26 of $40.3 million in capital improvement projects.

For additional details, refer to the General Fund table in the attached Power Point presentation (slide 6).

Measure O (Half-Cent Sales Tax - Fund 104)

Revenues: FY 2025-26 Measure O Fund revenues are projected at $19.9 million, in line with the revised budget.

Expenditures: FY 2025-26 Measure O Fund expenditures are projected at $47.4 million, in line with the revised budget.

Fund Balance: As indicated in the June 17, 2025 staff report, Measure O Fund one-time audited available fund balance was $12.4 million as of June 30, 2024. The unaudited fund balance as of June 30, 2025 is $32.3 million. With this mid-year review, projections for Measure O Fund revenues ($19.9 million) and expenditures ($47.4 million) would result in a projected ending fund balance on June 30, 2026 of $4.7 million. The projected ending fund balance assumes the full execution in FY 2025-26 of $40.5 million in capital improvement projects.

For additional detail, refer to the Measure O Fund table in the attached PowerPoint presentation (slide 7).

Water Funds (601 & Related)

Revenues: FY 2025-26 Water Fund revenues are now projected at $75.3 million, up $1.7 million from the revised budget of $73.6 million. Water consumption remains steady, and revenues are projected to increase from the prior year based on the scheduled City Council approved adjustments to the rate structure that took effect in July and October 2025.

Expenditures: FY 2025-26 Water Funds expenditures are now projected at $111.3 million, up $1.2 million from the revised budget of $110.1 million. This increase is attributed to the higher cost of purchased water. The revised expenditure budget includes $35.2 million in project carryovers and budget amendments approved by City Council.

Fund Balance: The FY 2025-26 projections explained above for Water Fund revenues ($75.3 million) and expenditures ($111.3 million) would result in a projected ending fund balance on June 30, 2026 of $120.2 million. The projected ending fund balance assumes the full execution in FY 2025-26 of $34.9 million of capital improvement projects in the Water Fund.

For additional detail, refer to the Water Funds table in the attached PowerPoint presentation (slide 8).

Wastewater Funds (611 & Related)

Revenues: FY 2025-26 Wastewater Fund revenues are now projected at $99.9 million, $2.0 million higher than the revised budget of $97.9 million. While the adopted FY 2025-26 budget anticipated a decline in revenue, the current projected increase is reflective of a similar consumption trend as FY 2024-25, particularly in the residential and industrial sectors.

Expenditures: FY 2025-26 Wastewater Fund expenditures are now projected at $169.9 million, lower by $7.5 million from the revised budget total of $177.5 million. This decrease is primarily driven by the refinancing of wastewater bonds, which reduced debt service costs, as well as continued staffing challenges that have limited non-essential operational activities. Additional contributing factors include a decrease in anticipated studies, reduction of anticipated non-CIP repairs, and lower natural gas expenditures resulting from cogeneration engines being out of service. Furthermore, capital equipment purchases have been delayed due to extended lead times caused by ongoing market instability, collectively resulting in lower overall expenditure projections for the fiscal year.

Fund Balance: The FY 2025-26 projections explained above for Wastewater Fund revenues ($99.9 million) and expenditures ($169.9 million) would result in a projected ending fund balance at June 30, 2026 of $166.4 million. The projected ending fund balance assumes the full execution in FY 2025-26 of $132.3 million in capital improvement projects.

For additional detail, refer to the Wastewater Funds table in the attached PowerPoint presentation (slide 9).

Environmental Resources Funds (631 & Related)

Revenues: FY 2025-26 Environmental Resources Fund revenues are projected at $67.9 million, down $0.8 million from the revised budget of $68.7 million. This projected $0.8 million decrease is primarily attributable to lower than anticipated revenues from the Del Norte Waste Gate Fees, which are driven by customer demand. Revenues from this source are projected to decline from the budgeted $12.4 million to $10.4 million, a decrease of approximately $2 million.

The projected decline in ER revenues is partially offset by adjustments to Residential Utility Fee revenues. Based on FY 2024-25 actual revenues and the City Council approved Cost of Service Study rates, the FY 2025-26 Residential Utility Fee estimate has been adjusted from $19.9 million to $22.0 million. After accounting for the Infrastructure Use Fee (IUF) reduction - implemented after three-plus months at the original rate - residential revenues are projected at $20.7 million, which is ~$0.8 million higher than the current budget.

In addition, commercial and miscellaneous revenues are expected to increase slightly by approximately $0.4 million. When combined with a $2 million reduction in Del Norte Waste Gate Fee revenues, the net impact is an overall decrease of approximately $0.8 million to the Environmental Resources Fund revenues.

Expenditures: FY 2025-26 Environmental Resources Fund expenditures are projected at $74.8 million, down $2.0 million from the revised budget total of $76.9 million. This decrease of $2.0 million is requested to reflect the reduction of the Infrastructure Use Fee (IUF) transfer to the Street Maintenance Infrastructure Use Fee Fund (105) for the current fiscal year, as approved by City Council on December 16, 2025.

Fund Balance: The FY 2025-26 projections explained above for Environmental Resources Fund revenues ($67.9 million) and expenditures ($74.8 million) would result in a projected ending fund balance on June 30, 2026 of $13.4 million. The projected ending fund balance assumes full execution in FY 2025-26 of $10.2 million of capital projects in the Environmental Resources Fund.

For additional detail, refer to the Environmental Resources Funds table in the attached PowerPoint presentation (slide 10).

Golf Course Funds (651 & 652)

Revenues: FY 2025-26 Golf Fund revenues are projected at $7.0 million, in line with the revised budget. Revenues from the City's operator, American Golf Corporation, are projected to slightly exceed the revised budget of $6.5 million by

$241,000. However, miscellaneous revenues are projected to be zero as compared to the budget of $265,000. Actual revenues received in prior years are related to the new development in the Wagon Wheel area. While future construction phases are anticipated for Wagon Wheel, this revenue is not anticipated to be realized in this current fiscal year.

Expenditures: FY 2025-26 Golf Fund expenditures are projected at $11.5 million, up $2.8 million from the revised budget of $8.7 million. This increase is due to the $1.1 million estimated cost to purchase replacement and/or new equipment for essential golf course maintenance as recommended by a recent assessment completed by the golf course operator, American Golf Corporation, and $1.7 million is the estimated cost to fund the design and construction of the parking lot renovation (Project C2209 - Neighborhood Resurfacing).

Fund Balance: The FY 2025-26 projections for the Golf Fund include revenues of $7.0 million and expenditures of $11.5 million that would result in a projected ending fund balance on June 30, 2026 of $44.8 million. The projected ending fund balance assumes the full execution in FY 2025-26 of $3.3 million in capital improvement projects in the Golf Fund.

For additional detail, refer to the Golf Funds table in the attached PowerPoint presentation (slide 11).

RECOMMENDED MID-YEAR BUDGET AMENDMENTS

General Fund (101)
Recommend a $8,132,324 increase in expenditure appropriation, from the available fund balance. Refer to the General Fund (101) Mid-Year Projection revenues and expenditures discussion and to Attachment 2 FY 2025-26 General Fund recommended changes for the details.

Street Maintenance Infrastructure Use Fee Fund (105)
Recommend a $2,048,468 decrease in revenue due to the removal of the Infrastructure Use Fee (IUF) transfer from the Solid Waste Single Family Residential (SFR) rates on a go-forward basis to include this Fiscal Year.

Special Districts Fund (120) / Subfund (2540)
Recommend a $31,386 increase to revenues (offset to an existing decrease in the budget) and increase to the expenditure appropriation by the same amount. LMD 54 (Meadowcrest Villas) was projected to have a FY 2025-26 fund balance in excess of its calculated maximum by $31,386. This amount was previously authorized by City Council, on June 17, 2025, for disbursement to district property owners within the current fiscal year. This request will add the budget to the appropriate expenditure account.

Transportation Development Act (TDA) Fund (212) / Subfund (9040)
Recommend a $113,747 increase in expenditure appropriation from the available fund balance. The maintenance of the John C. Zaragoza Transit Oxnard Center is funded by the Transportation Development Act (TDA) Article 4 funds, administered and distributed annually by the Ventura County Transportation Commission (VCTC). This appropriation request will fund minor equipment and professional services accounts necessary to support repairs and maintenance at the facility.

Capital Outlay Fund (301)
Recommend an increase of $1,715,000 in transfer in capital revenue and the corresponding capital expenditure appropriation. This increase pertains to the parking lot renovation, Arterial Road Resurfacing Project (C2209) funded from the Golf Course Operating Fund (651).

Development Impact Fees Fund - Circulation System Improvement Fees Subfund (350) / Subfund (8040)
Recommend a $2,819,480 increase in budgeted revenue, which reflects additional revenue received related to the 101 Logistics Center development. This development includes the construction of four industrial buildings within the Sakioka Farms Business Park.

Bond Assessment Districts Fund (500) / Subfund (5050)
Recommend a $41,000 increase in expenditure appropriation to cover costs for closing Assessment District 2000-1-Oxnard Blvd/Hwy 101 Interchange bonds. Any remaining balance will be returned to the property owners. This action will fully exhaust the fund balance, reducing it to zero.

Water Operating Fund (601)
Recommend a $1,214,548 increase in expenditure appropriation. This increase is attributed to the higher cost of purchased water.

Environmental Resources Operating Fund (631)
Recommend a $786,484 decrease in revenue and a $2,048,468 decrease in expenditure appropriation. The revenue decrease is primarily attributable to lower than anticipated revenues from the Del Norte Waste Gate Fees, which are driven by customer demand. The expenditure decrease is consistent with the new rates approved by the City Council on December 16, 2025.

Golf Course Operating Fund (651)
Recommend a $2,835,000 increase in expenditure appropriation. $1,120,000 is necessary to purchase replacement and/or new equipment for essential golf course maintenance as recommended by a recent assessment completed by the golf course operator, American Golf Corporation. $1,715,000 is the estimated cost to fund the design and construction of the parking lot renovation (Project C2209 - Neighborhood Resurfacing).

Public Liability & Property Insurance Fund (701)
Recommend an increase, not to exceed $4,000,000, in expenditure appropriation and the corresponding transfer in-revenue funded from the General Fund (101). Liability claims expense (which includes attorney's fees, costs, and settlement payments) has averaged around $4.75 million annually. Previously, liability claim expenses averaged around $2.5 million per year. However, in FY 2023-24, the budget for liability claims expenses was increased from $2.5 million to $4.5 million due to a large number of claims being settled in that fiscal year. In FY 2024-25, the budget for liability claims was increased from $2.9 million to $5.8 million. In FY 2025-26, liability claims expenses were budgeted at $5.1 million. Due to larger value claims being settled during FY 2025-26, it is expected that the total claims will be closer to $9.7 million. This $4.6 million claims increase is partially offset by $0.6 million in anticipated savings in Physical Damage and Excess Liability expenditures, therefore, staff is requesting an additional appropriation in the net amount of $4,000,000 to the Public Liability and Property Insurance fund in FY 2025-26.

Adding the Environmental Resources Rollup Door Replacement Project to the Fiscal Year 2025-26 Capital Improvement Program (CIP)
The scope of work includes the repairs and replacement of steel doors at the ER facility. There is anticipated to be sufficient budget in the ER operating fund to fund this project, and staff will request the budget appropriation transfer to the ER Capital Fund 632 at the time of the construction award.

STRATEGIC PRIORITIES

This agenda item is a routine operational item or does not relate to the five strategic priorities adopted by City Council on March 16, 2021.

FINANCIAL IMPACT

The financial impact of each recommended action is spelled out in the "Discussion" section that describes that action.

COMMITTEE OUTCOME

This item did not originate in Committee.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.12

DATE: June 16, 2026

TO: City Council

FROM: Michael Wolfe, Public Works Director, (805) 385-8055, michael.wolfe@oxnard.org

SUBJECT: Assignment of Easements to Calleguas Municipal Water District for the Calleguas – Ventura Interconnection (APN: 157-0-270-015).

RECOMMENDATION

That the City Council approve and authorize the Mayor to execute the Easement Assignment Deed (A-8622) and Easement Transfer Agreement (A-8623) with Calleguas Municipal Water District for APN 157-0-270-015.

(Public Works and Transportation Committee approved 3-0 on May 26, 2026.)

BACKGROUND

Calleguas Municipal Water District (Calleguas) and the City of San Buenaventura (Ventura) are working in partnership to complete the Calleguas-Ventura Interconnection to link their water systems together. The project will construct a bidirectional flow pipeline to increase water reliability for Ventura County, specifically the City of Oxnard.

A portion of the Calleguas pipeline, located in the Springville area of Camarillo, is proposed to be routed through an existing City of Oxnard easement. Calleguas is requesting a permanent easement for the pipeline and a temporary construction easement to facilitate its construction from the City. The City and Calleguas collaborated extensively on the design of the new Calleguas pipeline within the existing Oxnard easement area to maintain operations of the existing City pipeline infrastructure while accommodating existing and future maintenance and construction needs.

DISCUSSION

The Calleguas-Ventura Interconnection would provide a pipeline for conveying water between Ventura and Calleguas. The pipeline would allow Ventura and United Water Conservation District to receive delivery of their State Water Project allocations by wheeling it through the Metropolitan Water District of Southern California and Calleguas's systems. The Calleguas-Ventura Interconnection would also provide a means for Calleguas to receive up to 14.7 cubic feet per second of potable water from Ventura during an outage of imported supplies.

This additional water could be critical under outage conditions, particularly in a lengthy outage if Calleguas's stored water is depleted, as water from Ventura could be available when imported water supplies are interrupted. Ventura has a variety of water sources available, including groundwater from multiple basins.

The total length of the Calleguas-Ventura Interconnection is approximately 41,043 linear feet, of which Calleguas's portion is approximately 19,213 feet, extending from Calleguas's Springville Reservoir and Hydrogenator in the Spanish Hills area of Camarillo to Santa Clara Avenue in Oxnard, where it will connect to Ventura's portion of the pipeline.

Calleguas is requesting a permanent easement for the new pipeline and a temporary easement for construction purposes, located within the City's easement. The requested permanent easement is located on the less desirable sloped portion of the City's easement, and the temporary construction easement is located along the existing access road.

The Calleguas - Ventura Interconnection will provide several benefits to the City of Oxnard, including:

Alternative Water supply: During imported water outages and emergencies, Calleguas will have an alternative water supply available to deliver to the City. The new pipeline will deliver water to Calleguas' Springville Reservoirs, where the City of Oxnard water deliveries are sourced directly from. This increases the City's water supply resiliency. The value of an alternative water supply is difficult to quantify, but in times of water outages, it will be considered extremely valuable.

Alternative / Emergency City of Oxnard 30" connection – Calleguas will construct a new 30" outlet connection for the City as part of their project. This new outlet provides the City with an alternative connection to the Calleguas water system for use in emergencies. The alternative connection increases the City's water system resiliency by having a redundant connection to Calleguas' system. In the event that the City's existing connection is not operational, this alternative connection could be utilized to ensure water deliveries continue to the City. The estimated construction cost for the 30" outlet connection with blind flange is $30,000.

Existing access road paving – Calleguas will repave the City's existing asphalt concrete access road that is located along the waterlines in the easement area as part of their project. The City's access road pavement is nearing the end of its useful life and will require replacement soon. Having the pavement replaced by Calleguas will save the City the capital expenditure and the personnel resources to manage the project design, contracting, and construction. In addition, the new pavement will provide the City with safer and more reliable access to their infrastructure for maintenance, repair, and future construction activities. The estimated construction cost for removal and replacement of the access road asphalt paving and AC Curb is $220,000.

STRATEGIC PRIORITIES

This agenda item supports the Infrastructure and Natural Resources strategy. The purpose of the Infrastructure and Natural Resources strategy is to preserve and improve our roads, utilities, parks, trees, water supply and natural resources through effective planning, prioritization, and an equitable and efficient use of available funding.

FINANCIAL IMPACT

This item does not require an expenditure of City funds, as Calleguas will compensate the City for the easements as well as construct the improvements. The appraised value of the permanent and temporary easements is based on the land use designation of the underlining parcel, which is Open Space. The calculated value of the Permanent easement is 20,731 Square Feet x $0.10 / Square Foot x 50% = $1,036.55 and the Temporary easement is 16,324 Square Feet x $0.10 / Square Foot x 10% = $163.24, with a total of = $1,199.79. Please note that the 50% and 10% factors are commonly used percentages for similar types of permanent and subsurface easement rights and temporary access rights respectively based upon International Right of Way Association standards and practices. However, Calleguas is providing an additional $5,000 for a total of $6,200 (rounded).

The maintenance costs resulting from the repaved access road will have no new increases to the Public Works operating budget and there will be less maintenance needs when compared to the existing deteriorated access road.

COMMITTEE OUTCOME

The Public Works and Transportation Committee approved 3-0 on May 26, 2026 to approve the staff recommendation and to forward the item for Council approval.

Calleguas Municipal Water District

ASSIGNMENT OF EASEMENT

Calleguas - Ventura Interconnection (Project No. 562)

Helen M. Pearson, Dorothy E. James and Robert E. Pearson ("Vendor"), executed a Contract and Grant of Easement ("Easement Deed") granting an exclusive permanent easement to the City of Oxnard, a municipal corporation ("City"). The Easement Deed was recorded in Book 2702, Page 258-266 on December 31, 1964, in the County Recorder's Office of the County of Ventura, a copy of which is attached as Exhibit "A".

This Assignment of Easement ("Assignment") is being executed between the City and Calleguas Municipal Water District ("District") to transfer certain easement rights through the City's exclusive easement area ("City's Exclusive Permanent Easement Area"), described in the attached Easement Deed as Parcel 2202-B. The granting of the new easement rights to the District shall have no effect whatsoever on the rights and easements held by the City. Further, the District's new easement rights will be subservient and secondary to the City's rights.

NOW THEREFOR FOR VALUABLE CONSIDERATION, receipt of which is hereby acknowledged,

CITY OF OXNARD, A MUNICIPAL CORPORATION ("CITY")

hereby GRANTS, ASSIGNS, and TRANSFERS to

CALLEGUAS MUNICIPAL WATER DISTRICT ("DISTRICT")

the following interests in real property:

Permanent Easement

A Permanent Easement in gross to survey, install, construct, reconstruct, enlarge, lay, alter, operate, patrol, remove, replace, and maintain a water or wastewater conduit, consisting of one or more underground water or wastewater pipelines and related facilities. These related facilities may include but are not limited to markers, air valves, manholes, valves, meters, surge control devices, test stations, buried communication devices, buried electrical conduits and devises, pull boxes, and all related incidents, fixtures, and appurtenances. The markers, test stations, pull boxes, blow off valves, air release valves, manholes, other related facilities, and turnouts may be located above ground or partially above ground. The facilities shall be consistent with the construction drawings for the Calleguas – Ventura Interconnection project as reviewed and agreed to by the City. Construction of improvements shall be consistent with plans and documents reviewed and accepted by the City. Construction of District improvements outlined in attached Exhibit "D" shall not interfere with the City's access and ability to perform routine, emergency, or replacement operations in the future. District shall have the right of ingress and egress for personnel, vehicles, and construction equipment to, from, and along the easement area at any time. This easement shall be in, over, on, through, within, under, and across the Easement Area of the City's Exclusive Permanent Easement Area. The "Easement Area" which comprises the District's new Permanent Easement is described and depicted in Exhibit "B", attached hereto and incorporated by reference herein. And;

A Temporary Construction Easement

A Temporary Construction Easement for the purposes of facilitating construction of District Facilities, including the right to place equipment and vehicles, pile earth thereon, and utilize said Temporary Construction Easement for all other related activities and purposes in, on, over, under, through, and across that certain portion of the Real Property which is described and depicted in Exhibit "C", attached hereto and incorporated by reference herein ("Temporary Construction Easement"). Said Temporary Construction Easement shall commence ninety (90) days after issuance by District of a Notice of Commencement of Construction, which shall be issued to City by U.S. Mail, and shall automatically terminate upon completion of construction of District Facilities and restoration of the Temporary Construction Easement Area, or one (1) year after the effective date of the Notice of Commencement of Construction, whichever occurs first; however, District shall have the right to extend the Temporary Construction Easement term for a maximum of three (3) extensions of three (3) months each if District determines that additional time beyond the one year period is necessary for construction completion. In such case, District shall have the unilateral right to extend the Temporary Construction Easement period through construction completion and agrees to compensate City **Five Hundred Dollars ($500)** for each three-month extension term exercised. Payment for any such extension(s) shall be paid by District to City concurrent with District's written notice to City of District's intent to exercise such extension provisions. In any event, this Temporary Construction Easement shall terminate on or before December 31, 2029.

CONTRACT AND GRANT OF EASEMENT

FREE - 9

This contract is made and entered into this 1st day of December, 1964, by and between the CITY OF OXNARD, a municipal corporation, hereinafter referred to as City, and HELEN M. PEARSON, DOROTHY E. JAMES and ROBERT E. PEARSON, hereinafter referred to as Vendor.

In consideration of the sum of $7,287.00, receipt of which is hereby acknowledged by Vendor, and of the mutual covenants herein contained, it is agreed as follows:

1. Vendor hereby grants unto City, its successors and assigns, the exclusive right, privilege and easement to enter upon and to survey, construct, reconstruct, lay, relay, increase the size of, operate, maintain, inspect and remove at any time, structures, buildings, a road, street or alley, storm drains and facilities, sanitary sewers, and utilities, including but not limited to a water main or conduit and water mains or conduits branching therefrom, with all fixtures, devices and appurtenances used or useful in the operation of said road, street or alley, water main or conduit, storm drains and facilities, sanitary sewers or other utilities, and to remove objects interfering therewith, at any and all points within, under, over, upon, through and across the following described land, situate in the County of Ventura, State of California:

Parcel 2202-B (Permanent)

That portion of Lots 2 and 5 of Fractional Section 28, Township 2 North, Range 21 West, San Bernardino Meridian, in the county of Ventura, state of California, according to the official plat of said land filed in the District Land Office on July 10, 1873, described as a whole as follows:

Beginning at a 1-1/4 inch iron pipe marked with a metal tag stamped "SGB-LS 1842" set at the Northwest corner of said Lot 5; thence along the Northerly line of said Fractional Section 28,

1st - North 74° 26' 30" East 1388.66 feet; thence,

2nd - South 56° 56' 56" West 99.81 feet to an intersection with a line that is parallel with and distant Southeasterly 30.00 feet, measured at right angles, from the Northerly line of said Fractional Section 28; thence along said parallel line,

3rd - South 74° 26' 30" West 1302.20 feet to the Westerly line of said Lot 5; thence along said Westerly line,

4th - North 0° 40' 03" East 31.25 feet to the point of beginning.

Parcel 2202-B (Slope)

That portion of Lots 2 and 5 of Fractional Section 28, Township 2 North, Range 21 West, San Bernardino meridian, in the county of Ventura, state of California, according to the official plat of said land filed in the District Land Office on July 10, 1873, described as follows:

Commencing at a point on the Northerly line of said Fractional Section 28, from which a 1-1/2 inch iron pipe marked with a metal tag stamped "SGB-LS 1842" set at the Northwest corner of said Lot 5 bears along said Northerly line South 74° 26' 30" West 1388.66 feet; thence South 56° 56' 56" West 54.22 feet to the true point of beginning; thence,

1st - South 39° 41' 00" West 46.84 feet; thence,

2nd - South 74° 26' 30" West 51.54 feet; thence,

3rd - South 15° 33' 30" East 35.00 feet; thence,

4th - South 74° 26' 30" West 80.00 feet; thence,

5th - North 15° 33' 30" West 30.00 feet; thence,

6th - South 74° 26' 30" West 180.00 feet; thence,

7th - South 15° 33' 30" East 45.00 feet; thence,

8th - South 74° 26' 30" West 80.00 feet; thence,

9th - North 15° 33' 30" West 48.00 feet; thence,

10th - South 74° 26' 30" West 240.00 feet; thence,

11th - South 15° 33' 30" East 20.00 feet; thence,

12th - South 74° 26' 30" West 85.00 feet; thence,

13th - North 15° 33' 30" West 20.00 feet; thence,

15th - South 15° 33' 30" East 5.00 feet; thence,

16th - South 74° 26' 30" West 85.00 feet; thence,

17th - North 15° 33' 30" West 10.00 feet; thence,

18th - South 74° 26' 30" West 155.00 feet; thence,

19th - North 15° 33' 30" West 5.00 feet; thence,

Description: Ventura,CA Document - Book Page 2702.258 Page: 2 of 9
Order: 5461 Comment:

20th - South 74° 26' 30" West 125.00 feet; thence,

21st - North 15° 33' 30" West 5.00 feet to an intersection with a line which is parallel with and distant Southeasterly 30.00 feet, measured at right angles, from the Northerly line of said Fractional Section 28; thence along said parallel line,

22nd - North 74° 26' 30" East 1156.54 feet to an intersection with a line that bears South 56° 56' 56" West and which passes through the true point of beginning; thence along said line,

23rd - North 56° 56' 56" East 45.59 feet to the true point of beginning.

2. Vendor also hereby grants unto City, its successors or assigns, the temporary right, privilege and easement to enter upon and use the below described property for the placing or piling thereon of earth, materials and machinery and for other purposes useful or necessary in connection with the construction of a water main and conduit, access road and storm drainage facilities on the property hereinabove described:

Parcel 2202-B (Temporary)

That portion of Lots 2 and 5 of Fractional Section 28, Township 2 North, Range 21 West, San Bernardino Meridian, in the county of Ventura, state of California, according to the official plat of said land filed in the District Land Office on July 10, 1873, described as a whole as follows:

Beginning at a point on the Northerly line of said Fraction Section 28 from which a 1-1/2 inch iron pipe marked with a metal tag stamped "SGB-LS 1842" set at the Northwest corner of said Lot 5, bears along said Northerly line South 74° 26' 30" West 1388.66 feet; thence,

1st - South 56° 56' 56" West 54.22 feet; thence,

2nd - South 39° 41' 00" West 46.84 feet; thence,

3rd - South 74° 26' 30" West 51.54 feet; thence,

4th - South 15° 33' 30" East 35.00 feet; thence,

5th - South 74° 26' 30" West 80.00 feet; thence,

20th - North 30° 54' 30" East 138.72 feet; thence,

21st - North 75° 54' 30" East 234.75 feet; thence,

22nd - North 3° 02' 30" East 11.04 feet; to the Northerly line of said Fractional Section 28; thence along said Northerly line,

23rd - South 74° 26' 30" West 324.57 feet to the true point of beginning.

Parcel 2202-C (Temporary)

That portion of Lots 2 and 5 of Fractional Section 28, Township 2 North, Range 21 West, San Bernardino Meridian, in the county of Ventura, state of California, according to the official plat of said land filed in the District Land Office on July 10, 1873, described as a whole as follows:

Commencing at a point on the Northerly line of said Fractional Section 28 from which a 1-1/2 inch iron pipe marked with a metal tag stamped "SGB-LS 1842" set at the Northwest corner of said Lot 5 bears along said Northerly line South 74° 26' 30" West 1388.66 feet; thence South [illegible]; South 56° 56' 56" West 54.22 feet; thence South 39° 41' 00" West 46.84 feet; thence South 74° 26' 30" West 51.54 feet; thence South 15° 33' 30" East 35.00 feet; thence South 74° 26' 30" West 80.00 feet; thence, North 15° 33' 30" West 30.00 feet; thence South 74° 26' 30" West 180.00 feet; thence, South 15° 33' 30" East 45.00 feet; thence South 74° 26' 30" West 80.00 feet; thence North 15° 33' 30" West 48.00 feet; thence South 74° 26' 30" West 240.00 feet; thence South 15° 33' 30" East 20.00 feet; thence, South 74° 26' 30" West 85.00 feet; thence North 15° 33' 30" West 20.00 feet; thence South 74° 26' 30" West 80.00 feet; thence South 15° 33' 30" East 5.00 feet; thence South 74° 26' 30" West 85.00 feet; thence North 15° 33' 30" West 10.00 feet; thence, South 74° 26' 30" West 155.00 feet; to the true point of beginning; thence,

1st - North 15° 33' 30" West 5.00 feet; thence,

2nd - South 74° 26' 30" West 125.00 feet; thence,

3rd - North 15° 33' 30" West 5.00 feet to an intersection with a line which is parallel with and distant Southeasterly 30.00 feet; measured at right angles, from the Northerly line of said Fractional Section 27; thence along said parallel line,

4th - South 74° 26' 30" West 145.66 feet to the Westerly line of said Lot 5; thence along said Westerly line,

5th - South 0° 40' 03" West 10.41 feet to an intersection with a line which has a bearing of South 74° 26' 30" West and which passes through the true point of beginning; thence along said line,

6th - North 74° 26' 30" East 273.57 feet to the point of beginning.

Order: 5461 Comment:

EXHIBIT A

The temporary right, privilege and easement shall terminate upon completion of construction and installation of the water main, access road and storm drainage facilities and acceptance thereof by the City, or on August 1, 1965, whichever date first occurs.

3. The Vendor reserves unto himself, his heirs, executors, administrators, successors and assigns all oil, oil rights, minerals, mineral rights, natural gas, natural gas rights and other hydrocarbons by whatsoever name known that may be within or under the parcel of land described in Paragraph One hereof, without, however, any right of entry on the surface of said property, on the subsurface thereof to a depth of five hundred feet measured vertically from said surface.

4. The Vendor agrees that it will not use nor will it grant to any other association, corporation, governmental agency, person or utility company, the right, privilege or easement to use the property described in Paragraph One hereof, except for the drilling and exploration for oil, gas and minerals as herein provided. The Vendor shall not erect any structures upon or dig or drill any well through the surface of, or remove earth or other material from the property described in Paragraph One herein. Provided, however, the Vendor shall have the right to use any access road constructed by the City on its easement for ingress and egress to her adjoining property so long as said property is used for agricultural purposes only.

5. The City shall have the right to grant to any association, corporation, governmental agency, person or utility company the right, privilege or easement to use the property described in Paragraph One hereof for any of the purposes described in said Paragraph One. The City agrees that it will sell said right, privilege or easement for not more than the fair market value of comparable, unencumbered land, as determined at the time of such sale. The grant of such right, privilege and easement shall be upon such terms and conditions as shall not interfere with or endanger any of the structures or facilities of the City within said property.

EXHIBIT A

6. The City agrees to restore the land described in Paragraph Two hereof to the same condition, as nearly as practicable, as it was in prior to the commencement of construction of the water main, storm drainage facilities and access road.

Upon completion of the construction by the City of any structure or facility on the property described in Paragraph One hereof, the City shall restore the premises to the same condition, as nearly as practicable and as may be consistent with the design and plans of said structure or facility, as they were in prior to the commencement of the construction thereof.

7. The Vendor agrees to accept the sum paid hereunder in full payment for the loss or damage to any crops, trees, shrubs, pasturage rights or improvements located within the property described in Paragraph One and Two hereof.

8. This agreement shall be binding upon and inure to the benefit of the heirs, assigns, executors, personal representatives and successors of the parties hereto.

GENERAL ABBREVIATIONS

AB	AGGREGATE BASE, ANCHOR BOLT
AC	ASPHALT CONCRETE
ACP	ASBESTOS CONCRETE PIPE
AC PVMT	ASPHALT CONCRETE PAVEMENT
ADDL	ADDITIONAL
AFF	ABOVE FINISHED FLOOR
AGG	AGGREGATE
ALT	ALTERNATE, ALTERNATIVE
ALUM	ALUMINUM
AP	ANGLE POINT
APPRO	APPROXIMATE
APPROV	APPROVED
APPROX	APPROXIMATELY
APWA	AMERICAN PUBLIC WORKS ASSOCIATION
ARHM	ASPHALT RUBBER HOT MIX
ASSY	ASSEMBLY
AVARV	AIR VACUUM AND AIR RELEASE VALVE
AWWA	AMERICAN WATER WORKS ASSOCIATION
BC	BEGIN CURVE
BDRY	BOUNDARY
BF	BLIND FLANGE
BFV	BUTTERFLY VALVE
BLDG	BUILDING
BM	BENCH MARK, BEAM
BO	BLOW-OFF
BOP	BOTTOM OF PIPE
BOT, BTM	BOTTOM
BTWN	BETWEEN
BVC	BEGINNING VERTICAL CURVE
BVCE	BEGINNING VERTICAL CURVE ELEVATION
BVCS	BEGINNING VERTICAL CURVE STATION
BW	BARBED WIRE
B/W	BOTH WAYS
C	CONDUIT
C & G	CURB AND GUTTER
CATV	CABLE TELEVISION
CB	CATCH BASIN
C/C	CENTER TO CENTER
CF	CURB FACE
CFS	CUBIC FEET PER SECOND
CHKD	CHECKED
CI	CAST IRON
CIW	CONTROL INTERCONNECTING WIRING
CJ	CONSTRUCTION JOINT
CKT	CIRCUIT
CL	CLASS
CLF	CHAIN LINK FENCE
C/L, ℄	CENTERLINE
C/O	CLEAN OUT
CLR, CL	CLEAR
CMC	CEMENT MORTAR COATING
CML&C	CEMENT MORTAR LINED & COATED
CML&P	CEMENT MORTAR LINED & PAINTED
CMP	CORRUGATED METAL PIPE
CMWD	CALLEGUAS MUNICIPAL WATER DISTRICT
COMM	COMMUNICATION
COMP	COMPACTION
CONC	CONCRETE
CONN	CONNECTION
CONST	CONSTRUCTION
CONT, CONT'D	CONTINUED OR CONTINUOUS
CPLG	COUPLING
CP	CONTROL POINT
CPT	CONE PENETRATION TEST
CR	CROWN
CTF	CUT TO FIT
CTOC	CENTER TO CENTER
CTS	CATHODIC TEST STATION
CU	CUBIC
Cu	COPPER
CY	CUBIC YARD
D	DEPTH
DB	DIRECT BURIED, DRAINAGE BOX
DBL	DOUBLE
DG	DECOMPOSED GRANITE
DH	DRILL HOLE
DI	DRAIN INLET
DIA	DIAMETER
DIAG	DIAGONAL
DIP	DUCTILE IRON PIPE

CALLEGUAS MUNICIPAL WATER DISTRICT
THOUSAND OAKS, CALIFORNIA

CALLEGUAS – VENTURA INTERCONNECTION

SURVEY ABBREVIATIONS, SYMBOLS, LEGEND AND CONTROL POINTS

DATE	PROJECT NO.	SHEET 05 OF 121 SHEETS	DWG.
MARCH 2026	562		A5

EXHIBIT "D"

GENERAL NOTES

A. GENERAL:

1. Reference to "Std Dwgs" shall mean Calleguas MWD Standard Drawings, included in an Appendix to the Specifications, unless noted otherwise.
2. See Specifications for index list and copies of Calleguas MWD Standard Drawings.
3. Reference letters and numbers shown in circles are detail identification symbols as described below.

REFERENCE SYMBOL	IDENTIFICATION/DESCRIPTION
F / C2	Detail F on Drawing C2 or as referenced on Drawing C2.
B / –	Detail B on the Same Drawing/Sheet.
704	Calleguas MWD Standard Drawing 704.

4. Drawings may not show all or any existing vegetation for clarity.
5. Unless noted otherwise, all work shown in these documents is new and to be performed under this Contract.
6. All profile elevations are expressed in feet above Mean Sea Level (MSL). Horizontal distances are in feet and/or in inches.
7. Temporary benchmarks shown may have been destroyed or damaged.
8. Owner's yard is located at 2100 Olsen Road, Thousand Oaks, CA 91360.

B. EXISTING FACILITIES:

1. Available record data are included in the Specifications.
2. The District does not warrant nor guarantee the accuracy of locations and grades for existing facilities and utilities, including structures, main lines, service lines and laterals as shown on these Drawings or on the record drawings included in the Specifications.
3. The details and dimensions of the existing facilities have been taken from existing records. Contractor shall verify all existing facilities, elevations and dimensions in the field prior to fabrication of new materials and/or equipment. Such verification shall include potholing for existing pipe and conduits. See General Condition 5.23 in the Specifications for additional requirements.
4. No equipment which exceeds AASHTO H20 loading may be operated within four (4) feet of the outside face of any existing District facility, including pipelines, vaults and building, unless approved in advance, in writing, by the District.
5. Soil stockpile higher than 4 feet or equivalent material storage over any existing belowground utilities shall not be allowed unless approved in advance, in writing, by the District.
6. Provide temporary supports as required to protect existing facilities, including belowground utilities.
7. Surface features shown on the Drawings may have changed since survey maps and aerial photos were compiled and developed in early 2023. The Contractor shall verify in field existing condition as required and include its impact on procurement and installation of the new components under this project.
8. Not all existing facilities and utilities are shown on the Drawings. Refer to record data for additional information.
9. Existing private farm roads shown on the drawings may not exist or may be modified since survey plans prepared.
10. Existing facilities damaged or removed due to construction operations shall be replaced in kind as accepted by the Owner at no additional cost to the Owner. Refer to Section 02990, Miscellaneous Work, for additional requirements
11. Unless otherwise noted, existing facilities shall be protected in place. If existing facilities interfere with construction operations, they shall be temporarily relocated as accepted by the Owner and restored or replaced in kind as accepted by the Owner. All costs shall be borne by the Contractor.
12. Refer to Special Condition 27 for requirements for taking Preconstruction Videos.

C. PIPING AND TRENCHING:

1. Stations shown are along the centerline of pipeline or on a line normal to the centerline of pipeline.
2. Stationing is based on horizontal measurements of all tangent distances, sub–tangent distances at fabricated bends and true curve lengths where horizontal curves are indicated.
3. Where angles are shown in the pipeline alignment which exceed the permissible deflection of the joints, including bevel joints where applicable, fabricated fittings shall be installed.
4. Unless otherwise shown, wall penetrations for all pipes and conduits shall be constructed in accordance with CMWD Standard Drawing 703C.
5. Unless otherwise noted, pipe trenches shall be in accordance with Section 02220 and CMWD Standard Drawings 301A through 301E.
6. Unless otherwise noted, provide at least 8" extra pipe at each buttstrap connection and for pipe with loose flange for field adjustment. Cut pipe in field as required.
7. Buttstrap steel thickness shall be at least 1.25 times the thickness of thickest steel cylinder in adjoining pipe sections.
8. Filler plate shall be provided as required to make connection between two pieces of pipeline and as approved by the Engineer. Thickness of filler plate shall be as required, but not less than 1/8". Required filler plates shall be available on site prior start of making connection.

GENERAL NOTES (CONT'D)

C. PIPING AND TRENCHING (Continued):

9. Filler rods shall be provided as required to make connection between two pieces of pipeline and as approved by the Engineer. Diameter of filler rod shall be as required, but not less than 1/4". Filler rod shall conform to ASTM A36. For each connection between existing and new pipe pieces, sufficient length of filler rod shall be available on site prior to start of making connection.
10. Unless otherwise noted, pipe closure pieces connecting the existing pipe shall be installed during specified shutdown period of the existing facility and after completion of all other work as specified in Special Conditions Sections 1 and 5.
11. All welded steel pipelines shall have bonding jumpers at rubber gasketed joints per CMWD Standard Drawing 901.
12. Joint bonding at flanges, valves, and couplings shall be per CMWD Standard Drawing 902.
13. Pipe cathodic test station shall be installed out of the vehicle traveled area as directed in the field by the Owner. In dirt road and agricultural area install two guard posts near cathodic test station as directed by the owner in field.
14. Crossing of New Pipeline Above the Existing Utility:
    a. Clear vertical distance between new pipeline and existing utility below shall be as shown on the Drawings, but in no case, it shall be less than 6 inches.
    b. If the vertical clearance is between 6 inches and 12 inches, construct per CMWD Standard Drawing 1101.
15. Crossing of New Pipeline Below the Existing Utility:
    a. Clear vertical distance between new pipeline and existing utility above shall be as shown on the Drawings, but in no case, it shall be less than 6 inches.
    b. Construct per CMWD Standard Drawing 1103, except where Note 15.c or 15.d are applicable.
    c. If the existing utility other than CMP drain is larger than 12 inches in diameter or the trench width is more than 4' the existing utility shall be supported per CMWD Standard Drawing1102.
    d. If the existing utility is a box culvert, it shall be supported using a detail similar to CMWD Standard Drawing1102 with I–beam(s) supporting the bottom of the box connected to two chains to support the box culvert.

D. MISCELLANEOUS:

1. Color of all paint shall be submitted for approval by the District prior to painting.
2. Guard post shall be painted using premium enamel with yellow school bus color. Paint shall be PlastiKote Enamel PTK–T29 or approved equal.
3. Locations of all guard posts shown on the Drawings are approximate. Exact locations shall be determined in field as approved by the Owner.

E. DEMOLITION AND ABANDONMENT:

1. Demolish existing facilities as shown on the Drawings.
2. Demolish existing facilities interfering with new construction and replace with new in kind unless otherwise shown and as approved by the Owner. Contractor shall record sizes, locations, and features of existing facilities that are required to be replaced with new prior to start of demolition.
3. All voids created by removal of existing belowground facilities shall be filled using 95% compacted On–Site Select Fill Material or Imported Fill Material. In lieu of soil fill material, 2–sack cement–sand slurry may be used as approved by the Owner.
4. Existing pipes to be abandoned in place shall be filled with 2–sack cement–sand slurry and cut ends shall be sealed using 12" thick brick and mortar or concrete.
5. All voids created in concrete or masonry structures by removal of anchors or similar items shall be filled using non–shrink grout. Color of grout shall match the existing adjacent finished surface.

F. WORK AREA:

1. Work Area inside private properties shall be within the Calleguas permanent and temporary easement areas as depicted on the Drawings. Work Area along public right of way shall be in accordance with General Condition 1.6 for required Work as shown on the Drawings. Work Area within Calleguas owned properties shall be as shown on the Drawings.
2. Work Area shown on the Drawings are approximate and may not show all work area, including area required for traffic controls.
3. Vehicular access to existing facilities to remain in operation shall not be blocked.
4. Work Area may be used for construction activities and temporary staging and storage purposes if General Notes B.4 and B.5 are complied with.
5. Unless otherwise shown, Work Area shall be restored to the original condition.
6. Existing facilities and vegetation shall not be removed unless otherwise noted.

SCALE: 1 IN. = 40 FT.

NOTES:

1. All welded steel 30–inch pipe joints shall be full penetration butt welded from Station 150+00 to Station 171+00. See Detail J on Drawing D3.
2. After construction of 30–inch pipeline and associated components, remove existing asphalt pavement and AC curb, and install new for the entire width of the road from Pipe Station 155+20± to Pipe Station 169+35±. New asphalt pavement shall be 4" ac on 6" aggregate base with finished grade approximately the same as existing. New AC cub shall be in kind.
3. Trench shoring shall be provided from Pipe Station 154+70 to 169+40 regardless of trench depth and site condition.
4. Trench section backfill shall consist of cement–sand slurry from bottom of the trench to 18" above the top of pipe between Pipe Stations 154+70 and 169+40. Backfill for the remaining trench section shall be Imported or On–site Select Fill Material compacted to 95% per Section 02200.
5. Arizona Type Crossing:
   a. Install 12' wide minimum and 57' long minimum concrete Arizona Type vehicle crossing at the existing ditch as shown.
   b. Concrete slab/apron shall be 8–inch thick minimum with #6@ 12" each way in middle. Install 6–inch thick compacted aggregate base below the concrete slab. Top surface shall have broom finish perpendicular to travel direction.
   c. Provide a control joint approximately in middle along longitudinal direction and at approximately 10' on center in transverse direction. Provide Construction joint(s) if needed. All control and construction joints shall have polyethylene joint sealant.
   d. Elevations of top of concrete slab shall be approximately the same as existing and as approved by the Owner in field. Provide gradual descend from west end to east toward center line of the ditch and then gradual ascend to east end. The maximum grade shall not exceed 8 percent on either approach slope. Extend new asphalt concrete to the new concrete slab (Arizona Type crossing) at east end.
   e. Perform required earthwork as needed.

CMWD PARCEL NO.: 6308

EASEMENT TRANSFER AGREEMENT

THIS AGREEMENT dated _____, 2026, is made and entered into by and between

City of Oxnard, a municipal corporation,

hereinafter collectively referred to as "City", and

Calleguas Municipal Water District

hereinafter called "District."

An Assignment of Easement ("Assignment") covering the property rights particularly described therein, has been executed concurrently with this Agreement and delivered to District representatives. A copy of said Assignment is labeled "Exhibit 1" and is attached hereto and incorporated herein by this reference.

In consideration of which, and other considerations hereinafter set forth, it is mutually agreed as follows:

1. The parties have herein set forth the whole of their agreement. The performance of this Agreement constitutes the entire consideration for said Assignment and shall relieve the District of all further obligation or claims on this account, or on account of the location, grade or construction of the proposed public improvement.

2. The District shall:

A. PAYMENT - Pay to the order of the City the sum of **$6,200** as consideration in full for the real property interests being conveyed in the referenced Assignment, for the loss, replacement and moving of any improvements, severance damages and for entering into this Agreement. Said sum shall be paid by District directly to City within 30 days after the Assignment has been recorded.

B. MISCELLANEOUS COSTS - Pay any and all transactional closing costs and recording fees incurred in this transaction.

C. CONSTRUCTION - Shall construct improvements consistent with Plans and documents reviewed and accepted by the City. Construction of District improvements outlined in attached Exhibit A shall not interfere with the City's access and ability to perform routine,

emergency, or replacement operations in the future.

D. RESTORATION OF PROPERTY – After completion of construction use, restore the surface of the Temporary Construction Easement area identified in Exhibit 1 to a better condition than that which existed prior to District's use, including repaving the asphalt concrete access road.

E. INDEMNIFICATION - Indemnify and hold harmless City from any and all claims, damages, costs, judgments, or liability caused by District or its officers, employees or agents specifically arising from District's project construction and restoration work on City's Exclusive Permanent Easement Area, identified in the attached "Exhibit 1" or as a direct result of District's operation of District facilities on City's Exclusive Permanent Easement Area.

F. RECORDATION OF INSTRUMENT - Accept the Assignment herein referenced and cause the same to be recorded in the office of the Ventura County Recorder.

3. The City:

A. REPRESENTATION - Warrants there are no known oral or written leases on all or any portion of the City's Exclusive Permanent Easement Area in the referenced Assignment.

4. The Parties agree:

A. ARTICLE HEADINGS - Article headings in this Agreement are for convenience only and are not intended to be used in interpreting or construing the terms, covenants and conditions of this Agreement.

B. COMPLETE UNDERSTANDING - This Agreement constitutes the entire understanding between the parties with respect to the subject matter hereof, superseding all negotiations, prior discussions, and preliminary agreements or understandings, written or oral. This Agreement may not be amended except in writing by the parties hereto or their successors or assigns.

C. DISTRICT APPROVAL - This Agreement is subject to and conditioned upon approval and ratification by the Calleguas Municipal Water District. This Agreement is not binding upon the District until executed by the appropriate District official(s) acting in their authorized capacity.

No Obligation Other Than Those Set Forth Herein Will Be Recognized.

ASSIGNMENT OF EASEMENT

Calleguas - Ventura Interconnection (Project No. 562)

Helen M. Pearson, Dorothy E. James and Robert E. Pearson ("Vendor"), executed a Contract and Grant of Easement ("Easement Deed") granting an exclusive permanent easement to the City of Oxnard, a municipal corporation ("City"). The Easement Deed was recorded in Book 2702, Page 258-266 on December 31, 1964, in the County Recorder's Office of the County of Ventura, a copy of which is attached as Exhibit "A".

This Assignment of Easement ("Assignment") is being executed between the City and Calleguas Municipal Water District ("District") to transfer certain easement rights through the City's exclusive easement area ("City's Exclusive Permanent Easement Area"), described in the attached Easement Deed as Parcel 2202-B. The granting of the new easement rights to the District shall have no effect whatsoever on the rights and easements held by the City. Further, the District's new easement rights will be subservient and secondary to the City's rights.

NOW THEREFOR FOR VALUABLE CONSIDERATION, receipt of which is hereby acknowledged,

CITY OF OXNARD, A MUNICIPAL CORPORATION ("CITY")

hereby GRANTS, ASSIGNS, and TRANSFERS to

CALLEGUAS MUNICIPAL WATER DISTRICT ("DISTRICT")

the following interests in real property:

Permanent Easement

A Permanent Easement in gross to survey, install, construct, reconstruct, enlarge, lay, alter, operate, patrol, remove, replace, and maintain a water or wastewater conduit, consisting of one or more underground water or wastewater pipelines and related facilities. These related facilities may include but are not limited to markers, air valves, manholes, valves, meters, surge control devices, test stations, buried communication devices, buried electrical conduits and devises, pull boxes, and all related incidents, fixtures, and appurtenances. The markers, test stations, pull boxes, blow off valves, air release valves, manholes, other related facilities, and turnouts may be located above ground or partially above ground. The facilities shall be consistent with the construction drawings for the Calleguas – Ventura Interconnection project as reviewed and agreed to by the City. Construction of improvements shall be consistent with plans and documents reviewed and accepted by the City. Construction of District improvements outlined in attached Exhibit "D" shall not interfere with the City's access and ability to perform routine, emergency, or replacement operations in the future. District shall have the right of ingress and egress for personnel, vehicles, and construction equipment to, from, and along the easement area at any time. This easement shall be in, over, on, through, within, under, and across the Easement Area of the City's Exclusive Permanent Easement Area. The "Easement Area" which comprises the District's new Permanent Easement is described and depicted in Exhibit "B", attached hereto and incorporated by reference herein. And;

A Temporary Construction Easement

A Temporary Construction Easement for the purposes of facilitating construction of District Facilities, including the right to place equipment and vehicles, pile earth thereon, and utilize said Temporary Construction Easement for all other related activities and purposes in, on, over, under, through, and across that certain portion of the Real Property which is described and depicted in Exhibit "C", attached hereto and incorporated by reference herein ("Temporary Construction Easement"). Said Temporary Construction Easement shall commence ninety (90) days after issuance by District of a Notice of Commencement of Construction, which shall be issued to City by U.S. Mail, and shall automatically terminate upon completion of construction of District Facilities and restoration of the Temporary Construction Easement Area, or one (1) year after the effective date of the Notice of Commencement of Construction, whichever occurs first; however, District shall have the right to extend the Temporary Construction Easement term for a maximum of three (3) extensions of three (3) months each if District determines that additional time beyond the one year period is necessary for construction completion. In such case, District shall have the unilateral right to extend the Temporary Construction Easement period through construction completion and agrees to compensate City **Five Hundred Dollars ($500)** for each three-month extension term exercised. Payment for any such extension(s) shall be paid by District to City concurrent with District's written notice to City of District's intent to exercise such extension provisions. In any event, this Temporary Construction Easement shall terminate on or before December 31, 2029.

GRANTOR:

CONTRACT AND GRANT OF EASEMENT

FREE - 9

This contract is made and entered into this 1st day of December, 1964, by and between the CITY OF OXNARD, a municipal corporation, hereinafter referred to as City, and HELEN M. PEARSON, DOROTHY E. JAMES and ROBERT E. PEARSON, hereinafter referred to as Vendor.

In consideration of the sum of $7,287.00, receipt of which is hereby acknowledged by Vendor, and of the mutual covenants herein contained, it is agreed as follows:

1. Vendor hereby grants unto City, its successors and assigns, the exclusive right, privilege and easement to enter upon and to survey, construct, reconstruct, lay, relay, increase the size of, operate, maintain, inspect and remove at any time, structures, buildings, a road, street or alley, storm drains and facilities, sanitary sewers, and utilities, including but not limited to a water main or conduit and water mains or conduits branching therefrom, with all fixtures, devices and appurtenances used or useful in the operation of said road, street or alley, water main or conduit, storm drains and facilities, sanitary sewers or other utilities, and to remove objects interfering therewith, at any and all points within, under, over, upon, through and across the following described land, situate in the County of Ventura, State of California:

Parcel 2202-B (Permanent)

That portion of Lots 2 and 5 of Fractional Section 28, Township 2 North, Range 21 West, San Bernardino Meridian, in the county of Ventura, state of California, according to the official plat of said land filed in the District Land Office on July 10, 1873, described as a whole as follows:

Beginning at a 1-1/4 inch iron pipe marked with a metal tag stamped "SGB-LS 1842" set at the Northwest corner of said Lot 5; thence along the Northerly line of said Fractional Section 28,

1st - North 74° 26' 30" East 1388.66 feet; thence,

2nd - South 56° 56' 56" West 99.81 feet to an intersection with a line that is parallel with and distant Southeasterly 30.00 feet, measured at right angles, from the Northerly line of said Fractional Section 28; thence along said parallel line,

3rd - South 74° 26' 30" West 1302.20 feet to the Westerly line of said Lot 5; thence along said Westerly line,

4th - North 0° 40' 03" East 31.25 feet to the point of beginning.

Parcel 2202-B (Slope)

That portion of Lots 2 and 5 of Fractional Section 28, Township 2 North, Range 21 West, San Bernardino meridian, in the county of Ventura, state of California, according to the official plat of said land filed in the District Land Office on July 10, 1873, described as follows:

Commencing at a point on the Northerly line of said Fractional Section 28, from which a 1-1/2 inch iron pipe marked with a metal tag stamped "SGB-LS 1842" set at the Northwest corner of said Lot 5 bears along said Northerly line South 74° 26' 30" West 1388.66 feet; thence South 56° 56' 56" West 54.22 feet to the true point of beginning; thence,

1st - South 39° 41' 00" West 46.84 feet; thence,

2nd - South 74° 26' 30" West 51.54 feet; thence,

3rd - South 15° 33' 30" East 35.00 feet; thence,

4th - South 74° 26' 30" West 80.00 feet; thence,

Order: 5461 Comment:

EXHIBIT A

The temporary right, privilege and easement shall terminate upon completion of construction and installation of the water main, access road and storm drainage facilities and acceptance thereof by the City, or on August 1, 1965, whichever date first occurs.

3. The Vendor reserves unto himself, his heirs, executors, administrators, successors and assigns all oil, oil rights, minerals, mineral rights, natural gas, natural gas rights and other hydrocarbons by whatsoever name known that may be within or under the parcel of land described in Paragraph One hereof, without, however, any right of entry on the surface of said property, on the subsurface thereof to a depth of five hundred feet measured vertically from said surface.

4. The Vendor agrees that it will not use nor will it grant to any other association, corporation, governmental agency, person or utility company, the right, privilege or easement to use the property described in Paragraph One hereof, except for the drilling and exploration for oil, gas and minerals as herein provided. The Vendor shall not erect any structures upon or dig or drill any well through the surface of, or remove earth or other material from the property described in Paragraph One herein. Provided, however, the Vendor shall have the right to use any access road constructed by the City on its easement for ingress and egress to her adjoining property so long as said property is used for agricultural purposes only.

5. The City shall have the right to grant to any association, corporation, governmental agency, person or utility company the right, privilege or easement to use the property described in Paragraph One hereof for any of the purposes described in said Paragraph One. The City agrees that it will sell said right, privilege or easement for not more than the fair market value of comparable, unencumbered land, as determined at the time of such sale. The grant of such right, privilege and easement shall be upon such terms and conditions as shall not interfere with or endanger any of the structures or facilities of the City within said property.

6. The City agrees to restore the land described in Paragraph Two hereof to the same condition, as nearly as practicable, as it was in prior to the commencement of construction of the water main, storm drainage facilities and access road.

Upon completion of the construction by the City of any structure or facility on the property described in Paragraph One hereof, the City shall restore the premises to the same condition, as nearly as practicable and as may be consistent with the design and plans of said structure or facility, as they were in prior to the commencement of the construction thereof.

7. The Vendor agrees to accept the sum paid hereunder in full payment for the loss or damage to any crops, trees, shrubs, pasturage rights or improvements located within the property described in Paragraph One and Two hereof.

8. This agreement shall be binding upon and inure to the benefit of the heirs, assigns, executors, personal representatives and successors of the parties hereto.

CALLEGUAS – VENTURA INTERCONNECTION

SURVEY ABBREVIATIONS, SYMBOLS, LEGEND AND CONTROL POINTS

DATE	PROJECT NO.	SHEET 05 OF 121 SHEETS	DWG.
MARCH 2026	562		A5

EXHIBIT "D"

GENERAL NOTES

A. GENERAL:

1. Reference to "Std Dwgs" shall mean Calleguas MWD Standard Drawings, included in an Appendix to the Specifications, unless noted otherwise.
2. See Specifications for index list and copies of Calleguas MWD Standard Drawings.
3. Reference letters and numbers shown in circles are detail identification symbols as described below.

REFERENCE SYMBOL	IDENTIFICATION/DESCRIPTION
F / C2	Detail F on Drawing C2 or as referenced on Drawing C2.
B / –	Detail B on the Same Drawing/Sheet.
704	Calleguas MWD Standard Drawing 704.

4. Drawings may not show all or any existing vegetation for clarity.
5. Unless noted otherwise, all work shown in these documents is new and to be performed under this Contract.
6. All profile elevations are expressed in feet above Mean Sea Level (MSL). Horizontal distances are in feet and/or in inches.
7. Temporary benchmarks shown may have been destroyed or damaged.
8. Owner's yard is located at 2100 Olsen Road, Thousand Oaks, CA 91360.

B. EXISTING FACILITIES:

1. Available record data are included in the Specifications.
2. The District does not warrant nor guarantee the accuracy of locations and grades for existing facilities and utilities, including structures, main lines, service lines and laterals as shown on these Drawings or on the record drawings included in the Specifications.
3. The details and dimensions of the existing facilities have been taken from existing records. Contractor shall verify all existing facilities, elevations and dimensions in the field prior to fabrication of new materials and/or equipment. Such verification shall include potholing for existing pipe and conduits. See General Condition 5.23 in the Specifications for additional requirements.
4. No equipment which exceeds AASHTO H20 loading may be operated within four (4) feet of the outside face of any existing District facility, including pipelines, vaults and building, unless approved in advance, in writing, by the District.
5. Soil stockpile higher than 4 feet or equivalent material storage over any existing belowground utilities shall not be allowed unless approved in advance, in writing, by the District.
6. Provide temporary supports as required to protect existing facilities, including belowground utilities.
7. Surface features shown on the Drawings may have changed since survey maps and aerial photos were compiled and developed in early 2023. The Contractor shall verify in field existing condition as required and include its impact on procurement and installation of the new components under this project.
8. Not all existing facilities and utilities are shown on the Drawings. Refer to record data for additional information.
9. Existing private farm roads shown on the drawings may not exist or may be modified since survey plans prepared.
10. Existing facilities damaged or removed due to construction operations shall be replaced in kind as accepted by the Owner at no additional cost to the Owner. Refer to Section 02990, Miscellaneous Work, for additional requirements
11. Unless otherwise noted, existing facilities shall be protected in place. If existing facilities interfere with construction operations, they shall be temporarily relocated as accepted by the Owner and restored or replaced in kind as accepted by the Owner. All costs shall be borne by the Contractor.
12. Refer to Special Condition 27 for requirements for taking Preconstruction Videos.

C. PIPING AND TRENCHING:

1. Stations shown are along the centerline of pipeline or on a line normal to the centerline of pipeline.
2. Stationing is based on horizontal measurements of all tangent distances, sub–tangent distances at fabricated bends and true curve lengths where horizontal curves are indicated.
3. Where angles are shown in the pipeline alignment which exceed the permissible deflection of the joints, including bevel joints where applicable, fabricated fittings shall be installed.
4. Unless otherwise shown, wall penetrations for all pipes and conduits shall be constructed in accordance with CMWD Standard Drawing 703C.
5. Unless otherwise noted, pipe trenches shall be in accordance with Section 02220 and CMWD Standard Drawings 301A through 301E.
6. Unless otherwise noted, provide at least 8" extra pipe at each buttstrap connection and for pipe with loose flange for field adjustment. Cut pipe in field as required.
7. Buttstrap steel thickness shall be at least 1.25 times the thickness of thickest steel cylinder in adjoining pipe sections.
8. Filler plate shall be provided as required to make connection between two pieces of pipeline and as approved by the Engineer. Thickness of filler plate shall be as required, but not less than 1/8". Required filler plates shall be available on site prior start of making connection.

GENERAL NOTES (CONT'D)

C. PIPING AND TRENCHING (Continued):

9. Filler rods shall be provided as required to make connection between two pieces of pipeline and as approved by the Engineer. Diameter of filler rod shall be as required, but not less than 1/4". Filler rod shall conform to ASTM A36. For each connection between existing and new pipe pieces, sufficient length of filler rod shall be available on site prior to start of making connection.
10. Unless otherwise noted, pipe closure pieces connecting the existing pipe shall be installed during specified shutdown period of the existing facility and after completion of all other work as specified in Special Conditions Sections 1 and 5.
11. All welded steel pipelines shall have bonding jumpers at rubber gasketed joints per CMWD Standard Drawing 901.
12. Joint bonding at flanges, valves, and couplings shall be per CMWD Standard Drawing 902.
13. Pipe cathodic test station shall be installed out of the vehicle traveled area as directed in the field by the Owner. In dirt road and agricultural area install two guard posts near cathodic test station as directed by the owner in field.
14. Crossing of New Pipeline Above the Existing Utility:
    a. Clear vertical distance between new pipeline and existing utility below shall be as shown on the Drawings, but in no case, it shall be less than 6 inches.
    b. If the vertical clearance is between 6 inches and 12 inches, construct per CMWD Standard Drawing 1101.
15. Crossing of New Pipeline Below the Existing Utility:
    a. Clear vertical distance between new pipeline and existing utility above shall be as shown on the Drawings, but in no case, it shall be less than 6 inches.
    b. Construct per CMWD Standard Drawing 1103, except where Note 15.c or 15.d are applicable.
    c. If the existing utility other than CMP drain is larger than 12 inches in diameter or the trench width is more than 4' the existing utility shall be supported per CMWD Standard Drawing1102.
    d. If the existing utility is a box culvert, it shall be supported using a detail similar to CMWD Standard Drawing1102 with I–beam(s) supporting the bottom of the box connected to two chains to support the box culvert.

D. MISCELLANEOUS:

1. Color of all paint shall be submitted for approval by the District prior to painting.
2. Guard post shall be painted using premium enamel with yellow school bus color. Paint shall be PlastiKote Enamel PTK–T29 or approved equal.
3. Locations of all guard posts shown on the Drawings are approximate. Exact locations shall be determined in field as approved by the Owner.

E. DEMOLITION AND ABANDONMENT:

1. Demolish existing facilities as shown on the Drawings.
2. Demolish existing facilities interfering with new construction and replace with new in kind unless otherwise shown and as approved by the Owner. Contractor shall record sizes, locations, and features of existing facilities that are required to be replaced with new prior to start of demolition.
3. All voids created by removal of existing belowground facilities shall be filled using 95% compacted On–Site Select Fill Material or Imported Fill Material. In lieu of soil fill material, 2–sack cement–sand slurry may be used as approved by the Owner.
4. Existing pipes to be abandoned in place shall be filled with 2–sack cement–sand slurry and cut ends shall be sealed using 12" thick brick and mortar or concrete.
5. All voids created in concrete or masonry structures by removal of anchors or similar items shall be filled using non–shrink grout. Color of grout shall match the existing adjacent finished surface.

F. WORK AREA:

1. Work Area inside private properties shall be within the Calleguas permanent and temporary easement areas as depicted on the Drawings. Work Area along public right of way shall be in accordance with General Condition 1.6 for required Work as shown on the Drawings. Work Area within Calleguas owned properties shall be as shown on the Drawings.
2. Work Area shown on the Drawings are approximate and may not show all work area, including area required for traffic controls.
3. Vehicular access to existing facilities to remain in operation shall not be blocked.
4. Work Area may be used for construction activities and temporary staging and storage purposes if General Notes B.4 and B.5 are complied with.
5. Unless otherwise shown, Work Area shall be restored to the original condition.
6. Existing facilities and vegetation shall not be removed unless otherwise noted.

PLAN

SCALE: 1 IN. = 40 FT.

NOTES:

1. All welded steel 30–inch pipe joints shall be full penetration butt welded from Station 150+00 to Station 171+00. See Detail J on Drawing D3.
2. After construction of 30–inch pipeline and associated components, remove existing asphalt pavement and AC curb, and install new for the entire width of the road from Pipe Station 155+20± to Pipe Station 169+35±. New asphalt pavement shall be 4" ac on 6" aggregate base with finished grade approximately the same as existing. New AC cub shall be in kind.
3. Trench shoring shall be provided from Pipe Station 154+70 to 169+40 regardless of trench depth and site condition.
4. Trench section backfill shall consist of cement–sand slurry from bottom of the trench to 18" above the top of pipe between Pipe Stations 154+70 and 169+40. Backfill for the remaining trench section shall be Imported or On–site Select Fill Material compacted to 95% per Section 02200.
5. Arizona Type Crossing:
   a. Install 12' wide minimum and 57' long minimum concrete Arizona Type vehicle crossing at the existing ditch as shown.
   b. Concrete slab/apron shall be 8–inch thick minimum with #6@ 12" each way in middle. Install 6–inch thick compacted aggregate base below the concrete slab. Top surface shall have broom finish perpendicular to travel direction.
   c. Provide a control joint approximately in middle along longitudinal direction and at approximately 10' on center in transverse direction. Provide Construction joint(s) if needed. All control and construction joints shall have polyethylene joint sealant.
   d. Elevations of top of concrete slab shall be approximately the same as existing and as approved by the Owner in field. Provide gradual descend from west end to east toward center line of the ditch and then gradual ascend to east end. The maximum grade shall not exceed 8 percent on either approach slope. Extend new asphalt concrete to the new concrete slab (Arizona Type crossing) at east end.
   e. Perform required earthwork as needed.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.13

DATE: June 16, 2026

TO: City Council

FROM: Michael Wolfe, Public Works Director, (805) 385-8055, michael.wolfe@oxnard.org

SUBJECT: Purchase Order with Quinn Company for One Caterpillar 950 Wheel Loader for the Environmental Resources Division.

RECOMMENDATION

That the City Council approve and authorize the Mayor to execute a Purchase Order with Quinn Company in an amount not to exceed $573,818.15 for the purchase of one new Caterpillar Inc. Model 950 Wheel Loader, utilizing the Sourcewell cooperative purchasing agreement (#011723-CAT), for use by the Environmental Resources Division.

(Public Works and Transportation Committee approved 3-0 on May 26, 2026.)

BACKGROUND

The City of Oxnard Environmental Resources Division (ER) provides municipal solid waste (MSW) collection and processing services, including garbage, recyclable materials, and organic waste to approximately 41,077 customer accounts as of April 2026. The Division processes approximately 297,000 tons of material annually, including refuse, recyclables, and organic waste streams that must be received, sorted, and transferred six days a week.

To support these daily operations, the Division relies on heavy-duty equipment, including wheel loaders, to perform essential functions such as unloading, stockpiling, and transporting materials. Due to the high volume of materials handled and the demanding operating conditions, this equipment experiences significant wear and must be replaced periodically.

The Division's existing wheel loader (ID# 14304), purchased in 2014, has reached the end of its useful service life, has high operating hours, and has increasing maintenance costs. Wheel loaders used in solid waste environments have an expected useful life of approximately 10,000 to 15,000 hours of operation. Equipment (ID# 14304) has reached 23,681 hours and is operating beyond its economic life and incurring elevated maintenance costs, reduced efficiency, and increased risk of operational disruption. Replacement of the unit is necessary to maintain reliable service levels and support ongoing compliance with Local and State waste diversion and organics recycling requirements.

DISCUSSION

In alignment with the 2024 ER Cost of Service Study, the Environmental Resources Division obtained a cooperative purchase quotation through Sourcewell from Quinn Company for the acquisition of one new 2026 Caterpillar 950 Wheel Loader to replace the existing unit (ID# 14304). The proposed equipment is specifically configured for solid waste operations and includes a high-lift linkage and waste handling package designed to perform efficiently in high-volume material processing environments such as the Del Norte Regional Recycling and Transfer Station.

The quoted unit includes all standard features, along with additional enhancements designed specifically for solid waste operations, such as collision warning, surround-view cameras, rearview monitoring, a reversing fan, a trash air precleaner, a fire suppression system, and an industrial lighting package. These features are intended to improve operator safety,

minimize downtime, and extend the life of the equipment. No additional costs were associated with these features in the quote.

The total purchase price of the equipment is $636,253.17. Through the use of the Sourcewell cooperative purchasing contract (#011723-CAT), the City will receive an 18 percent discount, resulting in a net purchase price of $525,227.60, excluding taxes and fees. Including applicable sales tax, tire fees, and delivery costs, the total cost of the equipment is $573,818.15. The equipment includes a standard 12-month full machine warranty, along with extended coverage of 36 months or 5,000 hours for the powertrain, hydraulics, and technology components.

The City Purchasing Policy allows for the use of governmental cooperative contracts for the purchase of goods, equipment and contractual services when the contract has been competitively bid and awarded in accordance with local, State, and Federal laws that govern public procurement. Quinn Company holds a cooperative contract with Sourcewell #011723-CAT with a current expiration date of April 14, 2027, and may be extended one additional year. Sourcewell offers government agencies a cooperative purchasing program that provides competitively solicited cooperative contracts and allows the City to "piggyback" on the agreement and obtain the rentals at a discounted price.

STRATEGIC PRIORITIES

This agenda item is a routine operational item or does not relate to the four strategic plans adopted by City Council on May 17, 2016.

FINANCIAL IMPACT

The total cost for the purchase of one Caterpillar 950 Wheel Loader shall not exceed $573,818.15 and will be funded through the Environmental Resources Division's adopted Fiscal Year 2025-2026 budget and also use of the Fleet Replacement Fund (742) in project C1837 that has one-time funds as outlined below. The use of the Sourcewell cooperative purchasing contract (# 011723-CAT) provides a cost savings of approximately $114,525.57, or 18 percent off the list price.

Account (Capex- Machinery/Equipment)	**Amount**
7423750-56040-C1837	$ 327,172.00
6313636-56040	$ 246,646.15
Total	**$ 573,818.15**

COMMITTEE OUTCOME

The Public Works and Transportation Committee approved 3-0 on May 26, 2026 to approve the staff recommendation and to forward the item for Council approval.

Please click here to view the Measure M pre-recorded presentation video.

Please click here to view the May 26, 2026 Public Works and Transportation Committee Meeting recording.

OXNARD, California 93030

Attention: ABEL DELGADILLO

We would like to thank you for your interest in our company and our products, and are pleased to quote the following for your consideration.

One (1) New Caterpillar Inc. Model: 950 Wheel Loader including standard and optional equipment as listed below.

STOCK NUMBER: NS0025136 **SERIAL NUMBER:** 0TN210841 **YEAR:** 2026 **SMU:** 7

We wish to thank you for the opportunity of quoting on your equipment needs. This quotation is valid for 90 days, Subject to availability after which time we reserve the right to re-quote. If there are any questions, please do not hesitate to contact me.

Sincerely,

Jaime Llamas
Machine Sales Representative

Sourcewell

Solicitation Number: RFP # 011723

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and **Caterpillar Inc.**, 100 NE Adams Street, Peoria, IL 61629 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for **Heavy Construction Equipment with Related Attachments and Technology** from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

B. EXPIRATION DATE AND EXTENSION. This Contract expires April 14, 2027, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.

C. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

Pursuant to Section 10(b), Supplier will subcontract certain obligations under this Contract to its dealers. Only those dealers that sign a Participation Agreement with Supplier obligating them to comply with the terms of this Contract will be eligible to provide Equipment, Products, or Services as a subcontractor under this Contract. In the event there is no dealer who has entered into a Participation Agreement available to provide Equipment, Products, or Services to a Participating Entity, Supplier will be under no obligation to provide Equipment, Products, or Services to such Participating Entity under this Contract. Supplier will provide a copy of this Contract to its dealers that would normally service Participating Entities and invite such dealers to enter into a Participation Agreement as a subcontractor of Supplier under the terms of this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the percentage list discount stated in the supplier's proposal.

Upon request made to a participating CAT dealer, from a Participating Entity identifying themselves as a Sourcewell member by providing their Sourcewell member number and contract number; formal quotes will list all costs, including all delivery expenses, such as freight and permits (when required).

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

Alternatively, Participating Entities may choose to make their own transportation arrangements. In such case, there would be no delivery charges from the local participating Cat dealer.
Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities. Supplier may not enter into a contract with a U.S. Federal Government entity prior to obtaining necessary internal approvals and shall not be obligated to provide Equipment, Products or Services to any U.S. Federal Government entity under this Contract unless separately agreed in writing. Caterpillar may work with such parties and may agree to provide equipment or services under the Contract on a case-by-case basis.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Participating Dealers with payments made to the Participating Dealers. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier's Participating Dealer, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and Supplier's Participating Dealer or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. AUDIT. Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. ASSIGNMENT. Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid. Provided, however, that Supplier is permitted to subcontract certain of its rights and obligations to Supplier Participating Dealers for performance without Sourcewell's prior written consent.

C. AMENDMENTS. Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. WAIVER. Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. CONTRACT COMPLETE. This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. RELATIONSHIP OF THE PARTIES. The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Intentionally omitted.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. Intentionally Deleted.

B. PUBLICITY. Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. MARKETING. Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. ENDORSEMENT. The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending*. Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*

Workers' Compensation: As required by any applicable law or regulation.

Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:
$500,000 each accident for bodily injury by accident
$500,000 policy limit for bodily injury by disease
$500,000 each employee for bodily injury by disease

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:
$1,000,000 each occurrence Bodily Injury and Property Damage
$1,000,000 Personal and Advertising Injury
$2,000,000 aggregate for products liability-completed operations
$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:
$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:
$2,000,000

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds. A Participating Dealer may name a Participating Entity as an additional insured on a case-by-case basis.

WAIVER OF SUBROGATION. Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors.

D. UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION. The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. LAWS AND REGULATIONS. All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. LICENSES. Supplier's Participating Dealers must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Participating Dealer conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Caterpillar: Confidential Green

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Intentionally omitted.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Table 2: Company Information and Financial Strength

Line Item	Question	Response *	

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	The history of Caterpillar is all about doing: creating, building, problem solving, innovating, testing, servicing and improving. We're proud of the ingenious machines that are part of our rich heritage. More importantly, we are proud of the people who founded and built the company one breakthrough at a time. Beginning with Benjamin Holt and C. L. Best, the people of Caterpillar have always been - and continue to be - extraordinary. In 1925, when Holt and Best merged to form their new tractor company, they used the name so familiar to people around the world: Caterpillar. The Caterpillar Tractor Company is today known as Caterpillar Inc. With 2021 sales and revenues of $51.0 billion, Caterpillar Inc. is the world's leading manufacturer of construction and mining equipment, off-highway diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives. For nearly 100 years, we've been helping customers build a better, more sustainable world and are committed and contributing to a reduced-carbon future. Our innovative products and services, backed by our global dealer network, provide exceptional value that helps customers succeed. Caterpillar does business on every continent, principally operating through three primary segments – Construction Industries, Resource Industries and Energy & Transportation – and providing financing and related services through our Financial Products segment. Our Worldwide Code of Conduct, first published in 1974, defines what we stand for and believe in, documenting the uncompromisingly high ethical standards our company has upheld since its founding in 1925. The Code helps Caterpillar employees put our values and principles into action every day by providing detailed guidance on the behaviors and actions that support our values of Integrity, Excellence, Teamwork, Commitment and Sustainability. Caterpillar's Code of Conduct that can be found at https://www.caterpillar.com/en/company/code-of-conduct.html	*
11	What are your company's expectations in the event of an award?	Caterpillar is honored to have served Sourcewell and its members who have purchased Cat® construction equipment, attachments (work tools), and electrical power generation products through Sourcewell since 2008. Furthermore, we are proud to have earned the Sourcewell Legacy Award in 2019, and have recently been awarded contracts 060122-CAT and 092222-CAT. Caterpillar's expectations in the event of an award would be to focus on customer needs and continued growth across all governmental segments. Sourcewell has built a strong reputation within the industry that has shown the importance of how this cooperative contract delivers upon customer needs. This contract will be a top factor in our go to market strategy within our strong Cat dealer network. If awarded, we will send out an email to our entire sales force, applicable to governmental, introducing the contract along with ways to train our salesforce, market, and grow the contract. We look forward to the opportunity to further grow business and serve member needs together in this new Heavy Construction Equipment RFP opportunity.	*
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Caterpillar Inc. is a publicly traded company, and as such, its financial information is updated quarterly and available at: https://investors.caterpillar.com/overview/default.aspx Caterpillar's 2021 Annual Report provides details about our financial position. Our SEC filing documents can be found at: https://investors.caterpillar.com/financials/sec-filings/default.aspx. Both documents are included as attachments in our Financial Strength and Stability Documents. As 2022 results are yet to be released, below you can find a summary of our full year 2021 financials. In 2021 full year sales and revenues were $51B of which, North American sales were $22B. Operating profit was $6.9B with a profit per share of USD $11.83. Dividends paid per share of USD $4.28.	*
13	What is your US market share for the solutions that you are proposing?	Caterpillar is a significant contributor to the overall Heavy Equipment sector within the US and Canada. Market share information beyond what is made publicly available through our annual reports is considered confidential.	*
14	What is your Canadian market share for the solutions that you are proposing?	Caterpillar is a significant contributor to the overall Heavy Equipment sector within the US and Canada. Market share information beyond what is made publicly available through our annual reports is considered confidential.	*
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No.	*

16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	Caterpillar is a world class manufacturer which distributes products through a vast and capable independent dealer network. Our dealers are strong independently owned companies and in North America alone our 47 dealers have a combined net worth of billions of dollars. Their large valuation is a competitive advantage because it allows them to have the infrastructure to support customers regardless of location, industry, fleet size, or application. Another advantage of independently owned dealers is that they know their customers and market well. They tailor their services specifically to their customers' needs. Although we will sign this contract as a manufacturer, our Cat dealers will be given the opportunity to avail themselves of the opportunity presented by the contract and will execute all the transactions with governmental customers as they do today. This includes but is not limited to consultation, quoting, accepting payment, delivery, warranty support, parts sales, and service. Caterpillar dealers heartily embrace the other Sourcewell contracts currently available to them (032119-CAT, 092222-CAT, 062320-CAT, 060122-CAT). They have all been trained on contract usage. In fact, the current Heavy Equipment contract is leveraged by 95% of our dealers in North America. Caterpillar offers specific discounts to Sourcewell members. By using any Sourcewell Contract, our dealers agree to honor those discounts.	*
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	Caterpillar and its subsidiaries operate across the globe in a variety of markets that require Caterpillar to adhere to all locally mandated laws and regulations in order to do business. With regards to the territories covered by this RFP, Caterpillar will comply with applicable laws in order to do business in the territories described herein. As an equipment manufacturer focused on quality, Caterpillar created the Caterpillar Quality Management System, which is a process-based, ISO 9001:2015 compliant quality management system used throughout Caterpillar to continually improve the quality of our products and services to meet customer, statutory, and regulatory requirements. It is registered with IRCA (International Register of Certificated Auditors) as Caterpillar Quality Management System CAT791A.	*
18	Provide all “Suspension or Debarment” information that has applied to your organization during the past ten years.	N/A	*

Table 3: Industry Recognition & Marketplace Success

Line Item	Question	Response *	

19	Describe any relevant industry awards or recognition that your company has received in the past five years	Please note: To list all the awards received in the past 5 years would unnecessarily lengthen our response. For brevity, we are highlighting some recognition received in 2020, 2021 and 2022. Also note there are many global awards. Fortune Magazine #78 on the Fortune 500 2021 Fortune Magazine World's Most Admired Companies World & North America Dow Jones Sustainability Index Forbes Best Employers for diversity 2020 and 2021 #82 Best Global Brands- Interbrand 2021 The Wall Street Journal Best Managed Companies in 2020 and 2021 The Wall Street Journal World's Most Sustainably Managed Companies Human Rights Campaign Foundation Corporate Equality Index Dow Jones Sustainability Index (World and North America) 21 years World's Most Sustainably Managed Companies – The Wall Street Journal United Way World Wide's Global Corporate Leadership Program U.S. President's Volunteer Service Award from Junior Achievement Corporate Equality Index – Human Rights Campaign Foundation CSR China Top 100 – the 4th CSR China Education Award (China) China CSR Excellence Award – China Philanthropy Times (China) Corporate Social Responsibility Research Center of Southern Weekly (China) Outstanding Contribution to Poverty Alleviation – China Foundation for Poverty Alleviation (China) 2020 Global 500 – Fortune Magazine America's Most Responsible Companies 2020, 2021 & 2022 – Newsweek Best-Managed Companies of 2020 & 2021 – The Wall Street Journal Top Companies for Customer Satisfaction – The Wall Street Journal The CEO Leaderboard: COVID-19 Reputation Rankings – SJR All-America Executive Team – Institutional Investor Top 150 Global Licensors – Global License Best Global Brands Top 100 – Interbrand World's Most Valuable Brands 2020 – Forbes 2020 Best Places to Work for Disability Inclusion – Disability Equality Index World's Best Employers 2020 – Forbes Best Employers for Women 2020 – Forbes America's Best Employers by State 2020 – Forbes America's Best Employers for Diversity 2020 – Forbes Best Employers for New Grads 2020 – Forbes Global 2000 – Forbes 2020, 2021 & 2022 Best Employers for Veterans 2020 and 2021– Forbes Top Veteran-Friendly Company – U.S. Veterans Magazine #1 Great Place to Work – Great Place to Work Institute (Brazil) #1 Great Place to Work in the Ag Business - Great Place to Work Institute (Brazil) Chile's 20 Best Places in 2020 to Work for LGBTQ Equality, pwc Human Rights Campaign Top of Mind Company "Industry category" (Piracicaba, Brazil) Certification on Promoting Work-Life Balance in Hyogo Prefecture – Hyogo Work and Life Center (Japan) Hyogo's Women's Success in Business Promotion Company – Hyogo Women Empowerment & Promotion Center (Japan) Hanada Award for WIN Akashi – Hyogo Women and Future Association (Japan) Hyogo Childcare Supporting Company Award (Japan) Science & Technology Industry Summit: Outstanding Contribution – The Economic Observer (China)	*
20	What percentage of your sales are to the governmental sector in the past three years	The governmental and educational sector is extremely important to Caterpillar. We have a dedicated team to support governmental customers and their specific needs. However, percentage of sales to governmental is considered confidential.	*
21	What percentage of your sales are to the education sector in the past three years	The governmental and educational sector is extremely important to Caterpillar. We have a dedicated team to support governmental customers, including the education sector, and their specific needs. However, percentage of sales to education is considered confidential.	*
22	List any state, provincial, or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	While Cat dealers would typically hold contracts with states and provinces, as an exception Caterpillar holds the state contract with Ohio and NY. Additionally, we are contract holders with OMNIA and NASPO ValuePoint. Just as we would never share Sourcewell sales information with other cooperatives, we also keep the sales volumes from other cooperatives confidential.	*

23	List any GSA contracts or Standing Offers and Supply Arrangements (SOSA) that you hold. What is the annual sales volume for each of these contracts over the past three years?	Listed below are the current GSA contracts that Caterpillar holds: SIN 333924 Utility Trucks and Tractors: 2020=$6,857,211 2021=$14,071,364 SIN 333120 Street Repair and Cleaning Equipment and Attachments: 2020=$0 / 2021=$143,837 SIN 335999 Power Distribution Equipment: 2020=$151,267.70 / 2021=$9,473.07 These contracts are used by Caterpillar, but we do not allow our dealers to use GSA contracts. Final sales for the year 2022 have yet to be fully reported.	*

Table 4: References/Testimonials

Line Item 24. Supply reference information from three customers who are eligible to be Sourcewell participating entities.

Entity Name *	Contact Name *	Phone Number *	
Baltimore County, MD	Jamie Donahue	410-952-6981	*
Washington DC Fleet	Greg Harrelson	202-437-3799	*
Town of Scituate Mass.	Kevin Cafferty	781-545-8732	*

Table 5: Top Five Government or Education Customers

Line Item 25. Provide a list of your top five government, education, or non-profit customers (entity name is optional), including entity type, the state or province the entity is located in, scope of the project(s), size of transaction(s), and dollar volumes from the past three years.

Entity Name	Entity Type *	State / Province *	Scope of Work *	Size of Transactions *	Dollar Volume Past Three Years *	
Virginia Department of Transportation - Central	Government	Virginia - VA	State Department of Transportation for Virginia. Caterpillar requests that Sourcewell treat the information in this table as confidential.	Purchased 41 units.	$12,321,972	*
State of Idaho	Government	Idaho - ID	State of Idaho. Caterpillar requests that Sourcewell treat the information in this table as confidential.	Purchased 39 units.	$10,304,218	*
Alaska Department of Transportation	Government	Alaska - AK	State Department of Transportation for Alaska. Caterpillar requests that Sourcewell treat the information in this table as confidential.	Purchased 37 units.	$12,176,875	*
Arkansas State	Government	Arkansas - AR	State of Arkansas. Caterpillar requests that Sourcewell treat the information in this table as confidential.	Purchased 28 units.	$10,053,000	*
Suwannee County	Government	Florida - FL	A county local to Florida. Caterpillar requests that Sourcewell treat the information in this table as confidential.	Purchased 26 units.	$6,567,420	*

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	

26	Sales force.	The Cat dealer salesforce is highly capable and trained in the construction industry. The Cat dealer salespeople are consultants to their customers and advise their customers on the best solutions for their application and job. As a manufacturer we request our dealers to follow strict training protocols to ensure our sales force remains current on all product updates. Specifically, as it relates to governmental sales, each dealer has one or more people named to be a key liaison between us as manufacturer and their dealer sales team. They're offered additional in depth training on Sourcewell and ensures that all contract terms are followed. Caterpillar has Operational Excellence Programs that recognize dealers' excellence in marketing and sales processes and operations, among other areas of the business. In North America, our dealers employ more than 53,000 people across the machine, energy, parts and service divisions. The dealer sales teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5 to 8 Caterpillar sales/marketing employees. It is the responsibility of these people to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the sales and marketing department at Caterpillar is staffed by more than 600 people whose mission is to focus on customer satisfaction. Even more are employed "behind-the scenes" to ensure industry leading product design, up to date product information, and maintaining the ease of doing business in an increasingly connected marketplace.	*
27	Dealer network or other distribution methods.	The Cat dealer network is key to the success of our company. Boasting over 160 dealers throughout 193 countries worldwide, the Cat dealer network is widely considered to be the best in industry. Within Canada and the United States, we have 47 dealers and more than 800 dealer owned locations that sell and rent equipment. Please refer to our directory listing of Cat dealer locations and our easy to view locations map in the attached "Additional Documents" zip file. Cat dealers are independently-owned. Each dealer has multiple branches and a mobile service fleet than can serve customers regardless of location. These are full physical locations our governmental customers can use. Because of the size of Cat dealers, they are exceptionally capable to serve governmental customers. Dealers have trained specialists that cover many industries including heavy equipment. Collectively, Cat dealers' large net worth permits them to stock a high volume of replacement parts - allowing governmental customers the fastest turnaround on parts availability and repair time. Cat dealers recognize the importance of governmental business to their overall success and they each have one or more governmental specialists whose job it is to serve governmental agencies well. Please refer to the Cat dealer locations map included in "Additional Documents". Additionally, you can leverage https://www.cat.com/en_US/support/dealer-locator.html to locate dealers by location.	*

28	Service force.	At Caterpillar we are very proud of the saying "The sales department sells the first machine; the service department sells every one after that." The Cat dealer network in North America collectively employs more than 20,000 factory trained technicians, parts experts, product support managers and other service-oriented staff. These subject matter experts are supported by the best repair shop equipment and materials. As machines and engines are constantly updated, so too are our service experts. We conduct product-specific training every week of the year. Technician shortage is an industry-wide concern, but because Cat dealers are large, long established companies, they can offer strong compensation and benefit packages that encourage the best people to seek employment and to retain them once hired. Caterpillar works very closely with dealers and through a program called "ThinkBIG", we are able to keep the pipeline of high quality employees full. ThinkBIG is a Caterpillar-specific instructional program that pays the student while they train to become a technician. It is a 2-year program with lab and classroom work, and a paid internship at a sponsoring Cat Dealer. As a result, the student will graduate with an accredited degree backed with over 2,000 hours of work experience. In addition to the technicians and mechanics that work on the machines directly, each dealer has a service support staff that includes customer-facing consultants who are responsible for working with customers to set up maintenance and repair schedules to ensure the best possible up-time. Collectively, service support staff makes up the bulk of each dealers' staff. Roughly half of their personnel investment goes to ensuring customer success via product support. The dealer service teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5 to 8 Caterpillar parts/service employees. It is the responsibility of these specialists to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the service and support groups at Caterpillar are staffed by thousands of people whose mission is to focus on post-sale customer satisfaction. Even more are employed "behind-the-scenes" to ensure technical literature is up to date, service standards are adhere to and repair questions are answered quickly. We exceed our 95% 2-hour response rate target in responding to dealer service inquiries.	*
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Our simple order process has been and will continue to be well appreciated by Sourcewell and Sourcewell members: 1) When a member decides to purchase a new Cat machine, they simply include their Sourcewell member number on the Purchase Order they issue to the Cat dealer. 2) The Cat dealer then accepts the PO, issues the invoice, accepts payment and delivers the machine. 3) After the machine has been delivered, the dealer, as part of their normal process, includes the member number when filing their sales claims with Caterpillar. 4) At month's end, Caterpillar aggregates these reports and sends the sales information quarterly to Sourcewell along with the administrative fee. IMPORTANT NOTE: Should a member wish to include additional terms and conditions to this contract, or to otherwise request a Participating Addendum, that agreement / PA should be executed between the member and Cat dealer directly.	*

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	We are proud that our reputation stands on having the best customer support in the industry. In fact, our capabilities are industry leading. In the event a customer ever has a problem or issue with a machine, their Cat dealer is empowered to resolve that issue locally. If the problem is a result of a defect in material or workmanship, within the standard warranty period, the local Cat dealer will work with Caterpillar to apply the appropriate warranty, and keep the customer informed. Every Cat dealer has a common detailed service process in place. Caterpillar supports and verifies that all the dealer service technicians are supplied with the tools and equipment needed to repair all Cat products. Technicians have access to an electronic library of technical information including Service Letters, Technical Information Bulletins, System Operations, Troubleshooting and Disassembly and Assembly manuals. These manuals are provided for every Cat product. Each dealer also has one or more "Technical Communicators" who are dedicated to supporting the service technicians by acting as a liaison between the shop personnel and Caterpillar. The service technicians also have a dealer support network (DSN) system with direct access to Caterpillar's Service Engineers. Caterpillar responds to more than 95% of all high priority tickets within one hour. Caterpillar is got everything customers need to keep their Cat machines in top shape. Whether they want Genuine Cat parts, manuals and resources to do maintenance and repairs themselves, or prefer to have one of our expert dealer technicians do the work. We make it easy to keep their Cat equipment running. Some of our service solutions include: -Cat Fleet Management (Condition Monitoring) - Lowers the total cost of ownership of machine. By connecting your fleet, you will be able to: track the location of your assets, monitor & manage the fuel consumption, identify the operators who would need extra training, and plan & schedule your maintenance. All of which will maximize your uptime. -Customer Value Agreements (CVA) - Customizable plans for your equipment new or used - to do more work with lower, more predictable costs. It's a convenient plan to get the most from your equipment throughout its life. Examples of CVAs may include but are not limited to: Maintenance CVAs, Component CVAs, and Machine CVAs. -S•O•S SM Services - A fluid analysis program that provides results that you can trust including trend analysis that provides benefit to your machine and fleet. -Cat Inspect - A digital way to perform checklists, pre-work inspections, annual inspections and PM checklists. All of which can be captured in the easy to use app.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	We are proud to serve all geographic areas and all Sourcewell member sectors within the United States to offer our complete products and services. Caterpillar has successfully and proudly utilized Sourcewell to sell machines in all 50 states. Caterpillar's global reach and presence is unmatched in the industry, and we serve customers around the globe. Our manufacturing, marketing, logistics, services, research and development and related facilities, along with our dealer locations, total more than 500 locations worldwide. North America specifically is home to 47 factories and 10 parts distribution centers, which make up 40% of our global footprint! The Caterpillar parts network delivers 98% of the parts orders within 24 hours. In addition to our facilities listed above, Cat Parts are available through the Cat dealer network in at different price points, including: Cat New, Cat General Duty and Cat Reman. The Cat dealer network also have the capability to provide dealer exchange components, dealer rebuilt components and used parts when available. Each dealer can match the appropriate parts offering to match the customers application and productivity. For example, Cat dealers offer Cat factory remanufactured parts (Cat reman) to follow the same quality, performance, and reliability as Cat new parts. This product line provides the same as new parts warranty, includes critical engineering changes, reduces waste, and protects the environment and saves critical repair time on machines. Cat reman also uses 100% Cat parts in the remanufacture process. Our 1.4 million parts are available to order 24/7 on Parts.Cat.Com.	*

32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	We are serve all geographic areas and all Canoe member sectors within Canada with our complete product and service offerings. In fact, we see the Canadian market as a significant growth opportunity for Canoe through Sourcewell contract usage. We have gained momentum with our current contract 032119-CAT in Canada. Caterpillar's global reach and presence is unmatched in the industry, and we serve customers around the globe. Our manufacturing, marketing, logistics, services, research and development and related facilities, along with our dealer locations, total more than 500 locations worldwide. North America specifically is home to 47 factories and 10 parts distribution centers, which make up 40% of our global footprint! The Caterpillar parts network delivers 98% of the parts orders within 24 hours. In addition to our facilities listed above, Cat Parts are available through the Cat dealer network in at different price points, including: Cat New, Cat General Duty and Cat Reman. The Cat dealer network also have the capability to provide dealer exchange components, dealer rebuilt components and used parts when available. Each dealer can match the appropriate parts offering to match the customers application and productivity. For example, Cat® dealers offer Cat® factory remanufactured parts (Cat reman) to follow the same quality, performance, and reliability as Cat new parts. This product line provides the same as new parts warranty, includes critical engineering changes, reduces waste, and protects the environment and saves critical repair time on machines. Cat reman also uses 100% Cat parts in the remanufacture process. Our 1.4 million parts are available to order 24/7 on Parts.Cat.Com.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	We are proud to serve all geographic areas of the United States and Canada.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	We are proud to serve all Sourcewell Member sectors within the United States and Canada with our complete product and service offering through Sourcewell. Caterpillar's cooperative purchasing contracts are non-exclusive; i.e. none of them restrict Caterpillar from promoting our Sourcewell contracts.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	There are no restrictions or limitations for sales to members in Hawaii, Alaska or U.S. Territories.	*

Table 7: Marketing Plan

Line Item	Question	Response *	
36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Our current marketing strategy with Sourcewell contract 032119-CAT proves to be effective with year over year sales growth. Our primary strategy to promote this contract with participating entities is through our Cat dealers' sales force. We provide group and individual training to our dealer sales reps, focusing on benefits from selling through cooperative contracts vs bids. We proudly announce the award publicly through our multiple customer facing touchpoints which may include: 1) Press Release 2) Government Solutions Magazine (Caterpillar produced magazine distributed to governmental customers in the US and Canada) 3) Government Training & Safety Days (Government customer training events at Caterpillar facilities) 4) Announcement in our governmental customer e-newsletter 5) Feature on our governmental focused website: www.cat.com/governmental 6) Announcement on our social media channels (FB, Instagram, LinkedIn) 7) Display mentions at all governmental tradeshows we attend. (NACE Annual Conference, APWA Snow Show, Waste EXPO, GFX, NIGP Annual Forum & Products Expo, and APWA PWX & Annual Roadeo) 8) Update literature with the new contact information. (An updated version can be found within our attached marketing plan attachment.)	*
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Caterpillar and the Cat dealer network are leaders in using technologies to reach our customers. - Focus on organic search and Search Engine Optimization (SEO) to help our customers digitally find our products and the information they need. - Leverage Caterpillar's social media platforms (YouTube, Facebook, LinkedIn, Instagram, etc) and ability to target governmental segments. - Leverage predictive data analytics (past purchase history and financing information) to recognize in advance when customers may be considering replacing machines they currently own. - Leverage Deltek's GovWIN data in the US and Canada for governmental lead generation. Caterpillar has a Customer Interaction Center available 24/7 who handles digital leads received from cat.com, social media, etc. Our team qualifies those leads and passes them on to our Cat Dealer network using the Salesforce platform (Customer Relationship Management system). We have processes that allows us to confirm our Cat dealers have reached out to those customers.	*
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Sourcewell is a well-respected contracting agency within the public procurement industry. It is important, in the event of an award, that our products and logos be included in Sourcewell marketing and website. We believe that the most important role that Sourcewell can play in marketing our contract and products, is to market themselves and promote contract purchasing across the industry. In the event of an award, Caterpillar will put high priority in building awareness and enthusiasm within our dealer network and customer base to leverage the Sourcewell contract as our go to market strategy.	*
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We do offer a e-procurement ordering process for parts via parts.cat.com. We can also integrate into a variety of procurement systems for high volume customers. Our wide machine portfolio and multiple configurations per machine model allows us to provide the best machine for the customer need. Our Cat dealers are trained to configure our equipment and advise the customer on the best machine and configuration for their application. Therefore, a consultative salesperson is integral in this process, and we do not use an e-procurement machine ordering process.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	

40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	All dealers offer basic operation, safety, and maintenance training with every sale. Should a customer desire more advanced training, such as productivity improvement or advanced repairs, each of our dealers can supply that training. Often there is a cost associated with that specific training and it would be negotiated between the dealer and the customer. Caterpillar also offers training programs directly to customers in three areas: operation, safety and service. Members may access courses online, via CD's, or through instructor-led classes leading to operator certifications. The fees for these services vary depending on the depth of training desired. These high-level instruct-led courses can be conducted at one of our dedicated training facilities in the US or on a customer's local site using their own equipment. Caterpillar also has a licensed supplier that offers Cat Simulators to teach operational techniques from real job sites. For more information visit: https://catsimulators.com/	*

41	Describe any technological advances that your proposed products or services offer.	Cat technology gives you the power to track, monitor, automate and manage all types of assets- from a single machine, engine, to an entire fleet. We even offer technologies that protect your people. Listed below are a few technology offerings (standard and optional) that are used throughout the world in our Cat equipment. Next Generation Excavators: Cat Vision Link - Delivering valuable data with connected machine. Cat Payload - Precisely load targets every time for faster cycle times. Cat Skid Steer and Compact Track Loaders: Electronic Torque Management System - Helps maximize performance, minimize fuel consumption. Sealed and Pressurized Cabs - Provides a cleaner, quieter work environment. Cat Backhoe Loaders: Selectable Power Management Modes - Saves fuel while maintaining machine performance. Load-Sensing Hydraulic System - Provides excellent response for improved hoe and loader productivity and greater bucket breakout force. Cat Tractors: Stable Blade - Produces a smoother surface finish. Autocarry - Automatic raising and lowering of blade to maximize pushing capacity and prevent excessive track slippage. Cat Wheel Loaders: Operator Assist - Helps the operator reduce tire slippage, automatic rimpull management and provides up to 10% better cycle time resulting in higher productivity. Autodig - consistent high bucket fill factors delivers up to 10% more productivity. Cat Off Highway Trucks: Adaptive Economy Mode - Automatically optimizes fuel consumption without affecting productivity just pressing a button. Truck Production Management System (TPMS) - Weighting system with side indicator lights showing the operator when they are on last pass and when the truck is fully loaded. Cat Articulated Trucks: Advanced Automatic Traction Control (AATC) - Technology that proactively applies inter- and cross-axle differential locks ‘on-the-go’ when needed without assistance from operator's interaction. Cat Detect with Stability Assist - Warns the operator if machine is approaching a pre-set angle during operation, when driving and tipping. Machine/Operator Safety Technology: Machine Security System - Gives you control over who can operate your machines and when. Prevents theft. Seat Belt Reminder - Cost effective safety upgrade that significantly improves operator safety. Cat Detect for Personnel - Alert ground crews in close proximity to mobile equipment. Cat® Detect for Personnel sounds an immediate, unique alert that cuts through the white noise of engines, generators, cell phones and job site chatter to protect ground workers from equipment backing incidents. Cat Command - Remote control in operations where an operator could be at safety risk. Whether you're looking to add technology to your current machine, or want new ways to get more value out of the technology on your equipment, we have options for you.	*

42	Describe any “green” initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	Caterpillar shares the concerns of governments and the public about the risks of climate change and supports global efforts to mitigate its impact. We are committed to contributing to a reduced-carbon future. We demonstrate this in many ways including through our significant progress in reducing greenhouse gas (GHG) emissions from our operations and our continued investment in new products, technologies and services. Caterpillar is engineering a brighter future through: - Product innovations - Advanced technologies leveraging know-how and R&D - Usage of renewable fuels and fluids - Solutions to improve jobsite efficiency - Maintenance solutions - Manufacturing operations’ carbon efficiency Caterpillar's long-standing commitment to sustainability inspires us to set and achieve meaningful environmental, social and governance (ESG) goals and develop innovative products, technologies and services to support our customers on their sustainability journey. Caterpillar is fully committed to our customers’ success by not only the design and manufacture of durable, reliable, innovative and rebuildable construction equipment, but also through our extensive and unmatched dealer network that provides you the best service and support to keep your equipment running, regardless of the environment or challenges. We consider this as we work toward a vision of a world in which people's basic needs - such as shelter, clean water, education, and reliable energy - are fulfilled. We provide work environments, products, services, and solutions that make productive and efficient use of resources as we strive to achieve our vision. We believe this commitment supports the enduring success of our customers, stockholders, dealers, and our people. Caterpillar is a proud 20-year member of the Dow Jones Sustainability Indices, including both the World and North America Indices. The annuals DJSI process follows a best-in-class approach, evaluating numerous corporate economic, environmental, and social performance factors. For more on sustainability please visit our full report attached in the Financial and Stability attachment section.	*
43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Plants certified with IDO 14001:2004 Environmental Management System include: 1) Anchor Coupling - Goldsboro NC, ISO 14001:2004- Sept 2018 2) Anchor Coupling - Menominee - ISO 14001: 2015 - Jan. 2021 3) Gen Sets - Newberry 0 ISO 14001:2004 - Nov. 2017 4) Mapleton - 14001:2004 self-certification issued Jan 2013 5) Reman Services - Corinth MS - ISO 14001-2015- Sept. 2021 6) Reman Services - Franklin - ISO 14001:2004-May 2017	*

44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	Caterpillar has long drawn on the diversity of its people as a source of innovation and competitive advantage. We are proud that our people come from across the globe, with diverse backgrounds, experiences and perspectives. Despite our differences – in geography, culture, language and business – we are one Caterpillar, one company united by these common principles with a shared commitment to the highest standards of conduct. For example: Foley Equipment, a Cat® dealer, with territory primarily in Kansas and Missouri, is woman owned. In addition to Foley equipment, there are 31 other women in our North American dealer network who hold the titles of President, Vice President or Director. One of the more recognized initiatives within Caterpillar's Global Supply Network Division is the Caterpillar Inc. Proprietary Information Supplier Diversity Program which spurs economic growth by increasing business opportunities to minority-owned, women-owned, veteran and service disabled veteran-owned, small disadvantaged businesses and those certified in HUBZones, all while ensuring expectations are met with regards to quality, velocity, capacity, and cost. Currently more than 37% of our direct and indirect purchasing is conducted with suppliers in these categories. Caterpillar is a proud member of the National Minority Supplier Development Council (NMSDC). We also use the System for Aware Management (SAM), SBA, and NMSDC databases to locate SDB, VOSB, SDVOSB and HUBZone suppliers. Supplier Diversity is discussed with Global Supply Network Division leadership during the Monthly Operating Results Review meetings. This in turn forces accountability for supplier inclusion by measuring drivers, such as the number of sourcing projects, which include Divers Suppliers and the values of the projects in which they participate. The goal is to create greater transparency to determine which teams are creating inclusive environments and which are not. For more detail, please see our attached 2021 Global Diversity & Inclusion Report in the Additional Documents folder.	*

45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	BEST OVERALL VALUE / LOWEST LIFE CYCLE COST: Cat products deliver the best value for the money. While we rarely have the lowest initial purchase price, we are happy to demonstrate to customers that our machines offer the lowest overall owning and operating costs when factors such as fuel efficiency, repair frequency, productivity, and resale value are factored in. We believe that government agencies are tasked to be the best stewards of taxpayer funds and our products can prove that they are the best solution. Sourcewell members are in the best position to allow these discussions to take place in contrast to a local bid situation where the focus is often only on initial price. CAT SAFETY SERVICES / SAFETY FEATURES: In addition to the tangible, measurable aspects of the life cycle cost equation, we also bring our focus on safety to every product that we manufacture. Quantifying a human life or debilitating injury is impossible, but each machine has industry-leading features that strive to minimize the possibility for accidents. In addition to built-in safety features, we also offer products and services that are unique in the industry. Cat Safety Services include, but are not limited to, the following: Safety Perception Survey - Used to establish a baseline safety-culture assessment by measuring employee perceptions and gaps in beliefs between management and employees on the front line across 20 Safety Culture Indicators. Safety Leadership Assessment - Used to measure individual safety leadership capability around four domains of safety leadership. Worksite Assessment - Compares onsite observations of safety practices and employee interview data to the documented processes and procedures. Continuous Improvement Process - Involving all levels of the organization to generate engagement, involvement, and ownership in the safety improvement process. Training - can be conducted with e-learning courses on http://safelyhome.cat.com, instructor-led training products or as Supplier-facilitated workshops. Topics available include, but are not limited to, safety culture, effective communication, supervisor safety training, recognition, etc. Fleet Management & Services through Caterpillar Job Site Solutions: We leverage the power of Caterpillar and our dealers by designing innovative solutions that solve customer problems and that have a positive impact on their bottom line. We approach each site differently, striving to deliver exactly what's needed — no more, no less. Every solution includes a unique mix of Caterpillar and dealer capabilities using industry best products, technology, services and expertise necessary to meet the customer's definition of success. The goal is to leave customers better off tomorrow than they are today. Details on products and services are available at www.cat.com/safety. More information can be found in the additional document section. Pricing can be found in the pricing document section.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	Caterpillar has extensive warranty coverage. Please see our warranty statements attached in the warranty information documents.	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Please see applicable warranty statements in the attached documents.	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Caterpillar does not cover travel time and mileage. Dealer territories vary considerably from state to state as do their policies about travel time and mileage during the warranty period.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	One of our key differentiating strengths is our ability to service equipment regardless of where it is located. Please see applicable warranty statements in the attached documents.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Warranty service for machines ordered from a Caterpillar facility are generally provided by Caterpillar and performed by Cat dealers. Some items, such as tires, are covered under their manufacturers' warranties.	*
51	What are your proposed exchange and return programs and policies?	Please see applicable warranty statements in the attached documents.	*
52	Describe any service contract options for the items included in your proposal.	We have a large variety of service contract options which can all be customized according to customer needs. Below are just two examples. More solutions are available and we encourage members and dealers to explore all options. 1) Equipment Protection Plans (EPP): After the initial warranty period ends, members may choose to purchase additional protection plans to reduce their exposure to unplanned costs. These policies are written based on months and hours of operation. There are four standard levels of coverage: 1) Powertrain 2) Powertrain + Hydraulics 3) Powertrain + Hydraulics + Technology 4) Premier A description of all these options is included in the attached Equipment Protection Plans document. EPP can be purchased at the same time as the machine purchase, or anytime before the standard warranty expires. 2) Customer Value Agreements (CVA's): A member may choose to enter into an agreement with their Cat dealer to perform routine maintenance and/or repairs. These contracts are customizable based on member needs. The selling Cat dealer can take responsibility for some or all the required service and maintenance needs to allow the agency to gain efficiency by focusing on the performance demands more than maintenance. CVA's are a useful tool to manage expenses. CVAs can be purchased at the same time as the machine purchase, or anytime after. Cat Financial also offers CVAs, which can be performed by Cat dealers in the United States, and are particularly helpful for customers who move their machine fleet to multiple locations which may have different servicing Cat dealers.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
53	Describe your payment terms and accepted payment methods.	Cat dealers are independently owned businesses. As such their payment terms and accepted payment methods vary, but all will be stated on individual invoices. The most common terms are net 30.	*
54	Describe any leasing or financing options available for use by educational or governmental entities.	We offer both leasing and financing options to governmental members of Sourcewell at rates lower than available to the general public. Caterpillar has its own financing arm, Cat Financial. Cat Financial was founded in 1981 and serves Cat customers and dealers. With over 1,900 employees, Cat Financial is active in more than 40 countries covering more than 148,000 customers worldwide. Cat Financial offers you a complete solution for your acquisition needs: - Equipment & Attachments - Parts - Service - Rebuilds Financial products are aligned and customized with the project and work site requirements such as operating lease, loan or finance lease. Find more information from Cat Financial here: https://www.cat.com/en_US/support/financing-protection.html	*
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Cat dealers are independently owned businesses. As such their standard transaction documents will vary.	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Because Cat dealers will be receiving payments directly from members, accepting P-card procurement will be at their discretion. Many dealers do accept this method without additional fees. Some have limitations on the amount that can be processed.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	We offer a deep list discount off the current Caterpillar machine and work tool list prices to all Sourcewell members. We have provided base machine list pricing in the document pricing section. Base machines must be properly configured with other mandatory and optional items from the price list before they are considered operational. For the execution of the agreement we will ask our Cat dealer and Sourcewell member to use the Caterpillar price list that is current at the time of the quote. Dealers, in consultation with the member, will configure the machine to the desired specifications and apply the stated list discount to that configured list price amount. Dealer and members should remember to factor in any expected price increases if a machine will be built to order. The pricing document, in the applicable pricing document attachment section, shows the list discount offered for each new machine. Additionally, we are pleased to offer a list discount of 15% off all products and consulting services under Cat Safety Services.	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Pricing in this proposal is a percentage discount from list on current machine and work tools list prices. Our discount range varies between 3 - 34% off of the list price depending on the product family or model.	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	Our dealers are empowered to consider purchase order volume, repeat purchases, etc. They may offer members additional discounts and /or services at their discretion.	*
60	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	Sourced goods / Open Market Items are available to members from Cat dealers. The prices for these good or services will represent fair marketing value and will be determined between the member and the selling dealer. We encourage our dealers and members to use these options as it facilitates complimentary products and streamlines the procurement process. Customers and dealers are responsible for including their Sourcewell member numbers on all documentation related to these purchases. Caterpillar Inc. is not a party to these sales and is exempted from including them in quarterly reports. For audits, inclusion of a customer's Sourcewell member number on the PO and /or invoice shall be deemed sufficient.	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Machines are unique in their requirements for preparation prior to use. Some may require local final assembly due to their large size others may have locally installed options (fire suppression, beacons, auto lube systems for example). When a dealer issues a quote for a machine, any dealer costs (like pre-delivery inspection, installation, set up, training, etc.) will be itemized separately and are not subject to the Caterpillar list discount for Sourcewell members.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	There is no additional cost to members who choose to pick up their machines from the Cat dealer. Dealers may charge fees for delivery to the Sourcewell member's location.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Just as for members in the 48 contiguous states, there is no additional cost to members who choose to pick up their machine from their Cat dealer. Dealers may charge fees for delivery to the Sourcewell members' location.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Machines are large purchases and if there are unique Sourcewell member requirements our dealers will be happy to discuss on a case by case basis.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
65	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Caterpillar wants to provide the governmental customer the best list discount possible to allow them to be good stewards of tax-payers funds. We want our governmental customers to have the ability to choose which cooperative contract better fits their needs.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	We plan to continue our very robust process to ensure reporting speed, accuracy, and contract compliance. Caterpillar and our Cat dealers have very close and trusting relationships. Our dealers are long-established, and the current process (under contract #032119-CAT) is working well. 1) To ensure pricing accuracy, we maintain our current Sourcewell customer discount sheet on our dealer facing pricing pages. Dealers integrate these numbers automatically in their quoting software. 2) To ensure new machines and work tool sales are recorded properly, we use our post-sale credit system. In a nutshell, this means that we corporately support the pricing offered in this contract at a level below what's available to other customers. To receive this additional monetary support after the machine is delivered, dealers must supply the member's name, address, and member number. There is no additional burden or cost to our dealers to use the Sourcewell contract and this is part of the reason for their high engagement and our high reporting accuracy. 3) At month end, we gather the new machine and work tool sales data attributed to Sourcewell and aggregate it for our reporting. 4) After quarter end, we will send the quarterly sales report and administration fee payment to Sourcewell for all items that are subject to the administrative fee.	*
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	We regularly track the % of sales that are sold using a cooperative contract. We will continue this practice if we are awarded a contract for RFP 011723.	*
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Per amendment #1 to Contract #032119-CAT, we will be pleased to offer an administrative fee of 0.33% of Caterpillar's list price for each piece of new equipment and serialized work tools purchased by Sourcewell's Participating Entities. Caterpillar will pay this fee and will not ask dealers or members to pay the fee.	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *	
69	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	The Cat equipment product line, consisting of more than 300 machines, sets the standard for our industry. We plan to help you meet your needs with our equipment, with our distribution and product support system, and the continual introduction and updating of products. Caterpillar is pleased to offer a wide variety of products for Sourcewell members. Excluding paving products, equipment and services awarded on 060122-CAT these include: - Cat Backhoe Loaders (9 models offered) - Cat Compact Track Loader/Skid Steer Loader (14 models offered) - Cat Track/Wheel Hydraulic Excavators (41 models offered) - Cat Motor Graders (7 models offered) - Cat Telehandlers (8 models offered) - Cat Track Loaders (3 models offered) - Cat Track/Wheel Dozers (15 models offered) - Cat Wheel Loaders (19 models offered) - Cat Wheel Tractor Scrapers (7 models offered) - Cat Articulated Trucks (5 models offered) - Cat Rigid Frame Trucks (2 models offered) - Cat Material Handlers (3 models offered) - Cat Landfill Compactors (3 models offered) - Product offerings by model and discount can be found in the pricing attachment within the applicable proposal pricing section. Services and support include: - Cat Attachments (Worktools) - Cat Technology - Cat Safety Services - Cat Job Site Solutions - Product offerings by model and discount can be found in the pricing attachment within the applicable proposal pricing section. - Services and support brochures can be found in the additional documents section by name of offering. For more detailed information on each of these products/offerings see the following website: https://www.cat.com/en_US.html	*
70	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	N/A	*

Table 148: Depth and 8readth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Categor\ or T\pe	Offered	Comments
71	Wheeled, tracked, and backhoe loaders	(•) Yes ( ) No	Manufactured by Caterpillar. Offerings listed in applicable pricing attachment section.
7	Motor Graders	(•) Yes ( ) No	Manufactured by Caterpillar. Offerings listed in applicable pricing attachment section.
73	Wheeled and tracked excavators	(•) Yes ( ) No	Manufactured by Caterpillar. Offerings listed in applicable pricing attachment section.
74	Bulldozers, compactors, scapers, articulated and rigid haulers	(•) Yes ( ) No	Manufactured by Caterpillar. Offerings listed in applicable pricing attachment section.
75	Cranes	( ) Yes (•) No	NIA
76	Accessories or attachments for the offering in #71-75 above	(•) Yes ( ) No	Manufactured by Caterpillar. Offerings listed in applicable pricing attachment section.
77	Technology or services for the offering in #71-75 above	(•) Yes ( ) No	Manufactured or offered by Caterpillar. Offerings listed in applicable pricing attachment section.

Table 14C: Required Offering of Equipment

Indicate below if the proposer's proposal includes at least one (1) of the following listed types or classes of equipment. Provide additional comments in the text box provided, as necessary.

Line Item	Categor\ or T\pe	Offered	Comments
78	Wheel loader with published net horsepower (HP) of at least 300 HP	(•) Yes ( ) No	Manufactured by Caterpillar. Offerings listed in applicable pricing attachment section.
79	Wheeled or tracked excavator with a published net horsepower (HP) of at least 150 HP	(•) Yes ( ) No	Manufactured by Caterpillar. Offerings listed in applicable pricing attachment section.
80	Motor Grader with a published maximum operating weight of at least 30,000 lbs.	(•) Yes ( ) No	Manufactured by Caterpillar. Offerings listed in applicable pricing attachment section.
81	Rough terrain, all terrain, crawler, floating, lattice, or telescopic crane with a published maximum lifting capacity of at least 300 tons and a published maximum boom length of at least 150 feet	( ) Yes (•) No	NIA

Exceptions to Terms, Conditions, or Specifications Form

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.

3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.

4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.

6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.

7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.

8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

11. Proposer its employees, agents, and subcontractors are not:
    1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: https://www.treasury.gov/ofac/downloads/sdnlist.pdf;

    2. Included on the government-wide exclusions lists in the United States System for Award Management found at: https://sam.gov/SAM/; or

    3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Sean Egel, Sales Support Consultant, Caterpillar Inc.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

SOURCEWELL TRADEMARK LICENSE ADDENDUM

This Addendum is by and between **SOURCEWELL**, 202 – 12th Street NE, PO Box 219, Staples, Minnesota 56479 ("Sourcewell") and **Caterpillar Inc.**, having its principal place of business at 5212 N. O'Connor Blvd., Suite 1100, Irving, TX 75039, and offices at 100 NE Adams Street, Peoria, Illinois, 61629 ("Caterpillar" or "Vendor"). Sourcewell and Caterpillar may be referred to in this Agreement as a "Party" and collectively as the "Parties."

The Parties maintain a contractual relationship for Vendor to provide equipment, products, or services to Sourcewell's cooperative purchasing contracts as follows:

Sourcewell Contract 011723 – CAT (Solicitation Number: 011723)

Sourcewell and Vendor each own all right, title, and interest in their respective names, trademarks, service marks, related logos, and all other rights in the names, designs, likenesses and visual representations thereof ("Licensed Trademarks"), and desire to grant each other a royalty-free license to use certain Licensed Trademarks owned by the other Party under the terms and conditions set forth herein.

ARTICLE I: GRANT OF LICENSE

A. GRANT OF LICENSE. During the term of the Contract:

1. Sourcewell grants to Vendor a royalty-free, worldwide, non-exclusive right and license to use Sourcewell's Licensed Trademarks provided to Vendor by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Vendor.

2. Vendor grants to Sourcewell a royalty-free, worldwide (except for those jurisdictions that are prohibited by applicable Anti-Corruption and International Trade Laws), non-exclusive right and license to use Vendor's Licensed Trademarks provided to Sourcewell by Vendor in advertising and promotional materials for the purpose of marketing Vendor's relationship with Sourcewell.

"Anti-Corruption and International Trade Laws" means all statutes, regulations, rules, executive orders, supervisory requirements, directives, ordinances, circulars, opinions, interpretive letters, and official releases of or by any government, or any authority, department or agency thereof or self-regulatory organization related to bribery, fraud, corruption, or international trade.

3. The Parties agree that each is the owner of all rights, including without limitation common law rights and goodwill, in relation to their respective Licensed Trademarks, and that any goodwill derived from the use of Licensed Trademarks by the other Party shall inure to the owner of the respective Licensed Trademarks.

B. LIMITED RIGHT OF SUBLICENSE. The rights and licenses granted herein includes a limited right of each Party to grant sublicenses to its and their respective distributors, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Contract. Any sublicense granted will be subject to the terms and conditions of this Addendum. Each Party will be responsible for any breach of this Article by any of their respective sublicensees.

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

C. USE; QUALITY CONTROL.

1. Neither Party may alter the other Party's Licensed Trademarks from the form provided by the other Party and must comply with the other Party's removal requests as to specific uses of its Licensed Trademarks.

2. Each Party agrees to use, and to cause its Permitted Sublicensees to use, the other Party's Licensed Trademarks only in good faith and in a dignified manner consistent with such Party's use of the Licensed Trademarks. Upon written notice to the breaching Party, the breaching Party or their Permitted Sublicensees have thirty (30) days of the date of the written notice to cure the breach or the license will be terminated.

3. Beyond what is permitted in this Addendum, neither Party will:

a. attempt to register, or register any trademark, service mark, symbol, logo, get-up or device which is confusingly similar to any of the other Party's Licensed Trademarks in any jurisdiction;

b. represent that it has any rights of any nature in the Licensed Trademarks other than those enjoyed under the terms of this Agreement;

c. use the other Party's trademarks, service marks or copyrights, translations thereof or marks similar thereto, as part of its corporate name, trade name or a d/b/a name, favicons, social media names/handles, email addresses, email extensions, or domain names without prior written approval from the other Party; or

d. use the other Party's trade names, trademarks, or service marks on any collateral business materials (e.g., business cards, letterhead, invoices, pens, notepads, fax cover sheets, etc.), unless otherwise approved in writing by the other Party.

ARTICLE II: TERM, TERMINATION, AND MISCELLANEOUS.

A. EFFECTIVE DATE. This Addendum is effective upon the date of the final signature below.

B. TERMINATION. Unless earlier terminated in accordance with this Article, this Addendum expires immediately upon the expiration or termination of the Contract.

1. *Termination for Convenience*. This Addendum may be terminated by either Party at any time upon ninety (90) days' prior written notice to the other Party.

2. *Termination for Breach*. This Addendum may be terminated by either Party upon a breach of the terms of this Addendum by the other Party, upon written notice of breach to the breaching Party, and only if such breach is not cured within thirty (30) days of the date of the written notice.

3. *Effect of Termination*. Upon the termination of this Addendum for any reason, each Party will have thirty (30) days to, and require its Permitted Sublicensees to, remove all Licensed Trademarks from signage, websites, and the like bearing the other Party's name or logo

DocuSign Envelope ID: 9AA872AA-9802-4A6D-8065-BECD9EB74C88

(excepting Sourcewell's pre-printed catalog of vendors which may be used until the next printing). Vendor must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.

4. Miscellaneous. The terms and conditions of this Addendum shall have no effect on the terms and conditions of any other trademark licenses signed by the Parties.

All other terms of the Contract remain in full force and effect, unless otherwise terminated.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.14

DATE: June 16, 2026

TO: City Council

FROM: Michael Wolfe, Public Works Director, (805) 385-8055, michael.wolfe@oxnard.org

SUBJECT: Multiple Agreements for On-Call Construction Management and Inspection Services.

RECOMMENDATION

That the City Council approve and authorize the Mayor to execute the following Agreements, each with an initial term of three years from July 1, 2026, to June 30, 2029, with an option for two consecutive one-year period extensions ending June 30, 2031, for on-call construction management and inspection services:

1. Agreement 32600484 with Filippin Engineering, Inc., for a total amount not to exceed $500,000.00;
2. Agreement 32600485 with Michael K. Nunley & Associates, LLP, for a total amount not to exceed $500,000.00;
3. Agreement 32600486 with MNS Engineers, Inc. for a total amount not to exceed $500,000.00; and
4. Agreement 32600488 with Turner & Townsend Heery, LLC, for a total amount not to exceed $500,000.00.

(Public Works and Transportation Committee approved 3-0 on May 26, 2026)

BACKGROUND

The Public Works Department (PW) often utilizes professional consulting firms to provide licensed and/or technical expertise to perform work that supplements City staffing resources or that provides highly specialized knowledge and experience beyond the City's in-house capabilities.

Pre-approved on-call professional service agreements reduce the amount of time necessary to procure service contractors and thus facilitate the timely completion of certain categories of CIP and other construction/engineering projects. The services covered under this request apply to projects involving public buildings, housing facilities, public works infrastructure, public parks, water and wastewater infrastructure, and other such City projects that may require professional construction management and inspection services. Examples of services to be provided include management and inspection functions such as contract management, coordination of contractor, coordination of grants, pay quantity review and approvals, field changes, technical and material inspections, responding to requests for information (RFIs), negotiating change orders, inspection of work performed, plan compliance, as-built development and approvals, and other related functions.

DISCUSSION

On November 25, 2025, the Purchasing Division issued a Request for Proposals (RFP) 26-47 for On-Call Construction Management and Inspection Services. The RFP was directly sent to 6 potential service providers and published on www.publicpurchase.com as well as the City's Purchasing website. The deadline for proposal submissions was January 22, 2026, and the City received a total of eleven proposals.

A rating and selection process of the proposals was then performed by a panel that consisted of a Senior Civil Engineer, a Senior Construction Project Manager, and a Construction Project Manager. Scoring criteria consisted of company profile, qualifications of proposed staff, relevant professional experience and performance, and overall responsiveness that best

met the RFP criteria while being consistent with the City's municipal code. After a thorough review, the panel selected four firms to recommend for Agreement awards, with a determination that these vendors are the highest-ranked proposers based on the scoring criteria listed in the RFP and are consistent with the City's Purchasing Policy. The four recommended firms are:

Filippin Engineering, Inc.
Michael K. Nunley & Associates, LLP
MNS Engineers, Inc.
Turner & Townsend Heery, LLC

Following further review by the Purchasing Division, it was determined that these vendors meet all required City contractual requirements, including possession of a City business tax certificate, insurance certificates, and corporate filing with the California Secretary of State. Therefore, based upon the analysis and research performed to date, staff believes that the four recommended vendors are capable of successfully performing on-call construction management and inspection services to the City of Oxnard.

Services under these agreements will be acquired on an as-needed basis, with individual task orders issued for each identified work requirement (task). These will be issued and managed by the Project Manager (PM) assigned to the project. Once a new requirement is identified, all contractors will be provided the Task Order requirement on which to provide a proposal, if they so choose. The contractors will then submit their respective proposals, which will include a description of the scope of work to be performed, the method by which the consultant plans on completing the work, and a cost and schedule for completion. It is the consultant's responsibility to determine the best and most cost-effective method to complete the work. Once the City has received all proposals, it will review each and make a selection of the firm based on factors that include price, experience, methods, and schedule.

STRATEGIC PRIORITIES

This agenda item supports the Infrastructure and Natural Resources strategy. The purpose of the Infrastructure and Natural Resources strategy is to preserve and improve our roads, utilities, parks, trees, water supply and natural resources through effective planning, prioritization, and an equitable and efficient use of available funding.

FINANCIAL IMPACT

The total cost for each individual agreement shall not exceed $500,000 for up to five years if all options to extend are exercised. Funding for individual tasks will be sourced from projects identified in the City Council-approved CIP or, on rarer occasions, for City Divisions with non-CIP project requirements (e.g., Parks division for structures at City parks). The respective Project Manager will ensure sufficient funding is available in the approved budget for related tasks before initiating work orders or services performed. Subsequent fiscal year allocations will be requested during the annual budget process.

COMMITTEE OUTCOME

The Public Works and Transportation Committee approved 3-0 on May 26, 2026 to approve the staff recommendation and to forward the item for Council approval.

Please click here to view the Measure M pre-recorded presentation video.

Please click here to view the May 26, 2026 Public Works and Transportation Committee Meeting recording.

ON-CALL PROFESSIONAL SERVICES AGREEMENT
BETWEEN
THE CITY OF OXNARD AND FILIPPIN ENGINEERING, INC.

By This On-Call Professional Services Agreement ("Agreement"), the City of Oxnard ("City") agrees to engage the Services of Filippin Engineering, Inc. ("Consultant"), and Consultant agrees to perform the Services for City as herein described, for the compensation, during the term, and otherwise subject to the covenants and conditions herein set forth. City and Consultant may be individually referred to as "Party" or collectively as the "Parties."

1. **[INTENTIONALLY OMITTED]**

2. **SUMMARY DESCRIPTION OF SERVICES.**

   The Services to be performed pursuant to this agreement will be limited to the particular professional services that are identified in the Scope of Services, attached hereto as Exhibit A. Consultant has been prequalified to perform the particular services required by the City and the City shall issue Task Orders describing the particular project or services required by the City to the prequalified consultants and consultants shall submit a responsive proposal to the City's Project Manager.

   Consultant is not to be the exclusive provider of services to the City. The City does not guarantee a specified amount of work under this on-call agreement.

3. **PARTIES.**

   City of Oxnard, a general law and municipal corporation of the State of California, located at 300 West Third Street, Oxnard California 93030.

   Filippin Engineering, Inc. , a corporation of the State of California, located at 354 South Fairview, Suite D, Goleta, CA 93117

4. **TERM OF AGREEMENT:** From: July 1, 2026 To: June 30, 2029

   A. Time is of the essence in this Agreement
   B. The City shall have the option to exercise two (2) consecutive one-year (1) term extensions, in accordance with the scope of work and terms and conditions of this Agreement. Any price negotiations, if allowed, shall be negotiated at the time of contract extension.

C. This Agreement shall not exceed a total of five (5) years (including the initial term and any options to extend). The City in its sole discretion may exercise the option terms upon sixty (60) days written notice to the Consultant (or any other time if the parties so agree) in accordance with Section 12 of this Agreement. The option term shall be commenced by an amendment to this agreement.
D. All Services required of Consultant under this Agreement shall be completed on or before the end of the term of the Agreement.

5. AGREEMENT AMOUNT NOT TO EXCEED: $500,000.00.[1]

6. AGREEMENT EXHIBITS. The following documents memorialized below are the only exhibits to this Agreement and are incorporated by reference as though fully set forth herein. In the event of a conflict between the Exhibits and this Agreement, the Agreement controls.

Exhibit A: Scope of Services and Task Order Template
Exhibit B: Schedule of Compensation
Exhibit C: Insurance Requirements: City Insurance Exhibit INS-A
Exhibit D: [RESERVED]
Exhibit E: Living Wage Policy
Exhibit F: Prevailing Wage Policy

7. DESIGNATED REPRESENTATIVES. The Designated Representatives listed below shall be authorized to act on behalf of the named Party, be responsible for negotiations and contractual matters, and coordinate with each other to perform the Services under this Agreement. Additionally, Consultant's Services shall be performed or immediately supervised by the Consultant's Representative:

City Designated Representative	Consultant Designated Representative
Name: Abe Anbessaw Title: Engineer Division Manager Phone: 805-385-7675 Email: abebaw.anbessaw@oxnard.org Address: 305 West Third Street, Third Floor, Oxnard, CA 93030	Name Gino Filippin Title President Phone 805-729-0041 Email gino@fecivil.com Address: 354 South Fairview, Suite D Goleta, CA 93117

[1] This is not a guaranteed dollar amount. No services or work performed pursuant to a Task Order shall exceed the "Not to Exceed" Amount of the Contract or the agreed upon amount stated in the Task Order.

8. **CONTRACTUAL PREREQUISITIES.** This Agreement must first be executed by the Consultant, after which the Agreement shall be approved as to form by the City Attorney, then executed by the Mayor, or an authorized person on behalf of the City, and if executed by the Mayor shall also be executed by the City Clerk.

    A. Consultant is advised that any recommendation for Agreement award is not binding on City until the Agreement is fully executed and approved by the City.
    B. All proof of a City tax certificate, insurance, and W-9 forms is required prior to execution of this Agreement.
    C. Consultant shall not perform any work under this Agreement until a proof of insurance has been provided to the City as required under Section 24 of this Agreement.

9. **CONSULTANT'S SERVICES.**

    A. Consultant shall perform only the type or category of services as set forth in the "Scope of Services," and pursuant to the information contained in the Task Orders issued pursuant to this agreement.
    B. Task Orders may only be modified in writing by the City's Project Manager or Designated Representative.
    C. The Services issued pursuant to a Task Order shall be coordinated with the designated City Project Manager set forth in Exhibit A and are subject to the direction of the City Manager or Department Director. Consultant hereby designates as its Project Manager, the individual identified in Section 7 of this Agreement, as the person responsible for the Services who shall coordinate with City's Project Manager in executing the Scope of Services and Task Order(s) under this Agreement.
    D. Under no circumstances shall the Consultant exceed the amount stated in the City's Task Order or perform additional work or services that are not included in the Task Order

10. **COMPENSATION.** City shall pay Consultant for the Services performed pursuant to the terms of this Agreement and based on the hourly rates and fees set forth in the "Schedule of Compensation," attached to and incorporated into this Agreement as "Exhibit B." Consultant's compensation shall not to exceed amount stated in the Task Order. Under no circumstances shall the Consultant perform work in excess of the amount stated in the Task Order or the not to exceed amount listed in Section 5 of this Agreement. Once this Agreement is executed, the Schedule of Compensation

may only be modified by written Amendment pursuant to Section 13 of this Agreement, and may be subject to approval by the City Council.

A. The maximum not to exceed amount for any individual Task Order issued pursuant to this Agreement shall be $100,000.00 per Task Order.

B. Unless stated otherwise elsewhere in this document, prices shall be firm for the duration of this agreement. No price increases will be permitted during the first year of this Agreement. All price decreases (for example, if Vendor/Contractor offers lower prices to another governmental entity) will automatically be extended to the City. The City requires written proof satisfactory to the City, upon the City's acceptance, of cost increases prior to any approved price adjustment. After the first year of the award, a minimum of 60-days advance notice in writing is required to be considered and approved by the City. No retroactive price adjustments will be considered. For Contracts, any price increases must be stated in a written amendment. The net dollar amount of profit will remain firm during the period of the Agreement. Annual increases shall not exceed the Consumer Price Index- All Consumers, All Items, less food and energy – Los Angeles and be subject to satisfactory performance review by the City and approved (if needed) for budget funding by City Council.

11. PAYMENT and INVOICES. The City shall pay all undisputed portions of any applicable invoice within thirty (30) days after receipt of an invoice. In the event the City disputes one or more items in an invoice, the City shall, within thirty (30) days after receipt of such invoice, notify the Consultant of the item(s) being disputed and the reason(s) therefore. The City may withhold payment for such disputed items until resolution of the dispute.

A. **Payment Request.** Consultant shall submit a payment request to CITY by the end of each calendar month listing the Services provided, costs of those Services, and total amount due for the month. Invoices may be emailed to: **pwengineeringAP@oxnard.org .**

B. Consultant's acceptance of final payment made pursuant to this Agreement shall constitute a release of City from all claims and liabilities for compensation to Consultant for anything completed, finished or relating to the Services. City's payment shall not constitute nor be deemed a release of the responsibility and liability of Consultant for the

accuracy and competency of the information provided and/or the Services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Consultant and its employees, agents and subcontracted Consultants.

C. Consultant shall provide City with a completed Request for Taxpayer Identification Number and Certification, as issued by the Internal Revenue Service. If any sales tax is due for the Services performed by Consultant or materials or products provided to City by Consultant, Consultant shall pay the sales tax. City shall not reimburse Consultant for sales taxes paid by Consultant.

D. **Non-Appropriation of Funds.** Payments to be made to Consultant by City for the Services performed within the current fiscal year are within the current fiscal budget and within an available, unexhausted and unencumbered appropriation of City. In the event City does not appropriate sufficient funds for payment of the Services beyond the current fiscal year, this Agreement shall cover payment for the Services only up to the conclusion of the last fiscal year in which City appropriated sufficient funds and shall automatically terminate at that fiscal year's conclusion.

12. OPTION TO EXTEND AGREEMENT. When in the City's best interest, this Agreement may only be extended, if the City, in its discretion, exercises an option term in accordance with Section 4 subparagraphs (B) and (C) of this Agreement. The initial term, plus any option to extend shall not exceed a total of five (5) years. **If no option to extend the Agreement appears in section 4(B), then this Agreement shall not be extended.**

13. MODIFICATION OF AGREEMENT. This Agreement may be amended, modified, or otherwise altered, or its provisions waived, only upon mutual consent of the Parties by written amendment. The City may request that the Consultant perform Extra Services. As used herein, "Extra Services" means any services, which are determined by the City to be necessary for the proper completion of the project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement or any Task Order issued under this Agreement. A written amendment signed by both Parties shall be required to authorize performance of and payment for Extra Services under this Agreement or Task Order.

14. TERMINATION OF AGREEMENT. City may terminate this Agreement at any time, with or without cause and without penalty, upon fifteen (15) calendar days' prior written notice pursuant to Section 22 of this Agreement. Such termination shall be effective on the date specified in the notice, or if no date is specified, then fifteen (15) calendar days from the date of the notice. City shall be liable to Consultant only for work done by Consultant up to and including the date of termination of this Agreement unless the termination is for cause, in which event Consultant need be compensated only to the extent required by law. Consultant may terminate this Agreement at any time during the term of the Agreement by giving the City sixty (60) calendar days' prior written notice.

15. [RESERVED]

16. INDEPENDENT CONTRACTOR. Consultant is and shall at all times remain, as to City, a wholly independent contractor. Neither City nor any of its employees or agents shall have control over the conduct of Consultant or any of its employees, except as stated in this Agreement. Consultant has and shall retain the right to exercise full control over the employment, direction, means of performance, location, compensation and discharge of all persons assisting Consultant. This Agreement shall not be interpreted to prevent or preclude Consultant from rendering any Services for Consultant's own account or to any other person or entity as Consultant in its sole discretion shall determine; provided, however, that performing such Services shall not materially interfere with the Services the Consultant shall perform for the City. The City retains the right to provide general instructions to and observe the Consultant in the performance of all Services done on behalf of the City.

Consultant and its employees, subconsultants, and agents have no authority, express or implied, to act on behalf of City in any capacity, to incur any debt, obligation or liability on behalf of City, bind City in any manner, or otherwise act on behalf of City as an agent. Consultant T and its employees are not employees of City. Consultant and its employees are not entitled to receive from City any of the benefits or rights afforded employees of City, including but not limited to reserve leave, sick leave, vacation leave, holiday leave, compensatory leave, Public Employees Retirement System benefits, and health, life, dental, long-term disability and workers' compensation insurance benefits. Consultant shall not, at any time or in any manner, represent that it or any of its agents, subconsultants, or employees are in any manner agents, subconsultants, or employees of City.

17. **LAWFUL PERFORMANCE.** Consultant shall abide by all federal, state, and local laws and regulations as may be related to the performance of duties under this Agreement. Consultant, at its sole expense, shall obtain and maintain during the term of this Agreement, all appropriate permits, licenses, and certificates that may be required in connection with the performance of Services under this Agreement.

18. **SAFETY REQUIREMENTS.** Consultant shall not perform any Services for the City when the Consultant is impaired by alcohol or a controlled substance. When there is reasonable cause to believe that any person has violated this provision, that person shall be immediately removed from the premises and be subject to any applicable civil and/or criminal penalties under the City's Code and/or under state law. All work performed under this Agreement shall be performed in such a manner as to provide safety to the public. The City reserves the right to issue restraining or cease and desist orders to Consultant when unsafe or harmful acts are observed or reported relative to the performance of the work under this Agreement. The acceptance of Consultant 's work by City shall not operate as a release of the Consultant from such standard of care and workmanship.

19. **STANDARD OF PERFORMANCE; WARRANTY.** Consultant agrees to perform all Services required by this Agreement in a professional and competent manner, in accordance with the degree of skill and diligence which is normally employed by reputable professionals performing similar Services under similar conditions in the same or similar locality. Such Services shall also be performed in a manner which is reasonably satisfactory to City Project Manager, or designee (hereinafter the "Project Manager"), provided that discretion in determining what is satisfactory shall not alter the foregoing standard of care.

    A. In accordance with the standard of care set forth in the first sentence of Section 19, the Consultant agrees that it:
    (1) Has thoroughly reviewed and considered the services and work to be performed; and
    (2) Has reviewed the issues regarding the Scope of Services and Task Orders to be provided; and
    (3) Has carefully considered how the services and related work should be performed; and
    (4) Fully understands the facilities, difficulties and restrictions associated with performance of the services required by this Agreement.

20. OWNERSHIP OF CONSULTANT'S WORK PRODUCT, CONFIDENTIALITY & DISCLOSURE, RECORDS & WARRANTY. City shall be the owner of any and all technical documents and records, including, computations, plans, correspondence, and/or other pertinent data and information, both hard copy and electronic, gathered or prepared by Consultant in performance of this Agreement and shall be entitled to immediate possession of the same upon completion of the work under this Agreement, or at any earlier or later time when the same may be requested by City.

A. Ownership of Documents. Every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the Consultant pursuant to or in connection with this Agreement shall be the exclusive property of the City.

B. Deliverables. Consultant shall deliver to the City the studies, plans, specifications, or other documents as are identified in the Scope of Services or Task Order; and Consultant shall, upon completion of all work or termination of this Agreement, submit to the City all information developed in the course of the Consultant 's services. Consultant shall, in such time and in such form as the City may require, furnish reports concerning the status of Services required under this Agreement. Consultant shall, upon request by City and upon completion or termination of this Agreement, deliver to the City all material furnished to Consultant by the City.

C. Records and Inspections**.** The Consultant shall maintain full and accurate records, with respect to all Services and matters covered under this Agreement. Books and records pertaining to costs shall be kept and prepared in accordance with generally accepted accounting principles. The City shall have free access at all reasonable times to such records, both hard copy and electronic, and the right to examine and audit the same and to make transcripts therefrom, and to inspect all program data, documents, proceedings, and activities.

D. Confidentiality. Information that is exempt from disclosure to the public is confidential. This includes information relating to the past, present, or future affairs of the City or information belonging to a third party whose information is in the City's possession or control under obligations of confidentiality. Consultant may be granted access to information that is exempt from disclosure to the public (Government Code Section 7920.505) and may contain "trade secrets" (see Government Code Section 7924.510(f)) when it is necessary for Consultant to perform its obligations pursuant to this Agreement. If Consultant is granted such

access to confidential information, Consultant shall not be considered to be a member of the public as that term is used in Government Code Section 7920.515.

E. Disclosure of Information. Consultant shall not disclose, publish, or authorize others to disclose or publish, design data, drawings, specifications, reports, or other information pertaining to the projects assigned to Consultant by the City or other information to which the Consultant has had access during the term of this Agreement without the prior written approval of the City's Designated Representative during the term of this Agreement and for a period of two (2) years after the termination of this Agreement.

F. No Warranty. Other than an obligation upon the City to deal in good faith, the City makes no warranties and shall bear no liability or responsibility for errors or omissions in any Confidential Information disclosed under this Agreement or for any business decisions made by Consultant in reliance on any Confidential Information disclosed under this Agreement.

21. NOTICE OF BREACH AND OPPORTUNITY TO CURE. Neither Party will be in breach of this Agreement where the breach is capable of being cured, or until written notice of the breach is received from the non-breaching Party. The Party charged with breach will have fifteen (15) calendar days from the date of receiving such notice in which to cure the breach or otherwise respond. If the circumstances leading to the charge that the Agreement was breached have not been cured or explained to the satisfaction of the other Party within fifteen (15) days from the date on which the breaching Party received notice of breach, the non-breaching Party may terminate this Agreement. Notice shall be given in the manner set forth in section 22.

22. NOTICE. All notices given or required to be given pursuant to this Agreement shall be in writing and may be given by personal delivery or by first-class mail. Notice sent by mail shall be addressed to each Party's Designated Representative as set forth above in Section 7. When addressed in accordance with this Section, such notice shall be deemed given upon deposit in the United States mail, postage prepaid. In all other instances, notices shall be deemed given at the time of actual delivery. Changes may be made in the names or addresses of persons to whom notices are to be given by giving notice in the manner prescribed in this Section.

23. INDEMNIFICATION, HOLD HARMLESS & DEFENSE. Except as set forth in Subsection A of this Section 23, and to the fullest extent permitted by law, Consultant shall immediately defend, indemnify, and hold harmless the City, its officers, employees, representatives, and agents (the "City Indemnitees"), from and against those actions, suits, proceedings, claims, demands, losses, costs, and expenses, including legal costs and reasonable attorneys' fees, for any personal injuries, deaths, or property damage, including property owned by the City (collectively "Claims") which may arise out of Consultant's negligence or willful misconduct in the performance of the services described in this Agreement, unless such Claims are proven to be caused by the negligence or willful misconduct of the City Indemnitees.

A. The provisions of this Subsection apply only in the event that Consultant is a design professional within the meaning of California Civil Code section 2782.8 ("Design Professional"). The term Design Professional, as defined in said section, is limited to licensed architects, licensed landscape architects, registered professional engineers, professional land surveyors, and the business entities that offer such services in accordance with the applicable provisions of the California Business and Professions Code.

   (1) Notwithstanding the provisions of Section 23 above, to the extent that the services to be provided under this Agreement are those of a Design Professional, Consultant's duty to indemnify, hold harmless, and defend the City Indemnitees shall be limited to the extent that any Claims arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, its officers, agents, employees or subconsultants in the performance of the services described in this Agreement.

   (2) In no event shall the costs of defense charged to Consultant exceed the Consultant's proportionate percentage of fault, except as otherwise set forth in said Civil Code section 2782.8, the provisions of which are incorporated into this Agreement by this reference. Nothing in this Subsection b shall be construed to require Consultant to provide indemnification for Claims caused by the active negligence or willful misconduct of the City Indemnitees

B. The City does not and shall not waive any rights that it may have against Consultant under this Section, because of the acceptance by the City, or the deposit with the City, of any insurance policy or certificate required pursuant to this Agreement. The hold harmless and indemnification

provisions of this Section 23 shall apply regardless of whether said insurance policies are determined to be applicable to the claim, demand, damage, liability, loss, cost, or expense described herein.

C. The obligation to indemnify and defend, as set forth in this Section 23, is binding on the successors, assigns, or heirs of Consultant and shall survive the expiration or any early termination of this Agreement.

24. INSURANCE. Consultant shall obtain and maintain during the performance of any Services under this Agreement the insurance coverages listed within "Exhibit C", which is attached hereto and incorporated herein by this reference, unless the Risk Manager waives, in writing, the requirement that Consultant obtain and maintain such insurance coverages. Such insurance must be issued by a company satisfactory to the Risk Manager. Consultant shall, before performance of any Services pursuant to this Agreement, file with the Risk Manager evidence of insurance coverage as specified in "Exhibit C". Maintenance of insurance coverages by Consultant is a material element of this Agreement. Consultant's failure to maintain or renew insurance coverages or to provide renewal evidence shall be considered a material breach of this Agreement.

25. LIVING WAGE REQUIREMENTS. During the term of this Agreement, Consultant understands and agrees that if Living Wages are applicable, subject to the 2002 Oxnard City Council Living Wage Policy, attached as "Exhibit E" to this Agreement, Consultant will pay and/or provide the wages and/or benefits required therein to all of its employees engaged in whole or in part in performing the Services provided for by this Agreement. The Living Wage is updated on July 1 of each year, and the duty to pay the correct wage is the responsibility of the Consultant.

26. PREVAILING WAGE REQUIREMENTS. The payment of State prevailing wages as designated for Ventura County shall apply to public works projects. However, this section shall not apply to work performed on a public works project of twenty-five thousand dollars ($25,000) or less when the project is for construction, alteration, demolition, installation, or repair work; or to work performed on a public works project of fifteen thousand dollars ($15,000) or less when the project is for maintenance work. Prevailing wages are required to be paid to all workers, including subcontracted employees. For further information regarding Prevailing Wage Requirements please refer to Exhibit "F" attached to this Agreement.

A. To determine if this Agreement is subject to compliance monitoring and enforcement, go to:

https://www.dir.ca.gov/Public-Works/PublicWorksSB854FAQ.html

B. It is unlawful to split, or separate into small portions, work orders, projects, purchases, or public works projects for the purpose of evading these prevailing wage requirements.

C. In the event that there is a difference between the amount of wages to be paid under the City of Oxnard's local Living Wage requirements and the requirements of this provision, the wage rate that is the higher of the two shall be applicable to this Agreement. The duty to pay the correct wage is the responsibility of the Consultant.

27. [RESERVED]

28. SUBCONTRACTING. If Consultant requires the assistance of a subcontractor to render any Services under this Agreement, Consultant shall obtain prior written consent from the City before a subcontractor performs any service pursuant to this Agreement. All subcontractors shall be identified in the Scope of Work or Task Order attached to this Agreement as "Exhibit A". Consultant is fully responsible for satisfactory completion of all its subcontractors' work. All subcontractors shall be properly licensed and insured; and bonded, if applicable. Consultant shall be responsible for all liabilities regardless of nature, type, or cause, arising out of or resulting from or in connection with subcontractors performance pursuant to this Agreement or subcontractors failure to comply with any of its obligations in connection with this Agreement.

29. CONFLICT OF INTEREST. Consultant covenants that it does not have any interest, nor shall it acquire any interest, directly or indirectly, which would conflict in any manner with the performance of Consultant's Services under this Agreement. Consultant further covenants that in the performance of Services under this Agreement, no officer, employee or agent of Consultant having such interest shall be employed by it. In the event the City determines that Consultant must disclose its financial interests by completing and filing a Fair Political Practices Commission Form 700, Statement of Economic Interests, Consultant shall file such Form 700 with the City Clerk's Office pursuant to the written instructions provided by the City Clerk. Acquisition or maintenance of a conflicting interest by Consultant may result in termination of this Agreement by the City.

30. DISPUTES. Except as otherwise provided in these provisions, any dispute concerning a question of fact arising under this Agreement, shall be decided by the City's Designated Representative, who shall reduce this decision to writing and mail

a copy to the Consultant. The decision of the City's Designated Representative shall be final and conclusive unless Consultant requests mediation within ten (10) calendar days. Pending final decision of a dispute, the Consultant shall proceed diligently with the performance of the Agreement and in accordance with the decision of the City's Designated Representative.

31. DISPUTE RESOLUTION. Should an unresolved dispute arise out of this Agreement, any Party may request that it be submitted to mediation. The Parties shall meet in mediation within a reasonable time not to exceed forty five (45) days of a request. The mediator shall be agreed to by the mediating Parties. In the absence of an Agreement on a mediator, the Parties shall each submit one name from mediators listed by the American Arbitration Association, the California State Board of Mediation and Conciliation, or other agreed-upon service. The mediator shall be selected by a "blindfold" process. The cost of mediation shall be borne equally by both Parties. Neither Party shall be deemed the prevailing Party. No Party shall be permitted to file a legal action without first meeting in mediation and making a good faith attempt to reach a mediated settlement. The mediation process, once commenced by a meeting with the mediator, shall last until Agreement is reached by the Parties but not more than sixty (60) calendar days, unless the maximum time is extended in writing by both Parties.

32. ASSIGNMENT. This Agreement is for the professional Services of Consultant. Any attempt by Consultant to assign the benefits or burdens of this Agreement without the prior written approval of City shall be prohibited and shall be null and void. Consultant's Services pursuant to this Agreement shall be provided by the Consultant's Designated Representative or directly under his/her supervision, and Consultant shall not assign another to supervise the Consultant 's performance of this Agreement without the prior written approval of City, by and through the City's Designated Representative.

33. CARE OF WORK. Should Consultant discover any latent or unknown conditions materially differing from those inherent in the Services or as represented by the City, Consultant shall immediately inform the City of such fact and shall not provide any Services, except at Consultant's risk, until written instructions are received from the Project Manager.

34. REPORTS. Upon request by the Project Manager or as otherwise required by this Agreement, including but not limited to, the Scope of Services or Task Orders set

forth in Exhibit “A”, Consultant shall prepare and submit reports to the City concerning Consultant's performance of the Services required by this Agreement.

35. AUDIT. City shall have the option of inspecting, auditing and/or reproducing all records and other written materials used by Consultant in preparing its billings to City as a condition precedent to any payment to Consultant, or for other purposes relating to the Agreement. Consultant will promptly furnish all documents requested by City. Additionally, if this Agreement is in excess of $10,000, the State Auditor may examine and audit Consultant for a period of 3 years after final payment under the Agreement. Regardless of whether a State audit is permitted, Consultant shall maintain and preserve all such records for a period of at least 3 years after final payment under the Agreement or until an audit has been completed and accepted by City, whichever occurs later. Consultant shall maintain all such records in City or to promptly reimburse City for all reasonable costs incurred in conducting the audit at a location other than in City, including but not limited to expenses for personnel, salaries, private auditor, travel, lodging, meals and overhead. Consultant shall include a copy of this Section in all contracts with its subcontractors, and Consultant shall be responsible for immediately obtaining those records or other written material from its subcontractors upon a request by the State Auditor and/or City.

36. ADVERTISING AND PUBLICITY. Consultant shall not use the name of or refer to City directly or indirectly in any advertisement, news release, or professional or trade publication without prior written approval from the City Manager. This Section shall survive the termination of this Agreement.

37. NONDISCRIMINATORY EMPLOYMENT. Consultant shall not unlawfully discriminate against any individual based on race, color, religion or religious creed, national origin, ancestry, ethnic group identification, primary language, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, sex, sexual orientation, age, immigration status, citizenship or military and veteran status. Consultant understands and agrees that it is bound by and will comply with all legal nondiscrimination mandates. For every subcontractor who will perform Services, Consultant shall be responsible for such subcontractor’s compliance with this Section.

38. COVENANTS AND CONDITIONS. Each term and each provision of this Agreement to be performed by Consultant shall be construed to be both a covenant and a condition.

39. **WAIVER.** City's review or acceptance of, or payment for, work product prepared by Consultant under this Agreement will not be construed to operate as a waiver of any rights City may have under this Agreement or of any cause of action arising from Consultant's performance. A waiver by City of any breach of any term, covenant, or condition contained in this Agreement will not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant, or condition contained in this Agreement, whether of the same or different character.

40. **FORCE MAJEURE.** Neither the Consultant nor the City shall be responsible for any delay caused by any contingency beyond their control, including, but not limited to, war or insurrection, walkouts by the Party's own employees, fires, natural calamities, riots, or demands or requirements of governmental agencies other than the City.

41. **GOVERNING LAW.** The terms of this Agreement shall be interpreted according to the laws of the State of California. Should litigation occur, venue shall be in the Superior Court of California, County of Ventura.

42. **SEVERABILITY.** If any portion of this Agreement is declared by a court of competent jurisdiction to be invalid or unenforceable, then such portion will be deemed modified to the extent necessary in the opinion of the court to render such portion enforceable and, as so modified, such portion and the balance of this Agreement will continue in full force and effect and be enforceable.

43. **INTEGRATED AGREEMENT.** This Agreement and the attached exhibits referenced herein to this Agreement represent the entire understanding between the Parties. No verbal Agreement or implied covenant shall be held to vary the provisions of this Agreement. This Agreement shall bind and inure to the benefit of the Parties to this Agreement and any subsequent successors and assigns.

44. **NO THIRD-PARTY BENEFICIARY.** This Agreement shall not be construed to be an Agreement for the benefit of any third-party or parties, and no third party or parties shall have any claim or right of action under this Agreement.

45. **AUTHORITY TO EXECUTE.** Each Party hereto expressly warrants and represents that the signatories to this Agreement have the authority to execute this Agreement on behalf of its corporation, partnership, business entity, or governmental entity, and warrants and represents that the signatories have the authority to bind each Party to the performance of its obligations hereunder.

46. EXECUTION – COUNTERPARTS. This Agreement may be executed in any number of counterparts and each such duplicate counterpart shall constitute an original, but they shall not be effective nor enforceable unless and until it is executed with the handwritten signature or electronic signature of an authorized representative of each of the relevant Parties. No counterpart shall be deemed to be an original or presumed delivered unless and until the counterpart executed by the other Party to this Agreement is in the physical possession of the Party seeking enforcement thereof.

47. INCONSISTENT OR CONFLICTING TERMS. In the event of any contradictions or inconsistencies between any attached documents or exhibits incorporated by reference herein and the provisions of the Agreement itself, the terms of the Agreement shall control. Any exhibit that is attached and incorporated by reference shall be limited to the purposes for which it is attached, as specified in this Agreement. Any contractual terms or conditions contained in such exhibit imposing additional obligations on the City are not binding upon the City and City's Designated Representative unless specifically agreed to in writing, and initiated by City's Designated Representative, as to each additional contractual term or condition.

48. CAPTIONS AND HEADINGS. The captions and headings contained in this Agreement are provided for identification purposes only and shall not be interpreted to limit or define the content, scope, or intent of the provisions described under the respective caption or heading.

49. ACKNOWLEDGEMENT. By signing below, Consultant acknowledges that it has reviewed the City's Professional Services Agreement terms and conditions and insurance requirements and that Consultant hereby agrees to full compliance.

[Signatures on next page]

IN WITNESS WHEREOF, the Parties have entered into this Agreement effective on the date as written in Section 4 and upon signature of all Parties.

● For a partnership, the signature of a partner. If the partnership is a limited partnership, the signer must be a general partner.
If the company has a different structure, or if the above-listed persons are not the appropriate signers, please submit to the City Attorney legally-binding documentation stating who can sign and bind your company.

EXHIBIT A

PROFESSIONAL SERVICE AGREEMENT
(CITY of Oxnard and Filippin Engineering, Inc.)

SCOPE OF SERVICES

PROJECT MANAGER: Abe Anebessaw

General Specifications

The awarded Consultant(s) under this agreement shall provide construction management and inspection support for the City's capital and other projects, as assigned. Specific services shall include, but not be limited to, providing Construction Management / Inspection Services for projects involving public buildings, housing, public works infrastructure, public parks, and such other facilities as may be required. Each individual project assigned by the City of Oxnard (City) will be composed of task orders. The task order proposal shall identify a concise schedule for completion of the task order (Task.) It is the Consultant's responsibility to determine the best and most cost-effective method to complete the Work so that the assigned task order can be completed to the satisfaction of the City. Task orders shall be negotiated as a lump sum amount per term based upon the hourly rate fee schedule as agreed to by the City and Consultant for all services and under the agreement amount. Task order funds will be encumbered based on the quote provided to the City by Consultant per task order. This Scope of Work will allow for additional professional services offered by the Consultant and the services noted below shall not be restricted to those directly stated.

Construction Management/Inspection services shall comply and be consistent with the industry standards and practices, to the full extent any provisions thereof relate or have applicability to such Projects.

The Scope of Work for Construction Management and Inspection Services shall include, but not be limited to the following:

Task 1- Management with City Staff

- **Project Management:** The Construction Manager (CM) shall coordinate all work efforts of the project team including representatives from the City, and shall facilitate regular Project progress meetings and provide regular updates on the Project status and budget. The CM shall become familiar with City processes, procedures, and objectives to provide services and assistance as directed by City staff. The CM shall work under the direction of the City Project Manager,

develop and maintain open lines of communications and cooperation between City staff, CM staff, contractors, and the public.

- **Project Kick-off Meeting:** At the commencement of the Project, the CM shall facilitate a "kick-off" meeting with the City to discuss the scope and parameters of the Project. The CM shall prepare and distribute a draft agenda in advance of the meeting for review and comment by the Project Manager. Specific Project goals will be identified and a strategy to accomplish these goals will be developed during the kick-off meeting. The CM shall prepare and distribute meeting minutes within two (2) working days of the meeting.

- **Progress Meetings:** The CM shall conduct bi-weekly progress meetings with the City for the duration of the project, and more frequently if individual situations warrant. The CM shall prepare an agenda that will include topics such as safety, RFI, submittals, change order, schedule, and construction progress. The CM shall be responsible for preparing and distributing meeting minutes from each meeting. Meeting minutes shall be in a format acceptable to the City's Project Manager and shall be distributed within two (2) working days of the project meeting. Project progress meetings will be held at the Public Works Conference rooms and project sites. At least monthly, the CM will present a summary of the monthly progress reports and discuss outstanding or upcoming project issues with the City.

- **CM Plan:** The CM shall prepare a CM Plan utilizing the final conformed contract documents, and shall include the following elements:

    1. Organization Chart
    2. CM coordination with City team and description of duties and responsibilities
    3. Safety compliance
    4. Claims avoidance strategy
    5. Special inspection requirements
    6. Inspection procedures
    7. List of all tests required for project
    8. Materials testing location
    9. Document management system
    10. Physical office location
    11. Project close out process
- **CM Staffing:** The CM shall provide appropriate staffing to accommodate the needs of the project.

Task 2- Construction Administration

The CM shall provide a Resident Engineer (RE) to provide construction administration and direct contractor activities whenever the contractor is working onsite. If the RE

meets the certification requirements for the specialty inspectors, the RE may perform inspections, provided that the specialty inspections do not interfere with the primary resident engineering tasks. The RE shall be certified by the International Code Council (ICC) for any inspections they perform. For budgetary purposes, the CM shall assume that the RE shall be dedicated full time for the duration of the project. The Construction Administration tasks are described below.

- **Contract Administration:** The CM shall have the responsibility for the daily management of the construction project. The CM shall provide and coordinate construction management services of the following activities:

    1. **Administration:** The CM shall administer construction contracts and provide technical Construction Management support to City staff to facilitate completion of projects.

    2. **Contractor Communication:** The CM shall provide effective written and oral communication to the contractor and other stakeholders in the administration of the contract. The CM shall provide for timely, thorough, clear, effective and responsible communications to Requests for Information (RFI's), Requests for Change (RFC's), Requests for Proposal (RFP's), submittals, and other miscellaneous correspondence. CM shall receive, log, and track requests for information. CM shall provide a technical review of RFI's to determine if the issue is addressed adequately. CM shall respond where the RFI can be addressed in the Contract Documents. If the contract documents are not clear, the CM shall forward RFI’s to the Design CM. RFIs responded by the designer shall be tracked for a timely response. CM shall develop a project directory of key consulting and contractor personnel working on the project.

    3. **Quality Assurance:** The CM shall verify and manage the Contractor’s Quality Control Plan.

    4. **Substitution Requests:** The CM shall evaluate requests for material and equipment substitutions and changes based on compliance with contract specifications and taking into account the impacts to cost and schedule. Based upon the CMs evaluation of the request for substitutions, the CM shall inform the PM and Engineer of Record of the substitution request and request an evaluation and decision of the merits of the substitution.
    5. **Resource Loading:** The CM shall monitor the contractor's resource loading and advise on corrective actions needed to maintain schedule.

    6. **Submittal Review/Logging:** The CM shall receive, respond, log, and track submittals. If the contract documents are not clear, the CM shall forward submittals to the Engineer of Record. Submittals responded by the designer shall be tracked for a timely response.

7. **Project Meetings:** The CM shall conduct weekly job site construction meetings involving the project team and maintain action items, minutes of said meetings and compliance with the contract provisions. Maintain and distribute meeting minutes within two (2) working days.

- **Safety and Security Monitoring:** The Contractor is responsible for enforcing its safety program on its employees and subcontractors' employees. It is the CM's responsibility to monitor, enforce safety, and promote a safe overall environment for all workers and visitors to the project site. Safety shall comply with all Federal, State and locally accepted safety regulations and measures including:

    1. **Safety:** The CM shall be responsible for providing all necessary personal protective equipment (PPE) including hard hats, vests, footwear, lights and other safety equipment for the CM Team. The CM shall prepare a safety plan for the CM team.

    2. **Job Site Security Verification:** Routinely check job site security and measures taken to protect the public from hazards.

    3. **Emergency Response Plan Review:** Review Contractor's emergency response plans. CM shall ensure that Contractor complies with State and Federal requirements but shall not be responsible for defining Contractor's safety programs. CM shall notify the Contractor of potential unsafe working conditions.

- **Environmental Monitoring:** The CM shall review and enforce requirements stipulated in permits issued by regulatory agencies and the environmental documents as shown or referenced in the contract documents.

- **Controls and Scheduling:** CM shall provide comprehensive project scheduling and control expertise as follows:

    1. **Baseline Schedule Review:** CM shall review and comment on contractor’s baseline and project schedule critical path, and logic review. CM shall ensure that schedule meets all requirements of the contract.

    2. **Progress Schedule Review:** CM shall review and monitor contractor's schedule monthly to monitor project progress and detect early delays. Report all schedule delays to the City’s Project Manager.

    3. **Cost and Budget:** CM shall monitor project construction costs, budgets, schedule and maintain current workflow projections.

    4. **Reporting:** CM shall prepare and distribute monthly construction reports. CM shall provide at a minimum:

- Daily inspection reports
- Weekly job site meeting minutes
- Monthly report overview
- Project cost to date
- Schedule updates
- Recommendations to mitigate project delays

- **Progress Payment Review:** CM shall review and approve monthly contractor invoices, verify compliance to all terms and conditions of contract and make payment recommendations. The CM shall ensure that the contractor's request for payment does not represent more than the amount for work performed on a monthly basis.

- **Contract Extensions:** CM shall review, analyze, and make recommendations on contractor time extensions/requests.

- **Coordination with City Inspectors/PM:** CM shall coordinate with City inspection and project management resources, where applicable.

- **Miscellaneous Coordination:** CM shall coordinate and monitor work to be performed by others.

- **Project Notice Coordination:** CM shall receive and review project notices, and submit to the City with appropriate recommendations.

- **Monitor Time and Materials Work:** CM shall monitor contractor work performed on a time and materials (T&M) basis to ensure that the contractor labor charges are fair and appropriate, and that materials purchased are of quantity and quality necessary to the project, and documented on invoices.

- **Cost Estimating:** The CM shall maintain a cost estimating system that conforms to industry accepted practices and provide the following:

    1. **Contractor Proposals:** CM shall evaluate contractor cost reduction proposals in accordance with industry cost standards. CM shall provide detailed analysis of the contractor’s proposal along with a recommended outcome to the Project Manager.

    2. **Change Order Review:** The CM shall review proposed change orders. The CM shall provide a change order review standard that includes a detailed process, forms, and recommendations of actions to the PM. CM’s change order review shall provide additional analysis of both cost and time concurrently. Time impact analysis shall not be deferred to a later time.

- **Document Control:** The CM shall establish a document management system for the following:

    1. **Filing:** The CM shall utilize a filing system. CM shall use a web-based document management system as approved by the City. CM shall be responsible for the cost of the document management system and training.

    2. **Claims:** The CM shall identify, analyze and prepare construction claims and disputes by assessing or validating entitlement and quantification of damages and promoting a successful resolution within 21 calendar days (assuming the Contractor is cooperative.) The CM shall provide associated cost estimates and time impact analysis concurrently for Claims Evaluation.

    3. **Document Tracking:** All central receipts, control, storage, distribution, indexing and tracking of all documents.

    4. **Document Managing:** All documents, incoming and outgoing, associated with the construction management activity of all assigned projects, including, but not limited to submittals, requests for information (RFIs), requests for clarifications (RFCs), pay requests, change orders (COs) and correspondence.

    5. **As-Built Documents Administration:** Maintaining a current set of as built drawings and specifications.

    6. **Document Maintenance:** Maintaining all field documents, storing original documentation and furnishing to the City at project completion.

- **Operations and Maintenance Manuals:** The CM shall receive final O&M equipment manuals from contractor and coordinate their review. Final O&M manuals shall be delivered to the Operations Manager.

- **Change Order and Claims Management:** The CM shall implement a comprehensive claims management program to evaluate change order requests and recommend equitable disposition. When agreement cannot be reached, the CM shall support the City's position and assist in formulating a claims defense and participate in resolution including:

    1. **Document Managing:** Coordinate, assemble and review supporting documentation for change order processing and make final recommendations to City staff.

    2. **Contractor Request Review:** Review requests of alleged cost increases and/or time impacts for merit concurrently.

3. **Change Order Review:** Thoroughly analyze the proposal and develop a negotiating position. When necessitated by variations between contractor price for change and the CM's fair cost estimate, CM shall negotiate an equitable resolution with guidance from the City's Project Manager.

4. **Change Order Expediting:** After the equitable resolution is reached the CM shall expedite approval of the negotiated change order.

Task 3- Inspection

The CM shall provide inspection services and monitoring of construction to ensure construction is in compliance with the project construction documents. The CM's resident engineer and inspection staff shall verify construction compliance and Quality Assurance Quality Control with applicable permits, codes, construction documents and any environmental mitigation. CM shall maintain redline as-builts on a monthly basis.

- **Daily and Weekly Documentation:**

  1. **Documentation of Construction Activities:** Provide documentation of construction activities, duration of activities, labor resources, and equipment allocation.

  2. **Construction Reporting:** Provide daily construction activity reports, labor resources, on- site equipment, and work conditions.

  3. **Non-Conformance Reporting:** Provide non-conformance reports.
  4. **Photographic Records:** Provide weekly photographic/digital records of the project during construction.

- **Civil Inspections:** The CM shall provide qualified inspectors for all improvements to inspect, monitor, and report on construction improvements as required by the Plans and Technical Specifications.

- **Field Testing:** Witness field tests and startup procedures for electrical equipment as needed.

- **Soil and Materials Testing:** The CM shall provide qualified and approved testing laboratories and California registered Geotechnical Engineers and/or ICC-certified Soils Special Inspector-EC or equivalent staff to perform all necessary soils and materials testing required to verify the quality and proper placement. The Soils and Materials Inspector shall be responsible for the following:

1. **Material Sampling:** Sample on-site and imported materials for compliance with the specifications for use as backfill materials.

2. **Material Testing:** Perform maximum density tests and optimum moisture content tests on materials to be used as backfill. Examples of testing include: gradation, R-value, sand equivalence, etc.

3. **Conformance Testing:** Perform compaction tests for backfill. Separate testing shall be performed for the pavement zone, street zone, and areas of over-excavation. Provide recommendations for compaction or density testing of rock backfill materials. Sand cone test method is required for soil compaction testing. Alternate compaction testing may be utilized; including but not limited to, nuclear gauge.

4. **Data Review:** Tabulate test data and review failing tests. Provide immediate notification of any failure to meet the requirements of the project contract documents.

5. **Reporting:** Upon prior authorization from the City, prepare a final report at the completion of construction certifying that geotechnical issues comply with the contract documents.

- **Storm Water Pollution Prevention Plan Inspection:**

1. Review contractor's site-specific SWPPPs for compliance with applicable regulations.

2. Monitor contractor's activities regarding pollution prevention controls and activities for general compliance with the contractor's SWPPP Best Management Practice (BMP). The contractor is responsible for means and methods for complying with BMP's. The SWPPP inspector shall notify the contractor and the City if the pollution prevention controls are in or out of compliance with the SWPPP.

TASK 4- Construction Closeout

The CM shall manage the turnover of the assigned project to the City, including contract closeout, management of warranty period activities and demobilization of CM staff including:

- **Site Closeout:** The CM shall budget under the Task 2 Construction Administration budget to close out construction and oversee demobilization at each site. Site Closeout tasks shall include:

1. **Site Final Walk-Through:** Coordinate and conduct a site final walk-through to verify completion of contract and all related items of work within 7 days of substantial completion.

2. **Site Punch List:** Develop site punch list and verify completion and obtain final documentation and releases within 7 days of substantial completion.

3. **Site Record Drawing Preparation:** Verify and deliver contractor as-built marked up drawings for record drawing preparation within 14 calendar days of site substantial completion.

4. **Site Permitting:** Monitor permit and agency sign-offs within 14 calendar days of substantial completion.

5. **Site Final Reporting:** Prepare site summary report in accordance with the City within 7 days of final completion.

6. **Site Documentation Turnover:** Turnover site project files, contract, correspondence, and documentation within 14 calendar days of final completion.

7. **Site Warranty Coordination:** The CM shall prepare a list of warranty items, warranty period, and warranty repair procedures, and turn over to the City's Project Manager.

8. **Site Demobilization:** Demobilize the CM staff and facilities in accordance with the agreed upon plan.

- **Construction Contract Close Out:** The CM shall oversee the contract closeout process and assist in resolving O&M service disputes. The CM shall budget under the Task 3 budget for Construction Contract Close Out. The closeout shall entail sign offs by responsible parties and include:

1. **Project-wide Final Walk-Through:** Coordinate and conduct a final walk-through to verify completion of contract and all related items of work within 7 days of substantial completion. The final walk-through shall be extended to include relevant City Departments and Divisions.
2. **Project-wide Punch List:** Develop punch list and verify completion and obtain final documentation and releases within 7 days of substantial completion.

3. **Project-wide Record Drawing Review and Corrections:** Review record drawings prepared by the Design Engineer or contractor as-built marked up drawings delivered for each site for correctness and consistency within 14 calendar days of substantial completion.

4. **Final Payment/Close-Out Change Order Review:** Review final payment and close out change orders within 7 days of substantial completion.
5. Permitting: Confirm that all permits are in place within 14 calendar days of substantial completion.

6. **Final Reporting:** Prepare final summary report in accordance with the City within 7 days of final completion.

7. **Documentation Turnover:** Turnover project files, contract, correspondence, and documentation within 14 calendar days of final completion.

8. **Project Warranty Coordination:** The CM shall review and update as needed the list of warranty items, warranty period, and warranty repair procedures, and turn over to the City's Project Manager.

9. **Final Demobilization:** Demobilize the CM staff and facilities in accordance with the agreed upon plan.

EXHIBIT C

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and Filippin Engineering, Inc.)

INSURANCE REQUIREMENTS

Prior to contract approval and beginning of services under this agreement, Consultant must procure, agree to maintain and supply evidence of insurance at the levels listed and in accordance with the other provisions listed in this document.

[See next pages]

Exhibit INS-A

INSURANCE REQUIREMENTS FOR CONSULTANTS
(WITH ERRORS AND OMISSIONS REQUIREMENT)

1. Consultant shall obtain and maintain during the performance of any services under this Agreement the following insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of services hereunder by Consultant, its agents, representatives, employees or subconsultants.

a. Commercial General Liability Insurance, including Contractual Liability, in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for general liability with coverage equivalent to Insurance Services Office Commercial General Liability Coverage (Occurrence Form CG 0001). If a general aggregate limit is used, that limit shall apply separately to the project or shall be twice the occurrence amount;

b. Business automobile liability insurance in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for automobile liability with coverage equivalent to Insurance Services Office automobile liability coverage (Occurrence Form CA0001) covering Code No. 1, "any auto;"

c. Professional liability/errors and omissions insurance appropriate to Consultant's profession to a minimum coverage of $1,000,000, with neither Consultant nor listed subconsultants having less than $500,000 individually. The professional liability/errors and omissions insurance must be project specific with at least a one year extended reporting period, or longer upon request.

d. Workers' compensation insurance in compliance with the laws of the State of California, and employer's liability insurance in an amount not less than $1,000,000 per claimant. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City.

2. Consultant shall, prior to performance of any services, file with the Risk Manager certificates of insurance with original endorsements effecting coverage required by this Exhibit INS-A. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be on the attached forms or on other forms approved by the Risk Manager. All certificates and endorsements are to be received and approved by the Risk Manager before commencement of services. City reserves the right to require complete certified copies of all required insurance policies at any time. The certificates of insurance and endorsements shall be sent via email. If you have not received your request or are having difficulty with electronic upload, contact insurance@oxnard.org

3. Consultant agrees that all insurance coverages shall be provided by a California admitted insurance carrier with an A.M. Best rating of A:VII or better and shall be endorsed to state that coverage may not be suspended, voided, canceled, or reduced in coverage or limits without 30 days' prior written notice to the Risk Manager. The Risk Manager shall not approve or accept any endorsement if the endorsement contains "best effort" modifiers or if the insurer is relieved from the responsibility to give such notice.

4. Consultant agrees that the commercial general liability and business automobile liability insurance policies shall be endorsed to name City, its City Council, officers, employees, agents and volunteers as additional insureds as respects: liability arising out of activities performed by or on behalf of Consultant; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, its City Council, officers, employees, agents and volunteers. **The General Liability Special Endorsement Form and Automobile Liability Special Endorsement Form attached to this Exhibit INS-A or substitute forms containing the same information and acceptable to the Risk Manager shall be used to provide the endorsements (ISO form CG 2010 11/85 or if not available, CG 2010 with an edition date prior to 01/04 and CG 2037).**

5. The coverages provided to City shall be primary and not contributing to or in excess of any existing City insurance or self-insurance coverages (**this must be endorsed**). Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its City Council, officers, employees and volunteers. The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

6. The insurer shall declare any deductibles or self-insured retentions to and be approved by the Risk Manager. At the option of the Risk Manager, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City, its City Council, officers, employees and volunteers, or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

7. All insurance standards applicable to Consultant shall also be applicable to Consultant's subconsultants. Consultant agrees to maintain appropriate agreements with subconsultants and to provide proper evidence of coverage upon receipt of a written request from the Risk Manager.

1/23

INSTRUCTION FOR SUBMITTING INSURANCE CERTIFICATES AND ENDORSEMENT FORMS

Certificates of Insurance

The sample accord form on the following page is provided to facilitate your preparation and submission of certificates of insurance. You may use this or any industry form that shows coverage as broad as that shown on the attached sample. **Please note the certificate holder address must be as shown on the attached sample accord form with the contract number and insurance exhibit identification information completed.** Improperly addressed certificates may delay the contract start-up date because the City's practice is to return unidentifiable insurance certificates to the insured for clarification as to the contract number. **Cancellation provisions must be endorsed to the policy. Modifying the certificate does not change coverage or obligate the carrier to provide notice of cancellation.**

Endorsement Forms

Original endorsements are required for commercial general liability and business automobile liability insurance policies and must be attached to the applicable certificate of insurance. City preference is that the Consultant/insurer use the endorsement forms which are attached. Substitute forms will be accepted, however, as long as they include provisions comparable to the sample accord form.

In consideration of the premium charged and notwithstanding any inconsistent statement in the policy to which this endorsement is attached or any endorsement now or hereafter attached thereto, insurance company agrees as follows:

1. **INSURED.** The City, its officers, agents, employees and volunteers are included as insureds with regard to liability and defense of suits arising from the operations, products and activities performed by or on behalf of the named insured.
2. **CONTRIBUTION NOT REQUIRED.** As respects: (a) work performed by the named insured for or on behalf of the City; or (b) products sold by the named insured to the City; or (c) premises leased by the named insured from the City, the insurance afforded by this policy shall be primary insurance as respects the City, its officers, agents, employees or volunteers; or stand in an unbroken chain of coverage excess of the named insured's scheduled underlying primary coverage. In either event, any other insurance maintained by the City, its officers, agents, employees or volunteers shall be in excess of this insurance and shall not contribute with it.
3. **SEVERABILITY OF INTEREST.** This insurance applies separately to each insured against whom claim is made or suit is brought except with respect to the company's limits of liability. The inclusion of any person or organization as an insured shall not affect any right which such person or organization would have as a claimant if not so included.
4. **CANCELLATION NOTICE.** With respect to the interests of the City, this insurance shall not be canceled, or materially reduced in coverage or limits except after thirty (30) days prior written notice by receipted delivery has been given to the City.
5. **PROVISIONS REGARDING THE INSURED'S DUTIES.** Any failure to comply with reporting provisions of the policy or breaches or violations of warranties shall not affect coverage provided to the City, its officers, agents, employees or volunteers.
6. **SCOPE OF COVERAGE.** This policy, if primary, affords coverage at least as broad as:
   a. Insurance Services Office Commercial General Liability Coverage, "occurrence" form CG0001; or
   b. If excess, affords coverage which is at least as broad as the primary insurance form CG0001.

Except as stated above nothing herein shall be held to waive, alter or extend any of the limits, conditions, agreements or exclusions of the policy to which this endorsement is attached.

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and Filippin Engineering, Inc.)

LIVING WAGE POLICY

Pursuant to the Living Wage Policy adopted July 9, 2002 by the City Council and effective October 1, 2002, the City Manager and City Attorney are directed to include the following language in all standard Consultant/Professional Services contracts that may be governed by the Living Wage Policy.

A. Consultant shall compensate any employee of Consultant who provides Services under this Agreement in accordance with the Living Wage Policy, attached hereto and incorporated herein by reference as the Living Wage Policy Exhibit. While this Agreement is in effect, Consultant shall pay such employee no less than $20.06 per hour for each hour that such employee provides Services under this Agreement. In addition, while this Agreement is in effect, Consultant shall provide to such employee no less than 96 hours of paid leave per calendar year.

B. Consultant agrees to post, at a location readily accessible to those employees providing Services to the City, a copy of the Living Wage Policy adopted by City Council on July 9, 2002 and effective October 1, 2002.

C. If Consultant fails to compensate such employee pursuant to the Living Wage Policy, the City Manager or designee shall terminate this Agreement on written notice to Consultant, effective immediately.

D. In addition, if Consultant fails to comply with the Living Wage Policy in any manner, Consultant shall pay to City a fine of $500 and shall pay to any employee providing Services under this Agreement a penalty of three times the amount or value of the compensation owed to such employee under the Living Wage Policy. Consultant shall pay such fine and penalty within fifteen (15) calendar days after the City Manager or designee provides written notice to Consultant of the amount owed.

CITY OF OXNARD LIVING WAGE REQUIREMENTS
EFFECTIVE JULY 1, 2025

Consultant shall compensate any employee of Consultant who provides Services under this Agreement in accordance with the Living Wage Policy, attached hereto and incorporated herein by reference as Exhibit E. While this Agreement is in effect, Consultant shall pay such employee no less than $20.06 per hour for each hour that such employee provides Services under this Agreement. This hourly rate shall be adjusted on July 1, 2026, and each July 1 thereafter, according to the percentage change in the Consumer Price Index, all items, prepared by the Bureau of Labor Statistics for the Los Angeles area relating to all urban consumers (CPI-U), index base 1982-84=100, comparing May of the previous year to May of the current year. In addition, while this Agreement is in effect, Consultant shall provide to such employee no less than 96 hours of paid leave per calendar year.

a. Consultant agrees to post, at a location readily accessible to those employees providing Services to the City, a copy of the Living Wage Policy adopted by the Oxnard City Council on July 9, 2002 and effective October 1, 2002.

b. If Consultant fails to compensate such employee pursuant to the Living Wage Policy, the City Manager or designee shall terminate this Agreement on written notice to Consultant, effective immediately.

c. In addition, if Consultant fails to comply with the Living Wage Policy in any manner, Consultant shall pay to City a fine of $500 and shall pay to any employee providing Services under this Agreement a penalty of three times the amount or value of the compensation owed to such employee under the Living Wage Policy. Consultant shall pay such fine and penalty within fifteen (15) calendar days after the City Manager or designee provides written notice to Consultant of the amount owed.

EXHIBIT F

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and Filippin Engineering, Inc.)

PREVAILING WAGE

1. Consultant acknowledges that the Project defined in the Agreement between Consultant and City is a "public work" as defined in Division 2, Part 7, Chapter 1 of the California Labor Code ("Chapter 1"), and that this Agreement is subject to Chapter 1 and the rules and regulations established by the Director of Industrial Relations ("DIR") implementing such statutes. Consultant shall perform the Project as a public work. Consultant shall comply with and be bound by all the terms, rules and regulations described in Chapter 1 and the DIR's rules and regulations as though set forth in full herein.

2. Pursuant to Labor Code Section 1773.2, copies of the prevailing rate of per diem wages for each craft, classification, or type of worker needed to perform the Agreement are on file at City Hall and will be made available to any interested party on request. Consultant acknowledges receipt of a copy of the DIR determination of such prevailing rate of per diem wages, and Consultant shall post such rates at each job site covered by this Agreement.

3. Consultant is required to post job site notices, as prescribed by regulation. See Labor Code Section 1771.4(a)(2).

4. Consultant shall comply with and be bound by the provisions of Labor Code Sections 1774 and 1775 concerning the payment of prevailing rates of wages to workers and the penalties for failure to pay prevailing wages. Consultant shall, as a penalty to City, forfeit not more than $200 for each calendar day or portion thereof for each worker paid less than the DIR's determined prevailing rates for the work or craft in which the worker is employed pursuant to this Agreement by Consultant or any subcontractor. The Labor Commissioner shall determine the amount of the penalty as described in Section 1775.

5. Consultant shall comply with Labor Code Section 1776, which requires Consultant and each subcontractor to (1) keep accurate payroll records and verify such records in writing under penalty of perjury, (2) certify and make such payroll records available for inspection, and (3) inform City of the location of the records.

6. Consultant shall comply with Labor Code Sections 1777.5, 1777.6 and 1777.7 and California Administrative Code Title 8, Section 200 et seq. concerning the employment of apprentices on public works projects for all apprenticeable occupations. Before commencing work under this Agreement, Consultant shall provide City with a copy of the information submitted to any applicable apprenticeship program. Within 60

days after concluding the Project, Consultant and each of its subcontractors shall submit to City a verified statement of the journeyman and apprentice hours performed under this Agreement.

7. Consultant may not be debarred or suspended throughout the Agreement Term pursuant to Labor Code Section 1777.1 or 1777.7. If he, she or it becomes debarred or suspended in the Agreement Term, Consultant must immediately notify City.

8. Consultant is not qualified to bid on, be listed in a Bid proposal, or engage in the performance of any contract for public work, as defined in Labor Code Sections 1720 through 1861, unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5. Consultant shall continue without interruption to stay registered and qualified to perform public work pursuant to Section 1725.5 for the duration of the term of this Agreement. This provision does not apply to construction, alteration, demolition, installation or repair work of $25,000 or less or to maintenance work of $15,000 or less.

9. Consultant acknowledges that 8 hours labor constitutes a legal day's work. Consultant shall comply with and be bound by Labor Code Section 1810.

10. Consultant shall comply with and be bound by Labor Code Section 1813 concerning penalties for workers who work excess hours. Consultant shall, as a penalty to City, forfeit $25 for each worker employed in the performance of this Agreement by Consultant or by any subcontractor for each calendar day during which such worker is required or permitted to work more than 8 hours in any calendar day and 40 hours in any one calendar week in violation of the provisions of Division 2, Part 7, Chapter 1, Article 3 of the Labor Code. Pursuant to Labor Code Section 1815, work performed by Consultant's employees in excess of 8 hours per day and 40 hours per week shall be permitted upon public work upon compensation for all hours worked in excess of 8 hours per day at not less than 1 ½ times the basic rate of pay.

11. The Project listed in the Agreement is subject to compliance monitoring and enforcement by the DIR.

12. Consultant shall be responsible for each and every one of its subcontractors' compliance with Chapter 1, the DIR's rules and regulations, and Labor Code Sections 1860 and 3700. Consultant shall include in the written contract between it and each subcontractor a copy of, and a requirement that each subcontractor shall comply with, those statutory provisions. Consultant shall be required to take all actions necessary to enforce such contractual provisions and ensure subcontractors' compliance, including without limitation, conducting a periodic review of the certified payroll records of each subcontractor, and upon becoming aware of the failure of the subcontractor to pay its workers the specified prevailing rate of wages, Consultant shall diligently take corrective action to halt or rectify any failure.

13. To the maximum extent, Consultant shall hold harmless, defend (with counsel approved by the City Attorney) and indemnify City, its legislative bodies, and its officials, officers, employees and agents from any demand or claim for damages, compensation, fines, penalties or other amounts arising out of or incidental to any acts or omissions listed above by any person or entity (including Consultant, its subcontractors, and each of their officials, officers, employees and agents) in connection with any work undertaken or in connection with the Agreement, including without limitation the payment of all attorneys' fees and other related costs. All duties of Consultant under this Section shall survive Agreement termination.

ON-CALL PROFESSIONAL SERVICES AGREEMENT
BETWEEN
THE CITY OF OXNARD AND MICHAEL K. NUNLEY & ASSOCIATES, LLP

By This On-Call Professional Services Agreement ("Agreement"), the City of Oxnard ("City") agrees to engage the Services of Michael K. Nunley & Associates, LLP ("Consultant"), and Consultant agrees to perform the Services for City as herein described, for the compensation, during the term, and otherwise subject to the covenants and conditions herein set forth. City and Consultant may be individually referred to as "Party" or collectively as the "Parties."

1. **[INTENTIONALLY OMITTED]**

2. **SUMMARY DESCRIPTION OF SERVICES.**

   The Services to be performed pursuant to this agreement will be limited to the particular professional services that are identified in the Scope of Services, attached hereto as Exhibit A. Consultant has been prequalified to perform the particular services required by the City and the City shall issue Task Orders describing the particular project or services required by the City to the prequalified consultants and consultants shall submit a responsive proposal to the City's Project Manager.

   Consultant is not to be the exclusive provider of services to the City. The City does not guarantee a specified amount of work under this on-call agreement.

3. **PARTIES.**

   City of Oxnard, a general law and municipal corporation of the State of California, located at 300 West Third Street, Oxnard California 93030.

   Michael K. Nunley & Associates, LLP, a LLP of the State of California, located at 354 Pacific Street, San Luis Obispo, CA 93401

4. **TERM OF AGREEMENT:** From: July 1, 2026 To : June 30, 2029

   A. Time is of the essence in this Agreement
   B. The City shall have the option to exercise two (2) consecutive one-year (1) term extensions, in accordance with the scope of work and terms and conditions of this Agreement. Any price negotiations, if allowed, shall be negotiated at the time of contract extension.

C. This Agreement shall not exceed a total of five (5) years (including the initial term and any options to extend). The City in its sole discretion may exercise the option terms upon sixty (60) days written notice to the Consultant (or any other time if the parties so agree) in accordance with Section 12 of this Agreement. The option term shall be commenced by an amendment to this agreement.
D. All Services required of Consultant under this Agreement shall be completed on or before the end of the term of the Agreement.

5. AGREEMENT AMOUNT NOT TO EXCEED: $500,000.00.[1]

6. AGREEMENT EXHIBITS. The following documents memorialized below are the only exhibits to this Agreement and are incorporated by reference as though fully set forth herein. In the event of a conflict between the Exhibits and this Agreement, the Agreement controls.

Exhibit A: Scope of Services and Task Order Template
Exhibit B: Schedule of Compensation
Exhibit C: Insurance Requirements: City Insurance Exhibit INS-A
Exhibit D: [RESERVED]
Exhibit E: Living Wage Policy
Exhibit F: Prevailing Wage Policy

7. DESIGNATED REPRESENTATIVES. The Designated Representatives listed below shall be authorized to act on behalf of the named Party, be responsible for negotiations and contractual matters, and coordinate with each other to perform the Services under this Agreement. Additionally, Consultant's Services shall be performed or immediately supervised by the Consultant's Representative:

City Designated Representative	Consultant Designated Representative
Name: Abe Anbessaw Title: Engineer Division Manager Phone: 805-385-7675 Email: abebaw.anbessaw@oxnard.org Address: 305 West Third Street, Third Floor, Oxnard, CA 93030	Name: Mike Nunley Title: Vice President Phone: 805-574-3202 Email: mnunley@mknassociates.us Address: 354 Pacific Street, San Luis Obispo, CA 93401

[1] This is not a guaranteed dollar amount. No services or work performed pursuant to a Task Order shall exceed the "Not to Exceed" Amount of the Contract or the agreed upon amount stated in the Task Order.

8. **CONTRACTUAL PREREQUISITIES.** This Agreement must first be executed by the Consultant, after which the Agreement shall be approved as to form by the City Attorney, then executed by the Mayor, or an authorized person on behalf of the City, and if executed by the Mayor shall also be executed by the City Clerk.

    A. Consultant is advised that any recommendation for Agreement award is not binding on City until the Agreement is fully executed and approved by the City.
    B. All proof of a City tax certificate, insurance, and W-9 forms is required prior to execution of this Agreement.
    C. Consultant shall not perform any work under this Agreement until a proof of insurance has been provided to the City as required under Section 24 of this Agreement.

9. **CONSULTANT'S SERVICES.**

    A. Consultant shall perform only the type or category of services as set forth in the "Scope of Services," and pursuant to the information contained in the Task Orders issued pursuant to this agreement.
    B. Task Orders may only be modified in writing by the City's Project Manager or Designated Representative.
    C. The Services issued pursuant to a Task Order shall be coordinated with the designated City Project Manager set forth in Exhibit A and are subject to the direction of the City Manager or Department Director. Consultant hereby designates as its Project Manager, the individual identified in Section 7 of this Agreement, as the person responsible for the Services who shall coordinate with City's Project Manager in executing the Scope of Services and Task Order(s) under this Agreement.
    D. Under no circumstances shall the Consultant exceed the amount stated in the City's Task Order or perform additional work or services that are not included in the Task Order

10. **COMPENSATION.** City shall pay Consultant for the Services performed pursuant to the terms of this Agreement and based on the hourly rates and fees set forth in the "Schedule of Compensation," attached to and incorporated into this Agreement as "Exhibit B." Consultant's compensation shall not to exceed amount stated in the Task Order. Under no circumstances shall the Consultant perform work in excess of the amount stated in the Task Order or the not to exceed amount listed in Section 5 of this Agreement. Once this Agreement is executed, the Schedule of Compensation

may only be modified by written Amendment pursuant to Section 13 of this Agreement, and may be subject to approval by the City Council.

A. The maximum not to exceed amount for any individual Task Order issued pursuant to this Agreement shall be $100,000.00 per Task Order.

B. Unless stated otherwise elsewhere in this document, prices shall be firm for the duration of this agreement. No price increases will be permitted during the first year of this Agreement. All price decreases (for example, if Vendor/Contractor offers lower prices to another governmental entity) will automatically be extended to the City. The City requires written proof satisfactory to the City, upon the City's acceptance, of cost increases prior to any approved price adjustment. After the first year of the award, a minimum of 60-days advance notice in writing is required to be considered and approved by the City. No retroactive price adjustments will be considered. For Contracts, any price increases must be stated in a written amendment. The net dollar amount of profit will remain firm during the period of the Agreement. Annual increases shall not exceed the Consumer Price Index- All Consumers, All Items, less food and energy – Los Angeles and be subject to satisfactory performance review by the City and approved (if needed) for budget funding by City Council.

11. PAYMENT and INVOICES. The City shall pay all undisputed portions of any applicable invoice within thirty (30) days after receipt of an invoice. In the event the City disputes one or more items in an invoice, the City shall, within thirty (30) days after receipt of such invoice, notify the Consultant of the item(s) being disputed and the reason(s) therefore. The City may withhold payment for such disputed items until resolution of the dispute.

A. **Payment Request.** Consultant shall submit a payment request to CITY by the end of each calendar month listing the Services provided, costs of those Services, and total amount due for the month. Invoices may be emailed to: **pwengineeringAP@oxnard.org .**

B. Consultant's acceptance of final payment made pursuant to this Agreement shall constitute a release of City from all claims and liabilities for compensation to Consultant for anything completed, finished or relating to the Services. City's payment shall not constitute nor be deemed a release of the responsibility and liability of Consultant for the

accuracy and competency of the information provided and/or the Services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Consultant and its employees, agents and subcontracted Consultants.

C. Consultant shall provide City with a completed Request for Taxpayer Identification Number and Certification, as issued by the Internal Revenue Service. If any sales tax is due for the Services performed by Consultant or materials or products provided to City by Consultant, Consultant shall pay the sales tax. City shall not reimburse Consultant for sales taxes paid by Consultant.

D. **Non-Appropriation of Funds.** Payments to be made to Consultant by City for the Services performed within the current fiscal year are within the current fiscal budget and within an available, unexhausted and unencumbered appropriation of City. In the event City does not appropriate sufficient funds for payment of the Services beyond the current fiscal year, this Agreement shall cover payment for the Services only up to the conclusion of the last fiscal year in which City appropriated sufficient funds and shall automatically terminate at that fiscal year's conclusion.

12. OPTION TO EXTEND AGREEMENT. When in the City's best interest, this Agreement may only be extended, if the City, in its discretion, exercises an option term in accordance with Section 4 subparagraphs (B) and (C) of this Agreement. The initial term, plus any option to extend shall not exceed a total of five (5) years. **If no option to extend the Agreement appears in section 4(B), then this Agreement shall not be extended.**

13. MODIFICATION OF AGREEMENT. This Agreement may be amended, modified, or otherwise altered, or its provisions waived, only upon mutual consent of the Parties by written amendment. The City may request that the Consultant perform Extra Services. As used herein, "Extra Services" means any services, which are determined by the City to be necessary for the proper completion of the project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement or any Task Order issued under this Agreement. A written amendment signed by both Parties shall be required to authorize performance of and payment for Extra Services under this Agreement or Task Order.

14. TERMINATION OF AGREEMENT. City may terminate this Agreement at any time, with or without cause and without penalty, upon fifteen (15) calendar days' prior written notice pursuant to Section 22 of this Agreement. Such termination shall be effective on the date specified in the notice, or if no date is specified, then fifteen (15) calendar days from the date of the notice. City shall be liable to Consultant only for work done by Consultant up to and including the date of termination of this Agreement unless the termination is for cause, in which event Consultant need be compensated only to the extent required by law. Consultant may terminate this Agreement at any time during the term of the Agreement by giving the City sixty (60) calendar days' prior written notice.

15. [RESERVED]

16. INDEPENDENT CONTRACTOR. Consultant is and shall at all times remain, as to City, a wholly independent contractor. Neither City nor any of its employees or agents shall have control over the conduct of Consultant or any of its employees, except as stated in this Agreement. Consultant has and shall retain the right to exercise full control over the employment, direction, means of performance, location, compensation and discharge of all persons assisting Consultant. This Agreement shall not be interpreted to prevent or preclude Consultant from rendering any Services for Consultant's own account or to any other person or entity as Consultant in its sole discretion shall determine; provided, however, that performing such Services shall not materially interfere with the Services the Consultant shall perform for the City. The City retains the right to provide general instructions to and observe the Consultant in the performance of all Services done on behalf of the City.

Consultant and its employees, subconsultants, and agents have no authority, express or implied, to act on behalf of City in any capacity, to incur any debt, obligation or liability on behalf of City, bind City in any manner, or otherwise act on behalf of City as an agent. Consultant T and its employees are not employees of City. Consultant and its employees are not entitled to receive from City any of the benefits or rights afforded employees of City, including but not limited to reserve leave, sick leave, vacation leave, holiday leave, compensatory leave, Public Employees Retirement System benefits, and health, life, dental, long-term disability and workers' compensation insurance benefits. Consultant shall not, at any time or in any manner, represent that it or any of its agents, subconsultants, or employees are in any manner agents, subconsultants, or employees of City.

17. **LAWFUL PERFORMANCE.** Consultant shall abide by all federal, state, and local laws and regulations as may be related to the performance of duties under this Agreement. Consultant, at its sole expense, shall obtain and maintain during the term of this Agreement, all appropriate permits, licenses, and certificates that may be required in connection with the performance of Services under this Agreement.

18. **SAFETY REQUIREMENTS.** Consultant shall not perform any Services for the City when the Consultant is impaired by alcohol or a controlled substance. When there is reasonable cause to believe that any person has violated this provision, that person shall be immediately removed from the premises and be subject to any applicable civil and/or criminal penalties under the City's Code and/or under state law. All work performed under this Agreement shall be performed in such a manner as to provide safety to the public. The City reserves the right to issue restraining or cease and desist orders to Consultant when unsafe or harmful acts are observed or reported relative to the performance of the work under this Agreement. The acceptance of Consultant 's work by City shall not operate as a release of the Consultant from such standard of care and workmanship.

19. **STANDARD OF PERFORMANCE; WARRANTY.** Consultant agrees to perform all Services required by this Agreement in a professional and competent manner, in accordance with the degree of skill and diligence which is normally employed by reputable professionals performing similar Services under similar conditions in the same or similar locality. Such Services shall also be performed in a manner which is reasonably satisfactory to City Project Manager, or designee (hereinafter the "Project Manager"), provided that discretion in determining what is satisfactory shall not alter the foregoing standard of care.

    A. In accordance with the standard of care set forth in the first sentence of Section 19, the Consultant agrees that it:
    (1) Has thoroughly reviewed and considered the services and work to be performed; and
    (2) Has reviewed the issues regarding the Scope of Services and Task Orders to be provided; and
    (3) Has carefully considered how the services and related work should be performed; and
    (4) Fully understands the facilities, difficulties and restrictions associated with performance of the services required by this Agreement.

20. OWNERSHIP OF CONSULTANT'S WORK PRODUCT, CONFIDENTIALITY & DISCLOSURE, RECORDS & WARRANTY. City shall be the owner of any and all technical documents and records, including, computations, plans, correspondence, and/or other pertinent data and information, both hard copy and electronic, gathered or prepared by Consultant in performance of this Agreement and shall be entitled to immediate possession of the same upon completion of the work under this Agreement, or at any earlier or later time when the same may be requested by City.

A. Ownership of Documents. Every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the Consultant pursuant to or in connection with this Agreement shall be the exclusive property of the City.

B. Deliverables. Consultant shall deliver to the City the studies, plans, specifications, or other documents as are identified in the Scope of Services or Task Order; and Consultant shall, upon completion of all work or termination of this Agreement, submit to the City all information developed in the course of the Consultant 's services. Consultant shall, in such time and in such form as the City may require, furnish reports concerning the status of Services required under this Agreement. Consultant shall, upon request by City and upon completion or termination of this Agreement, deliver to the City all material furnished to Consultant by the City.

C. Records and Inspections**.** The Consultant shall maintain full and accurate records, with respect to all Services and matters covered under this Agreement. Books and records pertaining to costs shall be kept and prepared in accordance with generally accepted accounting principles. The City shall have free access at all reasonable times to such records, both hard copy and electronic, and the right to examine and audit the same and to make transcripts therefrom, and to inspect all program data, documents, proceedings, and activities.

D. Confidentiality. Information that is exempt from disclosure to the public is confidential. This includes information relating to the past, present, or future affairs of the City or information belonging to a third party whose information is in the City's possession or control under obligations of confidentiality. Consultant may be granted access to information that is exempt from disclosure to the public (Government Code Section 7920.505) and may contain "trade secrets" (see Government Code Section 7924.510(f)) when it is necessary for Consultant to perform its obligations pursuant to this Agreement. If Consultant is granted such

access to confidential information, Consultant shall not be considered to be a member of the public as that term is used in Government Code Section 7920.515.

E. Disclosure of Information. Consultant shall not disclose, publish, or authorize others to disclose or publish, design data, drawings, specifications, reports, or other information pertaining to the projects assigned to Consultant by the City or other information to which the Consultant has had access during the term of this Agreement without the prior written approval of the City's Designated Representative during the term of this Agreement and for a period of two (2) years after the termination of this Agreement.

F. No Warranty. Other than an obligation upon the City to deal in good faith, the City makes no warranties and shall bear no liability or responsibility for errors or omissions in any Confidential Information disclosed under this Agreement or for any business decisions made by Consultant in reliance on any Confidential Information disclosed under this Agreement.

21. NOTICE OF BREACH AND OPPORTUNITY TO CURE. Neither Party will be in breach of this Agreement where the breach is capable of being cured, or until written notice of the breach is received from the non-breaching Party. The Party charged with breach will have fifteen (15) calendar days from the date of receiving such notice in which to cure the breach or otherwise respond. If the circumstances leading to the charge that the Agreement was breached have not been cured or explained to the satisfaction of the other Party within fifteen (15) days from the date on which the breaching Party received notice of breach, the non-breaching Party may terminate this Agreement. Notice shall be given in the manner set forth in section 22.

22. NOTICE. All notices given or required to be given pursuant to this Agreement shall be in writing and may be given by personal delivery or by first-class mail. Notice sent by mail shall be addressed to each Party's Designated Representative as set forth above in Section 7. When addressed in accordance with this Section, such notice shall be deemed given upon deposit in the United States mail, postage prepaid. In all other instances, notices shall be deemed given at the time of actual delivery. Changes may be made in the names or addresses of persons to whom notices are to be given by giving notice in the manner prescribed in this Section.

23. INDEMNIFICATION, HOLD HARMLESS & DEFENSE. Except as set forth in Subsection A of this Section 23, and to the fullest extent permitted by law, Consultant shall immediately defend, indemnify, and hold harmless the City, its officers, employees, representatives, and agents (the "City Indemnitees"), from and against those actions, suits, proceedings, claims, demands, losses, costs, and expenses, including legal costs and reasonable attorneys' fees, for any personal injuries, deaths, or property damage, including property owned by the City (collectively "Claims") which may arise out of Consultant's negligence or willful misconduct in the performance of the services described in this Agreement, unless such Claims are proven to be caused by the negligence or willful misconduct of the City Indemnitees.

A. The provisions of this Subsection apply only in the event that Consultant is a design professional within the meaning of California Civil Code section 2782.8 ("Design Professional"). The term Design Professional, as defined in said section, is limited to licensed architects, licensed landscape architects, registered professional engineers, professional land surveyors, and the business entities that offer such services in accordance with the applicable provisions of the California Business and Professions Code.

   (1) Notwithstanding the provisions of Section 23 above, to the extent that the services to be provided under this Agreement are those of a Design Professional, Consultant's duty to indemnify, hold harmless, and defend the City Indemnitees shall be limited to the extent that any Claims arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, its officers, agents, employees or subconsultants in the performance of the services described in this Agreement.

   (2) In no event shall the costs of defense charged to Consultant exceed the Consultant's proportionate percentage of fault, except as otherwise set forth in said Civil Code section 2782.8, the provisions of which are incorporated into this Agreement by this reference. Nothing in this Subsection b shall be construed to require Consultant to provide indemnification for Claims caused by the active negligence or willful misconduct of the City Indemnitees

B. The City does not and shall not waive any rights that it may have against Consultant under this Section, because of the acceptance by the City, or the deposit with the City, of any insurance policy or certificate required pursuant to this Agreement. The hold harmless and indemnification

provisions of this Section 23 shall apply regardless of whether said insurance policies are determined to be applicable to the claim, demand, damage, liability, loss, cost, or expense described herein.

C. The obligation to indemnify and defend, as set forth in this Section 23, is binding on the successors, assigns, or heirs of Consultant and shall survive the expiration or any early termination of this Agreement.

24. INSURANCE. Consultant shall obtain and maintain during the performance of any Services under this Agreement the insurance coverages listed within "Exhibit C", which is attached hereto and incorporated herein by this reference, unless the Risk Manager waives, in writing, the requirement that Consultant obtain and maintain such insurance coverages. Such insurance must be issued by a company satisfactory to the Risk Manager. Consultant shall, before performance of any Services pursuant to this Agreement, file with the Risk Manager evidence of insurance coverage as specified in "Exhibit C". Maintenance of insurance coverages by Consultant is a material element of this Agreement. Consultant's failure to maintain or renew insurance coverages or to provide renewal evidence shall be considered a material breach of this Agreement.

25. LIVING WAGE REQUIREMENTS. During the term of this Agreement, Consultant understands and agrees that if Living Wages are applicable, subject to the 2002 Oxnard City Council Living Wage Policy, attached as "Exhibit E" to this Agreement, Consultant will pay and/or provide the wages and/or benefits required therein to all of its employees engaged in whole or in part in performing the Services provided for by this Agreement. The Living Wage is updated on July 1 of each year, and the duty to pay the correct wage is the responsibility of the Consultant.

26. PREVAILING WAGE REQUIREMENTS. The payment of State prevailing wages as designated for Ventura County shall apply to public works projects. However, this section shall not apply to work performed on a public works project of twenty-five thousand dollars ($25,000) or less when the project is for construction, alteration, demolition, installation, or repair work; or to work performed on a public works project of fifteen thousand dollars ($15,000) or less when the project is for maintenance work. Prevailing wages are required to be paid to all workers, including subcontracted employees. For further information regarding Prevailing Wage Requirements please refer to Exhibit "F" attached to this Agreement.

A. To determine if this Agreement is subject to compliance monitoring and enforcement, go to:

https://www.dir.ca.gov/Public-Works/PublicWorksSB854FAQ.html

B. It is unlawful to split, or separate into small portions, work orders, projects, purchases, or public works projects for the purpose of evading these prevailing wage requirements.

C. In the event that there is a difference between the amount of wages to be paid under the City of Oxnard's local Living Wage requirements and the requirements of this provision, the wage rate that is the higher of the two shall be applicable to this Agreement. The duty to pay the correct wage is the responsibility of the Consultant.

27. [RESERVED]

28. SUBCONTRACTING. If Consultant requires the assistance of a subcontractor to render any Services under this Agreement, Consultant shall obtain prior written consent from the City before a subcontractor performs any service pursuant to this Agreement. All subcontractors shall be identified in the Scope of Work or Task Order attached to this Agreement as "Exhibit A". Consultant is fully responsible for satisfactory completion of all its subcontractors' work. All subcontractors shall be properly licensed and insured; and bonded, if applicable. Consultant shall be responsible for all liabilities regardless of nature, type, or cause, arising out of or resulting from or in connection with subcontractors performance pursuant to this Agreement or subcontractors failure to comply with any of its obligations in connection with this Agreement.

29. CONFLICT OF INTEREST. Consultant covenants that it does not have any interest, nor shall it acquire any interest, directly or indirectly, which would conflict in any manner with the performance of Consultant's Services under this Agreement. Consultant further covenants that in the performance of Services under this Agreement, no officer, employee or agent of Consultant having such interest shall be employed by it. In the event the City determines that Consultant must disclose its financial interests by completing and filing a Fair Political Practices Commission Form 700, Statement of Economic Interests, Consultant shall file such Form 700 with the City Clerk's Office pursuant to the written instructions provided by the City Clerk. Acquisition or maintenance of a conflicting interest by Consultant may result in termination of this Agreement by the City.

30. DISPUTES. Except as otherwise provided in these provisions, any dispute concerning a question of fact arising under this Agreement, shall be decided by the City's Designated Representative, who shall reduce this decision to writing and mail

a copy to the Consultant. The decision of the City's Designated Representative shall be final and conclusive unless Consultant requests mediation within ten (10) calendar days. Pending final decision of a dispute, the Consultant shall proceed diligently with the performance of the Agreement and in accordance with the decision of the City's Designated Representative.

31. DISPUTE RESOLUTION. Should an unresolved dispute arise out of this Agreement, any Party may request that it be submitted to mediation. The Parties shall meet in mediation within a reasonable time not to exceed forty five (45) days of a request. The mediator shall be agreed to by the mediating Parties. In the absence of an Agreement on a mediator, the Parties shall each submit one name from mediators listed by the American Arbitration Association, the California State Board of Mediation and Conciliation, or other agreed-upon service. The mediator shall be selected by a "blindfold" process. The cost of mediation shall be borne equally by both Parties. Neither Party shall be deemed the prevailing Party. No Party shall be permitted to file a legal action without first meeting in mediation and making a good faith attempt to reach a mediated settlement. The mediation process, once commenced by a meeting with the mediator, shall last until Agreement is reached by the Parties but not more than sixty (60) calendar days, unless the maximum time is extended in writing by both Parties.

32. ASSIGNMENT. This Agreement is for the professional Services of Consultant. Any attempt by Consultant to assign the benefits or burdens of this Agreement without the prior written approval of City shall be prohibited and shall be null and void. Consultant's Services pursuant to this Agreement shall be provided by the Consultant's Designated Representative or directly under his/her supervision, and Consultant shall not assign another to supervise the Consultant 's performance of this Agreement without the prior written approval of City, by and through the City's Designated Representative.

33. CARE OF WORK. Should Consultant discover any latent or unknown conditions materially differing from those inherent in the Services or as represented by the City, Consultant shall immediately inform the City of such fact and shall not provide any Services, except at Consultant's risk, until written instructions are received from the Project Manager.

34. REPORTS. Upon request by the Project Manager or as otherwise required by this Agreement, including but not limited to, the Scope of Services or Task Orders set

forth in Exhibit “A”, Consultant shall prepare and submit reports to the City concerning Consultant's performance of the Services required by this Agreement.

35. AUDIT. City shall have the option of inspecting, auditing and/or reproducing all records and other written materials used by Consultant in preparing its billings to City as a condition precedent to any payment to Consultant, or for other purposes relating to the Agreement. Consultant will promptly furnish all documents requested by City. Additionally, if this Agreement is in excess of $10,000, the State Auditor may examine and audit Consultant for a period of 3 years after final payment under the Agreement. Regardless of whether a State audit is permitted, Consultant shall maintain and preserve all such records for a period of at least 3 years after final payment under the Agreement or until an audit has been completed and accepted by City, whichever occurs later. Consultant shall maintain all such records in City or to promptly reimburse City for all reasonable costs incurred in conducting the audit at a location other than in City, including but not limited to expenses for personnel, salaries, private auditor, travel, lodging, meals and overhead. Consultant shall include a copy of this Section in all contracts with its subcontractors, and Consultant shall be responsible for immediately obtaining those records or other written material from its subcontractors upon a request by the State Auditor and/or City.

36. ADVERTISING AND PUBLICITY. Consultant shall not use the name of or refer to City directly or indirectly in any advertisement, news release, or professional or trade publication without prior written approval from the City Manager. This Section shall survive the termination of this Agreement.

37. NONDISCRIMINATORY EMPLOYMENT. Consultant shall not unlawfully discriminate against any individual based on race, color, religion or religious creed, national origin, ancestry, ethnic group identification, primary language, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, sex, sexual orientation, age, immigration status, citizenship or military and veteran status. Consultant understands and agrees that it is bound by and will comply with all legal nondiscrimination mandates. For every subcontractor who will perform Services, Consultant shall be responsible for such subcontractor’s compliance with this Section.

38. COVENANTS AND CONDITIONS. Each term and each provision of this Agreement to be performed by Consultant shall be construed to be both a covenant and a condition.

39. WAIVER. City's review or acceptance of, or payment for, work product prepared by Consultant under this Agreement will not be construed to operate as a waiver of any rights City may have under this Agreement or of any cause of action arising from Consultant's performance. A waiver by City of any breach of any term, covenant, or condition contained in this Agreement will not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant, or condition contained in this Agreement, whether of the same or different character.

40. FORCE MAJEURE. Neither the Consultant nor the City shall be responsible for any delay caused by any contingency beyond their control, including, but not limited to, war or insurrection, walkouts by the Party's own employees, fires, natural calamities, riots, or demands or requirements of governmental agencies other than the City.

41. GOVERNING LAW. The terms of this Agreement shall be interpreted according to the laws of the State of California. Should litigation occur, venue shall be in the Superior Court of California, County of Ventura.

42. SEVERABILITY. If any portion of this Agreement is declared by a court of competent jurisdiction to be invalid or unenforceable, then such portion will be deemed modified to the extent necessary in the opinion of the court to render such portion enforceable and, as so modified, such portion and the balance of this Agreement will continue in full force and effect and be enforceable.

43. INTEGRATED AGREEMENT. This Agreement and the attached exhibits referenced herein to this Agreement represent the entire understanding between the Parties. No verbal Agreement or implied covenant shall be held to vary the provisions of this Agreement. This Agreement shall bind and inure to the benefit of the Parties to this Agreement and any subsequent successors and assigns.

44. NO THIRD-PARTY BENEFICIARY. This Agreement shall not be construed to be an Agreement for the benefit of any third-party or parties, and no third party or parties shall have any claim or right of action under this Agreement.

45. AUTHORITY TO EXECUTE. Each Party hereto expressly warrants and represents that the signatories to this Agreement have the authority to execute this Agreement on behalf of its corporation, partnership, business entity, or governmental entity, and warrants and represents that the signatories have the authority to bind each Party to the performance of its obligations hereunder.

46. EXECUTION – COUNTERPARTS. This Agreement may be executed in any number of counterparts and each such duplicate counterpart shall constitute an original, but they shall not be effective nor enforceable unless and until it is executed with the handwritten signature or electronic signature of an authorized representative of each of the relevant Parties. No counterpart shall be deemed to be an original or presumed delivered unless and until the counterpart executed by the other Party to this Agreement is in the physical possession of the Party seeking enforcement thereof.

47. INCONSISTENT OR CONFLICTING TERMS. In the event of any contradictions or inconsistencies between any attached documents or exhibits incorporated by reference herein and the provisions of the Agreement itself, the terms of the Agreement shall control. Any exhibit that is attached and incorporated by reference shall be limited to the purposes for which it is attached, as specified in this Agreement. Any contractual terms or conditions contained in such exhibit imposing additional obligations on the City are not binding upon the City and City's Designated Representative unless specifically agreed to in writing, and initiated by City's Designated Representative, as to each additional contractual term or condition.

48. CAPTIONS AND HEADINGS. The captions and headings contained in this Agreement are provided for identification purposes only and shall not be interpreted to limit or define the content, scope, or intent of the provisions described under the respective caption or heading.

49. ACKNOWLEDGEMENT. By signing below, Consultant acknowledges that it has reviewed the City's Professional Services Agreement terms and conditions and insurance requirements and that Consultant hereby agrees to full compliance.

[Signatures on next page]

IN WITNESS WHEREOF, the Parties have entered into this Agreement effective on the date as written in Section 4 and upon signature of all Parties.

[21] The City Council must authorize and the Mayor must execute any agreement over $220,000.

[32] The Purchasing Agent may execute any authorized agreement up to $220,000.

[43] The City requires the following for any contract:
● For a corporation, the signatures of the Board President, CEO or Vice President and of the Board Secretary, Assistant Secretary, CFO or Assistant Treasurer;
● For an LLC, the signatures of at least two managers of the LLC (company directors, not lower-level managers); or
● For a partnership, the signature of a partner. If the partnership is a limited partnership, the signer must be a general partner.
If the company has a different structure, or if the above-listed persons are not the appropriate signers, please submit to the City Attorney legally-binding documentation stating who can sign and bind your company.

EXHIBIT A

PROFESSIONAL SERVICE AGREEMENT
(CITY of Oxnard and Michael K. Nunley & Associates, LLP)

SCOPE OF SERVICES

PROJECT MANAGER: Abe Anebessaw

General Specifications

The awarded Consultant(s) under this agreement shall provide construction management and inspection support for the City's capital and other projects, as assigned. Specific services shall include, but not be limited to, providing Construction Management / Inspection Services for projects involving public buildings, housing, public works infrastructure, public parks, and such other facilities as may be required. Each individual project assigned by the City of Oxnard (City) will be composed of task orders. The task order proposal shall identify a concise schedule for completion of the task order (Task.) It is the Consultant's responsibility to determine the best and most cost-effective method to complete the Work so that the assigned task order can be completed to the satisfaction of the City. Task orders shall be negotiated as a lump sum amount per term based upon the hourly rate fee schedule as agreed to by the City and Consultant for all services and under the agreement amount. Task order funds will be encumbered based on the quote provided to the City by Consultant per task order. This Scope of Work will allow for additional professional services offered by the Consultant and the services noted below shall not be restricted to those directly stated.

Construction Management/Inspection services shall comply and be consistent with the industry standards and practices, to the full extent any provisions thereof relate or have applicability to such Projects.

The Scope of Work for Construction Management and Inspection Services shall include, but not be limited to the following:

Task 1- Management with City Staff

- **Project Management:** The Construction Manager (CM) shall coordinate all work efforts of the project team including representatives from the City, and shall facilitate regular Project progress meetings and provide regular updates on the Project status and budget. The CM shall become familiar with City processes, procedures, and objectives to provide services and assistance as directed by City staff. The CM shall work under the direction of the City Project Manager,

develop and maintain open lines of communications and cooperation between City staff, CM staff, contractors, and the public.

- **Project Kick-off Meeting:** At the commencement of the Project, the CM shall facilitate a "kick-off" meeting with the City to discuss the scope and parameters of the Project. The CM shall prepare and distribute a draft agenda in advance of the meeting for review and comment by the Project Manager. Specific Project goals will be identified and a strategy to accomplish these goals will be developed during the kick-off meeting. The CM shall prepare and distribute meeting minutes within two (2) working days of the meeting.

- **Progress Meetings:** The CM shall conduct bi-weekly progress meetings with the City for the duration of the project, and more frequently if individual situations warrant. The CM shall prepare an agenda that will include topics such as safety, RFI, submittals, change order, schedule, and construction progress. The CM shall be responsible for preparing and distributing meeting minutes from each meeting. Meeting minutes shall be in a format acceptable to the City's Project Manager and shall be distributed within two (2) working days of the project meeting. Project progress meetings will be held at the Public Works Conference rooms and project sites. At least monthly, the CM will present a summary of the monthly progress reports and discuss outstanding or upcoming project issues with the City.

- **CM Plan:** The CM shall prepare a CM Plan utilizing the final conformed contract documents, and shall include the following elements:

    1. Organization Chart
    2. CM coordination with City team and description of duties and responsibilities
    3. Safety compliance
    4. Claims avoidance strategy
    5. Special inspection requirements
    6. Inspection procedures
    7. List of all tests required for project
    8. Materials testing location
    9. Document management system
    10. Physical office location
    11. Project close out process

- **CM Staffing:** The CM shall provide appropriate staffing to accommodate the needs of the project.

Task 2- Construction Administration

The CM shall provide a Resident Engineer (RE) to provide construction administration and direct contractor activities whenever the contractor is working onsite. If the RE meets the certification requirements for the specialty inspectors, the RE may perform inspections, provided that the specialty inspections do not interfere with the primary resident engineering tasks. The RE shall be certified by the International Code Council (ICC) for any inspections they perform. For budgetary purposes, the CM shall assume that the RE shall be dedicated full time for the duration of the project. The Construction Administration tasks are described below.

- **Contract Administration:** The CM shall have the responsibility for the daily management of the construction project. The CM shall provide and coordinate construction management services of the following activities:

    1. **Administration:** The CM shall administer construction contracts and provide technical Construction Management support to City staff to facilitate completion of projects.

    2. **Contractor Communication:** The CM shall provide effective written and oral communication to the contractor and other stakeholders in the administration of the contract. The CM shall provide for timely, thorough, clear, effective and responsible communications to Requests for Information (RFI's), Requests for Change (RFC's), Requests for Proposal (RFP's), submittals, and other miscellaneous correspondence. CM shall receive, log, and track requests for information. CM shall provide a technical review of RFI's to determine if the issue is addressed adequately. CM shall respond where the RFI can be addressed in the Contract Documents. If the contract documents are not clear, the CM shall forward RFI’s to the Design CM. RFIs responded by the designer shall be tracked for a timely response. CM shall develop a project directory of key consulting and contractor personnel working on the project.

    3. **Quality Assurance:** The CM shall verify and manage the Contractor’s Quality Control Plan.

    4. **Substitution Requests:** The CM shall evaluate requests for material and equipment substitutions and changes based on compliance with contract specifications and taking into account the impacts to cost and schedule. Based upon the CMs evaluation of the request for substitutions, the CM shall inform the PM and Engineer of Record of the substitution request and request an evaluation and decision of the merits of the substitution.

    5. **Resource Loading:** The CM shall monitor the contractor's resource loading and advise on corrective actions needed to maintain schedule.

6. **Submittal Review/Logging:** The CM shall receive, respond, log, and track submittals. If the contract documents are not clear, the CM shall forward submittals to the Engineer of Record. Submittals responded by the designer shall be tracked for a timely response.

7. **Project Meetings:** The CM shall conduct weekly job site construction meetings involving the project team and maintain action items, minutes of said meetings and compliance with the contract provisions. Maintain and distribute meeting minutes within two (2) working days.

- **Safety and Security Monitoring:** The Contractor is responsible for enforcing its safety program on its employees and subcontractors' employees. It is the CM's responsibility to monitor, enforce safety, and promote a safe overall environment for all workers and visitors to the project site. Safety shall comply with all Federal, State and locally accepted safety regulations and measures including:

  1. **Safety:** The CM shall be responsible for providing all necessary personal protective equipment (PPE) including hard hats, vests, footwear, lights and other safety equipment for the CM Team. The CM shall prepare a safety plan for the CM team.

  2. **Job Site Security Verification:** Routinely check job site security and measures taken to protect the public from hazards.

  3. **Emergency Response Plan Review:** Review Contractor's emergency response plans. CM shall ensure that Contractor complies with State and Federal requirements but shall not be responsible for defining Contractor's safety programs. CM shall notify the Contractor of potential unsafe working conditions.

- **Environmental Monitoring:** The CM shall review and enforce requirements stipulated in permits issued by regulatory agencies and the environmental documents as shown or referenced in the contract documents.

- **Controls and Scheduling:** CM shall provide comprehensive project scheduling and control expertise as follows:

  1. **Baseline Schedule Review:** CM shall review and comment on contractor’s baseline and project schedule critical path, and logic review. CM shall ensure that schedule meets all requirements of the contract.

  2. **Progress Schedule Review:** CM shall review and monitor contractor's schedule monthly to monitor project progress and detect early delays. Report all schedule delays to the City’s Project Manager.

3. **Cost and Budget:** CM shall monitor project construction costs, budgets, schedule and maintain current workflow projections.

4. **Reporting:** CM shall prepare and distribute monthly construction reports. CM shall provide at a minimum:

    - Daily inspection reports
    - Weekly job site meeting minutes
    - Monthly report overview
    - Project cost to date
    - Schedule updates
    - Recommendations to mitigate project delays

- **Progress Payment Review:** CM shall review and approve monthly contractor invoices, verify compliance to all terms and conditions of contract and make payment recommendations. The CM shall ensure that the contractor's request for payment does not represent more than the amount for work performed on a monthly basis.

- **Contract Extensions:** CM shall review, analyze, and make recommendations on contractor time extensions/requests.

- **Coordination with City Inspectors/PM:** CM shall coordinate with City inspection and project management resources, where applicable.

- **Miscellaneous Coordination:** CM shall coordinate and monitor work to be performed by others.

- **Project Notice Coordination:** CM shall receive and review project notices, and submit to the City with appropriate recommendations.

- **Monitor Time and Materials Work:** CM shall monitor contractor work performed on a time and materials (T&M) basis to ensure that the contractor labor charges are fair and appropriate, and that materials purchased are of quantity and quality necessary to the project, and documented on invoices.

- **Cost Estimating:** The CM shall maintain a cost estimating system that conforms to industry accepted practices and provide the following:

    1. **Contractor Proposals:** CM shall evaluate contractor cost reduction proposals in accordance with industry cost standards. CM shall provide detailed analysis of the contractor’s proposal along with a recommended outcome to the Project Manager.

2. **Change Order Review:** The CM shall review proposed change orders. The CM shall provide a change order review standard that includes a detailed process, forms, and recommendations of actions to the PM. CM's change order review shall provide additional analysis of both cost and time concurrently. Time impact analysis shall not be deferred to a later time.

- **Document Control:** The CM shall establish a document management system for the following:

1. **Filing:** The CM shall utilize a filing system. CM shall use a web-based document management system as approved by the City. CM shall be responsible for the cost of the document management system and training.

2. **Claims:** The CM shall identify, analyze and prepare construction claims and disputes by assessing or validating entitlement and quantification of damages and promoting a successful resolution within 21 calendar days (assuming the Contractor is cooperative.) The CM shall provide associated cost estimates and time impact analysis concurrently for Claims Evaluation.

3. **Document Tracking:** All central receipts, control, storage, distribution, indexing and tracking of all documents.

4. **Document Managing:** All documents, incoming and outgoing, associated with the construction management activity of all assigned projects, including, but not limited to submittals, requests for information (RFIs), requests for clarifications (RFCs), pay requests, change orders (COs) and correspondence.

5. **As-Built Documents Administration:** Maintaining a current set of as built drawings and specifications.

6. **Document Maintenance:** Maintaining all field documents, storing original documentation and furnishing to the City at project completion.

- **Operations and Maintenance Manuals:** The CM shall receive final O&M equipment manuals from contractor and coordinate their review. Final O&M manuals shall be delivered to the Operations Manager.

- **Change Order and Claims Management:** The CM shall implement a comprehensive claims management program to evaluate change order requests and recommend equitable disposition. When agreement cannot be reached, the CM shall support the City's position and assist in formulating a claims defense and participate in resolution including:

1. **Document Managing:** Coordinate, assemble and review supporting documentation for change order processing and make final recommendations to City staff.

2. **Contractor Request Review:** Review requests of alleged cost increases and/or time impacts for merit concurrently.

3. **Change Order Review:** Thoroughly analyze the proposal and develop a negotiating position. When necessitated by variations between contractor price for change and the CM's fair cost estimate, CM shall negotiate an equitable resolution with guidance from the City's Project Manager.

4. **Change Order Expediting:** After the equitable resolution is reached the CM shall expedite approval of the negotiated change order.

Task 3- Inspection

The CM shall provide inspection services and monitoring of construction to ensure construction is in compliance with the project construction documents. The CM's resident engineer and inspection staff shall verify construction compliance and Quality Assurance Quality Control with applicable permits, codes, construction documents and any environmental mitigation. CM shall maintain redline as-builts on a monthly basis.

- **Daily and Weekly Documentation:**

  1. **Documentation of Construction Activities:** Provide documentation of construction activities, duration of activities, labor resources, and equipment allocation.

  2. **Construction Reporting:** Provide daily construction activity reports, labor resources, on- site equipment, and work conditions.

  3. **Non-Conformance Reporting:** Provide non-conformance reports.
  4. **Photographic Records:** Provide weekly photographic/digital records of the project during construction.

- **Civil Inspections:** The CM shall provide qualified inspectors for all improvements to inspect, monitor, and report on construction improvements as required by the Plans and Technical Specifications.

- **Field Testing:** Witness field tests and startup procedures for electrical equipment as needed.

- **Soil and Materials Testing:** The CM shall provide qualified and approved testing laboratories and California registered Geotechnical Engineers and/or ICC-certified Soils Special Inspector-EC or equivalent staff to perform all necessary soils and materials testing required to verify the quality and proper placement. The Soils and Materials Inspector shall be responsible for the following:

    1. **Material Sampling:** Sample on-site and imported materials for compliance with the specifications for use as backfill materials.

    2. **Material Testing:** Perform maximum density tests and optimum moisture content tests on materials to be used as backfill. Examples of testing include: gradation, R-value, sand equivalence, etc.

    3. **Conformance Testing:** Perform compaction tests for backfill. Separate testing shall be performed for the pavement zone, street zone, and areas of over-excavation. Provide recommendations for compaction or density testing of rock backfill materials. Sand cone test method is required for soil compaction testing. Alternate compaction testing may be utilized; including but not limited to, nuclear gauge.

    4. **Data Review:** Tabulate test data and review failing tests. Provide immediate notification of any failure to meet the requirements of the project contract documents.

    5. **Reporting:** Upon prior authorization from the City, prepare a final report at the completion of construction certifying that geotechnical issues comply with the contract documents.

- **Storm Water Pollution Prevention Plan Inspection:**

    1. Review contractor's site-specific SWPPPs for compliance with applicable regulations.

    2. Monitor contractor's activities regarding pollution prevention controls and activities for general compliance with the contractor's SWPPP Best Management Practice (BMP). The contractor is responsible for means and methods for complying with BMP's. The SWPPP inspector shall notify the contractor and the City if the pollution prevention controls are in or out of compliance with the SWPPP.

TASK 4- Construction Closeout

The CM shall manage the turnover of the assigned project to the City, including contract closeout, management of warranty period activities and demobilization of CM staff including:

- **Site Closeout:** The CM shall budget under the Task 2 Construction Administration budget to close out construction and oversee demobilization at each site. Site Closeout tasks shall include:

    1. **Site Final Walk-Through:** Coordinate and conduct a site final walk-through to verify completion of contract and all related items of work within 7 days of substantial completion.

    2. **Site Punch List:** Develop site punch list and verify completion and obtain final documentation and releases within 7 days of substantial completion.

    3. **Site Record Drawing Preparation:** Verify and deliver contractor as-built marked up drawings for record drawing preparation within 14 calendar days of site substantial completion.

    4. **Site Permitting:** Monitor permit and agency sign-offs within 14 calendar days of substantial completion.

    5. **Site Final Reporting:** Prepare site summary report in accordance with the City within 7 days of final completion.

    6. **Site Documentation Turnover:** Turnover site project files, contract, correspondence, and documentation within 14 calendar days of final completion.

    7. **Site Warranty Coordination:** The CM shall prepare a list of warranty items, warranty period, and warranty repair procedures, and turn over to the City's Project Manager.

    8. **Site Demobilization:** Demobilize the CM staff and facilities in accordance with the agreed upon plan.

- **Construction Contract Close Out:** The CM shall oversee the contract closeout process and assist in resolving O&M service disputes. The CM shall budget under the Task 3 budget for Construction Contract Close Out. The closeout shall entail sign offs by responsible parties and include:

    1. **Project-wide Final Walk-Through:** Coordinate and conduct a final walk-through to verify completion of contract and all related items of work

within 7 days of substantial completion. The final walk-through shall be extended to include relevant City Departments and Divisions.

2. **Project-wide Punch List:** Develop punch list and verify completion and obtain final documentation and releases within 7 days of substantial completion.

3. **Project-wide Record Drawing Review and Corrections:** Review record drawings prepared by the Design Engineer or contractor as-built marked up drawings delivered for each site for correctness and consistency within 14 calendar days of substantial completion.

4. **Final Payment/Close-Out Change Order Review:** Review final payment and close out change orders within 7 days of substantial completion.
5. Permitting: Confirm that all permits are in place within 14 calendar days of substantial completion.

6. **Final Reporting:** Prepare final summary report in accordance with the City within 7 days of final completion.

7. **Documentation Turnover:** Turnover project files, contract, correspondence, and documentation within 14 calendar days of final completion.

8. **Project Warranty Coordination:** The CM shall review and update as needed the list of warranty items, warranty period, and warranty repair procedures, and turn over to the City's Project Manager.

9. **Final Demobilization:** Demobilize the CM staff and facilities in accordance with the agreed upon plan.

95370	Coating Thickness Gauge	$ 173.00
95373	Curing Box (Not Temperature Controlled, One-Time Fee/ Per Box)	$ 820.00
95371	Temperature Control Curing Box (Per Month)	$ 546.00
95372	Temperature Matching Curing Box (Per Month)	$ 623.00

Task Code	Specimen Pick-Up	Rate
20100	Soil/Aggregate Sample (Each)	$ 57.00
20102	Standard Sample: Concrete Cylinders (Each)	$ 37.00
20101	Standard Sample: Mortar/Grout Cubes And Cores, Fireproofing, Rebar, And Epoxy Prisms (Each)	$ 37.00
20103	Oversize Sample: Masonry Prisms And Shotcrete Panels (Each)	$ 98.00
20104	Oversize Sample: Flexural Beams (Each)	$ 98.00
20107	Technician For Specimen Pick-Up Not Listed Above (Per Hour, 2-Hour Minimum)	$ 166.00
20109	Technician For Specimen Pick-Up Before 5:00 a.m. Or After 5:00 p.m. Monday Thru Friday, Or All Day Saturday (Per Hour, 2-Hour Minimum Plus Mileage)	$ 229.00

Task Code	Jobsite Trailer, Mobile Or On-site Laboratory	Rate
95360	Portable Or Mobile Laboratory Unit	Quotation
95374	Jobsite Trailer, Conex, Or Equipment Storage Box	Quotation

Task Code	Concrete Tests (Field Made Specimens)	Rate
20201	6" x 12" Cylinder Compression Strength (ASTM C39)	$ 51.00
20202	4" x 8" Cylinder Compression Strength (ASTM C39)	$ 45.00
20203	Density Of Structural Lightweight Concrete Equilibrium Oven Dry Method (ASTM C567)	$ 111.00
20205	Core Compression Including Trimming (ASTM C42)	$ 101.00
20207	6" x 6" x 18" Flexural Beams Not Exceeding Referenced Size (ASTM C78, C293 or CTM 523)	$ 139.00
20209	Splitting Tensile Strength (ASTM C496)	$ 139.00
20211	Modulus Of Elasticity Test (ASTM C469)	$ 362.00
80003	Rapid Chloride Permeability Test: Cylinders Or Cores (ASTM C1202)	$ 634.00
80006	Density, Absorption, And Voids In Hardened Concrete (ASTM C642)	$ 634.00
40005	Flexural Toughness (ASTM C1609, Formerly ASTM C1018)	$ 1,002.00
40006	Double Punch Strength Of Fiber Reinforced Concrete	$ 668.00
40009	Coefficient Of Thermal Expansion Of Concrete (CRD 39, AASHTO T336)	$ 724.00
40012	Bulk Electrical Resistivity (One Age Of Testing, ASTM C1876)	$ 179.00
80013	Flexural Tensile Strength Of Metallic Fiber Reinforced Concrete Beam (EN 14651)	$ 1,113.00

[Continued on next page]

Task Code	Concrete Specimen Preparation	Rate
20151	Sawing Of Specimens (Each)	$ 56.00
20157	Coring Of Specimens In Lab (Each)	$ 56.00
20159	Grinding Of Concrete Below 6000 psi Strength (Each)	$ 101.00
20160	Grinding Of Concrete 6000 psi Strength And Above (Each)	$ 123.00

Task Code	Laboratory Trial Batch: Concrete, Cement And Mortar	Rate
30215	Setting time by Vicat Needle (C1856/C191)	$ 250.00
30216	Compression Test 4" x 8" Cylinders Made And Tested In Laboratory (ASTM C192, C35)	$ 66.00
30217	Compression Test 6" x 12" Cylinders Made And Tested In Laboratory (ASTM C192, C35)	$ 76.00
30219	6" x 6" x 18" Flexural Beams Made And Tested In Laboratory (ASTM C192, C78)	$ 156.00
30223	Splitting Tensile Strength Cylinders Made And Tested In Laboratory (ASTM C192, C496)	$ 156.00
30225	Modulus of Elasticity Test Cylinders Made And Tested In Laboratory (ASTM C192, C469)	$ 379.00
30227	Density Of Structural Lightweight Concrete Made In Laboratory, Equilibrium or Oven Dry Method (ASTM C567) *Does not include surface preparation*	$ 129.00
30237	Bulk Electrical Resistivity (ASTM C1876)	$ 196.00
30201	Laboratory Trial Batch (ASTM C192/Lab Procedure Performance)	$ 613.00
30203	Concrete Mixture Design For Preconstruction Evaluation And Backup Data Development *Does not include trail batching*	$ 360.00
30205	Drying Shrinkage Up To 28 Days, Three 3" x 3" Or 4" x 4" Bars, Five Readings Up To 28 Dry Days (ASTM C157)	$ 579.00
30230	Additional Reading, Per Set Of Three Shrinkge Bars	$ 68.00
30231	Storage Over Ninety (90) Days, Per Set Of Three Shrinkage Bars, Per Month	$ 56.00
30207	Setting Time Up To 7 Hours (ASTM C403)	$ 223.00
30209	Bleeding (ASTM C232)	$ 201.00
30229	Concrete Restrained Expansion (ASTM C878)	$ 779.00
30211	Mix, Make and Test Mortar or Grout Specimens for Compressive Strength: Set of 6 (ASTM C878)	$ 668.00
20263	Non-Shrink Grout: Height Change After Final Set (ASTM C1090)	$ 668.00
20265	Non-Shrink Grout: Height Change At Early Age (ASTM C827)	$ 946.00
30232	Cracking Resistance, Set Of Three Rings, Laboratory Trial Batching, Test Until Cracking Or Up To 28 Days (ASTM 1581)	$ 6,899.00
30233	Evaluation Of Pre-Packaged Masonry Mortars (ASTM C270)	$ 1,447.00
30234	Creep (ASTM C512) (One Age Of Loading, 12 Months Duration Of Testing)	$ 9,459.00
80198	Laboratory Development of Strength-Maturity Curve Without Establishing Datum Temperature (Up To 5 Testing Ages, ASTM C1074)	$ 3,561.00
80199	Laboratory Development Of Strength-Maturity Curve With Establishing Datum Temperature (Up to 5 Testing Ages, ASTM C1074)	$ 5,891.00

Task Code	Evaluation of Mixing Water for Concrete	Rate
80246	Evaluation of Mixing Water For Concrete Per The Requirements Of ASTM C1602, Table 1 (Physical Properties Of Mortar), Per Sample	$ 1,113.00
80248	Evaluation Of Mixing Water For Concrete Per The Requirements Of Caltrans, Section 90, Per Sample	$ 1,335.00

Task Code	Concrete - Chemical Analysis, Transport Properties, Service Life Modeling, Petrographic Examination	Rate
80121	Water Absorption Rate per Set (C1585)	$ 2,100.00
80123	Acid-Soluble Chloride Analysis (ASTM C1152) Includes Sample Prep)	$ 175.00
80126	Water-Soluble Chloride Analysis (ASTM C1218) (Includes Sample Prep)	$ 175.00
80193	Chloride Diffusion Coefficient Of Cementitious Mixtures By Bulk Diffusion (ASTM C1556)	$ 3,116.00
80159	Bulk Resistivity (ASTM C1876) And Formation Factor	$ 725.00
80204	Chloride Binding Isotherm	$ 946.00
80206	Analytical And Experimental (ASTM C1556) Modeling Of Service Life Of Concrete Per Life-365 Model, Per Mixture Design	$ 9,000.00
80208	Analytical And Experimental (NordTest) Modeling Of Service Life Of Concrete Per FIB Model Code 34, Per Mixture Design	$ 8,902.00
80210	Non-Steady State Chloride Migration Coefficient, NordTest 492	$ 696.00
80212	Petrographic Examination Of Hardened Concrete, Level I (ASTM C856) (Excludes Thin Section), Per Sample	$ 1,750.00
80129	Petrographic Examination Of Hardened Concrete, Level II (ASTM C856) Includes Thin Section, Per Sample	$ 2,250.00
80218	Petrographic Examination Of Hardened Concrete, Level III (ASTM C856/C1723) (Thin Section And SEM/EDX), Per Sample	$ 3,500.00
80222	*W/CM* Determination (NordTest Build 361)	$ 1,500.00
80224	Examination Of Volumetric Proportions Of Hardened Concrete (ASTM C457), Per Sample	$ 550.00
80228	Air Void Analysis Of Hardened Concrete (ASTM C457), Per Sample	$ 800.00
80232	Scanning Electron Microscopy (ASTM C1723)	$ 1,000.00
80234	Paste Carbonation Analysis, Per Sample	$ 250.00
80238	Insoluble Residue Analysis (ASTM C1324)	$ 3,500.00
80240	Alkali-Silica - Damage Rating Index (DRI), Per Sample	$ 1,500.00

Task Code	Qualification Of Cements	Rate
80105	Heat of Hydration of Cementitious Materials by Isothermal Calorimetry (C1702)	$ 750.00
80100	Chemical Analysis Of Portland Cement Per Standard Requirements (ASTM C150)	$ 835.00
80103	Physical Testing Of Portland Cement Per Standard Requirements (ASTM C150)	$ 835.00
80194	Physical Testing Of Type K Cement, Mortar Expansion (ASTM C806)	$ 835.00
80195	Physical Testing And Chemical Analysis Of Portland Cement Per Standard Requirements (ASTM C150)	$ 1,558.00
80106	Partial Analysis Or Specific Physical Tests	Quotation
80110	Sulfates Resistance Of Hydraulic Cement (ASTM C1012), 6 Months	$ 3,338.00
80111	Sulfates Resistance Of Hydraulic Cement (ASTM C1012), 12 months	$ 3,672.00
80149	Type 1L Cement (ASTM C595; Excludes Special Properties)	$ 1,558.00
80151	Clinker Microscopy, Per Sample	$ 1,000.00

Task Code	Physical Testing Of Chemical Admixtures For Concrete	Rate
80196	Qualification Of Admixture (ASTM C494)	Quotation

Task Code	Evaluation Of Pozzolans And Slag Cement	Rate
80145	Method A Reactivity of SCM by Isothermal Calorimetry (ASTM C 1897)	$ 900.00
80140	Chemical Analysis Of Fly Ash Per Standard Requirements (ASTM C618)	$ 835.00
80143	Physical Testing Of Fly Ash Per Standard Requirements (ASTM C618)	$ 835.00
80146	Partial Analysis Or Specific Physical Tests	Quotation
80147	Chemical Analysis And Physical Testing Of Fly Ash Per Standard Requirements (ASTM C1618)	$ 1,558.00
80250	Qualification Of Silica Fume Per Standard Requirements (ASTM C1240)	$ 1,558.00
80252	Qualification Of Slag Cement Per Standard Requirements (ASTM C989)	$ 1,558.00
80254	Effectiveness Of Pozzolans & Slag Cement In Mitigating Expansion Due To ASR (ASTM C441)	$ 1,558.00

Task Code	Mass Concrete - Engineering And Testing Services	Rate
80256	Thermal Control Plan (Without Cooling Pipes) Per A Unique Type Of Placement Of Similar Group Of Placements, Each Plan	$ 9,360.00
80258	Thermal Control Plan (With Cooling Pipes), Per A Unique Type Of Placement Of Similar Group Of Placements, Each Plan	$ 10,920.00
80260	Performance Based Maximum Temperature Difference Laboratory & Analytical Studies, One Concrete Mixture Design	$ 6,240.00

Task Code	Rock And Concrete Aggregates - Petrographic Examination & Special USACE & CRD Tests	Rate
80262	Rock Type Description, Per Sample (Rock Core Or Rock Chunk)	$ 1,000.00
80263	Rock Type Description + XRD Including Clay Analysis, Per Sample	$ 1,500.00
80266	Natural Aggregates - Petrographic Examination (Gravel And Natural Sand Consisting Of Single Rock Type ASTM C295) Each, One Sample	$ 2,750.00
80268	Crushed Aggregates - Petrographic Examination (Crushed Rock And Manufactured Sand Consisting Of Single Rock Type ASTM C295), Each, One Sample	$ 2,750.00
80270	Coarse Aggregate Certification For Deleterious Materials Per Specifications Of USACE, Materials Coarser Than 0.75-Inch Each, One Sample, 200 lb.	$ 6,500.00
80272	Coarse Aggregate Certification For Deleterious Materials Per Specifications Of USACE, 0.75-Inch And Finer Material, Each, One Sample, 25 lb.	$ 5,500.00
80274	Fine Aggregate Certification For Deleterious Materials Per Specifications Of USACE, Each, One Sample	$ 2,750.00
80276	Aggregate, Scratch Hardness (CRD-C 130), Each, One Sample, 25 lb.	$ 525.00

Task Code	Soils And Aggregate Tests	Rate
80144	Relative Mortar Strength of Concrete Sand (CTM 515)	$ 1,300.00
30503	Abrasion: LA Rattler (ASTM C131)	$ 214.00
30505	Abrasion: LA Rattler (ASTM C535)	$ 226.00
70301	Atterberg Limits/Plasticity Index (ASTM D4318, CTM 204)	$ 170.00
70303	California Bearing Ratio Excluding Maximum Density (ASTM D1883) Soil	$ 622.00
70304	California Bearing Ratio Excluding Maximum Density (ASTM D1883) Cement-Treated Soil	$ 697.00
70344	Cement-Treated Soil/Base Mix Design: Includes Three Trial Cement Contents With Three Unconfined Compressive Strength Specimens Per Cement Content	$ 3,750.00
70305	Chloride And Sulfate Content (CTM 417, CTM 422)	$ 187.00
30403	Clay Lumps And Friable Particles (ASTM C142)	$ 218.00
30321	Cleanness Value 1" x #4 (CTM 227)	$ 187.00
30322	Cleanness Value 1.5" x .75" (CTM 227)	$ 296.00

[Continued on next page]

Task Code	Soils And Aggregate Tests, Continued	Rate
70393	Collapse Potential/Index (ASTM D5333)	$ 241.00
70396	Compressive Strength Of Molded Soil-Cement Cylinders (ASTM D1633)	$ 113.00
70309	Consolidation Test Full Cycle (ASTM 2435, CTM 219)	$ 213.00
70311	Consolidation Test Time Rate Per Load Increment (ASTM D2435, CTM 219)	$ 49.00
70313	Corrosivity Series Sulfate, Cl, pH, Resistivity (CTM 643, 417, and 422)	$ 263.00
70315	Crushed/Fractured Particles (ASTM D5821, CTM 205)	$ 187.00
70317	Direct Shear Test Remolded And/Or Residual (ASTM D3080)	$ 265.00
70319	Direct Shear Test Undisturbed - Slow [CD] (ASTM D3080)	$ 239.00
70321	Direct Shear Test Undisturbed - Fast [CU] (ASTM D3080)	$ 208.00
70378	Durability Index Per Method - A,B,C, or D (ASTM D3744, CTM 229)	$ 229.00
70325	Expansion Index (ASTM D4829, UBC 18-2)	$ 182.00
75004	Fine Aggregate Angularity (ASTM C1252, CTM 234, AASHTO T304)	$ 208.00
30507	Flat And Elongated Particle (ASTM D4791)	$ 260.00
30508	Flat Or Elongated Particle (ASTM D4791)	$ 229.00
70331	Maximum Density Methods A/B/C (ASTM D1557, D698, CTM 216)	$ 203.00
70333	Maximum Density Check Point (ASTM D1557, D698)	$ 73.00
70335	Maximum Density AASHTO C [Modified] (AASHTO T-180)	$ 208.00
70336	Maximum Index Density Vibratory Table (ASTM D4253)	$ 369.00
70337	Moisture Content (ASTM D2216, CTM 226)	$ 31.00
70339	Moisture and Density Ring Sample (ASTM D2937)	$ 31.00
70341	Moisture and Density Shelby Tube Sample (ASTM D2937)	$ 47.00
70340	Moisture-Density Relations Of Soil-Cement Mixtures Premixed In The Field (ASTM D558)	$ 296.00
70342	Moisture-Density Relations Of Soil-Cement Mixtures Mixed In The Lab (ASTM D558)	$ 380.00
70328	pH Of Soils (ASTM D4972)	$ 68.00
70330	Organic Content Of Soils (ASTM D2974, Method A Only)	$ 94.00
30401	Organic Impurities (ASTM C40, CTM 213)	$ 99.00
70343	Permeability (ASTM D5084)	Quotation
80001	Potential Reactivity Chemical Method (ASTM C289 - Discontinued Method)	$ 832.00
70394	Potential Reactivity Mortar Bar Expansion Method, 14-Day Exposure (ASTM C1260)	$ 1,030.00
70391	Potential Reactivity Mortar Bar Expansion Method, 28-Day Exposure (ASTM C1260)	$ 1,144.00
70398	Potential Reactivity Concrete Bar Expansion Method (ASTM C1293), 12 month	$ 3,115.00
70399	Potential Reactivity Concrete Bar Expansion Method (ASTM C1293), 24 month	$ 3,453.00
70397	Potential Reactivity of Aggregate Combination, Non-Standard Method; 14-Day Exposure, Mortar (After ASTM C1567)	$ 1,222.00
70392	Potential Reactivity Of Aggregate Combination, Non-Standard Method; 28-Day Exposure, Mortar (After ASTM C1567)	$ 1,279.00
70345	R-Value Soil (ASTM 2844, CTM 301)	$ 472.00
70347	R-Value Aggregate Base (ASTM D2844, CTM 301)	$ 525.00
70349	Sand Equivalent (ASTM D2419, CTM 217)	$ 134.00
70351	Sieve #200 Wash Only (ASTM D1140, CTM 202)	$ 97.00
70353	Sieve With Hydrometer 3/4" Gravel To Clay (ASTM D422, D7928, CTM 203)	$ 268.00
70355	Sieve With Hydrometer Sand To Clay (ASTM D422, D7928, CTM 203)	$ 258.00
70357	Sieve Analysis Including Wash (ASTM C136, CTM 202)	$ 160.00
70359	Sieve Analysis Without Wash (ASTM C136, CTM 202)	$ 130.00
70360	Sieve Analysis Split Sieve (ASTM C136, CTM 202)	$ 260.00
70361	Sieve Analysis Without Wash With Cobbles (ASTM C136, CTM 202	$ 255.00
70363	Soundness Sodium Or Magnesium Sulfate, 5 Cycles (ASTM C88)	$ 483.00
70365	Specific Gravity And Absorption Coarse (ASTM C127, CTM 206)	$ 109.00
70367	Specific Gravity and Absorption Fine (ASTM C128, CTM 207)	$ 177.00
70369	Swell/Settlement Potential One Dimensional (ASTM D4546)	$ 161.00
70371	Triaxial	Quotation
70373	Unconfined Compression (ASTM D2166, CTM 221)	$ 204.00
30317	Unit Weight Per Cubic Foot (ASTM C29, CTM 212)	$ 134.00
30319	Voids In Aggregate With Known Specific Gravity (ASTM C29,	$ 134.00
30411	Lightweight Particles Coarse, with Two Solutions (ASTM C123)	$ 556.00
30412	Lightweight Particles Fine, with One Solution (ASTM C123)	$ 268.00
20807	Method of Test for Relative Mortar Strength of Portland Cement Concrete Sand (CT 515)	$ 1,456.00

Task Code	Asphalt Concrete Tests	Rate
75031	HMA Mixing And Preparation	$ 146.00
75032	HMA Mixing And Preparation With Aggregate Treatment	$ 204.00
75033	Bulk Specific Gravity Of Compacted Sample Or Core SSD (ASTM D2726, CTM 308C)	$ 80.00
75036	Bulk Specific Gravity Of Compacted Sample Or Core Paraffin Coated (ASTM D1188 and CTM 308A)	$ 80.00

Task Code	Asphalt Concrete Tests, Continued	Rate
75040	Emulsion Residue, Evaporation (ASTM D244)	$ 182.00
75024	Extraction % Bitumen (ASTM D6307, CTM 382)	$ 182.00
75027	Extraction % Bitumen And Gradation (ASTM D5444, D6307, CTM 202, 382)	$ 250.00
75028	Extraction % Bitumen, Correction Factor (ASTM D6307, CTM 382)	$ 400.00
75030	Chemical Extraction % Bitumen And Sieve Analysis (ASTM D2172 Method A or B, ASTM D5444)	$ 426.00
75042	Lab Tested Maximum Density Hveem, 3 Briquettes (ASTM D1561, D1188, CTM 304, 308)	$ 244.00
75057	Hveem Stabilometer Test, Premixed, 3 Briquettes (ASTM D1560, D1561, CTM 304, 366)	$ 244.00
75048	Lab Tested Maximum Density Marshall, 3 Briquettes (ASTM D6926, (ASTM D6926, D2726)	$ 244.00
75049	Lab Tested Maximum Density Marshall 6" Specimen, 3 Briquettes (ASTM D5581, D2726)	$ 244.00
75050	Lab Tested Maximum Density Superpave Gyratory Compacted Briquette, SSD, 1 Briquette (ASTM D6925, D2726)	$ 100.00
75052	Lab Tested Maximum Density Superpave Gyratory Compacted Briquette, Paraffin, 1 Briquette (ASTM D1188, D6925)	$ 100.00
75051	Maximum Theoretical Specific Gravity [RICE] (ASTM D2041, CTM 309)	$ 187.00
75066	Marshall Stability And Flow, Cored Sample, Each ASTM D6927)	$ 94.00
75069	Marshall Stability And Flow, Premixed, 3 Briquettes (ASTM D6926, D6927)	$ 265.00
75106	Marshall Stability And Flow, Gyratory Compacted Specimen Pre-Mixed, 3 Briquettes (ASTM D5581, D6925)	$ 265.00
75107	Marshall Stability And Flow 6" Specimen, Premixed, 3 Briquettes (ASTM D5581)	$ 265.00
75063	Moisture Content (CTM 370)	$ 94.00
75005	Wet Track Abrasion Test (ASTM D3910)	$ 192.00
75093	Hveem Mix Design (Excluding Aggregate Quality Tests)	$ 6,240.00
75096	Hveem Mix Design, With RAP (Excluding Aggregate Quality Tests, RAP Qualification)	$ 6,760.00
75099	Hveem Mix Design, With Lime (Excluding Aggregate Quality Tests)	$ 10,400.00
75094	Hveem Mix Design Caltrans Untreated Mix (Including Aggregate Quality Tests)	$ 7,280.00
75095	Hveem Mix Design Caltrans Lime Treated Mix (Including Aggregate Quality Tests)	$ 8,320.00
75084	Marshall Mix Design (Excluding Aggregate Quality Tests)	$ 6,240.00
75087	Marshall Mix Design With RAP (Excluding Aggregate Quality Tests)	$ 6,656.00
75090	Marshall Mix Design With Lime (Excluding Aggregate Quality Tests)	$ 7,280.00
75083	Open Grade Asphalt Concrete Mix Design (ASTM D7064, CTM 368)	$ 3,640.00
75109	Superpave Mix Design (Excluding Aggregate Quality Tests)	$ 12,480.00
75113	Superpave Mix Design, With RAP (Excluding Aggregate Quality Tests)	$ 13,000.00
75114	Superpave Mix Design With Rubber (Excluding Aggregate Quality Tests)	$ 13,000.00
75115	Superpave Mix Design With Additives (Excluding Aggregate Quality Tests)	$ 12,700.00
75075	Effect Of Moisture On Asphalt Paving Mixtures, Pre-Mixed (ASTM D4867, AASHTO T283)	$ 1,248.00
75111	Hamburg Wheel Track Test, 20,000 Passes, 4 Briquettes (AASHTO T324)	$ 1,352.00
75039	Raveling Test Of Cold Mixed Emulsified Asphalt (ASTM D7196)	$ 234.00
75067	Marshall Stability, Wet Set, 3 Replicates (AASHTO T245)	$ 406.00
75068	Marshall Stability, Dry Set, 3 Replicates (AASHTO T245)	$ 343.00
75070	Cold Recycled Asphalt Mix Design 2 Gradings Each, 3 Emulsion Content (Caltrans LP-8)	$ 12,064.00

Task Code	Mortar And Stucco - Petrographic Examination	Rate
80282	Stucco, One-Coat (ASTM C856), Includes Thin Section), Per Sample	$ 2,250.00
80286	Stucco, Two-Coat (ASTM C856), Includes Thin Section), Per Sample	$ 2,750.00
80290	Stucco, Three-Coat (ASTM C856), Includes Thin Section), Per Sample	$ 3,500.00

Task Code	Polymer Matrix Composite Materials (Fiberwrap)		Rate
20706	Tensile Strength – Set of 5 Specimens/Batch/Direction (ASTM D3039)	$	1,558.00
20707	Tensile Strength – Additional Specimens (ASTM D3039) (ASTM D3039)	$	301.00
20708	Heating Chamber Time – Per 24 Hr. Period	$	111.00

Task Code	Calibration Services And Universal Machine Usage		Rate
20801	Calibration/Verification Services		Quotation
20803	Universal Test Machine Usage (Per Hour)	$	529.00

Specialty Testing

- Cyclic And Fatigue Testing Programs On Special Products/Parts
- Engineering And Technical Supports/Design Of Prototypes And Special Test Set-Up
- Fastener/Coupling Full Testing Program Per New Regulations: Tension, Tension/Bend, Shear, Double Shear, 8 Compressions
- Fiberglass/Composite Materials Field Testing Program (ASTM D1143 D1242, D2584, D4065, D4476, D4923, D7901, D7921, and D732)
- Field Testing Of Structures And Structural Elements
- In-Place Shear Testing
- Materials And/Or Product Evaluation Per Specifications
- Structural Dynamic Testing And Durability Analysis

EXHIBIT C

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and Michael K. Nunley & Associates, LLP)

INSURANCE REQUIREMENTS

Prior to contract approval and beginning of services under this agreement, Consultant must procure, agree to maintain and supply evidence of insurance at the levels listed and in accordance with the other provisions listed in this document.

[See next pages]

Exhibit INS-A

INSURANCE REQUIREMENTS FOR CONSULTANTS
(WITH ERRORS AND OMISSIONS REQUIREMENT)

1. Consultant shall obtain and maintain during the performance of any services under this Agreement the following insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of services hereunder by Consultant, its agents, representatives, employees or subconsultants.

a. Commercial General Liability Insurance, including Contractual Liability, in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for general liability with coverage equivalent to Insurance Services Office Commercial General Liability Coverage (Occurrence Form CG 0001). If a general aggregate limit is used, that limit shall apply separately to the project or shall be twice the occurrence amount;

b. Business automobile liability insurance in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for automobile liability with coverage equivalent to Insurance Services Office automobile liability coverage (Occurrence Form CA0001) covering Code No. 1, "any auto;"

c. Professional liability/errors and omissions insurance appropriate to Consultant's profession to a minimum coverage of $1,000,000, with neither Consultant nor listed subconsultants having less than $500,000 individually. The professional liability/errors and omissions insurance must be project specific with at least a one year extended reporting period, or longer upon request.

d. Workers' compensation insurance in compliance with the laws of the State of California, and employer's liability insurance in an amount not less than $1,000,000 per claimant. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City.

2. Consultant shall, prior to performance of any services, file with the Risk Manager certificates of insurance with original endorsements effecting coverage required by this Exhibit INS-A. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be on the attached forms or on other forms approved by the Risk Manager. All certificates and endorsements are to be received and approved by the Risk Manager before commencement of services. City reserves the right to require complete certified copies of all required insurance policies at any time. The certificates of insurance and endorsements shall be sent via email. If you have not received your request or are having difficulty with electronic upload, contact insurance@oxnard.org

3. Consultant agrees that all insurance coverages shall be provided by a California admitted insurance carrier with an A.M. Best rating of A:VII or better and shall be endorsed to state that coverage may not be suspended, voided, canceled, or reduced in coverage or limits without 30 days' prior written notice to the Risk Manager. The Risk Manager shall not approve or accept any endorsement if the endorsement contains "best effort" modifiers or if the insurer is relieved from the responsibility to give such notice.

4. Consultant agrees that the commercial general liability and business automobile liability insurance policies shall be endorsed to name City, its City Council, officers, employees, agents and volunteers as additional insureds as respects: liability arising out of activities performed by or on behalf of Consultant; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, its City Council, officers, employees, agents and volunteers. **The General Liability Special Endorsement Form and Automobile Liability Special Endorsement Form attached to this Exhibit INS-A or substitute forms containing the same information and acceptable to the Risk Manager shall be used to provide the endorsements (ISO form CG 2010 11/85 or if not available, CG 2010 with an edition date prior to 01/04 and CG 2037).**

5. The coverages provided to City shall be primary and not contributing to or in excess of any existing City insurance or self-insurance coverages (**this must be endorsed**). Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its City Council, officers, employees and volunteers. The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

6. The insurer shall declare any deductibles or self-insured retentions to and be approved by the Risk Manager. At the option of the Risk Manager, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City, its City Council, officers, employees and volunteers, or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

7. All insurance standards applicable to Consultant shall also be applicable to Consultant's subconsultants. Consultant agrees to maintain appropriate agreements with subconsultants and to provide proper evidence of coverage upon receipt of a written request from the Risk Manager.

1/23

INSTRUCTION FOR SUBMITTING INSURANCE CERTIFICATES AND ENDORSEMENT FORMS

Certificates of Insurance

The sample accord form on the following page is provided to facilitate your preparation and submission of certificates of insurance. You may use this or any industry form that shows coverage as broad as that shown on the attached sample. **Please note the certificate holder address must be as shown on the attached sample accord form with the contract number and insurance exhibit identification information completed.** Improperly addressed certificates may delay the contract start-up date because the City's practice is to return unidentifiable insurance certificates to the insured for clarification as to the contract number. **Cancellation provisions must be endorsed to the policy. Modifying the certificate does not change coverage or obligate the carrier to provide notice of cancellation.**

Endorsement Forms

Original endorsements are required for commercial general liability and business automobile liability insurance policies and must be attached to the applicable certificate of insurance. City preference is that the Consultant/insurer use the endorsement forms which are attached. Substitute forms will be accepted, however, as long as they include provisions comparable to the sample accord form.

In consideration of the premium charged and notwithstanding any inconsistent statement in the policy to which this endorsement is attached or any endorsement now or hereafter attached thereto, insurance company agrees as follows:

1. **INSURED.** The City, its officers, agents, employees and volunteers are included as insureds with regard to liability and defense of suits arising from the operations, products and activities performed by or on behalf of the named insured.
2. **CONTRIBUTION NOT REQUIRED.** As respects: (a) work performed by the named insured for or on behalf of the City; or (b) products sold by the named insured to the City; or (c) premises leased by the named insured from the City, the insurance afforded by this policy shall be primary insurance as respects the City, its officers, agents, employees or volunteers; or stand in an unbroken chain of coverage excess of the named insured's scheduled underlying primary coverage. In either event, any other insurance maintained by the City, its officers, agents, employees or volunteers shall be in excess of this insurance and shall not contribute with it.
3. **SEVERABILITY OF INTEREST.** This insurance applies separately to each insured against whom claim is made or suit is brought except with respect to the company's limits of liability. The inclusion of any person or organization as an insured shall not affect any right which such person or organization would have as a claimant if not so included.
4. **CANCELLATION NOTICE.** With respect to the interests of the City, this insurance shall not be canceled, or materially reduced in coverage or limits except after thirty (30) days prior written notice by receipted delivery has been given to the City.
5. **PROVISIONS REGARDING THE INSURED'S DUTIES.** Any failure to comply with reporting provisions of the policy or breaches or violations of warranties shall not affect coverage provided to the City, its officers, agents, employees or volunteers.
6. **SCOPE OF COVERAGE.** This policy, if primary, affords coverage at least as broad as:
   a. Insurance Services Office Commercial General Liability Coverage, "occurrence" form CG0001; or
   b. If excess, affords coverage which is at least as broad as the primary insurance form CG0001.

Except as stated above nothing herein shall be held to waive, alter or extend any of the limits, conditions, agreements or exclusions of the policy to which this endorsement is attached.

$ _____ per accident, for bodily injury and property damage.	

In consideration of the premium charged and notwithstanding any inconsistent statement in the policy to which this endorsement is attached or any endorsement now or hereafter attached thereto, insurance company agrees as follows:

1. **INSURED.** The City, its officers, agents, volunteers and employees are included as insureds with regard to liability and defense of suits arising from the operations, products and activities performed by or on behalf of the named insured.
2. **CONTRIBUTION NOT REQUIRED.** As respects: (a) work performed by the named insured for or on behalf of the City; or (b) products sold by the named insured to the City; or (c) premises leased by the named insured from the City, the insurance afforded by this policy shall be primary insurance as respects the City, its officers, agents, employees or volunteers; or stand in an unbroken chain of coverage excess of the named insured's scheduled underlying primary coverage. In either event, any other insurance maintained by the City, its officers, agents, employees or volunteers shall be in excess of this insurance and shall not contribute with it.
3. **SEVERABILITY OF INTEREST.** This insurance applies separately to each insured against whom claim is made or suit is brought except with respect to the company's limits of liability. The inclusion of any person or organization as an insured shall not affect any right which such person or organization would have as a claimant if not so included.
4. **CANCELLATION NOTICE.** With respect to the interests of the City, this insurance shall not be canceled, or materially reduced in coverage or limits except after thirty (30) days prior written notice by receipted delivery has been given to the City.
5. **PROVISIONS REGARDING THE INSURED'S DUTIES.** Any failure to comply with reporting provisions of the policy or breaches or violations of warranties shall not affect coverage provided to the City, its officers, agents, employees or volunteers.
6. **SCOPE OF COVERAGE.** This policy, if primary, affords coverage at least as broad as:
   a. Insurance Services Office Automobile Liability Coverage, "occurrence" form CA0001, code ("any auto"); or
   b. If excess, affords coverage which is at least as broad as the primary insurance form referenced in the preceding section (1).

Except as stated above nothing herein shall be held to waive, alter or extend any of the limits, conditions, agreements or exclusions of the policy to which this endorsement is attached.

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and Michael K. Nunley & Associates, LLP)

LIVING WAGE POLICY

Pursuant to the Living Wage Policy adopted July 9, 2002 by the City Council and effective October 1, 2002, the City Manager and City Attorney are directed to include the following language in all standard Consultant/Professional Services contracts that may be governed by the Living Wage Policy.

A. Consultant shall compensate any employee of Consultant who provides Services under this Agreement in accordance with the Living Wage Policy, attached hereto and incorporated herein by reference as the Living Wage Policy Exhibit. While this Agreement is in effect, Consultant shall pay such employee no less than $20.06 per hour for each hour that such employee provides Services under this Agreement. In addition, while this Agreement is in effect, Consultant shall provide to such employee no less than 96 hours of paid leave per calendar year.

B. Consultant agrees to post, at a location readily accessible to those employees providing Services to the City, a copy of the Living Wage Policy adopted by City Council on July 9, 2002 and effective October 1, 2002.

C. If Consultant fails to compensate such employee pursuant to the Living Wage Policy, the City Manager or designee shall terminate this Agreement on written notice to Consultant, effective immediately.

D. In addition, if Consultant fails to comply with the Living Wage Policy in any manner, Consultant shall pay to City a fine of $500 and shall pay to any employee providing Services under this Agreement a penalty of three times the amount or value of the compensation owed to such employee under the Living Wage Policy. Consultant shall pay such fine and penalty within fifteen (15) calendar days after the City Manager or designee provides written notice to Consultant of the amount owed.

CITY OF OXNARD LIVING WAGE REQUIREMENTS
EFFECTIVE JULY 1, 2025

Consultant shall compensate any employee of Consultant who provides Services under this Agreement in accordance with the Living Wage Policy, attached hereto and incorporated herein by reference as Exhibit E. While this Agreement is in effect, Consultant shall pay such employee no less than $20.06 per hour for each hour that such employee provides Services under this Agreement. This hourly rate shall be adjusted on July 1, 2026, and each July 1 thereafter, according to the percentage change in the Consumer Price Index, all items, prepared by the Bureau of Labor Statistics for the Los Angeles area relating to all urban consumers (CPI-U), index base 1982-84=100, comparing May of the previous year to May of the current year. In addition, while this Agreement is in effect, Consultant shall provide to such employee no less than 96 hours of paid leave per calendar year.

a. Consultant agrees to post, at a location readily accessible to those employees providing Services to the City, a copy of the Living Wage Policy adopted by the Oxnard City Council on July 9, 2002 and effective October 1, 2002.

b. If Consultant fails to compensate such employee pursuant to the Living Wage Policy, the City Manager or designee shall terminate this Agreement on written notice to Consultant, effective immediately.

c. In addition, if Consultant fails to comply with the Living Wage Policy in any manner, Consultant shall pay to City a fine of $500 and shall pay to any employee providing Services under this Agreement a penalty of three times the amount or value of the compensation owed to such employee under the Living Wage Policy. Consultant shall pay such fine and penalty within fifteen (15) calendar days after the City Manager or designee provides written notice to Consultant of the amount owed.

EXHIBIT F

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and Michael K. Nunley & Associates, LLP)

PREVAILING WAGE

1. Consultant acknowledges that the Project defined in the Agreement between Consultant and City is a "public work" as defined in Division 2, Part 7, Chapter 1 of the California Labor Code ("Chapter 1"), and that this Agreement is subject to Chapter 1 and the rules and regulations established by the Director of Industrial Relations ("DIR") implementing such statutes. Consultant shall perform the Project as a public work. Consultant shall comply with and be bound by all the terms, rules and regulations described in Chapter 1 and the DIR's rules and regulations as though set forth in full herein.

2. Pursuant to Labor Code Section 1773.2, copies of the prevailing rate of per diem wages for each craft, classification, or type of worker needed to perform the Agreement are on file at City Hall and will be made available to any interested party on request. Consultant acknowledges receipt of a copy of the DIR determination of such prevailing rate of per diem wages, and Consultant shall post such rates at each job site covered by this Agreement.

3. Consultant is required to post job site notices, as prescribed by regulation. See Labor Code Section 1771.4(a)(2).

4. Consultant shall comply with and be bound by the provisions of Labor Code Sections 1774 and 1775 concerning the payment of prevailing rates of wages to workers and the penalties for failure to pay prevailing wages. Consultant shall, as a penalty to City, forfeit not more than $200 for each calendar day or portion thereof for each worker paid less than the DIR's determined prevailing rates for the work or craft in which the worker is employed pursuant to this Agreement by Consultant or any subcontractor. The Labor Commissioner shall determine the amount of the penalty as described in Section 1775.

5. Consultant shall comply with Labor Code Section 1776, which requires Consultant and each subcontractor to (1) keep accurate payroll records and verify such records in writing under penalty of perjury, (2) certify and make such payroll records available for inspection, and (3) inform City of the location of the records.

6. Consultant shall comply with Labor Code Sections 1777.5, 1777.6 and 1777.7 and California Administrative Code Title 8, Section 200 et seq. concerning the employment of apprentices on public works projects for all apprenticeable occupations. Before commencing work under this Agreement, Consultant shall provide City with a copy of the information submitted to any applicable apprenticeship program. Within 60

days after concluding the Project, Consultant and each of its subcontractors shall submit to City a verified statement of the journeyman and apprentice hours performed under this Agreement.

7. Consultant may not be debarred or suspended throughout the Agreement Term pursuant to Labor Code Section 1777.1 or 1777.7. If he, she or it becomes debarred or suspended in the Agreement Term, Consultant must immediately notify City.

8. Consultant is not qualified to bid on, be listed in a Bid proposal, or engage in the performance of any contract for public work, as defined in Labor Code Sections 1720 through 1861, unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5. Consultant shall continue without interruption to stay registered and qualified to perform public work pursuant to Section 1725.5 for the duration of the term of this Agreement. This provision does not apply to construction, alteration, demolition, installation or repair work of $25,000 or less or to maintenance work of $15,000 or less.

9. Consultant acknowledges that 8 hours labor constitutes a legal day's work. Consultant shall comply with and be bound by Labor Code Section 1810.

10. Consultant shall comply with and be bound by Labor Code Section 1813 concerning penalties for workers who work excess hours. Consultant shall, as a penalty to City, forfeit $25 for each worker employed in the performance of this Agreement by Consultant or by any subcontractor for each calendar day during which such worker is required or permitted to work more than 8 hours in any calendar day and 40 hours in any one calendar week in violation of the provisions of Division 2, Part 7, Chapter 1, Article 3 of the Labor Code. Pursuant to Labor Code Section 1815, work performed by Consultant's employees in excess of 8 hours per day and 40 hours per week shall be permitted upon public work upon compensation for all hours worked in excess of 8 hours per day at not less than 1 ½ times the basic rate of pay.

11. The Project listed in the Agreement is subject to compliance monitoring and enforcement by the DIR.

12. Consultant shall be responsible for each and every one of its subcontractors' compliance with Chapter 1, the DIR's rules and regulations, and Labor Code Sections 1860 and 3700. Consultant shall include in the written contract between it and each subcontractor a copy of, and a requirement that each subcontractor shall comply with, those statutory provisions. Consultant shall be required to take all actions necessary to enforce such contractual provisions and ensure subcontractors' compliance, including without limitation, conducting a periodic review of the certified payroll records of each subcontractor, and upon becoming aware of the failure of the subcontractor to pay its workers the specified prevailing rate of wages, Consultant shall diligently take corrective action to halt or rectify any failure.

13. To the maximum extent, Consultant shall hold harmless, defend (with counsel approved by the City Attorney) and indemnify City, its legislative bodies, and its officials, officers, employees and agents from any demand or claim for damages, compensation, fines, penalties or other amounts arising out of or incidental to any acts or omissions listed above by any person or entity (including Consultant, its subcontractors, and each of their officials, officers, employees and agents) in connection with any work undertaken or in connection with the Agreement, including without limitation the payment of all attorneys' fees and other related costs. All duties of Consultant under this Section shall survive Agreement termination.

ON-CALL PROFESSIONAL SERVICES AGREEMENT
BETWEEN
THE CITY OF OXNARD AND MNS ENGINEERS, INC.

By This On-Call Professional Services Agreement ("Agreement"), the City of Oxnard ("City") agrees to engage the Services of MNS Engineers, Inc. ("Consultant"), and Consultant agrees to perform the Services for City as herein described, for the compensation, during the term, and otherwise subject to the covenants and conditions herein set forth. City and Consultant may be individually referred to as "Party" or collectively as the "Parties."

1. [INTENTIONALLY OMITTED]

2. SUMMARY DESCRIPTION OF SERVICES.

The Services to be performed pursuant to this agreement will be limited to the particular professional services that are identified in the Scope of Services, attached hereto as Exhibit A. Consultant has been prequalified to perform the particular services required by the City and the City shall issue Task Orders describing the particular project or services required by the City to the prequalified consultants and consultants shall submit a responsive proposal to the City's Project Manager.

Consultant is not to be the exclusive provider of services to the City. The City does not guarantee a specified amount of work under this on-call agreement.

3. PARTIES.

City of Oxnard, a general law and municipal corporation of the State of California, located at 300 West Third Street, Oxnard California 93030.

MNS Engineers, Inc., a corporation of the State of California, located at 201 N Calle Cesar Chavez, STE 300, Santa Barbara, CA 93103

4. TERM OF AGREEMENT: From: July 1, 2026 To: June 30, 2029

A. Time is of the essence in this Agreement
B. The City shall have the option to exercise two (2) consecutive one-year (1) term extensions, in accordance with the scope of work and terms and conditions of this Agreement. Any price negotiations, if allowed, shall be negotiated at the time of contract extension.

C. This Agreement shall not exceed a total of five (5) years (including the initial term and any options to extend). The City in its sole discretion may exercise the option terms upon sixty (60) days written notice to the Consultant (or any other time if the parties so agree) in accordance with Section 12 of this Agreement. The option term shall be commenced by an amendment to this agreement.
D. All Services required of Consultant under this Agreement shall be completed on or before the end of the term of the Agreement.

5. AGREEMENT AMOUNT NOT TO EXCEED: $500,000.00.[1]

6. AGREEMENT EXHIBITS. The following documents memorialized below are the only exhibits to this Agreement and are incorporated by reference as though fully set forth herein. In the event of a conflict between the Exhibits and this Agreement, the Agreement controls.

Exhibit A: Scope of Services and Task Order Template
Exhibit B: Schedule of Compensation
Exhibit C: Insurance Requirements: City Insurance Exhibit INS-A
Exhibit D: [RESERVED]
Exhibit E: Living Wage Policy
Exhibit F: Prevailing Wage Policy

7. DESIGNATED REPRESENTATIVES. The Designated Representatives listed below shall be authorized to act on behalf of the named Party, be responsible for negotiations and contractual matters, and coordinate with each other to perform the Services under this Agreement. Additionally, Consultant's Services shall be performed or immediately supervised by the Consultant's Representative:

City Designated Representative	Consultant Designated Representative
Name: Abe Anbessaw Title: Engineer Division Manager Phone: 805-385-7675 Email: abebaw.anbessaw@oxnard.org Address: 305 West Third Street, Third Floor, Oxnard, CA 93030	Name: Greg Chelini Title: Vice President Phone: 805-692-6921 Email: gchelini@mnsengineers.com Address: 201 N Calle Cesar Chavez, Ste 300, Santa Barbara, CA 93103

[1] This is not a guaranteed dollar amount. No services or work performed pursuant to a Task Order shall exceed the "Not to Exceed" Amount of the Contract or the agreed upon amount stated in the Task Order.

8. **CONTRACTUAL PREREQUISITIES.** This Agreement must first be executed by the Consultant, after which the Agreement shall be approved as to form by the City Attorney, then executed by the Mayor, or an authorized person on behalf of the City, and if executed by the Mayor shall also be executed by the City Clerk.

    A. Consultant is advised that any recommendation for Agreement award is not binding on City until the Agreement is fully executed and approved by the City.
    B. All proof of a City tax certificate, insurance, and W-9 forms is required prior to execution of this Agreement.
    C. Consultant shall not perform any work under this Agreement until a proof of insurance has been provided to the City as required under Section 24 of this Agreement.

9. **CONSULTANT'S SERVICES.**

    A. Consultant shall perform only the type or category of services as set forth in the "Scope of Services," and pursuant to the information contained in the Task Orders issued pursuant to this agreement.
    B. Task Orders may only be modified in writing by the City's Project Manager or Designated Representative.
    C. The Services issued pursuant to a Task Order shall be coordinated with the designated City Project Manager set forth in Exhibit A and are subject to the direction of the City Manager or Department Director. Consultant hereby designates as its Project Manager, the individual identified in Section 7 of this Agreement, as the person responsible for the Services who shall coordinate with City's Project Manager in executing the Scope of Services and Task Order(s) under this Agreement.
    D. Under no circumstances shall the Consultant exceed the amount stated in the City's Task Order or perform additional work or services that are not included in the Task Order

10. **COMPENSATION.** City shall pay Consultant for the Services performed pursuant to the terms of this Agreement and based on the hourly rates and fees set forth in the "Schedule of Compensation," attached to and incorporated into this Agreement as "Exhibit B." Consultant's compensation shall not to exceed amount stated in the Task Order. Under no circumstances shall the Consultant perform work in excess of the amount stated in the Task Order or the not to exceed amount listed in Section 5 of this Agreement. Once this Agreement is executed, the Schedule of Compensation

may only be modified by written Amendment pursuant to Section 13 of this Agreement, and may be subject to approval by the City Council.

A. The maximum not to exceed amount for any individual Task Order issued pursuant to this Agreement shall be $100,000.00 per Task Order.

B. Unless stated otherwise elsewhere in this document, prices shall be firm for the duration of this agreement. No price increases will be permitted during the first year of this Agreement. All price decreases (for example, if Vendor/Contractor offers lower prices to another governmental entity) will automatically be extended to the City. The City requires written proof satisfactory to the City, upon the City's acceptance, of cost increases prior to any approved price adjustment. After the first year of the award, a minimum of 60-days advance notice in writing is required to be considered and approved by the City. No retroactive price adjustments will be considered. For Contracts, any price increases must be stated in a written amendment. The net dollar amount of profit will remain firm during the period of the Agreement. Annual increases shall not exceed the Consumer Price Index- All Consumers, All Items, less food and energy – Los Angeles and be subject to satisfactory performance review by the City and approved (if needed) for budget funding by City Council.

11. PAYMENT and INVOICES. The City shall pay all undisputed portions of any applicable invoice within thirty (30) days after receipt of an invoice. In the event the City disputes one or more items in an invoice, the City shall, within thirty (30) days after receipt of such invoice, notify the Consultant of the item(s) being disputed and the reason(s) therefore. The City may withhold payment for such disputed items until resolution of the dispute.

A. **Payment Request.** Consultant shall submit a payment request to CITY by the end of each calendar month listing the Services provided, costs of those Services, and total amount due for the month. Invoices may be emailed to: **pwengineeringAP@oxnard.org .**

B. Consultant's acceptance of final payment made pursuant to this Agreement shall constitute a release of City from all claims and liabilities for compensation to Consultant for anything completed, finished or relating to the Services. City's payment shall not constitute nor be deemed a release of the responsibility and liability of Consultant for the

accuracy and competency of the information provided and/or the Services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Consultant and its employees, agents and subcontracted Consultants.

C. Consultant shall provide City with a completed Request for Taxpayer Identification Number and Certification, as issued by the Internal Revenue Service. If any sales tax is due for the Services performed by Consultant or materials or products provided to City by Consultant, Consultant shall pay the sales tax. City shall not reimburse Consultant for sales taxes paid by Consultant.

D. **Non-Appropriation of Funds.** Payments to be made to Consultant by City for the Services performed within the current fiscal year are within the current fiscal budget and within an available, unexhausted and unencumbered appropriation of City. In the event City does not appropriate sufficient funds for payment of the Services beyond the current fiscal year, this Agreement shall cover payment for the Services only up to the conclusion of the last fiscal year in which City appropriated sufficient funds and shall automatically terminate at that fiscal year's conclusion.

12. OPTION TO EXTEND AGREEMENT. When in the City's best interest, this Agreement may only be extended, if the City, in its discretion, exercises an option term in accordance with Section 4 subparagraphs (B) and (C) of this Agreement. The initial term, plus any option to extend shall not exceed a total of five (5) years. **If no option to extend the Agreement appears in section 4(B), then this Agreement shall not be extended.**

13. MODIFICATION OF AGREEMENT. This Agreement may be amended, modified, or otherwise altered, or its provisions waived, only upon mutual consent of the Parties by written amendment. The City may request that the Consultant perform Extra Services. As used herein, "Extra Services" means any services, which are determined by the City to be necessary for the proper completion of the project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement or any Task Order issued under this Agreement. A written amendment signed by both Parties shall be required to authorize performance of and payment for Extra Services under this Agreement or Task Order.

14. TERMINATION OF AGREEMENT. City may terminate this Agreement at any time, with or without cause and without penalty, upon fifteen (15) calendar days' prior written notice pursuant to Section 22 of this Agreement. Such termination shall be effective on the date specified in the notice, or if no date is specified, then fifteen (15) calendar days from the date of the notice. City shall be liable to Consultant only for work done by Consultant up to and including the date of termination of this Agreement unless the termination is for cause, in which event Consultant need be compensated only to the extent required by law. Consultant may terminate this Agreement at any time during the term of the Agreement by giving the City sixty (60) calendar days' prior written notice.

15. [RESERVED]

16. INDEPENDENT CONTRACTOR. Consultant is and shall at all times remain, as to City, a wholly independent contractor. Neither City nor any of its employees or agents shall have control over the conduct of Consultant or any of its employees, except as stated in this Agreement. Consultant has and shall retain the right to exercise full control over the employment, direction, means of performance, location, compensation and discharge of all persons assisting Consultant. This Agreement shall not be interpreted to prevent or preclude Consultant from rendering any Services for Consultant's own account or to any other person or entity as Consultant in its sole discretion shall determine; provided, however, that performing such Services shall not materially interfere with the Services the Consultant shall perform for the City. The City retains the right to provide general instructions to and observe the Consultant in the performance of all Services done on behalf of the City.

Consultant and its employees, subconsultants, and agents have no authority, express or implied, to act on behalf of City in any capacity, to incur any debt, obligation or liability on behalf of City, bind City in any manner, or otherwise act on behalf of City as an agent. Consultant T and its employees are not employees of City. Consultant and its employees are not entitled to receive from City any of the benefits or rights afforded employees of City, including but not limited to reserve leave, sick leave, vacation leave, holiday leave, compensatory leave, Public Employees Retirement System benefits, and health, life, dental, long-term disability and workers' compensation insurance benefits. Consultant shall not, at any time or in any manner, represent that it or any of its agents, subconsultants, or employees are in any manner agents, subconsultants, or employees of City.

17. **LAWFUL PERFORMANCE.** Consultant shall abide by all federal, state, and local laws and regulations as may be related to the performance of duties under this Agreement. Consultant, at its sole expense, shall obtain and maintain during the term of this Agreement, all appropriate permits, licenses, and certificates that may be required in connection with the performance of Services under this Agreement.

18. **SAFETY REQUIREMENTS.** Consultant shall not perform any Services for the City when the Consultant is impaired by alcohol or a controlled substance. When there is reasonable cause to believe that any person has violated this provision, that person shall be immediately removed from the premises and be subject to any applicable civil and/or criminal penalties under the City's Code and/or under state law. All work performed under this Agreement shall be performed in such a manner as to provide safety to the public. The City reserves the right to issue restraining or cease and desist orders to Consultant when unsafe or harmful acts are observed or reported relative to the performance of the work under this Agreement. The acceptance of Consultant 's work by City shall not operate as a release of the Consultant from such standard of care and workmanship.

19. **STANDARD OF PERFORMANCE; WARRANTY.** Consultant agrees to perform all Services required by this Agreement in a professional and competent manner, in accordance with the degree of skill and diligence which is normally employed by reputable professionals performing similar Services under similar conditions in the same or similar locality. Such Services shall also be performed in a manner which is reasonably satisfactory to City Project Manager, or designee (hereinafter the "Project Manager"), provided that discretion in determining what is satisfactory shall not alter the foregoing standard of care.

    A. In accordance with the standard of care set forth in the first sentence of Section 19, the Consultant agrees that it:
    (1) Has thoroughly reviewed and considered the services and work to be performed; and
    (2) Has reviewed the issues regarding the Scope of Services and Task Orders to be provided; and
    (3) Has carefully considered how the services and related work should be performed; and
    (4) Fully understands the facilities, difficulties and restrictions associated with performance of the services required by this Agreement.

20. OWNERSHIP OF CONSULTANT'S WORK PRODUCT, CONFIDENTIALITY & DISCLOSURE, RECORDS & WARRANTY. City shall be the owner of any and all technical documents and records, including, computations, plans, correspondence, and/or other pertinent data and information, both hard copy and electronic, gathered or prepared by Consultant in performance of this Agreement and shall be entitled to immediate possession of the same upon completion of the work under this Agreement, or at any earlier or later time when the same may be requested by City.

A. Ownership of Documents. Every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the Consultant pursuant to or in connection with this Agreement shall be the exclusive property of the City.

B. Deliverables. Consultant shall deliver to the City the studies, plans, specifications, or other documents as are identified in the Scope of Services or Task Order; and Consultant shall, upon completion of all work or termination of this Agreement, submit to the City all information developed in the course of the Consultant 's services. Consultant shall, in such time and in such form as the City may require, furnish reports concerning the status of Services required under this Agreement. Consultant shall, upon request by City and upon completion or termination of this Agreement, deliver to the City all material furnished to Consultant by the City.

C. Records and Inspections**.** The Consultant shall maintain full and accurate records, with respect to all Services and matters covered under this Agreement. Books and records pertaining to costs shall be kept and prepared in accordance with generally accepted accounting principles. The City shall have free access at all reasonable times to such records, both hard copy and electronic, and the right to examine and audit the same and to make transcripts therefrom, and to inspect all program data, documents, proceedings, and activities.

D. Confidentiality. Information that is exempt from disclosure to the public is confidential. This includes information relating to the past, present, or future affairs of the City or information belonging to a third party whose information is in the City's possession or control under obligations of confidentiality. Consultant may be granted access to information that is exempt from disclosure to the public (Government Code Section 7920.505) and may contain "trade secrets" (see Government Code Section 7924.510(f)) when it is necessary for Consultant to perform its obligations pursuant to this Agreement. If Consultant is granted such

access to confidential information, Consultant shall not be considered to be a member of the public as that term is used in Government Code Section 7920.515.

E. Disclosure of Information. Consultant shall not disclose, publish, or authorize others to disclose or publish, design data, drawings, specifications, reports, or other information pertaining to the projects assigned to Consultant by the City or other information to which the Consultant has had access during the term of this Agreement without the prior written approval of the City's Designated Representative during the term of this Agreement and for a period of two (2) years after the termination of this Agreement.

F. No Warranty. Other than an obligation upon the City to deal in good faith, the City makes no warranties and shall bear no liability or responsibility for errors or omissions in any Confidential Information disclosed under this Agreement or for any business decisions made by Consultant in reliance on any Confidential Information disclosed under this Agreement.

21. NOTICE OF BREACH AND OPPORTUNITY TO CURE. Neither Party will be in breach of this Agreement where the breach is capable of being cured, or until written notice of the breach is received from the non-breaching Party. The Party charged with breach will have fifteen (15) calendar days from the date of receiving such notice in which to cure the breach or otherwise respond. If the circumstances leading to the charge that the Agreement was breached have not been cured or explained to the satisfaction of the other Party within fifteen (15) days from the date on which the breaching Party received notice of breach, the non-breaching Party may terminate this Agreement. Notice shall be given in the manner set forth in section 22.

22. NOTICE. All notices given or required to be given pursuant to this Agreement shall be in writing and may be given by personal delivery or by first-class mail. Notice sent by mail shall be addressed to each Party's Designated Representative as set forth above in Section 7. When addressed in accordance with this Section, such notice shall be deemed given upon deposit in the United States mail, postage prepaid. In all other instances, notices shall be deemed given at the time of actual delivery. Changes may be made in the names or addresses of persons to whom notices are to be given by giving notice in the manner prescribed in this Section.

23. INDEMNIFICATION, HOLD HARMLESS & DEFENSE. Except as set forth in Subsection A of this Section 23, and to the fullest extent permitted by law, Consultant shall immediately defend, indemnify, and hold harmless the City, its officers, employees, representatives, and agents (the "City Indemnitees"), from and against those actions, suits, proceedings, claims, demands, losses, costs, and expenses, including legal costs and reasonable attorneys' fees, for any personal injuries, deaths, or property damage, including property owned by the City (collectively "Claims") which may arise out of Consultant's negligence or willful misconduct in the performance of the services described in this Agreement, unless such Claims are proven to be caused by the negligence or willful misconduct of the City Indemnitees.

A. The provisions of this Subsection apply only in the event that Consultant is a design professional within the meaning of California Civil Code section 2782.8 ("Design Professional"). The term Design Professional, as defined in said section, is limited to licensed architects, licensed landscape architects, registered professional engineers, professional land surveyors, and the business entities that offer such services in accordance with the applicable provisions of the California Business and Professions Code.

   (1) Notwithstanding the provisions of Section 23 above, to the extent that the services to be provided under this Agreement are those of a Design Professional, Consultant's duty to indemnify, hold harmless, and defend the City Indemnitees shall be limited to the extent that any Claims arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, its officers, agents, employees or subconsultants in the performance of the services described in this Agreement.

   (2) In no event shall the costs of defense charged to Consultant exceed the Consultant's proportionate percentage of fault, except as otherwise set forth in said Civil Code section 2782.8, the provisions of which are incorporated into this Agreement by this reference. Nothing in this Subsection b shall be construed to require Consultant to provide indemnification for Claims caused by the active negligence or willful misconduct of the City Indemnitees

B. The City does not and shall not waive any rights that it may have against Consultant under this Section, because of the acceptance by the City, or the deposit with the City, of any insurance policy or certificate required pursuant to this Agreement. The hold harmless and indemnification

provisions of this Section 23 shall apply regardless of whether said insurance policies are determined to be applicable to the claim, demand, damage, liability, loss, cost, or expense described herein.

C. The obligation to indemnify and defend, as set forth in this Section 23, is binding on the successors, assigns, or heirs of Consultant and shall survive the expiration or any early termination of this Agreement.

24. INSURANCE. Consultant shall obtain and maintain during the performance of any Services under this Agreement the insurance coverages listed within "Exhibit C", which is attached hereto and incorporated herein by this reference, unless the Risk Manager waives, in writing, the requirement that Consultant obtain and maintain such insurance coverages. Such insurance must be issued by a company satisfactory to the Risk Manager. Consultant shall, before performance of any Services pursuant to this Agreement, file with the Risk Manager evidence of insurance coverage as specified in "Exhibit C". Maintenance of insurance coverages by Consultant is a material element of this Agreement. Consultant's failure to maintain or renew insurance coverages or to provide renewal evidence shall be considered a material breach of this Agreement.

25. LIVING WAGE REQUIREMENTS. During the term of this Agreement, Consultant understands and agrees that if Living Wages are applicable, subject to the 2002 Oxnard City Council Living Wage Policy, attached as "Exhibit E" to this Agreement, Consultant will pay and/or provide the wages and/or benefits required therein to all of its employees engaged in whole or in part in performing the Services provided for by this Agreement. The Living Wage is updated on July 1 of each year, and the duty to pay the correct wage is the responsibility of the Consultant.

26. PREVAILING WAGE REQUIREMENTS. The payment of State prevailing wages as designated for Ventura County shall apply to public works projects. However, this section shall not apply to work performed on a public works project of twenty-five thousand dollars ($25,000) or less when the project is for construction, alteration, demolition, installation, or repair work; or to work performed on a public works project of fifteen thousand dollars ($15,000) or less when the project is for maintenance work. Prevailing wages are required to be paid to all workers, including subcontracted employees. For further information regarding Prevailing Wage Requirements please refer to Exhibit "F" attached to this Agreement.

A. To determine if this Agreement is subject to compliance monitoring and enforcement, go to:

https://www.dir.ca.gov/Public-Works/PublicWorksSB854FAQ.html

B. It is unlawful to split, or separate into small portions, work orders, projects, purchases, or public works projects for the purpose of evading these prevailing wage requirements.

C. In the event that there is a difference between the amount of wages to be paid under the City of Oxnard's local Living Wage requirements and the requirements of this provision, the wage rate that is the higher of the two shall be applicable to this Agreement. The duty to pay the correct wage is the responsibility of the Consultant.

27. [RESERVED]

28. SUBCONTRACTING. If Consultant requires the assistance of a subcontractor to render any Services under this Agreement, Consultant shall obtain prior written consent from the City before a subcontractor performs any service pursuant to this Agreement. All subcontractors shall be identified in the Scope of Work or Task Order attached to this Agreement as "Exhibit A". Consultant is fully responsible for satisfactory completion of all its subcontractors' work. All subcontractors shall be properly licensed and insured; and bonded, if applicable. Consultant shall be responsible for all liabilities regardless of nature, type, or cause, arising out of or resulting from or in connection with subcontractors performance pursuant to this Agreement or subcontractors failure to comply with any of its obligations in connection with this Agreement.

29. CONFLICT OF INTEREST. Consultant covenants that it does not have any interest, nor shall it acquire any interest, directly or indirectly, which would conflict in any manner with the performance of Consultant's Services under this Agreement. Consultant further covenants that in the performance of Services under this Agreement, no officer, employee or agent of Consultant having such interest shall be employed by it. In the event the City determines that Consultant must disclose its financial interests by completing and filing a Fair Political Practices Commission Form 700, Statement of Economic Interests, Consultant shall file such Form 700 with the City Clerk's Office pursuant to the written instructions provided by the City Clerk. Acquisition or maintenance of a conflicting interest by Consultant may result in termination of this Agreement by the City.

30. DISPUTES. Except as otherwise provided in these provisions, any dispute concerning a question of fact arising under this Agreement, shall be decided by the City's Designated Representative, who shall reduce this decision to writing and mail

a copy to the Consultant. The decision of the City's Designated Representative shall be final and conclusive unless Consultant requests mediation within ten (10) calendar days. Pending final decision of a dispute, the Consultant shall proceed diligently with the performance of the Agreement and in accordance with the decision of the City's Designated Representative.

31. DISPUTE RESOLUTION. Should an unresolved dispute arise out of this Agreement, any Party may request that it be submitted to mediation. The Parties shall meet in mediation within a reasonable time not to exceed forty five (45) days of a request. The mediator shall be agreed to by the mediating Parties. In the absence of an Agreement on a mediator, the Parties shall each submit one name from mediators listed by the American Arbitration Association, the California State Board of Mediation and Conciliation, or other agreed-upon service. The mediator shall be selected by a "blindfold" process. The cost of mediation shall be borne equally by both Parties. Neither Party shall be deemed the prevailing Party. No Party shall be permitted to file a legal action without first meeting in mediation and making a good faith attempt to reach a mediated settlement. The mediation process, once commenced by a meeting with the mediator, shall last until Agreement is reached by the Parties but not more than sixty (60) calendar days, unless the maximum time is extended in writing by both Parties.

32. ASSIGNMENT. This Agreement is for the professional Services of Consultant. Any attempt by Consultant to assign the benefits or burdens of this Agreement without the prior written approval of City shall be prohibited and shall be null and void. Consultant's Services pursuant to this Agreement shall be provided by the Consultant's Designated Representative or directly under his/her supervision, and Consultant shall not assign another to supervise the Consultant 's performance of this Agreement without the prior written approval of City, by and through the City's Designated Representative.

33. CARE OF WORK. Should Consultant discover any latent or unknown conditions materially differing from those inherent in the Services or as represented by the City, Consultant shall immediately inform the City of such fact and shall not provide any Services, except at Consultant's risk, until written instructions are received from the Project Manager.

34. REPORTS. Upon request by the Project Manager or as otherwise required by this Agreement, including but not limited to, the Scope of Services or Task Orders set

forth in Exhibit “A”, Consultant shall prepare and submit reports to the City concerning Consultant's performance of the Services required by this Agreement.

35. AUDIT. City shall have the option of inspecting, auditing and/or reproducing all records and other written materials used by Consultant in preparing its billings to City as a condition precedent to any payment to Consultant, or for other purposes relating to the Agreement. Consultant will promptly furnish all documents requested by City. Additionally, if this Agreement is in excess of $10,000, the State Auditor may examine and audit Consultant for a period of 3 years after final payment under the Agreement. Regardless of whether a State audit is permitted, Consultant shall maintain and preserve all such records for a period of at least 3 years after final payment under the Agreement or until an audit has been completed and accepted by City, whichever occurs later. Consultant shall maintain all such records in City or to promptly reimburse City for all reasonable costs incurred in conducting the audit at a location other than in City, including but not limited to expenses for personnel, salaries, private auditor, travel, lodging, meals and overhead. Consultant shall include a copy of this Section in all contracts with its subcontractors, and Consultant shall be responsible for immediately obtaining those records or other written material from its subcontractors upon a request by the State Auditor and/or City.

36. ADVERTISING AND PUBLICITY. Consultant shall not use the name of or refer to City directly or indirectly in any advertisement, news release, or professional or trade publication without prior written approval from the City Manager. This Section shall survive the termination of this Agreement.

37. NONDISCRIMINATORY EMPLOYMENT. Consultant shall not unlawfully discriminate against any individual based on race, color, religion or religious creed, national origin, ancestry, ethnic group identification, primary language, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, sex, sexual orientation, age, immigration status, citizenship or military and veteran status. Consultant understands and agrees that it is bound by and will comply with all legal nondiscrimination mandates. For every subcontractor who will perform Services, Consultant shall be responsible for such subcontractor’s compliance with this Section.

38. COVENANTS AND CONDITIONS. Each term and each provision of this Agreement to be performed by Consultant shall be construed to be both a covenant and a condition.

39. WAIVER. City's review or acceptance of, or payment for, work product prepared by Consultant under this Agreement will not be construed to operate as a waiver of any rights City may have under this Agreement or of any cause of action arising from Consultant's performance. A waiver by City of any breach of any term, covenant, or condition contained in this Agreement will not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant, or condition contained in this Agreement, whether of the same or different character.

40. FORCE MAJEURE. Neither the Consultant nor the City shall be responsible for any delay caused by any contingency beyond their control, including, but not limited to, war or insurrection, walkouts by the Party's own employees, fires, natural calamities, riots, or demands or requirements of governmental agencies other than the City.

41. GOVERNING LAW. The terms of this Agreement shall be interpreted according to the laws of the State of California. Should litigation occur, venue shall be in the Superior Court of California, County of Ventura.

42. SEVERABILITY. If any portion of this Agreement is declared by a court of competent jurisdiction to be invalid or unenforceable, then such portion will be deemed modified to the extent necessary in the opinion of the court to render such portion enforceable and, as so modified, such portion and the balance of this Agreement will continue in full force and effect and be enforceable.

43. INTEGRATED AGREEMENT. This Agreement and the attached exhibits referenced herein to this Agreement represent the entire understanding between the Parties. No verbal Agreement or implied covenant shall be held to vary the provisions of this Agreement. This Agreement shall bind and inure to the benefit of the Parties to this Agreement and any subsequent successors and assigns.

44. NO THIRD-PARTY BENEFICIARY. This Agreement shall not be construed to be an Agreement for the benefit of any third-party or parties, and no third party or parties shall have any claim or right of action under this Agreement.

45. AUTHORITY TO EXECUTE. Each Party hereto expressly warrants and represents that the signatories to this Agreement have the authority to execute this Agreement on behalf of its corporation, partnership, business entity, or governmental entity, and warrants and represents that the signatories have the authority to bind each Party to the performance of its obligations hereunder.

46. EXECUTION – COUNTERPARTS. This Agreement may be executed in any number of counterparts and each such duplicate counterpart shall constitute an original, but they shall not be effective nor enforceable unless and until it is executed with the handwritten signature or electronic signature of an authorized representative of each of the relevant Parties. No counterpart shall be deemed to be an original or presumed delivered unless and until the counterpart executed by the other Party to this Agreement is in the physical possession of the Party seeking enforcement thereof.

47. INCONSISTENT OR CONFLICTING TERMS. In the event of any contradictions or inconsistencies between any attached documents or exhibits incorporated by reference herein and the provisions of the Agreement itself, the terms of the Agreement shall control. Any exhibit that is attached and incorporated by reference shall be limited to the purposes for which it is attached, as specified in this Agreement. Any contractual terms or conditions contained in such exhibit imposing additional obligations on the City are not binding upon the City and City's Designated Representative unless specifically agreed to in writing, and initiated by City's Designated Representative, as to each additional contractual term or condition.

48. CAPTIONS AND HEADINGS. The captions and headings contained in this Agreement are provided for identification purposes only and shall not be interpreted to limit or define the content, scope, or intent of the provisions described under the respective caption or heading.

49. ACKNOWLEDGEMENT. By signing below, Consultant acknowledges that it has reviewed the City's Professional Services Agreement terms and conditions and insurance requirements and that Consultant hereby agrees to full compliance.

[Signatures on next page]

IN WITNESS WHEREOF, the Parties have entered into this Agreement effective on the date as written in Section 4 and upon signature of all Parties.

If the company has a different structure, or if the above-listed persons are not the appropriate signers, please submit to the City Attorney legally-binding documentation stating who can sign and bind your company.

EXHIBIT A

PROFESSIONAL SERVICE AGREEMENT
(CITY of Oxnard and MNS Engineers, Inc.)

SCOPE OF SERVICES

PROJECT MANAGER: Abe Anebessaw

General Specifications

The awarded Consultant(s) under this agreement shall provide construction management and inspection support for the City's capital and other projects, as assigned. Specific services shall include, but not be limited to, providing Construction Management / Inspection Services for projects involving public buildings, housing, public works infrastructure, public parks, and such other facilities as may be required. Each individual project assigned by the City of Oxnard (City) will be composed of task orders. The task order proposal shall identify a concise schedule for completion of the task order (Task.) It is the Consultant's responsibility to determine the best and most cost-effective method to complete the Work so that the assigned task order can be completed to the satisfaction of the City. Task orders shall be negotiated as a lump sum amount per term based upon the hourly rate fee schedule as agreed to by the City and Consultant for all services and under the agreement amount. Task order funds will be encumbered based on the quote provided to the City by Consultant per task order. This Scope of Work will allow for additional professional services offered by the Consultant and the services noted below shall not be restricted to those directly stated.

Construction Management/Inspection services shall comply and be consistent with the industry standards and practices, to the full extent any provisions thereof relate or have applicability to such Projects.

The Scope of Work for Construction Management and Inspection Services shall include, but not be limited to the following:

Task 1- Management with City Staff

- **Project Management:** The Construction Manager (CM) shall coordinate all work efforts of the project team including representatives from the City, and shall facilitate regular Project progress meetings and provide regular updates on the Project status and budget. The CM shall become familiar with City processes, procedures, and objectives to provide services and assistance as directed by City staff. The CM shall work under the direction of the City Project Manager,

develop and maintain open lines of communications and cooperation between City staff, CM staff, contractors, and the public.

- **Project Kick-off Meeting:** At the commencement of the Project, the CM shall facilitate a "kick-off" meeting with the City to discuss the scope and parameters of the Project. The CM shall prepare and distribute a draft agenda in advance of the meeting for review and comment by the Project Manager. Specific Project goals will be identified and a strategy to accomplish these goals will be developed during the kick-off meeting. The CM shall prepare and distribute meeting minutes within two (2) working days of the meeting.

- **Progress Meetings:** The CM shall conduct bi-weekly progress meetings with the City for the duration of the project, and more frequently if individual situations warrant. The CM shall prepare an agenda that will include topics such as safety, RFI, submittals, change order, schedule, and construction progress. The CM shall be responsible for preparing and distributing meeting minutes from each meeting. Meeting minutes shall be in a format acceptable to the City's Project Manager and shall be distributed within two (2) working days of the project meeting. Project progress meetings will be held at the Public Works Conference rooms and project sites. At least monthly, the CM will present a summary of the monthly progress reports and discuss outstanding or upcoming project issues with the City.

- **CM Plan:** The CM shall prepare a CM Plan utilizing the final conformed contract documents, and shall include the following elements:

    1. Organization Chart
    2. CM coordination with City team and description of duties and responsibilities
    3. Safety compliance
    4. Claims avoidance strategy
    5. Special inspection requirements
    6. Inspection procedures
    7. List of all tests required for project
    8. Materials testing location
    9. Document management system
    10. Physical office location
    11. Project close out process

- **CM Staffing:** The CM shall provide appropriate staffing to accommodate the needs of the project.

Task 2- Construction Administration

The CM shall provide a Resident Engineer (RE) to provide construction administration and direct contractor activities whenever the contractor is working onsite. If the RE

meets the certification requirements for the specialty inspectors, the RE may perform inspections, provided that the specialty inspections do not interfere with the primary resident engineering tasks. The RE shall be certified by the International Code Council (ICC) for any inspections they perform. For budgetary purposes, the CM shall assume that the RE shall be dedicated full time for the duration of the project. The Construction Administration tasks are described below.

- **Contract Administration:** The CM shall have the responsibility for the daily management of the construction project. The CM shall provide and coordinate construction management services of the following activities:

    1. **Administration:** The CM shall administer construction contracts and provide technical Construction Management support to City staff to facilitate completion of projects.

    2. **Contractor Communication:** The CM shall provide effective written and oral communication to the contractor and other stakeholders in the administration of the contract. The CM shall provide for timely, thorough, clear, effective and responsible communications to Requests for Information (RFI's), Requests for Change (RFC's), Requests for Proposal (RFP's), submittals, and other miscellaneous correspondence. CM shall receive, log, and track requests for information. CM shall provide a technical review of RFI's to determine if the issue is addressed adequately. CM shall respond where the RFI can be addressed in the Contract Documents. If the contract documents are not clear, the CM shall forward RFI’s to the Design CM. RFIs responded by the designer shall be tracked for a timely response. CM shall develop a project directory of key consulting and contractor personnel working on the project.

    3. **Quality Assurance:** The CM shall verify and manage the Contractor’s Quality Control Plan.

    4. **Substitution Requests:** The CM shall evaluate requests for material and equipment substitutions and changes based on compliance with contract specifications and taking into account the impacts to cost and schedule. Based upon the CMs evaluation of the request for substitutions, the CM shall inform the PM and Engineer of Record of the substitution request and request an evaluation and decision of the merits of the substitution.

    5. **Resource Loading:** The CM shall monitor the contractor's resource loading and advise on corrective actions needed to maintain schedule.

    6. **Submittal Review/Logging:** The CM shall receive, respond, log, and track submittals. If the contract documents are not clear, the CM shall forward submittals to the Engineer of Record. Submittals responded by the designer shall be tracked for a timely response.

7. **Project Meetings:** The CM shall conduct weekly job site construction meetings involving the project team and maintain action items, minutes of said meetings and compliance with the contract provisions. Maintain and distribute meeting minutes within two (2) working days.

- **Safety and Security Monitoring:** The Contractor is responsible for enforcing its safety program on its employees and subcontractors' employees. It is the CM's responsibility to monitor, enforce safety, and promote a safe overall environment for all workers and visitors to the project site. Safety shall comply with all Federal, State and locally accepted safety regulations and measures including:

    1. **Safety:** The CM shall be responsible for providing all necessary personal protective equipment (PPE) including hard hats, vests, footwear, lights and other safety equipment for the CM Team. The CM shall prepare a safety plan for the CM team.

    2. **Job Site Security Verification:** Routinely check job site security and measures taken to protect the public from hazards.

    3. **Emergency Response Plan Review:** Review Contractor's emergency response plans. CM shall ensure that Contractor complies with State and Federal requirements but shall not be responsible for defining Contractor's safety programs. CM shall notify the Contractor of potential unsafe working conditions.

- **Environmental Monitoring:** The CM shall review and enforce requirements stipulated in permits issued by regulatory agencies and the environmental documents as shown or referenced in the contract documents.

- **Controls and Scheduling:** CM shall provide comprehensive project scheduling and control expertise as follows:

    1. **Baseline Schedule Review:** CM shall review and comment on contractor’s baseline and project schedule critical path, and logic review. CM shall ensure that schedule meets all requirements of the contract.

    2. **Progress Schedule Review:** CM shall review and monitor contractor's schedule monthly to monitor project progress and detect early delays. Report all schedule delays to the City’s Project Manager.

    3. **Cost and Budget:** CM shall monitor project construction costs, budgets, schedule and maintain current workflow projections.

    4. **Reporting:** CM shall prepare and distribute monthly construction reports. CM shall provide at a minimum:

- Daily inspection reports
- Weekly job site meeting minutes
- Monthly report overview
- Project cost to date
- Schedule updates
- Recommendations to mitigate project delays

- **Progress Payment Review:** CM shall review and approve monthly contractor invoices, verify compliance to all terms and conditions of contract and make payment recommendations. The CM shall ensure that the contractor's request for payment does not represent more than the amount for work performed on a monthly basis.

- **Contract Extensions:** CM shall review, analyze, and make recommendations on contractor time extensions/requests.

- **Coordination with City Inspectors/PM:** CM shall coordinate with City inspection and project management resources, where applicable.

- **Miscellaneous Coordination:** CM shall coordinate and monitor work to be performed by others.

- **Project Notice Coordination:** CM shall receive and review project notices, and submit to the City with appropriate recommendations.

- **Monitor Time and Materials Work:** CM shall monitor contractor work performed on a time and materials (T&M) basis to ensure that the contractor labor charges are fair and appropriate, and that materials purchased are of quantity and quality necessary to the project, and documented on invoices.

- **Cost Estimating:** The CM shall maintain a cost estimating system that conforms to industry accepted practices and provide the following:

    1. **Contractor Proposals:** CM shall evaluate contractor cost reduction proposals in accordance with industry cost standards. CM shall provide detailed analysis of the contractor’s proposal along with a recommended outcome to the Project Manager.

    2. **Change Order Review:** The CM shall review proposed change orders. The CM shall provide a change order review standard that includes a detailed process, forms, and recommendations of actions to the PM. CM’s change order review shall provide additional analysis of both cost and time concurrently. Time impact analysis shall not be deferred to a later time.

- **Document Control:** The CM shall establish a document management system for the following:

    1. **Filing:** The CM shall utilize a filing system. CM shall use a web-based document management system as approved by the City. CM shall be responsible for the cost of the document management system and training.

    2. **Claims:** The CM shall identify, analyze and prepare construction claims and disputes by assessing or validating entitlement and quantification of damages and promoting a successful resolution within 21 calendar days (assuming the Contractor is cooperative.) The CM shall provide associated cost estimates and time impact analysis concurrently for Claims Evaluation.

    3. **Document Tracking:** All central receipts, control, storage, distribution, indexing and tracking of all documents.

    4. **Document Managing:** All documents, incoming and outgoing, associated with the construction management activity of all assigned projects, including, but not limited to submittals, requests for information (RFIs), requests for clarifications (RFCs), pay requests, change orders (COs) and correspondence.

    5. **As-Built Documents Administration:** Maintaining a current set of as built drawings and specifications.

    6. **Document Maintenance:** Maintaining all field documents, storing original documentation and furnishing to the City at project completion.

- **Operations and Maintenance Manuals:** The CM shall receive final O&M equipment manuals from contractor and coordinate their review. Final O&M manuals shall be delivered to the Operations Manager.

- **Change Order and Claims Management:** The CM shall implement a comprehensive claims management program to evaluate change order requests and recommend equitable disposition. When agreement cannot be reached, the CM shall support the City's position and assist in formulating a claims defense and participate in resolution including:

    1. **Document Managing:** Coordinate, assemble and review supporting documentation for change order processing and make final recommendations to City staff.

    2. **Contractor Request Review:** Review requests of alleged cost increases and/or time impacts for merit concurrently.

3. **Change Order Review:** Thoroughly analyze the proposal and develop a negotiating position. When necessitated by variations between contractor price for change and the CM's fair cost estimate, CM shall negotiate an equitable resolution with guidance from the City's Project Manager.

4. **Change Order Expediting:** After the equitable resolution is reached the CM shall expedite approval of the negotiated change order.

Task 3- Inspection

The CM shall provide inspection services and monitoring of construction to ensure construction is in compliance with the project construction documents. The CM's resident engineer and inspection staff shall verify construction compliance and Quality Assurance Quality Control with applicable permits, codes, construction documents and any environmental mitigation. CM shall maintain redline as-builts on a monthly basis.

- **Daily and Weekly Documentation:**

  1. **Documentation of Construction Activities:** Provide documentation of construction activities, duration of activities, labor resources, and equipment allocation.

  2. **Construction Reporting:** Provide daily construction activity reports, labor resources, on- site equipment, and work conditions.

  3. **Non-Conformance Reporting:** Provide non-conformance reports.
  4. **Photographic Records:** Provide weekly photographic/digital records of the project during construction.

- **Civil Inspections:** The CM shall provide qualified inspectors for all improvements to inspect, monitor, and report on construction improvements as required by the Plans and Technical Specifications.

- **Field Testing:** Witness field tests and startup procedures for electrical equipment as needed.

- **Soil and Materials Testing:** The CM shall provide qualified and approved testing laboratories and California registered Geotechnical Engineers and/or ICC-certified Soils Special Inspector-EC or equivalent staff to perform all necessary soils and materials testing required to verify the quality and proper placement. The Soils and Materials Inspector shall be responsible for the following:

1. **Material Sampling:** Sample on-site and imported materials for compliance with the specifications for use as backfill materials.

2. **Material Testing:** Perform maximum density tests and optimum moisture content tests on materials to be used as backfill. Examples of testing include: gradation, R-value, sand equivalence, etc.

3. **Conformance Testing:** Perform compaction tests for backfill. Separate testing shall be performed for the pavement zone, street zone, and areas of over-excavation. Provide recommendations for compaction or density testing of rock backfill materials. Sand cone test method is required for soil compaction testing. Alternate compaction testing may be utilized; including but not limited to, nuclear gauge.

4. **Data Review:** Tabulate test data and review failing tests. Provide immediate notification of any failure to meet the requirements of the project contract documents.

5. **Reporting:** Upon prior authorization from the City, prepare a final report at the completion of construction certifying that geotechnical issues comply with the contract documents.

- **Storm Water Pollution Prevention Plan Inspection:**

1. Review contractor's site-specific SWPPPs for compliance with applicable regulations.

2. Monitor contractor's activities regarding pollution prevention controls and activities for general compliance with the contractor's SWPPP Best Management Practice (BMP). The contractor is responsible for means and methods for complying with BMP's. The SWPPP inspector shall notify the contractor and the City if the pollution prevention controls are in or out of compliance with the SWPPP.

TASK 4- Construction Closeout

The CM shall manage the turnover of the assigned project to the City, including contract closeout, management of warranty period activities and demobilization of CM staff including:

- **Site Closeout:** The CM shall budget under the Task 2 Construction Administration budget to close out construction and oversee demobilization at each site. Site Closeout tasks shall include:

1. **Site Final Walk-Through:** Coordinate and conduct a site final walk-through to verify completion of contract and all related items of work within 7 days of substantial completion.

2. **Site Punch List:** Develop site punch list and verify completion and obtain final documentation and releases within 7 days of substantial completion.

3. **Site Record Drawing Preparation:** Verify and deliver contractor as-built marked up drawings for record drawing preparation within 14 calendar days of site substantial completion.

4. **Site Permitting:** Monitor permit and agency sign-offs within 14 calendar days of substantial completion.

5. **Site Final Reporting:** Prepare site summary report in accordance with the City within 7 days of final completion.

6. **Site Documentation Turnover:** Turnover site project files, contract, correspondence, and documentation within 14 calendar days of final completion.

7. **Site Warranty Coordination:** The CM shall prepare a list of warranty items, warranty period, and warranty repair procedures, and turn over to the City's Project Manager.

8. **Site Demobilization:** Demobilize the CM staff and facilities in accordance with the agreed upon plan.

- **Construction Contract Close Out:** The CM shall oversee the contract closeout process and assist in resolving O&M service disputes. The CM shall budget under the Task 3 budget for Construction Contract Close Out. The closeout shall entail sign offs by responsible parties and include:

    1. **Project-wide Final Walk-Through:** Coordinate and conduct a final walk-through to verify completion of contract and all related items of work within 7 days of substantial completion. The final walk-through shall be extended to include relevant City Departments and Divisions.

    2. **Project-wide Punch List:** Develop punch list and verify completion and obtain final documentation and releases within 7 days of substantial completion.

    3. **Project-wide Record Drawing Review and Corrections:** Review record drawings prepared by the Design Engineer or contractor as-built marked up

drawings delivered for each site for correctness and consistency within 14 calendar days of substantial completion.

4. **Final Payment/Close-Out Change Order Review:** Review final payment and close out change orders within 7 days of substantial completion.
5. Permitting: Confirm that all permits are in place within 14 calendar days of substantial completion.

6. **Final Reporting:** Prepare final summary report in accordance with the City within 7 days of final completion.

7. **Documentation Turnover:** Turnover project files, contract, correspondence, and documentation within 14 calendar days of final completion.

8. **Project Warranty Coordination:** The CM shall review and update as needed the list of warranty items, warranty period, and warranty repair procedures, and turn over to the City's Project Manager.

9. **Final Demobilization:** Demobilize the CM staff and facilities in accordance with the agreed upon plan.

DIRECT EXPENSES

Use of outside consultants as well as copies, blueprints, survey stakes, monuments, computer plots, telephone, travel (out of area) and all similar charges directly connected with the work will be charged at cost plus fifteen percent (15%). Mileage will be charged at the current federal mileage reimbursement rate.

PREVAILING WAGE RATES

Rates shown with Prevailing Wage "(PW)" annotation are used for field work on projects subject to federal or state prevailing wage law and are subject to increases per DIR.

ANNUAL ESCALATION

Standard fee rates provided for each classification are subject to 5% annual escalation or the most recent US Bureau of Labor Statistics Consumer Price Index, whichever is higher.

OVERTIME

Overtime for non-exempt employees will be charged at 1.5 x hourly rate; overtime for exempt employees and other classifications will be charged at 1 x hourly rate.

Rev. 11/7/2025

EXHIBIT C

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and MNS Engineers, Inc.)

INSURANCE REQUIREMENTS

Prior to contract approval and beginning of services under this agreement, Consultant must procure, agree to maintain and supply evidence of insurance at the levels listed and in accordance with the other provisions listed in this document.

[See next pages]

Exhibit INS-A

INSURANCE REQUIREMENTS FOR CONSULTANTS
(WITH ERRORS AND OMISSIONS REQUIREMENT)

1. Consultant shall obtain and maintain during the performance of any services under this Agreement the following insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of services hereunder by Consultant, its agents, representatives, employees or subconsultants.

a. Commercial General Liability Insurance, including Contractual Liability, in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for general liability with coverage equivalent to Insurance Services Office Commercial General Liability Coverage (Occurrence Form CG 0001). If a general aggregate limit is used, that limit shall apply separately to the project or shall be twice the occurrence amount;

b. Business automobile liability insurance in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for automobile liability with coverage equivalent to Insurance Services Office automobile liability coverage (Occurrence Form CA0001) covering Code No. 1, "any auto;"

c. Professional liability/errors and omissions insurance appropriate to Consultant's profession to a minimum coverage of $1,000,000, with neither Consultant nor listed subconsultants having less than $500,000 individually. The professional liability/errors and omissions insurance must be project specific with at least a one year extended reporting period, or longer upon request.

d. Workers' compensation insurance in compliance with the laws of the State of California, and employer's liability insurance in an amount not less than $1,000,000 per claimant. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City.

2. Consultant shall, prior to performance of any services, file with the Risk Manager certificates of insurance with original endorsements effecting coverage required by this Exhibit INS-A. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be on the attached forms or on other forms approved by the Risk Manager. All certificates and endorsements are to be received and approved by the Risk Manager before commencement of services. City reserves the right to require complete certified copies of all required insurance policies at any time. The certificates of insurance and endorsements shall be sent via email. If you have not received your request or are having difficulty with electronic upload, contact insurance@oxnard.org

3. Consultant agrees that all insurance coverages shall be provided by a California admitted insurance carrier with an A.M. Best rating of A:VII or better and shall be endorsed to state that coverage may not be suspended, voided, canceled, or reduced in coverage or limits without 30 days' prior written notice to the Risk Manager. The Risk Manager shall not approve or accept any endorsement if the endorsement contains "best effort" modifiers or if the insurer is relieved from the responsibility to give such notice.

4. Consultant agrees that the commercial general liability and business automobile liability insurance policies shall be endorsed to name City, its City Council, officers, employees, agents and volunteers as additional insureds as respects: liability arising out of activities performed by or on behalf of Consultant; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, its City Council, officers, employees, agents and volunteers. **The General Liability Special Endorsement Form and Automobile Liability Special Endorsement Form attached to this Exhibit INS-A or substitute forms containing the same information and acceptable to the Risk Manager shall be used to provide the endorsements (ISO form CG 2010 11/85 or if not available, CG 2010 with an edition date prior to 01/04 and CG 2037).**

5. The coverages provided to City shall be primary and not contributing to or in excess of any existing City insurance or self-insurance coverages (**this must be endorsed**). Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its City Council, officers, employees and volunteers. The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

6. The insurer shall declare any deductibles or self-insured retentions to and be approved by the Risk Manager. At the option of the Risk Manager, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City, its City Council, officers, employees and volunteers, or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

7. All insurance standards applicable to Consultant shall also be applicable to Consultant's subconsultants. Consultant agrees to maintain appropriate agreements with subconsultants and to provide proper evidence of coverage upon receipt of a written request from the Risk Manager.

1/23

INSTRUCTION FOR SUBMITTING INSURANCE CERTIFICATES AND ENDORSEMENT FORMS

Certificates of Insurance

The sample accord form on the following page is provided to facilitate your preparation and submission of certificates of insurance. You may use this or any industry form that shows coverage as broad as that shown on the attached sample. **Please note the certificate holder address must be as shown on the attached sample accord form with the contract number and insurance exhibit identification information completed.** Improperly addressed certificates may delay the contract start-up date because the City's practice is to return unidentifiable insurance certificates to the insured for clarification as to the contract number. **Cancellation provisions must be endorsed to the policy. Modifying the certificate does not change coverage or obligate the carrier to provide notice of cancellation.**

Endorsement Forms

Original endorsements are required for commercial general liability and business automobile liability insurance policies and must be attached to the applicable certificate of insurance. City preference is that the Consultant/insurer use the endorsement forms which are attached. Substitute forms will be accepted, however, as long as they include provisions comparable to the sample accord form.

In consideration of the premium charged and notwithstanding any inconsistent statement in the policy to which this endorsement is attached or any endorsement now or hereafter attached thereto, insurance company agrees as follows:

1. **INSURED.** The City, its officers, agents, employees and volunteers are included as insureds with regard to liability and defense of suits arising from the operations, products and activities performed by or on behalf of the named insured.
2. **CONTRIBUTION NOT REQUIRED.** As respects: (a) work performed by the named insured for or on behalf of the City; or (b) products sold by the named insured to the City; or (c) premises leased by the named insured from the City, the insurance afforded by this policy shall be primary insurance as respects the City, its officers, agents, employees or volunteers; or stand in an unbroken chain of coverage excess of the named insured's scheduled underlying primary coverage. In either event, any other insurance maintained by the City, its officers, agents, employees or volunteers shall be in excess of this insurance and shall not contribute with it.
3. **SEVERABILITY OF INTEREST.** This insurance applies separately to each insured against whom claim is made or suit is brought except with respect to the company's limits of liability. The inclusion of any person or organization as an insured shall not affect any right which such person or organization would have as a claimant if not so included.
4. **CANCELLATION NOTICE.** With respect to the interests of the City, this insurance shall not be canceled, or materially reduced in coverage or limits except after thirty (30) days prior written notice by receipted delivery has been given to the City.
5. **PROVISIONS REGARDING THE INSURED'S DUTIES.** Any failure to comply with reporting provisions of the policy or breaches or violations of warranties shall not affect coverage provided to the City, its officers, agents, employees or volunteers.
6. **SCOPE OF COVERAGE.** This policy, if primary, affords coverage at least as broad as:
   a. Insurance Services Office Commercial General Liability Coverage, "occurrence" form CG0001; or
   b. If excess, affords coverage which is at least as broad as the primary insurance form CG0001.

Except as stated above nothing herein shall be held to waive, alter or extend any of the limits, conditions, agreements or exclusions of the policy to which this endorsement is attached.

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and MNS Engineers, Inc.)

[RESERVED]

EXHIBIT E

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and MNS Engineers, Inc.)

LIVING WAGE POLICY

Pursuant to the Living Wage Policy adopted July 9, 2002 by the City Council and effective October 1, 2002, the City Manager and City Attorney are directed to include the following language in all standard Consultant/Professional Services contracts that may be governed by the Living Wage Policy.

A. Consultant shall compensate any employee of Consultant who provides Services under this Agreement in accordance with the Living Wage Policy, attached hereto and incorporated herein by reference as the Living Wage Policy Exhibit. While this Agreement is in effect, Consultant shall pay such employee no less than $20.06 per hour for each hour that such employee provides Services under this Agreement. In addition, while this Agreement is in effect, Consultant shall provide to such employee no less than 96 hours of paid leave per calendar year.

B. Consultant agrees to post, at a location readily accessible to those employees providing Services to the City, a copy of the Living Wage Policy adopted by City Council on July 9, 2002 and effective October 1, 2002.

C. If Consultant fails to compensate such employee pursuant to the Living Wage Policy, the City Manager or designee shall terminate this Agreement on written notice to Consultant, effective immediately.

D. In addition, if Consultant fails to comply with the Living Wage Policy in any manner, Consultant shall pay to City a fine of $500 and shall pay to any employee providing Services under this Agreement a penalty of three times the amount or value of the compensation owed to such employee under the Living Wage Policy. Consultant shall pay such fine and penalty within fifteen (15) calendar days after the City Manager or designee provides written notice to Consultant of the amount owed.

CITY OF OXNARD LIVING WAGE REQUIREMENTS
EFFECTIVE JULY 1, 2025

Consultant shall compensate any employee of Consultant who provides Services under this Agreement in accordance with the Living Wage Policy, attached hereto and incorporated herein by reference as Exhibit E. While this Agreement is in effect, Consultant shall pay such employee no less than $20.06 per hour for each hour that such employee provides Services under this Agreement. This hourly rate shall be adjusted on July 1, 2026, and each July 1 thereafter, according to the percentage change in the Consumer Price Index, all items, prepared by the Bureau of Labor Statistics for the Los Angeles area relating to all urban consumers (CPI-U), index base 1982-84=100, comparing May of the previous year to May of the current year. In addition, while this Agreement is in effect, Consultant shall provide to such employee no less than 96 hours of paid leave per calendar year.

a. Consultant agrees to post, at a location readily accessible to those employees providing Services to the City, a copy of the Living Wage Policy adopted by the Oxnard City Council on July 9, 2002 and effective October 1, 2002.

b. If Consultant fails to compensate such employee pursuant to the Living Wage Policy, the City Manager or designee shall terminate this Agreement on written notice to Consultant, effective immediately.

c. In addition, if Consultant fails to comply with the Living Wage Policy in any manner, Consultant shall pay to City a fine of $500 and shall pay to any employee providing Services under this Agreement a penalty of three times the amount or value of the compensation owed to such employee under the Living Wage Policy. Consultant shall pay such fine and penalty within fifteen (15) calendar days after the City Manager or designee provides written notice to Consultant of the amount owed.

EXHIBIT F

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and MNS Engineers, Inc.)

PREVAILING WAGE

1. Consultant acknowledges that the Project defined in the Agreement between Consultant and City is a "public work" as defined in Division 2, Part 7, Chapter 1 of the California Labor Code ("Chapter 1"), and that this Agreement is subject to Chapter 1 and the rules and regulations established by the Director of Industrial Relations ("DIR") implementing such statutes. Consultant shall perform the Project as a public work. Consultant shall comply with and be bound by all the terms, rules and regulations described in Chapter 1 and the DIR's rules and regulations as though set forth in full herein.

2. Pursuant to Labor Code Section 1773.2, copies of the prevailing rate of per diem wages for each craft, classification, or type of worker needed to perform the Agreement are on file at City Hall and will be made available to any interested party on request. Consultant acknowledges receipt of a copy of the DIR determination of such prevailing rate of per diem wages, and Consultant shall post such rates at each job site covered by this Agreement.

3. Consultant is required to post job site notices, as prescribed by regulation. See Labor Code Section 1771.4(a)(2).

4. Consultant shall comply with and be bound by the provisions of Labor Code Sections 1774 and 1775 concerning the payment of prevailing rates of wages to workers and the penalties for failure to pay prevailing wages. Consultant shall, as a penalty to City, forfeit not more than $200 for each calendar day or portion thereof for each worker paid less than the DIR's determined prevailing rates for the work or craft in which the worker is employed pursuant to this Agreement by Consultant or any subcontractor. The Labor Commissioner shall determine the amount of the penalty as described in Section 1775.

5. Consultant shall comply with Labor Code Section 1776, which requires Consultant and each subcontractor to (1) keep accurate payroll records and verify such records in writing under penalty of perjury, (2) certify and make such payroll records available for inspection, and (3) inform City of the location of the records.

6. Consultant shall comply with Labor Code Sections 1777.5, 1777.6 and 1777.7 and California Administrative Code Title 8, Section 200 et seq. concerning the employment of apprentices on public works projects for all apprenticeable occupations. Before commencing work under this Agreement, Consultant shall provide City with a copy of the information submitted to any applicable apprenticeship program. Within 60

days after concluding the Project, Consultant and each of its subcontractors shall submit to City a verified statement of the journeyman and apprentice hours performed under this Agreement.

7. Consultant may not be debarred or suspended throughout the Agreement Term pursuant to Labor Code Section 1777.1 or 1777.7. If he, she or it becomes debarred or suspended in the Agreement Term, Consultant must immediately notify City.

8. Consultant is not qualified to bid on, be listed in a Bid proposal, or engage in the performance of any contract for public work, as defined in Labor Code Sections 1720 through 1861, unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5. Consultant shall continue without interruption to stay registered and qualified to perform public work pursuant to Section 1725.5 for the duration of the term of this Agreement. This provision does not apply to construction, alteration, demolition, installation or repair work of $25,000 or less or to maintenance work of $15,000 or less.

9. Consultant acknowledges that 8 hours labor constitutes a legal day's work. Consultant shall comply with and be bound by Labor Code Section 1810.

10. Consultant shall comply with and be bound by Labor Code Section 1813 concerning penalties for workers who work excess hours. Consultant shall, as a penalty to City, forfeit $25 for each worker employed in the performance of this Agreement by Consultant or by any subcontractor for each calendar day during which such worker is required or permitted to work more than 8 hours in any calendar day and 40 hours in any one calendar week in violation of the provisions of Division 2, Part 7, Chapter 1, Article 3 of the Labor Code. Pursuant to Labor Code Section 1815, work performed by Consultant's employees in excess of 8 hours per day and 40 hours per week shall be permitted upon public work upon compensation for all hours worked in excess of 8 hours per day at not less than 1 ½ times the basic rate of pay.

11. The Project listed in the Agreement is subject to compliance monitoring and enforcement by the DIR.

12. Consultant shall be responsible for each and every one of its subcontractors' compliance with Chapter 1, the DIR's rules and regulations, and Labor Code Sections 1860 and 3700. Consultant shall include in the written contract between it and each subcontractor a copy of, and a requirement that each subcontractor shall comply with, those statutory provisions. Consultant shall be required to take all actions necessary to enforce such contractual provisions and ensure subcontractors' compliance, including without limitation, conducting a periodic review of the certified payroll records of each subcontractor, and upon becoming aware of the failure of the subcontractor to pay its workers the specified prevailing rate of wages, Consultant shall diligently take corrective action to halt or rectify any failure.

13. To the maximum extent, Consultant shall hold harmless, defend (with counsel approved by the City Attorney) and indemnify City, its legislative bodies, and its officials, officers, employees and agents from any demand or claim for damages, compensation, fines, penalties or other amounts arising out of or incidental to any acts or omissions listed above by any person or entity (including Consultant, its subcontractors, and each of their officials, officers, employees and agents) in connection with any work undertaken or in connection with the Agreement, including without limitation the payment of all attorneys' fees and other related costs. All duties of Consultant under this Section shall survive Agreement termination.

ON-CALL PROFESSIONAL SERVICES AGREEMENT
BETWEEN
THE CITY OF OXNARD AND TURNER & TOWNSEND HEERY, LLC

By This On-Call Professional Services Agreement ("Agreement"), the City of Oxnard ("City") agrees to engage the Services of Turner & Townsend Heery, LLC ("Consultant"), and Consultant agrees to perform the Services for City as herein described, for the compensation, during the term, and otherwise subject to the covenants and conditions herein set forth. City and Consultant may be individually referred to as "Party" or collectively as the "Parties."

1. [INTENTIONALLY OMITTED]

2. SUMMARY DESCRIPTION OF SERVICES.

The Services to be performed pursuant to this agreement will be limited to the particular professional services that are identified in the Scope of Services, attached hereto as Exhibit A. Consultant has been prequalified to perform the particular services required by the City and the City shall issue Task Orders describing the particular project or services required by the City to the prequalified consultants and consultants shall submit a responsive proposal to the City's Project Manager.

Consultant is not to be the exclusive provider of services to the City. The City does not guarantee a specified amount of work under this on-call agreement.

3. PARTIES.

City of Oxnard, a general law and municipal corporation of the State of California, located at 300 West Third Street, Oxnard California 93030.

Turner & Townsend Heery, LLC, a LLC of the State of California, located at 3550 Lenox Road, NE, Suite 2300, Atlanta, GA 30326

4. TERM OF AGREEMENT: From: July 1, 2026 To: June 30, 2029

A. Time is of the essence in this Agreement
B. The City shall have the option to exercise two (2) consecutive one-year (1) term extensions, in accordance with the scope of work and terms and conditions of this Agreement. Any price negotiations, if allowed, shall be negotiated at the time of contract extension.

C. This Agreement shall not exceed a total of five (5) years (including the initial term and any options to extend). The City in its sole discretion may exercise the option terms upon sixty (60) days written notice to the Consultant (or any other time if the parties so agree) in accordance with Section 12 of this Agreement. The option term shall be commenced by an amendment to this agreement.
D. All Services required of Consultant under this Agreement shall be completed on or before the end of the term of the Agreement.

5. AGREEMENT AMOUNT NOT TO EXCEED: $500,000.00.[1]

6. AGREEMENT EXHIBITS. The following documents memorialized below are the only exhibits to this Agreement and are incorporated by reference as though fully set forth herein. In the event of a conflict between the Exhibits and this Agreement, the Agreement controls.

Exhibit A: Scope of Services and Task Order Template
Exhibit B: Schedule of Compensation
Exhibit C: Insurance Requirements: City Insurance Exhibit INS-A
Exhibit D: [RESERVED]
Exhibit E: Living Wage Policy
Exhibit F: Prevailing Wage Policy

7. DESIGNATED REPRESENTATIVES. The Designated Representatives listed below shall be authorized to act on behalf of the named Party, be responsible for negotiations and contractual matters, and coordinate with each other to perform the Services under this Agreement. Additionally, Consultant's Services shall be performed or immediately supervised by the Consultant's Representative:

City Designated Representative	Consultant Designated Representative
Name: Abe Anbessaw Title: Engineer Division Manager Phone: 805-385-7675 Email: abebaw.anbessaw@oxnard.org Address: 305 West Third Street, Third Floor, Oxnard, CA 93030	Name: Alberto Vela Title: Vice President Phone: 619-508-2744 Email: alberto.vela@turntown.com Address: 3550 Lenox Road, NE, Suite 2300, Atlanta, GA 30326

[1] This is not a guaranteed dollar amount. No services or work performed pursuant to a Task Order shall exceed the "Not to Exceed" Amount of the Contract or the agreed upon amount stated in the Task Order.

8. **CONTRACTUAL PREREQUISITIES.** This Agreement must first be executed by the Consultant, after which the Agreement shall be approved as to form by the City Attorney, then executed by the Mayor, or an authorized person on behalf of the City, and if executed by the Mayor shall also be executed by the City Clerk.

    A. Consultant is advised that any recommendation for Agreement award is not binding on City until the Agreement is fully executed and approved by the City.
    B. All proof of a City tax certificate, insurance, and W-9 forms is required prior to execution of this Agreement.
    C. Consultant shall not perform any work under this Agreement until a proof of insurance has been provided to the City as required under Section 24 of this Agreement.

9. **CONSULTANT'S SERVICES.**

    A. Consultant shall perform only the type or category of services as set forth in the "Scope of Services," and pursuant to the information contained in the Task Orders issued pursuant to this agreement.
    B. Task Orders may only be modified in writing by the City's Project Manager or Designated Representative.
    C. The Services issued pursuant to a Task Order shall be coordinated with the designated City Project Manager set forth in Exhibit A and are subject to the direction of the City Manager or Department Director. Consultant hereby designates as its Project Manager, the individual identified in Section 7 of this Agreement, as the person responsible for the Services who shall coordinate with City's Project Manager in executing the Scope of Services and Task Order(s) under this Agreement.
    D. Under no circumstances shall the Consultant exceed the amount stated in the City's Task Order or perform additional work or services that are not included in the Task Order

10. **COMPENSATION.** City shall pay Consultant for the Services performed pursuant to the terms of this Agreement and based on the hourly rates and fees set forth in the "Schedule of Compensation," attached to and incorporated into this Agreement as "Exhibit B." Consultant's compensation shall not to exceed amount stated in the Task Order. Under no circumstances shall the Consultant perform work in excess of the amount stated in the Task Order or the not to exceed amount listed in Section 5 of this Agreement. Once this Agreement is executed, the Schedule of Compensation

may only be modified by written Amendment pursuant to Section 13 of this Agreement, and may be subject to approval by the City Council.

A. The maximum not to exceed amount for any individual Task Order issued pursuant to this Agreement shall be $100,000.00 per Task Order.

B. Unless stated otherwise elsewhere in this document, prices shall be firm for the duration of this agreement. No price increases will be permitted during the first year of this Agreement. All price decreases (for example, if Vendor/Contractor offers lower prices to another governmental entity) will automatically be extended to the City. The City requires written proof satisfactory to the City, upon the City's acceptance, of cost increases prior to any approved price adjustment. After the first year of the award, a minimum of 60-days advance notice in writing is required to be considered and approved by the City. No retroactive price adjustments will be considered. For Contracts, any price increases must be stated in a written amendment. The net dollar amount of profit will remain firm during the period of the Agreement. Annual increases shall not exceed the Consumer Price Index- All Consumers, All Items, less food and energy – Los Angeles and be subject to satisfactory performance review by the City and approved (if needed) for budget funding by City Council.

11. PAYMENT and INVOICES. The City shall pay all undisputed portions of any applicable invoice within thirty (30) days after receipt of an invoice. In the event the City disputes one or more items in an invoice, the City shall, within thirty (30) days after receipt of such invoice, notify the Consultant of the item(s) being disputed and the reason(s) therefore. The City may withhold payment for such disputed items until resolution of the dispute.

A. **Payment Request.** Consultant shall submit a payment request to CITY by the end of each calendar month listing the Services provided, costs of those Services, and total amount due for the month. Invoices may be emailed to: **pwengineeringAP@oxnard.org .**

B. Consultant's acceptance of final payment made pursuant to this Agreement shall constitute a release of City from all claims and liabilities for compensation to Consultant for anything completed, finished or relating to the Services. City's payment shall not constitute nor be deemed a release of the responsibility and liability of Consultant for the

accuracy and competency of the information provided and/or the Services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Consultant and its employees, agents and subcontracted Consultants.

C. Consultant shall provide City with a completed Request for Taxpayer Identification Number and Certification, as issued by the Internal Revenue Service. If any sales tax is due for the Services performed by Consultant or materials or products provided to City by Consultant, Consultant shall pay the sales tax. City shall not reimburse Consultant for sales taxes paid by Consultant.

D. **Non-Appropriation of Funds.** Payments to be made to Consultant by City for the Services performed within the current fiscal year are within the current fiscal budget and within an available, unexhausted and unencumbered appropriation of City. In the event City does not appropriate sufficient funds for payment of the Services beyond the current fiscal year, this Agreement shall cover payment for the Services only up to the conclusion of the last fiscal year in which City appropriated sufficient funds and shall automatically terminate at that fiscal year's conclusion.

12. OPTION TO EXTEND AGREEMENT. When in the City's best interest, this Agreement may only be extended, if the City, in its discretion, exercises an option term in accordance with Section 4 subparagraphs (B) and (C) of this Agreement. The initial term, plus any option to extend shall not exceed a total of five (5) years. **If no option to extend the Agreement appears in section 4(B), then this Agreement shall not be extended.**

13. MODIFICATION OF AGREEMENT. This Agreement may be amended, modified, or otherwise altered, or its provisions waived, only upon mutual consent of the Parties by written amendment. The City may request that the Consultant perform Extra Services. As used herein, "Extra Services" means any services, which are determined by the City to be necessary for the proper completion of the project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement or any Task Order issued under this Agreement. A written amendment signed by both Parties shall be required to authorize performance of and payment for Extra Services under this Agreement or Task Order.

14. TERMINATION OF AGREEMENT. City may terminate this Agreement at any time, with or without cause and without penalty, upon fifteen (15) calendar days' prior written notice pursuant to Section 22 of this Agreement. Such termination shall be effective on the date specified in the notice, or if no date is specified, then fifteen (15) calendar days from the date of the notice. City shall be liable to Consultant only for work done by Consultant up to and including the date of termination of this Agreement unless the termination is for cause, in which event Consultant need be compensated only to the extent required by law. Consultant may terminate this Agreement at any time during the term of the Agreement by giving the City sixty (60) calendar days' prior written notice.

15. [RESERVED]

16. INDEPENDENT CONTRACTOR. Consultant is and shall at all times remain, as to City, a wholly independent contractor. Neither City nor any of its employees or agents shall have control over the conduct of Consultant or any of its employees, except as stated in this Agreement. Consultant has and shall retain the right to exercise full control over the employment, direction, means of performance, location, compensation and discharge of all persons assisting Consultant. This Agreement shall not be interpreted to prevent or preclude Consultant from rendering any Services for Consultant's own account or to any other person or entity as Consultant in its sole discretion shall determine; provided, however, that performing such Services shall not materially interfere with the Services the Consultant shall perform for the City. The City retains the right to provide general instructions to and observe the Consultant in the performance of all Services done on behalf of the City.

Consultant and its employees, subconsultants, and agents have no authority, express or implied, to act on behalf of City in any capacity, to incur any debt, obligation or liability on behalf of City, bind City in any manner, or otherwise act on behalf of City as an agent. Consultant T and its employees are not employees of City. Consultant and its employees are not entitled to receive from City any of the benefits or rights afforded employees of City, including but not limited to reserve leave, sick leave, vacation leave, holiday leave, compensatory leave, Public Employees Retirement System benefits, and health, life, dental, long-term disability and workers' compensation insurance benefits. Consultant shall not, at any time or in any manner, represent that it or any of its agents, subconsultants, or employees are in any manner agents, subconsultants, or employees of City.

17. **LAWFUL PERFORMANCE.** Consultant shall abide by all federal, state, and local laws and regulations as may be related to the performance of duties under this Agreement. Consultant, at its sole expense, shall obtain and maintain during the term of this Agreement, all appropriate permits, licenses, and certificates that may be required in connection with the performance of Services under this Agreement.

18. **SAFETY REQUIREMENTS.** Consultant shall not perform any Services for the City when the Consultant is impaired by alcohol or a controlled substance. When there is reasonable cause to believe that any person has violated this provision, that person shall be immediately removed from the premises and be subject to any applicable civil and/or criminal penalties under the City's Code and/or under state law. All work performed under this Agreement shall be performed in such a manner as to provide safety to the public. The City reserves the right to issue restraining or cease and desist orders to Consultant when unsafe or harmful acts are observed or reported relative to the performance of the work under this Agreement. The acceptance of Consultant 's work by City shall not operate as a release of the Consultant from such standard of care and workmanship.

19. **STANDARD OF PERFORMANCE; WARRANTY.** Consultant agrees to perform all Services required by this Agreement in a professional and competent manner, in accordance with the degree of skill and diligence which is normally employed by reputable professionals performing similar Services under similar conditions in the same or similar locality. Such Services shall also be performed in a manner which is reasonably satisfactory to City Project Manager, or designee (hereinafter the "Project Manager"), provided that discretion in determining what is satisfactory shall not alter the foregoing standard of care.

    A. In accordance with the standard of care set forth in the first sentence of Section 19, the Consultant agrees that it:
    (1) Has thoroughly reviewed and considered the services and work to be performed; and
    (2) Has reviewed the issues regarding the Scope of Services and Task Orders to be provided; and
    (3) Has carefully considered how the services and related work should be performed; and
    (4) Fully understands the facilities, difficulties and restrictions associated with performance of the services required by this Agreement.

20. OWNERSHIP OF CONSULTANT'S WORK PRODUCT, CONFIDENTIALITY & DISCLOSURE, RECORDS & WARRANTY. City shall be the owner of any and all technical documents and records, including, computations, plans, correspondence, and/or other pertinent data and information, both hard copy and electronic, gathered or prepared by Consultant in performance of this Agreement and shall be entitled to immediate possession of the same upon completion of the work under this Agreement, or at any earlier or later time when the same may be requested by City.

A. Ownership of Documents. Every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the Consultant pursuant to or in connection with this Agreement shall be the exclusive property of the City.

B. Deliverables. Consultant shall deliver to the City the studies, plans, specifications, or other documents as are identified in the Scope of Services or Task Order; and Consultant shall, upon completion of all work or termination of this Agreement, submit to the City all information developed in the course of the Consultant 's services. Consultant shall, in such time and in such form as the City may require, furnish reports concerning the status of Services required under this Agreement. Consultant shall, upon request by City and upon completion or termination of this Agreement, deliver to the City all material furnished to Consultant by the City.

C. Records and Inspections**.** The Consultant shall maintain full and accurate records, with respect to all Services and matters covered under this Agreement. Books and records pertaining to costs shall be kept and prepared in accordance with generally accepted accounting principles. The City shall have free access at all reasonable times to such records, both hard copy and electronic, and the right to examine and audit the same and to make transcripts therefrom, and to inspect all program data, documents, proceedings, and activities.

D. Confidentiality. Information that is exempt from disclosure to the public is confidential. This includes information relating to the past, present, or future affairs of the City or information belonging to a third party whose information is in the City's possession or control under obligations of confidentiality. Consultant may be granted access to information that is exempt from disclosure to the public (Government Code Section 7920.505) and may contain "trade secrets" (see Government Code Section 7924.510(f)) when it is necessary for Consultant to perform its obligations pursuant to this Agreement. If Consultant is granted such

access to confidential information, Consultant shall not be considered to be a member of the public as that term is used in Government Code Section 7920.515.

E. Disclosure of Information. Consultant shall not disclose, publish, or authorize others to disclose or publish, design data, drawings, specifications, reports, or other information pertaining to the projects assigned to Consultant by the City or other information to which the Consultant has had access during the term of this Agreement without the prior written approval of the City's Designated Representative during the term of this Agreement and for a period of two (2) years after the termination of this Agreement.

F. No Warranty. Other than an obligation upon the City to deal in good faith, the City makes no warranties and shall bear no liability or responsibility for errors or omissions in any Confidential Information disclosed under this Agreement or for any business decisions made by Consultant in reliance on any Confidential Information disclosed under this Agreement.

21. NOTICE OF BREACH AND OPPORTUNITY TO CURE. Neither Party will be in breach of this Agreement where the breach is capable of being cured, or until written notice of the breach is received from the non-breaching Party. The Party charged with breach will have fifteen (15) calendar days from the date of receiving such notice in which to cure the breach or otherwise respond. If the circumstances leading to the charge that the Agreement was breached have not been cured or explained to the satisfaction of the other Party within fifteen (15) days from the date on which the breaching Party received notice of breach, the non-breaching Party may terminate this Agreement. Notice shall be given in the manner set forth in section 22.

22. NOTICE. All notices given or required to be given pursuant to this Agreement shall be in writing and may be given by personal delivery or by first-class mail. Notice sent by mail shall be addressed to each Party's Designated Representative as set forth above in Section 7. When addressed in accordance with this Section, such notice shall be deemed given upon deposit in the United States mail, postage prepaid. In all other instances, notices shall be deemed given at the time of actual delivery. Changes may be made in the names or addresses of persons to whom notices are to be given by giving notice in the manner prescribed in this Section.

23. INDEMNIFICATION, HOLD HARMLESS & DEFENSE. Except as set forth in Subsection A of this Section 23, and to the fullest extent permitted by law, Consultant shall immediately defend, indemnify, and hold harmless the City, its officers, employees, representatives, and agents (the "City Indemnitees"), from and against those actions, suits, proceedings, claims, demands, losses, costs, and expenses, including legal costs and reasonable attorneys' fees, for any personal injuries, deaths, or property damage, including property owned by the City (collectively "Claims") which may arise out of Consultant's negligence or willful misconduct in the performance of the services described in this Agreement, unless such Claims are proven to be caused by the negligence or willful misconduct of the City Indemnitees.

A. The provisions of this Subsection apply only in the event that Consultant is a design professional within the meaning of California Civil Code section 2782.8 ("Design Professional"). The term Design Professional, as defined in said section, is limited to licensed architects, licensed landscape architects, registered professional engineers, professional land surveyors, and the business entities that offer such services in accordance with the applicable provisions of the California Business and Professions Code.

   (1) Notwithstanding the provisions of Section 23 above, to the extent that the services to be provided under this Agreement are those of a Design Professional, Consultant's duty to indemnify, hold harmless, and defend the City Indemnitees shall be limited to the extent that any Claims arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, its officers, agents, employees or subconsultants in the performance of the services described in this Agreement.

   (2) In no event shall the costs of defense charged to Consultant exceed the Consultant's proportionate percentage of fault, except as otherwise set forth in said Civil Code section 2782.8, the provisions of which are incorporated into this Agreement by this reference. Nothing in this Subsection b shall be construed to require Consultant to provide indemnification for Claims caused by the active negligence or willful misconduct of the City Indemnitees

B. The City does not and shall not waive any rights that it may have against Consultant under this Section, because of the acceptance by the City, or the deposit with the City, of any insurance policy or certificate required pursuant to this Agreement. The hold harmless and indemnification

provisions of this Section 23 shall apply regardless of whether said insurance policies are determined to be applicable to the claim, demand, damage, liability, loss, cost, or expense described herein.

C. The obligation to indemnify and defend, as set forth in this Section 23, is binding on the successors, assigns, or heirs of Consultant and shall survive the expiration or any early termination of this Agreement.

24. INSURANCE. Consultant shall obtain and maintain during the performance of any Services under this Agreement the insurance coverages listed within "Exhibit C", which is attached hereto and incorporated herein by this reference, unless the Risk Manager waives, in writing, the requirement that Consultant obtain and maintain such insurance coverages. Such insurance must be issued by a company satisfactory to the Risk Manager. Consultant shall, before performance of any Services pursuant to this Agreement, file with the Risk Manager evidence of insurance coverage as specified in "Exhibit C". Maintenance of insurance coverages by Consultant is a material element of this Agreement. Consultant's failure to maintain or renew insurance coverages or to provide renewal evidence shall be considered a material breach of this Agreement.

25. LIVING WAGE REQUIREMENTS. During the term of this Agreement, Consultant understands and agrees that if Living Wages are applicable, subject to the 2002 Oxnard City Council Living Wage Policy, attached as "Exhibit E" to this Agreement, Consultant will pay and/or provide the wages and/or benefits required therein to all of its employees engaged in whole or in part in performing the Services provided for by this Agreement. The Living Wage is updated on July 1 of each year, and the duty to pay the correct wage is the responsibility of the Consultant.

26. PREVAILING WAGE REQUIREMENTS. The payment of State prevailing wages as designated for Ventura County shall apply to public works projects. However, this section shall not apply to work performed on a public works project of twenty-five thousand dollars ($25,000) or less when the project is for construction, alteration, demolition, installation, or repair work; or to work performed on a public works project of fifteen thousand dollars ($15,000) or less when the project is for maintenance work. Prevailing wages are required to be paid to all workers, including subcontracted employees. For further information regarding Prevailing Wage Requirements please refer to Exhibit "F" attached to this Agreement.

A. To determine if this Agreement is subject to compliance monitoring and enforcement, go to:

https://www.dir.ca.gov/Public-Works/PublicWorksSB854FAQ.html

B. It is unlawful to split, or separate into small portions, work orders, projects, purchases, or public works projects for the purpose of evading these prevailing wage requirements.

C. In the event that there is a difference between the amount of wages to be paid under the City of Oxnard's local Living Wage requirements and the requirements of this provision, the wage rate that is the higher of the two shall be applicable to this Agreement. The duty to pay the correct wage is the responsibility of the Consultant.

27. [RESERVED]

28. SUBCONTRACTING. If Consultant requires the assistance of a subcontractor to render any Services under this Agreement, Consultant shall obtain prior written consent from the City before a subcontractor performs any service pursuant to this Agreement. All subcontractors shall be identified in the Scope of Work or Task Order attached to this Agreement as "Exhibit A". Consultant is fully responsible for satisfactory completion of all its subcontractors' work. All subcontractors shall be properly licensed and insured; and bonded, if applicable. Consultant shall be responsible for all liabilities regardless of nature, type, or cause, arising out of or resulting from or in connection with subcontractors performance pursuant to this Agreement or subcontractors failure to comply with any of its obligations in connection with this Agreement.

29. CONFLICT OF INTEREST. Consultant covenants that it does not have any interest, nor shall it acquire any interest, directly or indirectly, which would conflict in any manner with the performance of Consultant's Services under this Agreement. Consultant further covenants that in the performance of Services under this Agreement, no officer, employee or agent of Consultant having such interest shall be employed by it. In the event the City determines that Consultant must disclose its financial interests by completing and filing a Fair Political Practices Commission Form 700, Statement of Economic Interests, Consultant shall file such Form 700 with the City Clerk's Office pursuant to the written instructions provided by the City Clerk. Acquisition or maintenance of a conflicting interest by Consultant may result in termination of this Agreement by the City.

30. DISPUTES. Except as otherwise provided in these provisions, any dispute concerning a question of fact arising under this Agreement, shall be decided by the City's Designated Representative, who shall reduce this decision to writing and mail

a copy to the Consultant. The decision of the City's Designated Representative shall be final and conclusive unless Consultant requests mediation within ten (10) calendar days. Pending final decision of a dispute, the Consultant shall proceed diligently with the performance of the Agreement and in accordance with the decision of the City's Designated Representative.

31. DISPUTE RESOLUTION. Should an unresolved dispute arise out of this Agreement, any Party may request that it be submitted to mediation. The Parties shall meet in mediation within a reasonable time not to exceed forty five (45) days of a request. The mediator shall be agreed to by the mediating Parties. In the absence of an Agreement on a mediator, the Parties shall each submit one name from mediators listed by the American Arbitration Association, the California State Board of Mediation and Conciliation, or other agreed-upon service. The mediator shall be selected by a "blindfold" process. The cost of mediation shall be borne equally by both Parties. Neither Party shall be deemed the prevailing Party. No Party shall be permitted to file a legal action without first meeting in mediation and making a good faith attempt to reach a mediated settlement. The mediation process, once commenced by a meeting with the mediator, shall last until Agreement is reached by the Parties but not more than sixty (60) calendar days, unless the maximum time is extended in writing by both Parties.

32. ASSIGNMENT. This Agreement is for the professional Services of Consultant. Any attempt by Consultant to assign the benefits or burdens of this Agreement without the prior written approval of City shall be prohibited and shall be null and void. Consultant's Services pursuant to this Agreement shall be provided by the Consultant's Designated Representative or directly under his/her supervision, and Consultant shall not assign another to supervise the Consultant 's performance of this Agreement without the prior written approval of City, by and through the City's Designated Representative.

33. CARE OF WORK. Should Consultant discover any latent or unknown conditions materially differing from those inherent in the Services or as represented by the City, Consultant shall immediately inform the City of such fact and shall not provide any Services, except at Consultant's risk, until written instructions are received from the Project Manager.

34. REPORTS. Upon request by the Project Manager or as otherwise required by this Agreement, including but not limited to, the Scope of Services or Task Orders set

forth in Exhibit “A”, Consultant shall prepare and submit reports to the City concerning Consultant's performance of the Services required by this Agreement.

35. AUDIT. City shall have the option of inspecting, auditing and/or reproducing all records and other written materials used by Consultant in preparing its billings to City as a condition precedent to any payment to Consultant, or for other purposes relating to the Agreement. Consultant will promptly furnish all documents requested by City. Additionally, if this Agreement is in excess of $10,000, the State Auditor may examine and audit Consultant for a period of 3 years after final payment under the Agreement. Regardless of whether a State audit is permitted, Consultant shall maintain and preserve all such records for a period of at least 3 years after final payment under the Agreement or until an audit has been completed and accepted by City, whichever occurs later. Consultant shall maintain all such records in City or to promptly reimburse City for all reasonable costs incurred in conducting the audit at a location other than in City, including but not limited to expenses for personnel, salaries, private auditor, travel, lodging, meals and overhead. Consultant shall include a copy of this Section in all contracts with its subcontractors, and Consultant shall be responsible for immediately obtaining those records or other written material from its subcontractors upon a request by the State Auditor and/or City.

36. ADVERTISING AND PUBLICITY. Consultant shall not use the name of or refer to City directly or indirectly in any advertisement, news release, or professional or trade publication without prior written approval from the City Manager. This Section shall survive the termination of this Agreement.

37. NONDISCRIMINATORY EMPLOYMENT. Consultant shall not unlawfully discriminate against any individual based on race, color, religion or religious creed, national origin, ancestry, ethnic group identification, primary language, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, sex, sexual orientation, age, immigration status, citizenship or military and veteran status. Consultant understands and agrees that it is bound by and will comply with all legal nondiscrimination mandates. For every subcontractor who will perform Services, Consultant shall be responsible for such subcontractor’s compliance with this Section.

38. COVENANTS AND CONDITIONS. Each term and each provision of this Agreement to be performed by Consultant shall be construed to be both a covenant and a condition.

39. WAIVER. City's review or acceptance of, or payment for, work product prepared by Consultant under this Agreement will not be construed to operate as a waiver of any rights City may have under this Agreement or of any cause of action arising from Consultant's performance. A waiver by City of any breach of any term, covenant, or condition contained in this Agreement will not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant, or condition contained in this Agreement, whether of the same or different character.

40. FORCE MAJEURE. Neither the Consultant nor the City shall be responsible for any delay caused by any contingency beyond their control, including, but not limited to, war or insurrection, walkouts by the Party's own employees, fires, natural calamities, riots, or demands or requirements of governmental agencies other than the City.

41. GOVERNING LAW. The terms of this Agreement shall be interpreted according to the laws of the State of California. Should litigation occur, venue shall be in the Superior Court of California, County of Ventura.

42. SEVERABILITY. If any portion of this Agreement is declared by a court of competent jurisdiction to be invalid or unenforceable, then such portion will be deemed modified to the extent necessary in the opinion of the court to render such portion enforceable and, as so modified, such portion and the balance of this Agreement will continue in full force and effect and be enforceable.

43. INTEGRATED AGREEMENT. This Agreement and the attached exhibits referenced herein to this Agreement represent the entire understanding between the Parties. No verbal Agreement or implied covenant shall be held to vary the provisions of this Agreement. This Agreement shall bind and inure to the benefit of the Parties to this Agreement and any subsequent successors and assigns.

44. NO THIRD-PARTY BENEFICIARY. This Agreement shall not be construed to be an Agreement for the benefit of any third-party or parties, and no third party or parties shall have any claim or right of action under this Agreement.

45. AUTHORITY TO EXECUTE. Each Party hereto expressly warrants and represents that the signatories to this Agreement have the authority to execute this Agreement on behalf of its corporation, partnership, business entity, or governmental entity, and warrants and represents that the signatories have the authority to bind each Party to the performance of its obligations hereunder.

46. EXECUTION – COUNTERPARTS. This Agreement may be executed in any number of counterparts and each such duplicate counterpart shall constitute an original, but they shall not be effective nor enforceable unless and until it is executed with the handwritten signature or electronic signature of an authorized representative of each of the relevant Parties. No counterpart shall be deemed to be an original or presumed delivered unless and until the counterpart executed by the other Party to this Agreement is in the physical possession of the Party seeking enforcement thereof.

47. INCONSISTENT OR CONFLICTING TERMS. In the event of any contradictions or inconsistencies between any attached documents or exhibits incorporated by reference herein and the provisions of the Agreement itself, the terms of the Agreement shall control. Any exhibit that is attached and incorporated by reference shall be limited to the purposes for which it is attached, as specified in this Agreement. Any contractual terms or conditions contained in such exhibit imposing additional obligations on the City are not binding upon the City and City's Designated Representative unless specifically agreed to in writing, and initiated by City's Designated Representative, as to each additional contractual term or condition.

48. CAPTIONS AND HEADINGS. The captions and headings contained in this Agreement are provided for identification purposes only and shall not be interpreted to limit or define the content, scope, or intent of the provisions described under the respective caption or heading.

49. ACKNOWLEDGEMENT. By signing below, Consultant acknowledges that it has reviewed the City's Professional Services Agreement terms and conditions and insurance requirements and that Consultant hereby agrees to full compliance.

[Signatures on next page]

IN WITNESS WHEREOF, the Parties have entered into this Agreement effective on the date as written in Section 4 and upon signature of all Parties.

EXHIBIT A

PROFESSIONAL SERVICE AGREEMENT
(CITY of Oxnard and Turner & Townsend Heery, LLC)

SCOPE OF SERVICES

PROJECT MANAGER: Abe Anebessaw

General Specifications

The awarded Consultant(s) under this agreement shall provide construction management and inspection support for the City's capital and other projects, as assigned. Specific services shall include, but not be limited to, providing Construction Management / Inspection Services for projects involving public buildings, housing, public works infrastructure, public parks, and such other facilities as may be required. Each individual project assigned by the City of Oxnard (City) will be composed of task orders. The task order proposal shall identify a concise schedule for completion of the task order (Task.) It is the Consultant's responsibility to determine the best and most cost-effective method to complete the Work so that the assigned task order can be completed to the satisfaction of the City. Task orders shall be negotiated as a lump sum amount per term based upon the hourly rate fee schedule as agreed to by the City and Consultant for all services and under the agreement amount. Task order funds will be encumbered based on the quote provided to the City by Consultant per task order. This Scope of Work will allow for additional professional services offered by the Consultant and the services noted below shall not be restricted to those directly stated.

Construction Management/Inspection services shall comply and be consistent with the industry standards and practices, to the full extent any provisions thereof relate or have applicability to such Projects.

The Scope of Work for Construction Management and Inspection Services shall include, but not be limited to the following:

Task 1- Management with City Staff

- **Project Management:** The Construction Manager (CM) shall coordinate all work efforts of the project team including representatives from the City, and shall facilitate regular Project progress meetings and provide regular updates on the Project status and budget. The CM shall become familiar with City processes, procedures, and objectives to provide services and assistance as directed by City staff. The CM shall work under the direction of the City Project Manager,

develop and maintain open lines of communications and cooperation between City staff, CM staff, contractors, and the public.

- **Project Kick-off Meeting:** At the commencement of the Project, the CM shall facilitate a "kick-off" meeting with the City to discuss the scope and parameters of the Project. The CM shall prepare and distribute a draft agenda in advance of the meeting for review and comment by the Project Manager. Specific Project goals will be identified and a strategy to accomplish these goals will be developed during the kick-off meeting. The CM shall prepare and distribute meeting minutes within two (2) working days of the meeting.

- **Progress Meetings:** The CM shall conduct bi-weekly progress meetings with the City for the duration of the project, and more frequently if individual situations warrant. The CM shall prepare an agenda that will include topics such as safety, RFI, submittals, change order, schedule, and construction progress. The CM shall be responsible for preparing and distributing meeting minutes from each meeting. Meeting minutes shall be in a format acceptable to the City's Project Manager and shall be distributed within two (2) working days of the project meeting. Project progress meetings will be held at the Public Works Conference rooms and project sites. At least monthly, the CM will present a summary of the monthly progress reports and discuss outstanding or upcoming project issues with the City.

- **CM Plan:** The CM shall prepare a CM Plan utilizing the final conformed contract documents, and shall include the following elements:

    1. Organization Chart
    2. CM coordination with City team and description of duties and responsibilities
    3. Safety compliance
    4. Claims avoidance strategy
    5. Special inspection requirements
    6. Inspection procedures
    7. List of all tests required for project
    8. Materials testing location
    9. Document management system
    10. Physical office location
    11. Project close out process

- **CM Staffing:** The CM shall provide appropriate staffing to accommodate the needs of the project.

Task 2- Construction Administration

The CM shall provide a Resident Engineer (RE) to provide construction administration and direct contractor activities whenever the contractor is working onsite. If the RE meets the certification requirements for the specialty inspectors, the RE may perform inspections, provided that the specialty inspections do not interfere with the primary resident engineering tasks. The RE shall be certified by the International Code Council (ICC) for any inspections they perform. For budgetary purposes, the CM shall assume that the RE shall be dedicated full time for the duration of the project. The Construction Administration tasks are described below.

- **Contract Administration:** The CM shall have the responsibility for the daily management of the construction project. The CM shall provide and coordinate construction management services of the following activities:

    1. **Administration:** The CM shall administer construction contracts and provide technical Construction Management support to City staff to facilitate completion of projects.

    2. **Contractor Communication:** The CM shall provide effective written and oral communication to the contractor and other stakeholders in the administration of the contract. The CM shall provide for timely, thorough, clear, effective and responsible communications to Requests for Information (RFI's), Requests for Change (RFC's), Requests for Proposal (RFP's), submittals, and other miscellaneous correspondence. CM shall receive, log, and track requests for information. CM shall provide a technical review of RFI's to determine if the issue is addressed adequately. CM shall respond where the RFI can be addressed in the Contract Documents. If the contract documents are not clear, the CM shall forward RFI’s to the Design CM. RFIs responded by the designer shall be tracked for a timely response. CM shall develop a project directory of key consulting and contractor personnel working on the project.

    3. **Quality Assurance:** The CM shall verify and manage the Contractor’s Quality Control Plan.

    4. **Substitution Requests:** The CM shall evaluate requests for material and equipment substitutions and changes based on compliance with contract specifications and taking into account the impacts to cost and schedule. Based upon the CMs evaluation of the request for substitutions, the CM shall inform the PM and Engineer of Record of the substitution request and request an evaluation and decision of the merits of the substitution.

    5. **Resource Loading:** The CM shall monitor the contractor's resource loading and advise on corrective actions needed to maintain schedule.
    6. **Submittal Review/Logging:** The CM shall receive, respond, log, and track submittals. If the contract documents are not clear, the CM shall forward

submittals to the Engineer of Record. Submittals responded by the designer shall be tracked for a timely response.

7. **Project Meetings:** The CM shall conduct weekly job site construction meetings involving the project team and maintain action items, minutes of said meetings and compliance with the contract provisions. Maintain and distribute meeting minutes within two (2) working days.

- **Safety and Security Monitoring:** The Contractor is responsible for enforcing its safety program on its employees and subcontractors' employees. It is the CM's responsibility to monitor, enforce safety, and promote a safe overall environment for all workers and visitors to the project site. Safety shall comply with all Federal, State and locally accepted safety regulations and measures including:

    1. **Safety:** The CM shall be responsible for providing all necessary personal protective equipment (PPE) including hard hats, vests, footwear, lights and other safety equipment for the CM Team. The CM shall prepare a safety plan for the CM team.

    2. **Job Site Security Verification:** Routinely check job site security and measures taken to protect the public from hazards.

    3. **Emergency Response Plan Review:** Review Contractor's emergency response plans. CM shall ensure that Contractor complies with State and Federal requirements but shall not be responsible for defining Contractor's safety programs. CM shall notify the Contractor of potential unsafe working conditions.

- **Environmental Monitoring:** The CM shall review and enforce requirements stipulated in permits issued by regulatory agencies and the environmental documents as shown or referenced in the contract documents.

- **Controls and Scheduling:** CM shall provide comprehensive project scheduling and control expertise as follows:

    1. **Baseline Schedule Review:** CM shall review and comment on contractor’s baseline and project schedule critical path, and logic review. CM shall ensure that schedule meets all requirements of the contract.

    2. **Progress Schedule Review:** CM shall review and monitor contractor's schedule monthly to monitor project progress and detect early delays. Report all schedule delays to the City’s Project Manager.
    3. **Cost and Budget:** CM shall monitor project construction costs, budgets, schedule and maintain current workflow projections.

4. **Reporting:** CM shall prepare and distribute monthly construction reports. CM shall provide at a minimum:

    - Daily inspection reports
    - Weekly job site meeting minutes
    - Monthly report overview
    - Project cost to date
    - Schedule updates
    - Recommendations to mitigate project delays

- **Progress Payment Review:** CM shall review and approve monthly contractor invoices, verify compliance to all terms and conditions of contract and make payment recommendations. The CM shall ensure that the contractor's request for payment does not represent more than the amount for work performed on a monthly basis.

- **Contract Extensions:** CM shall review, analyze, and make recommendations on contractor time extensions/requests.

- **Coordination with City Inspectors/PM:** CM shall coordinate with City inspection and project management resources, where applicable.

- **Miscellaneous Coordination:** CM shall coordinate and monitor work to be performed by others.

- **Project Notice Coordination:** CM shall receive and review project notices, and submit to the City with appropriate recommendations.

- **Monitor Time and Materials Work:** CM shall monitor contractor work performed on a time and materials (T&M) basis to ensure that the contractor labor charges are fair and appropriate, and that materials purchased are of quantity and quality necessary to the project, and documented on invoices.

- **Cost Estimating:** The CM shall maintain a cost estimating system that conforms to industry accepted practices and provide the following:

    1. **Contractor Proposals:** CM shall evaluate contractor cost reduction proposals in accordance with industry cost standards. CM shall provide detailed analysis of the contractor’s proposal along with a recommended outcome to the Project Manager.
    2. **Change Order Review:** The CM shall review proposed change orders. The CM shall provide a change order review standard that includes a detailed process, forms, and recommendations of actions to the PM. CM’s change order review shall provide additional analysis of both cost and time concurrently. Time impact analysis shall not be deferred to a later time.

- **Document Control:** The CM shall establish a document management system for the following:

    1. **Filing:** The CM shall utilize a filing system. CM shall use a web-based document management system as approved by the City. CM shall be responsible for the cost of the document management system and training.

    2. **Claims:** The CM shall identify, analyze and prepare construction claims and disputes by assessing or validating entitlement and quantification of damages and promoting a successful resolution within 21 calendar days (assuming the Contractor is cooperative.) The CM shall provide associated cost estimates and time impact analysis concurrently for Claims Evaluation.

    3. **Document Tracking:** All central receipts, control, storage, distribution, indexing and tracking of all documents.

    4. **Document Managing:** All documents, incoming and outgoing, associated with the construction management activity of all assigned projects, including, but not limited to submittals, requests for information (RFIs), requests for clarifications (RFCs), pay requests, change orders (COs) and correspondence.

    5. **As-Built Documents Administration:** Maintaining a current set of as built drawings and specifications.

    6. **Document Maintenance:** Maintaining all field documents, storing original documentation and furnishing to the City at project completion.

- **Operations and Maintenance Manuals:** The CM shall receive final O&M equipment manuals from contractor and coordinate their review. Final O&M manuals shall be delivered to the Operations Manager.

- **Change Order and Claims Management:** The CM shall implement a comprehensive claims management program to evaluate change order requests and recommend equitable disposition. When agreement cannot be reached, the CM shall support the City's position and assist in formulating a claims defense and participate in resolution including:

    1. **Document Managing:** Coordinate, assemble and review supporting documentation for change order processing and make final recommendations to City staff.

    2. **Contractor Request Review:** Review requests of alleged cost increases and/or time impacts for merit concurrently.

3. **Change Order Review:** Thoroughly analyze the proposal and develop a negotiating position. When necessitated by variations between contractor price for change and the CM's fair cost estimate, CM shall negotiate an equitable resolution with guidance from the City's Project Manager.

4. **Change Order Expediting:** After the equitable resolution is reached the CM shall expedite approval of the negotiated change order.

Task 3- Inspection

The CM shall provide inspection services and monitoring of construction to ensure construction is in compliance with the project construction documents. The CM's resident engineer and inspection staff shall verify construction compliance and Quality Assurance Quality Control with applicable permits, codes, construction documents and any environmental mitigation. CM shall maintain redline as-builts on a monthly basis.

- **Daily and Weekly Documentation:**

  1. **Documentation of Construction Activities:** Provide documentation of construction activities, duration of activities, labor resources, and equipment allocation.

  2. **Construction Reporting:** Provide daily construction activity reports, labor resources, on- site equipment, and work conditions.

  3. **Non-Conformance Reporting:** Provide non-conformance reports.
  4. **Photographic Records:** Provide weekly photographic/digital records of the project during construction.

- **Civil Inspections:** The CM shall provide qualified inspectors for all improvements to inspect, monitor, and report on construction improvements as required by the Plans and Technical Specifications.

- **Field Testing:** Witness field tests and startup procedures for electrical equipment as needed.

- **Soil and Materials Testing:** The CM shall provide qualified and approved testing laboratories and California registered Geotechnical Engineers and/or ICC-certified Soils Special Inspector-EC or equivalent staff to perform all necessary soils and materials testing required to verify the quality and proper placement. The Soils and Materials Inspector shall be responsible for the following:

1. **Material Sampling:** Sample on-site and imported materials for compliance with the specifications for use as backfill materials.

2. **Material Testing:** Perform maximum density tests and optimum moisture content tests on materials to be used as backfill. Examples of testing include: gradation, R-value, sand equivalence, etc.

3. **Conformance Testing:** Perform compaction tests for backfill. Separate testing shall be performed for the pavement zone, street zone, and areas of over-excavation. Provide recommendations for compaction or density testing of rock backfill materials. Sand cone test method is required for soil compaction testing. Alternate compaction testing may be utilized; including but not limited to, nuclear gauge.

4. **Data Review:** Tabulate test data and review failing tests. Provide immediate notification of any failure to meet the requirements of the project contract documents.

5. **Reporting:** Upon prior authorization from the City, prepare a final report at the completion of construction certifying that geotechnical issues comply with the contract documents.

- **Storm Water Pollution Prevention Plan Inspection:**

1. Review contractor's site-specific SWPPPs for compliance with applicable regulations.

2. Monitor contractor's activities regarding pollution prevention controls and activities for general compliance with the contractor's SWPPP Best Management Practice (BMP). The contractor is responsible for means and methods for complying with BMP's. The SWPPP inspector shall notify the contractor and the City if the pollution prevention controls are in or out of compliance with the SWPPP.

TASK 4- Construction Closeout

The CM shall manage the turnover of the assigned project to the City, including contract closeout, management of warranty period activities and demobilization of CM staff including:

- **Site Closeout:** The CM shall budget under the Task 2 Construction Administration budget to close out construction and oversee demobilization at each site. Site Closeout tasks shall include:

1. **Site Final Walk-Through:** Coordinate and conduct a site final walk-through to verify completion of contract and all related items of work within 7 days of substantial completion.

2. **Site Punch List:** Develop site punch list and verify completion and obtain final documentation and releases within 7 days of substantial completion.

3. **Site Record Drawing Preparation:** Verify and deliver contractor as-built marked up drawings for record drawing preparation within 14 calendar days of site substantial completion.

4. **Site Permitting:** Monitor permit and agency sign-offs within 14 calendar days of substantial completion.

5. **Site Final Reporting:** Prepare site summary report in accordance with the City within 7 days of final completion.

6. **Site Documentation Turnover:** Turnover site project files, contract, correspondence, and documentation within 14 calendar days of final completion.

7. **Site Warranty Coordination:** The CM shall prepare a list of warranty items, warranty period, and warranty repair procedures, and turn over to the City's Project Manager.

8. **Site Demobilization:** Demobilize the CM staff and facilities in accordance with the agreed upon plan.

- **Construction Contract Close Out:** The CM shall oversee the contract closeout process and assist in resolving O&M service disputes. The CM shall budget under the Task 3 budget for Construction Contract Close Out. The closeout shall entail sign offs by responsible parties and include:

    1. **Project-wide Final Walk-Through:** Coordinate and conduct a final walk-through to verify completion of contract and all related items of work within 7 days of substantial completion. The final walk-through shall be extended to include relevant City Departments and Divisions.

    2. **Project-wide Punch List:** Develop punch list and verify completion and obtain final documentation and releases within 7 days of substantial completion.

    3. **Project-wide Record Drawing Review and Corrections:** Review record drawings prepared by the Design Engineer or contractor as-built marked up

drawings delivered for each site for correctness and consistency within 14 calendar days of substantial completion.

4. **Final Payment/Close-Out Change Order Review:** Review final payment and close out change orders within 7 days of substantial completion.
5. Permitting: Confirm that all permits are in place within 14 calendar days of substantial completion.

6. **Final Reporting:** Prepare final summary report in accordance with the City within 7 days of final completion.

7. **Documentation Turnover:** Turnover project files, contract, correspondence, and documentation within 14 calendar days of final completion.

8. **Project Warranty Coordination:** The CM shall review and update as needed the list of warranty items, warranty period, and warranty repair procedures, and turn over to the City's Project Manager.

9. **Final Demobilization:** Demobilize the CM staff and facilities in accordance with the agreed upon plan.

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and Turner & Townsend Heery, LLC)

INSURANCE REQUIREMENTS

Prior to contract approval and beginning of services under this agreement, Consultant must procure, agree to maintain and supply evidence of insurance at the levels listed and in accordance with the other provisions listed in this document.

[See next pages]

Exhibit INS-A

INSURANCE REQUIREMENTS FOR CONSULTANTS
(WITH ERRORS AND OMISSIONS REQUIREMENT)

1. Consultant shall obtain and maintain during the performance of any services under this Agreement the following insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of services hereunder by Consultant, its agents, representatives, employees or subconsultants.

a. Commercial General Liability Insurance, including Contractual Liability, in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for general liability with coverage equivalent to Insurance Services Office Commercial General Liability Coverage (Occurrence Form CG 0001). If a general aggregate limit is used, that limit shall apply separately to the project or shall be twice the occurrence amount;

b. Business automobile liability insurance in an amount not less than $1,000,000 combined single limit for bodily injury and property damage for each claimant for automobile liability with coverage equivalent to Insurance Services Office automobile liability coverage (Occurrence Form CA0001) covering Code No. 1, "any auto;"

c. Professional liability/errors and omissions insurance appropriate to Consultant's profession to a minimum coverage of $1,000,000, with neither Consultant nor listed subconsultants having less than $500,000 individually. The professional liability/errors and omissions insurance must be project specific with at least a one year extended reporting period, or longer upon request.

d. Workers' compensation insurance in compliance with the laws of the State of California, and employer's liability insurance in an amount not less than $1,000,000 per claimant. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City.

2. Consultant shall, prior to performance of any services, file with the Risk Manager certificates of insurance with original endorsements effecting coverage required by this Exhibit INS-A. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be on the attached forms or on other forms approved by the Risk Manager. All certificates and endorsements are to be received and approved by the Risk Manager before commencement of services. City reserves the right to require complete certified copies of all required insurance policies at any time. The certificates of insurance and endorsements shall be sent via email. If you have not received your request or are having difficulty with electronic upload, contact insurance@oxnard.org

3. Consultant agrees that all insurance coverages shall be provided by a California admitted insurance carrier with an A.M. Best rating of A:VII or better and shall be endorsed to state that coverage may not be suspended, voided, canceled, or reduced in coverage or limits without 30 days' prior written notice to the Risk Manager. The Risk Manager shall not approve or accept any endorsement if the endorsement contains "best effort" modifiers or if the insurer is relieved from the responsibility to give such notice.

4. Consultant agrees that the commercial general liability and business automobile liability insurance policies shall be endorsed to name City, its City Council, officers, employees, agents and volunteers as additional insureds as respects: liability arising out of activities performed by or on behalf of Consultant; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, its City Council, officers, employees, agents and volunteers. **The General Liability Special Endorsement Form and Automobile Liability Special Endorsement Form attached to this Exhibit INS-A or substitute forms containing the same information and acceptable to the Risk Manager shall be used to provide the endorsements (ISO form CG 2010 11/85 or if not available, CG 2010 with an edition date prior to 01/04 and CG 2037).**

5. The coverages provided to City shall be primary and not contributing to or in excess of any existing City insurance or self-insurance coverages (**this must be endorsed**). Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its City Council, officers, employees and volunteers. The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

6. The insurer shall declare any deductibles or self-insured retentions to and be approved by the Risk Manager. At the option of the Risk Manager, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City, its City Council, officers, employees and volunteers, or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

7. All insurance standards applicable to Consultant shall also be applicable to Consultant's subconsultants. Consultant agrees to maintain appropriate agreements with subconsultants and to provide proper evidence of coverage upon receipt of a written request from the Risk Manager.

1/23

INSTRUCTION FOR SUBMITTING INSURANCE CERTIFICATES AND ENDORSEMENT FORMS

Certificates of Insurance

The sample accord form on the following page is provided to facilitate your preparation and submission of certificates of insurance. You may use this or any industry form that shows coverage as broad as that shown on the attached sample. **Please note the certificate holder address must be as shown on the attached sample accord form with the contract number and insurance exhibit identification information completed.** Improperly addressed certificates may delay the contract start-up date because the City's practice is to return unidentifiable insurance certificates to the insured for clarification as to the contract number. **Cancellation provisions must be endorsed to the policy. Modifying the certificate does not change coverage or obligate the carrier to provide notice of cancellation.**

Endorsement Forms

Original endorsements are required for commercial general liability and business automobile liability insurance policies and must be attached to the applicable certificate of insurance. City preference is that the Consultant/insurer use the endorsement forms which are attached. Substitute forms will be accepted, however, as long as they include provisions comparable to the sample accord form.

In consideration of the premium charged and notwithstanding any inconsistent statement in the policy to which this endorsement is attached or any endorsement now or hereafter attached thereto, insurance company agrees as follows:

1. **INSURED.** The City, its officers, agents, employees and volunteers are included as insureds with regard to liability and defense of suits arising from the operations, products and activities performed by or on behalf of the named insured.
2. **CONTRIBUTION NOT REQUIRED.** As respects: (a) work performed by the named insured for or on behalf of the City; or (b) products sold by the named insured to the City; or (c) premises leased by the named insured from the City, the insurance afforded by this policy shall be primary insurance as respects the City, its officers, agents, employees or volunteers; or stand in an unbroken chain of coverage excess of the named insured's scheduled underlying primary coverage. In either event, any other insurance maintained by the City, its officers, agents, employees or volunteers shall be in excess of this insurance and shall not contribute with it.
3. **SEVERABILITY OF INTEREST.** This insurance applies separately to each insured against whom claim is made or suit is brought except with respect to the company's limits of liability. The inclusion of any person or organization as an insured shall not affect any right which such person or organization would have as a claimant if not so included.
4. **CANCELLATION NOTICE.** With respect to the interests of the City, this insurance shall not be canceled, or materially reduced in coverage or limits except after thirty (30) days prior written notice by receipted delivery has been given to the City.
5. **PROVISIONS REGARDING THE INSURED'S DUTIES.** Any failure to comply with reporting provisions of the policy or breaches or violations of warranties shall not affect coverage provided to the City, its officers, agents, employees or volunteers.
6. **SCOPE OF COVERAGE.** This policy, if primary, affords coverage at least as broad as:
   a. Insurance Services Office Commercial General Liability Coverage, "occurrence" form CG0001; or
   b. If excess, affords coverage which is at least as broad as the primary insurance form CG0001.

Except as stated above nothing herein shall be held to waive, alter or extend any of the limits, conditions, agreements or exclusions of the policy to which this endorsement is attached.

EXHIBIT E

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and Turner & Townsend Heery, LLC)

LIVING WAGE POLICY

Pursuant to the Living Wage Policy adopted July 9, 2002 by the City Council and effective October 1, 2002, the City Manager and City Attorney are directed to include the following language in all standard Consultant/Professional Services contracts that may be governed by the Living Wage Policy.

A. Consultant shall compensate any employee of Consultant who provides Services under this Agreement in accordance with the Living Wage Policy, attached hereto and incorporated herein by reference as the Living Wage Policy Exhibit. While this Agreement is in effect, Consultant shall pay such employee no less than $20.06 per hour for each hour that such employee provides Services under this Agreement. In addition, while this Agreement is in effect, Consultant shall provide to such employee no less than 96 hours of paid leave per calendar year.

B. Consultant agrees to post, at a location readily accessible to those employees providing Services to the City, a copy of the Living Wage Policy adopted by City Council on July 9, 2002 and effective October 1, 2002.

C. If Consultant fails to compensate such employee pursuant to the Living Wage Policy, the City Manager or designee shall terminate this Agreement on written notice to Consultant, effective immediately.

D. In addition, if Consultant fails to comply with the Living Wage Policy in any manner, Consultant shall pay to City a fine of $500 and shall pay to any employee providing Services under this Agreement a penalty of three times the amount or value of the compensation owed to such employee under the Living Wage Policy. Consultant shall pay such fine and penalty within fifteen (15) calendar days after the City Manager or designee provides written notice to Consultant of the amount owed.

CITY OF OXNARD LIVING WAGE REQUIREMENTS
EFFECTIVE JULY 1, 2025

Consultant shall compensate any employee of Consultant who provides Services under this Agreement in accordance with the Living Wage Policy, attached hereto and incorporated herein by reference as Exhibit E. While this Agreement is in effect, Consultant shall pay such employee no less than $20.06 per hour for each hour that such employee provides Services under this Agreement. This hourly rate shall be adjusted on July 1, 2026, and each July 1 thereafter, according to the percentage change in the Consumer Price Index, all items, prepared by the Bureau of Labor Statistics for the Los Angeles area relating to all urban consumers (CPI-U), index base 1982-84=100, comparing May of the previous year to May of the current year. In addition, while this Agreement is in effect, Consultant shall provide to such employee no less than 96 hours of paid leave per calendar year.

a. Consultant agrees to post, at a location readily accessible to those employees providing Services to the City, a copy of the Living Wage Policy adopted by the Oxnard City Council on July 9, 2002 and effective October 1, 2002.

b. If Consultant fails to compensate such employee pursuant to the Living Wage Policy, the City Manager or designee shall terminate this Agreement on written notice to Consultant, effective immediately.

c. In addition, if Consultant fails to comply with the Living Wage Policy in any manner, Consultant shall pay to City a fine of $500 and shall pay to any employee providing Services under this Agreement a penalty of three times the amount or value of the compensation owed to such employee under the Living Wage Policy. Consultant shall pay such fine and penalty within fifteen (15) calendar days after the City Manager or designee provides written notice to Consultant of the amount owed.

EXHIBIT F

PROFESSIONAL SERVICES AGREEMENT
(CITY of Oxnard and Turner & Townsend Heery, LLC)

PREVAILING WAGE

1. Consultant acknowledges that the Project defined in the Agreement between Consultant and City is a "public work" as defined in Division 2, Part 7, Chapter 1 of the California Labor Code ("Chapter 1"), and that this Agreement is subject to Chapter 1 and the rules and regulations established by the Director of Industrial Relations ("DIR") implementing such statutes. Consultant shall perform the Project as a public work. Consultant shall comply with and be bound by all the terms, rules and regulations described in Chapter 1 and the DIR's rules and regulations as though set forth in full herein.

2. Pursuant to Labor Code Section 1773.2, copies of the prevailing rate of per diem wages for each craft, classification, or type of worker needed to perform the Agreement are on file at City Hall and will be made available to any interested party on request. Consultant acknowledges receipt of a copy of the DIR determination of such prevailing rate of per diem wages, and Consultant shall post such rates at each job site covered by this Agreement.

3. Consultant is required to post job site notices, as prescribed by regulation. See Labor Code Section 1771.4(a)(2).

4. Consultant shall comply with and be bound by the provisions of Labor Code Sections 1774 and 1775 concerning the payment of prevailing rates of wages to workers and the penalties for failure to pay prevailing wages. Consultant shall, as a penalty to City, forfeit not more than $200 for each calendar day or portion thereof for each worker paid less than the DIR's determined prevailing rates for the work or craft in which the worker is employed pursuant to this Agreement by Consultant or any subcontractor. The Labor Commissioner shall determine the amount of the penalty as described in Section 1775.

5. Consultant shall comply with Labor Code Section 1776, which requires Consultant and each subcontractor to (1) keep accurate payroll records and verify such records in writing under penalty of perjury, (2) certify and make such payroll records available for inspection, and (3) inform City of the location of the records.

6. Consultant shall comply with Labor Code Sections 1777.5, 1777.6 and 1777.7 and California Administrative Code Title 8, Section 200 et seq. concerning the employment of apprentices on public works projects for all apprenticeable occupations. Before commencing work under this Agreement, Consultant shall provide City with a copy of the information submitted to any applicable apprenticeship program. Within 60

days after concluding the Project, Consultant and each of its subcontractors shall submit to City a verified statement of the journeyman and apprentice hours performed under this Agreement.

7. Consultant may not be debarred or suspended throughout the Agreement Term pursuant to Labor Code Section 1777.1 or 1777.7. If he, she or it becomes debarred or suspended in the Agreement Term, Consultant must immediately notify City.

8. Consultant is not qualified to bid on, be listed in a Bid proposal, or engage in the performance of any contract for public work, as defined in Labor Code Sections 1720 through 1861, unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5. Consultant shall continue without interruption to stay registered and qualified to perform public work pursuant to Section 1725.5 for the duration of the term of this Agreement. This provision does not apply to construction, alteration, demolition, installation or repair work of $25,000 or less or to maintenance work of $15,000 or less.

9. Consultant acknowledges that 8 hours labor constitutes a legal day's work. Consultant shall comply with and be bound by Labor Code Section 1810.

10. Consultant shall comply with and be bound by Labor Code Section 1813 concerning penalties for workers who work excess hours. Consultant shall, as a penalty to City, forfeit $25 for each worker employed in the performance of this Agreement by Consultant or by any subcontractor for each calendar day during which such worker is required or permitted to work more than 8 hours in any calendar day and 40 hours in any one calendar week in violation of the provisions of Division 2, Part 7, Chapter 1, Article 3 of the Labor Code. Pursuant to Labor Code Section 1815, work performed by Consultant's employees in excess of 8 hours per day and 40 hours per week shall be permitted upon public work upon compensation for all hours worked in excess of 8 hours per day at not less than 1 ½ times the basic rate of pay.

11. The Project listed in the Agreement is subject to compliance monitoring and enforcement by the DIR.

12. Consultant shall be responsible for each and every one of its subcontractors' compliance with Chapter 1, the DIR's rules and regulations, and Labor Code Sections 1860 and 3700. Consultant shall include in the written contract between it and each subcontractor a copy of, and a requirement that each subcontractor shall comply with, those statutory provisions. Consultant shall be required to take all actions necessary to enforce such contractual provisions and ensure subcontractors' compliance, including without limitation, conducting a periodic review of the certified payroll records of each subcontractor, and upon becoming aware of the failure of the subcontractor to pay its workers the specified prevailing rate of wages, Consultant shall diligently take corrective action to halt or rectify any failure.

13. To the maximum extent, Consultant shall hold harmless, defend (with counsel approved by the City Attorney) and indemnify City, its legislative bodies, and its officials, officers, employees and agents from any demand or claim for damages, compensation, fines, penalties or other amounts arising out of or incidental to any acts or omissions listed above by any person or entity (including Consultant, its subcontractors, and each of their officials, officers, employees and agents) in connection with any work undertaken or in connection with the Agreement, including without limitation the payment of all attorneys' fees and other related costs. All duties of Consultant under this Section shall survive Agreement termination.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

INFORMATION/CONSENT AGENDA
AGENDA ITEM NO. L.15

DATE: June 16, 2026

TO: City Council

FROM: Michael Wolfe, Public Works Director, (805) 385-8055, michael.wolfe@oxnard.org

SUBJECT: Fourth Amendment to Agreement 32400156 Roesling Nakamura Terada Architects, Inc. for Architecture and Engineering Services for the Wastewater Division New Maintenance Building Project.

RECOMMENDATION

That the City Council approve and authorize the Mayor to execute a Fourth Amendment to an Agreement with Roesling Nakamura Terada Architects, Inc. in the amount of $200,000 for a new not to exceed value of $1,300,000, and to extend the term through December 5, 2029, for additional planning, design and architecture work required for the New Wastewater Maintenance Building Project Number C2236.

(This item did not originate in Committee as this is a capital improvement project specifically listed in the City's Capital Improvement Program budget, which was previously approved by the City Council.)

BACKGROUND

On December 5, 2023, the City Council approved Agreement No. 32400156 with Roesling Nakamura Terada Architects, Inc. (RNT) for $1,000,000 to provide architectural and engineering services for the Wastewater Division's New Maintenance Building Project. The existing 9,032-square-foot Maintenance Building, constructed in 1978, does not meet current staffing levels, no longer meets operational needs, does not meet current seismic standards and is at the end of its useful life.

The original scope of work included:

- Project Management
- Data Gathering, Site Visit, and Preliminary Investigations
- Schematic Design Phase
- Design Development Phase
- Construction Document Phase
- Bid Phase Services
- Construction Administration Phase
- Scope and program Verification, and Building Commission

On September 17, 2024, the Purchasing Department approved the First Amendment to Agreement No. 32400156 to extend the agreement term through December 5, 2025, and revise the Schedule of Compensation to reflect updated project service and compensation requirements associated with the continued progression of the New Wastewater Maintenance Building Project.

On March 4, 2025, the City Council approved the Second Amendment to Agreement 32400156 for an additional $100,000 to accommodate additional design requirements which were not known at the start of the project but were discovered during the design and permitting phase. The additional scope of work included:

- Additional paving, parking, and driveway access
- New storm drain facilities
- Relocating and adding new outdoor lighting
- Relocation of existing utilities

On October 15, 2025, the Purchasing Department approved the Third Amendment to Agreement No. 32400156, extending the agreement through December 5, 2026.

Capital Improvement Program (CIP) Reference:

Project No. **C2236** - Wastewater: Maintenance Building Expansion - CIP 2025-2029 - Adopted June 4, 2024 - Page 152.

DISCUSSION

The design of the new Maintenance Building is approximately 90% complete. To improve construction efficiency (i.e. mitigate construction costs) and minimize operational disruptions, a portion of the existing WRRF property south of the existing fenceline is now recommended for construction access and a contractor laydown area. Because the use of this area was not originally contemplated in the project planning phase, use of this area will now require a biological resources survey and environmental assessment, potential coordination with outside agencies, and compliance with fire access requirements. The proposed access road will be approximately 30 feet wide and 700 feet long and connect to Perkins Road via a new construction access gate. The area will also include a turnaround and laydown area.

Specific Additional Tasks Include

- Biological and environmental survey and assessment
- Access road alignment, grading, and curb cut at Perkins Road
- Additional survey
- Final grading, drainage, and sewer plans
- Incorporation of required fire access road
- Consultant coordination
- Project Management

RNT submitted a proposal for $50,521 to complete the environmental survey and the access road design. In addition, staff is requesting an additional $149,479 to cover design updates, analysis, and/or permitting documents anticipated with the ongoing plan check process and related final design activities, for a total contract increase of $200,000.

STRATEGIC PRIORITIES

This agenda item supports the Infrastructure and Natural Resources strategy. The purpose of the Infrastructure and Natural Resources strategy is to preserve and improve our roads, utilities, parks, trees, water supply and natural resources through effective planning, prioritization, and an equitable and efficient use of available funding.

FINANCIAL IMPACT

This amendment with RNT for additional planning, design and architecture work required for the New Wastewater Maintenance Building will increase the contract amount by $200,000 to $1,300,000 through December 5, 2029. There are sufficient budgeted funds available in the Wastewater: Maintenance Building Expansion Project (C2236) funded from the Wastewater Fund (613), to cover this project cost.

COMMITTEE OUTCOME

This item did not originate in Committee as this is a capital improvement project specifically listed in the City's Capital Improvement Program budget, which was previously approved by the City Council.

Prepared by: Jan Hauser, Wastewater Division Manager

ATTACHMENTS

1. Fourth Amendment
2. Original Amendment - Third Amendment

Agreement No. 32400156

FOURTH AMENDMENT TO CONSULTANT/PROFESSIONAL SERVICE AGREEMENT

This Fourth Amendment ("Fourth Amendment") to the Consultant/Professional Service Agreement ("Agreement") is made and entered into in the County of Ventura, State of California, this _____ day of _____, 20___, by and between the City of Oxnard, a municipal corporation ("City"), and Roesling Nakamura Terada Architects, Inc.("Consultant"). This Fourth Amendment amends the Agreement entered into on December 6, 2023 by City and Consultant. The Agreement previously has been amended on September 17, 2024, by a First Amendment, on March 4, 2025, by a Second Amendment, and on November 6, 2025, by a Third Amendment.

RECITALS

WHEREAS, the City of Oxnard and Roesling Nakamura Terada Architects, Inc. ("Consultant") entered into Agreement No. 32400156 effective December 6, 2023, for architectural and engineering services associated with the Wastewater Division New Maintenance Building Project PW 22-36; and

WHEREAS, the existing Wastewater Maintenance Building was constructed in 1978 and no longer meets the operational, staffing, seismic, and functional needs of the Wastewater Division, necessitating the design and construction of a new maintenance facility; and

WHEREAS, the term of Agreement No. 32400156 was limited to four years, with no further options to extend; and

WHEREAS, it is necessary to modify of Agreement No. 32400156 to complete the services as set forth in the Agreement, because during the course of design development and coordination with multiple City departments and regulatory agencies, the Project encountered additional scope requirements, extended review durations, and unforeseen project complexities that were not fully known at the time the original Agreement was executed; and

WHEREAS, additional architectural, engineering, environmental, permitting, coordination, and project management services are required to support final design completion, construction bidding, construction administration, temporary construction access improvements, environmental review, regulatory compliance, consultant coordination, and project closeout activities; and

WHEREAS, the parties desire to modify the term of the agreement as stated in Section 3 and increase the funding amount of the contract to cover the costs of unforeseen work required to complete the project, among other terms.

City and Consultant agree as follows:

1. The recitals are true and correct and incorporated by this reference as though fully set forth herein.

2. Pursuant to Section 12, the City is modifying the Agreement as follows: The Agreement shall be extended for an additional three (3) years and the end term in Section 3 shall be amended to December 5, 2029.

3. The not to exceed amount in Section 4 of the Agreement is hereby amended to "$1,300,000.00."

4. The reference to the Schedule of Compensation Exhibit B-1 everywhere it is listed in the Agreement is hereby amended to include the Schedule of Compensation Exhibit B-2. The Schedule of Compensation Exhibit B-2 is attached hereto and incorporated herein by this reference. The effective date of the Schedule of Compensation Exhibit B-2, is June, 16, 2026.

5. As so amended, the Agreement remains in full force and effect.

[Signatures on next page]

IN WITNESS WHEREOF, the parties hereto have executed the Amendment on the date first written above.

CITY OF OXNARD

FIRST AMENDMENT TO CONSULTANT/PROFESSIONAL SERVICES AGREEMENT

This First Amendment ("First Amendment") to the Consultant/Professional Services Agreement ("Agreement") is made and entered into in the County of Ventura, State of California, this 17 day of September, 2024, by and between the City of Oxnard, a municipal corporation ("City"), and Roesling Nakamura Terada Architects, Inc. ("Consultant"). This First Amendment amends the Agreement entered into on December 6, 2023, by City and Consultant.

City and Consultant agree as follows:

1. Pursuant to Section 3.3, the City is exercising its first one year option term. The Agreement will be extended for one additional year beginning on December 6, 2024, through December 5, 2025. The City has two option terms remaining pursuant to Section 3.3.

2. The reference to the Schedule of Compensation Exhibit B everywhere it is listed in the Agreement is hereby amended to the Schedule of Compensation Exhibit B-1 Effective December 6, 2024. The Schedule of Compensation Exhibit B is hereby disincorporated; instead, the Schedule of Compensation Exhibit B-1 Effective December 6, 2024, is attached hereto and incorporated herein by this reference.

3. As so amended, the Agreement remains in full force and effect.

[Signatures on next page]

IN WITNESS WHEREOF, the parties hereto have executed the Amendment on the date first written above.

SECOND AMENDMENT TO CONSULTANT/PROFESSIONAL SERVICES AGREEMENT

This Second Amendment ("Second Amendment") to the Consultant/Professional Services Agreement ("Agreement") is made and entered into in the County of Ventura, State of California, this 4th day of March, 2025, by and between the City of Oxnard, a municipal corporation ("City"), and Roesling Nakamura Terada Architects, Inc. ("Consultant"). This Second Amendment amends the Agreement entered into on December 6, 2023, by City and Consultant. The Agreement previously has been amended on September 17, 2024, by a First Amendment.

City and Consultant agree as follows:

1. The agreement not to exceed amount in Section 4 of the Agreement is hereby amended to "$1,100,000."

2. As so amended, the Agreement remains in full force and effect.

CITY OF OXNARD CALIFORNIA

CITY COUNCIL AGENDA REPORT

PUBLIC HEARINGS
AGENDA ITEM NO. M.1

DATE: June 16, 2026

TO: City Council

FROM: Michael Wolfe, Public Works Director, (805) 385-8055, michael.wolfe@oxnard.org

SUBJECT: 2025 Urban Water Management Plan and Water Shortage Contingency Plan.

RECOMMENDATION

That the City Council:

1. Receive a presentation and receive public comment regarding the City of Oxnard's 2025 Urban Water Management Plan and Water Shortage Contingency Plan;
2. Hold a Public Hearing on the 2025 Urban Water Management Plan and Water Shortage Contingency Plan; and
3. Adopt a resolution to approve the 2025 Urban Water Management Plan and Water Shortage Contingency Plan and authorize City staff to file the plans with the State of California.

(Public Works and Transportation Committee approved 3-0 on May 26, 2026.)

(Presentation will be live upon consultant's request.)

BACKGROUND

The City is subject to the provisions of the California Urban Water Management Planning Act, which requires urban water purveyors providing water to more than 3,000 customers or supplying more than 3,000 Acre Feet of water annually to prepare and adopt an Urban Water Management Plan (UWMP) at least once every five years. The purpose of the UWMP is to ensure that urban water suppliers give careful consideration to water demands, water supplies, water conservation, alternative water supplies, reliability of water supplies, water quality, and have a water shortage contingency plan in place. UWMPs must describe how projected (i.e., estimated) demands will be met through time, in various types of hydrologic conditions. Additionally, the California Department of Water Resources (CDWR) requires water suppliers to adopt and submit UWMPs in order to be eligible for certain grants, loans, and assistance that it administers.

Please note that the 2020 UWMP assumed a 2025 water demand for the City of Oxnard of 28,819 AF. Actual water demand for Oxnard in 2025 was 23,206 AF. This information is pointed out to show that while UWMPs are good (and State required) planning tools, there are still assumptions, estimates, and projections. Additionally, it should be noted that there has been a reduction in water demand by Oxnard customers, from a high in 2021 of 27,248 AF to a total demand of 23,206 (which includes water transferred to Port Hueneme Water Agency) in 2025. These types of downward trends, despite the addition of new housing and commercial development in Oxnard since 2021, mean there is more time and flexibility to address alternative sources of water and strategies for future water resilience and sustainability.

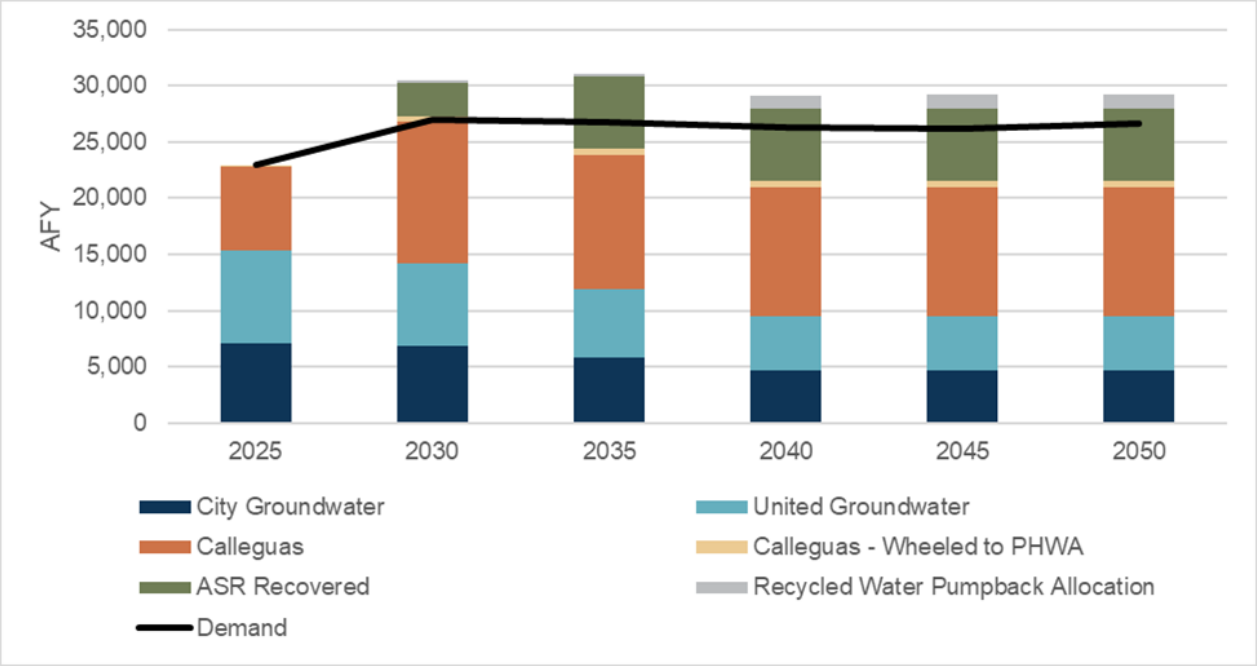
DISCUSSION

The 2025 Urban Water Management Plan (UWMP) and Water Shortage Contingency Plan (WSCP) were prepared in compliance with the California Water Code (§§10610–10657 and §10632) with the assistance of the City's consultant, Water Systems Consulting, Inc. The UWMP evaluates estimated water demands and assumed water supplies through the

year 2050 and identifies resource management strategies to manage long-term water supply reliability for the City of Oxnard under normal, single-dry, and multiple-dry year conditions.

As an urban water supplier that receives imported water from the Sacramento-San Joaquin Delta, the City is required to demonstrate consistency with Delta Plan Policy WR P1 related to reducing reliance on the Delta. This analysis is included in Appendix B of the UWMP.

The WSCP has been prepared as a standalone document in accordance with current statutory requirements and is included as Appendix A. The WSCP serves as the City's operational framework for managing water shortages and includes procedures for conducting the Annual Water Supply and Demand Assessment, which has been implemented since 2022. The WSCP outlines staged response actions to address varying levels of water shortage and is designed to support proactive and adaptive management of the City's water system.



Since the adoption of the 2020 UWMP, the regulatory framework governing urban water management has evolved. Senate Bill 606 and Assembly Bill 1668 established long-term water use efficiency standards commonly referred to as "Making Conservation a California Way of Life". These requirements establish water-use objectives based on indoor residential use, outdoor irrigation, commercial and institutional irrigation, and system water loss. The City has incorporated these standards into its demand estimates and water conservation programs and will continue to refine its water use objectives as State guidance is updated.

The City maintains a diversified water supply portfolio consisting of local groundwater, groundwater purchases from United Water Conservation District, imported surface water purchased from Calleguas Municipal Water District, and recycled water supplies. Since the 2020 UWMP, the City has continued to invest in water supply reliability through the implementation of advanced water purification and groundwater recharge initiatives, including the Fox Canyon Ground Water Management Agency's (FCGMA) resolution 2023-02 (attached for reference) and resolution 03-04 (attached for reference), and resolution 03-05 (attached for reference) for the Aquifer Storage and Recovery (ASR) pilot project (attached for reference). These efforts are intended to expand local water supplies, improve drought resilience, and reduce dependence on imported water.

Groundwater remains a critical component of the City's water supply, but its availability is subject to increasing regulatory constraints and legal challenges. Groundwater resources within the Oxnard Basin are managed by FCGMA, which has adopted groundwater allocation ordinances, Groundwater Sustainability Plans (GSPs), and a GSP Update in accordance with the Sustainable Groundwater Management Act (SGMA). These plans, included in Appendix F, establish a framework for achieving long-term groundwater sustainability and may result in reduced groundwater pumping over time. As a result, the City must continue to diversify its water supply portfolio to maintain long-term reliability.

The City, like all groundwater pumpers in the Oxnard Sub-basin (and the Pleasant Valley Basin), is subject to a current legal action, called a groundwater basin adjudication ("Adjudication"). As such, there is uncertainty regarding the access and availability of groundwater in the basins going forward. Meaning, while the UWMP contemplates many at-risk scenarios (e.g., multiple dry years), rulings from the Adjudication may impact some of the assumptions and/or water reliability and resiliency strategies going forward.

The UWMP also evaluates water supply reliability under a range of hydrologic conditions and incorporates a drought risk assessment to assess the City's ability to meet demands over a five-year planning horizon. These analyses consider potential reductions in imported supplies, groundwater limitations, and climate variability. The UWMP demonstrates that, with implementation of planned supply and demand management strategies, the City can meet projected water demands under normal and dry-year conditions as shown in the graph below:

The City has implemented and continues to expand water conservation and demand management programs, including public outreach, rebate programs, and water use efficiency measures. The City has implemented technologies such as advanced metering infrastructure to improve water use monitoring and customer engagement.

Preparation of the UWMP included coordination with regional water agencies, including Calleguas Municipal Water District, United Water Conservation District, the Fox Canyon Groundwater Management Agency, and neighboring jurisdictions. Documentation of agency coordination, outreach, and required notifications is included in Appendix D, and public hearing notices are included in Appendix E.

In conclusion, the 2025 UWMP demonstrates that the City of Oxnard is well-positioned to meet current and future water demands through a combination of diversified supplies, continued conservation, and strategic investments in local water resources. The UWMP reflects measurable progress in reducing water use even as the community grows, while also acknowledging the increasing constraints on groundwater supplies due to regulatory requirements and long-term sustainability goals. By advancing projects such as advanced water purification, groundwater recharge, and Aquifer Storage and Recovery, the City is strengthening its resilience to drought, climate variability, and supply uncertainty. Through proactive planning, regional coordination, and compliance with evolving State efficiency standards, the City remains committed to ensuring a reliable, sustainable, and locally resilient water supply for the Oxnard community through 2050 and beyond.

STRATEGIC PRIORITIES

This agenda item supports the Infrastructure and Natural Resources strategy. The purpose of the Infrastructure and Natural Resources strategy is to preserve and improve our roads, utilities, parks, trees, water supply and natural resources through effective planning, prioritization, and an equitable and efficient use of available funding.

FINANCIAL IMPACT

No direct fiscal impacts to the City's operating budget are expected as a result of this recommended adoption.

COMMITTEE OUTCOME

The Public Works and Transportation Committee approved 3-0 on May 26, 2026 to approve the staff recommendation and to forward the item for Council approval.

Please click here to view the May 26, 2026 Public Works and Transportation Committee Meeting recording.

RESOLUTION NO. _____

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF OXNARD, CALIFORNIA, ADOPTING THE CITY'S 2025 URBAN WATER MANAGEMENT PLAN AND WATER SHORTAGE CONTINGENCY PLAN

WHEREAS, the California Urban Water Management Planning Act, Water Code section 10610 *et seq.* (the Act), which the Legislature passed to actively pursue the efficient use of water by requiring urban water suppliers to develop urban water management plans **(UWMPs)** every five years**,** defines an "urban water supplier" as a supplier, either publicly or privately owned, providing water for municipal purposes either directly or indirectly to more than 3,000 customers or supplying more than 3,000 acre feet of water annually; and

WHEREAS, City of Oxnard (City) is an urban water supplier for purposes of the Act and an urban retail water supplier for the purposes of SBX7-7; and

WHEREAS, the City previously adopted its 2015 and 2020 UWMPs in compliance with State law; and

WHEREAS, the Act requires the City to update and submit its 2025 UWMP to the California Department of Water Resources (DWR); and

WHEREAS, SBX7-7 established water use reduction targets and Senate 606 and Assembly Bill 1668 established long-term water use efficiency standards; and

WHEREAS, the City has incorporated applicable water use efficiency standards into the 2025 UWMP; and

WHEREAS, the City is located within the Oxnard Subbasin, which is subject to the Sustainable Groundwater Management Act (SMGA), and the Basin's Groundwater Sustainability Plan establishes a sustainability goal of 2040; and

WHEREAS, the City's 2025 UWMP has been prepared to be consistent with the Groundwater Sustainability Plan and supports achieving sustainability by 2040; and

WHEREAS, the City evaluated water supply reliability under normal, single dry year, and multiple dry year scenarios; and

WHEREAS, the City prepared the UWMP in accordance with DWR guidance, including applicable UWMP Guidebooks and methodologies; and

WHEREAS, in accordance with Water Code Sections 10608.26 and 10642 and Government Code Section 6066, the City made the draft UWMP available for public review, published two notices of public hearing at least seven days apart on May 28, 2026; and June 4, 2026 and

WHEREAS, the City held a duly noticed public hearing on June 16, 2026, and considered all oral and written comments received; and

WHEREAS, the City Council has reviewed the 2025 UWMP and determined that it complies with the requirements of the Act; and

NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED BY THE CITY COUNCIL OF THE CITY OF OXNARD AS FOLLOWS:

1. The City Council hereby adopts the City's 2025 Urban Water Management Plan and Water Shortage Contingency Plan pursuant to Water Code 10632 and 10632.1.
2. The Public Works Director is authorized to make non-substantive edits and finalize the UWMP.
3. The Public Works Director shall file the UWMP with the California Department of Water Resources, the California State Library, and all cities and counties within which the City provides water within 30 days of adoption.
4. The UWMP shall be made available for public inspection within 30 days of filing with DWR.
5. The Public Works Director shall provide the Water Shortage Contingency Plan to all applicable agencies within 60 days of filing.
6. The Public Works Director is authorized to implement the UWMP, Water Shortage Contingency Plan, and conservation programs.
7. The Public Works Director may recommend additional actions necessary to ensure compliance with the Act, SBX7-7, SB 606, AB 1668, and SGMA.

Resolution 2003-4
of the
Fox Canyon Groundwater Management Agency

A RESOLUTION GRANTING CREDITS TO THE CITY OF OXNARD FOR THE INJECTION OF RECYCLED WATER

WHEREAS, the mission of the Fox Canyon Groundwater Management Agency includes the protection and preservation of groundwater resources within the boundary of the Fox Canyon Groundwater Management Agency; and

WHEREAS, the Lower Aquifer System of the South Oxnard Plain is overdrafted aquifer system and is managed by the Fox Canyon Groundwater Management Agency; and

WHEREAS, the City of Oxnard has the intention of injecting water into these aquifers; and

WHEREAS, if not injected, this water would otherwise be lost to the Ocean; and

WHEREAS, injected water will help the depleted aquifer recover lost water levels; and

WHEREAS, the City of Oxnard has agreed to inject this water at locations beneficial to the Fox Canyon Groundwater Management Agency; and

WHEREAS, the Agency has the ability to grant credits for this injected water;

NOW, THEREFORE, IT IS HEREBY PROCLAIMED AND ORDERED that upon approval by the Fox Canyon Groundwater Management Agency of the intended injection location(s), the City of Oxnard shall receive one acre-foot of credit for each acre-foot of water injected. These injection credits shall be redeemable at a location approved by the Agency Coordinator.

On motion by Director Fox, seconded by Director Schwabauer, the foregoing resolution was passed and adopted on December 17, 2003.

Mr. Lynn Maulhardt, Chair, Board of Directors
Fox Canyon Groundwater Management Agency

RESOLUTION 2003-04
OF THE FOX CANYON
GROUNDWATER MANAGEMENT AGENCY

A RESOLUTION GRANTING CREDITS TO THE CITY OF OXNARD FOR THE INJECTION OF RECYCLED WATER

WHEREAS, the mission of the Fox Canyon Groundwater Management Agency includes the protection and preservation of groundwater resources within the boundary of the Fox Canyon Groundwater Management Agency; and

WHEREAS, the Lower Aquifer System of the South Oxnard Plain is overdrafted aquifer system and is managed by the Fox Canyon Groundwater Management Agency; and

WHEREAS, the City of Oxnard has the intention of injecting water into these aquifers; and

WHEREAS, if not injected, this water would otherwise be lost to the Ocean; and

WHEREAS, injected water will help the depleted aquifer recover lost water levels; and

WHEREAS, the City of Oxnard has agreed to inject this water at locations beneficial to the Fox Canyon Groundwater Management Agency; and

WHEREAS, the Agency has the ability to grant credits for this injected water;

NOW, THEREFORE, IT IS HEREBY PROCLAIMED AND ORDERED that upon approval by the Fox Canyon Groundwater Management Agency of the intended injection location(s), the City of Oxnard shall receive one acre-foot of credit for each acre-foot of water injected. These injection credits shall be redeemable at a location approved by the Agency Coordinator.

On motion by Director Fox, seconded by Director Schwabauer, the foregoing resolution was passed and adopted on December 17, 2003.

Mr. Lynn Maulhardt, Chair, Board of Directors
Fox Canyon Groundwater Management Agency

Item 16A

Resolution 2003-5

of the

Fox Canyon Groundwater Management Agency

A RESOLUTION GRANTING CREDITS TO THE CITY OF OXNARD FOR THE DIRECT DELIVERY OF RECYCLED WATER

WHEREAS, the Lower Aquifer System of the South Oxnard Plain is an overdrafted aquifer managed by the Fox Canyon Groundwater Management Agency; and

WHEREAS, the City of Oxnard has the intention of recycling water for use in the overdrafted area; and

WHEREAS, under pumping a historical allocation will result in creation of credits; and

WHEREAS, delivery of this water replaces groundwater that would otherwise be pumped; and

WHEREAS, this recycled water would otherwise be lost to the Ocean; and

WHEREAS, the direct delivery of water will help the depleted aquifer recover lost water levels; and

WHEREAS, the Agency has the ability to grant credits for this injected water;

NOW, THEREFORE, IT IS HEREBY PROCLAIMED AND ORDERED the Fox Canyon Groundwater Management Agency will transfer to the City of Oxnard one acre-foot of credit for each acre-foot of water delivered in-lieu of pumping a historical allocation. These credits shall be redeemable at a location approved by the Agency Coordinator.

On motion by Director Fox, seconded by Director Schwabauer, the foregoing resolution was passed and adopted on December 17, 2003.

Item 16B

Resolution 2023 –02
Of the
Fox Canyon Groundwater Management Agency

RESOLUTION OF THE BOARD OF DIRECTORS OF FOX CANYON GROUNDWATER MANAGEMENT AGENCY REGARDING THE ACCRUAL, EXTRACTION, AND TRANSFER OF RECYCLED WATER PUMPING ALLOCATION

WHEREAS, the Fox Canyon Groundwater Management Agency ("Agency") is a special district created by the California Legislature with the enactment of the Fox Canyon Groundwater Management Agency Act [Stats. 1982, c. 1023] ("Act") to preserve the groundwater resources within the territory of the Agency for agricultural, municipal, and industrial uses; and

WHEREAS, under the Sustainable Groundwater Management Act [Water Code, § 10720 et seq.] ("SGMA"), the Agency is the exclusive groundwater sustainability agency ("GSA") within its statutory boundaries responsible for the sustainable groundwater management of, among other basins, (i) the Pleasant Valley Basin (Basin No. 4-006) and (ii) the Oxnard Subbasin (Subbasin No. 4-004.02) (collectively, the "Basins"); and

WHEREAS, the California Department of Water Resources ("DWR") designated the Basins as high-priority basins, subject to critical conditions of overdraft, requiring the preparation of groundwater sustainability plans ("GSP") by January 31, 2020; and

WHEREAS, the Agency has prepared, and DWR has approved, GSPs to meet the sustainability goals established by the Agency for the Basins; and

WHEREAS, the Agency manages the Basins, consistent with the Act and SGMA, by implementing and enforcing its ordinances, resolutions, GSPs, and other plans that, among other things, establish allocations for the extraction of groundwater from the Basins and provide for the transfer of such allocations; and

WHEREAS, the City of Oxnard (the "City ") extracts groundwater from the Oxnard Subbasin for the municipal use of its residential customers and for the agricultural and industrial uses of other customers; and

WHEREAS, in September 2024, the City approved the Groundwater Recovery Enhancement and Treatment Program ("GREAT Program"), which is a collection of wastewater recycling, groundwater injection, and groundwater desalination projects and programs designed to provide local and regional water supply and quality benefits; and

WHEREAS, Phase 1 of the GREAT Program consists of several elements, including a conjunctive use program whereby the City produces and delivers approximately 2,800 AFY of recycled water from new tertiary/advanced treatment facilities to agricultural customers in the Oxnard Pumping Depression Management Area and the Saline Intrusion Management Area of the Basin in exchange for the transfer of unused allocations to be exercised by the City or UWCD for extracting groundwater from their Water Yard facilities and O-H facilities, respectively, outside of the Oxnard Pumping Depression Management Area and the Saline Intrusion Management Area

to reduce the regional effects of overdraft conditions (e.g., seawater intrusion) in the Basins (collectively, "In-Lieu Program"); and

WHEREAS, in September 2004, the City certified a final Program Environmental Impact Report ("PEIR") [on file with the City of Oxnard] that analyzed the potential environmental impacts of Phase 1 of the GREAT Program, including the In-Lieu Program; and

WHEREAS, using a 2000 UWCD model update to a 1993 United State Geological Survey groundwater flow model of the Santa Clara-Calleguas Basin, the PEIR concluded the impacts of the In-Lieu Program would be less than significant, and did not require any mitigation, because, even though extraction of transferred allocations by the City and UWCD would reduce groundwater elevations by 10 feet in both the Upper Aquifer System ("UAS") and the "Lower Aquifer System ("LAS") across the northern Oxnard Plain and Oxnard Forebay areas, the In-Lieu Program would increase groundwater elevations (2.5 feet and 10 feet in the UAS and LAS, respectively) in the southern Oxnard Plain and Pleasant Valley area and reduce overdraft conditions along the Oxnard Plain coastline (increase groundwater elevation in the UAS by 5.8 feet reduce overdraft reduction in the LAS by 4-6%); short- and long-term climatic cycles play a larger role in dictating groundwater elevations across the Oxnard Plain and Pleasant Valley areas than the In-Lieu Element; and the transfer and extraction of unused allocations by the City and UWCD would be performed pursuant with Agency ordinances and requirements designed to protect the beneficial uses of the regional groundwater resources and the safe yield of the Basins; and

WHEREAS, on June 26, 2013, the Agency approved Resolution No. 2013-02 [Attachment A], which approved the In-Lieu Program subject to conditions on the accrual and extraction of unused allocations transferred to the City, known under Resolution No. 2013-02 as Recycled Water Pumping Allocation ("RWPA"); and

WHEREAS, under Resolution No. 2013-02, the City would accrue up to 5,200 AFY of RWPA for the delivery of each acre-foot of recycled water that resulted in an acre-foot reduction of groundwater extraction from areas of the Basins more impacted by seawater intrusion; and

WHEREAS, among other conditions, Resolution No. 2013-02 limited the City's extraction of "RWPA from the [Oxnard] Forebay when evacuated groundwater from storage in the [Oxnard] Forebay reaches 80,000 acre-feet (as regularly determined by UWCD), or groundwater levels in the [Oxnard] Forebay reach 19 feet above mean sea level" unless otherwise authorized by meetings of the Agency, the City, UWCD, and Pleasant Valley County Water District; and

WHEREAS, the Resolution No. 2013-02 conditions were based on a Recycled Water Impact Analysis ("RWIA") Plan [Attachment A to Resolution No. 2013-02], prepared by UWCD, which expressed concern about the potential for RWPA extraction to result in local and regional effects along the Oxnard Plain coastline, including local and regional lowered groundwater elevations which it determined had the potential to increase seawater intrusion; and thus the RWIA Plan recommended careful monitoring and reduced pumping of RWPA, "if groundwater elevations in the [Oxnard] Forebay reach critical depletion levels (80,000 AFY of available storage or 19 feet above sea level)…and create a landward gradient that pulls seawater further into the aquifers"; and

WHEREAS, since the adoption of Resolution No. 2013-02, the City has accrued approximately 6,600 of RWPA but had been unable to extract any of it until 2023 because conditions in the Oxnard Forebay had remained below the critical depletion levels included in

Resolution No. 2013-02 and the RWIA Plan (i.e., 80,000 AF of evacuated storage or 19 feet above mean sea level); and

WHEREAS, the City has proposed modifying the In-Lieu Program to include updated estimates for its recycled water production, additional locations and water year types for RWPA extraction, and the transfer of RWPA to additional parties (other than UWCD) for their extraction of groundwater in excess of existing allocations and for them to reduce extractions that exceed allocations in prior water years; and accordingly, the City has proposed modifying Resolution No. 2013-02 to revise the provisions governing the accrual, extraction, and transfer of RWPA; and

WHEREAS, at the request of the Agency, the City requested UWCD prepare the Recycled Water Pumping Allocation Impact Analysis ("RWPA Impact Analysis") [Attachment B], which uses UWCD's peer-reviewed numerical groundwater model ("UWCD Coastal Plain Model") to evaluate the effects of seawater intrusion in the Oxnard Subbasin, to update and replace the RWIA Plan; and

WHEREAS, the RWPA Impact Analysis evaluates the potential benefits and impacts of the City's proposed modifications to the In-Lieu Program, specifically scenarios involving delivery of 1,000 AFY and 2,000 AFY of recycled water to agricultural customers in the SIMA and PDMA and the extraction of 3,000 AF to 6,000 AF of RWPA at the City's Water Yard and/or Rice Avenue facilities and/or UWCD's O-H facilities; and

WHEREAS, the RWPA Impact Analysis concludes that the City's proposed modification to the In-Lieu Program is likely to provide a net reduction in seawater intrusion along the coast of the Oxnard Subbasin, but all modeled scenarios (i.e., updated annual recycled water production estimates, extraction at additional locations, extraction in additional water year types) resulted in increased seawater intrusion in the UAS in the coastal segment at Port Hueneme, where seawater intrusion has been documented; and

WHEREAS, the RWPA Impact Analysis found that seawater intrusion along the Port Hueneme coastal segment may be potentially significant when RWPA extractions exceed 3,000 AFY; however, the RWPA Impact Analysis found that RWPA extractions between 3,000 – 6,000 AFY would be less than significant so long as such extractions occurred at the City's Rice Avenue Facilities and/or UWCD's O-H facilities and the immediately preceding three water years types are not consecutively "below normal," "dry," and/or "critical," and

WHEREAS, the Oxnard Subbasin GSP provides that nitrate concentrations in the Oxnard Forebay Management Area, which exceed water quality objectives and basin management objectives for the Oxnard Subbasin, are highly dependent on the amount of surface water diverted from the Santa Clara River, increasing during periods of dry conditions and drought; and

WHEREAS, the RWPA Impact Analysis demonstrates that the potential benefits and impacts of the City's proposed modifications to the In-Lieu Program are consistent with the findings and conclusions of the PEIR's evaluation of the 2003 In-Lieu Program's impacts and the RWIA Plan's evaluation of the 2013 In-Lieu Program's impacts; and

WHEREAS, this Resolution is intended to supersede and replace Resolution No. 2013-02 by approving the modified In-Lieu Program and providing the greatest flexibility for the extraction and transfer of RWPA consistent with the Agency's statutory obligations and responsibilities to protect, preserve, and ensure the sustainable management of the Basins.

NOW, THEREFORE, the Board of Directors of Fox Canyon Groundwater Management Agency hereby resolves, approves, and directs as follows:

1. The above recitals are true and correct and made a part of this Resolution.

2. This Resolution supersedes and restates Resolution No. 2013-02 in its entirety.

3. All RWPA accrued by the City, including RWPA accrued under Resolution No. 2013-02, shall be extracted and transferred according to this Resolution.

4. Accrual of RWPA

A. The City shall accrue one (1) AF of RWPA in any Water Year (October 1 to September 30) that it delivers recycled water that results in a corresponding AF reduction in annual groundwater extracted from wells located in the Saline Intrusion Management Area, the Oxnard Pumping Depression Management Area, and/or the Pleasant Valley Pumping Depression Management Area, as those management areas are defined by the Agency.

B. As a condition precedent to accruing RWPA, the City and the owners and operators (including UWCD) to which recycled water is delivered shall comply with the reporting and documentation requirements of Section 6.

C. No RWPA shall accrue for the delivery of recycled water to users that are not in compliance with all ordinances, resolutions, rules, and requirements of the Agency.

D. No RWPA shall accrue for the delivery of recycled water that results in the reduction of groundwater extraction that would have been subject to surcharges under an Agency ordinance.

E. No RWPA shall accrue for the delivery of recycled water that displaces UWCD surface water deliveries to those same users, when and if UWCD determines, in its discretion, that it is concurrently physically not capable of diverting that volume of surface water to UWCD recharge basins because the recharge basins and the Forebay are full.

F. No carryover allocation or any type of allocation credit shall accrue or otherwise be realized under any Agency ordinance or resolution for any extraction allocation that results in the accrual of RWPA.

5. Extraction and Transfer of RWPA

A. Up to 3,000 AFY of RWPA may be extracted and/or transferred from the Oxnard Subbasin, regardless of Water Year type (e.g., "below normal" or "dry," as those water year types are defined in the GSP for the Oxnard Subbasin and reported GSP Annual Reports published by the Agency), subject to the following conditions:

i. The City may extract and/or transfer RWPA. Only the City may transfer RWPA.

ii. RWPA may be transferred to owners and operators (including UWCD) for extraction in the current Water Year, or to reduce extractions that exceed allocations in the current Water Year or the immediately preceding Water Year.

iii. The City shall extract RWPA only from its Water Yard facilities and its Rice Avenue facilities, and UWCD shall extract RWPA only from its O-H facilities.

iv. RWPA transferred to owners and operators for extraction, and/or use to reduce extractions that exceed allocations, from wells in the Saline Intrusion Management Area and the Oxnard Pumping Depression Management Area of the Oxnard Subbasin will be reduced by a factor of 0.75 such that each AF of RWPA will only offset 0.75 AF of extractions in these management areas.

v. RWPA may be transferred only after a completed "Application for RWPA Transfer," on a form to be prepared by the Agency, completed and signed by the City and the transferee under penalty of perjury, is submitted to the Agency indicating whether the transfer is for use of RWPA in the current or immediately preceding water year and if the transferee's well(s) are in the Saline Intrusion Management Area and the Oxnard Pumping Depression Management Area of the Oxnard Subbasin. A separate "Application for RWPA Transfer" shall be completed and submitted to the Agency for each proposed transfer of RWPA (i.e., each transfer of RWPA between the City and an owner or operator).

B. Up to an additional 3,000 AFY of RWPA (3,001-6,000 AF) may be extracted from the Oxnard Subbasin subject to the following conditions:

i. RWPA subject to this Section 5.B may be extracted only by the City at its Rice Avenue facilities and/or UWCD from its O-H facilities.

ii. RWPA subject to this Section 5.B shall not be transferred.

iii. Except as authorized under Section 5.A, no RWPA shall be extracted in the current Water Year if the Agency determines that the immediately preceding three Water Years have been "below normal," "dry," and/or "critical," as those terms are defined in the GSP for the Oxnard Subbasin and reported GSP Annual Reports published by the Agency.

C. No RWPA shall be extracted by or transferred to owners or operators (including the City and UWCD) that are not in compliance with all applicable well registration and reporting ordinances and requirements of the Agency or have not paid all fees, charges, penalties, and interest due and payable to the Agency.

6. Monitoring, Reporting, and Documentation Requirements

A. Each year, by December 1, the City will report to the Agency the quantity of recycled water delivered to each owner and operator in the Saline Intrusion Management Area, the Oxnard Pumping Depression Management Area, and/or the

Pleasant Valley Pumping Depression Management Area of the Basins in the previous Water Year.

B. Each year, by December 1, each owner and operator in the Saline Intrusion Management Area, the Oxnard Pumping Depression Management Area, and/or the Pleasant Valley Pumping Depression Management Area of the Basins to which the City delivers recycled water will report to the Agency the quantity of recycled water delivered by the City to each of them in the previous Water Year.

C. The City's delivery of recycled water, and operators' reduction in groundwater extraction, shall be documented and reported on forms prepared by the Agency. All forms shall be signed by an authorized representative of the City and each operator under penalty of perjury.

D. The City shall report its extraction and/or transfer of RWPA to the Agency on semi-annual extraction reports as otherwise required under applicable Agency ordinances. The City's extraction of RWPA during any given Water Year shall not be counted against its Extraction Allocation for that Water Year.

E. Each owner and operator that extracted transferred RWPA shall report its extraction and use of RWPA to the Agency on semi-annual extraction reports as otherwise required under applicable Agency ordinances. An owner and operator's extraction of RWPA during any given Water Year shall not be counted against its Extraction Allocation for that Water Year.

F. Each year, UWCD will prepare and submit to the Agency a draft annual monitoring report of Oxnard Forebay conditions for the preceding Water Year by February 1, and a final annual monitoring report of Oxnard Forebay conditions for the preceding Water Year by April 1. The monitoring report shall include groundwater elevations, water quality monitoring, especially nitrate concentrations, and any other data that the Agency's executive officer requests that UWCD regularly monitors.

G. This Resolution and the accrual, extraction, and transfer of RWPA shall be reviewed and updated as appropriate every five (5) years in coordination with and on the same schedule as the Agency's regular GSP evaluation and update. Changes, if any, to the accrual, extraction and transfer of RWPA will be prospective. Extraction and transfer of RWPA accrued prior to the effective date of any update to this Resolution will not be altered. Any update to this Resolution shall be based on an updated technical report, using UWCD's then-current numerical groundwater flow model for the Oxnard Subbasin and Pleasant Valley Basin, that, at a minimum, examines and identifies potential impacts of continued RWPA extraction and transfer against then-current conditions and forecasts of groundwater conditions and seawater intrusion in the UAS and LAS of the Basins.

7. California Environmental Quality Act.

A. Later Activities of GREAT Program.

i. CEQA Guidelines provide that if an agency finds, pursuant to CEQA Guidelines section 15162, that no subsequent EIR would be required, then the agency can approve the activity as being within the scope of the project covered

by a program EIR, and no new environmental document would be required. (CEQA Guidelines, § 15168(c)(2).)

ii. The Agency's Board of Directors finds that the City's modified In-Lieu Program does not require preparation of a subsequent environmental impact report under CEQA Guidelines section 15162, and therefore the Agency may approve the modified In-Lieu Program as an activity with the scope of the original In-Lieu Program covered by the GREAT Program EIR, for the following reasons:

1. The City's proposed modifications to the In-Lieu Program do not require major revisions to the 2003 GREAT Program PEIR (which analyzed the original In-Lieu Program) or the 2013 RWIA Plan (which analyzed the City's first modification to the In-Lieu Program) that involve new significant environmental effects or a substantial increase in the severity of previously identified significant effects. (CEQA Guidelines, § 15168(a)(1).)

2. The geographic and climatic conditions under which the City's proposed modifications to the In-Lieu Program would be undertaken do not require major revisions of 2003 GREAT Program PEIR to account for new significant environmental effects or a substantial increase in the severity of previously identified significant effects. (CEQA Guidelines, § 15168(a)(2).)

3. The RWPA Impact Analysis shows that the City's proposed modification to the In-Lieu Program (i) will not result in one or more significant effects not discussed in the 2003 GREAT Program PEIR; (ii) will not substantially increase the severity of any significant effect shown in the 2003 GREAT Program PEIR; and (iii) does not include a feasible mitigation measure or alternative that the City have declined to accept or adopt. (CEQA Guidelines, § 15168(a)(3)(A)-(D).)

B. <u>Exemption for Natural Resources Maintenance, Restoration, and Enhancement</u>.

i. CEQA Guidelines categorically exempt projects and actions taken by regulatory agencies as authorized by state law or local ordinance to assure the maintenance, restoration, or enhancement of a natural resource where the regulatory process involves procedures for protection of the environment. (CEQA Guidelines, § 15307.)

ii. Under authority granted to it by the Act and SGMA, the Agency adopts this Resolution for the maintenance, restoration, and enhancement of the Basins, including specifically to implement a conjunctive use program that uses recycled water to offset and protect the Basins' groundwater resources and reduce the local and regional impacts of seawater intrusion.

iii. This Resolution includes provisions that will protect the groundwater supplies and groundwater quality of the Basins, including provisions requiring verification of in-lieu use prior to RWPA extraction; conditions on the

amount of RWPA that may be extracted, the location of RWPA extraction and transfers, and the water year types RWPA can be extracted and transferred.

iv. Based on the foregoing, the Agency's Board of Directors finds that the approval of this Resolution is categorically exempt from CEQA as a regulatory action to assure the maintenance, restoration, or enhancement of the Basins, where the Agency's regulatory authority hereunder includes procedures for protection of the Basins. (CEQA Guidelines, § 15307.) The Agency's executive officer shall prepare and file a notice of exemption for the adoption of this Resolution.

8. Miscellaneous.

A. The Agency retains the authority to rescind this Resolution if any lawsuit or administrative action is filed that challenges the adoption of this Resolution or any of its provisions.

B. All decisions by the Agency's executive officer under this Resolution may be reviewed by the Agency's Board of Directors if an appeal is filed with the Agency within 30 days of the date of the decision by the Agency's executive officer.

[CONTINUED ON NEXT PAGE]

Upon motion of Director Maulhardt, seconded by Director Perello, and duly carried, the Fox Canyon Groundwater Management Agency Board of Directors hereby approves and adopts this Resolution on the 25th day of October 2023 by the following vote:

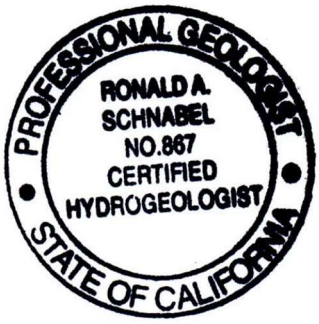
Subject: Groundwater Sustainability Plan for the Oxnard Subbasin



Dear Board of Directors:

Dudek is pleased to submit this Groundwater Sustainability Plan (GSP) for the Oxnard Subbasin to the Fox Canyon Groundwater Management Agency. This GSP was prepared this in accordance with California Code of Regulations, Title 23. Water, Division 2. Department of Water Resources, Chapter 1.5. Groundwater Management, Subchapter 2. Groundwater Sustainability Plans.

Respectfully Submitted,

Ronald Schnabel, PG #7836, CHG #867
Senior Hydrogeologist

EXECUTIVE SUMMARY

The Fox Canyon Groundwater Management Agency (FCGMA, or the Agency) has developed this Groundwater Sustainability Plan (GSP) for the Oxnard Subbasin (Subbasin; DWR Basin 4-004.02) of the Santa Clara River Valley Groundwater Basin (DWR Basin 4-004), in compliance with the 2014 Sustainable Groundwater Management Act (SGMA; California Water Code, Section 10720 et seq.). The purpose of this GSP is to define the conditions under which the groundwater resources of the entire Oxnard Subbasin, which support agricultural, municipal and industrial, and environmental uses, will be managed sustainably in the future.

Historical groundwater production has resulted in seawater intrusion in the five primary aquifers of the Subbasin. These aquifers have been divided into an Upper Aquifer System, which comprises the Oxnard and Mugu Aquifers, and a Lower Aquifer System, which comprises the Hueneme, Fox Canyon, and Grimes Canyon Aquifers. The average rate of groundwater production from the Upper Aquifer System between 2015 and 2017 was approximately 40,000 acre-feet per year (AFY). The average production from the Lower Aquifer System between 2015 and 2017 was approximately 29,000 AFY. Numerical groundwater simulations indicate that if these production rates were carried into the future, seawater intrusion would continue in the Subbasin and the area currently impacted by concentrations of chloride greater than 500 milligrams per liter would grow. The landward extent of this area is referred to as the *saline water impact front*.[1]

Combinations of projects and management actions were explored to estimate the rate of groundwater production that would prevent future expansion of the area of the Subbasin currently impacted by concentrations of chloride greater than 500 milligrams per liter. This rate of groundwater production is referred to as the sustainable yield. With the currently available projects and management actions, the sustainable yield of the Upper Aquifer System, was calculated to be approximately 32,000 AFY, with an uncertainty of ± 4,100 to 6,000 AFY. The sustainable yield of the Lower Aquifer System was calculated to be approximately 7,000 AFY, with an uncertainty of ± 2,300 to 3,600 AFY.

Adoption of this GSP represents the first step in achieving groundwater sustainability within the Oxnard Subbasin by 2040, as required by SGMA. Evaluation of this GSP is required at a minimum of every 5 years following submittal to the California Department of Water Resources (DWR). As part of the 5-year evaluation process, the sustainable yield for each aquifer system will be refined and adjusted. These refinements will be based on new data, additional studies undertaken to fill data gaps, and groundwater modeling. Refinements and adjustments will also be made to the minimum threshold water levels developed to avoid

[1] Sources of water high in chloride in the Oxnard Subbasin include modern-day seawater as well as non-marine brines and connate water in fine-grained sediments. Therefore, the area of the Subbasin impacted by concentrations of chloride greater than 500 milligrams per liter is referred to as the *saline water impact area*, rather than the *seawater intrusion impact area*, to reflect all the potential sources of chloride to the aquifers in this area.

undesirable results, the measurable objective water levels that account for the need to continue groundwater production during drought cycles and the associated interim milestones to help gauge progress toward sustainability over the next 20 years.

In order to minimize the pumping reductions required to achieve sustainable management of the Subbasin, investment in large-scale projects to increase water supply, provide the infrastructure to redistribute pumping, and/or directly control seawater intrusion should be investigated. Basin optimization studies, groundwater modeling, and project feasibility studies will be conducted over the next 5 years to explore practicable processes and approaches to increasing the sustainable yield of the Oxnard Subbasin.

ES.1 INTRODUCTION

The Oxnard Subbasin is a coastal alluvial groundwater subbasin, located in Ventura County, California, that is in hydrologic communication, to varying degrees, with adjoining groundwater basins to the north and east, and with the Pacific Ocean to the west and southwest. The climate is typical of coastal Southern California, with average daily temperatures ranging generally from 50°F to 78°F in summer and from 40°F to 75°F in winter. Land use on the Oxnard Plain is roughly equally divided between agricultural and urban uses. DWR has designated the 90-square-mile Subbasin as high priority and subject to critical conditions of overdraft.

Historical groundwater production in the Subbasin was first found to have induced seawater intrusion into the aquifers of the Oxnard Subbasin in the 1930s. In 1982, the California Legislature formed the FCGMA, an independent special district, to manage and protect the aquifers within its jurisdiction for the common benefit of the public and all groundwater users. Extractors within FCGMA jurisdiction are subject to the Agency's GSPs, ordinances, and policies created for the sustainable management of groundwater management actions.

Three groundwater sustainability agencies (GSAs) have jurisdiction over portions of the Subbasin. FCGMA is the GSA for the area of the Subbasin that falls within its jurisdiction. The Camrosa Water District–Oxnard Subbasin GSA has jurisdictional control over the portion of the Camrosa Water District service area in the Subbasin that is south and east of the Bailey Fault, and the Oxnard Outlying Areas GSA has jurisdictional control over portions of the Subbasin not within FCGMA or Camrosa Water District–Oxnard Subbasin GSA jurisdiction. This FCGMA GSP is the sole GSP prepared for the Subbasin, and covers the entire Subbasin, including all areas of the Subbasin outside of FCGMA's jurisdiction.

Public participation and stakeholder feedback have played a critical role in the development of this GSP. The FCGMA maintains a list of stakeholders interested in the GSP process, known as the *List of Interested Parties*. A monthly newsletter, meeting notices, and notices of GSP documents available for review were sent electronically to the List of Interested Parties. Public workshops

were held to inform stakeholders and the general public on the contents of the GSPs and to solicit feedback on that content. To further facilitate stakeholder understanding, the FCGMA Board of Directors (Board) approved release of a preliminary draft GSP for public comment in November 2017. Additionally, the FCGMA Board formed a Technical Advisory Group, which held monthly public meetings throughout the GSP development process beginning in July 2015. Updates on the development of the GSP were given at meetings of the FCGMA Board beginning in April 2015. All FCGMA Board meetings, Technical Advisory Group meetings, Board-appointed committee meetings, and Board special workshops were noticed in accordance with the Brown Act, and opportunities for public comment were provided at all FCGMA Board meetings, Technical Advisory Group meetings, Board-appointed committee meetings, and workshops.

ES.2 SUMMARY OF BASIN SETTING AND CONDITIONS

There are five commonly recognized aquifers in the Subbasin: the Oxnard, Mugu, Hueneme, Fox Canyon, and Grimes Canyon Aquifers. These aquifers are grouped into the Upper Aquifer System and the Lower Aquifer System, with the Oxnard and Mugu Aquifers composing the Upper Aquifer System and the Hueneme, Fox Canyon, and Grimes Canyon Aquifers composing the Lower Aquifer System. The majority of recharge that replenishes the Subbasin comes from surface water diversions of the Santa Clara River, which are directed to spreading basins in the Oxnard Forebay operated by the United Water Conservation District (UWCD). In the Forebay, the Upper Aquifer System rests directly on the folded and eroded upper surface of the Hueneme Aquifer and the Fox Canyon Aquifer. Elsewhere in the Subbasin, the aquifers of the Lower Aquifer System are separated from those of the Upper Aquifer System by low-permeability clay beds. A low-permeability clay cap also overlies the aquifers of the Upper Aquifer System throughout the Subbasin, except in the Forebay. Water that recharges in the Forebay is able to migrate throughout the Subbasin.

Groundwater elevations and flow directions have varied historically in the Subbasin. During periods of above average precipitation, when UWCD has been able to operate its recharge basins from the diversion of Santa Clara River water, groundwater elevations have been higher than sea level, generating a seaward-directed gradient that prevents seawater intrusion. At other times in the past, and since the onset of the drought period beginning in 2011, groundwater elevations have been below sea level, creating a landward gradient that allows for inland migration of seawater. Absolute changes in groundwater levels over cycles of drought and recovery vary both geographically and vertically within the aquifers of the Subbasin, although the general patterns of decline and recovery are similar throughout the Subbasin.

Seawater intrusion tends to occur preferentially in the vicinity of Port Hueneme and Point Mugu, where submarine canyons are close to the coast, and the onshore freshwater aquifer units are exposed in the canyon walls. The current extent of seawater intrusion varies by aquifer, but in

general the impacted area of the Subbasin lies to the south of Hueneme Road and west of Highway 1. Groundwater quality not related to seawater intrusion is also a concern in the Forebay of the Subbasin, where nitrate concentrations exceeding the water quality objectives for the Subbasin are present in the groundwater. These concentrations are likely a legacy of historical septic discharges and historical agricultural fertilizer application practices, and may also be influenced by current agricultural return flows.

The water budget for the Subbasin provides an accounting and assessment of the average annual volume of groundwater and surface water entering (i.e., inflow) and leaving (i.e., outflow) the Subbasin and enables an accounting of the cumulative change in groundwater in storage over time. UWCD developed the Ventura Regional Groundwater Flow Model, a MODFLOW numerical groundwater flow model, for the Oxnard Subbasin, the Mound Basin, the western part of the Las Posas Valley Basin, and the Pleasant Valley Basin. A peer review study of the UWCD model was conducted for this GSP. The historical groundwater budget for the Subbasin is based on the UWCD model, which had a historical base period from 1985 to 2015. During average conditions (1988, 1991, 1992, 1994, 1996, 1997, 2000, 2001, 2003, 2006, 2008, 2010, and 2011), which are defined as water years in which the precipitation in the Oxnard Subbasin was between 75% and 150% of the average annual precipitation, the net change in groundwater storage for the Upper Aquifer System without seawater intrusion was an increase in 1,856 AFY and the net change in storage without seawater intrusion in the Lower Aquifer System was a decrease of 4,196 AFY. The net seawater intrusion during these years was 4,189 AFY in the Upper Aquifer System, and 5,225 AFY in the Lower Aquifer System. Groundwater pumping during these average condition years averaged 47,080 AFY in the Upper Aquifer System and 28,893 AFY in the Lower Aquifer System.

Several model scenarios were developed to assess the future sustainable yield of the Subbasin. Each future scenario covered a 50-year timeframe, from 2020 to 2069. In two scenarios, the 2015–2017 average groundwater extraction rate was continued throughout the 50-year modeled period. The results of each of these scenarios indicated that continuing the 2015–2017 extraction rate would contribute to net seawater intrusion in both the Upper Aquifer System and Lower Aquifer System. In three additional scenarios, the groundwater production rate was decreased gradually over the first 20 years. These model scenarios indicated that reduced groundwater production from the Subbasin can eliminate net seawater intrusion in the Subbasin over periods of drought and recovery. Based on the suite of model scenarios, the sustainable yield of the Upper Aquifer System was calculated to be approximately 32,000 AFY, with an uncertainty of ± 4,100 to 6,000 AFY. The sustainable yield of the Lower Aquifer System was calculated to be approximately 7,000 AFY, with an uncertainty of ± 2,300 to 3,600 AFY.

It is anticipated that the analysis for the 5-year update to the GSP will focus on developing new water supply projects, as well as examining the potential impacts of differential extractions on the coast and inland, particularly in the Lower Aquifer System. Additional modeling is recommended for the

5-year update process to understand how changes in pumping patterns and the addition of new water supply projects can increase the overall sustainable yield of the Subbasin. As this understanding improves, projects to support increases in the overall sustainable yield can be developed.

To reflect the current understanding of the hydrogeologic characteristics of the Subbasin, and in anticipation of future management strategies the Subbasin has been divided into five management areas. These areas are the Forebay Management Area, the West Oxnard Plain Management Area, the Oxnard Pumping Depression Management Area, the Saline Intrusion Management Area, and the East Oxnard Plain Management Area. These areas are separated by hydrogeologic and water quality characteristics.

ES.3 OVERVIEW OF SUSTAINABILITY CRITERIA

The sustainability goal in the Subbasin is to increase groundwater elevations inland of the Pacific coast in the aquifers that compose the Upper Aquifer System and the Lower Aquifer System to elevations that will prevent the long-term, or climatic cycle net (net), landward migration of the area currently impacted by seawater intrusion; prevent net seawater intrusion in the Upper Aquifer System; and prevent net seawater intrusion in the Lower Aquifer System.

Under SGMA, undesirable results occur when the effects caused by groundwater conditions occurring throughout the Subbasin cause significant and unreasonable impacts to any of the six sustainability indicators:

- Chronic lowering of groundwater levels
- Reduction of groundwater storage
- Seawater intrusion
- Degraded water quality
- Land subsidence
- Depletions of interconnected surface water

All six sustainability indicators are applicable to the Subbasin. Minimum thresholds and measurable objectives, which are quantitative metrics of groundwater conditions in the Subbasin, were established for the sustainability indicators determined to be a current and/or potential future undesirable result. Groundwater elevations that achieve the sustainability goal for seawater intrusion were used as a proxy for other sustainability indicators in establishing the minimum thresholds and measurable objectives. This is because if the minimum thresholds and measurable objectives for seawater intrusion are achieved, then undesirable results for the other sustainability indicators are avoided.

The measurable objective water levels for the Subbasin are the groundwater levels throughout the Subbasin, at which there is neither seawater flow into nor freshwater flow out of the Upper Aquifer System or Lower Aquifer System. If groundwater levels in the Subbasin remained at the measurable objective in perpetuity, no groundwater would flow from the aquifer systems into the Pacific Ocean, and no ocean water would flow into the aquifer systems. To allow for operational flexibility during drought periods, water levels in the Subbasin are allowed to fall below the measurable objective. In order to prevent net seawater intrusion over periods of drought and recovery, the periods during which groundwater elevations are below the measurable objective must be offset by periods when the groundwater elevations are higher than the measurable objective.

The minimum thresholds for all six sustainability indicators are groundwater levels that were selected to limit seawater intrusion and allow declines in groundwater elevations during periods of future drought to be offset by recoveries during future periods of above-average rainfall. These thresholds were tested with future groundwater model simulations. The model simulations suggest that if groundwater levels fall below the minimum threshold elevations, the Subbasin is likely to experience net landward migration of the 2015 saline water impact front after 2040. These minimum thresholds are anticipated to improve the beneficial uses of the Subbasin by limiting seawater intrusion. This allows for long-term use of groundwater supplies in the Subbasin.

Although exceedance of a minimum threshold at any given well in the Subbasin may indicate an undesirable result is occurring in the Subbasin, a single exceedance is not necessarily sufficient to indicate that Subbasin-wide conditions are causing undesirable results. Additionally, conditions in the Upper Aquifer System may differ from those in the Lower Aquifer System. Therefore, to define the conditions under which undesirable results will occur in the Subbasin, criteria were developed for each aquifer system. The Upper Aquifer System would be determined to be experiencing an undesirable result if:

- In any single monitoring event, groundwater levels in 6 of 15 identified key wells are below their respective minimum thresholds.
- The groundwater elevation at any individual key well is below the historical low water level for that well.
- The groundwater level in any individual key well is below the minimum threshold for either three consecutive monitoring events or three of five consecutive monitoring events, which occur in the spring and fall of each year.

The Lower Aquifer System would be determined to be experiencing an undesirable result if:

- In any single monitoring event, groundwater levels in 8 of 19 identified key wells are below their respective minimum thresholds.

- The groundwater elevation at any individual key well is below the historical low water level for that well.
- The groundwater level in any individual key well is below the minimum threshold for either three consecutive monitoring events or three of five consecutive monitoring events, which occur in the spring and fall of each year.

ES.4 OVERVIEW OF THE SUBBASIN MONITORING NETWORK

The overall objective of the monitoring network in the Subbasin is to track and monitor parameters that demonstrate progress toward meeting the sustainability goals. In order to accomplish this objective, the monitoring network in the Subbasin must be capable of the following:

- Monitoring changes in groundwater conditions (in six sustainability indicator categories)
- Monitoring progress toward minimum thresholds and measurable objectives
- Quantifying annual changes in water budget components

The existing network of groundwater wells includes both monitoring wells and production wells. This network is capable of delineating the groundwater conditions in the Subbasin and has been used for this purpose in the past. The current groundwater well network will be used to monitor groundwater conditions moving forward, in order to continue to assess long-term trends in groundwater elevation and groundwater quality in the Subbasin.

Although the current monitoring network is adequate to monitor groundwater conditions in the Subbasin, it can be improved as funding becomes available An additional well, or wells, in the Oxnard Pumping Depression Management Area would provide aquifer-specific groundwater elevations in an area that does not have local wells screened solely in the Mugu Aquifer or the Hueneme Aquifer, and does not have a dedicated monitoring well screened in any of the primary aquifers.

Additionally, the monitoring network in the West Oxnard Plain Management Area could be improved by adding a monitoring well to the area north of Highway 101 and south of the Oxnard Forebay, and adding a monitoring well to the area north of 6th Street and west of Ventura Road. A monitoring well north of Highway 101 and south of the Oxnard Forebay would provide for aquifer-specific water levels adjacent to the West Las Posas Management Area boundary. These groundwater levels could be used to constrain the gradient between the West Las Posas Management Area and the Subbasin. A monitoring well north of 6th Street and west of Ventura Road would help constrain groundwater gradients in the northwestern Subbasin.

There are currently no monitoring wells in the East Oxnard Plain Management Area, which has minimal known groundwater production. Addition of a monitoring well in the vicinity of Calleguas

Creek in this management area would help constrain the relationship between groundwater elevations in the East Oxnard Plain Management Area and groundwater conditions in the adjacent Oxnard Pumping Depression and Saline Intrusion Management Areas.

In addition to supplementing the existing monitoring network with new wells, monitoring can also be improved in the future by coordination of monitoring schedules to ensure that groundwater monitoring activities occur over a 2-week window during the key reporting periods and mid-March and mid-October. As funding becomes available, pressure transducers should be added to wells in the groundwater monitoring network. Pressure transducer records provide the high-temporal-resolution data that allows for a better understanding of water level dynamics in the wells related to groundwater production, groundwater management activities, and climatic influence.

In the future, to the extent possible, additional dedicated monitoring wells will be incorporated into the existing monitoring network. These wells will provide information on groundwater conditions in geographic locations where data gaps have been identified, or where a dedicated monitoring well would better represent conditions in the aquifers than a production well currently used for monitoring.

ES.5 PROJECTS AND MANAGEMENT ACTIONS

Projects and management actions have been identified to address potential impacts to beneficial uses and users of groundwater in the Subbasin resulting from groundwater production in excess of the current sustainable yield. The five projects included in this GSP were suggested by stakeholders and were reviewed by the Operations Committee of the FCGMA Board. The inclusion of these projects does not constitute a commitment by the FCGMA Board to construct or fund the projects, but rather signals that these projects were sufficiently detailed to be included in groundwater modeling efforts that examined the quantitative impacts of the projects on groundwater elevations and the sustainable yield of the Subbasin. Projects included in the GSP or any amendment thereof that increase the available supply of groundwater are necessary to meet the sustainability goal for the Subbasin in a manner that avoids adverse impacts to beneficial uses and users of groundwater within the Subbasin.

Project No. 1 – GREAT Program Advanced Water Purification Facility

Under this project, the City of Oxnard's Groundwater Recovery Enhancement and Treatment (GREAT) Program's Advanced Water Purification Facility (AWPF) could provide the Subbasin with a source of reclaimed water that can be used for landscape irrigation, agricultural, industrial process water, and groundwater recharge. The AWPF product water that will be put to use in the Subbasin is secondary wastewater effluent that is currently discharged to the Pacific Ocean. Therefore, this project provides a new source of water for use in the Subbasin.

Project No. 2 – GREAT Program Advanced Water Purification Facility Expansion Project

The purpose of the GREAT Program AWPF Expansion Project is to increase the production of high-quality recycled water within the City of Oxnard, the Subbasin, and the Pleasant Valley Basin. This project will provide additional reclaimed water for Subbasin recharge, in-lieu groundwater production, or indirect potable reuse. The AWPF Expansion Project product water that will be put to use in the Subbasin is secondary wastewater effluent that is currently discharged to the Pacific Ocean. Therefore, this project provides a new source of water for use in the Subbasin.

Project No. 3 – RiverPark–Saticoy GRRP Recycled Water Project

The RiverPark–Saticoy Groundwater Replenishment and Reuse Project (GRRP) Recycled Water Project will convey water produced by the GREAT Program AWPF Expansion Project to the Saticoy Groundwater Recharge Facility and El Rio Groundwater Recharge Facility operated by UWCD. The RiverPark–Saticoy Pipeline and the GRRP will help ensure that excess flows from the AWPF will be used for groundwater recharge and implementation of this project is expected to improve groundwater quality in the Forebay.

Project No. 4 – Freeman Expansion Project

The Freeman Expansion Project will expand the recharge facilities operated by UWCD adjacent to the Santa Clara River, to be able to accommodate diversions from the river at higher flow rates. The benefits of this project are multifold. It will provide additional recharge, improve water quality in the Forebay, and reduce pump lift, and therefore energy consumption, for municipal and agricultural pumpers.

Project No. 5 – Temporary Agricultural Land Fallowing

The Temporary Agricultural Land Fallowing Project will decrease groundwater production in the portions of the Subbasin that are susceptible to seawater intrusion. This project will benefit the Subbasin by mitigating seawater intrusion in the Subbasin and would complement a water market that is currently being developed for the Subbasin by providing an alternative method for landowners to monetize pumping allocations.

Management Action No. 1 – Reduction in Groundwater Production

The primary management action proposed under this GSP is a reduction in groundwater production from the Subbasin. FCGMA has had the authority to monitor and regulate groundwater production in the Subbasin since 1983. The primary benefit related to reduction in groundwater production is recovery of groundwater elevations that have historically allowed for seawater intrusion in the Subbasin. Reduction in groundwater production can be used to close any differential between

groundwater elevations that can be obtained through implementation of projects and the groundwater elevations necessary to prevent future net seawater intrusion in the Upper Aquifer System and the Lower Aquifer System.

FCGMA approved an ordinance to establish an allocation system for the Oxnard Subbasin and the Pleasant Valley Basin on October 23, 2019. The purpose of this ordinance is to facilitate adoption and implementation of the GSP and to ensure that the Oxnard Subbasin and the Pleasant Valley Basin are operated within their sustainable yields. It is not the purpose of the ordinance to determine or alter water right entitlements, including those that may be asserted pursuant to California Water Code Sections 1005.1, 1005.2, or 1005.4.

Management Action No. 2 – Water Market Pilot Program

A water market pilot program is currently being conducted by FCGMA as a means of increasing operational management of groundwater in the Subbasin. Analysis of the water market pilot program will be conducted and its suitability for incorporation as a management action for the Subbasin will be determined after the pilot program is completed in July 2019.

CHAPTER 1
ADMINISTRATIVE INFORMATION

1.1 PURPOSE OF THE GROUNDWATER SUSTAINABILITY PLAN

The Fox Canyon Groundwater Management Agency (FCGMA), acting as the Groundwater Sustainability Agency (GSA) for the Oxnard Subbasin of the Santa Clara River Valley Groundwater Basin (4-004; Oxnard Subbasin [Subbasin]), has developed this Groundwater Sustainability Plan (GSP) in compliance with the 2014 Sustainable Groundwater Management Act (SGMA) (California Water Code, Section 10720 et seq.). This GSP has been developed to apply to the entirety of the Oxnard Subbasin, including those portions of the Subbasin that lie outside FCGMA's jurisdictional boundary, primarily consisting of fringe areas of the Subbasin. The County of Ventura (County) and the Camrosa Water District (CWD) have each elected to act as the GSA for portions of the Subbasin not within FCGMA's jurisdiction. The County and CWD will rely on this GSP and coordinate with FCGMA as necessary to ensure that the Subbasin is sustainably managed in its entirety, in accordance with SGMA.

SGMA defines sustainable groundwater management as the management and use of groundwater in a manner that can be maintained over a 50-year planning and implementation horizon without causing undesirable results. Undesirable results are defined in SGMA and are summarized here as any of the following effects caused by groundwater conditions occurring throughout the Subbasin:[1]

- Chronic lowering of groundwater levels indicating a significant and unreasonable depletion of supply
- Significant and unreasonable reduction of groundwater storage
- Significant and unreasonable seawater intrusion
- Significant and unreasonable degraded water quality
- Significant and unreasonable land subsidence
- Depletions of interconnected surface water that have significant and unreasonable adverse impacts on beneficial uses of the surface water

As described in Chapter 2, Basin Setting, of this GSP, undesirable results within the Oxnard Subbasin are occurring with respect to significant and unreasonable reduction of groundwater storage and seawater intrusion. Portions of the Subbasin are experiencing, or under threat of experiencing, degraded water quality. Chronic lowering of groundwater levels has not occurred because declines in groundwater elevation are offset by seawater intrusion. Land subsidence has occurred historically in the Subbasin and has the potential to occur in the future if groundwater

[1] As defined in SGMA, "basin" means a groundwater basin or subbasin identified and defined in Bulletin 118 or as modified pursuant to California Water Code, Section 10720 et seq. (Basin Boundaries).

conditions are not managed sustainably. Depletions of interconnected surface water have not occurred historically in the Subbasin, because the Groundwater-Dependent Ecosystems (GDEs) in the Subbasin are supported by shallow groundwater flows that are generally separated and disconnected from the primary groundwater aquifers (see Section 1.3.2, Geography; Section 2.2.1, Geology; and Section 2.3.7, Groundwater-Dependent Ecosystems).

The purpose of this GSP is to define the conditions under which the groundwater resources of the entire Oxnard Subbasin, which support agricultural, municipal and industrial (M&I), and environmental uses, will be managed sustainably in the future. The adoption of this GSP represents the first step in achieving groundwater sustainability within the Oxnard Subbasin by 2040, as required by SGMA. Over the next 20 years, data will continue to be gathered and used to refine the estimated sustainable yield and potential paths for achieving sustainability set forth in the following chapters. As the understanding of the Subbasin improves, this GSP will be updated to reflect the new understanding of the Subbasin. This GSP outlines a plan for annual reporting and periodic (5-year) evaluations (Chapter 1); characterizes groundwater conditions, trends, and the cumulative impacts of groundwater pumping for each of the SGMA-defined sustainability indicators (Chapter 2); establishes minimum thresholds, measurable objectives and interim milestones by which sustainability can be measured and tracked (Chapter 3, Sustainable Management Criteria); outlines the monitoring network used to support and document progress toward sustainability (Chapter 4, Monitoring Networks); and identifies projects and management actions to be implemented by the GSA and/or stakeholders to minimize undesirable results (Chapter 5, Projects and Management Actions).[2] This GSP documents a viable path, determined by the GSA in collaboration with stakeholders and informed by the best available information, to achieving the sustainability goal within the Oxnard Subbasin.

1.2 AGENCY INFORMATION

1.2.1 Agency Name

Fox Canyon Groundwater Management Agency (FCGMA or Agency)

1.2.2 Agency Address

Mailing Address:

Fox Canyon Groundwater Management Agency
800 South Victoria Avenue
Ventura, California 93009-1610

[2] All references in this GSP to *minimizing*, *limiting*, or *mitigating* undesirable results means doing so in a manner that culminates in the absence of (i.e., avoidance of) undesirable results by 2040 and thereafter during the planning and implementation horizon.

Office Location:

Ventura County Government Center
Hall of Administration
800 South Victoria Avenue
Ventura, California 93009

1.2.3 Organization and Management Structure

FCGMA is governed by five Board of Directors (Board) members who represent (1) the County, (2) the United Water Conservation District (UWCD), (3) the seven mutual water companies and small water districts within the Agency (Alta Mutual Water Company, Pleasant Valley County Water District (PVCWD), Berylwood Mutual Water Company, Calleguas Municipal Water District (CMWD), CWD, Zone Mutual Water Company, and Del Norte Mutual Water Company), (4) the five incorporated cities within FCGMA (Ventura, Oxnard, Camarillo, Port Hueneme, and Moorpark), and (5) the farmers (FCGMA 2019a). Four of these Board members, representing the County, UWCD, the mutual water companies and small water districts, and the incorporated cities, are appointed by their respective organizations or groups. The representative for the farmers is appointed by the other four seated Board members from a list of candidates jointly supplied by the Ventura County Farm Bureau and the Ventura County Agricultural Association. An alternate Board member is selected by each appointing agency or group in the same manner as the regular member and acts in place of the regular member in case of absence or inability to act.

All members and alternates serve for a 2-year term of office, or until the member or alternate is no longer an eligible official of the member agency. All Board members and alternates serve on a volunteer basis and no compensation is provided for attendance at FCGMA meetings or events. Information regarding current FCGMA Board representatives can be found on the Agency's website (FCGMA 2019b).

Extractors within Oxnard Subbasin will be subject to FCGMA's GSP and any management actions created for this GSP. These actions are administered by the Agency Executive Officer, who is appointed by the FCGMA Board. The Agency Executive Officer and other FCGMA staff are provided by the County of Ventura Public Works Agency pursuant to a contract with the County of Ventura. FCGMA does not construct, operate, or maintain capital facilities but does have the authority to adopt ordinances requiring registration of groundwater wells, requiring reporting of groundwater use, regulating groundwater extractions, and requiring fees. FCGMA contracts with the County to provide staff to support FCGMA (FCGMA 2019a).

1.2.4 Plan Manager

Executive Officer of FCGMA, Jeff Pratt, PE

Mailing Address:

Fox Canyon Groundwater Management Agency
800 South Victoria Avenue
Ventura, California 93009-1610

Phone: 805.654.2073

Email: Jeff.Pratt@ventura.org

1.2.5 Legal Authority

FCGMA is an independent special district formed by the California Legislature in 1982 to manage and protect the aquifers within its jurisdiction for the common benefit of the public and all agricultural, domestic, and M&I users (FCGMA et al. 2007). FCGMA's jurisdiction was established as the area overlying the FCA and includes portions of the Oxnard Subbasin and the Las Posas Valley Basin (LPVB), the Pleasant Valley Basin (PVB), and the Arroyo Santa Rosa Valley Basin. FCGMA may adopt ordinances for the purpose of regulating, conserving, managing, and controlling the use and extraction of groundwater within its territory (FCGMA Act, Section 403).

The FCGMA Act prohibits the Agency from engaging in water supply activities normally and historically undertaken by its member agencies. Nonetheless, FCGMA may exercise the water supply powers and authorities authorized under SGMA provided the Board makes a finding that FCGMA is otherwise unable to sustainably manage the basin.

The full text of the FCGMA Act, Assembly Bill 2995, as well as amendments and additional legislation, can be accessed on the Agency's website (FCGMA 2019c). FCGMA is identified in SGMA as an agency created by statute to manage groundwater that is the exclusive GSA within its territory with powers to comply with SGMA (SGMA, Section 10723[c][1][D]). FCGMA notified the California Department of Water Resources (DWR) of its intent to undertake sustainable groundwater management under SGMA on January 26, 2015, and was granted exclusive GSA status under SGMA, Section 10723(c) (Appendix A, GSA Formation Documentation, to this GSP).

1.2.6 Groundwater Sustainability Plan Implementation and Cost Estimate

This GSP will be implemented by FCGMA, with cooperation from the Camrosa Water District–Oxnard Subbasin GSA and County for the small portion of the Subbasin outside FCGMA jurisdiction (see Section 1-3, Description of Plan Area). The following sections provide a discussion of the standards for and costs associated with GSP implementation, including annual reporting, periodic updates, monitoring protocols, and projects and management actions. Potential funding sources and mechanisms are presented along with a tentative schedule for implementing the GSP's primary components. In addition, annual reporting and 5-year evaluation procedures for the Oxnard Subbasin are described.

1.2.6.1 Standards for Plan Implementation

Annual Reporting

The GSA shall submit an annual report to DWR by April 1 of each year following the adoption of the GSP. The annual report shall include the following components for the preceding water year (23 CCR, Section 356.2):

- General information, including an executive summary and a location map depicting the basin covered by the report
- A detailed description and graphical representation of
    - Groundwater elevation data from wells identified in the monitoring network
    - Groundwater extraction for the preceding water year
    - Change in groundwater in storage
    - Surface water supply used or available for use
    - Total water use
- A description of progress toward implementing the Plan, including achieving interim milestones, and implementation of projects or management actions since the previous annual report

The description and graphical representation of groundwater elevations will include groundwater elevation contour maps for each principal aquifer in the Subbasin illustrating, at a minimum, the seasonal high and seasonal low groundwater conditions. Additionally, hydrographs of groundwater elevations and water year type using historical data to the greatest extent available, including from January 1, 2015, to current reporting year, will be included in the annual report. As described in Section 1.2.6.2, Data Collection, Validation, and Analysis, relevant data collected by

entities within the PVB are regularly provided to FCGMA and will be used to prepare the annual reports submitted to DWR.

The description and graphical representation of change in groundwater storage will include a graph depicting water year type, groundwater use, the annual change in groundwater in storage, and the cumulative change in groundwater in storage for the basin based on historical data to the greatest extent available, including from January 1, 2015, to the current reporting year.

Five-Year Evaluation

FCGMA will evaluate the GSP at least every 5 years. This 5-year evaluation will be provided as a written assessment to DWR. The assessment shall describe whether the Plan implementation, including implementation of projects and management actions, are meeting the sustainability goal in the basin. The evaluation will include the following:

- A description of current groundwater conditions for each applicable sustainability indicator relative to measurable objectives, interim milestones, and minimum thresholds
- A description of the implementation of any projects or management actions, and the effect on groundwater conditions resulting from those projects or management actions
- Revisions, if any, to the basin setting, management areas, or the identification of undesirable results and the setting of minimum thresholds and measurable objectives
- An evaluation of the basin setting in light of significant new information or changes in water use, and an explanation of any significant changes
- A description of the monitoring network within the basin, including whether data gaps exist, or any areas within the basin are represented by data that does not satisfy the requirements of the GSP Regulations (23 CCR, Sections 352.4 and 354.34[c])
- A description of significant new information that has been made available since GSP adoption, amendment, or the last 5-year assessment
- A description of relevant actions taken by the Agency, including a summary of regulations or ordinances related to the GSP
- Information describing any enforcement or legal actions taken by the Agency in furtherance of the sustainability goal for the basin
- A description of completed or proposed GSP amendments
- A summary of coordination that occurred between FCGMA and other agencies, if appropriate, in the Subbasin, as well as between FCGMA and other agencies in hydrologically connected basins

1.2.6.2 GSP Implementation Budget

The primary costs associated with implementing the GSP are anticipated to be connected with the following:

- Data collection, validation, and analysis
- Ongoing data gap analysis and assessments of priorities for filling data gaps
  - Filling of data gaps
  - Operations and maintenance
- Annual report preparation and preparation of the 5-year GSP evaluation
- Regional studies for basin optimization, groundwater modeling
- Management, administration, and other costs

Data Collection, Validation, and Analysis

FCGMA has historically obtained data from the Ventura County Watershed Protection District (VCWPD) to monitor streamflow, precipitation, groundwater elevation, and groundwater quality throughout the Oxnard Subbasin. Besides VCWPD, entities that monitor groundwater level and groundwater quality in the Oxnard Subbasin include the United Water Conservation District (UWCD), the Cities of Oxnard and Camarillo, PVCWD, and small mutual water companies. Relevant data collected by these entities is regularly provided to VCWPD, and the data are shared with FCGMA for use in the FCGMA annual groundwater reports. This process will continue, but analysis will now include comparison of collected data against sustainable management criteria established by this GSP.

The majority of water level and water quality data in the Oxnard Subbasin are generated by VCWPD and UWCD. To date, this data sharing has not required expenditures from FCGMA because FCGMA did not control the location or timing of data and sample collection. The existing monitoring schedules and locations are discussed in Chapter 4, Monitoring Networks. It is anticipated that as long as the existing schedules are maintained, VCWPD will continue to host the data for the Oxnard Subbasin and FCGMA will be able to use the data for annual monitoring reports and the 5-year GSP evaluations. However, to the degree that monitoring schedules and locations will change, a cost-sharing agreement will be developed between VCWPD and FCGMA.

Data Gap Analysis and Priorities

During the initial 5-year period after the GSP is adopted, FCGMA will explore options for filling data gaps identified in this GSP. The primary data gaps identified in the historical data are spatial and temporal gaps in groundwater elevation and groundwater quality measurements.

In order to assess the priorities for filling these gaps, FCGMA plans to review options and potential costs associated with those options to direct funding toward the solutions that are needed most. One option that will be investigated would include adding pressure transducers to existing agricultural wells in the monitoring network. These transducers would record water levels at regular intervals (e.g., hourly) to determine static, or recovered, water levels. The cost for purchasing and installing transducers in agricultural wells must be assessed and incorporated into the cost of GSP implementation. As instrumentation is added to the monitoring network, the annual cost of operations and maintenance will also be factored in to the budget for GSP implementation.

In addition to assessing the need for new instrumentation, the analysis of data gaps and priorities will review the potential cost and need to substitute existing agricultural wells in the monitoring network with dedicated monitoring wells, or install monitoring wells in key areas where there are no appropriate wells to monitor. While monitoring wells are often preferred to agricultural wells, for the time being, the agricultural well data provide a link to historical data. This link is critical in assessing progress toward sustainability. Therefore, the data gap analysis and priorities assessment will review which agricultural wells may need to be substituted and which wells should be retained for ongoing historical comparison.

Annual Report Preparation and Preparation of the 5-Year Evaluation

Details of the information that will be included in the annual reports are presented in Section 1.2.6.1, Standards for Plan Implementation. It is currently anticipated that the annual reports will be produced by FCGMA staff and the costs associated with these reports will be incorporated in the annual operating budget of FCGMA.

Every fifth year of GSP implementation and whenever the GSP is amended, the GSA is required to prepare and submit an Agency Evaluation and Assessment Report to the DWR together with the annual report for that year. The tasks associated with preparing this report include updating the water budget, updating the groundwater model, and reassessing the sustainable yield, minimum thresholds, and measurable objectives (see Section 1.2.6.1). Additionally, the evaluation will provide an assessment of the pumping and groundwater conditions. It is currently anticipated that the 5-year evaluation reports will be produced by FCGMA staff with the assistance of consultants and that the costs associated with these reports will be incorporated in the annual operating budget of FCGMA.

Basin Optimization Studies, Groundwater Modeling, and Project Feasibility

During the initial 5-year period after the GSP is adopted, FCGMA will explore opportunities to optimize basin management. The work required to assess these opportunities includes implementing and supporting regional studies and groundwater modeling efforts that assess how

to maximize the sustainable yield of the Oxnard Subbasin and adjoining basins. These studies are anticipated to include more detailed feasibility studies of projects that were proposed and modeled for this GSP, as well as an investigation of how the projects will be implemented, the costs associated with project implementation, and potential cost-sharing agreements for these projects.

It should be noted that Chapter 5 of this GSP includes projects that were far enough along in development and/or implementation that meaningful information could be included about their potential to improve sustainable management of the Subbasin. Additional projects may be implemented within the next 20 years to, for example, minimize the need for pumping reductions. This GSP does not preclude future projects or existing projects that are too early in the stage of development to be included in Chapter 5 from being investigated or undergoing feasibility analysis in the coming years. Relevant information about new projects and/or updates to existing projects described in Chapter 5 will be provided in annual reports and 5-year evaluations.

Current anticipated costs for implementing projects in the Oxnard Subbasin that were analyzed as part of this GSP are presented in Table 1-1.

In addition, it is anticipated that basin optimization studies will be undertaken in the initial 5-year period after the GSP is implemented adopted to assess projects that were not included in this GSP. This assessment is expected to include an investigation of how adjustments to the location of groundwater production will minimize seawater intrusion in the Oxnard Subbasin, while maximizing the sustainable yield of the combined aquifer systems of the Oxnard Subbasin, the PVB, and the West Las Posas Management Area. Basin optimization investigations are inherently tied to groundwater modeling, which would be conducted to provide the estimated sustainable yield for all scenarios analyzed.

Lastly, as part of the project feasibility analyses, FCGMA anticipates evaluating potential revenue streams for implementing the projects required to optimize basin management. This analysis will include a review of the potential for implementing basin replenishment fees and the costs associated with proposing and passing such fees.

Cost Estimate

The estimated total GSP implementation costs are presented in Table 1-2. The starting cost for monitoring systems, coordination of data collection, obtaining data form other GSAs in the basin is estimated to be $1 million for 2020. Costs were increased annually, using a 2.8% inflation rate, from 2020 to 2040 (Table 1-2). The annual reviews to DWR are anticipated to be included as part of the operations and monitoring costs for FCGMA. The management, administration, and other costs for 2020 are based on the 2019–2020 fiscal year budget, in which these costs are estimated to be $1,455,000.

The 5-year evaluation costs are anticipated to cover the professional specialty services to evaluate and assess the GSP and perform the additional work necessary to fill data gaps and analyze projects and management actions for the Oxnard Subbasin, as well as for the PVB and LPVB. FCGMA has prepared the GSPs for the entire area of the Oxnard Subbasin, Las Posas Valley Basin, and Pleasant Valley Basin. FCGMA will be responsible for evaluating these GSPs, for each basin, every 5 years. Cost sharing for these evaluations may be investigated with the other GSAs in each basin in the future. Initial costs for the 5-year evaluation were estimated to be $100,000 per basin, with 2.8% inflation between 2020 and 2024. Costs for 2025 through 2029 were estimated to be $100,000 if the work were performed in 2020, but the costs in the budget account for 2.8% annual inflation between 2020 and 2025. Costs between 2030 and 2033 were calculated from the 2.8% annual inflation on $50,000. Subsequent years were calculated either based on 2.8% inflation on $100,000, or 2.8% inflation on $50,000, depending on whether the year included preparation of a physical report for DWR.

Finally, the estimated implementation costs include a 10% contingency on the total operating and monitoring costs, management administration and other costs, and the 5-year evaluation.

1.2.6.3 Funding Sources

In general, FCGMA plans to fund its basic operations costs using groundwater extraction charges. Surcharges for extractions in excess of an allocation may also be used in carrying out FCGMA's groundwater management functions. FCGMA collects a groundwater extraction base rate fee of $6 per acre-foot and imposes a surcharge of up to $1,961 for excess extractions. Together, these pump fees have generated more than $1 million in operating revenues each fiscal year (ending in June) between 2013 and 2016. FCGMA anticipates using this existing revenue structure, along with eventual implementation of a replenishment fee, to fund the GSP implementation and direct costs.

Under SGMA, FCGMA gained additional authority to impose regulatory fees and currently collects a sustainability of fee of $11 per acre-foot in addition to its groundwater extraction fee. The sustainability fee is projected to generate additional annual revenue of $1,375,000. The sustainability fee will increase to $14 per acre-foot in 2020 and generate an additional $375,000 in annual revenue. Upon adoption of this GSP, FCGMA will have authority to impose replenishment fees and to fund projects and management actions that can influence groundwater supply. Projects to achieve sustainability are anticipated to require funding beyond that generated by the existing extraction and sustainability fees. FCGMA anticipates working with other agencies and stakeholders to understand how individual projects will impact stakeholders and identify the most appropriate funding sources for these projects.

1.3 DESCRIPTION OF PLAN AREA

1.3.1 Description

The Oxnard Subbasin (the Subbasin; DWR Groundwater Basin 4-004.02) is a coastal alluvial subbasin of the Santa Clara River Valley Groundwater Basin (4-004). It is bounded to the east by the LPVB (4-008), the Camarillo Hills, and the PVB (4-006); to the southeast by the Santa Monica Mountains; to the west and southwest by the Pacific Ocean; and to the north by the Mound (4-004.03) and Santa Paula (4-004.04) Subbasins of the Santa Clara River Valley Groundwater Basin (Figure 1-1, Vicinity Map for the Oxnard Subbasin).

The Oxnard Subbasin is in hydrologic communication, to varying degrees, with the LPVB and PVB to the east, the Mound and Santa Paula Subbasins to the north, and the Pacific Ocean to the west and southwest.

The Oak Ridge and McGrath Faults form the boundary between the Oxnard Subbasin and the Mound and Santa Paula Subbasins to the north (DWR 2016a). The boundary between the Oxnard Subbasin and the LPVB is a jurisdictional boundary that corresponds to property lines and associated water sources. It is parallel and proximal to the surface expression of the Wright Road Fault. The boundary between the Oxnard Subbasin and the PVB is defined by a facies change between the predominantly coarse-grained sand and gravel deposits that compose the Upper Aquifer System (UAS) in the Oxnard Subbasin and finer-grained clay- and silt-rich deposits in the PVB. The southeastern boundary of the Oxnard Subbasin is the contact between permeable alluvium and semi-permeable rocks of the Santa Monica Mountains (SWRCB 1956; DWR 2016a).

The Oxnard Subbasin has historically been divided into two subareas by local practitioners (UWCD 2014). Across most of the Oxnard Plain, the main water-producing aquifers are confined beneath a low-permeability, clay-rich layer that separates the UAS from the topmost unconfined semi-perched aquifer groundwater unit. This clay layer and the semi-perched aquifer are absent in the northeastern area known as the Oxnard Forebay, and as a result, unconfined aquifer conditions exist in the UAS in this area (Figure 1-1).

In this report, to distinguish between features on the land surface and in the subsurface, the term "Oxnard Plain" will be used to refer to the geographic area overlying the Oxnard Subbasin.

Administrative Boundaries

Multiple boundaries have been used to define or manage the Subbasin (Figure 1-2, Administrative Boundaries for the Oxnard Subbasin), including the following:

1. The boundary of the Subbasin defined by DWR in its 2016 Basin Boundary Modification
2. The jurisdictional boundary of FCGMA
3. The boundaries of the Oxnard Forebay historically used by FCGMA
4. The boundary of the Oxnard Subbasin historically used by FCGMA

The boundary of the Oxnard Subbasin defined by DWR in its 2016 Basin Boundary Modification extends beyond FCGMA jurisdiction to the southeast, northwest, and northeast (Figure 1-2). The jurisdictional boundary of FCGMA was established based on a vertical projection of the interpreted extent of the FCA, as provided by the Fox Canyon Groundwater Management Agency Act (FCGMA Act) in 1982. The FCA is absent in the areas of the DWR Bulletin 118 boundaries for the Oxnard Subbasin that lie outside of FCGMA jurisdiction (Figure 1-2). The majority of the area that is outside FCGMA jurisdiction but inside the 2016 Subbasin boundary lies within the jurisdiction of the County of Ventura. The County has filed to be the GSA for the Oxnard Basin Outlying Areas (see Appendix A; Figure 1-2). The remaining area outside of FCGMA jurisdiction but within the boundary of the Subbasin currently used by DWR will be managed by CWD, which has filed to be the GSA for the Camrosa Water District–Oxnard Subbasin, which covers the portion of CWD's service area that lies within the Oxnard Subbasin (Appendix A; Figure 1-2). Table 1-3 presents a breakdown of all GSAs that intersect the boundary of the Oxnard Subbasin defined by DWR in its 2016 Basin Boundary Modification. The 2016 Basin Boundary Modification was used instead of the 2018 Basin Boundary Modification to be consistent with the groundwater model used in this GSP. The County (by Resolution 17-088) and CWD (by Resolution 17-11) have each elected to act as the GSA for portions of the Subbasin not within FCGMA's jurisdiction (Appendix A). The County and CWD will rely on this GSP and coordinate with the FCGMA, as necessary, to ensure that the Subbasin is sustainably managed in its entirety, in accordance with SGMA.

The external boundary of the Oxnard (4-004.02), Mound (4-004.03), and Santa Paula (4-004.04) Subbasins were adjusted in DWR's 2018 Basin Boundary Modification process (DWR 2019). The adjustment was made by request of the Mound Basin GSA, who notified FCGMA of the proposed change, which was ultimately approved by DWR in 2019. The purpose of the boundary change was to better align the boundaries of the Mound Subbasin, FCGMA, and the Santa Paula basin adjudication. Compared with the 2016 boundary for the Oxnard Subbasin, the 2018 Basin Boundary Modification aligned the north-northwestern border of the Subbasin with FCGMA's jurisdictional boundary, resulting in subtraction of 75.2 acres from the Subbasin near the Pacific Coastline south of the Santa Clara River, and the addition of 614.7 acres to the Subbasin in a narrow zone north of the Santa Clara River (DWR 2016a, 2019).

From a technical and sustainable management perspective, the effect of the change in area for the Oxnard Subbasin between 2016 and 2018 is negligible, because the area does not newly include or exclude representative monitoring sites or production wells and does not affect the model domain, boundary conditions, and/or other parameters used in the Ventura Regional Groundwater Flow Model. Therefore, the effect on water budget for the Subbasin would be limited to the inclusion and/or exclusion of model grid cells for inflow and outflow calculations along the northern boundary of the Subbasin. The dimension of the model grid cells (2,000 feet) is greater than the maximum change in distance between the 2016 and 2018 boundaries for the Oxnard Subbasin (1,300 feet or less), which suggests that any difference could be within the margin of error associated with the model grid resolution. Because this change represents just 0.9% of the Subbasin's total area and is an administrative rather than a scientific/technical boundary modification, and because this GSP was largely completed prior to adoption of the change in 2019, Subbasin condition information presented in this GSP reflects DWR's 2016 Basin Boundary Modification.

Land Ownership and Jurisdiction

Land within the Oxnard Subbasin is under a variety of municipal, County, state, and federal jurisdictions. The City of Oxnard and Port Hueneme are entirely encompassed by the Oxnard Subbasin. The Cities of Ventura and Camarillo lie primarily outside the Subbasin; however, the cities' outer edges are crossed by the Subbasin boundary. Land under County jurisdiction outside the incorporated cities composes the majority (55.5%) of the Subbasin's land area. State agencies that own and/or manage land within the Oxnard Subbasin include the California Department of Parks and Recreation, California State University, and California Department of Corrections and Rehabilitation. Federal land within the Subbasin consists of the Naval Base Ventura County (Naval Construction Battalion Center Port Hueneme and Point Mugu Naval Air Station), which occupies about 10% of the Subbasin's land area. Finally, The Nature Conservancy owns and manages land along the lower reach of the Santa Clara River and Ormond Beach for conservation purposes. A summary of land ownership and jurisdiction is provided in Table 1-4.

1.3.2 Geography

1.3.2.1 Surface Water and Drainage Features

The dominant surface water bodies in the Oxnard Plain are the Santa Clara River, Revolon Slough, and Calleguas Creek, all three of which drain watersheds that extend beyond the boundaries of the Subbasin. In addition, the relatively flat areas within the Cities of Oxnard and Port Hueneme are drained by several lined drains that discharge directly into the Pacific Ocean (Figure 1-3, Weather Station and Stream Gauge Locations).

The Santa Clara River is close to and generally parallels the northern boundary of the Oxnard Subbasin and discharges to the Pacific Ocean through the Santa Clara River Estuary north of the

Oxnard Subbasin. Flow in the channel infiltrates into sediments overlying the Oxnard Forebay and is a source of recharge to the aquifers in the Subbasin. In addition, UWCD, under permit, diverts surface water from the Santa Clara River at the Freeman Diversion. The diversion, which was constructed in 1991, replaced an earthen diversion that had been in place since 1928. The diversion is located upstream of the Subbasin boundary and discharges Santa Clara River water to infiltration basins overlying the Oxnard Forebay (Figure 1-3). West of the Oxnard Forebay, the Santa Clara River channel overlies a confining clay layer and does not communicate directly with the confined aquifers of the UAS and the Lower Aquifer System (LAS). In this portion of the channel (including the estuary) the semi-perched aquifer, which is located above the uppermost confining clay layer, supplies water to the Lower Santa Clara River (Section 2.1, Introduction to Basin Setting).

Revolon Slough drains the eastern portion of the Oxnard Plain and the western portions of the LPVB and PVB (which are east of the Oxnard Plain) (Figure 1-3). The drainage area of Revolon Slough includes western Camarillo. Flow in the slough is generally southward, parallel to the eastern Oxnard Subbasin boundary, until it joins with Calleguas Creek. Calleguas Creek drains the approximately 250-square-mile Calleguas Creek Watershed to the northeast of the Oxnard Subbasin and crosses the Oxnard Subbasin boundary with the PVB at the base of the Santa Monica Mountains (Figure 1-3). Within the Oxnard Subbasin, Calleguas Creek flows generally southward along the southeastern boundary of the Subbasin and discharges into the Pacific Ocean through Mugu Lagoon near Point Mugu (Figure 1-3). Recharge from surface waters into the Oxnard Subbasin is discussed in Section 2.3.6, Groundwater–Surface Water Connections.

Characterization of Flow

Streamflow records for four active and five inactive streamflow gauging stations (Figure 1-3; Table 1-5) were used to characterize flow in the Santa Clara River (Stations 708, 708A, 723, and 724), in the Revolon Slough Watershed (Stations 776, 776A, 780, and 782), and in Calleguas Creek (Station 805).

Some reaches of the Santa Clara River are typically dry in dry weather (for example, at Stations 708 and 708A; Figure 1-3). Sources of dry-weather flow to Revolon Slough include discharge from private tile drains in the Oxnard Plain. Although dry-weather flow is observed in some portions of Calleguas Creek (i.e., at Station 805), in other reaches, Calleguas Creek is dry in dry weather (VCWPD 2009). The primary sources of dry-weather flow to Calleguas Creek are two wastewater treatment plants: the Hill Canyon Wastewater Treatment Plant, operated by the City of Thousand Oaks, which discharges to Arroyo Conejo, a tributary to Arroyo Santa Rosa; and the Camarillo Sanitary District Wastewater Treatment Plant, operated by the City of Camarillo, which discharges to Conejo Creek. Both Arroyo Santa Rosa and Conejo Creek are tributaries of Calleguas Creek. Irrigation water from agriculture and/or landscaping may also serve as a source of flow in all three channels during some parts of the year.

In the Santa Clara River, the available stream flow record within the Subbasin extends from 1927 to 2014, with a gap from 1932 to 1950 (Figure 1-4, Average Daily Flows [ADF] and Monthly Minimum ADF in Oxnard Surface Waters [A]). Peak flow typically occurs between November and April of any given water year and baseflow generally falls to 0 cubic feet per second (cfs) between July and September, except in reaches above and below the Oxnard Forebay. There are some exceptions, particularly in 1980, 1983, 1993, 1998, and 2005, when flow continued through the summer months. The highest gauged flow was 92,300 cfs in March 1969 (Figure 1-4[A]).

In the Revolon Slough, the available streamflow record within the Subbasin extends from 1979 to 2014. Peak flow typically occurs between December and March of any given water year, and baseflow tends to drop to between 2 and 25 cfs between July and September. The highest gauged flow was 2,870 cfs in January 2005 (Figure 1-4[B]).

In Calleguas Creek, the available streamflow record within the Subbasin extends from 1968 to 2014. Peak flow typically occurs between December and March of any given water year, and baseflow tends to drop to between 5 and 13 cfs between July and September. The highest gauged flow was 9,686 cfs in March 1983 (Figure 1-4[C]).

To quantitatively assess changes in baseflow, all streamflow gauges were assigned a minimum average daily flow for each month of the record, and this monthly minimum was plotted in Figures 1-4(D) through 1-4(F). In Calleguas Creek, flows from 2005 to 2015 were lower than those in the 1980s and 1990s. The low flows correspond with a period of below-average rainfall associated with the recent drought. Because surface water in Calleguas Creek and its tributaries is diverted by property owners and by CWD and delivered as a water supply in lieu of groundwater pumping, decreased flow in Calleguas Creek will affect groundwater management in the Subbasin. On the Santa Clara River, decreased flows in the past 5 years have impacted artificial recharge operations and other management decisions made by UWCD.

1.3.2.2 Current, Historical, and Projected Climate

Current Climate

The climate of the Oxnard Plain is typical of coastal Southern California, with average daily temperatures ranging generally from 50°F to 78°F in summer and from 40°F to 75°F in winter, as measured at the California Irrigation Management Information System (CIMIS) weather station in Oxnard, which was active from October 2001 through April 2017 (CIMIS 2018). Typically, approximately 85% of precipitation in the Ventura County region falls between November and April (Hanson et al. 2003).

Records of rainfall were collected from VCWPD weather stations located within the boundary of the Oxnard Plain (12 active and 11 inactive; Figure 1-3, Figure 1-5 (Oxnard Plain Annual Precipitation), and Table 1-6). Annual precipitation varies from gauge to gauge (Figure 1-5 and Table 1-6).

Evaporation as pan evaporation rate is measured at one VCWPD weather station within the Oxnard Plain (Station 239, El Rio–UWCD Spreading Grounds). The Station 239 evaporation record begins in 1972 and ends in 2016. Monthly average evaporation ranges from 3.7 inches in January to 7.2 inches in July, with an average total annual evaporation of 63.0 inches.

Evapotranspiration is measured at CIMIS Station 156, located on the River Ridge Golf Course, approximately 800 feet south of the Santa Clara River and 725 feet west of North Ventura Road. The monthly average evapotranspiration calculated for data collected between 2001 and 2017 using the Penman–Monteith equation at Station 156 ranges from 2.01 inches in December to 5.12 inches in July. The average total annual evapotranspiration is 44.93 inches.

Historical Climate Trends

In order to characterize rainfall variability in the Oxnard Plain over the past century, two stations whose combined records cover the entire period were selected: Stations 032 and 168 (Figure 1-3). Station 032 (Oxnard–Water Department) is located approximately 1.5 miles east of Station 168 (Oxnard Airport). Precipitation records can vary based on several factors, including geographic location, the type of gauge used to measure precipitation, and the physical characteristics of the area surrounding a measurement site. Therefore, in order to examine how rainfall recorded at these two stations compared to the other stations, correlation coefficients (R) were calculated for the period of time in which the station records overlap. The correlation coefficients between all pairs of station records, excepting pairs that included Stations 223, 273, 412, and 503, exceeded 0.9. Stations 273, 412, and 503 have less than 8 years of overlapping data, which may explain the poorer correlation between these sites and Stations 032 and 168. The low correlation between Station 223, which is located near the southwest corner of the Oxnard Plain near Point Mugu, and Stations 032 and 168 is due in part to anomalously low values recorded at Station 223 in some years in the 1950s, 1960s, and 1970s. Because the record from Station 223 does not correlate with the records from any other station in the area, this station cannot be used to typify trends in the Oxnard Plain.

The variability in the records of precipitation measured at Stations 032 and 168 is similar to that measured at the other precipitation stations, and can be used to characterize the precipitation trends in Oxnard Plain over the 113-year period from 1903 to 2015 (Figure 1-5).

The long-term trend record was based on the record from Station 032 for the period from 1902 to 2003. After 2003, no data are available for Station 032. Therefore, from 2003 to 2016, the annual precipitation value recorded at Station 168 was used to predict a value for the location of Station

032, based on a linear regression of the annual precipitation values in the 46 years of overlap (1957–2002) in the records for Stations 032 and 168 (see formula below).

$$Station\ 032\ (inches) = 1.0127 * Station\ 168\ (inches) + 0.0011 \qquad (R^2 = 0.9766)$$

The root-mean-squared error (RMSE) between the observed annual precipitation at Station 032 and the predicted precipitation using Station 168 was 1.3 inches per year. The bias was −0.00058 inches. Thus, some uncertainty is introduced by extending the Station 032 record using Station 168. However, this slight uncertainty does not outweigh the benefit of being able to use the resulting 113-year record to characterize long-term climate trends.

Based on this long-term record, the calculated mean annual precipitation in the central Oxnard Plain is 14.4 inches (Figure 1-6, Long-Term Precipitation Trends in the Oxnard Plain). For each water year in the record, the total annual precipitation was compared to the long-term mean annual precipitation in order to calculate the cumulative departure from mean precipitation (Figure 1-6). Historical drought periods were defined as a falling limb on the cumulative departure from the mean curve (Figure 1-6). Based on the historical record, a drought in the Oxnard Plain can be defined as a period of years in which the area experiences no more than one consecutive year of above-average precipitation and at least 24 inches of cumulative precipitation deficit (see Table 1-7 and Figure 1-6).

The century-long precipitation record demonstrates that drought cycles have frequently impacted the Oxnard Plain. The average drought duration in the past century was 8.2 years, and the average cumulative rainfall deficit during the droughts was −30.25 inches. The duration of periods of average or above-average rainfall was rarely more than 10 years. In this historical context, the approximately 20-year period in the 1990s and 2000s constitutes an unusually long wet period (Figure 1-6). Consequently, planning for drought cycles in the coming decades will be an integral component of water resources management.

The FCGMA contracted and received evapotranspiration data collected at private weather stations located in the Oxnard Subbasin during the period 1992 to 2013. The number of weather stations in the Subbasin fluctuated over the years. The data collected from the private weather stations were used for determining the annual irrigation efficiency allocation during the period 1992 to 2013. These data are available from FCGMA Board Meeting Agenda packets and were reported to FCGMA on a monthly basis.

Projected Climate

The literature review conducted in support of the U.S. Bureau of Reclamation's Los Angeles Basin Stormwater Conservation Study Task 3.1 Report found that the following changes are anticipated in Southern California due to global climate change (Bureau of Reclamation 2013):

- Increased temperature (1°C to 3°C)
- Increased evaporation rate
- Decrease in annual precipitation (2% to 5%)
- Increase in extreme precipitation events

Future climate conditions were modeled for the Oxnard Subbasin using climate change factors provided by DWR. The impacts to the future water budget are discussed in more detail in Chapter 2, Basin Setting.

1.3.2.3 Historical, Current, and Projected Land Use

Historical land uses on the Oxnard Plain were determined based on review of data from the Southern California Association of Governments (SCAG), which has mapped more than 105 land use categories to a minimum 2-acre resolution for the years 1990, 1993, 2001, and 2005 (SCAG 2005). Current land uses within the Oxnard Plain were determined based on review of the General Plan land use map for Ventura County (VCPD 2015), and are shown on Figure 1-7, Land and Water Use. Existing land use patterns and trends are expected to continue, and are described based on information contained in General Plan documents.

The majority of the Oxnard Plain consists of unincorporated areas of Ventura County, though it also encompasses nearly all of the Cities of Oxnard and Port Hueneme. Land use on the Oxnard Plain consists of 47% agriculture, 47% urban uses, and 6% vacant/open space (Table 1-8). About 83% of the agricultural uses consist of orchards, cropland, and improved pasture land with the remaining 17% consisting of nurseries, horse ranches, and other uses (Table 1-8). The primary crops grown in the Oxnard Plain are strawberries, raspberries, celery, peppers, kale, cut flowers, and nursery stock (VCFB 2016). Urban and residential land uses are concentrated in Oxnard and Port Hueneme. Federal lands consist of two Naval Base Ventura County operations within the Oxnard Subbasin, Point Mugu and Port Hueneme, and the Channel Islands Air National Guard Station. The Naval Base Ventura County was formed in 2000 through the merger of Naval Air Station Point Mugu (located in the southern portion of the Oxnard Subbasin in unincorporated Ventura County) and Naval Construction Battalion Center Port Hueneme (located in the west-central part of the Oxnard Subbasin within the City of Port Hueneme along the coast). Currently, there are about 19,000 military, civilian, and contract personnel working or stationed at Naval Base Ventura County (City of Oxnard 2011).

Recreational land uses on the Oxnard Plain consist of state and local beaches, golf courses, and community parks in Oxnard and Port Hueneme. Open space (i.e., not consisting of agricultural, military, or urban uses) is limited to the Santa Clara River corridor, beaches, and lagoons. Table 1-8 shows the County General Plan land uses within the Oxnard Plain, tabulated by area in acres and by percentage of total area.

With the exception of several high-rise buildings in north Oxnard, the City of Oxnard is characterized by one- or two-story residential and commercial buildings and several industrial areas (City of Oxnard 2011). Most of Oxnard's higher-intensity development lies adjacent to primary thoroughfares, such as Highway 101, Gonzales Road, Rose Avenue, Rice Avenue, Oxnard Boulevard, Hueneme Road, Ventura Road, Victoria Avenue, and Saviers Road, and in the central business district (City of Oxnard 2011). Growth is directed into one of Oxnard's 14 Specific Plans, which are in various stages of planning or buildout. City of Oxnard projects currently in the planning, permitting, or construction stages consist of 19 residential projects (greater than 50 units), 18 commercial projects, and 6 industrial projects (City of Oxnard 2016a). The largest planned development consists of the Teal Club Specific Plan (located west of Ventura Road between Doris Avenue and Teal Club Road), where up to 990 residential units are envisioned (City of Oxnard 2016a).

In the future, agricultural preservation and open space land use policies are expected to limit the rate and reach of "greenfield" development and direct growth through infill development and zoning policies that allow higher-density and mixed-use development (VCPD 2015). Furthermore, large-scale development is highly restricted in the California Coastal Zone, so development is likely to be concentrated on the urban fringes of Oxnard and Port Hueneme that are outside the coastal zone. For unincorporated areas within the Oxnard Plain, the Ventura County General Plan Environmental Impact Report identifies the widening of roads as a potential growth-inducing effect of the General Plan land uses and policies, as well as policies that allow for the creation of substandard-sized parcels for farmworker housing complexes and an increase in allowable building coverage for farmworker housing complexes in Agricultural and Open Space designations (VCPD 2005). Demographics and population growth within the Oxnard Plain are addressed in Section 1.3.2.4.

1.3.2.4 Historical, Current, and Projected Demographics

There are several sources of population data for the Oxnard Plain, most of which are derived from decennial census counts, which last occurred in 2010. Sources of population information are as follows:

- **U.S. Census Bureau**: The U.S. Census Bureau conducts a census count every 10 years. Census data are gathered by tracts, blocks, and census-designated places. Census tracts were intersected with the Oxnard Plain boundary to determine the population overlying the

Oxnard Subbasin for 2010. Census tracts that intersected the boundaries of the Oxnard Plain were area-weighted to determine the population that falls within the Oxnard Plain.

- **City and County General Plans**: The Cities of Oxnard and Port Hueneme and the County of Ventura gather data on development, growth, and land use patterns, and make population estimates in conjunction with census data. The cities' and county's general plans and websites were reviewed for historical and current population data.
- **Southern California Association of Governments**: SCAG is the nation's largest metropolitan planning organization, representing 6 counties, 191 cities, and more than 18 million residents. SCAG produces demographics data and growth forecasts for the entire Southern California region.

At a countywide level, population growth is skewed toward incorporated cities. The population distribution within Ventura County is the result of a 1969 County–City agreement, called the Guidelines for Orderly Development, which directs urban-level development to incorporated cities in Ventura County (VCPD 2015). That agreement limits urban-level development and services within unincorporated areas. The total increase in population within unincorporated areas in Ventura County was only 1.9% from 2000 to 2010, whereas population in the cities increased by 10.4% over the same period.

Table 1-9 shows the past, current, and projected population for Ventura County, the Cities of Oxnard and Port Hueneme, and the Oxnard Plain. The population of the Oxnard Plain is estimated to have been 237,871 in 2010, based on census data. The population of the City of Oxnard is over 200,000 residents, as of 2015, with an average household size of 3.99 (City of Oxnard 2011; SCAG 2016). The City of Port Hueneme has about 22,000 residents and an average household size of 2.99 (City of Port Hueneme 2016a). The population of unincorporated areas within the Oxnard Plain is less than 10% of the total population of the Oxnard Plain.

The aforementioned population information is limited to the population that resides within the Oxnard Subbasin boundary. It should be noted that the City of Ventura overlies a portion of the Oxnard Subbasin, but this portion consists of commercial, recreational, and industrial land uses, with a negligible permanent population. The City of Ventura relies on groundwater from the Oxnard Plain for part of its groundwater supply. The population for the City of Ventura's water service area, as reported in its 2015 UWMP, is 112,412 (City of Ventura 2016).

1.4 EXISTING MONITORING AND MANAGEMENT PLANS

Over the past few decades, multiple agencies have implemented programs to monitor and manage water within the Oxnard Subbasin. Local and state agencies have worked together and with stakeholders to develop management strategies and monitoring programs. Table 1-10 and Table

1-11 summarize the monitoring and management programs, projects, and strategies that are currently in effect.

1.4.1 Monitoring Programs

Table 1-10 provides a summary of existing monitoring programs. It is subdivided into monitoring programs that are primarily for surface water and those primarily for groundwater. These monitoring programs are anticipated to continue, independent of the development of this GSP; however, the data from these programs will continue to be used to help assess groundwater conditions in the Oxnard Subbasin. Specifically, groundwater elevation data collected by VCWPD at key wells throughout the Subbasin will be compared to the minimum thresholds and measurable objective established in Chapter 3, Sustainable Management Criteria, of this GSP. VCWPD will continue to host the data for the Oxnard Subbasin and FCGMA will use the data for annual monitoring reports and the 5-year GSP evaluations (Section 1.2.6, Groundwater Sustainability Plan Implementation and Cost Estimate).

1.4.2 Management Programs

Table 1-11 provides a summary of management programs, projects, and strategies. Similar to Table 1-10, it is subdivided into projects that address primarily surface water and those that address primarily groundwater. It also contains a third category, "other," for projects that address both surface water and groundwater or an additional parameter.

Table 1-11 indicates whether each project or program is associated with conjunctive use. As used herein, "conjunctive use" applies to programs, projects, and strategies that meet the 2003 Bulletin 118 definition of the term: "Conjunctive management in its broadest definition is the coordinated and combined use of surface water and groundwater to increase the overall water supply of a region and improve the reliability of that supply" (DWR 2016a). For example, CWD provides reclaimed wastewater from the Hill Canyon WWTP diverted from Conejo Creek to its non-potable customers in the Arroyo Santa Rosa Valley Basin and the PVB and to PVCWD for delivery to agricultural users in the Oxnard Subbasin and PVB, thereby reducing the amount of groundwater pumped from these basins (FCGMA 2014a). For a description of some of the most important projects and programs, see Section 1.5, Existing Conjunctive-Use Programs.

Due to the overlapping jurisdictions of the agencies that manage groundwater resources, there are many programs that occur within the Subbasin or benefit multiple basins. Therefore, Tables 1-10 and 1-11 include a column ("Multi-Basin Program") that lists the basins in which the programs are conducted or those that benefit from each program.

1.4.3 Operational Flexibility Limitations

Operational flexibility is a key consideration in integrated water resource management because it helps water purveyors adapt to known legal, operational, and environmental constraints, and plan for an uncertain future, especially as it relates to drought resiliency and the effects of climate change. Operational flexibility can be measured over a given time horizon and/or geographic scale (e.g., water district service area) as the difference between available water supply and service area demand. Operational flexibility is maximized when a water purveyor has a large variety of sources in a water supply portfolio, when it has local control over such sources, and when such sources are connected to each other (i.e., conjunctively managed). On a general statewide scale, water purveyors are increasingly looking to minimize reliance on imported water supplies by promoting stormwater recharge, maximizing wastewater recycling, and sustainably developing local sources of water.

For the Oxnard Subbasin, water purveyors collectively draw from a combination of sources—including local surface water, groundwater, imports from the State Water Project (SWP), and increasingly, recycled water—which differ in terms of the volume available, area served, timing of peak availability, and reliability. Climate and regulatory constraints (e.g., water quality standards, water rights, and minimum environmental flows) have historically had a greater impact on the availability of surface water supplies. Groundwater sources with adequate water quality were historically limited only by the capacity of production wells accessing the aquifer until 1991, when FCGMA initiated a groundwater allocation reduction system. With the passage of SGMA and the sustainable management criteria established in this GSP (Chapter 3), once adopted, groundwater extraction will be further limited by minimum thresholds established for each sustainability indicator. FCGMA has exercised its authority to limit groundwater production since 1983, and thus has managed the basin in an effort to avoid critical overdraft. Because in 2015 the State Department of Water Resources listed the Oxnard Subbasin as being in a state of Critical Overdraft, the sustainable management criteria adopted in this GSP may limit operational flexibility by further reducing allowable groundwater production.

The GSP complements and enhances existing projects and programs currently in place to maximize beneficial use of water resources and increase operational flexibility within the Oxnard Plain and within FCGMA jurisdiction as a whole. Existing water monitoring and management activities are described in Tables 1-10 and 1-11. Because the basins are all interconnected either physically or through water sources, the opportunity for operational flexibility exists and has been used by FCGMA and local water agencies. Examples of projects that have increased operational flexibility within the Oxnard Plain include the City of Oxnard's Groundwater Recovery Enhancement and Treatment (GREAT) Program and the Oxnard–Hueneme (OH) Pipeline and the Freeman Diversion Project, both operated by UWCD (Table 1-11).

Despite the coordination of projects and programs within the Oxnard Subbasin, limits to operational flexibility remain. These limits include constraints imposed by interaction with other regulatory programs, including the federal Endangered Species Act and the Recycled Water Policy (2009, amended 2013) that was adopted by the State Water Resources Control Board. The Recycled Water Policy intends to encourage the safe use of recycled water by recognizing its benefits, establishing statewide recycled water goals and targets, clarifying regulatory agency roles and permitting approaches for various types of recycled water projects, and establishing an approach to avoid or minimize potential adverse consequences (e.g., excessive salts, nutrients, and/or constituents of emerging concern). For example, the policy requires that local water and wastewater entities prepare Salt and Nutrient Management Plans (SNMPs) for the groundwater basin in which they operate. The SNMP for the Lower Santa Clara River, which includes the Oxnard Forebay, has been accepted by the Los Angeles Regional Water Quality Control Board (LARWQCB), and the SNMP for the Oxnard Plain and Pleasant Valley Basins has been submitted to the LARWQCB (VCWPD 2015; City of Oxnard 2016b).

UWCD has prepared a Multiple Species Habitat Conservation Plan as part of its application for incidental take permits under Section 10(a)(1)(B) of the federal Endangered Species Act (UWCD 2018). The Multiple Species Habitat Conservation Plan specifies conditions under which flow diversions from the Santa Clara River would be allowed. The diverted flow at the Freeman Diversion, one of the oldest and most important sources of supply to the Oxnard Subbasin, is used to recharge groundwater and provided for in-lieu use in both the Oxnard Subbasin and the PVB. The operational flexibility provided by this project is constrained by habitat requirements for the federally endangered Southern California steelhead (*Oncorhynchus mykiss*) in the Santa Clara River. Climate fluctuations and future climate may also impact the quantity of water diverted from the Santa Clara River. Currently, the project permit limits access to flows. Water diversion is primarily during the recession of a large storm event and during conditions allowed per National Marine Fisheries Service diversion constraints.

In addition to local projects, parts of the Oxnard Plain depend on imported water from the SWP. Such supplies have been, and may continue to be, limited by climate, infrastructure, and increased commitment for environmental and supply purposes (see Section 1.6.2, Urban Water Management Plans, under Calleguas Municipal Water District UWMP).

1.5 EXISTING CONJUNCTIVE-USE PROGRAMS

In the California Water Plan, DWR (2013) describes conjunctive use as follows: “Conjunctive management or conjunctive use refers to the coordinated and planned use and management of both surface water and groundwater resources to maximize the availability and reliability of water supplies in a region to meet various management objectives. Surface water and groundwater resources typically differ significantly in their availability, quality, management needs, and

development and use costs. Managing both resources together, rather than in isolation, allows water managers to use the advantages of both resources for maximum benefit. Conjunctive management thus involves the efficient use of both resources through the planned and managed operation of a groundwater basin and a surface water storage system combined through a coordinated conveyance infrastructure."

Due to the history of interagency collaboration on groundwater management within FCGMA jurisdiction on the Oxnard Plain, multiple conjunctive-use programs are currently operational. These are identified and described in Table 1-11, as introduced in Section 1.4, Existing Monitoring and Management Plans. Some of the most important of these projects and programs are described in this section. The GSP will occur in conjunction with and build upon existing and planned conjunctive use programs in the Subbasin.

UWCD Freeman Diversion Project. The UWCD Freeman Diversion Project is a critical component of water supply within the Oxnard Subbasin. Its predecessor was constructed in 1927 as a series of earthen levies that diverted water from the Santa Clara River, which were washed out and replaced after large flows. The current project, constructed in 1991, diverts on average more than 62,000 acre-feet per year (AFY). About 75% of the water diverted has been sent to spreading basins within the Oxnard Forebay for groundwater recharge. Water from the project is also delivered to the Oxnard Subbasin and PVB through the Pumping Trough Pipeline and Pleasant Valley Pipeline, which supply water for non-potable applications (see Table 2-10, Summary of Water Deliveries). The water provided by the Freeman Diversion Project offsets groundwater production in coastal areas of the Subbasin, thereby helping to alleviate seawater intrusion. One of the projects and management actions identified in this GSP (Chapter 5) would build upon the existing facilities by increasing the Freeman Diversion Project's capability to divert surface flows (by capturing higher flow rates with higher sediment loads) and by developing additional recharge capabilities (using two former gravel mines).

City of Oxnard Advanced Water Purification Facility. The City of Oxnard's Advanced Water Purification Facility (AWPF) is part of the City of Oxnard's GREAT Program, which focuses on using existing water resources more efficiently. As the key project of the GREAT Program, the AWPF provides the City with Title 22 recycled water source that can be used for landscape irrigation, agriculture, industrial process water, and groundwater recharge. The AWPF is designed to initially treat approximately 8 to 9 million gallons per day (mgd) of secondary effluent and produce 6.25 mgd (7,000 AFY) of product water for reclaimed water uses with infrastructure in place to ultimately produce 25 mgd (28,000 AFY) of product water for reuse. The main treatment processes consist of microfiltration, reverse osmosis, and ultraviolet disinfection using advanced oxidation. Several of the projects and management actions identified in this GSP (Chapter 5) could build upon the GREAT Program by expanding the AWPF's capacity, increasing utilization of the recycled water in lieu of groundwater for irrigation.

CMWD SWP Deliveries. SWP deliveries are an important source of water within the Oxnard Subbasin. Supplied by CMWD, the vast majority of SWP water is delivered to and used by the City of Oxnard, with minor amounts used by the Port Hueneme Water Agency (PHWA). CMWD treats SWP water to potable standards and delivers it to M&I customers within its service area (see Section 2.4, Water Budget, for a discussion of this in the context of the water budget, including Table 2-10). In addition, up to 5,000 AFY of the Ventura County SWP allocation may be delivered to Lake Piru and later released for percolation or diversion at the Freeman Project. Note that CMWD is a member agency of the Metropolitan Water District of Southern California (MWD), which supplies water from a number of sources, including the Colorado River. One of the management actions to be implemented by FCGMA will be to reduce groundwater extraction allocations over time to a rate that will prevent net seawater intrusion after 2040. Reduced groundwater allocations may put increased pressure on water purveyors to use the maximum SWP allocations available, which are already highly limited by climate and competing demands. However, other projects and management actions in the GSP—including temporary agricultural land fallowing, expansion of recycled water sources and reach, and better utilization of existing and new stormwater recharge facilities—are expected to minimize this potential effect.

Fox Canyon Groundwater Management Agency Programs. FCGMA has been charged with groundwater management for decades and implements several programs that encourage efficient use of groundwater, new water sources, and brackish groundwater. Most programs apply to the entire FCGMA jurisdiction, but some management programs apply to specific areas. In addition to programs and ordinances that require reporting and fees for groundwater use, FCGMA implements a groundwater storage credit program that provides groundwater credits for surface water or imported water delivered equal to the amount of water that was used in lieu of pumping groundwater and that could have been used for groundwater recharge (spreading or injection).

By Resolution 2014-01, FCGMA approved the Conejo Creek Water Pumping Program involving CWD and PVCWD using the Conejo Creek Diversion (Conejo Creek Project). The Conejo Creek Project provides for the use of recycled water produced by the Hill Canyon Wastewater Treatment Plant in Thousand Oaks within the PVCWD service area through CWD. CWD diverts recycled water discharged to Conejo Creek and delivers it to the PVCWD service area for use in lieu of pumping. The FCGMA resolution allows the PVCWD to transfer credits generated by using recycled water in lieu of groundwater pumping within its service area to CWD. If monitoring data indicate that the Subbasin will support it, the resolution provides for extraction of up to 4,500 acre-feet (AF) from CWD-owned wells in an amount equal to the volume of recycled water delivered by PVCWD in lieu of pumping. However, flows from the Hill Canyon WWTP have decreased in response to conservation programs and are expected to decrease further in the future, thus reducing the potential yield of the project. Diversions of surface water on Conejo Creek prior to 2002 were estimated to average 2,450 AFY from 1985 to 2002 (see Chapter 2 of this GSP).

FCGMA approved an ordinance to establish an allocation system for the Oxnard Subbasin and PVB on October 23, 2019. The purpose of this ordinance is to facilitate adoption and implementation of the GSP and to ensure that the Oxnard Subbasin and PVB are operated within their sustainable yields. It is not the purpose of the ordinance to determine or alter water right entitlements, including those that may be asserted pursuant to California Water Code Sections 1005.1, 1005.2, or 1005.4. A copy of this ordinance is included in Appendix A.

1.6 LAND USE ELEMENTS OR TOPIC CATEGORIES OF APPLICABLE GENERAL PLANS

SGMA requires that the GSP include a description of the consideration given to the applicable county and city general plans and the various adopted water-resources-related plans and programs and an assessment of how the GSP may affect those plans (California Water Code, Section 10727.2[g]). In addition to these elements, the GSP may include processes to review land use plans and efforts to coordinate with land use planning agencies to assess activities that potentially create risks to groundwater quality or quantity (California Water Code, Section 10727.2[g]). Several kinds of land use plans contain provisions that affect water use and sustainability within the Oxnard Subbasin. Sustainable management of the FCGMA basins and the SGMA legislation require that the provisions of these plans be considered and coordinated in the development of DWR requires that the GSP include a summary of these plans and a description of how these plans may change water demands or affect FCGMA's ability to achieve sustainability and how the GSP addresses these potential effects, and how the GSP may affect the water supply assumptions made in these plans (DWR 2016b, Sections 354.8[f] and 354.8[g]). The California Water Code requires that the GSP include processes to review land use plans and coordinate with planning agencies related to groundwater issues (California Water Code, Section 10727.2). Plan types relevant to FCGMA jurisdiction and individual basins within it include county and city General Plans and associated area-specific and community plans and urban water management plans (UWMPs). There are no agricultural water management plans applicable to the Oxnard Subbasin because none of the water purveyors serve more than 25,000 irrigated acres within the Subbasin (excluding recycled water deliveries). The CWD has a 2015 Agricultural Water Management Plan, and although the southern end of CWD's service area extends into the Oxnard Subbasin near California State University Channel Islands, its agricultural service area occurs outside the Subbasin (CWD 2017).

California state law requires that cities and counties prepare and adopt a "comprehensive long-term general plan for the physical development of the county or city" and that "elements and parts [of the plan] comprise an integrated, internally consistent and compatible statement of policies for the adopting agency" (California Government Code, Sections 65300 and 65300.5). Among the required elements of the plan is the conservation, development, and utilization of water developed in coordination with groundwater agencies such as FCGMA (California Government Code, Section 65302[d][1]).

The Urban Water Management Planning Act of 1983 requires urban water suppliers to report on water sources, deliveries, demand, and efficiency, as well as performing water shortage contingency planning. Such plans are to be updated every 5 years (in years ending in 0 and 5) and submitted to DWR. The Urban Water Management Planning Act applies both to urban retail suppliers that provide potable municipal water to more than 3,000 end users or 3,000 AFY and to urban wholesale water suppliers that provide more than 3,000 AFY at wholesale (DWR 2016c). The applicable codes have been modified multiple times to include various provisions for water-related reporting.

For more than three decades, FCGMA has participated in the management of water within its jurisdiction. Such management includes oversight of many aspects of groundwater production and use, as well as coordination with all other entities responsible for water supply and land use issues. Because of these long-term relationships, many of the plans described in this section are consistent with the goal of sustainable groundwater management over the planning and implementation horizon. Due to the high level of coordination among agencies within the Oxnard Plain and FCGMA jurisdiction, it is anticipated that water demand among land uses managed by City and County jurisdiction, as well as water customers served by water purveyors, will be monitored and managed in a manner consistent with the provisions of SGMA and this GSP.

The following sections contain a description of the land use and water management plans that are applicable to water planning within the Oxnard Plain, a discussion of the consideration given to the land use plans, and an assessment of how the GSP may affect those plans. The plans included were selected as the plans with the most salient information relating to sustainable management. However, this is not intended to be a comprehensive list; other plans that include information pertinent to water management in the Oxnard Subbasin include the City of Port Hueneme UWMP, PHWA UWMP, MWD UWMP, the City of Oxnard General Plan, and the Naval Base Ventura County Joint Land Use Study (City of Port Hueneme 2016b; PHWA 2016; MWD 2016; City of Oxnard 2011; NBVC 2015). These plans are discussed in brief in Section 1.6.3, Additional Plan Summaries.

1.6.1 General Plans

General plans are considered applicable to the GSP to the extent that they may change water demands within the Oxnard Subbasin or affect the ability of the GSA to achieve sustainable groundwater management over the planning and implementation horizon. General Plans applicable to the Oxnard Subbasin are (1) the Ventura County General Plan, (2) the City of Oxnard 2030 General Plan, and (3) the 2015 General Plan and Local Coastal Program for the City of Port Hueneme. Small parts of the City of Ventura and City of Camarillo partially overlap the Subbasin, but implementation of their general plans are expected to have a negligible effect on

implementation of the GSP within the Oxnard Subbasin. The areas of Ventura and Camarillo that extend into the Subbasin are already built out or zoned as agriculture and open space.

FCGMA staff has participated on the Ventura County General Plan Update Water Element Focus Group and continues to work with Ventura County planning staff to ensure that the GSP and the General Plan Update are mutually consistent. Furthermore, the FCGMA Board includes a representative for both the County and all the incorporated cities within FCGMA's jurisdiction, ensuring representation and coordination between the GSA, the County, and the incorporated cities.

Based on the timing of the adoption of the General Plan Update and the GSP, the GSA will be subject to the following California Government Code sections pertaining specifically to the coordination of planning and SGMA-related documents:

- California Government Code, Section 65350.5 – requires that the planning agency review and consider GSPs prior to General Plan adoption.
- California Government Code, Section 65352 – requires that prior to adoption of a General Plan Update, the legislative body must refer the plan to the GSA for review.
- California Government Code, Section 65352.5 – requires that the GSA provide the current version of the GSP to planning agencies preparing to update or adopt the General Plan.

All existing general plans and future updates undergo an analysis of environmental impacts under the California Environmental Quality Act (CEQA). In addition, all discretionary projects proposed within the Oxnard Subbasin under municipal, County, and/or state jurisdiction are required to comply with CEQA. In 2019, the Governor's Office of Planning and Research released an update to the CEQA Guidelines that included a new requirement to analyze projects for their compliance with adopted GSPs. Specifically, the applicable significance criteria include the following:

- Would the program or project substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the project may impede sustainable groundwater management of the basin?
- Would the program or project conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan?

Therefore, to the extent general plans allow growth that could have an impact on groundwater supply, such projects would be evaluated for their consistency with adopted GSPs and for whether they adversely impact the sustainable management of the Subbasin. Under CEQA, potentially significant impacts identified must be avoided or substantially minimized unless significant impacts are unavoidable, in which case the lead agency must adopt a statement of overriding considerations.

Ventura County General Plan

Plan Description

The Ventura County General Plan (VCPD 2015) applies to the County as a whole and includes area-specific plans for distinct unincorporated areas. For example, the El Rio/Del Norte Area Plan includes policies to (1) protect the Oxnard Forebay Basin and its recharge area within the El Rio/Del Norte area in order to protect groundwater resources and (2) ensure that sewage treatment facilities provide maximum feasible protection and/or enhancement of groundwater resources. The County General Plan was last amended in October 2015. However, the County Planning Department is now undertaking a comprehensive update of the plan, thereby providing an immediate opportunity for coordination between FCGMA (as the GSA) and the County Planning Department, as required by SGMA.

The comprehensive update of the County General Plan is due to be completed by mid-2020 and will have a planning horizon of 20 years.

How the Plan May Affect Sustainable Water Management

Because General Plans and the associated elements define long-term policy related to community growth, development, and land use, General Plans are integral to the implementation of sustainable water management. The County General Plan is in the process of undergoing a comprehensive update, which provides the opportunity for consistency in regard to the relevant areas of the County General Plan and the GSP. Areas where FCGMA will coordinate with the County include the following:

- The compatibility of County land use with the goals and requirements of SGMA and groundwater sustainability. This includes County programs and policies for the protection or redesignation of urban, agriculture, and open space for the purpose of reducing or adjusting groundwater use, recharge, or groundwater quality.
- The consistency of discretionary development as it pertains to the FCGMA basins' water resources.
- The development of thresholds by the County for development within available water supply limits as determined by the GSPs for the FCGMA basins.
- Coordinated water-related monitoring programs within the FCGMA basins.
- The inclusion of land subsidence, drought, and point-source pollution as "hazards," as identified in the County General Plan.
- The coordination of goals, policies, and programs of the Water Resources section of the General Plan.

- The coordination of goals, policies, and programs of the Water Resources section of the General Plan, which pertain to groundwater overdraft, environmental uses of surface water, groundwater and surface water quality, and demand management and reuse. The programs of the Water Resources section specifically address the coordination of water agencies and County support of FCGMA plans.
- The coordination of capital projects or programs proposed as part of the GSP to achieve sustainability within the FCGMA basins.
- The regulatory authority of the GSA as it relates to that of the County.

How the GSP May Impact the Water Supply Assumptions of the General Plan

Sections 1.3.1 through 1.3.3 of the General Plan (VCPD 2015) describe the goals, policies, and programs that apply to water resources. The goals outlined in Section 1.3.1 of the General Plan include monitoring water supply and quality, maintaining or restoring water quality and supply, balancing supply and demand, protection of aquifer recharge areas and protecting and restoring wetlands. The GSP includes specific provisions for each of these: the monitoring of water resources (Chapter 4), the definition and maintenance of groundwater-dependent ecosystems (wetlands), definition of sustainability as it pertains to water resources (Chapter 3), and projects and management actions by which these goals will be obtained (Chapter 5, Projects and Management Actions). The General Plan also has a resource appendix that describes in general terms the groundwater resources within Ventura County. The next time the general plan is updated, the information in the GSP will be used to provide information relevant to the groundwater resources appendix.

The General Plan policies listed in Section 1.3.2 (VCPD 2015) include provisions and requirements for discretionary development. Some of the projects of the GSP will likely constitute discretionary development and therefore require consistency with General Plan or demonstration of "overriding considerations." The GSAs within the Subbasin will encourage municipalities to consider the GSP in the implementation of each of their general plans, and incorporate groundwater management criteria, where applicable and relevant, from the GSP into future general plan updates. General Plan Section 1.3.3 lists specific programs that County divisions will support in the application of the General Plan. Programs (management actions) implemented by FCGMA as part of the GSP may be added to those supported by the General Plan.

The 1998 Save Open Space and Agricultural Resources ordinance generally requires an approval by the electorate for any General Plan Amendment that changes land use designations for agricultural, rural, or open-space-designated lands. This and similar ordinances are in effect for much of the FCGMA area, including the Cities of Camarillo, Oxnard, and Ventura and unincorporated County areas, through at least 2050 (VCPD 2015). Should implementation of the

GSP result in the conversion of agricultural, rural, or open space lands to other uses, either to accommodate GSP projects or as a result of management actions that reduce water demand, a vote of the electorate would be required.

It is not the role of a general plan to make water supply assumptions, but to take into consideration existing and anticipated water supply conditions in planning for growth. This includes FCGMA's water supply allocations, as incorporated into the 5-year UWMPs. General plan policies for all jurisdictions include provisions to maximize water conservation for both indoor use and outdoor irrigation/landscaping. Furthermore, the areas zoned for development are generally already built out, so growth, where it occurs, is likely to consist of redevelopment projects or small areas of new development. As all new development is subject to supply mitigation, which includes installing dual plumbing and the use of nonpotable water where feasible, any offset of or increase in the volume of water used on the land being developed or redeveloped is mitigated; land conversion and changes in land use planning are not anticipated to adversely affect implementation of the GSP. Furthermore, city and County officials make up part of the FCGMA Board, and like the SGMA process, both UWMPs and general plans are living documents subject to periodic updates and reviews.

1.6.2 Urban Water Management Plans

UWMPs are prepared by urban water suppliers every 5 years. These plans support the suppliers' long-term resource planning to ensure that adequate water supplies are available to meet existing and future water needs (California Water Code, Sections 10610–10656 and 10608). Every urban water supplier that either provides over 3,000 AF of water annually or serves more than 3,000 urban connections is required to submit a UWMP. Within UWMPs, urban water suppliers must:

- Assess the reliability of water sources over a 20-year planning time frame.
- Describe demand management measures and water shortage contingency plans.
- Report progress toward meeting a targeted 20% reduction in per-capita (per-person) urban water consumption by the year 2020.
- Discuss the use and planned use of recycled water.

The information collected from the submitted UWMPs is useful for local, regional, and statewide water planning. Besides annual review of the GSP, the 5-year evaluation interval required for GSPs under SGMA works well with the equivalent review interval for UWMPs, ensuring that information on water supply, and groundwater in particular, is updated appropriately. Water suppliers that operate groundwater wells within the jurisdiction of FCGMA and the other GSAs (County and CWD) in the Subbasin will update their water supply projections in accordance with the allocation of groundwater production available. Groundwater supply assumptions made by urban water suppliers in their 2015 UWMPs will be superseded by the groundwater allocation reduction management actions discussed in Chapter 5 of this GSP.

Calleguas Municipal Water District UWMP

Description/Summary of Agency and Plan

CMWD is an independent special district and a wholesale water provider, the service area of which includes significant parts of each of the basins and the Oxnard Subbasin within the FCGMA area (Figure 1-8, Ventura County Water Purveyors; FCGMA et al. 2007). Within the Oxnard Plain, CMWD supplies the Cities of Oxnard and Port Hueneme (Figure 1-8). It has been a member agency of MWD since 1960, and provides wholesale water to 19 retail water purveyors. CMWD supplies water mainly for M&I uses. Most of the water supplied by CMWD is water from the SWP purchased from MWD. Storage facilities available to CMWD include a surface water reservoir in Thousand Oaks and underground storage in the LPVB via the Las Posas Aquifer Storage and Recovery Project (see Table 1-11).

CMWD does not operate any wastewater treatment facilities but supports the use of recycled water through the ownership and operation of recycled water pipelines and pumping facilities. The Salinity Management Pipeline transfers salty water away from surface waters in the southwestern Ventura County region to other beneficial uses or the Pacific Ocean (Table 1-11). CMWD actively conducts water conservation programs. Such programs include rebate/incentive programs, school programs, social media campaigns, and workshops.

The UWMP, adopted June 15, 2016, has a planning horizon of 25 years. The production of the UWMP was coordinated with, and obtained information from, numerous water suppliers and management agencies, including CWD, City of Camarillo, City of Oxnard, City of Port Hueneme, City of Moorpark, Ventura County Waterworks District 1, Ventura County Waterworks District 19, FCGMA, MWD, and UWCD. CMWD notified the appropriate agencies and the public of the production of the UWMP, conducted a public hearing, and incorporated public comments prior to adopting the plan.

Coordination with SGMA and Other Agencies

The UWMP contains a section describing FCGMA and the programs that it implements (CMWD 2016, Section 6-2). The SGMA legislation and GSP requirements are also described in this section, including FCGMA's role as the GSA and its role in preparing the GSPs.

In January of 2016, the CMWD Board of Directors adopted a strategic plan, one of the provisions of which is to, "Work with FCGMA, United Water Conservation District, agricultural pumpers, purveyors, and other groundwater interests to encourage, support, and facilitate the development and implementation of groundwater sustainability plans within the service area that increase certainty in groundwater management and promote conjunctive use operations" (CMWD 2016, p. 7-13).

How the Plan May Change Water Demands within the Subbasin

Due to the extensive collaboration between FCGMA as the historical management agency and GSA and the CMWD as a major wholesale water supplier within the FCGMA basins, the UWMP incorporates and reflects water demand and sustainability issues that must be addressed under SGMA. Implementation of this GSP will require continued coordination between the many agencies and stakeholders within the Oxnard Subbasin and periodic adjustment of assumptions regarding climate, population, land use, environmental requirements, and other factors impacting water demand. The CMWD UWMP recognizes those factors and provides for adaptation where necessary.

Such adaptation includes support of Senate Bill (SB) X7-7 goals for conservation, an extensive demand management program, and participation in capital projects that provide for conjunctive use on a regional scale.

How the Plan May Affect Sustainable Groundwater Management within the Subbasin

For the reasons noted previously, the CMWD UWMP largely fosters the goals of sustainable management within the Oxnard Subbasin. Both CMWD and MWD have recognized and are pursuing remedies to improve the reliability of water supplies within their respective service areas. UWMP strategies to remediate reliability issues of water supplies include pursuing demand management programs and local water supply projects such as increased use of recycled and brackish groundwater. In regard to SWP supply reliability, MWD and CMWD support DWR in projects and strategies to increase reliability from the Sacramento/San Joaquin Delta. These programs include California WaterFix and California EcoRestore (CMWD 2016, p. 7-2).

How the GSP May Impact the Assumptions of the UWMP

The UWMP presents strategies for preparing for SWP reliability challenges, climate variability, and emergency shortages. For planning purposes, the UWMP considers demand to be the total demand within the service area after accounting for local supplies. The GSP anticipates groundwater extraction reductions for M&I and agricultural uses even if planned projects discussed in the 2015 UWMP are developed. The UWMP assumes an increase in imported normal year demand of 5% between 2020 and 2040. Therefore, the UWMP may underestimate the demand upon which supply calculations are made. The UWMP assumes future water projects and demand management measures in water demand and reliability calculations. Those assumptions may be modified by those projects and management actions included in the GSP.

United Water Conservation District UWMP (Oxnard–Hueneme Water System)

Description/Summary of Agency and Plan

UWCD is a wholesale water supplier that was established as a public agency in 1950; its predecessor agency, the Santa Clara Water Conservation District, had been in existence since 1927. UWCD is also a water conservation district established under the California Water Code. UWCD is tasked with managing, protecting, and supplying water within the Santa Clara River Valley and the Oxnard Plain. It provides potable water to several retail systems within the Oxnard Subbasin, including the City of Oxnard, PHWA, and several mutual water companies (Figure 1-8). Its service area encompasses the entire extent of the Oxnard Plain, as well as portions of the Las Posas Valley and Pleasant Valley, and part of the Santa Clara River Watershed (Figure 1-8). The UWCD UWMP applies only to the Oxnard–Hueneme Water System (OHWS) within the Oxnard Plain.

UWCD facilities include the OHWS, the Freeman Diversion, Lake Piru Reservoir, the Pumping Trough Pipeline, the Pleasant Valley Pipeline, and multiple recharge basins located in the Oxnard Forebay (see Table 1-11). Components of the OHWS include 12 extraction wells proximal to the recharge basins of the Oxnard Forebay, the El Rio Treatment Plant, and approximately 12 miles of transmission pipelines (UWCD 2016, p. 7). The OHWS supplies water mainly for residential, commercial, and industrial uses. The Pumping Trough Pipeline and Pleasant Valley Pipeline provide non-potable surface water or blended surface water and groundwater to agriculture in the central and southern portions of the Subbasin, thus offsetting groundwater pumping in the area in order to reduce the risk of seawater intrusion.

As a party to the SWP contract between Ventura County Flood Control District and DWR, UWCD purchased 1,260 AF of SWP water from Casitas Mutual Water District in 2012 and 1,890 AF of SWP water from the City of San Buenaventura in 2013. This water was released from Lake Piru into the Santa Clara River, from which it could be diverted at the Freeman Diversion, and served as a potential supply source for the OHWS (UWCD 2016, p. 17). The UWCD also routinely purchases Table A SWP water when available.

Potential UWCD projects to be implemented in the future could include the Full Advanced Treatment Program, which would entail a collaborative agreement between the City of Oxnard or another source and several agricultural entities to deliver recycled water through UWCD's Pumping Trough Pipeline and the Pleasant Valley Pipeline for agricultural users in the Oxnard Plain. A study completed by UWCD indicated that desalination opportunities may be feasible. However, such a system would not supply water to the OHWS (UWCD 2016).

As a wholesale supplier, UWCD complies with demand management requirements through metering, public education, and stakeholder outreach. All components of the OHWS are fully metered, including the 12 supply wells at the El Rio Spreading Grounds. The UWCD conducts

tours, lectures, workshops, and other outreach as part of their water conservation program. In addition, UWCD is subject to demand management and other programs instituted by FCGMA. The UWCD UWMP was adopted June 8, 2016, and included coordination with Ventura County and the Cities of Oxnard and Port Hueneme, among other entities.

Coordination with SGMA and Other Agencies

As a wholesale water provider located within the Oxnard Plain, UWCD is within the jurisdiction of, and therefore subject to the allocations and requirements of, FCGMA. A UWCD representative sits on the FCGMA Board of Directors.

UWCD conducts monitoring programs for groundwater levels, surface flow, and water quality and produces an annual report summarizing these data (Table 1-10). This information is vital for the implementation of monitoring and management programs within the Oxnard Plain. The UWCD Resolution 2014-01, adopted March 12, 2014, addresses cooperation among all of the water users within FCGMA jurisdiction and the Santa Clara River basins to undertake conservation measures, support the FCGMA emergency ordinance, and pursue alternative water supplies (UWCD 2016, Appendix E).

How the Plan May Change Water Demands within the Subbasin

Due to the high level of coordination among agencies within the Oxnard Plain and FCGMA jurisdiction, it is anticipated that water demand among users of the OHWS will be monitored and managed consistent with the provisions of SGMA and this GSP. In addition, UWCD conducts demand management programs and activities in conjunction with the other water agencies in the Oxnard Plain.

How the Plan May Affect Sustainable Groundwater Management within the Subbasin

Because UWCD takes an active role in FCGMA, the implementation of SGMA, and monitoring programs within the Oxnard Plain, this and future versions of the UWMP will continue to support sustainable groundwater management. The UWMP states that aquifer protection is mainly the responsibility of FCGMA and that, "As the designated Groundwater Sustainability Agency, FCGMA has the primary responsibility for aquifer protection … FCGMA has the legal authority to implement the GSP when adopted" (UWCD 2016, p. 34). Historically, the OHWS has had little reliance on imported water supplies and therefore is minimally subject to issues related to declining reliability of that source.

Water quality concerns within the Oxnard Subbasin include seawater intrusion, release of connate brines, nitrate concentrations, and salt accumulation. To the extent that UWCD operations allow for diversion of generally higher-quality surface water than that usually found in groundwater and

offset pumping in coastal areas, the plan fosters sustainable management with respect to water quality. Nitrate concentrations in water extracted from UWCD shallow supply wells have been found to increase during periods of drought, when artificial recharge of diverted Santa Clara River water decreases. The UWMP recommends the deepening of existing wells in the vicinity of the El Rio Spreading Grounds in order to draw water from areas with lower nitrate concentrations.

How the GSP May Impact the Assumptions of the UWMP

The UWCD UWMP assumes a 75% reduction in groundwater extractions from historical levels. Those provisions are superseded by the yields determined in this GSP (see Chapter 2). In addition, the GSP proposes minimum thresholds for water levels in coastal wells that are significantly higher than those of the recent past in order to reduce the impacts of seawater intrusion (see Section 3.4.3, Seawater Intrusion). These provisions of the GSP will impact UWCD operations within the Subbasin, including groundwater extractions from UWCD wells, and deliveries through the OHWS.

The UWMP assumes future water projects and demand management measures in water demand and reliability calculations. Those assumptions may be modified by those projects and management actions included in the GSP.

City of Oxnard UWMP

Description/Summary of Agency and Plan

The City of Oxnard was incorporated in 1903. The City of Oxnard serves as a retail water purveyor, providing potable and recycled water for commercial, industrial, residential, and agricultural use. The City of Oxnard's water service area includes the City of Oxnard and limited unincorporated areas of Ventura County. Oxnard's water supplies include imported water from CMWD, groundwater from UWCD, and groundwater produced from local wells. These sources may be blended to meet water quality requirements and to optimize for cost and supply. The City of Oxnard also operates wastewater treatment facilities for its own service area and surrounding areas. The City of Oxnard conducts a water conservation program with public information, water efficiency rebates, and water waste patrols. It is also compliant with SB X7-7, requiring a 20% reduction in per-capita urban water use by the year 2020.

As part of its water supply infrastructure, the City of Oxnard owns and operates 10 groundwater wells and 6 blending stations within the Oxnard Subbasin boundary. In 2009, as part of its GREAT Program, the City constructed the AWPF, which produces recycled water. The GREAT Program also includes brackish water desalters, one of which currently operates at a production rate of 7,500 AFY, and is planned to expand to 15,000 AFY. The AWPF now has a capacity of 7,000 AFY and its use is expected to increase as consumers are identified and pipelines are constructed. The facility recycles effluent from, and is located near, the wastewater treatment plant in the southern

part of the City of Oxnard. Consumers of this recycled water include PVCWD and some other agricultural operators. Potential consumers could include PHWA and UWCD (City of Oxnard 2015). In addition to recycling water for landscape and agricultural irrigation, the City of Oxnard plans to construct and operate an aquifer storage and recovery well program through which recycled water may be stored or extracted.

The City of Oxnard is considering future water projects, including expansion of the AWPF by 7,000 AFY for groundwater recharge and expansion of aquifer storage and recovery facilities to inject and store treated water in the LAS. A dozen or more wells may be constructed by the early 2030s as part of this program (City of Oxnard 2015). This program has the capacity to provide predictable quantities of reclaimed water to the region for a variety of conjunctive uses, without borrowing from existing sources of water. The project reclaims and reuses treated effluent that would otherwise be conveyed to the ocean.

Coordination with SGMA and Other Agencies

The UWMP was adopted June 20, 2016, and has a planning horizon of 25 years. The production of the UWMP was coordinated with, and obtained information from, numerous water suppliers and management agencies, including the CMWD, UWCD, MWD, PHWA, FCGMA, and the Ventura County Local Agency Formation Commission (LAFCo). The City of Oxnard notified the appropriate agencies and the public of the production of the UWMP, conducted a public hearing, and incorporated public comment prior to adopting the plan.

How the Plan May Change Water Demands within the Subbasin

The City of Oxnard is entirely within FCGMA jurisdiction. As such, it is subject to the FCGMA ordinances and groundwater management activities described in Table 1-11. Many of the City of Oxnard's plans for water project expansion have been developed with, and require approval by, FCGMA. Implementation of this GSP will require continued coordination between the agencies and stakeholders within the Oxnard Subbasin and periodic adjustment of assumptions regarding climate, population, land use, environmental requirements, and other factors impacting water demand. Currently, the City has a net-zero policy on new development, which requires a proposed development to provide their groundwater allocation to the City (subject to FCGMA approval) or contribute to City programs designed to offset potable water use. Because of the existing level of coordination with FCGMA, the Oxnard UWMP is not expected to affect the water demand within the Oxnard Subbasin.

How the Plan May Affect Sustainable Groundwater Management within the Subbasin

Due to the jurisdictional overlap of FCGMA and the City of Oxnard, the Oxnard UWMP largely fosters the goals of sustainable management within the Oxnard Subbasin. Because the City of

Oxnard at times relies on imported water from MWD via CMWD, the declining reliability of that supply may affect future management decisions. MWD is strategically addressing issues related to source reliability (CMWD 2016). Assumptions within the UWMP that may impact sustainable management of the basin include the continuation of current pumping allocations and the future availability of potable reuse supplies.

How the GSP May Impact the Assumptions of the UWMP

The UWMP indicates consistency with FCGMA management actions, including extraction reductions in accordance with Ordinance 8, Ordinance E, and the 100,000 acre-foot (AF) basin maximum extraction target of the 2007 FCGMA Basin Management Plan. However, the GSP contemplates reductions in groundwater extractions as compared to the historical averages and maintaining increased groundwater elevations near the coast for the management of seawater intrusion (see Chapters 2 and 3). Because the City of Oxnard is a coastal city partially dependent on groundwater extractions and UWCD supplies, its UWMP will be impacted by these GSP components. The UWMP assumes future water projects and demand management measures in water demand and reliability calculations. Those assumptions may be modified by those projects and management actions included in the GSP.

City of Ventura UWMP

Description/Summary of Agency and Plan

The City of Ventura, which was originally incorporated in 1866, is located on the Pacific Coast to the north of the Oxnard Subbasin, with a small portion of the city extending into the Subbasin. The City of Ventura Water Department (VWD), a retail water provider, supplies water to the city and several unincorporated areas of Ventura County. Parts of the city's water system are within both Casitas Municipal Water District and UWCD jurisdictions. VWD provides potable water for commercial, industrial, residential, and irrigation customers. VWD also provides recycled water for the irrigation of parks and golf courses (City of Ventura 2016).

VWD's supplies are from Lake Casitas, the Ventura River, groundwater, and reclamation facilities. Although the City of Ventura has a 10,000 AFY allocation of SWP water, there are currently no facilities by which SWP water can be delivered to the city. VWD extracts groundwater from the Oxnard Subbasin for use within the City's service area. The City's full Historical Allocation (HA) was 5,472 AFY (in 1990) and has since been adjusted by FCGMA ordinances to 4,104 AFY (a 25% reduction of HA in 2013) and 3,862 AFY (20% reduced Temporary Extraction Allocation since 2016). The City of Ventura has complied with SB X7-7, requiring 20% reduction in per-capita water use, and implements demand management programs, including a prohibition on water waste, conservation pricing, and public education.

Wells used by the City of Ventura for its municipal water supply that are located within the Oxnard Subbasin consist of three wells at the Buenaventura Golf Course (City of Ventura Well Nos. 5, 6, and 7) (City of Ventura 2016).

Coordination with SGMA and Other Agencies

The City of Ventura UWMP was adopted in June 2016, and has a planning horizon of 25 years. The production of the UWMP was coordinated with, and obtained information from, numerous water suppliers and management agencies, including FCGMA, CMWD, UWCD, City of Oxnard, and Ventura County LAFCo. The City of Ventura notified the appropriate agencies and the public of the production of the UWMP, conducted a public hearing, and incorporated public comments prior to adopting the plan.

How the Plan May Change Water Demands within the Subbasin

The City of Ventura UWMP will not likely change the water demand within the Oxnard Subbasin.

How the Plan May Affect Sustainable Groundwater Management within the Subbasin

Although the City of Ventura is located primarily outside the Oxnard Subbasin and the FCGMA area, the City extracts approximately 3,860 AFY of groundwater from the Subbasin that FCGMA has approved to be exported for use within the City's service area. To the extent that the UWMP assumes continuation of this exportation of groundwater, these continued extractions will need to be addressed as part of FCGMA's ongoing efforts to sustainably manage groundwater in the Oxnard Subbasin. However, the extraction has historically been subject to FCGMA management ordinances and will be subject to future FCGMA policies.

How the GSP May Impact the Assumptions of the UWMP

The UWMP assumes continued extractions from the Oxnard Subbasin. This assumption may be impacted by GSP management actions that reduce annual extractions within the Subbasin. These management actions would be undertaken to maintain coastal groundwater levels at higher than historic averages (see Chapters 2 and 3).

1.6.3 Additional Plan Summaries

Port Hueneme Water Agency UWMP

PHWA is a wholesale urban water supplier that delivers approximately 4,000 AFY of SWP water and groundwater to Naval Base Ventura County, the City of Port Hueneme, and the Channel Islands Beach Community Services District (PHWA 2016). Approximately 20% of the PHWA water supply is purchased SWP water from CMWD. The remaining 80% of the water supply is

groundwater, provided to PHWA by UWCD as part of a 40-year supply agreement negotiated in 1996 (PHWA 2016). PHWA does not directly pump groundwater from the Oxnard Subbasin, but relies on the groundwater produced by UWCD.

City of Port Hueneme UWMP

The City of Port Hueneme is a retail water agency that supplies approximately 1,903 AFY of SWP water and groundwater purchased from PHWA (City of Port Hueneme 2016b). The City of Port Hueneme does not directly pump groundwater in the Oxnard Subbasin (City of Port Hueneme 2016b).

Metropolitan Water District UWMP

MWD is a public agency that delivers water from the Colorado River and the SWP to its member agencies (MWD 2016). The member agencies of MWD include 14 cities, 11 municipal water districts, and 1 county water agency (MWD 2016). Relevant to water supplies in the Oxnard Basin, PHWA purchases water from CMWD, which is a member agency of MWD. MWD supplies imported water to CMWD. MWD does not directly or indirectly pump groundwater in the Oxnard Subbasin.

City of Oxnard General Plan

The City of Oxnard owns and operates a municipal water supply system, providing both imported water and local groundwater in its service area. The General Plan addresses groundwater resources in both the Infrastructure and Community Services Goals section and the Environmental Resources Goals section of the General Plan. These goals include supporting the FCGMA policies that protect, enhance, and replenish the aquifers of the Oxnard Subbasin and adhering to recommendations regarding groundwater extractions and quality from the Ventura County Regional Water Quality Planning Program (City of Oxnard 2011, Goals ICS-11.5 and ICS-11.9). Additionally, Goal ER-5 states: "well managed water supply and wastewater treatment programs that together meet expected demand, prevent groundwater overdraft, and ensure water quality" (City of Oxnard 2011). Under this goal, reducing dependence on groundwater through development of the GREAT Program is specified as supporting the policies of FCGMA (City of Oxnard 2011). Specifically, Policy ER-5.3 states "The City shall maintain a minimal dependence on Basin 4A groundwater consistent with the Groundwater Resource Encroachment and Treatment (GREAT) Program and support the policies of the Fox Canyon Groundwater Management Agency to protect, enhance, and replenish the aquifers underlying the Oxnard Plain" (City of Oxnard 2011).

The City of Oxnard General Plan includes several policies that address a range of water supply and groundwater resource issues. These include the following (City of Oxnard 2011):

- **Policies ICS-1.1 (Maintain Existing Service Levels), ICS-1.2 (Development Impacts to Existing Infrastructure), and ICS-1.3 (Funding for Public Facilities)** require the City

to plan and ensure that a variety of funding methods (including developer fees, grants, and public facility fees) are used to expand the range of public services and utilities (including water supply infrastructure) consistent with community needs.

- **Policy ICS-11.4 (GREAT Program Implementation)** requires the City to continue supporting and implementing this program as a key way to meet the City's long-term water supply needs.
- **Policies ICS-11.2 and ICS-11.7** encourage the City to continue its promotion of a variety of water conservation measures (including landscaping and low-flow fixtures) as part of all future development.
- **Policy ICS-11.6 (Sustainability of Groundwater)** calls for the continued support of the various policies of the local groundwater management agency and **Policy ICS-11.9 (Groundwater Extractions)** calls for continued adherence to the Ventura County Regional Water Quality Planning Program's recommendations regarding groundwater quality and extractions.
- **Policy ICS-11.12 (Water for Irrigation)** encourages the use of non-potable water supplies for landscape irrigation.
- **Policy ICS-11.10 (Water Supply Assessment for All Projects)** requires the preparation of water supply studies prior to the approval of future development projects.
- **Implementation Measure No. 59** requires the City to maintain and periodically update water, wastewater, and drainage infrastructure master plans to ensure that sufficient levels of infrastructure are planned for and financed in the City.

The General Plan does not contain water supply assumptions that would conflict with the sustainable management criteria or the projects and management actions proposed in this GSP. The City General Plan recognizes the existing constraints water resources that exist in supporting future development, as evidenced through its various policies encouraging development of alternative water supplies, promoting conservation and use of non-potable water, and requiring completion of water supply assessments for all projects prior to approval. In addition, the City has a net-zero policy on new development, which requires a proposed development to provide their groundwater allocation to the City (subject to FCGMA approval) or contribute to City programs designed to offset potable water use. The General Plan also includes policies that promote redevelopment of old and/or blighted areas, development of mixed-use urban villages, and/or expansion of existing business and attraction of new business. Such development and investments would undoubtedly require additional water resources to support, and implementation of this GSP is likely to increase existing limitations on water availability. However, as discussed in detail in Section 1.4.3 (Operational Flexibility Limitations) and Chapter 5 (Projects and Management Actions) of the FCGMA, the

City and other jurisdictions within the Oxnard Plain continue to implement projects that increase operational flexibility within the Oxnard Subbasin.

Naval Base Ventura County

Naval Base Ventura County (NBVC) is composed of three main operating areas (Point Mugu, Port Hueneme, and San Nicolas Island) and eight special areas. NBVC Point Mugu is located in unincorporated Ventura County, and NBVC Port Hueneme is located in the City of Port Hueneme. NBVC plays a vital role in national security missions, supporting approximately 80 tenant commands and over 20,000 direct, indirect, and induced jobs within Ventura County. Water sustainability is critical to military sustainability, resiliency, and compatibility. NBVC's primary water supply is groundwater extracted from the Forebay by UWCD, blended with imported water from the CMWD, and delivered to NBVC Port Hueneme and NBVC Point Mugu via the Oxnard Hueneme Pipeline, contracted through and in partnership with the Port Hueneme Water Agency. NBVC also operates one groundwater well on Port Hueneme with limited pumping, listed as a back-up drinking water source, and used primarily for landscaping and water system operations. NBVC groundwater use currently represents approximately 1 percent of groundwater pumped in the Oxnard Subbasin and Pleasant Valley Basin.

The Channel Islands Air National Guard Station (ANGS) shares the airfield with NBVC Point Mugu, but is housed on property owned by the United States Air Force and is located in unincorporated Ventura County. Channel Islands ANGS supports missions for both the Federal government and the State of California. Channel Islands ANGS is supported by two water sources; a groundwater well, permitted through the County of Ventura, which is used for irrigation only; and a potable water pipeline that is part of the NBVC groundwater pipeline. All permitting, reporting and other requirements are provided as a matter of comity and in support of good water management.

The SGMA provides that the federal government, appreciating the shared interest in assuring the sustainability of groundwater resources, may voluntarily agree to participate in the preparation or administration of a groundwater sustainability plan, per Water Code Section 10720.3. Recognizing this shared interest, NBVC has voluntarily engaged in the development of the GSP for the Oxnard Subbasin by FCGMA.

While welcoming federal government participation, SGMA recognizes Federal Reserve Water Rights (FRWR) as distinct from those water rights based in state law and directs that Federal Reserve Water Rights be respected in full, and in case of any conflict between federal and state law, federal law shall prevail. Water Code § 10720.3(d). SGMA also directs that the groundwater sustainability agency consider the interests of all beneficial uses and users of groundwater, listing

the federal government, including, but not limited to, the military and managers of federal lands among those interests. Water Code § 10723.2.

Under U.S. Supreme Court case law defining the FRWR, federal agencies have an implied right to water to support the primary mission for which Congress and the Federal government have designated that land, including a provision of water for growth to support that mission.[3] It is well established in the Supremacy Clause of the U.S Constitution, Article VI, Clause 2, that the Federal Government is not subject to state regulation, unless Congress clearly and unambiguously waives this sovereign immunity.

Consistent with its proactive and cooperative engagement with FCGMA, NBVC has a vested interest in participating in the SGMA effort to support a groundwater basin that achieves a sustainable yield. NBVC may voluntarily agree to an allocation under the GSP less than its full FRWR. In recognition and acknowledgment of the limits on FCGMA to regulate the federal government, any such allocation shall be directly assigned to the federal agency and shall not be subject to the requirements of any allocation ordinance, including but not limited to allocation carryovers, borrowing, transfers, reductions and/or variances and fees.

Although not subject to formal regulation under SGMA, NBVC is committed to being a good steward of water resources and to exploring partnerships that help to achieve groundwater sustainability, including projects that benefit both the Navy and the community.

Naval Base Ventura County Joint Land Use Study

The NBVC prepared a Joint Land Use Study that includes a discussion of water supply and potential impacts to Naval Base Ventura County water quality and quantity (NBVC 2015). This report, which was prepared in cooperation with the Cities of Camarillo, Oxnard, and Port Hueneme and the County of Ventura, identifies saltwater intrusion and impacts to storm drain flows as potential concerns for adequate supplies of good quality water to Naval Base Ventura County. To avoid these potential impacts, the Joint Land Use Study suggests coordination with the FCGMA GSP efforts (NBVC 2015).

1.7 WELL PERMITTING POLICIES AND PROCEDURES

The three permitting agencies requiring well permits within FCGMA jurisdiction are FCGMA, Ventura County Public Works Agency, and the City of Oxnard. The FCGMA well permit requirements pertain to the entirety of FCGMA's jurisdiction. The Ventura County ordinances do

[3] The FRWR was first recognized by the U.S. Supreme Court in the context of tribal interests (*See Winters v. United States*, 207 U.S. 564 5090 (1908)) and subsequently expanded to federal agencies (*See Cappaert v. United States*, 426 U.S. 128 (1976)), *Federal Power Commission v. Oregon*, 349 US 435 (1955)).

not preclude or supplant any other agency requirements. To construct a well within the City of Oxnard, a permit is required from both FCGMA and the City of Oxnard.

Each well permitting agency, as a minimum standard, implements California's Water Well Standards, which include requirements to avoid sources of contamination or cross-contamination, proper sealing of the upper annular space (i.e., first 50 feet), disinfection of the well following construction work, use of appropriate casing material, and other requirements. The permitting agencies require wells to meet certain setback criteria (e.g., septic system setback) and specific construction and sealing requirements. In addition, well-drilling activities are required to reduce pollution to the maximum extent practicable using best management practices such as installing a sediment basin to contain runoff, using geotextile fabric to contain sediments and drilling mud, or eliminating the use of drilling foam.

The permitting agencies monitor and enforce these standards by requiring drilling contractors with a valid C-57 license to submit permit applications for the construction, modification, reconstruction (i.e., deepening), or destruction of any well within their jurisdiction. The processing and issuance of a water well permit is currently considered a ministerial action, meaning permits are issued to drillers meeting California Water Well Standards and County sealing requirements, and notwithstanding errors in the application. Certain circumstances, however, such as when installing a well could cause the spread of contaminants to uncontaminated water zones, may prevent FCGMA from issuing a well permit.

The passage of SB 252 added Article 5, Wells in Critically Overdrafted Groundwater Basins, to Chapter 10 of the California Water Code, requiring collection of specific information for water wells proposed in critically overdrafted groundwater basins. The provisions of SB 252 are effective until January 30, 2020.

1.7.1 FCGMA

Since its inception, FCGMA has implemented multiple ordinances and policies related to the extraction and use of groundwater. FGMA did not impose a permit requirement for the Oxnard Subbasin until 2010 (Ordinance 8.2). A complete list of historical policies and ordinances is kept and updated on the FCGMA website (FCGMA 2019c). Those currently pertaining to well permits are described here.

Emergency Ordinance E, adopted April 11, 2014, in response to severe drought, declining water levels, and seawater intrusion, prohibits the issuance of permits for new groundwater wells associated with new or increased groundwater use, and limits extractions from existing wells (FCGMA 2014b). The ordinance limits groundwater extractions for M&I and agricultural users.

Ordinance E temporarily replaced the then-in-use allocation systems (HA and Baseline Allocation [BA]) for M&I well operators with a Temporary Extraction Allocation that uses average annual extractions from the base period 2003 to 2012. The ordinance sets a series of allocation reductions from the base amount to take effect beginning July 1, 2014, with a 10% reduction. The ordinance requires an additional 5% reduction every 6 months through January 2016, resulting in a total reduction of 20%.

Ordinance E requires all agricultural well operators to apply for a 25% reduced Efficiency Allocation. An Efficiency Allocation is based on a well operator demonstrating that water used for agriculturally developed land is at least 80% efficient (FCGMA 2011, Resolution No. 2011-04). Ordinance E also contains provisions for the FCGMA Board to undertake additional adjustments to irrigation allowances by resolution.

Under Emergency Ordinance E, accounts that are solely associated with domestic wells operate well(s) using a 25% reduced HA (also known as an Adjusted Historical Allocation [AHA]) and/or a BA. An HA is an average of annual extractions from the base period 1985 to 1989. A BA is associated with a parcel and is based on new development after the close of the HA base period.

Since 1983, FCGMA ordinances have required registration of wells, reporting of extractions, and payment of pumping fees. Currently, the FCGMA Ordinance Code continues these requirements. Additionally, the code (Chapter 2) requires that permits be obtained from FCGMA for new wells prior to construction. For wells installed within the FCGMA area, the applicant must subsequently obtain a permit from the Ventura County Public Works Agency or the City of Oxnard if within the City's jurisdiction. The FCGMA Ordinance Code requires the installation and maintenance of flow meters, providing proof of flowmeter accuracy, and reporting of all extractions semi-annually (Table 1-11). In 2018, FCGMA adopted an ordinance that will require all wells within the Agency to be equipped with advanced metering infrastructure telemetry by October 1, 2020.

1.7.2 Ventura County

The ordinances relating to groundwater wells in Ventura County are contained in Ventura County Ordinances, Division 4, Chapter 8, Water, Article 1 – Groundwater Conservation, Sections 4811–4828 (County of Ventura 2016). These ordinances regulate the construction, maintenance, operation, modification, and destruction of groundwater wells. Ventura County requires well permits for any construction, modification, replacement, repair, or destruction of wells. Permit requirements include "information as the Agency may deem necessary in order to determine whether underground waters will be protected" (County of Ventura 2016, Chapter 8, 4813, C8). Ventura County requires that a well permit application from FCGMA be completed and authorized prior to consideration for a Ventura County permit. Ventura County well construction or destruction activity standards are required to comply with the DWR Well Standards Bulletins Nos.

74-81 and 74-90. New water wells must be equipped with a flow meter and calibrated every 3 years; however, de minimis extractors (those producing less than 2 AFY) are exempt from this requirement. Completion logs are required for all wells, and geophysical logs are required where necessary to prevent cross contamination of pumping zones.

Section 4826 pertains to the Aquifer Protection Program, the purpose of which is to require destruction or repair of wells that are causing groundwater pollution. The provision requires annual reporting of water extractions, time of operation, static water levels, and pump test data if available. Based on these data, all wells are classified with regard to location and operational condition.

Due to pervasive drought conditions, as of October 28, 2014, Section 4826.1 prohibited the construction of new wells within the unincorporated area of Ventura County except under specific circumstances. With the initiation of SGMA, the ordinance was modified to include only basins designated as high or medium priority by DWR, which includes all of the FCGMA basins in the Oxnard Subbasin except the Arroyo Santa Rosa Valley Basin.

1.7.3 City of Oxnard

Chapter 22, Article VII, of the Oxnard City Code includes requirements for the construction, repair, modification, and destruction of wells. The City of Oxnard requires a fee and permit for the construction of water wells. Notable among the permit requirements is a statement confirming that the aquifers underlying the City of Oxnard are no longer in a state of overdraft. Applications for new wells require a public hearing and are considered by City Council (Oxnard City Code, Section 22-101). Permits are also required for the repair, modification, or destruction of existing wells.

1.7.4 Additional Well Permitting Policies and Procedures

In addition to State of California, County of Ventura, and FCGMA well permitting policies and procedures, a permit in the form of a well agreement with the City of Ventura is required to construct a well within the City of Ventura's jurisdictional boundary.

1.8 NOTIFICATION AND COMMUNICATION

1.8.1 Notification and Communication Summary

Notification and communication regarding the development of the Oxnard Subbasin GSP takes place in the following four key phases:

1. Initial Notification
2. GSP Development

3. Draft GSP Review and Comment
4. GSP Implementation

The Initial Notification was completed with the FCGMA submittal of the Notice of Intent on February 24, 2017, to the DWR to develop a GSP for the Oxnard Subbasin. The GSP Development phase included extensive outreach and engagement with the stakeholders, including beneficial users, as described in more detail in Section 1.8.3, Public Meetings Summary, and Section 1.8.6, Communication.

The Draft GSP Review and Comment phase will include the formal public comment period for the Draft GSP and response to comments, as discussed in Section 1.8.4, Summary of Comments and Responses. The GSP Implementation notification and communication period will begin once FCGMA submits the final GSP to DWR and will include engagement with the public and beneficial users regarding the progress of monitoring and reporting updates on the GSP to DWR, establishment of fees, and the development and implementation of management strategies, including projects as needed.

1.8.2 Summary of Beneficial Uses and Users

Beneficial uses of groundwater from the Oxnard Subbasin include agricultural, M&I, and environmental uses. As discussed in Section 1.3.2.3, Historical, Current, and Projected Land Use, land use on the Oxnard Plain is 47% agriculture, 47% urban, and 6% open space. Of the groundwater produced from the UAS and the LAS, approximately 60% is used for agriculture and the remaining 40% is used for M&I and urban uses. GDEs are the primary environmental users of groundwater in the Subbasin. The GDEs are connected to the semi-perched aquifer, which is separated from the underlying UAS by a clay layer throughout much of the Oxnard Subbasin, and from which there is limited groundwater production.

Beneficial users of groundwater and property interests potentially affected by the use of groundwater are described in the following paragraphs.

Surface Water Users. The primary surface water users within the Oxnard Subbasin are UWCD and CWD, which both operate conjunctive-use programs. The interests of UWCD and CWD are represented on the FCGMA Board, as discussed in Section 1.2.3, Organization and Management Structure. Consultation with UWCD and CWD staff has occurred formally and informally throughout the development of the GSP, including participation in public meetings and the Technical Advisory Group (TAG). UWCD has also contributed data from their monitoring programs. There are also environmental uses of surface water, as discussed in this section under Environmental Users. All identified surface water users in the Oxnard Subbasin were added to the interested parties list that is sent monthly electronic newsletters and meeting notices regarding the status of the GSP.

Municipal Well Operators and Public and Private Water Purveyors. There are over 40 public and private water purveyors in the Oxnard Plain, as shown on Figure 1-8. A detailed description of each purveyor is included in the VCWPD Inventory of Public and Private Water Purveyors (2006). All of the purveyors in the Oxnard Plain, including all municipal well operators, are supplied water by either UWCD or CMWD. The interests of both UWCD and CMWD are represented on the FCGMA Board, as previously discussed in Section 1.2.3. Staff from both UWCD and CMWD have provided groundwater monitoring data, have participated in public meetings, and regularly collaborate with FCGMA staff. The Cities of Oxnard and Port Hueneme also have direct representation on the FCGMA Board by the representative appointed to serve on behalf of the five incorporated cities within FCGMA jurisdiction. Several of the smaller water districts and mutuals have also participated in FCGMA public meetings and provided comments throughout the development of the GSP.

Agricultural Users. Agricultural users have been identified as key stakeholders since the creation of FCGMA in 1982 and have direct representation through one of five members on the FCGMA Board. The primary crops grown in the Oxnard Plain are strawberries, raspberries, celery, peppers, beans, cabbage, lettuce, spinach, kale, cut flowers, and nursery stock. Agricultural user interests are represented within the Oxnard Plain by the Ventura County Agricultural Commissioner, the Ventura County Farm Bureau, individual pumpers, and groups of pumpers that have organized to advocate for their interests during the GSP development process. The FCGMA Board directed staff to work with pumpers' groups on the development of proposed allocation systems that will be brought before the FCGMA Board for consideration. FCGMA maintains a database of well owners, including agricultural well owners. Email addresses in the database have been added to the list of interested parties who receive electronic newsletters regarding the status and development of the Oxnard Subbasin GSP.

Domestic Users. The majority of domestic groundwater users in the Subbasin are supplied water from a city, special district, or mutual water company. FCGMA maintains a database of well owners, including domestic well owners. Email addresses in the database have been added to the list of interested parties who receive electronic newsletters regarding the status and development of the Subbasin GSP.

Local Land Use Planning Agencies. FCGMA staff members have reached out to all local land use planning agencies with jurisdiction over the Oxnard Plain, including the County of Ventura, the City of Oxnard, and the City of Port Hueneme. The County of Ventura holds one of five seats on the FCGMA Board. The FCGMA Board also has a member appointed to represent the five incorporated cities, including the cities of Oxnard and Port Hueneme. As discussed in Section 1.6, Land Use Elements or Topic Categories of Applicable General Plans, FCGMA has established working relationships with the land use planning agencies. FCGMA staff has participated on the

Ventura County General Plan Update Water Element Focus Group and continues to work with Ventura County planning staff to ensure that the GSP and General Plan Update are consistent.

Environmental Users. Environmental users of groundwater are concentrated in the four GDEs and two potential GDEs described further in Section 2.3.7, Groundwater-Dependent Ecosystems. These GDEs include aquatic habitat, in-channel wetlands, riparian forest, and coastal marshes. FCGMA has taken steps to incorporate the interests of environmental users in the development of the GSP through appointing an environmental representative to the TAG. The TAG held a special meeting focusing on potential groundwater-dependent ecosystems and accepted comments from the public on the potential impacts to surface water bodies. There are several non-governmental organizations with missions associated with environmental water uses on the list of interested parties who receive electronic newsletters regarding the status and development of the Oxnard Subbasin GSP.

The Federal Government. As discussed in Section 1.3.2.3, the federal government is a landowner and groundwater user in the Oxnard Basin through the Naval Base Ventura County. Representatives from the U.S. Navy have been coordinating with FCGMA staff regarding the development of the GSP, have participated in FCGMA public meetings, and are on the list of interested parties who receive electronic newsletters regarding the status and development of the Oxnard Subbasin GSP.

California Native American Tribes. According to the U.S. Bureau of Indian Affairs California Tribal Homelands and Trust Land Map, updated in 2011 and available from the DWR website, the entire Oxnard Subbasin is within the Chumash Tribal/Cultural area. There are not currently any federally recognized Indian Tribes, Indian land currently or historically held in trust by the U.S. government, or smaller Reservation or Rancheria areas in the Oxnard Plain. FCGMA recognizes that the Chumash culture and associated cultural resources are important in Ventura County. Several active local groups and individuals representing the interests of tribal communities in Ventura County have been added to the list of interested parties, including representatives from the Barbareno/Ventureno Band of Mission Indians (Chumash) and the Wishtoyo Chumash Foundation. FCGMA has reached out to the DWR Southern Region Office Tribal Liaison, Jennifer Wong, and added her to the list of interested parties. The San Gabriel Band of Mission Indians has also shown an interest in the groundwater sustainability planning process and has been added to the list of interested parties.

Disadvantaged Communities. The majority of the Disadvantaged Communities (DACs) within the Oxnard Plain receive water from cities, special districts, or mutual water companies. FCGMA works closely with these water agencies and mutuals that represent the interests of the DACs. The Watersheds Coalition of Ventura County has established a DAC Involvement Committee to discuss DAC needs and project opportunities related to Integrated Regional Water Management. FCGMA staff participates in the DAC Involvement Committee. Representatives from Integrated

Regional Water Management and the DAC Involvement Committee have participated in FCGMA public meetings and are on the list of interested parties who receive electronic newsletters regarding the status and development of the Subbasin GSP.

1.8.3 Public Meetings Summary

FCGMA has been discussing the development of a GSP since March 2015. Table 1-12 lists the FCGMA public meetings in which the participants discussed or took action on the Subbasin GSP. Note that the list will be updated as additional meetings occur.

1.8.4 Summary of Comments and Responses

The FCGMA Board approved release of a Preliminary Draft GSP in January 2018, with a 90-day comment period. An evening public workshop was held on February 8, 2018, to present the Preliminary Draft GSP, answer questions, and solicit comments. Formal comments were accepted in writing only. The comments were submitted in person at the public workshop and electronically via email to fcgma-gsp@ventura.org. A total of 32 comment letters were received by FCGMA on all three GSPs. A summary of the comments was presented to the FCGMA Board at the May 23, 2018, meeting. In consideration of these comments, FCGMA completed an independent peer review of the numerical groundwater models, completed additional analysis for the water quality approach, and extended the timeline for completion of the GSP. Comments on the Preliminary Draft GSP and direction from the FCGMA Board after consideration of public comments have been incorporated in the Draft GSP.

Before completing the Draft GSP, additional information was made available to the public to enhance understanding of the technical information and processes used for the development of the Draft GSP. The following documents were posted on the FCGMA website, discussed in public FCGMA meetings, and sent to the list of interested parties in electronic newsletters:

- Minimum Thresholds and Measurable Objectives Data, March 2019
- Peer Review of the United Water Conservation District and Calleguas Municipal Water District Models for the Oxnard Subbasin, Pleasant Valley Basin, and Las Posas Valley Basin, March 2019
- Approach for GSP Modeling of Future Conditions in the Oxnard Subbasin, Pleasant Valley Basin and Las Posas Valley Basin, January 2019
- Minimum Thresholds and Measurable Objectives in the Las Posas Valley Basin, Oxnard Subbasin, and Pleasant Valley Basin, January 2019
- Assessing the Sustainable Yield of the Oxnard Subbasin, Pleasant Valley Basin, and Las Posas Valley Basin, January 2019

A public workshop was held on March 15, 2019, to discuss the estimated sustainable yield, minimum thresholds, and measurable objectives proposed for the Draft GSP. Comments received at the public workshop were incorporated into the Draft GSP. The Draft GSP was approved by the FCGMA Board and released for a 60-day public comment period on July 29, 2019, during which time FCGMA solicited formal comments on the Draft GSP.

Before completing this Final GSP, the public comments received on the Draft GSP were reviewed and where appropriate incorporated into this Final GSP. Public comments on the Draft GSP are included in Appendix A.

1.8.5 Summary of Initial Information on Relationships between State and Federal Regulatory Agencies

FCGMA has not entered into any formal agreements with the federal government regarding preparation or administration of this GSP or groundwater management pursuant to SGMA, Section 10720.3(c). The U.S. Navy is a current beneficial user of water within the Subbasin and has initiated informal coordination with FCGMA staff, including a presentation to the FCGMA Board on May 24, 2017, detailing the Navy's interests and operations related to water use within the FCGMA boundaries. There are no federally recognized Indian Tribes within the Subbasin boundaries.

FCGMA recognizes the need for both formal and informal consultation with state and federal regulatory agencies throughout the implementation of the GSP. FCGMA received a formal request from the U.S. Department of Commerce, National Oceanic and Atmospheric Administration, National Marine Fisheries Service on October 11, 2016, to be added to the list of interested parties for the development of the GSP. FCGMA has added National Marine Fisheries Service to the list of interested parties, as well as the following state and federal regulatory agencies:

- Los Angeles Regional Water Quality Control Board
- U.S. Fish and Wildlife Service
- California Department of Fish and Wildlife
- California Department of Water Resources

1.8.6 Communication

A public outreach and engagement plan was developed for all of the GSPs that FCGMA is developing (included as Appendix B to this GSP). The purpose of the public outreach and engagement plan was to create a common understanding and transparency throughout the groundwater sustainability planning process, including fulfilling the requirements of SGMA as described in DWR 2016b, Section 354.10.d. The public outreach and engagement plan discusses the FCGMA decision-making process; identifies opportunities for public engagement and

provides a discussion of how public input and response will be used; describes how FCGMA encourages the active involvement of diverse social, cultural, and economic elements of the population within the Subbasin; and describes the method FCGMA shall follow to inform the public about progress implementing the public outreach and engagement plan, including the status of projects and actions.

FCGMA has provided ongoing and innovative opportunities for stakeholders to engage in the GSP development process. FCGMA has provided regular updates to interested parties through monthly electronic newsletters highlighting monthly progress on the GSP development, upcoming meetings, and opportunities for engagement. Monthly updates and opportunities for public comment were provided at FCGMA Regular Board Meetings, FCGMA Special Board Meetings, and TAG Meetings. Meeting agendas and minutes, as well as video recordings of all FCGMA Board Meetings and Workshops, were made available on the FCGMA website. Additional technical information about the GSP development was made available on the FCGMA website including the Preliminary Draft GSP, Technical Memoranda, and TAG Meeting Materials. The Preliminary Draft GSP was available online for more than 120 days, including an official 90-day public comment period. FCGMA encouraged active participation from stakeholders through four public workshops (November 15, 2016; September 20, 2017; February 8, 2019; and March 15, 2019), a survey for input on sustainability indicators, and a public call for project ideas for incorporation into the GSP.

2037	$1,599,127	$2,326,730	$79,956	$400,581	$4,406,394
2038	$1,643,903	$2,391,878	$82,195	$411,798	$4,529,773
2039	$1,689,932	$2,458,851	$168,993	$431,778	$4,749,553
2040	$1,737,250	$2,527,699	$86,862	$435,181	$4,786,992
Total[b]	**$28,067,603**	**$40,838,363**	**$3,187,009**	**$7,209,297**	**$79,302,272**

Notes: GSP = Groundwater Sustainability Plan.
Costs are in 2020 dollars.

[a] The 5-year update costs include costs for the Oxnard Subbasin as well as the PVB and LPVB, for which FCGMA is the GSA.

[b] Amounts may not sum precisely due to rounding.

Table 1-3
Groundwater Sustainability Agencies in the Oxnard Subbasin

GSA Name	Total Area of GSA (Acres)	% of GSA area within Oxnard Subbasin	Acres within Oxnard Subbasin	% of Oxnard Subbasin
Fox Canyon Groundwater Management Area	117,280	46.0	53,941	94.1
Camrosa Water District–Oxnard Subbasin	3,880	4.4	171	0.3
Oxnard Subbasin Outlying Areas (Ventura County)	3,236	100	3,236	5.6
		Total	**57,348**	**100**

Notes: GSA = Groundwater Sustainability Agency.

Table 1-4
Summary of Land Ownership in the Oxnard Subbasin

Ownership	Jurisdiction	Description	Acres within Subbasin	% of Total
Private Land				
Private	County of Ventura	Privately owned land under County jurisdiction, largely agriculture and open space.	31,825	55.5%
Private	City of Oxnard	Privately owned land under municipal jurisdiction, largely consisting of urban development.	15,959	27.8%
Private	Port Hueneme	Privately owned land under municipal jurisdiction, largely consisting of urban development.	1,134	2.0%
Private	City of Ventura	South edge of the City consisting of an office park/warehouse/retail/commercial district (water served by Ventura Water Department)	407	0.7%
Private	City of Camarillo	Consists of the western end of the Camarillo Airport and part of a commercial+mobile/pre-fab home subdivision	281	0.5%

Sources: SCAG 2005 (for 1990–2005); VCPD 2015 (for 2015).
Notes: Acres and percentages are rounded to the nearest whole number. The land use data for 2015 is based on the Ventura County General Plan land use map (VCPD 2015), which has a lower geographic resolution and uses fewer land use categories than data provided by SCAG for prior years; therefore, only the total amounts/percentages for the larger land use categories are provided for 2015.
The Naval Base Ventura County is primarily included in the "Commercial and Services" category.

Oxnard Subbasin Existing Water Resources Monitoring Programs

Program	Program Agency	Program Description	Parameter	Multi-Basin Program	Source	Link
Surface Water Monitoring Programs						
Ventura County Precipitation Monitoring	VCWPD	Collection of real-time and historical data from a network of precipitation gauges throughout Ventura County (approximately 22 within the Oxnard Subbasin). Data is available on the Web, along with some statistical reports. Gauge data are available in various time increments, depending on gauge type.	Precipitation	LPVB, PVB, ASRVB, Oxnard Subbasin	VCWPD. 2016. Hydrology Section Website. Accessed September 15, 2016.	http://vcwatershed.net/hydrodata/gmap.php?param=rain
Ventura County Streamflow Monitoring Program	VCWPD, in cooperation with USGS	Approximately 64 stream locations are monitored county wide (approximately 13 active and inactive gauges in the Oxnard Subbasin). Available data include average daily flow, event hydrographs, and peak flows.	Streamflow	LPVB, PVB, ASRVB, Oxnard Subbasin	VCWPD. 2016. Hydrology Section Website. Accessed September 15, 2016.	http://vcwatershed.net/hydrodata/gmap.php?param=rain
Ventura County Stream Gauging Program	USGS, UWCD	Approximately 64 stream locations are monitored county wide. Available data include average daily flow, event hydrographs, and peak flows.	Streamflow	Oxnard Subbasin, PVB	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 31).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
Surface Water Quality Monitoring Program	UWCD	Monitoring of surface water quality at variable intervals. Parameters monitored include general minerals, temperature, and pH. Data are used to confirm that water quality is acceptable for groundwater recharge and agricultural irrigation.	Streamflow	Oxnard Subbasin, PVB	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 31).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
Los Angeles Regional Water Quality Control Board Surface Water Quality Sampling	—	—	—	—	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 32).	—
Existing Groundwater Monitoring Programs						
California Statewide Groundwater Elevation Monitoring (CASGEM)	DWR program implemented by VCWPD	DWR-mandated program (Senate Bill X7-6) to track seasonal and long-term groundwater elevation trends.	Groundwater Elevation	LPVB, PVB, ASRVB, Oxnard Subbasin	DWR. 2016. California Statewide Groundwater Elevation Monitoring (CASGEM) Program. 2016. Accessed September 15, 2016.	http://www.water.ca.gov/groundwater/casgem/
Groundwater Ambient Monitoring and Assessment Program (GAMA)	SWRCB	SWRCB Program implemented in 2000 (modified by Assembly Bill 599 in 2001) to monitor and assess groundwater basins throughout the state.	Groundwater Quality	LPVB, PVB, ASRVB, Oxnard Subbasin	SWRCB. 2016. GAMA – Groundwater Ambient Monitoring and Assessment Program Website. Accessed September 22, 2016.	http://www.swrcb.ca.gov/gama/
Ventura County Groundwater Elevation Monitoring Program	VCWPD	Quarterly measurement of approximately 200 groundwater well elevations (approximately 38 within the Oxnard Subbasin) throughout Ventura County by VCWPD staff.	Groundwater Elevation	Oxnard Subbasin, LPVB, PVB, ASRVB	VCWPD. 2015. 2014 Annual Report of Groundwater Conditions (p. 12.)	http://pwaportal.ventura.org/WPD/docs/Groundwater-Resources/2014%20Annual%20Report-Web.pdf
Ventura County Groundwater Quality Monitoring Program	VCWPD	Approximately 150 wells sampled throughout the County (approximately 46 in the Oxnard Subbasin) and analyzed for general minerals and other constituents.	Groundwater Quality	Oxnard Subbasin, LPVB, PVB, ASRVB	VCWPD. 2015. 2014 Annual Report of Groundwater Conditions (p. 12).	http://pwaportal.ventura.org/WPD/docs/Groundwater-Resources/2014%20Annual%20Report-Web.pdf
UWCD Groundwater Quality Monitoring Program	UWCD	Measurement of groundwater water quality throughout the UWCD boundaries to comply with state standards for aesthetics and safety, monitor saltwater intrusion and saline migration, and track changes to water quality. Approximately 120 wells are sampled in the Oxnard Subbasin.	Groundwater Quality	Oxnard Subbasin, PVB	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 26).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
FCGMA Groundwater Extraction Reporting Program (1985)	FCGMA	Since 1985, FCGMA has collected extraction records from well operators on a semi-annual basis. Requirements include periodic calibration of meters.	Groundwater Extraction	Oxnard Subbasin, LPVB, PVB, ASRVB	FCGMA, UWCD, and CMWD. 2007. 2007 Update to the Fox Canyon Groundwater Management Agency Groundwater Management Plan. May 2007 (p. 17).	http://www.fcgma.org/component/content/article/20-public-documents/plans/95-groundwater-management-plan

Table 1-11
Oxnard Subbasin Existing Water Resources Management Projects, Programs, and Strategies

Program/Project	Program Agency	Program Description	Parameter	Conjunctive Use Program?	Multi-Basin Program	Source	Link
Importation of Metropolitan Water District Water	CMWD	Import and deliver water from wholesaler Metropolitan Water District. Water purchased by water retailers such as the City of Oxnard to supplement water supply instead of pumping groundwater.	Supplemental Water	Yes	Oxnard Subbasin, PVB, LPVB	CMWD. 2015. Urban Water Management Plan – Final, pp. 1-1, 4-1, 4-2 (Figure 4-1), 6-1, 6-13.	http://www.mwdh2o.com/Who%20We%20Are%20%20.2007Fact%20Sheets/Member%20Agency%20Map.pdf http://www.mwdh2o.com/WhoWeAre/Member-Agencies/.2007Pages/default.aspx http://www.mwdh2o.com/WhoWeAre/History/Pages/default.aspx http://www.calleguas.com/images/docs-documents-reports/cmwdfinal2015uwmp.pdf
Salinity Management Pipeline	CMWD	A brine disposal pipeline that collects brine generated by desalting facilities in the LPVB, PVB, and Oxnard Subbasin and conveys it to an ocean outfall for disposal. Future construction of the pipeline is expected to serve additional facilities, including those in the ASRVB.	Surface Water	Yes	Oxnard Subbasin, LPVB, PVB, ASRVB	CMWD. 2015. Urban Water Management Plan – Final, p. 6-1.	http://www.calleguas.com/images/docs-documents-reports/cmwdfinal2015uwmp.pdf
Existing Groundwater Management Projects, Programs, and Strategies							
Basin Management Objective Program	FCGMA	FCGMA has established a set of Basin Management Objectives that pertain to the overall health of the groundwater basins, including water levels and water quality. Each year, FCGMA publishes a report tracking the progress toward meeting the objectives.	Groundwater Conditions	No	Oxnard Subbasin, LPVB, PVB, ASRVB	FCGMA, UWCD, and CMWD. 2007. 2007 Update to the Fox Canyon Groundwater Management Agency Groundwater Management Plan. May 2007 (p. iii).	http://www.fcgma.org/component/content/article/20-public-documents/plans/95-groundwater-management-plan
FCGMA Groundwater Storage (including In-Lieu) Credit Program	FCGMA	This is a program by which credits are issued to the deliverer in equal amounts to the amount of delivered "newly available" water, imported water from outside the County, recycled water, or diverted surface water that would otherwise be wasted to the ocean. Delivered water used in lieu of pumping.	Groundwater	Yes	Oxnard Subbasin, LPVB, PVB, ASRVB	FCGMA. 2015. Fox Canyon Groundwater Management Agency, Calendar Year 2014 Annual Report (p. 23).	http://www.fcgma.org/public-documents/reports
FCGMA Groundwater Injection Credit Program	FCGMA	This is a program by which credits are issued to operators that inject "newly available" water, water from outside the County, or recycled water.	Groundwater	Yes	LPVB, PVB, ASRVB, Oxnard Subbasin	FCGMA. 2015. Fox Canyon Groundwater Management Agency, Calendar Year 2014 Annual Report (p. 23).	http://www.fcgma.org/public-documents/reports
Salinity Management Pipeline	CMWD	A brine disposal pipeline that collects brine generated by desalting facilities in the LPVB, PVB, and Oxnard Subbasin and conveys it to an ocean outfall for disposal. Future construction of the pipeline is expected to serve additional facilities, including those in the ASRVB.	Groundwater	Yes	Oxnard Subbasin, LPVB, PVB, ASRVB	CMWD. 2015. Urban Water Management Plan – Final, p. 6-1.	http://www.calleguas.com/images/docs-documents-reports/cmwdfinal2015uwmp.pdf
Groundwater Supply Policy (Formerly Brackish Groundwater Policy)	FCGMA	The FCGMA Board of Directors adopted Resolution No. 2016-05, a policy for evaluating and authorizing proposals for groundwater supply projects. It allows for consideration of development of brackish groundwater for supply projects subject to monitoring requirements and other constraints and restrictions including compliance with SGMA.	Groundwater	Yes	Oxnard Subbasin, LPVB, PVB, ASRVB	FCGMA. n.d. Draft Brackish Groundwater Project Pumping Policy.	http://www.fcgma.org/images/Erin/Draft%20Brackish%20Groundwater%20Project%20Pumping%20Policy%20revised%2020160720.pdf

Extraction Fee Program	FCGMA	Groundwater extractors are assessed fees per acre-foot of extraction. Fees have been used by FCGMA to finance its management activities since its enabling legislation in 1983.	Groundwater	No	Oxnard Subbasin, LPVB, PVB, ASRVB	Assembly Bill No. 2995, Article 9.	http://www.fcgma.org/fcgma.old/publicdocuments/ordinances/ordinanceAB-2995.pdf
Groundwater Extraction Limitation Program	FCGMA	FCGMA has implemented a program of reduced allocations.	Groundwater	No	Oxnard Subbasin, LPVB, PVB, ASRVB	FCGMA, UWCD, and CMWD. 2007. 2007 Update to the Fox Canyon Groundwater Management Agency Groundwater Management Plan. May 2007 (p. 45).	http://www.fcgma.org/component/content/article/20-public-documents/plans/95-groundwater-management-plan
Extraction Surcharge Program	FCGMA	FCGMA charges a fee to well operators for groundwater extractions in excess of annual allocation amounts	Groundwater	No	Oxnard Subbasin, LPVB, PVB, ASRVB	FCGMA, UWCD, and CMWD. 2007. 2007 Update to the Fox Canyon Groundwater Management Agency Groundwater Management Plan. May 2007 (p. 45).	http://www.fcgma.org/component/content/article/20-public-documents/plans/95-groundwater-management-plan
Prohibition of export of groundwater	FCGMA	FCGMA Ordinance requires Board of Directors approval for the export of groundwater from within the FCGMA boundary for use outside of the boundary	Groundwater	No	Oxnard Subbasin, LPVB, PVB, ASRVB	FCGMA Ordinance Code, Chapter 5, 5.2.2.1.	http://www.fcgma.org/images/ordinances_legislation/Ord_Code_FINAL_-_amended_01-09-2015.pdf
Other Existing Programs							
IRWM Program	WCVC	Initiated with Proposition 50 in 2006, the program provides competitive grant funds for projects and studies in accordance with a comprehensive IRWM Plan.	Groundwater, Surface Water	No	Oxnard Subbasin, LPVB, PVB, ASRVB	Ventura County Watersheds Coalition. 2016. WCVC. Accessed September 15, 2016.	http://www.ventura.org/wcvc/IRWMP/2014IRWMP.htm
Oxnard–Hueneme Pipeline (1954)	UWCD	Pumping of Oxnard Forebay wells to supply water to the Cities of Oxnard and Port Hueneme, thus avoiding coastal pumping and exacerbation of seawater intrusion.	Groundwater Quality	Yes	Oxnard Subbasin	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (pp. 7–8).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
Pumping Trough Pipeline (1986)	UWCD	Supplies agriculture on the Oxnard Subbasin with a combination of surface water diverted from the Santa Clara River and groundwater, thus reducing the need for groundwater pumpage in the central Oxnard Plain pumping depression (1986).	Surface/ Groundwater	Yes	Oxnard Subbasin and PVB	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 5).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
The Freeman Diversion (1991)	UWCD	Diversion of Santa Clara River flood flows to Saticoy, El Rio, and Noble Basins for groundwater recharge and surface deliveries through the PTP and PVP. The Freeman Diversion allows for surface water supply in place of groundwater pumping, thus reducing the risk of seawater intrusion.	—	Yes	Oxnard Subbasin and PVB	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 39).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
The Noble Spreading Grounds (1995)	UWCD	Diversion of Santa Clara River flows to spreading grounds recharging both the UAS and LAS.	—	Yes	—	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 5).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
Saticoy Well Field (2003)	UWCD	Draws from the mound beneath the Saticoy Spreading Grounds and allows for additional Santa Clara River recharge.	—	Yes	—	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 5).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf

Table 1-11
Oxnard Subbasin Existing Water Resources Management Projects, Programs, and Strategies

Program/Project	Program Agency	Program Description	Parameter	Conjunctive Use Program?	Multi-Basin Program	Source	Link
Rose and Ferro Spreading Grounds	UWCD	Diversion of Santa Clara River Water to former mining pits for the recharge of groundwater.	—	Yes	—	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 6).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
El Rio Spreading Grounds	UWCD	Diversion of Santa Clara River flows to spreading grounds recharging both the UAS and LAS.	—	Yes	—	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 5).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
Pleasant Valley Pipeline	UWCD	Water diverted from Santa Clara River is provided to the PVCWD via a pipeline that terminates at the Pleasant Valley Reservoir. This water is supplied to agricultural users and offsets the need for groundwater pumping.	—	Yes	Oxnard Subbasin and PVB	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 8).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
Conejo Creek Diversion (2002)	CWD	PVCWD receives surface water from CWD's Conejo Creek Diversion.	Surface Water	Yes	—	UWCD. 2014. Groundwater and Surface Water Conditions Report – 2013. UWCD Open-File Report 2014-12 (p. 9).	http://www.unitedwater.org/images/stories/reports/GW-Conditions-Reports/2013%20GW%20and%20SW%20Conditions%20Report%20(UWCD%202014)%20FINAL.pdf
FCGMA M&I Allocation Program	FCGMA	The current M&I allocation program, also known as a Temporary Extraction Allocation, was implemented with the passage of Ordinance E in 2014. It was implemented for M&I users, replacing HA and BA.	Groundwater	Yes	Oxnard Subbasin, LPVB, PVB, ASRVB	FCGMA. 2015. Calendar Year 2014 Annual Report (p. 10).	http://www.fcgma.org/public-documents/reports
FCGMA Irrigation Allocation Program	FCGMA	Requirement for agricultural irrigation efficiency as compared to FCGMA calculations for required irrigation for specific crop types with consideration of weather conditions.	Groundwater Extractions	Yes	Oxnard Subbasin, LPVB, PVB, ASRVB	FCGMA. 2015. Calendar Year 2014 Annual Report (p. 10).	http://www.fcgma.org/public-documents/reports
Groundwater Recovery Enhancement and Treatment (GREAT) Program – 2013	City of Oxnard	A desalination facility, recycled water system, ASR facility, and brine disposal line combine to provide non-potable M&I water and agricultural irrigation water, to reduce pumping of LAS groundwater.	Groundwater/ Surface Water	Yes	Oxnard Subbasin and Oxnard Forebay	FCGMA, UWCD, and CMWD. 2007. 2007 Update to the Fox Canyon Groundwater Management Agency Groundwater Management Plan. May 2007 (p. 54).	http://www.fcgma.org/component/content/article/20-public-documents/plans/95-groundwater-management-plan
Various Water Conservation Programs	Ventura County, Cities, and Water Districts	There are numerous conservation programs conducted by Cities, Ventura County, and other entities within FCGMA jurisdiction that provide education, incentives, and regulations to encourage water savings from both the M&I and agricultural sectors. The exact configuration of these programs change with climate and local and state requirements.	Surface Water, Groundwater	No	Oxnard Subbasin, LPVB, PVB, ASRVB	—	—

Notes: AFY = acre-feet per year; ASR = aquifer storage and recovery; ASRVB = Arroyo Santa Rosa Valley Basin; BA = Baseline Allocation; CMWD = Calleguas Municipal Water District; CWD= Camrosa Water District; DWR = California Department of Water Resources; FCGMA = Fox Canyon Groundwater Management Agency; HA = Historical Allocation; IRWM = Integrated Regional Water Management; LPVB = Las Posas Valley Basin; M&I = municipal and industrial; PTP = Pumping Trough Pipeline; PVB = Pleasant Valley Basin; PVCWD= Pleasant Valley County Water District; PVP = Pleasant Valley Pipeline; UWCD = United Water Conservation District; WCVC = Watersheds Coalition of Ventura County.
